THE COUNTY SEAT NEWSPAPER

JESSE J. DYER

ALLEN KAVANAUGH

Dyer Is Appointed Superintendent

Jesse J. Dyer, popular Wheeler County school man, has been appointed County Superintendent to fill out the unexpired term of Allen Kavanaugh who has resigned to accept the superintendency of the New London Schools.

Kavanaugh's appointment as superintendent of one of the richest school districts in the United States was effective July 1 and Mr. Dyer's appointment to the County Superintendency of Wheeler County was effected July 11 with the meeting of the County Commissioner's Court.

The new County Superintendent has had many years of experience with schools coming to Wheeler County in 1938 to teach in the Twitty Schools, then to Shamrock where he taught for one year and in 1942 when Kavanaugh entered service he became acting County Superintendent and served in that capacity during the four years Kavanaugh was in the army. During the time Mr. Dyer was acting County Superintendent he taught history one year in the Wheeler Schools and served two years as Superintendent of the Wheeler Schools and was also a member of the local draft board.

In 1945, Mr. Dyer resigned his school duties in Wheeler and went to El Paso as manager of the Rio Grande Implement Co. where he remained until the company sold out in 1948 then he returned to Wheeler County and finished out the school term as superintendent of the Allison Schools in the place of Ralph Markham who resigned to accept a position with the veteran's vocational schools at Daltart. Mr. Dyer was superintendent of the Allison Schools during the past school term, and it is understood Henry Osborne, principal of Wheeler High School last term, has been hired to fill his place at Allison.

Mr. Dyer holds a B. S. Degree (Continued on Last Page)

Pampa Boosters Will Visit Wheeler And Mobeetie On July 28

The Pampa Boosters will say, "Howdy! Friends and Neighbors"—when they visit Wheeler at 4:45 p. m. on Thursday, July 28th to extend invitations and make everyone welcome to attend the Fifth Annual Top o' Texas Rodeo and Horse Show to be held in Pampa, August 2-3-4-5 and 6. The boosters will go directly to Mobeetie from Wheeler and will put their show on there at 5:30 o'clock.

Lieb Langston, Booster Trip Chairman, said "hitch your horses, park your buggies, throw your hat in the corner and let's all have a good old western get together", when the Pampa Boosters arrive in special buses with plenty of entertainment, including the Pampa Harvester Band, Top o' Texas Four, barbershop quartet; and the Top o' Texas Square Dance Team with their own western band to add rhythm and color to the occasion.

The Pampa Rotary Club, sponsoring the trip, will be on hand for a friendly and informal visit and would like to see a good crowd out to meet them.

Lieb Langston, master of ceremonies, will give highlights on the show and promises to have souvenirs for all of the ladies and children.

Pampa says that they are going to put on a bang up show just for the folks in Wheeler.

GOV. JESTER LAID TO REST AT CORSICANA

Funeral services were held Wednesday at Corsicana for Texas Governor Beauford Jester who died Monday morning aboard a Pullman car in Houston.

Allan Shivers, Texas' lanky, fine looking, 42-year-old lieutenant governor, will be sworn in as the state's 41st governor in an East Texas forest setting at his summer home, "Magnolia Hills", four miles south of Woodville Saturday morning at 9:45 o'clock.

An Associated Press report of the last rites for Governor Jester follows:

CORSICANA, July 13 — Gov. Beauford H. Jester found final rest today in the black earth of Navarro County—his home county he loved so well. Texas' new governor, Allan Shivers and scores of the state's official family joined hundreds of Corsicana citizens who packed this city's First Methodist Church. More than 2,000 attended services for Corsicana's favorite son—the big, affable hometown boy who became governor.

Jester died in his sleep early Monday in a sleeping car en route from Austin to Houston. The 56-year-old executive was headed for Galveston and a heart examination. Death was attributed to blood clot in the heart—coronary thrombosis.

It was a touching tribute this saddened city paid. Businesses closed. Traffic jammed the streets for blocks around the old gothic tail-spired church.

People and flowers lined every wall of the big auditorium and at the open, stained glass windows were the serious, intent faces of Jester's home-town friends. Hundreds stood or sat on the tree-shaded lawn, listening to the services by public address system.

A shower left the weather steamy and hot. The humid air was heavily laden with cloying sweet odor of thousands of flowers.

For two hours prior to the 11 a. m. services Jester's body lay in state. National Guardsmen and highway patrolmen surrounded the church and two guardsmen, helmeted and with sidearms, flanked the grey metal casket. The American flag which draped the casket yesterday in the state capitol's Senate chamber at Austin, was replaced with sprays of red and white roses.

A solid stream of citizens passed the casket for a last look at their fellow townsman and friend. The faces of many were tear-stained.

Geophysical Crew To Make Headquarters In Wheeler For Present

The United Geophysical Co., Inc. of Tulsa, Okla. moved its headquarters for a seismograph crew into Wheeler this week and set up offices in the Vocational School building which is located just east of the City water tower.

The crew includes a total of 22 men whom the citizenry of Wheeler wish to welcome into their midst and hope they will find their stay here pleasant and enjoyable.

Housing was secured for all the single men and most of the families, thanks to the efforts of Harry Wofford and an article which appeared in last week's Times.

The crew is headed by J. R. Woolson and includes: W. L. Kleavans, W. L. Jamison, E. J. Munns, L. A. Hays, L. L. Olson, C. L. Allen, H. Doering, J. L. LeMay, T. P. Moss, C. L. DeVoke, W. O. Straw, P. L. Lund, J. R. Jones, W. L. Daniels, L. H. Abbott, H. J. Wilcox, C. W. York, G. R. Gregory, E. E. Glidwell, J. J. Davis and E. L. McCollough.

