Judge Okays Giles Bribery Trial Recess

SAN ANTONIO (AP)—The bribery trial of Bascom Giles was recessed until later today after defense attorneys charged unauthorized persons with the grand jury when it voted his indictment.

The unauthorized persons were identified by the defense as Atty. Gen. John Ben Shepperd, Asst. Atty. Gen. Bill Alcorn and former Asst. Atty. Gen. James Castleberry.

Criminal District Judge M. D. Jones recessed the trial when Defense Atty. Fred Semaan said he would call Shepperd as his first witness in support of the allegation.

Semaan said the grand jury which indicted Giles has also been subpoenaed.

The former land commissioner's trial in Criminal District Court on charges of taking a \$30,000 bribe to help swing a veterans land deal already had been postponed twice.

Giles' trial originally was set for April 11 but he won a routine delay until May 23. He obtained a second postponement until Aug. 15 because he had retained a state legislator—State Rep. Cecil Storey of Longview—as one of his defense attorneys.

A mandatory law entitled the 54-year-old defendant to continuance of his case until 90 days after the Legislature adjourned.

Giles is free under \$2,000 bond pending an appeal from his July 28 conviction at Austin on a charge he abetted the theft of \$6,800 from the \$100,000 veterans land fund. He was sentenced to three years in prison.

The former land commissioner was indicted in Bexar County on three counts—two that he consented to accept a \$30,000 bribe from two land promoters, C. V. Wynn and Arthur McKenzie, both of San

Antonio, and a third count alleging he accepted the bribe. Giles, according to the state, agreed to accept the bribe in return for helping Wynn and McKenzie make a good profit on sale of 663 acres of Bexar County land to the Veterans Land Program. The land was sold to 22 veterans, 10 of them San Antonio policemen.

Commissioners Discuss Voting Box Realignment

Discussion of proposed changes in voting precinct lines was to be resumed this afternoon by county commissioners.

The court spent most of the morning on the subject without reaching any decision. Commissioners Earl Hull and Ralph Proctor expressed reluctance to accept more than minor changes in box alignments in their precincts.

County Judge R. H. Weaver had proposed consolidation of some of the rural boxes to cut down on election costs. He said the per-vote cost of holding elections in some of the smaller precincts runs extremely high.

Hull said that "you're going to save very little and create a lot of inconvenience and confusion if you make any changes."

Weaver countered that the present alignment is "outmoded, and needs to be changed." Complicating any changes would be the necessity for keeping all voters assigned to boxes within the commissioner and justice precincts in which they reside.

Commissioners also had under consideration an opinion from the state attorney general to the effect that County Tax Assessor-Collector Viola Robinson is due from \$20 to \$30 per month in supplemental pay for her work in administering the state automobile certificate of title act. The supplemental pay is due from June 15, 1955, the opinion said.

The court authorized an adjustment of \$54.50 in a truck registration fee on which an error was made last March. The vehicle, owned by Sunset Motor Lines, was registered for \$104 when the charge should have been \$49.50. Mrs. Robinson said, She reported she already has refunded the overcharge, but wants the adjustment to be made with county funds.

Foster Dickey, county engineer, also conferred with commissioners on the control of road machinery, a matter which has become an issue in the county road department. Commissioners made no change in their policy which gives maintenance work a prior claim to equipment during periods when road maintenance work should be pressed. They reaffirmed, however, another policy giving the engineer complete authority to transfer equipment to any job he deems most essential.

Red Symbol Removed

Austrian workmen remove a huge red star from the mast at the rich Zistersdorf oil fields in Austria. The removal of the stars, mounted on Soviet orders on tops of the installations, and the hoisting of red-white Austrian flags in their place, symbolized return of Austrian property held by the Soviet Union in Austria since the end of World War II.

3 BURGLARIES, ALSO

Station Attendant Clubbed, Robbed

A service station attendant was injured during a robbery here early this morning when he was struck in the head by an assailant, police said.

