

Jury Selection In Giles Trial Begins

Charged With Stealing From Vets Land Fund

AUSTIN (U)—The state's "sink or swim" effort to prove that Bascom Giles used the 100 million dollar Veteran's Land Fund for personal gain started on schedule in 98th District Court today.

Giles, smiling and giving every appearance of confidence, walked into the courtroom amidst the popping of flashbulbs. The former land commissioner, dressed nattily in a light tan suit, greeted his battery of lawyers and other friends.

Both sides promptly announced they were ready for trial and Judge Charles O. Betts began qualifying prospective jurors.

Giles went to trial on a three-count indictment alleging felony theft, acting as an accomplice to theft, and conspiracy to commit theft.

The father of the veteran's land program and B. R. Sheffield, Brady land dealer, are named as co-defendants, but Sheffield will be tried separately.

More than 300 prospective jurors and 100 witnesses have been summoned for the state's first effort to convict Giles on a felony charge in connection with administration of the veteran's land program.

Dist. Atty. Les Procter has said, "This is the case we sink or swim on."

Giles faces numerous felony indictments here and elsewhere in the state on charges brought for acts allegedly committed while acting as chief administrative officer of the Veteran's Land Board.

At San Antonio, he is scheduled to go to trial Aug. 15 on an indictment accusing him of accepting a \$30,000 bribe in a land deal. He is also accused in Zavala County of accepting bribes of \$5,000, \$15,000 and \$25,000.

The first count of the indictment on which Giles goes to trial today charges he and Sheffield acted together on or about Nov. 4, 1954, to steal \$5,800 in state funds.

Procter said the theft allegation is based on alleged fraud through misrepresentations made by the defendants in the use of applications by veterans to buy land under the GI aid program.

The second count charges Giles acted as an accomplice to theft by "advising and encouraging" Sheffield to commit theft, and "aiding and assisting" him. The third count alleges Giles and Sheffield conspired in Sept., 1954, to steal state funds.

Conviction of a felony carries a sentence of two to 10 years.

Giles faces his first trial in the city where he grew up from boyhood and became a prominent civic and church leader and successful business man. He served as state land commissioner 17 years and had been mentioned as a possible candidate for governor.

Giles refused to qualify Jan. 1 after his re-election as land commissioner last November. He stepped out by refusing to take the oath of office, and was succeeded by war hero J. Earl Budder.

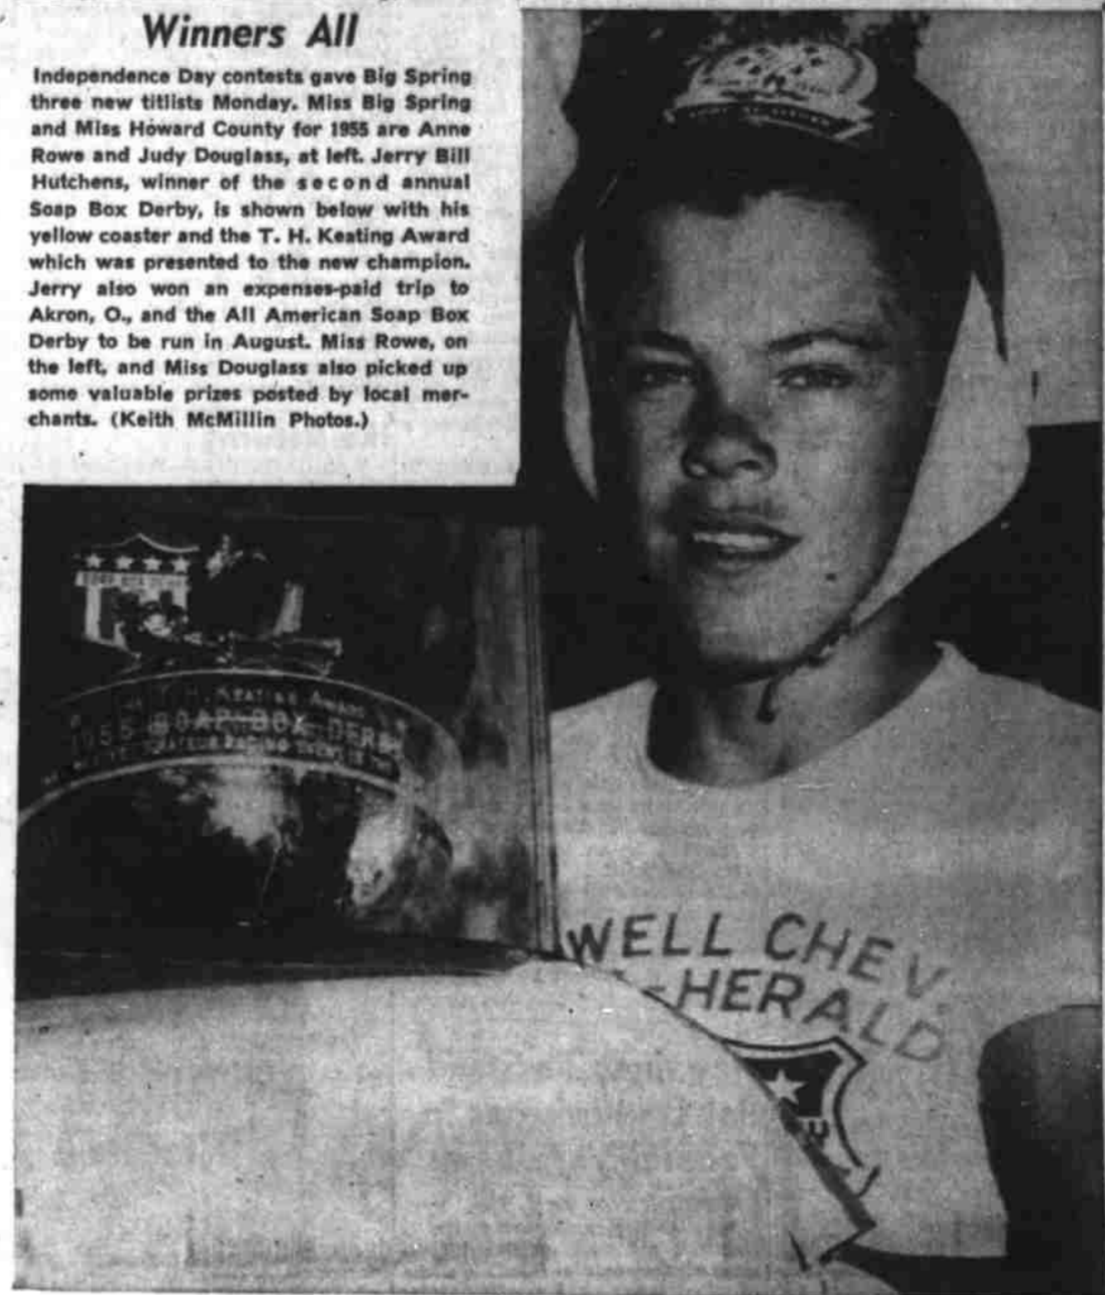

As land commissioner, Giles was also chairman of the Veteran's Land Board that administered a 100-million-dollar state fund to benefit veterans of World War II and the Korean conflict. He was father of the program designed to help them buy small farms on long term, low-interest loans backed by state funds.

Charges were made that in many cases land promoters seeking fast profits from block deals bought the GI rights of veterans for as little as \$25. Some of these veterans showed up before grand juries and other investigating bodies saying they never intended to buy any land and were surprised when they found their names had been used.

Also members of the Veteran's Land Board were the governor and the attorney general. Recently, Gov. Allan Shivers and Atty. Gen. John Ben Shepperd both have told investigators Giles handled the burden of administrative details for the board.

WASHINGTON (U)—Somewhat to everybody's surprise, traffic here flowed a little more smoothly today than on Friday, first day of the transit strike that has left the capital dependent on automobiles and slow leather for five days.

This was the first day since the bus and trolley walkout that a full crew of government workers had to make their way downtown minus their regular public transportation.

Winners All

Independence Day contests gave Big Spring three new titleists Monday. Miss Big Spring and Miss Howard County for 1955 are Anne Rowe and Judy Douglass, at left. Jerry Bill Hutchens, winner of the second annual Soap Box Derby, is shown below with his yellow coaster and the T. H. Keating Award which was presented to the new champion. Jerry also won an expenses-paid trip to Akron, O., and the All American Soap Box Derby to be run in August. Miss Rowe, on the left, and Miss Douglass also picked up some valuable prizes posted by local merchants. (Keith McMillin Photos.)

Misses Rowe, Douglass Win 'Cover Girls' Title

The 1955 "cover girls" for Big Spring and Howard County are Anne Rowe and Judy Douglass. Miss Rowe won the "Miss Big Spring" title and Miss Douglass was selected as "Miss Howard County" at the annual beauty pageant staged at the City Park amphitheatre last night as one of the climaxes to a day-long, drama-packed Fourth of July celebration. Probably 5,000 viewed the beauty pageant in the big amphitheatre, and possibly that many others were in the park area to see the traditional fireworks display which followed.

Earlier in the day, 3,000 or 4,000 had gathered on the slope west of the municipal swimming pool to see the city's second annual Soap Box Derby, won by Jerry Bill Hutchens in a yellow flyer sponsored by Cook Appliance.

The selection of Miss Rowe, daughter of Mr. and Mrs. Clyde Rowe, and Miss Douglass, daughter of Mr. and Mrs. Dale Douglass, ended the quest of make-believe magazine editors Don Anderson, John Lawrence and John S. Davis for a pair of 1955 cover girls.

Robert Angel, an Ipswich, artist in need of inspiration for the "great American painting," helped to set the stage for the beauty judging. However, his "inspiration," which resulted in an abstraction, was provided by Gail Brooks, as the "ugly duckling" who just had to win a beauty contest.

Runner-up for the Miss Big Spring title was Tony Barron, while third place was won by Anna Mae Thorpe.

In the Miss Howard County contest, Sue Garrett placed second and third went to Beverly Meador. Despite a slow start, the pageant was concluded shortly after 9 p.m. with the reading of a patriotic editorial by Robert Morehead as a spotlight picked out the American flag above the stage.

Others featured on the program were Rosalee DeVaney, who open-

ed the show with a sketch of what the spectators were about to see and who "danced on Saturn's shore" and James Underwood sang "Saturn's Shore." Carolyn Duckett, who sang "The Prettiest Girl in Town," and little Lanna Jean Satterwhite, daughter of Mr. and Mrs. Bob Satterwhite, who sang "My Mommy Is The Prettiest Girl In Town."