Methodists To Hold Church-Wide Picnic

Joe Rogers chairman of the Methodist picnic committee announced this week that his church will hold a church-wide picnic at the Church Park Friday evening, July 22 beginning at 6:00 o'clock.

Rogers stated there would be games for all ages including boys and girls, men and women.

All church members are urged to keep the date open and be on hand with a well filled basket.

Don't walk in a daze—look both ways.

SCHOOL DIST. SET UP UNDER NEW STATE LAW

The Wheeler County School board met last Friday and annexed all dormant school districts in the county to adjoining districts in compliance with the provisions of Senate Bill 116 according to County Superintendent J. J. Dyer. The annexation was finally accomplished after school boards of all dormant districts had been notified and had met with the county board and expressed the wishes of their patrons.

There were 9 dormant districts in the county which had to be annexed to adjoining districts and they included: Hay Hollow No. 1, Heald No. 5, Locust Grove No. 19, Corn Valley No. 22, Rassel No. 27, Benonine No. 28, Plainview No. 30, Liberty No. 35, and Spring Creek No. 37.

Hay Hollow, one of the oldest districts in the county, was divided between Wheeler and Mobeetie with the portions that could best be served being assigned to the respective districts. Heald, in like manner, was divided between McLean in Gray County and Keller-ville.

Locust Grove was divided three ways with all but 2 quarter sections going to Wheeler. One quarter went to Kelton and the other to Twitty. Corn Valley was divided between Mobeetie and Wheeler. Benonine was annexed to Bethel, Plainview to Lela, Liberty to McLean and Spring Creek to Mobeetie.

Ella Common School District of Collingsworth County was annexed to Bethel and the portion of Ramsdell that lies in Collingsworth County was annexed to Lela by the Collingsworth County Board.

Laketown Common School District of Gray County has been attached to Mobeetie Independent District subject to the approval of the Wheeler County Board and it is possible that other territory may be attached to Wheeler County schools by adjoining counties. Supt. Dyer pointed out.

Twitty and Magic City were not dormant according to the new bill and Pakan was not voted dormant unless ruled otherwise by the Department of Education. Ramsdell will be annexed to Pakan unless Pakan is declared dormant, otherwise it will be annexed to Lela.

According to the records in the county superintendents office there were 38 schools in Wheeler County in 1934 and for the term of 1949-50 there will probably be 8 school houses open, yet practically all the children will go to the school that was their choice in the 1948-49 term.

Supt. Dyer states that the amount of money to be raised by local taxes will be but little more than last year, taking the county as a whole, but the schools will receive approximately \$170,000 more money than last year. There will be approximately 10 more teachers added to the schools of the county not counting vocational teachers. Each 4-year high school qualified for a home economics teacher and a vocational agriculture teacher.

According to Dyer, a number of the districts in the county will have to hold bond assumption and tax adjustment elections in the very near future and he urges that they accomplish this as soon as possible. School districts which will probably have to hold these elections include: Wheeler, Mobeetie, Kelton, Lela and Bethel.

Methodists Will Hold Quarterly Conference

Rev. Darris Egger, pastor of the Wheeler Methodist Church, announced this week the first quarterly conference for the new conference year will be held Sunday night, July 17 at 8:00 o'clock. Rev. W. E. Hamilton, district superintendent of the Clarendon District, will preach at the evening hour, then conduct the quarterly conference.

Reports will be given by the pastor, the Women's Society of Christian Service, the Charge Lay Leader, Sunday School Superintendent, the young people and other church officials. The Sunday School Superintendent will be elected at that time.

The pastor also announces that his subject for the Sunday morning hour will be, "Beginning To Sink".

Local Drug Store Is Burglarized, \$200.00 Taken

After several months without a robbery in Wheeler, thieves struck their favorite target, The Wheeler Drug Store, some time early this morning (Thursday) lifting approximately \$200.00 worth of jewelry, according to Frank Wofford, owner.

The thief or thieves gained entry into the drug store by breaking down the outside door then breaking the glass in the inside door so they could reach inside and unfasten the locks.

Items taken included:

- 1 Man's yellow gold Bulova wrist watch, round face, 21-jewel.
- 1 Rose gold Natrix Ladies wrist watch, 17-jewel.
- 1 Herald Stainless steel waterproof wrist watch, 17-jewel.
- 2 Spiedel men's watch bands, 1 yellow gold and 1 rose gold.
- 2 Ronson pocket lighters.

Sheriff Jess Swink pointed out the fact that it was a very amateurish job since the thieves took only a few watches and jewelry when there was so much more available. The sheriff's office took finger prints around the store and have sent them to Austin for identification.

WHEELER WINS OVER MIAMI

The Wheeler nine in the Texas-Oklahoma League started the second half of play with a 15 to 0 victory over the Miami team in a contest which was played on the local diamond last Sunday afternoon.

Ray Garner, who had a phenomenal hitting average of .875 for what time he has played this season worked behind the bat for the local nine and Bill Cosper and Bud Vanpool divided time on the mound. Garner has hit safely 7 of the 8 times he has officially been to bat this season.

The Wheeler lads will entertain Sweetwater on the local diamond Sunday afternoon. Mobeetie will play at Kelton and Briscoe will play at Allison. Miami has an open date.

WHO PAYS FOR FARM SURPLUS?

With crop reports indicating that the production of a number of major crops may exceed market demands, George L. Close, chairman of the Wheeler County Agricultural Conservation Committee, raises two basic questions: What is the cost of surplus farm commodities and who pays the cost?

He points out that the production costs include the fertility of the soil which goes into the production of the excess bushels and bales, the cost of seed, the labor in preparing the land, seeding, cultivation and harvesting the crop, the cost of machinery, and interest on the investment.