Three burglaries were also reported over the weekend, and police indicated that the four crimes might have a connection.

Delbert Lee, night attendant at the Roy Bruce Service Station at Third and Johnson, was the man injured. Officers said that 10 stitches were necessary to close the wound.

Lee said that he did not know what he was struck with, but it must have been a metal object. Only one man attacked him, he reported, and that man was walking.

The blow did not knock Lee out, according to police, but it dazed him, giving the robber time to loot the cash register and run. Ap-

proximately \$15 was taken from the register, and another \$5 was taken from Lee.

Police Captain M. L. Kirby said this morning that the assailant probably had a car waiting for him west of the service station, as he ran to the west on leaving. The robbery occurred about 3 a.m.

Lee gave officers a detailed description of the robber, saying he was about five feet, 10 inches tall and around 30 years of age. He was wearing blue trousers and a white shirt and had one tooth missing, in front, it was reported.

Places burglarized over the weekend were Hull-Phillips Grocery, the Nutt Drive-In Cafe, and the Skyway Drive-In.

Capt. Kirby said that tracks show whoever entered the Nutt Drive-In left his automobile about a block west of the establishment. Entry was made between midnight and 7 a.m., and money was taken from coin machines.

The juke box, cigarette machine and shuffle board were all ripped open. It was not known this morning how much money had been taken. Quite a bit of damage resulted to the machines, however, as they were opened with a pickaxe.

Entry to the drive-in cafe was made through a rest room, from which the store room was broken into. An exhaust fan was removed between the store room and kitchen to gain entry into the cafe proper.

The Nutt Drive-In is located at Tenth and Gregg Streets. Yeggs entering the Hull-Phillips Grocery on the Lamesa Highway Saturday night made off with approximately \$100 in cash and a 38-caliber pistol. Sheriff's deputies said the illegal entry was discovered Sunday morning.

The burglars apparently pried a screen off a back window to gain entry into the grocery. The safe wasn't locked, deputies said, and the money was taken along with a pistol.

An estimated \$25 was taken from the cigarette machine, music box, and shuffleboard at the Skyway Drive-In on West Highway 80. The burglars entered through a broken window at the back of the business. Apparently, only the amusement machines were disturbed. Sheriff's deputies made the investigation.

"Hello there, Tom. It's nice to see you again," said Eisenhower. It was then that the President turned to the group and called that it was sure good to be back.

After that he shook hands with several of the neighborhood youngsters with whom he became acquainted in other years.

One of them, 13-year-old Larry Modest, had a bit of trouble getting his camera and flash bulb to work. So the President halted where he was on the sidewalk and waited patiently.

"Have you got it all right now?" Eisenhower asked, and Larry nodded happily that he had got his shot.

The President trotted up the steps to Mrs. Doud's blue-awned porch and his 1955 vacation really was under way.

Kitchen Fire Routs 400 In Nevada Hotel LAS VEGAS, Nev. (AP)—Some 400 persons were forced to leave the luxury Hotel El Rancho Vegas last night and three persons were over- come by smoke when a fire broke out in the kitchen of the establish-

Hurricane 'Diane' Heads Coastward

Texas Receives Extension On Duck Season

WASHINGTON (AP)—In anticipation of the best duck hunting season since 1952, the Fish and Wildlife Service today announced new migratory waterfowl hunting regulations for 1955-56.

A considerable increase has been made for the Central Flyway which includes Texas, Oklahoma, Kansas, Colorado, New Mexico, North and South Dakota, Montana, Wyoming and Nebraska.

An over-all increase of five days is given for hunting migratory waterfowl with the season running from Oct. 1 to Jan. 15. The individual game administrators will grant hunting dates for the states.

General rules on hunting hours will be from one-half hour before sunrise to sunset.

States desiring a split season instead of a continuous one may do so but they will be penalized 10 per cent of the permissible hunting days, the new regulations state.