The contestants — 36 in the Miss Big Spring division and 13 in the Miss Howard County event — were escorted across the stage by AFROTC cadets from Webb, Kendra McGibson, 1954 Miss Big Spring, and Peggy Knight Crooks, Miss Howard County of last year, assisted in the presentation of the winners. Music was provided by the WAFB band.

The fireworks display featured around 150 aerial shots, with several ground displays including the flag, waterfall and pinwheel. Provided by the Chamber of Commerce, the fireworks were set off by Seth Lacy and a team of electricians.

The Business and Professional Women's Club sponsored the

Maine Bleachers Fall, 16 People Are Hurt

SACO, Maine (U)—A carnival bleacher stand, laden with Fourth of July showgoers, collapsed in a muddy field last night. Sixteen persons were injured, two seriously.

MOSTLY CHILDREN

Car-Train Crash Kills 7 People

ALLEN'S GROVE, Wis. (U)—At least seven persons, most of them children, were reported killed this morning when a speeding North Western Road passenger train crashed into a car near here.

There were 11 persons in the automobile, all believed to be in the same family or closely related. Two were women and the others children.

Walworth County authorities said the car apparently was driven by Beatrice Smith of Rt. 1, Darien, accompanied by Mrs. Harriet Smith, 38, of Beloit. All the children were believed to be Mrs. Smith's.

The Chicago-bound 12-car passenger train hit the auto at a grade crossing within 500 feet of Beatrice Smith's home. Bodies were strewn

over a wide area and the car demolished. Officers said the train was traveling about 60 miles an hour.

In addition to the women, these Smith children were said to be in the car: Larry, 13; Betty Lou 12, Elsie, 11; Keith, 8; Jacki, 4; Cheryl, 2; Debbie 1; "Skipper," 3 months, and another whose name was not immediately available.

The group had just left the home of the Smith children's grandparents to travel to a grocery store at Allens Grove. The town is located in Walworth County in southern Wisconsin.

The injured, all described as in critical condition, were taken to Lakeland Hospital at Elkhorn. The dead were removed to a funeral home at Delavan.

Mother's Prayer Plea Gets Results

CHICAGO (U)—A young mother's appeal for prayers for her little daughter, victim of sleeping sickness, has been answered by a flood of letters from around the world.

Two weeks ago Mrs. Joan Hadfield, 24, asked that prayers be offered for her daughter Debbie Ann, who was stricken with encephalitis last Nov. 13.

Mrs. Hadfield said more than 1,000 letters from throughout the nation and from Canada, Mexico and European countries have been received. She said all the writers promised prayers for Debbie, who will be 3 Aug. 5.

Fireworks Hurt Small Girl, Boy

A six-year-old girl and a small boy were injured here on the Fourth of July as a result of firecracker explosions, and a man was hurt in an automobile accident.

Three fires were started on Scenic Mountain by individuals with fireworks, according to the Fire Department report.

Judy Vinson, daughter of Mr. and Mrs. Floyd Vinson, 1414 E. 3rd, was the girl injured. A glass fragment from an exploding bottle hit her on the side of the head about two inches from her eye. The accident occurred about 8:30 p.m. near the rear of the amphitheatre, where the Vinson family and gone for the Beauty Pageant. Police said some youths had placed a firecracker in the bottle.

Judy received treatment at Big Spring Hospital for the wound, which was described as fairly deep.

Duane Thompson of Dallas was the boy injured. He was visiting the family of E. L. Newsom, 2309 Scurry, and received a slight burn when a firecracker exploded near him. He was treated at Cowper Hospital and released.

Julian Doran, 500 N. Nolan, received minor injuries when his vehicle ran off the road at the intersection of Andrews Highway and Lamesa Drive. He was treated at Big Spring Hospital.

Two of the Scenic Mountain fires were on July Fourth and the other on the day before, firemen said. All were grass fires and caused no damage. Yesterday's calls were at 4 and 10 p.m.

Three automobile mishaps were reported in the city limits, officers said, but apparently there were no injuries.

Marion Milton Casey, 409 Johnson, and Marion Clinton Hurst, Spur, were drivers involved in a 4:45 p.m. accident at Stadium and Circle Drive intersection.

At 6:20 p.m. an accident at 17th and Nolan involved drivers James Perry Taylor, 1308 Pickens, and Herbert R. Chase, Webb AFB. The other accident was in the 600 block of North San Antonio about 7 p.m. Drivers involved were Andres Chavez, 204 NE 8th, and Santos Torres, Coahoma.

THE WEATHER

BIG SPRING AND VICINITY: A slightly cloudy and continued warm this afternoon, tonight and Wednesday. Widely scattered thunder showers 1 1/2 showers and 4 to 5 inches later 22, high 86, low 64.

WIND: Light to moderate this date 10 to 15; in 1955, maximum rainfall this date 19 in 1955.

Jerry Bill Hutchens Is New Soap Box Derby King

Jerry Bill Hutchens made his second year of competition pay off here Monday by piloting his coaster to the championship of the second annual Soap Box Derby.

Jerry edged out Johnny Crocker in the championship race after he had topped the A division for older boys and Johnny had edged out those in the B division. It was young Crocker, however, who turned in the fastest time of the day with a 23.9 in beating out Henry Hendricks by inches in one of the very closest finishes.

The new champion is the son of Mr. and Mrs. W. A. Hutchens, 708 N. Scurry. He will be an eighth grade pupil next year. His rater, sponsored by Cook Appliance (who sponsored him last year) weighed in, with rider aboard, at 244 1/2 pounds.

An estimated 4,000 to 5,000 people turned out for the running of the finals, although part of the crowd dwindled in the face of a snarl on eliminations for fifth and sixth places.

The T. H. Keating award went to young Hutchens from Fred Still of the Chevrolet Motors Division in Dallas. Besides the handsome trophy, Jerry will get an expense-paid trip to Akron on Aug. 14 and a chance to cut into the national Soap Box Derby finals.

Henry Hendricks, runner up in the B division, captured third place

while Ronnie Richardson, the A division runner up, was in fourth place. David Woertendyke took fifth and Ronnie Hamby sixth.

At the conclusion of the races, a young Hutchens, who let his car coast out the full extent of its momentum and ended up a quarter of a mile up the road, was hauled back for a round of congratulations. Leroy Tidwell, head of the Tidwell Chevrolet Company,

It Was A Cold Day In July For This Cop

MORRISTOWN, N. J. (U)—Last winter, Chief of Detectives Robert Kleindinst mentioned to a neighbor that he enjoyed snowy weather and would be happy if it snowed on July 4. Yesterday the neighbor, Edward Fordham, gave Kleindinst a Fourth of July surprise—a package of snow he had kept in his deep freeze since winter.

BANK CALL

Deposits Show Slip From Peak

	June 30, 1955	June 30, 1954	Gain
Loans & Discounts	\$ 9,006,595.15	\$ 8,246,034.42	\$760,560.73
Deposits	24,597,768.42	24,275,194.02	322,574.40
Cash	9,222,506.91	8,171,054.33	1,051,452.58
Total Resources	\$26,486,856.03	\$26,045,282.04	\$441,573.99

Deposits held a slight advantage over a year ago but slipped from the spring peak, reports from the two banks here showed Tuesday in response to a call for condition as of close of business on June 30, 1955.

The \$24,597,768 reflected in the report was up by \$22,000 over June a year ago, but in April the deposit figure had been \$27,230,656.

Loans and discounts, aggregating \$9,006,595 were up by three-quarters of a million dollars, or \$760,560.

Cash was practically static in reaching \$9,222,506. This was only \$51,000 more than a year ago.

Total resources aggregated \$26,486,856, which was \$441,574 more than a year ago. In total resources, banks were down about three million from the April 13 peak.

In addition, the First National and State National together showed \$5,424,276.75 in U.S. government bonds and \$1,973,789.87 in county and municipal bonds, or a grand total of \$7,398,066.62 in all bonds.

The cotton producer notes, reflected only at State National, showed \$737,962.02.

By individual banks the picture was as follows:

First National—Loans and discounts (including cotton advances) \$5,930,830.13; deposits \$15,268,808.31; cash \$5,929,802.03; total resources \$16,430,305.70; U.S. government bonds \$3,580,376; county and municipal bonds \$563,296.35.

State National—Loans and discounts \$2,975,755.02; deposits \$2,328,558.31; cash \$2,299,704.88; total resources \$10,052,159.33; U.S. Government bonds \$1,543,900.00; county municipal bonds \$1,380,484.42; cotton producers notes \$737,962.02.

One of the retarding influences upon bank figures, which normally recede at this time of the year, was a generally unfavorable weather and hence farm picture. Another was that this year the income tax payment deadline did not come until the middle of April, where as formerly it came in March.

Lost Child Found Safe

LIBBY, Mont. (U)—Found unharmed in a wooden hollow, 2-year-old Ida Mae Curtis bounded to her father's arms with a cheerful "Hi, Daddy" late yesterday after she was lost for 22 hours in a rugged mountain area south of here.

Fearful his daughter might have been carried from their tent by one of several bears seen in the vicinity, Mortimer Curtis, 36, Curtis' father, broke down and cried upon embracing her.

Khrushchev Wants Agreement At Geneva On 'Honest Basis'

By RICHARD KASISCHKE
MOSCOW (U.S.—Communist Party Secretary Nikita Khrushchev said yesterday that Russia wants an agreement "on an honest basis" at the Geneva summit talks but is strong enough to walk if the West is not prepared to negotiate seriously.

Khrushchev's host at the U.S. Embassy's Fourth of July party, Charge d'Affaires Walter N. Walsley, replied: "I do not think the President of the United States would go to Geneva without serious reasons."

The Communist party chief and other top Russian officials, including Premier Nikolai Bulganin, put in a surprise appearance at the party. No such high-ranking group of Soviet leaders have ever before attended an embassy function.

In a speech he said he wanted to make to the guests, Khrushchev said the Russians are not going to the July 18 conference "with broken legs"—crippled by harvest failures or other breakdowns in the Soviet economy.

"We are going upright like soldiers to meet with worthy partners and that is the only right way," he declared. "If we talk on an equal basis, all parties, and if the talks are honest and sincere, equal to equal, something will come of it."