In the main these costs are borne by the farmer. But the cost of the fertility wasted in the production of the excess bushels and bales and the breaking down of soil structures through too much single cropping is finally paid for by the consumers. In the long run all the people pay for wasted land.

Without price supports, the business firms with whom the farmer trades would pay through reduced business. Under price supports, any excessive surplus increase the cost of price protection and often quantities of the product are wasted or have to be used for uneconomical purposes. Again all the people pay.

In general, the chairman points out that without price supports and adjusted production the cost is greater than with them. Excess production forces farm prices down below production costs and when the farmers' buying power is gone that much of the national market is dried up. Business on the Main Streets of thousands of small cities slows down to a standstill. The orders stop and the big businesses in the big cities have to retrench.

Just how much this would contribute to bringing on a depression, Mr. Close said, is debatable but there is no question that depressed farmer buying power has a major effect upon the whole economy.

Farmers Must Pay All Warehouse Charges

Farmers will receive the full loan rates on warehouse-stored 1949 crop of oats, barley, rye, and grain sorghums only if they prepare all warehouse charges other than receiving charges. E. F. Vance, Chairman of the State Production and Marketing Administration Committee, reminds Texas farmers.

If such charges are not paid in advance through March 31, 1950 for grain sorghums, and through April 30, 1950 for the other grains, an amount equal to these charges under the 1949 Uniform Grain Storage Agreement will be deducted from the loans. These deductions amount to 10c a bushel on barley, 8c a bushel on oats, and 10-11 1/2c per bushel on rye and grain sorghums according to areas. This policy also applies to warehouse-stored purchase agreements on oats, barley, rye, and grain sorghums delivered to the Government under the price-support program.

Of Interest To Legionnaires

By Virgil Jamison

West-Passons Post 138 of The American Legion held their annual election meeting Thursday, July 7 and a very good attendance was noted. It was the time for the election of officers for the forthcoming year. The following officers were elected:

Commander—Harrison H. Hall
Vice Commander—Max Wiley
Adjutant—Jim Risner
Finance Officer—Dr. H. E. Nicholson, Jr.
Chaplain—R. H. Forrester
Service Officer—Joe D. Rogers
Public Relations Officer—Virgil Jamison, Jr.
Child Welfare Officer—Barney Teague
Sergeant at Arms—W. A. Good, Jr.
Legal Officer—Grainger McElhenny

Athletic Officer—W. O. Carrick
During the meeting a decision was made to reorganize the past according to the new organizational table set up by the State Department. This table in the main makes all officers members of the executive committee.

The newly elected officers will be installed the first Thursday in August by the Eighteenth District officers if they can possibly be here at that time.

Following the election Harrison Hall made a short talk in which he called on all members of the Legion to continue their support of the Legions Program and asked the support of all members in the local work here in this post.

An item of interest to all World War I Veterans was brought to light this week by the Veterans Affairs Commission. Their Bulletin states, to quote: Many World War I veterans are unaware of their eligibility for U. S. Government Life Insurance.

There are members of World War I veterans in Texas who have no such insurance, either because they never applied for it, or have permitted it to lapse. (Continued on Last Page)

**STATE AID FOR
SOIL CONSERVATION**

State aid for soil conservation is now
the law in Texas as in many other states.
The \$5,000,000 appropriation by the 51st
Legislature, approved by the governor, means
state entry into a new field of spending
although the sum is modest in comparison
with other authorizations by the Legisla-
ture.

A remarkable feature of the fight for
the soil conservation bill was that it was
waged without large, powerful lobby or
pressure group support which was the force
behind other appropriation measures passed
by the Legislature. A handful of district
supervisors sponsored the conservation bill,
making the trip to Austin at their own
expense. What they lacked in numbers was
offset by their spirit and faith in their
cause—saving the land for the future.

The supervisors are dirt farmers, elect-

ed by fellow farmers in their districts. The
supervisors, who already have put conser-
vation practices into effect on their own
land, have nothing to gain selfishly from
the measure they backed. They are mere crus-
aders for a public cause—of saving the soil
for posterity so that America will continue
fruitful and prosperous. In that respect they
are unique in public affairs.

Another novel phase of this state aid
for soil conservation is the confidence of its
sponsors that they will not be back for more
money at future sessions of the Legislature.
The intention is to establish a revolving fund
to finance the work of the districts indefin-
itely.

Machinery, bought by the districts will
be rented to small farmers now unable to
hire private contractors. Seed and other sup-
plies, not available in the districts, will be
sold to the farmers for conservation prac-
tices. Heretofore, the districts have been
practically without funds; and as a result
conservation has fallen far behind schedule.
Erosion has outstripped the circumscribed
efforts of individual farmers.

Now the supervisors are confident that
the process of waste will be reversed into
saving the soil as a heritage for future gen-
erations. This vision is one of responsible,
enlightened citizens, who repudiate the tra-
ditional exploitation of resources in favor of
the general welfare. These conservation zeal-
ots were able to sell their cause to the Leg-
islature: it is hoped that the people will re-
alize the import of this great movement.

As to the minor objection that the state
will be saving private owners' land and im-
proving the investment, the same point ap-
plies to highways built by farms and into
cities—and to every form of government
subsidy. Soil conservation stands apart as
a program that both serves the public inter-
est and looks to the welfare of prosperity.
Every impoverished nation today is an in-
stance of wanton waste toward the basic
resource of the soil. It could happen in Am-
erica.

State aid also is designed to forestall
federal aid in the same field, and in that
respect conservation sponsors are alive to the
threat of centralization. Whenever the
scope of government assistance, soil conser-
vation will always remain a grassroots under-
taking, of and by the farmers.

These tillers of the land have a mag-
nificent spirit in an age of extreme material-
ism and acquisitiveness. Their zeal and wis-
dom should be weighed by all Americans,
high and low in estate, for as the great Rus-
sian novelist Tolstoy once wrote, the people
who live on the land and serve its processes
so that others may live and prosper are
closest to reality and God.