In the Central Flyway, these rules apply: For coots and ducks, a 75-day straight season or two split seasons of equal or unequal length, minus the 10 per cent penalty.

The same bag and possession limits will prevail for ducks, 5 and 10, and for coot, 10 and 10.

For geese, a 60-day straight season or two split seasons totaling not more than 60 days. In consideration of the status of Richardson's and Great Basin Canada geese, the Central Flyway Council proposed a goose season of 60 days, with a bag and possession limit of five, which may not include more than 2 Canada or 2 White Fronts or 2 of these in combination.

The goose season is to be within the dates for taking ducks but cannot run later than Dec. 31 in any state except Texas, where it may extend to Jan. 15.

The 15-day jacksnipe season will continue with bag and possession limits of 8.

There is a heavy Negro population in East Texas and feelings about segregation are strong. Citizens Councils have been formed in at least four communities to fight the Supreme Court order against segregation in public schools. Many school boards have announced they will not integrate schools this year.

Shepperd said the Citizens Councils should not be confused with the Ku Klux Klan. "Citizens groups use legal means," he said. "The Klan uses fear, hatred and illegal violence."

"The Klan obviously hopes to exploit resentment in the Southern states against the recent U.S. Supreme Court decision on inter-

gration in the public schools," he said. "This decision may be opposed in an orderly, peaceful and legal manner, but not by mob rule and mass violence."

"As far as we can determine, Klan promoters have been rebuffed by responsible local citizens and we hope that no active functioning group has yet been organized," he said.

He said all state agencies are pledged to fight the Klan and local prosecutors are on the watch for any rebirth of it.

Texas laws provide stiff penalties for operations by masked or hooded organizations.

Contractor Slates Start On Freeway Contractor is to begin moving in equipment this week for the start of construction on the U. S. 89 Freeway in the eastern half of Howard County, county commissioners reported today.

The officials said they had received that report from the State Highway Department. The firm of Gilvin-Terrill Inc., which is completing work on the freeway in western Mitchell County, is to perform the work on a contract of approximately \$1,380,000.

When the new Howard segment is completed, the freeway will extend from Westbrook to Odessa, a distance of about 90 miles. The 60 miles from Big Spring to Odessa is now the longest stretch of four-lane divided highway in the state.

Eleanor Wings Way To U. N. Assn. Meet TOKYO (AP)—Mrs. Eleanor Roosevelt arrived in Tokyo today en route to Bangkok, where she will attend a meeting of the World Federation of United Nations Associations.

IN FAST HEAT Jerry Bill Runs Good Race, Loses grand champion, Richard T. Robber of Rochester, N. Y. Although disappointed he didn't win a round, Jerry nevertheless took his defeat in stride. He joined all the other Derby champs Sunday evening at a gigantic banquet program, when the All-America prizes were awarded. Robber, of course, took a \$5,000 college scholarship.

Jerry Bill was to leave for home Monday morning, with Loyd Wooten and Pete Cook, who accompanied him here.

Young Hutchens was sent to Akron by Tidwell Chevrolet Company, which, with The Herald and the Big Spring Lions Club, sponsors the local Derby event. The national show is sponsored by the Chevrolet Division of General Motors, which has built it into the greatest amateur racing event in the world.

By JOE PICKLE AKRON, Ohio — Big Spring's Soap Box Derby champ, Jerry Bill Hutchens, fell off in the first round of the great All-American racing event here Sunday — but he ran good time and deserved a pat on the back for a good try.

He was edged in his heat by Norman Easterbrook of Columbus, Ohio, who went ahead to capture fifth place in the national event.

He might have been a heat winner had he not fallen by chance in one of the 10 fastest heats of the 32 first-round races. Only nine were faster than the 27.79 in which Jerry raced. Indirectly, he was only about a length off the pace of the grand champion, as Easterbrook was ousted by inches by Robert Thayer, Detroit, who finished second, closely behind the

British Repulse New Raider Attack

LONDON (AP)—Five masked men attacked guards at a British army garrison in Wales early today in the second raid on a military depot within 48 hours.