The party was held in the elm-shaded garden of Spasso House, Ambassador Charles E. Bohlen's residence. In addition to Khrushchev and Bulganin, former Premier Georgi Malenkov, First Deputy Premiers A. I. Mikoyan and Lazar Kaganovich and Defense

Minister George Zhukov were among the Soviet bigwigs on hand. With Bohlen in the United States helping Eisenhower prepare for the Geneva talks, Walsley and Mrs. Bohlen did the honors.

Asserting that people in the West "pay little attention to what we say and prefer to read tea leaves," Khrushchev told Walsley: "They ponder why the Soviet Union has made so many proposals that please the West so much. Of course we made these proposals not for the purpose of pleasing somebody. We made these decisions because they were the right decisions and this is what motivated us."

The Soviet chief added that some people "think that if the Soviet Union makes a contribution there was something that forced it to make that decision and even that the Soviet Union was afraid of some catastrophe if she did not."

Walsley commented that the reason for holding the Geneva conference was the lack of unanimity among the great powers. If such unanimity existed, there would be no need for the conference, he pointed out. "We are delighted to go to Geneva," Khrushchev said, "but if you are not prepared to talk seriously we can wait and hold on."

Noting that some people are saying that one reason behind Russia's desire for agreement with the West is a bad harvest, the Communist chief said: "I want to tell them that we have never had a more solid situation than now. Our agriculture

is in full swing; I don't care whether you like it or not. Our industry is overfulfilling its plans. . . . Our construction is all right although I, myself, made a very critical speech at the conference of builders.

"The solidarity of our party has never been such as it is now, and as for the unity of the people with the party—you send people around the country; you can judge for yourself."

Khrushchev said he liked a statement by Eisenhower at the President's press conference last Wednesday—but "not all of it."

"I must tell the truth: there were right things and wrong things," he said. "I think that in any case what he said was a fresh stream of ozone."

Eisenhower told newsmen last week he was more optimistic than two months ago that the Geneva talks might accomplish something useful. He said it was obvious that a change had taken place of late in the Soviet attitude toward world problems but that no one really knew who was the dominating influence in the Soviet government. Walsley said it was not surprising that Khrushchev should disagree with some of Eisenhower's remarks.

"That is why we are going to Geneva," he said. "If we go with our own ideas of what can be achieved, that is not the monopoly of the United States alone. Every country can bring its own ideas."

Later in the party, Khrushchev left the subject of the Geneva conference to tell Maj. William Fife, of Johnson City, Tenn., that in case of a war he hoped the United States and Russia would be on the same side.

"I want to talk to a military man," he told Fife, who is assistant U.S. air attache. "I know we do not want war and I know that you do not. If there must be a war, let's be on the same side."

At one point in the party, Bulganin proposed a toast to the success of the talks at which he, President Eisenhower, British Prime Minister Eden and French Premier Faure will be the principal figures.

Hennings To Stand Pat On Revisions In Federal Vote Law
WASHINGTON (U.S.—Sen. Hennings (D-Mo) said today he is standing pat on a proposed revision of the federal election laws despite strong—and possibly fatal—Republican and Democratic opposition.

A bill by Hennings to raise the expenditures limits on presidential Senate and House campaigns is on the Senate calendar with approval of a majority of the Rules Committee. It also would require more detailed reporting of campaign spending than at present.

But Democratic leaders have delayed action on the measure in a reported search for a compromise which would make it more palatable to Southern Democrats, who oppose what they term federal interference in primary elections.

Republicans have demanded the bill be amended to prevent labor organizations from contributing to campaign funds.

Hennings said he knows all about these objections but is going to stick by the main features of the bill.

"Of course, I will be glad to consider any amendments that are offered but I am not going to give up on principles," he said.

Because of the opposition within both parties, leaders are proceeding gingerly and with indications that no material changes in the law are likely before the 1956 elections.

Navy Takes 2 Top Air Honors

NEW YORK (U.S.—The 1955 Harmon Aviation Trophies have been won by a Navy blimp commander and the test pilot for the Navy's vertical takeoff plane.

Named yesterday for "outstanding international achievements in aeronautics" were test pilot J. F. Coleman, a Marine Reserve lieutenant colonel, was cited for making more than 60 straight-up takeoffs in the Navy's XF7Y "Pogo" turboprop fighter built by Convair. He was also cited for ultimately making "history's first transitional flight from vertical takeoff to level flight and back down to a vertical tail-sitting landing."

When ready for a takeoff the XF7Y stands on small wheels attached to its tail with its propeller pointed skyward. Coleman made the backing down landing at Brown Field Naval Auxiliary Air Station near San Diego, Calif., last Nov. 2. In his prize-winning blimp flight, Eppes kept a Goodyear Navy airship ZPG2 aloft for more than eight days and cruised more than 3,000 miles in a simulated anti-submarine patrol in May 1954.

This set a new world record for self-sustained, nonrefueling flight by any type of aircraft.

The awards were established in 1926 in honor of the late Clifford B. Harmon, a pioneer flier for whom Harmon, N.Y., is named.

Ike Returns
WASHINGTON (U.S.—President Eisenhower returned to the White House shortly after midnight after spending a 3½-day weekend at Gettysburg, Pa., and in the mountains of Maryland.

Weather Is Hot, Sticky

By The Associated Press

July's hot and sticky weather clung to wide areas of the country today with no immediate relief in sight.

Showers and scattered thunderstorms during the night brought temporary cooling in some sections in the central part of the country. However, the heat wave extended from southern California northeastward through northern Wyoming into northern South Dakota and eastward across Wisconsin and Michigan into southern Maine.

Early morning temperatures were in the 70s from South Dakota to Massachusetts and southward to the Gulf states and Texas. Readings were in the 90s and above 100 in the hot belt yesterday.

Norwegian Pier Fire Controlled

BERGAN, Norway (U.S.—A fire which raged through the Bergen harbor area for nearly four hours was brought under control early today. It leveled half of the early 18th century wooden trading houses on the ancient "German Quay."

Some 40 of the most historic buildings in Norway were reduced to ashes. Damages were estimated at about \$240,000.

One seaman was badly hurt while helping with rescue operations.

Bergen's old waterfront buildings were originally built by Hanseatic traders from north Germany in the 14th and 15th centuries. The area was leveled by fire in 1702, but the trading houses were soon rebuilt on the same pattern.

Senate Takes Up Dixon-Yates Fund

WASHINGTON (U.S.—The Senate takes up today the money bill carrying funds for a power line to the Dixon-Yates project, but much of the fire appeared to be gone from the controversy.

A year ago the issue tied up the Senate in debate for about two weeks, and foes of the contract, a symbol of the public vs. private power fight, had planned a determined fight again this year.

But that was before President Eisenhower last Thursday called for a restudy to determine whether "to continue or to cancel" the Dixon-Yates contract.

Results of that study may be forthcoming today or tomorrow from Budget Director Rowland R. Hughes, who has said "a probable result" will be cancellation of the contract and payment of an undetermined amount to the Dixon-Yates firm.

The new factor which led to the restudy was a decision by the city of Memphis to build its own power plant. Memphis has notified the Tennessee Valley Authority it will not renew its contract for TVA power when the present one expires in June 1958. City officials have expressed belief use of Dixon-Yates power will result in much higher electric bills.

Sen. Humphrey (D-Minn) said in a statement last night the administration study is "apparently confined to a Fourth of July conference on how best to get out of a bad deal."

Many foes of the contract appeared willing to accept the solution proposed by the Senate Appropriations Committee—a proviso

stating that funds for the transmission line could not be spent if Memphis goes ahead within 90 days with a commitment to build its own power plant.

Minority Leader Knowland (R-Calif), who has supported the contract, said in an interview he believes the Senate will approve this clause.

No votes were in prospect today. Besides funds for the TVA and the Atomic Energy Commission, the \$1,377,419,000 bill carries money for numerous rivers and harbors, flood control and reclamation projects.

Before it passed the House, TVA supporters lost in an effort to strike from the bill the 6½ million dollars it carries to link the proposed Dixon-Yates plant to the TVA system. That vote, however, was taken before Eisenhower's order for a reappraisal of the project.

The Dixon-Yates plant, on which work has started at West Memphis, Ark., had been planned largely to fill the needs of the Memphis area through TVA lines.

The plant, for which a 107-million-dollar contract was negotiated by AEC at the President's order, was designed to supply power to TVA to replace TVA current used elsewhere by AEC.

Capitalist Club Invites Communist

MOSCOW (U.S.—New York's ultra-capitalist Twenty One Club has invited an ultra-Communist to drop around for a meal.

A caviar buyer for the swanky 52nd Street eatery, Malcolm Beyer, said he extended the invitation to Soviet Deputy Premier A. I. Mikoyan at the American Embassy's July 4 reception yesterday. The American reported that Mikoyan, who has visited the United States before, replied he'd be around the next time he is in New York. Beyer is the first American caviar buyer to visit Russia since the war.

Editorial

More Strength For The Reserves

There was double satisfaction in the House action of Friday when it passed the administration bill for building up the reserves from the current level of 700,000 to an eventual 2,900,000.

not attached in the form of a rider to the reserves bill. Southern Democrats declared it would virtually wreck the National Guard in the South — and besides the Guard is fundamentally a state service.

The Signs Of Age

The permutations of time and circumstance have wrought a great change in the face of Texas since the turn of the century. Some of the towns and cities have grown beyond recognition, and some of the smaller places have returned to stables or lapsed into a rough spot covered with rusty tin cans, bottles and wind-blown paper.

economically, but not necessarily to the increase of happiness; some for the worse economically, not necessarily to the loss of contentment.

Walter Lippmann

Eisenhower Will Need A Democratic Congress

Until very recently Mr. Eisenhower has acted like a man who, knowing his duty, is determined to grin and bear it. But in the past weeks he has been talking and acting with a kind of ease and good humor which no one can put on if he does not feel them.

most unbroken record of frustration and of domination by the senior Republicans, and particularly the Republican committee chairmen, in the Senate.

Heart Attack Like Letter Of Withdrawal

WASHINGTON (AP)—For a man with presidential ambitions a heart attack is like a letter of withdrawal. A man who has had one may live for years, but not as strenuously, if he wants to continue living.

floor, outside speeches, meeting visitors. A Senate leader's job, such as Johnson's, is an even greater tax on energy and peace of mind. It requires not only responsibility for what the Senate does but riding herd on the whole Senate to get it done.