**HOW THE GOVERNOR
BLUFFED**

President Taft described this as
the best poker story he ever
heard:

An ex-governor of Idaho was
playing euchre with Isaac Isaac-
son.

"If I were playing poker," said
Isaacson, "I'd bet \$10 on this
hand."

"Well," says the governor, "If
you will give me a queen I'll bet
you \$100 on my hand."

Isaacson gave the governor a
queen for the newspaper office's
queen, meantime smiling patron-

izingly on the four kings which
held. When the betting was
reached for the money.

"Softly," admonished the
governor revealing four aces
gazed sorrowfully at the sta-
man, then asked:

"Say, governor, I don't mind
money, but I wish you would
me what in hell you wanted
that queen?"

Fleet Street in London is the
place for the newspaper office's
queen, meantime smiling patron-

DECEMBER menus are June-fresh when your home boasts a deep
freezer.

Enjoy those garden-tasty fruits and vegetables all year 'round
... and at summer prices, too! Just prepare them for your home
freezer, and there they are ... as fresh as the day they were picked,
ready and waiting to be used when you want them.

The same goes for meats, rolls, pies and pastries...in fact,
most anything you want to preserve. See your appliance dealer today
... let him show you what a real pleasure a home freezer can be.
And it's economical, too ... low-cost, dependable electric service
makes it that way!

Change to OIL-PLATING!

A Winner! ... Stay ahead of
engine wear by OIL-PLATING
with Conoco Nth Motor Oil. The
exclusive additive in Conoco Nth
holds an extra shield of lubricant
right to the moving parts—OIL-
PLATES them against wear.

Gentle Starting! ... Even after
standing all night, OIL-PLATING is still
up there on the cylinders. It can't all
drain down! No grinding "dry-friction"
starts with OIL-PLATING!

Lasting Power! ... Another additive
in Conoco Nth protects your engine
against sludge and carbon. Preserve that
new-car power with Conoco Nth.

Longer Life! ... An OIL-PLATED engine
means more miles between repairs—peak
performance year after year. So, for protec-
tion—for power—for performance—your best
buy is Conoco Nth Motor Oil.

Oil-Plate today at your
Conoco Mileage Merchant's!

SOCIETY

Treadwell-D'Spain Vows Are Exchanged At Family Home Sun.

Standing on a large white shaggy rug beneath an arch entwined with greenery and gladioli, Irma Janice D'Spain, daughter of Mr. and Mrs. A. C. D'Spain of Briscoe and James A. "Shots" Treadwell, son of Mr. and Mrs. T. A. Treadwell of Mobeetie, exchanged wedding vows Sunday, July 10 at 2:30 p. m. in the home of the bride's parents.

B. M. Litton, pastor of the Wheeler Church of Christ, read the double ring ceremony. On either side of the arch were tall branched candelabras holding tapers which were lighted by Richard Dyson and R. J. Smith. White door baskets holding white daisies and salmon gladioli were accented by large bows of white satin ribbon.

Mrs. Richard Dyson and Mrs. R. J. Smith sang "Forever and Ever" and "Somewhere Out in the West" accompanied by Roy H. Johnson. Mrs. Johnson played the traditional wedding marches.

The bride, given in marriage by her father, wore a street length dress of white eyelet embroidered organdy with a fitted bodice and a low neckline over white satin. She carried a white Bible covered with white carnations. Her "something old" was a pin belonging to her Grandmother Crockett and "something borrowed" was a

strand of pearls belonging to her cousin Coleene Crockett. For "something blue" the bride carried a blue handkerchief given her for graduation.

Dortha Brotherton, the bride's only attendant, wore a street length dress of yellow organdy over crepe and lace, fashioned similar to the bride.

Troy Treadwell, brother of the groom, attended as bestman.

The mother of the bride wore a sheer orchid print and the mother of the groom wore a sheer white print dress. The mothers wore identical corsages of pink carnations tied with gold ribbon.

Mrs. Treadwell graduated from Briscoe High Schools with the class of 1949. Mr. Treadwell attended Briscoe Schools and is now employed by the Southwestern Public Service in Borger.

A reception was held immediately following the ceremony. The table was centered with a lovely three tiered wedding cake, topped with a miniature bride and groom. Miss Menett Treadwell presided at the bride's book. Mrs. Sherman Crockett served the cake and Mrs. Wayne Treadwell served the punch.

The couple left after the reception for a short wedding trip to points in New Mexico.

Guests for the wedding and the reception were: Mr. and Mrs. T. A. Crockett of McLean, Mr. and Mrs. Sherman Crockett and family of McLean, Mr. and Mrs. Leon Crockett and Coleene and Charles

of McLean, Mr. and Mrs. Harris D'Spain and Margaret Sue of Kellerville, Mr. and Mrs. T. A. Treadwell and family of Mobeetie, Mr. and Mrs. Richard Dyson of Briscoe, Mr. and Mrs. R. J. Smith of Briscoe, Mr. and Mrs. Jeff Puryear and boys of Mobeetie, Mr. and Mrs. Roy H. Johnson of Briscoe, Mr. and Mrs. Wayne Treadwell of Mobeetie, Mr. and Mrs. B. F. McDonald of Briscoe, B. M. Litton of Wheeler and the wedding group.

Culwell-Horn Nuptials Exchanged Here Sunday

Nuptial vows were solemnized Sunday morning, July 3 at 9:30 o'clock in the First Baptist Church in Wheeler for Miss La Nell Culwell, daughter of Mr. and Mrs. Dallas Culwell of Vigo Park, and Thurman Horn, son of Mr. and Mrs. Oren Horn of Briscoe.