La. Col. Lord Langford, commander of Kimmel Park garrison near Rhyll, said one sentry blew his whistle to alert the camp and the attacking men fled.

"Nothing is missing from the camp and they did not get to the armory," he said in a statement. Lord Langford did not identify the raiders.

Two days ago a gang believed to be members of the outlawed Irish Republican Army raided an army depot near Reading, England, and escaped with machine guns, rifles and ammunition.

Three young Irishmen were arrested, two of them in a truck loaded with ammunition, a few hours after the raid. Police launched a nationwide hunt for the other men, estimated at from 5 to 20 in number and described as "desperate and dangerous."

The IRA is dedicated to driving the British out of North Ireland. The Sunday Express quoted a leader of the outlaw group as saying new violence is inevitable.

The Sunday Graphic reported yesterday that extra guards had been rushed to Balmoral Castle in Scotland, where Queen Elizabeth II and her family are vacationing. It said other guards had been sent to Prime Minister Eden's country cottage in Hampshire.

Scotland Yard declined to confirm the Graphic's report. A spokesman said only "Security arrangements exist, of course, but they can't be discussed."

MIAMI, Fla. (AP)—A hurricane hunter plane winged toward Diane, fourth tropical storm of the season, and its report will determine where along the Georgia and Carolina coast hurricane warnings will be hoisted early this afternoon.

Forecasters had expected to order warnings up at 11 a.m. EST, but postponed the orders until this afternoon.

"We need one more good fix on the eye and its movement," they explained.

The storm was moving west-northwestward at 15 miles an hour and was 530 miles east of St. Augustine, Fla., at 11 a.m. Its eye was near latitude 29.7 north, longitude 71.5 west at that time.

"The Georgia, South Carolina and North Carolina coastlines have been placed on a hurricane alert. It is expected hurricane warnings will be ordered for a portion of this area this afternoon if the next reconnaissance center fix confirms present movement," said the advisory.

"All interests in the area of hurricane alert should make preliminary preparations and keep in close touch with advisories this afternoon and tonight.

"Tides and winds will begin to increase tonight. Shipping should exercise caution in the path of this hurricane and all small craft between Cape Hatteras, N.C., and St. Augustine, Fla., should remain in port."

Diane's peak winds are blowing at 115 miles an hour. Any wind of 75 miles an hour or higher is of hurricane force. Diane has a band of hurricane winds 230 miles in diameter around its center.

The storm moved forward at 8:30 a.m. EST today at a 15-mile pace with no indication of slowing. It was centered then a little more than 600 miles east-southeast of Jacksonville, and was moving toward the west-northwest.

Forecasters had expected Diane to turn along a slightly more northerly course and only yesterday considered North Carolina and states north of there to be the most threatened.

Since then, however, a low pressure trough extending outward from last week's hurricane, Connie, moved inland, and at the same time a high pressure ridge over the Atlantic moved westward and today covered the state of Virginia.

Connie's low pressure trough serves to attract Diane, while the high pressure prevents the hurricane from making the expected northerly recurve.

"As a result the situation has become critical for the southeastern coast," said Cecil Gentry, Miami forecaster. "There no longer is a question whether we will issue hurricane warnings. The problem now is to pinpoint the area."

Sections of the North Carolina coast were raked by winds from Hurricane Connie only last week. Damage was estimated at from 7 to 10 million dollars.

Shipping in front of Diane was advised to exercise caution.

Diane formed while Connie was still dumping heavy rains on the Middle Atlantic states. It first appeared Aug. 11 about 420 miles northeast of Puerto Rico and moved northeastward, later switching to a westerly course and then settling into its present path.

