Our sympathy to the family of T. M. "Tom" Britt; he was a friend and will be greatly missed by everyone.

The weather has been great. We in town enjoyed a shower Monday afternoon and in just the small area it covered the amounts ranged up to 1/2"; the official measure was 0.13 in-

The rain was greatly appreciated, but it certainly interfeared with my mowing. The yard looks like a 'hay adow' anyway-the grass had gotten so tall before I could get around to mowing-and now it is only partially mowed. My neighbors keep their yards looking so nice and they have to put up with me. And, those on Mobeetie Street have to look out at my garden. The rain helps the garden, but the weeds are doing better.

If you have noticed the 'highs' are missing from the temperatures for the week, we have happy to report the problem has been solved. KPDR-FM furnishes us this information and they have installed some new equipment which should record the highs accurately.

Mother Stas observed her 84th Tuesday. Those present was limited to the members of the household; this included one granddaughter and two great-grandchildren. Yes, she had cake and homemade ice cream.

Ronal Jr. and Jessica are in their second week, visiting the grandparents and Aunt Jennifer.

I had the opportunity to see the new softball complex at night from Highway 152; it looks great. Of course the first opportunity to see the field with

Have you noticed all the termites limbing out of the woodwork in the Capital, guess I better say there in Washington, D.C. er you will think I mean Austin. Now you and me both know we ain't got any flimflamers in the Capital there er in Oklahoma City er in Arkansas er Louisiana that is that we know of but they shore shook the rug in D.C. A feller can't believe how the folks we have elected to Congress and so forth would tolerate such to happen without seeming to know anything about it. This kind of junk has been goin on ever since we have had a government and always will but seems like it has again come to surface, most of us never heard of The Teapot Dome scandal er the ones that knew of it were involved er never really cared. We always say "Why don't they do something about it". Well pardner WE are the THEY if you really want to know. WE are the ones that put them in office, thats our Congressman, Senators, Representatives and Presidents and many times we don't even vote or if we do we don't even know the ones we have

Not long ago it was sort of a fad to hire your wife as some kind of secretary and use the front porch for her office and put it down as necessary expenses for a few thousand bucks and think nuthin about it.

Not many months ago we were paying over six hundred bucks for toilet seats on some of them airplanes and over a hundred bucks for a pair of players to install the durn things and I bet we never did find out who was gettin the money.

I member one time I was going to be a Flyboy for the US of A and we were stationed at Santa Anna Air Base and every month there was two bits taken out of our pay for Grass Seed, we had a few small lawns there but most of it was black top and very hot. One of my brighter moments I got to figerin that with all the thousands of us there at the base we were buying a hell of a lot of grass seed. Many months after the government sent me back to the Infantry I heard that some bird there in Santa Anna got caught on the grass seed deal. I doubt if the gent even had to do KP for his misdeeds but many of us kids shelled out two bits a month for grass seed.

I hadn't learned my lesson cause back in the thirties I bought a Wild Pony from an Indian in New Mexico. This Indian was goin to bring it to town that nite and he must have forgot the way and all these fifty years I ain't seen that Indian er that Wild Pony. I got to go now, there's a feller going to sell stock in the Brooklyn Bridge and he's only going to be in town this afternoon, sounds like a good deal to me....

Care Center

By Lois

This has been a very long two weeks. My vacation wasn't exactly what I intended. It was spent in St. Anthony's Hospital with my son (Rodney) who had his appendix out. I decided to come back to work to get some rest. Ha! It is nice to be back. If I can just get caught up on everything.

This will be two weeks rolled up in one. If I miss anything or anyone please give me another chance.

Mildred Porter has been so faithful to come every Monday. Thank you so very much.

Opal Davidson was so kind to serve juice on Monday afternoon the 27th.

Monday, July 4th the kitchen staff made lunch something special. They served grilled hot dogs and homemade ice cream picnic style. The dining room was decorated and they also sang some songs. It was quite a celebration. Thanks to all who worked and made this day very special for the residents.

We want to thank the Wheeler Flower Shop for sending some beautiful flowers for our residents to enjoy on Independence Day.

Tuesday the 28th was our monthly domino tournament. Bonnie Davidson was kind enough to over see and make sure everything went smooth. The volunteers who came to play were: The state of the s Mrs. Oleta Jones, Mrs. Marie Gudgel, Dorothy Hayes, Jack Hayes, Sally Harris, Fannie Mae Bradstreet, Eli Sabbe, Grace Burk, Susan Davidson, Julie Davidson, Casey Velasquez (watched), Lloyd Davidson. Thank you to all who came to play.

Our bingo volunteers were Lola Holcomb on June 29th (all by herself) and Doddie Phillips, Doraeen Owen, Ila Byers, and Opal Hefley on July 6th. Thank you for coming and

helping out while I was gone. Thursday morning, 30th, the Christian Center Devotional was really nice. On the (7th) the Inspirational was again held. I don't have a list of names of who helped but you are much appreciated.

Thursday afternoon our mending ladies came. They were Bea Smotherman, Essie Finsterwald, and Ora Underwood. They worked for quite awhile. Thank you ladies very much. See you next week. (14th)

We had our popcorn poppers here the 30th and 7th. They were Ann Ellison and LaJaune Alexander and Lavelle Stephens. I'm sure all enjoyed it very much. Thank you.

Fannie Mae Bradstreet and Ruth Taylor came several times to serve juice and visit. Thank you.

Rev. Jim and Laura Davis were here the 1st and 8th from Mobeetie Methodist Church for Bible Study.

Thank you for coming.

We would like to thank Shorty Sechrist for the 2 bushels of fresh peaches he delivered to the residents. The kitchen served them fresh, even diabetics were able to enjoy them. Mr. George Gandy donated some apricots. These were made into cobbler and everyone said it was delicious. Thank

you so much. We have three residents in the hospital at this time. Icyl Littrell, Will Burk, and Gene Robinson. We hope they'll soon be feeling better.

Remember if I failed to mention your name and acknowledge your kindness, you are still much appreciated. Please come see us.

> Thank You, Lois

Down on the FARM

Power lines can be dangerous.

Touching irrigation pipe to a power line can divert the electricity through the pipe . . . and to anyone in contact with it. In this part of the country, this is the leading cause of farm injuries and deaths in electricity-related accidents. Any equipment of unusual height represents a potential danger. Lift arms on field equipment, combine auger spouts and even radio antennas can cause serious injury or

death if they, and you, make contact with a power line.

Keep an eye up for power lines. Watch up, for safety's sake.

As Independence Day rolls around, it makes us think of how thankful we ought to be to live in this free country. Most of the people in the world would like to live here. How much our nation and leaders need our prayers. It can not survive unless we turn back to God and get on a more secure financial and spiritual level.

Tim Bennett's mom, Patricia Bennett, had an article published in Dallas Life Magazine for June 26, about early married life on the farm. She spoke of very hard work and how hard it was for a city girl to cope and fit in, about helping pull calves, drive tractors, haul hay and raise 4 little blond boys on the side. I could really relate as I've never been a very efficient farmer. Very interesting article.

Don't Line Dry Whites

Now that summer's here you may want to hang out some white clothes to line dry. However, the International Fabric Care Institute doesn't recommend this procedure because most white fabrics contain optical brighteners. Many brighteners are unstable to sunlight, and a few hours in the sun can cause drastic and permanent yellowing. The yellowing has been known to develop in as little as 30-60 minutes when a garment is exposed to direct sunlight.