Rev. M. B. Smith, pastor of the First Baptist Church of Wheeler read the single ring ceremony.

The bride was attired in a street length dress of pale blue sylvina with white accessories. Her corsage was of pink roses. Her only attendants were Mr. and Mrs. John C. Vise of Gageby.

The couple left for a short wedding trip immediately following the wedding ceremony. They will make their home southeast of Briscoe where the groom is engaged in farming.

Mr. and Mrs. Horn both attended Briscoe High Schools. Mr. Horn graduated with the class of 1949 and Mrs. Horn plans to finish during the next school term.

Wheeler H. Demo Club Met In Bradley Home

The Wheeler Home Demonstration club met for their regular meeting in the home of Mrs. Richard Bradley. The program was on cutting and sewing a dress without basting and without stretching the material. Mrs. Emma Hastings gave an illustration on different members dresses.

Refreshments were served to one visitor, Mrs. Miner and to the following members: Mrs. H. J. McCormick, Mrs. Homer Moss, James Clepper, Mrs. Davidson and the Home Demonstration Agent, Mrs. Hastings and the hostess, Mrs. Bradley.

The next meeting of the club will be in the home of Mrs. James Clepper, July 20.

A thorough grain bin cleaning is important to keep out the insects. Before storing any grain harvested this year, clean out and spray your grain bin to kill the insects that are already there, and keep the rest out while the grain is in storage.

Rainy weather is indicated by a ring around the moon.

REMEMBER HEROES ON JULY 4th

THE STORY OF AMERICA'S first flag is told to Little Karen (left) and Patricia Ballard by Commander Robert Bonagura of the Robert Porter Post, VFW, in Brooklyn, N. Y., as part of the observance of July 4th. Also celebrating the 50th anniversary of the Veterans of Foreign Wars, the New York post this year is honoring the memory of Lt. Harms Barkaloo and Simon Cortelyou, who served in the Revolutionary War and are buried in famous Barkaloo Cemetery in Brooklyn, N. Y. (International)

D. R. Waters Honored With Birthday Dinner

A birthday dinner was given Sunday, July 10 in the home of Mr. and Mrs. Leslie Waters in Mobeetie honoring their son, Donald Ray and their niece, Mrs. Neal Herd.

The lace covered table was centered with a large vase of sweet peas and snap dragons. Those attending the dinner were: Mr. and Mrs. Neal Herd and Mrs. Herd's parents, Mr. and Mrs. Frank Dawson of Borger, Donald Ray Waters, Miss Peggy Williams, Keith and Glenn Waters, Jerry and Nella Rose Dawson of Borger, and the host and hostess, Mr. and Mrs. Leslie Waters.

WCS Holds Regular Meeting At Church

The W.C.S. met Monday afternoon, July 11, at 2:30 in the First Methodist Church. Mrs. Lloyd Davidson presided over the meeting. To begin the meeting Mrs. Ollie Hubbard gave the prayer followed by a business meeting. The group sang "Dear Lord and Father of Mankind". The devotional for the meeting was given by Mrs. D. E. Holt with a prayer by Mrs. J. M. Porter. Mrs. Darris Egger and Mrs. Porter gave the program, "The United Nation". Mrs. C. C. Robison dismissed the group with a prayer.

Those present were: Mrs. D. E. Holt, Mrs. C. C. Robison, Mrs. Ollie Hubbard, Mrs. C. M. Hampton, Mrs. Darris Egger, Mrs. Darris Hutchison, Mrs. Lloyd Davidson and Mrs. J. M. Porter.

MISTAKEN

He was sitting in the suburban train reading his evening paper. The man beside him got up and left. As he turned the pages he noticed on the vacated seat a pair of gloves.

There wasn't a moment to lose. He snatched them up, dashed to the exit, threw the gloves on the platform.

Then he returned to his seat. But his look of faint self-satisfaction vanished when the man on the other side of the vacant seat leaned across and said:

"I say, old man—would you be good enough to tell me just why you threw my gloves out?"

LUCKY KID

In the park, the other day, we saw an elderly gentleman staring over the sight of a giddy middle-aged woman acting silly next to a pet pool.

"Can it be," he ventured, "that you actually find pleasure in that disgusting spectacle?"

"It can be," he replied. "It seems that a bad bringing up of a lucky baby escaped."

PUCKETT'S RECIPE OF THE WEEK

By Mary Lee Taylor

Butterscotch Meringue Puddings

Put pudding powder into saucepan. Stir in slowly a mixture of milk and water. Bring to a boil, stirring constantly. Boil slowly and stir 30 seconds. Remove from heat. Stir slowly into slightly beaten egg yolk. Cook and stir 2 minutes longer. Cover and chill. Stir occasionally while chilling. Grease 4 large custard cups or dessert dishes. Roll graham crackers into fine crumbs. Blend in peanut butter with fork. With back of spoon, press crumbs mixture on bottom and sides of greased dishes. Fill with chilled pudding. Beat egg white until stiff. Beat in brown sugar, a tablespoon at a time. Put on top of puddings and continue chilling until ready to serve. Makes 4 servings.

*Vanilla pudding powder also can be used.

POOR QUALITY HOGS ARE VERY SLOW SALE

Poor quality hogs are usually a drag on the market. They sell for less money and when market conditions are tight, poor quality hogs are graded down severely, says E. W. Regenbrecht, extension swine husbandman of Texas A and M College.

Regenbrecht says a hog of poor quality is cold-blooded, long-legged, high-flanked, slow in developing, small-hamed or in other words it just doesn't have what it takes to make a choice animal at six months of age. Improvements have been made but much more can be done, especially with the range hog industry in Texas. Range producers, says Regenbrecht, produce hogs at a low cost and the price of a good boar would not add much to this cost, but the increased prices received for the better pigs would certainly more than pay the difference.