Hal Boyle

It's Nice To Get Back Home

NEW YORK (AP)—Running back to a home is often a happier thing than running away from it. After the long weekend holiday away from his little white mortgage nest, the family returns.

with strangers and bounce around looking for matches to light cigarettes for that silly blonde.

Evidence

RICHMOND, Va. (AP)—A woman arrested in a charge of public drunkenness was brought into court several hours later. Asked if she was still drunk she replied: "No—certainly not."

Mr. Bregar

"Let's not fight it, darling — it's bigger than both of us!"

'Juvenile Delinquency' Called Misnomer

The activity that most of us shrug off as "juvenile delinquency" is a strange misnomer. In most of its outbreaks I doubt that it should be classified as "juvenile."

to speak out and his every whim gratified. This "liberal" policy neglects certain tendencies in children that should be inhibited and because they are not, we have the problem of youthful gangsters. Character can be molded in children with careful supervision and guidance. Destructive habits can be smoothed out while the child is young. But not with pampering.

David Lawrence

Burdett Performed A Service To His Country

WASHINGTON — Winston Burdett — former Communist but now a true American — has performed a great service to the crusade against Communism. He has put to shame the hundreds who, rather than aid their country, have pleaded the Fifth Amendment as they refused to tell their countrymen the truth about Communist infiltration in America.

"I felt it was my duty to do so," he testified. "I want to do what is right." These are "not private matters alone," added Burdett, "for they affect one's status as a citizen."

Hollywood Review

Talent Situation At Critical Stage

HOLLYWOOD (AP) — The star talent situation has reached the critical stage in Hollywood.

little theaters around Hollywood, some from television some merely come to the studio themselves. The majority are brought by agents, and that's how the studio prefers to deal.

None Sideways?

LONDON (AP)—A British airline asked 300 passengers in a questionnaire: "Are you in favor of backward or forward facing seats?" Nearly half replied: "Yes."

Net Profit

Easy to make gay summer blouse and skirt of pink fishnet is over deeper pink cotton. The table cloth is also made of fishnet over cotton.

Romance May Be Trapped With Fishnet Fashions

By DOROTHY ROE

If you're angling for a new summer romance, dress the part in crisp fishnet separates. Summer's smartest charmers love the peek-a-boo look of wide-mesh cotton net underlined with solid color cotton.

One effective combination is a simple scoop-neck blouse and circle skirt of carnation pink net used over deeper pink cotton for a wonderful textured effect.

HELP FOR TEEN-AGERS

Need More Glamor? Here's Your Guide

Adah Broadbent teaches a course every girl would like to take. The only dates studied are bids for the junior prom — and Miss Broadbent's students get plenty for they've been learning charm all year.

Here are a few of the teen-wise tips in the book (some may surprise you): Color is a camouflage, so disguise excess curves with grayed blues and misty greens, one color from hemline to hat.

Accessories are the tricks that point up your best (and worst) features. Make them budget-low and ingenuity-high. Pin a flower

or a bright clip on an inexpensive cosmetic bag, and you have an "exclusive" evening purse.

Clean, well-rinsed hair is the first rule of grooming. If you don't have a shower or faucet spray, try rinsing with an ordinary sprinkling can.

Always late to school? Borrow a trick from firemen and lay out your clothes the night before from left to right in the order in which you will put them on.

Graceful carriage is your greatest asset. Did you know swimming on your back is the best way to improve posture?

Beautify your face and lift your spirits on a rainy day by carrying a red umbrella — a rosy shade is definitely flattering. And be sure and carry a waterproof plastic handbag.

Your voice is a guide to your character, so don't let it whine, mumble or drone. Slating from low to high register will cure a monotonous voice, yawning will relax the throat of a nervous speaker.

COMING EVENTS

TUESDAY LADIES GOLF DAY begins at 9 a.m. at the Country Club with the Putting Tournament at 1:30 p.m. MAIN ST. LADIES BIBLE CLASSES. CHURCH OF CHRIST will meet at 10 a.m. at the church.

Swim Suit Glamor

Here is a strapless white flower-sprigged swim suit that goes well in water or out.

For Knives Take Advice From Barbers

By EDWARD S. KITCH

CHICAGO—Keeping a kitchen knife sharp is one of the homemaker's toughest problems. So says Purley A. Crandell, an authority on the subject of knives and how to keep 'em sharp.

This may account for the fact that knife-sharpening is considered a task only for the professional. The best methods, says Crandell, is the old-fashioned whetting operation, despite all the knife sharpening gadgets yet devised.

Spanish Hospitality Socialites never know what to expect when they go to parties at the Spanish Embassy, where Ambassador Arelliza and his handsome wife entertain often and lavishly.

Has Birthday Party Mrs. James Archer honored her daughter, Barbara, Saturday afternoon on her second birthday. Balloons were given as favors, and the birthday cake was served with ice cream.

Choose A Swim Suit To Pay Off In Charm

By VIVIAN BROWN

If last year's bathing suit doesn't flatter you, invest in one that enhances your figure.

It might be late to begin a diet that will put you back in glamor proportions. But you can still find a suit that will camouflage extra pounds.

Milo Anderson, bathing suit designer, advises sitting down in the bathing suit you intend to buy to test the fit across the hips. If it follows your body contour comfortably, and other factors are to your liking, it is a good bet.

"Most girls make the mistake of buying a bathing suit too small," he says. "The psychology behind the investment apparently is that they think cramming into a smaller suit will make them look smaller."

The reverse is true, he says. A suit that is a little larger usually makes the wearer look smaller than she is.

A bathing suit should play up attractive features. Strapless suits are ideal for the girl with attractive shoulders and bosom. The flat-chested girl, unless her bathing

suit has a built-in bosom, would be better off with a high neckline. Skinny types do well in suits that have full skirts rather than hip-buggers.

Beautiful colors may be treacherous. Pastels, flattering to well-built girls, may make rounded types look like butterballs. Darker shades usually are better for plump types, although white sometimes can be especially flattering.

A good suntan is an aid to the plump figure, giving a more slender appearance to the body.

If you have gained weight and feel self-conscious in your swim suit, perhaps you'll need to take up other sports this summer rather than develop a complex about your appearance.

One model has a solution to this problem. Whenever she gains a few pounds and feels a little awkward, she makes dates for sailing, hiking, tennis, golf or another sport that permits her to wear attractive Bermuda length shorts or slacks and colorful shirts.

She finds this technique a real morale booster while she is trying to lose weight.

Children Need More Salt In Hot Weather Season

By DOROTHY V. WHIPPLE, M.D.

It's not the heat, it's the humidity.

How many times every summer we hear this old grip. Of course it's true, too. It is the humidity that makes hot weather so uncomfortable.

The children are hot and cranky, mother is damp and irritable, and Dad comes home wilted down and exhausted.

In hot weather we all perspire. The hotter the weather the more sweat pours out on our skin. The sweat evaporates and the process of evaporation cools the body.

If the climate is hot and dry (that is, the humidity is low) the sweat evaporates quickly — so quickly that you may not even feel damp. However, when the humidity is high the air is already so full of moisture that the sweat evaporates slowly.

The hotter it is, the more you sweat. The sweating means you are losing water through your skin.

Soil Stain Tip Spots on trouser legs and long skirts should be tackled once by brushing off loose soil, then gently spotting the stain with soap and water. Do not press the spotted garment as the heat of the iron will make the stain permanent.

Sun Tan Set

By CAROL CURTIS

Make the entire set in an afternoon—cut, sew and embroider this cool shorts and midriff topper in cotton, shantung or a vivid gingham. Midriff and waistband are elastic for greater comfort; big butterfly is appliqued in contrasting color, flowers are embroidered. Please state size needed: 12, 14 or 16.

Send 25 cents for PATTERN No. 379, YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS, Big Spring Herald, Box 229, Madison Square Station, New York 10, N.Y.

The NEEDLEWORK GUIDE, 39 pages, 150 designs for knitting, crochet, embroidery, hairpin lace, dozens of beautiful color transfers. Order as you do needlework patterns. Only 25 cents.

Officers' Wives To Hear Book Review

The Officers' Wives' Club will meet Thursday afternoon in Ellis Hall for a business meeting at 1:30. After the business session, a book review, "Ambassador's Wife," by Elizabetha Cerruti, will be given by Mrs. B. L. LeFever. Hostesses for the afternoon will be women from Blocks Five and Seven.

Stassen Sees No Increase In Trade With Red Nations

WASHINGTON (AP) — Harold E. Stassen says it appears unlikely that 1955 will see a further increase in Western trade in non-strategic goods with the Communist bloc, up 24 per cent last year.

Stassen said in a report to Congress that Moscow is using commerce with the West as a "vehicle of an often aggressive total foreign policy," and he continued:

"Though these overtures of the Soviet bloc present a continuing challenge, they have failed to divide free nations which are cooperating in the flow of strategic materials.

"These nations, while willing to trade in peaceful wares, not only refused to ship strategic materials but have strengthened their control over war potential items."

Stassen's report, on trade controls during the last six months of 1954, was submitted in his recently relinquished post as foreign aid director. It was made public last night.

He said "prospects are not bright" for a further increase in nonstrategic West-East trade this year, and that there is a chance the level may decline somewhat.

He reported that Western trade with Communist China declined somewhat last year, although there was "a marked increase" in Chinese trade with Japan.

Japanese exports to Red China were said to have jumped from 4 1/2 million dollars in 1953 to about 19 million last year. That compared with total Western shipments to China last year of about 285 million dollars, mostly in the form of fertilizers, textiles and medicine.

Stassen attributed to agricultural difficulties in Russia increased purchases by Moscow of meat and other foodstuffs from the West. Giving the gain as 7 per cent, he said the increased meat "went on the table of the privileged few," and added:

"The Soviet consumer is just pretty much where he was before—with lots of propaganda and not very much to eat or wear."

New Commander

Charles Godwin, 37-year-old insurance man, is new commander of the Colorado City American Legion post. Godwin is a former president of the Jaycees, a past master of the Masonic Lodge, and a member of the Board of Stewards of the First Methodist Church. He is a veteran of 24 months overseas during World War Two.

Husband Tells Of Kidnaping

SANTA MONICA, Calif. (AP) — A husband told police early today that two swarthy men slugged him and kidnaped his 21-year-old wife in the family car parked a half block from his home.

Police began a search for Mrs. Joni Mary Wilson.

Lt. Ed Hicks said her husband John, a baker, related this sequence of events:

He and his wife, after watching fireworks at nearby Ocean Park, stopped the car en route home and Wilson went to a nearby liquor store to buy cigarettes.