It rolled through the Atlantic yesterday, bypassing Bermuda to the south.

Rough seas and 35 to 40-mile winds were noted at Bermuda but the storm was too far away to do much damage. However, the storm claimed its first victim there, Mrs. John Bastin drowned Saturday in heavy seas.

By The Associated Press Showers fell in parts of South Central and South Texas early Monday while temperatures dropped to record lows in North Texas.

It was still raining early Monday east of Palfreys, which got a downpour of 1.44 inches before dawn. Colima reported 73 of an inch, Wichita Falls 25, Victoria 13 and Laredo .58. It was still raining around Victoria and Laredo early Monday.

Most of the rest of the state was generally fair to partly cloudy. More scattered showers were forecast.

Gallagher Witness Testifies Sergeant Was 'A Fine Guy'

NEW YORK (AP)—A defense witness testified today that Sgt. James C. Gallagher of Brooklyn, on trial before a general court-martial on charges of "unpremeditated murder" of three fellow American prisoners of war, "is a fine guy in my book."

"He always treated me all right," testified Robert Chinnault, 31, a laborer of Fredericksburg, Va., who was a fellow prisoner of war with Gallagher in North Korea between 1951 and 1953.

In answer to a question by Lt. Col. William B. Walsh, defense counsel, Chinnault said "I've never seen him mistreat anyone."

Chinnault said that among the prisoners who "thought a lot" of Gallagher were "Veneris" and "Rush."

During the 1953 prisoner exchange, Pfc. James G. Veneris and Cpl. Scott L. Rush decided to remain with the Communists.

Ike Strains Joyfully At The Bit On Arrival For Denver Vacation

DENVER (AP)—If ever a man seemed glad to be back, President Eisenhower does in starting his fourth summer vacation in a row here in Colorado.

There was a warm "Hi, Ike!" from the airport crowd and from his Lafayette Street neighbors as he flew in from Washington last night. And from the President, smiling broadly, it was "Hi, folks—it's sure nice to be here again."

Along with the Chief Executive came his beloved golf clubs, which he hoped to use today at Denver's Cherry Hills Country Club, and his trout-fishing gear for use in a stream high in the Rocky Mountains later in the week.

But it won't be all vacation—no more than it was in the four previous years Eisenhower has come to this state to get away from the Washington routine. His small office has been opened again at Lowry Air Force Base and he probably will spend part of most days there handling affairs of state.

Just before he left the White House, he acted on the last three of the 471 bills which Congress passed shortly in advance of adjournment. He signed one measure dealing with land for a Colorado River project, and another aimed at ending the long District of Columbia bus and streetcar strike.

The third bill he vetoed. It provided for continued stockpiling of some domestic minerals. He also

allocated one million dollars in federal aid for repairing Hurricane Connie damage to North Carolina.

Mrs. Eisenhower did not accompany the President to Denver, her home town, but she plans to return here with him Aug. 24 when he flies to Philadelphia for the day to address the American Bar Assn. convention.

"Have a nice trip," she called to her husband yesterday morning as he left their farm at Gettysburg, Pa., for Washington en route here.

Eisenhower remarked that he had just that—a nice trip—as he stepped from his plane at Lowry Air Base. Coming down the ramp he spotted his mother-in-law Mrs. John S. Doud and cut loose with a cherry "Hi, Min," his nickname for her. Then he planted a hearty kiss on her cheek.

A crowd of several hundred at the airport called greetings and then watched as the President stood with hat over heart for the "Star Spangled Banner" and went on to review an honor guard.

Among the official greeters were Democratic Gov. Edwin C. Johnson of Colorado, former Gov. Dan Thornton, a Republican, and Denver Mayor Will F. Nicholson. Also on hand was one of Eisenhower's closest friends, Aksel Nielsen, a Denver investment banker.

Tomorrow or Wednesday the

THE WEATHER

BIG SPRING AND VICINITY: Fair and mild this afternoon, tonight and Tuesday.