First cross pigs do sell for more money and leaving their ears on also adds to the sale price, he says. A few days ago visits were made to several auction sales where range raised feeder pigs were sold in large numbers, and the difference paid for poor quality first cross and good quality pigs and hogs were carefully noted. Regenbrecht reports that cold-blooded feeder pigs sold for \$8.00 to \$12.00 per hundred pounds, better marked and better quality

feeder pigs sold for \$15.00 to \$16 per hundred and the extra good ones were going at \$19 to \$20, and the demand for the best was strong. This is a difference of about \$8 to \$11 per hundred pounds and the use of better boars made the difference, he says.

The county agents, vocational agriculture and G. I. agricultural teachers in Texas are interested in doing something about this problem and they can get help from the Texas Swine Breeders Association. The association will work with any individual or organization interested in improving the quality of hogs in Texas.

The fastest way to make range hogs more profitable for the producers, says Regenbrecht, is to put good boars with the range sows and thus produce a better quality feeder pig that can be readily sold on the market.

A number of range hog producers are following this practice and they are finding it profitable, concludes Regenbrecht.

TREND OF THE TIMES

Overheard in a restaurant in lower Broadway in the luncheon hour.

"How's your new stove, Harry?"
"Phew!" exclaimed the other, clapping a hand to his brow. "I don't think she ever went to school. Why, just yesterday she addressed an envelope to Washington, D. C."
"Hang onto her," advised the other. "That girl isn't so dumb after all."

A suddenly falling barometer indicates a short storm.

GEN. 'IKE' AT THE THROTTLE

FLASHING HIS FAMOUS smile, Gen. Dwight D. Eisenhower opens the throttle of the Pennsylvania's newly-equipped, streamlined train "The General," leaving New York. Gen. Eisenhower drove the "Iron Horse" the first 100 yards of its trip to Chicago. Aboard the flyer were members of the General's family en route to Boone, Iowa. (International)

Pump Is The Heart Of Farm Water System

The water pump is the heart of the farm water system says W. L. Ulich, extension agricultural engineer of Texas A. and M. College. It works for the family and the livestock under all conditions.

There may be quite a few things around the farm that the average farmer can do without if he has to. But if everything else on the farm fails, you still have to have water. You'll be less likely to have trouble with your water system if you have a water pump that fits the special needs of the farm and home, Ulich adds.

He says there are three different types of electric water pumps that are in general use on Texas farms. The shallow well pump, the lowest priced one, is best suited for wells with a water level of 15 to 28 feet below the surface.

The plunger type, deep well pump is used when the water level is deeper than 22 feet. The cylinders that lift the water in this type are lowered to within 20 feet of the water, Ulich says. It can be used for wells of any depth, but is especially adapted to deep one.

The third type water pump is the jet pump, used for either shallow or deep wells. The jet pump doesn't have to be directly over the water source, which is an advantage.

If you're figuring on buying a water pump this year, it may save you some money to buy the kind that will best fit your farm needs, he concludes.

LAST MINUTE DISASTER

The doctors, after much consultation, had decided that, after twenty years in the mental hospital, Mr. Blank was fit to be released.

On the morning of his release Mr. Blank was allowed to shave himself instead of having to submit to the attentions of the barber in the home.

Turning to address a remark to one of the attendants who had come to wish him goodbye, his razor caught the string which supported the shaving mirror which fell to the ground.

When Mr. Blank tried to go on with his shave he looked at the blank wall.

"Well," he said with a sigh, "if that isn't just my luck. After twenty years in this place, on the very day I'm going to be let out, I've cut my head off!"

Nut grass, or coco grass, can be choked out by growing plants that will smother it. Cowpeas and sudangrass will do the job in the summertime, and in the winter, wheat, oats, barley, rye or rye-grass can be planted to control this yard pest.

MOSS CAN BE CONTROLLED

Moss and other underwater growth can be controlled and killed by using sodium arsenite says, R. E. Callender, extension specialist in wildlife management, Texas A. and M. College.

Members of the Sommerfield Lake Club asked county agent J. W. Stufflebume, Jr., Washington county, to help them clean up their lake. The moss and weed growth was so thick in the lake that fishing and boating was next to impossible and heavy applications of fertilizer had no effect on the water vegetation. Callender says the lake was carefully measured and they figured it contained 400,000 cubic feet of water. Ten gallons of sodium arsenite was mixed with about the same amount of water and the entire surface of the lake was sprayed. Complete coverage is very important, he adds.

The moss and above water growths were killed within 24

hours and four days later the moss began to change color and started floating to the surface. By the end of the week, says Callender, open patches of water began to appear and fishing was resumed. At the end of two weeks, the surface was still covered with dead moss and most of the underwater growth seemed to be dead. Latest reports indicate that one more application of the spray may be necessary to get complete control of the vegetation.

Callender concludes with this warning, measure the lake or pond very carefully and figure its contents before using sodium arsenite. Too heavy an application can prove fatal to the fish. Follow closely the recommendations covering the use of this weed killer, and he recommends that you check with your local county agent before starting a control program in your pond or lake.

Hens in the laying flock that show a shrunk, dried-up comb, yellow beak, new feathers, yellow shanks and yellow vents should be culled and sold. A continuous culling job will pay any poultryman good dividends.

To provide a place for the iron and to keep the ironing board cover from being scorched, back piece of asbestos paper on the ironing board where the iron is usually placed.

YOU SAID IT, LADY?

Sally was a smart girl—too smart for her own good. Mother was afraid she was going to be an old maid, what with her pre-occupation with politics and economics and sociology and what not.
 "But, Mother," the girl protested, when the older woman chided her for being too bookish, "a man likes a woman who shows him she is clever."
 "Oh, no," replied world-wise Mother, "a man likes a woman who shows him he is clever!"
 Farmers can save money if they will buy the water pump best suited for their needs. Three types of water pumps on the market give the farmer a choice, depending on the depth of his well.