When he returned one man was in the car beside his wife, another standing outside the car. Wilson said he ordered the man out of the car, only to be hit by the other man.

They then drove away with his wife.

Wins Fight

ROME (AP) — Left-of-center Christian Democrat Antonio Segni appeared today to have won his fight to rebuild the four-party center coalition with which Mario Scelba governed Italy for 16 months.

Theft Victim

NEW YORK (AP) — Furs and pearls valued at \$32,400 were reported stolen last night from the penthouse apartment of cafe singer Eartha Kitt.

Drive the car that gives you MORE of everything... Take

CHRYSLER'S "100-Million-Dollar Ride!"

All this, and more, is yours in a Chrysler!

World-famous FirePower V-8 engine, the most powerful type V-8 on the road today—up to 300 hp! Airplane-type design provides unequalled safety reserve power.

PowerFite Fully-automatic Drive, the smoothest and most automatic 20-clutch transmission in any car! New dash panel shift lever—an important milestone in convenient car control!

Exclusive Full-time Power Steering, the only power steering that works all the time without effort. You can turn and park with just a single finger on the wheel, and still maintain a constant, secure "feel of the road."

Extra-large, extra-safe Power Brakes bring you to swift, sure stops with much less effort. A double-width foot pedal enables you to brake easily and safely with either foot.

Double-strength Griffon shock absorbers provide twice the cushioning power of ordinary kinds, giving you smooth, comfortable rides over even the roughest roads!

Super-Scenic wraparound windshield is wrapped around both top and bottom, giving you greater vision, greater safety. Sweep-back design enhances car's look of forward motion.

Here is the car that literally does everything for you—and does it so easily!

Chrysler's Full-time Power Steering is the only power steering that gives you a full-time feel of the road. Chrysler's airplane-type V-8 engine (up to 300 horsepower!) are the only ones that give you a new measure of safety reserve power. Chrysler's brand-new PowerFite Transmission is the only fully-automatic drive with handy dash panel control and "smooth flowing" surge of power.

There's plenty more that will amaze you when you slip behind the wheel of a new Chrysler. See or phone your Chrysler Dealer today for an unforgettable demonstration!

GOOD DRIVERS DRIVE SAFELY.

 19. In attempting to stop a goal, a goalie may quite possibly
 20. A pair of horses, perhaps.
 21. Certain trees.

COMPLETE THE BLANK — GET ENTRY TO HERALD BY 8 A.M. THURSDAY

READ THESE RULES

(1) Contest open to all bona fide residents (including military families residing therein) of Borden, Dawson, Glasscock, Howard, Martin and Mitchell Counties, Texas, and only to residents of these counties. Employees of the Big Spring Herald and members of their families are not eligible.

(2) Entries must be made in unsworn puzzle form. They can be on the blank printed here for your convenience, or on a facsimile. However, machine duplicated puzzles will not be accepted. Facsimiles must be of your own handwork, and must be same size of puzzle printed here.

(3) Each individual is limited to TEN (10) entries. All members of a family may submit up to 10 entries each.

(4) A cash prize of \$150 will be paid for the correct solution. \$25 more than correct solution is received, the prize will be divided equally among the winners. If no correct solution is received, the base prize will be increased by \$25 each week until there is a winner. In addition, the Herald will pay an additional award of \$50 if the winner is a regular subscriber to the Big Spring Herald, either by home delivery or through the mail. Another \$25 will be paid the winner whose mail entry is submitted by postcard and not by envelope.

(5) IMPORTANT: There is only ONE correct solution and only a correct solution can win. There is only one answer that is the decision of the judges in the BEST WORD SLITTING contest of each clue. The decisions of the judges shall be final and all contestants taking part agree to accept these decisions as a condition of entry.

(6) After you have completed the puzzle, clip it evenly and mail or deliver to the Big Spring Herald—no to any participating merchant who offers a bonus to winners. Mail entries MUST BE POSTMARKED BY MIDNIGHT WEDNESDAY, JULY 6, or delivered outside BEST SPRING, TEXAS HERALD OFFICE BY 8:00 A.M. THURSDAY, JULY 7. Any entries received after these deadlines will be declared ineligible.

(7) Winners and the correct solution will be announced in The Herald Friday, July 8.

Turncoat Reception To Be Cold, Correct

HONG KONG (U.S.)—U.S. officials are arranging a coldly correct reception for three American turncoat prisoners of war due to cross into Hong Kong Saturday from Red China.

The Communist Chinese Red Cross informed the Indian Red Cross in New Delhi yesterday of the July 9 arrival date for the three Korean War veterans who stayed with the Communists after the 1953 armistice, then recently changed their minds.

The men are Lewis W. Griggs, of Jacksonville, Tex.; Otho Bell, of Olympia, Wash.; and William A. Cowart, of Dalton, Ga. Cowart originally asked to be sent to Japan but recent reports from Peiping have said he now prefers returning to the United States.

The U.S. Defense and Justice departments so far have not said what action would be taken against the men. The departments' last word, in a joint statement last month, was that any American prisoner electing to stay in Red China would be held account-

able "for any wrongful act he may have committed."

The Indian Red Cross asked the British Red Cross to meet the trio when they reached the border by train from Canton.

The State Department already has announced they will receive passports valid only for return to the United States. A department spokesman in Washington said yesterday their transportation would be arranged for them if they have no money, but like any other stranded Americans they will have to sign notes for funds advanced to them.

The Indian Red Cross announcement made no mention of the two Belgian POWs, Roger Devriendt and Louis Verdyk, who also are slated to leave Red China. Last Friday Peiping radio reported that all five turncoats had gotten drunk in the Red Chinese capital, disturbed the peace, reviled police and manhandled other persons. The broadcast said Bell and Verdyk were arrested.

Griggs, Bell and Cowart were among 23 American POWs who chose to stay with the Communists. Two later came home and are now serving prison terms.

Peiping announced recently that another of the men had died.

Bell's wife said at her home in Olympia, Wash., yesterday that her biggest concern is: "Will he be tried by a military or a civilian court." She said she believed her husband would receive more equitable treatment from a civilian court.

At her home in Jacksonville, Tex., Griggs' mother said yesterday: "I trust in the Lord that justice will be done in my son's case."

Prelates May Return Home

VATICAN CITY (U.S.)—The Vatican secretary of state office said today that two Argentine prelates recently expelled by the Argentine government have "evidently really obtained permission to return home."

A spokesman said that no permission, however, had been received through the Vatican. Nor was there any immediate confirmation from President Juan Peron's government in Buenos Aires.

The prelates are Bishop Manuel Tato, whose expulsion on June 15 was quickly followed by Vatican excommunication of Peron and all others responsible, and his assistant, Mgr. Ramon Novoa.

They sailed yesterday from Genoa for the International Eucharistic Congress at Rio de Janeiro, Brazil, July 17-24.

Just before sailing, Bishop Tato told the Genoa correspondent of Rome's Il Quotidiano, official organ of Italian Catholic Action: "We are going to the Brazil eucharistic congress and then are sure to continue on to Buenos Aires."

Asked to confirm directly the report that he and his companion had been given permission to return to Buenos Aires, Bishop Tato said that he "could not reply to that for reasons of comprehensible reserve."

The Vatican spokesman said that "evidently they really have obtained permission to return home after the congress. The communication, however, was not given to the Vatican but personally to the two prelates, inasmuch as they were the interested parties."

Cops Kick Doors In Fire Rescues

JOLIET, Ill. (U.S.)—Two policemen kicked in the doors of 11 apartments early today to save 33 persons from flames which virtually destroyed five business buildings in the Joliet business area.

The warnings by policemen Anthony James and Gordon Tatro were credited by fellow policemen with enabling all occupants of second and third-floor apartments to escape unharmed. Several of them were children.

The flames wiped out two liquor stores, two furniture stores and a laundry. Owners' estimated the losses will exceed \$300,000.

'Don Camillo' Creator Freed

PARMA, Italy (U.S.)—The creator of Don Camillo, writer Giovanni Guareschi, is out of jail after serving 13 months and 10 days for things he wrote about the late Premier Alcide de Gasperi and former President Luigi Einaudi.

The author, whose stories of the Catholic priest and Communist mayor have become best sellers in Europe and America, was given conditional freedom yesterday. Almost seven months of his 20-month sentence were remitted for good behavior, but he must report daily to the police until the full term is up.

He had been sentenced to 12 months for attributing to De Gasperi a letter in his satirical weekly Candido in which the Premier purportedly suggested to the wartime Allied command that it bomb Rome. De Gasperi denied the letter.

Conviction on that count brought into effect a previous suspended sentence of eight months given the writer for articles vilifying Einaudi.

Probe Slated Into Holiday Bridge Mishap

CHEROKEE, N.C. (U.S.)—Dist. Solicitor Thad D. Bryson Jr., of Bryson City, planned to confer here today with law enforcement and Indian reservation officials in the collapse of a swinging bridge Sunday.

Fifty persons were plunged into the Oconalufee River and two women were killed after the structure drew loose from its moorings. Bryson said he is making the "investigation to determine if there was any possibility of criminal negligence" and that he expects to call the State Bureau of Investigation into the case.

Walker Arrives To Take Post

TAIPEI, Formosa (U.S.)—Brig. Gen. Edwin Walker arrived yesterday to assume the dual post of deputy commander of the U.S. Military Assistance Advisory Group and chief of its Army section.

The posts were formerly held by Maj. Gen. George Smythe. Smythe last week succeeded Maj. Gen. William C. Chase as head of MAAG.

Lauhon Gets No Sympathy From Japanese 'Wife'

FUKUOKA, Japan (U.S.)—Ellis Eulid Lauhon Jr., a U.S. airman held in Galveston, Tex., on a triple murder charge, will get no sympathy from the 17-year-old girl he named as his Japanese wife.

Taeko Suzuki, located here, denied today she had ever married him and quickly added: "I never want to see him again. I am now engaged to another man."

Lauhon was picked up at Nogales, Mexico, Friday, attempting to sell the car of Mrs. Ruby McPherson, 42, Mrs. McPherson, her mother and 13-year-old son were found dead in their Dickinson, Tex. home.

Lauhon said he was trying to sail back to Taeko—for whom he professed great love—through a Mexican port.

"Three months after he got back home he wrote me he had decided to marry an American girl," Taeko told reporters.

"He spoke good Japanese and called himself Kuzuo Sakurai, a typical Japanese name," she said. "He didn't smoke or drink... and wasn't a bad man, but he often made me angry."