LEGAL NOTICE

CITATION BY PUBLICATION THE STATE OF TEXAS TO:

The unknown heirs, devisees and legal representatives of E. A. PRICE, JOHN WHORTON, ROSA FRANCES NANCE, and husband, PAUL NANCE, AND JAMES ARTHUR WHORTON, deceased, GREETINGS:
 You are commanded to appear and answer plaintiff's petition at or before 10 o'clock A. M. on the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 1st day of August 1949, at or before 10 o'clock, A. M., before the Honorable District Court of Wheeler County, Texas, at the court house in Wheeler, Texas.

Said plaintiff's petition was filed on the 19th day of May 1949, and being Numbered 4015 on the Docket of said Court.

The names of the parties in said suit are:

J. R. Clark, plaintiff and T. R. Johnson, W. J. Price, H. H. Price, Leonard Waddell, Ben Franklin Whorton, John Tom Whorton, Nettie Mildred Whorton, a feme sole, Sarah Elizabeth Phipps, and husband T. H. Phipps, Charlie Washington Whorton, Lula Mae Hawkins, and husband, M. M. Hawkins, and the unknown heirs, devisees, and legal representatives of E. A. Price, deceased; John Whorton, deceased; Rosa Frances Nance, and husband, Paul Nance, deceased, and James Arthur Whorton, deceased, are defendants.

The nature of plaintiff's suit is in trespass to try title to the following described tract of land lying in Wheeler County, Texas, and being all of the North Half of Section No. 31, Block A-9 of the H&GN RR Co. surveys, containing 320 acres more or less.

Plaintiff pleads title to said lands, against all said defendants, their unknown heirs, devisees and legal representatives, and in support of his title, plaintiff pleads

RECEIVING PACT RATIFICATION

SMILING SECRETARY of State Dean Acheson (left) is handed Luxembourg's ratification of the North Atlantic Defense Pact in Washington by Hugues Le Gallais, Minister of Luxembourg. The document will be placed in the National Archives until the pact is ratified. (International)

the three, five and ten year statutes of limitations.

Prayer is for title and possession of lands against all said defendants, and that title be quieted in name of plaintiff.

Issued this 17 day of June 1949. Given under my hand and seal of said Court, at Office in the City of Wheeler, Texas, this 17 day of June 1949.

(SEAL)
 CHRISTOPHER S. McCLAIN
 Clerk of the District Court of Wheeler County, Texas
 26-4tc.

WIT OR HALF-WIT?

A farmer was driving past an insane asylum with a load of fertilizer when an inmate called to him:

"What are you hauling there?"
 "Fertilizer," replied the farmer.
 "What are you going to do with it?"

"Put it on my strawberries."
 "You ought to live here. We get sugar and cream on ours."

A clean kitchen stove looks and cooks better than one having a thick film of grease, spoiled food, dust and rust. Cleanliness is important for full, even, efficient heat. A clean range also keeps the kitchen free of unpleasant odors and smoke.

India and Afghanistan are connected by the Khyber Pass.

Oiled dustcloths and mops do a good job of picking up the dust, but should never be used on wax surfaces. An oiled cloth used on furniture finished with wax makes the wax sticky and dingy because the oil softens it up, just as an oil mop does on a waxed floor.

WHY DIOGENES QUIT

He met an ex-soldier who confessed he had only been a private. He met a politician who admitted he had made a mistake.

He met a defeated political candidate who did not blame his defeat on the perfidy, and trickery of the other party.

He met a man who had been fishing and said he hadn't even gotten a bite.

He met a husband and wife both of whom said they had been wrong at the end of an argument.

He met an editor who did not

blame the printer or proof-reader for a mistake in his paper.

Having met all these smart people, Diogenes blew out his lantern and went home, being so old by this time that he could hardly walk.

Texas farmers and stockmen are again cautioned about the use of 2,4-D applications on plants. Careless use of this poison has caused extensive damage to desirable plants, shrubs and trees. Users are urged to read and follow directions and cautions carefully.

SERVING the Gulf South

... by making business BETTER FOR EVERYBODY!

United Gas is serving the Gulf South in many ways... in addition to supplying natural gas fuel for more than 400 cities and towns in this area. Every dollar of payroll or taxes, every dollar invested in construction or development by United Gas means more money in circulation for all to share. Last year, for example, our company invested more than 70 million dollars here in the Gulf South (more than half of which was spent in Texas), and that's money that rang cash registers for all types of local business, made jobs for you and your neighbors, and made business better for everybody.

This is a good example of the way the American Business System works to bring better living to your community.

UNITED GAS UNION PRODUCING COMPANY

...SERVING THE Gulf South

One of a series of ads illustrating the many ways in which United Gas contributes to the welfare of the credit service.

Personal

Edison Sorenson and daughters, Mabel and Joyce, visited relatives near Quanah the later part of last week and Mr. Sorenson and his brother did quite a bit of fishing.

Word was received in Wheeler this morning that E. H. Kennedy of Milesheo who formerly resided here lost his arm in an accident near Dimmit Wednesday afternoon. Mr. and Mrs. Harry Wolford left this morning to be at his bedside.

Felice's Flowers is a member of Texas Telegraph Delivery and can send flowers anywhere. 31-11c

Mr. and Mrs. Glen Renter of El Paso were Wheeler visitors Monday.

Mr. and Mrs. R. W. Hard of Elmore, Kans. are visiting in the home of their daughter, Mrs. Frank Wefford and family.