"I knew Lauhon about a year and we talked about marriage, but that is all."

Holiday Traffic Toll Soars To New High

By The Associated Press

Traffic deaths in the United States over the Fourth of July weekend soared to a record high for the holiday.

The over-all accidental death toll also was the heaviest in years for the Independence Day period.

Traffic accidents from 6 p.m. Friday to midnight Monday killed at least 352 persons. That was more than the number estimated by the National Safety Council, and compared to the previous record of 306 in a three-day Fourth of July period in 1952.

In the 78-hour period, 233 persons drowned and 133 others lost their lives in miscellaneous accidents. The over-all total of 748 was a record for a three-day Fourth of July holiday and compared with the record of 793 for a four-day Fourth of July period in 1950. The traffic toll in 1950 was an all-time high of 491.

Every state and the District of Columbia reported at least one accidental death. This year's toll in all types of accidents was far ahead of last year's three-day holiday period when there were 348 traffic deaths, 192 drownings, 79 deaths in miscellaneous mishaps and 4 deaths by fireworks.

Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne*)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name *Preparation E*. At your drugist. Money back guarantee.

*U.S. Pat. Off.

Nationalist Planes Set 3 Armed Junks Afire

TAIPEI, Formosa (U.S.)—Nationalist Chinese patrol planes bombed and strafed Communist craft in Loyuan Bay, 15 miles northwest of the Matsien Island group early today and set three small armed junks afire, Nationalist air force headquarters reported.

The report said the Nationalist planes encountered antiaircraft fire, but all returned safely.

Fag End Of Double Play

Jim Zapp of Big Spring accepts a throw across the end field to wind up a double play against Odessa here Sunday afternoon. The frustrated runner is Fred Harris, Eagle second sacker. The play occurred in the sixth inning. Big Spring won the game, 6-2.

Bobbies Terminate Stand With 2 Games

Big Spring bids for sixth place in Longhorn League standings in a double header with the Odessa Eagles here this evening. The first of two seven-inning engagements begins at 7 o'clock. After tonight, the Cops hit the road for five games. They will be here only two nights in the next 14, after tonight. Big Mike Rainey will take the mound in one of the contests for the Cops this evening. The other Big Spring hurler is apt to be Lefty Jim Barr, who has been used principally in relief roles to date. Rainey was brilliant in his last start, at which time he cooled off Roswell, 10-7, in a relief chore. Big Mike's record is now 7-8. He has come along fast after a slow start. Barr owns a 2-2 won-lost mark. He has distinguished himself as a pinch hitter and a part-time infielder-outfielder with the Cops. Manager Pepper Martin thought at one time of converting him into a first baseman. Odessa will probably counter with the veteran Mike Gazella in the first game and John Landsen in the afterpiece. Gazella's won-lost record is 4-5 while Landsen beat

LOOKING 'EM OVER

With Tommy Hart

Sports dialogue:
STUBBY GREER, Roswell baseball manager:
"I could have had Jodie Phipps (the pitcher who signed with San Angelo) by paying him a bonus and guaranteeing him \$700 a month but we can't afford that kind of money. He was a free agent, you know."
RED SAUNDERS, UCLA football coach:
"I think we ought to have more spring practice. I mean that the individual player should have 20 days that a player could make up what is lost by injury. Had our conference decided to eliminate spring practice the Pacific Coast teams would have been in a bad way against Big Ten and Southwest Conference and other top eleven teams that have spring drills."
GUS LESNEVICH, former Lighthouseweight boxing champion of the world:
"Archie Moore is one of the best punchers I've seen for his weight. He punches straight and short. There are no long, swinging attempts to land on an opponent like you see when Rocky Marciano fights. When Moore finishes with a punch, even when he misses with it, his gloves and his elbows are in such a position that he is protecting himself. Rocky frequently hits his opponents with his elbows when he misses. And also he is in no position to block a return blow."
ARTIE DICESARE, Big Spring Cosden Cop hurler:
"You never know, I felt just as bad before the game I struck out 12 batters as I did when I got belted out of there by Roswell after fanning only three."
BOB SWEIKERT, winner of this year's 500-mile Indianapolis auto race:
"Speed isn't what exhilarates me, it's acceleration. In the long races where you go at a steady pace for so long, you don't have that sense of speed. Where you can put your foot down and the front end lifts off the road and the surge of speed pins you back in your seat—that's the thrill. You don't need daring in the Indianapolis race. The idea is to finish. Out-brave the others and you wind up in the wall."
GEORGE THOMAS, the Longhorn League umpire:
"I use the inside chest protector because you can get down and see the low pitches better and it allows you greater freedom of movement."
JACKIE BURKE, analyzing Jack Fleck's victory in the US Open:
"I think a hot driver had most to do with Jack winning. On that course, the driver was the most important club in the bag. If a man could hit 14 out of 16 fairways, he could score well. Fleck did the best job of staying out of the rough on his tee shots. The rough was so tough that it was an automatic bogey whenever you missed the fairway with your tee shot. About 40 yards was the most you hoped for when you tried to shoot out of the rough and that still left you a long iron from the green on most four-par holes."
BIRDIE TIBBETTS, Cincinnati manager:
"The Giants have lost their ouija board. Everything they did last year was right. This year, their hole cards are not turning up aces."
BOB RICHARDS, the pole vaulter:
"It's strange but vaulters aren't like sprinters who seem to reach their peak early in life and fade out. Vaulters get better as they grow older. Earle Meadows set his best record when he was 38. I think I can make 15-9 and 16 isn't out of the question. Some day someone will come along who can run faster than I can with stronger arms than I have and they'll do 16-5. I try to compensate for my lack of height by speed and strength of arms. I walk on my hands, do pushups and chin. I train all the time."

High Gun And Helioscope Try Comeback Saturday

NEW YORK (AP)—High Gun and Helioscope, beaten by Bobby Brocato in an upset in yesterday's Carter Handicap, are expected to come back in the \$30,000 Brooklyn Handicap Saturday at Aqueduct and try to redeem their reputations. Bobby Brocato, owned by Joe W. Brown of New Orleans, was steered clear of trouble in the \$81,100 Carter—world's richest sprint stakes—and outlegged Al-fred Vanderbilt's Social Outcast to the wire by a length. It was the old story of weight that finally breaks a camp's back, as the King Ranch's High Gun and William Heitz Jr.'s Helioscope failed to make a serious bid. Both carried top weight of 133 pounds in the Mustang dash. And neither threatened. High Gun finished sixth, Helioscope 10th. Weights for the Brooklyn, one of the nation's great handicaps at a mile and one quarter, were delayed by Frank E. (Jimmy) Kol-rue, racing secretary, so he could consider the outcome of the Sussex Handicap at Delaware Park. The Sussex, also at a mile and a quarter, was won by the Green-tree Stable's Maharajah, who is eligible for the Brooklyn. Second at Delaware was screen star Jane Greer's Lychnus, another with design on the Brooklyn. The Giants did not lose both games of a double header during the entire 1954 season. In their first twin bill of 1955, however, they lost both contests to the Phil-lies.

Baca Registers Win As Bobbies Defeat Odessa

The Odessa Eagles felt the hot breath of the Big Spring Cosden Cops on their necks after losing their second straight game to the provincials here, Monday afternoon, 11-3. Aga Baca combined his talents with those of Big Spring's power hitters to see to it that Odessa didn't get its foot in the door. Baca, making a rare starting appearance, gave up but seven hits and not an earned run to the War Birds. Jim Zapp, Bob Martin and Tom Costello solved Odessa hurling for home runs in the one-sided struggle. Zapp clubbed his 23rd of the season for the Cops' first run of the game, a blow that arrived in the second inning. Costello got his 14th in the fourth with two mates up front while Martin drove out his ninth with Luis Caballero ahead of him in the eighth. Baca pitched hitless ball until the fourth and had a shutout going into the eighth, when the Eagles combined five hits with a brace of Cop misplays for all their tallies. Wildness on the part of Dick Strombach, the Odessans' starting hurler, made the job easier for Baca and the Cops. Strombach walked eight before he exited in the fourth in favor of Audie Malone. Zapp and Caballero paced the ten-hit Big Spring attack. Zapp had two singles to go along with his four-master. Cabby came up with two singles, walked once and pilfered a base.

ROUNDING THE SACKS—The win was the 13th in the last 17 games for Big Spring. . . . The Cops now trail Odessa by a mere half game and are only three lengths out of fifth place and 5 1/2 of the first division. . . . Their current winning streak now stands at four games. . . . There was no doubt about Zapp's home run. . . . It was up around the lights in left field. . . . Martin had been hitting for the fences all day. . . . One of his earlier pokes went over but curved foul. . . . Luis Caballero knocked an Odessa uprising in the head in the fifth when he accepted Tony York's ground ball and turned it into a double play. . . . Costello's home run in the fourth soared over the left center field fence and scored Nick Cappell and Bob Martin ahead of him.

Ancient Links Take Beating

ST. ANDREWS, Scotland (AP)—The harrowing reputation of this ancient cradle of golf was at stake today in the British Open. Is it really a fire-breathing monster or have golfers down through the years let superstition get the better of them? They walk in awe on the 6,996-yard, par-72 Old Course and are only slightly less respectful of the 6,526-yard, par-71 New Course. But yesterday in the first 18-hole qualifying round for the Open, Continentals and the one Australian in the tournament—defending champion Peter Thomson—blasted their way around the two layouts as though they were bush league courses. Out of a field of 270, 19 players broke 70 and little-known Frank Jowle, a 43-year-old Yorkshireman, ran up an amazing 63 on the New Course.

Williams Glad He Returned

By JOE REICHLER
NEW YORK (AP)—Ted Williams, still baseball's best hitter although approaching 37, is glad he changed his mind about retiring. The lanky Boston Red Sox slugger, just recovered from an inflammation of a muscle in his back (in the old days they called it lumbago) that sidelined him for 10 days, is so pleased with his hitting, he now says he will play as long as he believes he can help the club. "My back is still a little sore," he said before yesterday's double-header against the New York Yankees, "and my legs hurt a bit when I try to run real hard. Outside of that, I feel wonderful for an old man, better than I have in years."

Three players in the Fourth of July golf tournament at the Big Spring Country Club take a brief respite before continuing play in the above picture. They are, left to right, Libby Saunders, Mintie DeWeese and Elsa Turner.

Boston Red Sox Playing Like First Place Club

By ED WILKS
The Associated Press
What in the world are the Boston Red Sox doing in fifth place? The way those guys look they ought to be away out front in the American League race. They showed just about everything a manager could want—power hitting and great pitching—while whacking the league-leading New York Yankees in a double-header yesterday 4-2 and 10-5. Ted Williams pounded a double and a towering home run in the opener. He walked as a pinch hitter in the nightcap. But it wasn't all Williams. Willard Nixon made his record 7-2 over the New Yorkers, knocking home two runs with a single before retiring from the mound in the first game because of the 96-degree heat after five innings. Ike Delock took it from there. A grand slammer by Jackie Jensen and a three-run homer by Norb Zauchin in the ninth were the big blows in the nightcap. Tom Hurd held New York to two hits in the 1-3rd innings of relief. The sweep gave Boston 24 victories in the last 29 games. Cleveland took second place in the league by beating Detroit twice, 6-5 and 8-5, while the White Sox slipped to third by splitting at Kansas City. Chicago won the opener 8-3, lost the second 4-3. Baltimore beat Washington 6-2 in the only single game action. In the National, first-place Brooklyn rapped Philadelphia twice, 11-2 and 6-3; Chicago split with Cincinnati, losing 6-3 before winning 4-3; St. Louis took two from Milwaukee, 4-2 and 5-4; Pittsburgh beat New York 4-3, then lost 5-3. The day's work left the Yanks atop the American League, five games up on Cleveland, and Brooklyn ahead of the Cubs by 12 1/2 in the National. The Fourth of July rule of thumb has seen 36 American League leaders on the Fourth to the World Series in the past 54 years. Thirty-four of the National League leaders at this point have gone on to win in the last 55 years. Both the Yanks and Dodgers, incidentally, have been among the more notable exceptions to the rule in the past. Cleveland moved a half game ahead of the White Sox on Hal Naragon's pinch single to beat Detroit in the 15-inning opener with Bob Lemon winning No. 11 in relief. Larry Doby hit a pair of homers and Al Rosen one in the nightcap, but it was Bobby Young's two-run triple that broke up a 5-5 tie for the victory. The White Sox had 16 hits to beat Kansas City in their first game, but the A's bounced back to win the nightcap on an unearned run in the eighth after Hector Lopez had tied it two innings earlier with a two-run homer. There were a total of 37 homers hit in the 15 games yesterday (the one-day record is 40) and the Dodgers smacked six of the National League's 20. Duke Snider belted Nos. 26 and 27 and drove in six runs for the day while Don Newcombe and Clem Labine kept the Phils in check. For Newcombe it was No. 14. A triple by Wally Moon and a single by Bill Virdon gave St. Louis the 10-inning nightcap at Milwaukee after Del Crandall's pinch three-run homer had tied it in the ninth. Tom Poholsky six-hit the Braves and Rip Repulski broke up a 2-2 tie with a homer to win the opener. Art Fowler limited the Cubs to four hits and Ted Kluszewski hit his 27th homer as Cincinnati topped Chicago in the opener. In the nightcap, Gene Baker broke it up for Chicago with a fifth-inning home run as Warren Hacker finally got a winner after eight straight defeats by the Redlegs. The Giants salvaged a split on Willie Mays' 23rd homer in the 11th inning of the second game. Pittsburgh won the first when Paul Giel walked home the big run in the ninth inning. Willie Miranda hit a bases-loaded double and Ray Moore, a reliever turned starter, lined a two-run single as the Orioles scored four times in the eighth to beat Washington and end a 13-game losing streak.

TIL MAY RULE ON NEGROES

AUSTIN (AP)—The Texas Inter-scholastic League will rule soon whether Negroes may play in its football games next fall. When El Paso voted to end segregation in public schools it put the question squarely up to the league. El Paso already has inquired about it. A league rule stipulates "only white public schools" can be members and it also has some members that have rules against participation of Negroes on their campuses. The league, on grounds of being a voluntary organization and not a state organization, can prevent Negroes from participating in its athletic program. But in view of the Supreme Court ruling on segregation it isn't likely to invoke such a rule. The state executive committee of the league will have to decide within the next two months what the situation is to be next fall. El Paso's move will allow it to play New Mexico schools at home with the visitors using their Negro players. In the past El Paso schools have had to either play all their games with New Mexico schools in New Mexico or in El Paso without using their Negro players.

AT COUNTRY CLUB

Morgan Wins 5th July 4th Crown

The scores in the Fourth of July golf tournament at the Big Spring Country Club Monday were in keeping with the celebrating traditional to the holiday—they skyrocketed. Jake Morgan won the tournament for the fifth time in history, although he had to accept a seven-over-par 79 for his final 18 holes. The pins were changed for the final day of play, with the result that most of the linksters entered in the meet suffered. Weldon Bryant was Morgan's closest competitor but he wound up with an 80 and a two-day total of 156, compared to the 151 registered by Morgan. The day's best golf was turned in by Earl Reynolds, who had a 77 but Earl had blown himself to an 81 the first day and accepted a tie with Tommy Hutto for third place. Each had 158. Hutto played steady if not sensational golf both days, registering 79's each day of play. O. O. Craig was fourth with 79-84-153 while Son Powell finished sixth with 83-86-169. Bill Crook, James Underwood and J. R. Farmer of the championship flight all withdrew. Champ Rainwater's 158 beat Sunny Edwards' 160 for low honors in first flight competition. Lefty Bud Pickett had lots of trouble Sunday and wound up with a 90 but still won second flight laurels with a two-day aggregate of 168. He had scored a 78 the first day. Second was Sam McComb, whose 82 Monday gave him a two-day total of 169 while George Grimes wound up third with an 84-89-173. Kent Morgan won the third flight with 85-88-183. He beat Joe Williamson by two strokes. Bunky Grimes almost caught Williamson with a closing 93 and wound up with a total of 186 while Travis Read was fourth with 97-97-194. Lil Luring proved superior in the women's bracket with a two day 18-hole total of 74. Dorothy Ray Edwards finished second with an 80, two strokes under Joyce Williamson, who was third. Mary Jane Edwards had an 83, Evelyn Belew an 87 and Mintie DeWeese an 88. In the first flight in the women's division, Lillamae Morgan had a

NAT'L LEAGUE PLAYS TONITE

Second round play in the National Little League gets underway here this evening. The opening game, at 6:30 p.m., pits the Owls against the Gold Sox while the Yankees meet the VFW in the second go. Complete schedules on the three leagues will be published in The Daily Herald when they are released by league presidents.

Yanez Yields Bengal Post

Horace Yanez, who inherited the job as manager of the Big Spring Tigers from his late father, Ynez Yanez Sr., said this morning he was yielding the post. Yanez said he was unable to pay expenses of the team. Robert (Sonny) Dutchover is assuming direction of the club and said he would try to get several sponsors to keep the team going. Yanez, a pitcher, will continue to play with the club, Big Spring's oldest team. The Tigers easily defeated the Lamesa Red Sox Sunday, 19-4, for their eighth win of the campaign. Jimmy Fierro hurled the win. The Bengals plated ten runs in a big eighth inning to salt away the decision. Tom Arista paced the Big Spring attack with a triple and two singles. He scored five runs and reached base in five of six appearances.

Pampa, Plainview Split Twin Bill

By The Associated Press
Circuit-leading Pampa of the West Texas-New Mexico League split a double-header with third-place Plainview last night. The Oilers took the first game 7-4, and Plainview won the second 7-5.

THAT'S ENOUGH OF MY HOSE
George DiPeso takes tin snips to halt burrowing

Shears End Saga Of Worming Hose

DOWNEY, Calif. (AP)—Enough, said truck driver George Di Peso, is enough, so he ended the saga of his burrowing garden hose with a pair of heavy shears.

The 50-foot green plastic hose began mysteriously worming its way down into the ground in his front yard last Thursday. It kept on disappearing in the general direction of China at a rate of 2 or 3 inches an hour.

Approximately 20 feet was gone by yesterday. Hundreds of persons tramped over the lawn to watch. Di Peso received batches of advice and suggestions; telephone calls from as far away as New York, Tokyo, Canada and England.

Finally, yesterday, he cut the hose and said:

"If it wants to sink down farther and disappear completely, my prayers go with it. If it decides to stay the way it is and doesn't move any more, I'm going to bury it."

He and his family had planned

to go to the mountains for the July 4 weekend but called off the outing.

"I couldn't stand it any longer," he said. "This thing was getting out of hand. My life has been made a big mess."

A consulting geologist, R. Bruce Lockwood, Glendale, said water-saturated sand or mud, like quicksand, below the surface might draw the hose down, but he knew of no such formation, nor any underground river, in this area.

Two other cases of that nature popped up yesterday. Calvin Barham, of nearby Norwalk, said his hose started descending after he stuck it into the ground to water tree roots. With five feet gone, Barham dug down and said he found the end embedded in soft sand.

Mrs. Robert Breeze, of Downey, stuck a hose in a hole to try to drown a gopher. She said 15 feet disappeared but she chopped off the hose and filled the hole.

IN KOREA

Reds Accused Of Truce Violations

PANMUNJOM (AP)—The U.N. Command today accused the Communists of repeated and flagrant violations of the Korean truce agreement, and demanded a strict accounting of combat material brought into Korea by the Reds.

Maj. Gen. Harlan C. Parks, senior U.N. member on the Military Armistice Commission, said the Reds were guilty of "complete insincerity, dishonesty and utter lack of integrity" in maintaining the armistice agreement.

A few hours later, Parks barred Allied newsmen from a press conference called by the Communist delegate, North Korean Gen. Lee Sang Cho. Parks told the newsmen:

"I do not consider it appropriate that representatives of the enemy side enter my camp to attend my press conference. Conversely, I do not think accredited correspondents of the UNC should enter their camp for similar conferences."

It was the first such prohibition in the four-year history of the Panmunjom negotiations and conferences.

In a full-dress meeting of the armistice commission, Parks read into the record a 17½-page list of alleged Red violations of the truce. He charged collusion by Communist Czech and Polish truce inspectors in making the Neutral Nations Supervisory Commission ineffective.

Parks then laid down a series of demands against the Reds, including:

"1. You provide the U.N. Command, without delay, an accurate accounting of all combat material and combat aircraft introduced into the territory of your side since the signing of the armistice.

"2. You immediately provide the NNSC (Neutral Nation Supervisory Commission) with a corrected combat material report which reflects the mass of combat material and hundreds of aircraft you have illegally introduced into Korea.