Mr. and Mrs. Claude Cooper and son have returned to Oklahoma City after spending the weekend with Mrs. Cooper's parents, Mr. and Mrs. R. L. Jackson.

Weekend guests of Mr. and Mrs. W. A. Purnell were: Mr. and Mrs. George Ritter and Mr. and Mrs. Vernon Stark and son of Denton, Mrs. Paul Wright of Dallas, Mr. and Mrs. A. J. Ellison and children of Bovina, Mrs. Bennie Purcell of Happy, Mr. and Mrs. R. D. Purnell and family of Shamrock, Mr. and Mrs. Alan Smith and family of Wheeler. Those visiting in the W. A. Purnell home Sunday only were: Mr. and Mrs. John Henry and Mr. and Mrs. Mat Geyer of Sweetwater, Okla. Also Mr. and Mrs. J. A. Tucker of Kelton.

Mr. and Mrs. Lewis Martin and Mr. and Mrs. Carroll Pendleton went to Carlsbad, New Mexico last weekend.

Flowers brighten any occasion and you can have them simply by phoning 11. Wheeler. 31-11c

Mr. and Mrs. Lewis Martin left Wednesday for a short visit with relatives in Jasper, Missouri.

Chico Craig was carried to the Veterans Hospital in Amarillo in a Kirk-Mason ambulance Tuesday night. Mr. Craig suffered an attack of appendicitis.

Mr. and Mrs. Roy Ford gave an ice cream supper Monday night for Mr. and Mrs. N. D. Ware, Jr. and Mr. and Mrs. Joe Weatherly and Diane.

Mr. and Mrs. Harold Nash and children have gone to Pote, Texas after Mr. Nash's mother. They will stay for a short visit.

Miss Gladys Pettit and Dick Weaver of Oklahoma City were visitors in the Shelby Pettit home Sunday.

Mr. and Mrs. Roy Ford visited Mr. and Mrs. Furman Maxwell in Borger over the weekend.

Mr. and Mrs. Loyd Echols of Megargel are visiting in the Edison Sorenson home this week.

Mr. G. W. Mason had an emergency operation at the Shamrock General Hospital Tuesday afternoon and is doing as well as could be expected.

Miss Sue Farmer of Shawnee, Oklahoma came to Wheeler Wednesday for a visit with her aunt, Miss Birdella Genthe.

Dr. John H. Walker and family of Tempe, Ariz. visited in the home of Dr. and Mrs. Glenn R. Walker Friday.

Mr. and Mrs. R. Wm. Brown and Billie V. returned Sunday from a business trip to Ft. Worth.

Mr. and Mrs. Ross Errington and daughter, Mr. and Mrs. Dick Whitehead and son of Amarillo were weekend guests in the home of Mr. and Mrs. R. E. Errington and sons.

Felice's Flowers for all occasions—place your order with Frank Wolford, phone 11. 31-11c

Mrs. W. O. Weatherly and Mrs. Jess Moore visited in Amarillo Sunday. Mrs. Weatherly visited Mr. and Mrs. Bill Gilbert and Mrs. Moore visited her mother, Mrs. Nell Ashley.

W. E. Stevens of Quanah was a Wheeler visitor Thursday.

Of Interest To

(Continued from Page 1)
Most World War I veterans who had active service between October 6, 1917 and July 2, 1921, may purchase USGLI.

It is possible to renew expired five year level premium U. S. Government Life Insurance term policies for another 5-year period. Under the law, such policies may be renewed for second, third, fourth or fifth, 5-year period without medical examination.

To renew an expired policy or to take out new USGLI, it will be necessary that the veterans pass the medical requirements.

Dyer Is Appointed

(Continued from Page 1)
from East Texas State College and a Masters Degree from West Texas State College at Canyon.

Allen Kavanaugh was selected for the post at New London over a list of approximately 50 appli-

Mobeetie Happenings

(Continued from Page One)
for Mr. and Mrs. J. W. Henderson, Jr., Mr. and Mrs. Lounie Schaub of Pampa, Texas.

Saturday dinner guests in the home of Mr. and Mrs. Leslie Waters were: Mr. and Mrs. Lester Levitt, and Mr. and Mrs. Roy Langford of Allison.

Mr. and Mrs. Frank Dawson and children, Jerry and Nella Rose of Borger spent the weekend visiting in the home of Mr. and Mrs. Leslie Waters and Mr. and Mrs. Neal Hurd. Nella Rose stayed for a longer visit with her cousin, Keith Waters.

Mrs. J. L. Seitz left Friday for Los Angeles to visit her daughter, Mrs. Floy Weaver. She will stay until fall.

Mr. and Mrs. Joe Machado and son, who have been visiting in the home of Mr. and Mrs. S. W. Williams and Mr. and Mrs. Pierce Walker, returned to their home in Oakland, California last Thursday. Mr. O. C. Walker returned with them.

Mrs. Bill Concoran underwent surgery at the Worley Hospital in Pampa last Thursday. She is doing nicely.

In his new position, Kavanaugh heads a school district which has a total assessed valuation of approximately \$27,000,000 which is equal to the assessed valuation of Gray, Hemphill, Wheeler and Collingsworth Counties combined.

Kavanaugh was elected County Superintendent of Wheeler County in the primaries of 1938 and was appointed to fill out the unexpired term of B. T. Rucker in September of that year and has been twice re-elected since that time, once while he was in service. Allen Kavanaugh served 4 years in the Army during the time he has been County Superintendent.

Kavanaugh holds a B. S. Degree from East Texas State College at Commerce, a Masters Degree from West Texas State College and has off about half the time required for his Ph. D. degree. He is doing his doctor's work at Colorado State College at Greeley, Colorado.

The Times joins Allen and Erlene Kavanaugh's host of friends in Wheeler and Wheeler County in wishing them the very best that life affords in their new position.