"3. You cease immediately the illegal introduction of additional combat material and combat aircraft into the territory of your side."

Parks bluntly told the Reds their "soothing music" and "peaceful propaganda" was in stark contrast with "your continued willful and flagrant violation of the truce agreement."

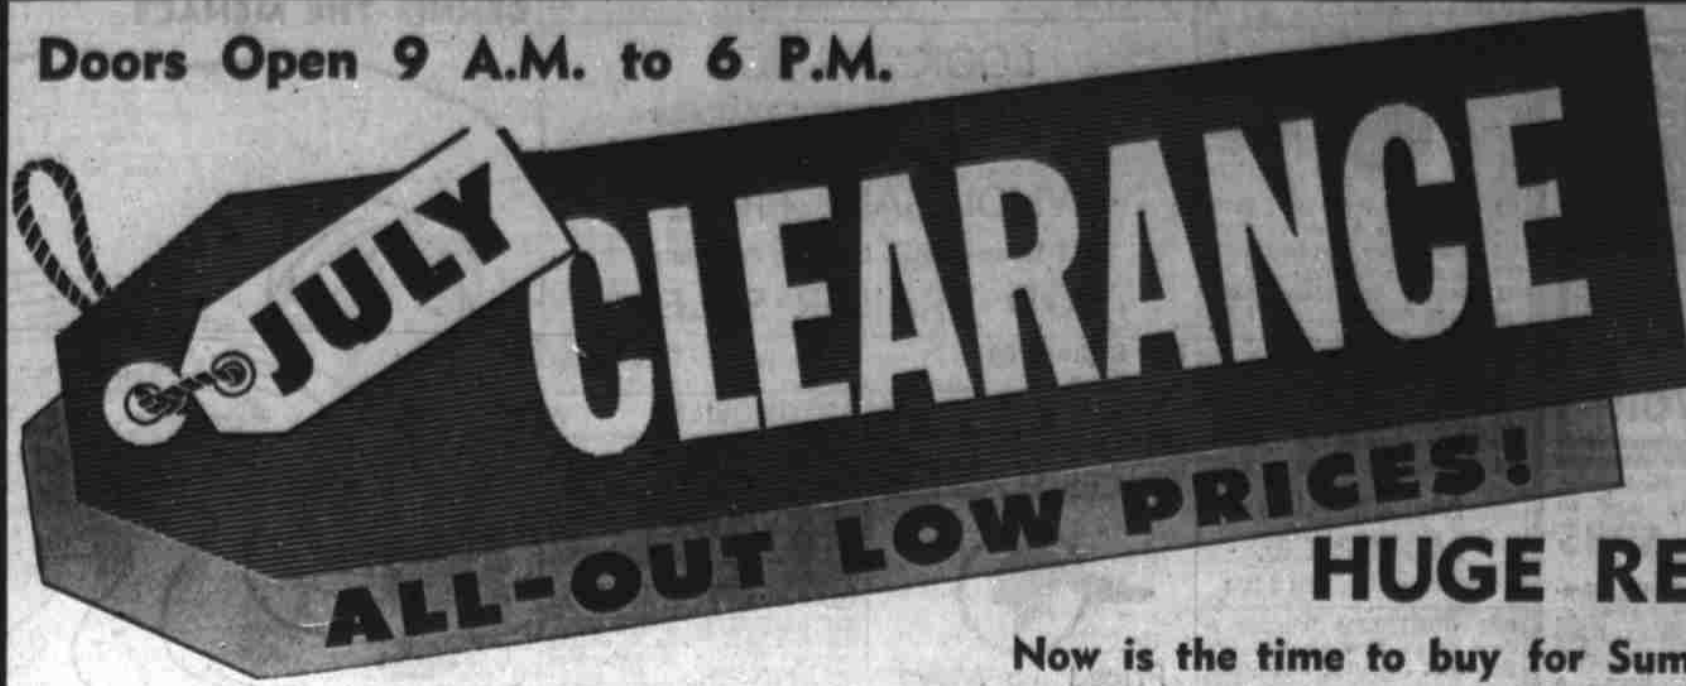

"The time has come," he said, "to demand that the powers who are directing your iniquitous activities stop trying to reconcile your Dr. Jekyll with your Mr. Hyde."

In Dawson Contest

Shirley Jones, left, daughter of Mr. and Mrs. Glen T. Jones of Lamesa, and Ann Hanson, daughter of Mr. and Mrs. Lee Hanson of Ackerly, are among the newest entries in the Dawson County Farm Bureau Contest, which will be held July 22. Miss Jones, 20, is a Baylor University junior, has brown hair, hazel eyes, is five feet, three inches tall and weighs 107. Miss Hanson, a senior at Flower Grove High School, also is 5-3, weighs 115, and is a brunette with brown eyes.

Copper Strike Enters 5th Day

DENVER (AP) — The nationwide copper strike moved into its fifth day today as an estimated 22,000 members of the International Union of Mine, Mill and Smelter Workers continued picketing at plants and mines operated by three of the four biggest producers. All negotiations concerning the independent union's demand for a 20-cent hourly wage hike, guaranteed annual wage and fringe benefits were suspended over the Independence Day weekend. However, a union spokesman at Denver said he expected the talks would resume on several fronts today.

The walkout began early Friday at facilities of the Phelps-Dodge Corp., Kennecott Copper Corp. and American Smelting & Refining Co. after Mine-Mill contracts with the firms expired. Operations in 12 states were affected. Anaconda Copper Co., the other member of the Big Four, so far has not been struck. Meetings between union and company representatives at Butte, Mont., were termed in a state of "suspended animation" by a federal conciliator.

All together, the four big producers employ an estimated 50,000 Mine-Mill members. First violence in the strike was reported at a Phelps-Dodge smelter in Morenci, Ariz., yesterday. David Velasquez, president of Union Local 618, said two pickets suffered minor injuries when three automobiles, lined up bumper to bumper, tried to break through the line.

Two cars were turned back, but the third got through and went into the plant, Velasquez said. He said the car carried clerks and other white collar workers. "We didn't think they were necessary in the smelter," he added.

Underground union laborers now receive an average of \$14.87 to \$15.77 for an eight-hour shift. Pay of laborers ranges from \$13.64 to \$14.40.

Company offers so far have ranged from 2 to 12 cents in hourly wage increases.

Crockett Burial Plot Has Spotlights Texas Village

Acton, once a flourishing village in Hood County, has ceased to exist as a post office and has been reduced to a single store.

But today this picturesque spot on a loop off Highway 377 from Fort Worth to Granbury is experiencing its greatest popularity.

Mr. and Mrs. A. F. Gilliland discovered this recently when they returned to visit relatives and friends in Tolar after an absence of many years. They re-visited a cemetery at Acton to find that the simple ballad of David Crockett and the motion picture had focused new interest on a towering monument in the graveyard.

This marks the grave of Elizabeth Crockett, wife of the hero of the Alamo.

Mr. and Mrs. Gilliland had heard of the monument as they grew up in that area but had never taken the trouble to visit it until three weeks after they were married in 1918. One day they got a horse and buggy and spent the day in making the trip to Acton and back. Long before they reached the cemetery, they could see the stone statue atop the marble shaft towering above the surrounding trees. The burial grounds were seldom visited then.

A week ago they decided to go back to Acton. The village was gone but at the cemetery they found things busy as sightseers flocked in to see the Crockett family plot. It has been necessary to station someone there to protect the graves. The caretaker re-

MEMORIAL . . . To Mrs. Crockett

ported that 700 persons had visited the monument within a week's time. The Elizabeth Crockett buried at Acton is not the Polly Finley Crockett referred to in the motion picture. David Crockett had been married to this descendant of McBeth, king of Scotland, in 1806. He was married a second time to Mrs. Elizabeth Patton, a native of North Carolina, in Tennessee in 1815.

When he had served out his third term in Congress in 1834, he struck out for Texas. Mrs. Crockett and her children, Dorothy and David Jr., settled subsequently in what later became Hood County. She died Jan. 31, 1860, and the great marble shaft and statue were raised over her grave. Now the revival of interest in the Crockett saga has made the spot something of a shrine.

4 Huk Leaders Die In Philippines Ambush

MANILA (AP) — Four Huk regional commanders were killed in an army ambush north of Manila today, the Philippine News Service reported.

The army said seven civilians and six soldiers were under arrest on suspicion of stealing military arms and ammunition for the Huks.

UNCLE RAY'S CORNER

Tracks of a three-toed dinosaur found in Texas limestone.

Scientists speak about any trace of a prehistoric animal as a fossil. Tracks are fossils, and so are im-

prints of the skin.

Q. It is known that human bones waste away and become dust. If that is true, how does it happen that many prehistoric animal bones have been found in good condition?

A. Most bones of ancient animals have wasted away. Only here and there do we find skeletons.

There are special reasons why some bones have been kept in good condition. In many cases the animals died when their bodies sank in quicksand or peat bogs.

Often the bones have become petrified. While they lay in moist material, they gathered minerals, and became stone-like. After this happened, the bones lasted through the ages.

Wood, as well as bone, can become petrified. The petrified forest in northern Arizona offers an excellent example. Thousands of logs (tree trunks) were turned to stone, and may be seen lying on the ground.

Q. Have many fossils been found at Rancho La Brea?

A. Yes, thousands of them. This area (near Los Angeles) contains natural asphalt, and it formed a trap for animals of long ago. The skeletons include elephants, giant sloths and saber-tooth tigers. The asphalt saved the bones from bacteria.

Q. Has much been learned from tracks left by dinosaurs?

A. A great deal. The tracks were left in soil which later turned into rock. In many cases they have been matched with bony parts of the feet of dinosaurs.

Tracks indicate the size of a dinosaur's feet, and whether it walked on two legs or four. Sometimes there are clear grooves left by the tails of animals which walked on two legs, but dragged their tails behind them.

Tomorrow: Trilobites.

Radioman Admits He's Ex-Red, Will Tell 'Everything'

BURLINGTON, Vt. (AP) — Charles Lewis, 47, public affairs director of WCAX-TV, says he is one of 23 former newsmen named before the Internal Security subcommittee as a member or former member of the Communist party.

In his disclosure yesterday, Lewis said he "joined the party in 1937 and quit two or three months later because I had my nose full."

He added: "I have volunteered to appear before the (Senate Internal Security) committee and I'll tell everything I know."