High today 85, low tonight 66, high tomorrow 84.

Highlight temperature for this date in 1915: lowest this date 62 in 1949-1951; maximum recorded 94 in 1920.

High 85, low 66, high tomorrow 84.

Backs Writer In Case Of Boy Of 15

### Apple Men Find Lemons In Basket

DETROIT (AP)—The International Apple Assn. opens its convention today with 1,200 delegates and 32 questionable "guests."

The 32 came here by chartered airliner from Florida, led by Florida's citrus queen Sally Aurdary, 29.

"We aren't here to 'knock' apples," the queen said somewhat patronizingly, "but there's something about an orange..."

Speakers for the apple growers said they'll reciprocate—or retaliate—by sponsoring a delimitation to the citrus growers' Assn. convention in Florida next month.

### VFW Offers Lawyer For Freed Airman

WOODLAND, Calif. (AP)—The California Veterans of Foreign Wars offered today to finance either a lawyer or a honeymoon for Airman Daniel Schmidt.

VFW State Commander Thomas J. Murray told a reporter: "Danny is our boy. Whatever he wants, we want. If he wants a lawyer we'll get one for him. If he wants to make up with Una, we'll give him \$500 for a second honeymoon."

### Dies In Hotel Fire

RIO DE JANEIRO, Brazil (AP)—American crooner Warren Hayes and five other persons died last night in a fire which destroyed the Vogue Hotel in Rio de Janeiro.

Schmidt is the 22-year-old Air Force gunner who came home from 32 months in a Communist Chinese prison camp to find that his wife Una had married another man.

The airman met privately with his wife Friday night in her lawyer's office at Nevada City. Later a source close to the couple said 20-year-old Una told Schmidt she would stay with Alford Fine, the logging camp worker she says she married in the belief Schmidt was dead.

The same source said Schmidt pleaded with her to come back to him for the sake of Danny Jr., their 2 1/2-year-old son, but she refused.

Schmidt has made no public statements about his intentions since that meeting.

He declared, however: "I want to get an attorney to find out where I stand on all this."

### Demonstrations Quiet As ROK Observes Date

SEOUL (AP)—Demands for Communist truce inspectors to get out of Korea continued today but demonstrations quieted as Koreans celebrated the 10th anniversary of their liberation from Japan.

President Syngman Rhee yesterday opened the celebrations with a speech attacking American policy in Asia and restating his determination to remove the Neutral Nations Supervisory Commission from Korea. Koreans claim the Communist Czech and Polish members of the NNSC's truce inspection teams are spies.

Addressing 10,000 people in Seoul Stadium yesterday, Rhee said President Eisenhower had enunciated a new U. S. policy at Geneva—one advocating a new "peace of mutual forbearance."

Rhee urged the free world to abandon any drift toward this or any other "status quo" policy and instead "roll back the Iron Curtain from areas it has illegally engulfed."

"The real problem," he said, "is not how to achieve peace but how to deal effectively with Communist aggression."

For her part, South Korea would insist upon "the liberation of North Korea" in any future negotiations, he declared.

Halfway through his speech, a loud-speaker car began an anti-NNSC harangue outside the stadium.

"Who else is speaking?" asked Rhee, looking angrily around. "If someone else speaks I will not." He sat down. Police rushed outside to stop the noise.

When Rhee resumed, he deviated from his text to warn his countrymen against violence in their demonstrations.

A Japanese newspaperman, Tsuneo Mura, was found beaten into semiconsciousness late yesterday in Seoul.

Later he said he was unable to recall what happened. One friend who found him said he saw a Korean in army uniform hastily leaving the area.

Demonstrators in Seoul yesterday paraded past the U. S. Embassy and the residence of Ambassador William S. B. Lacy. Among them were Buddhist monks and nuns who waved their fists and yelled the standard slogan—"Communist Czech and Polish Spies leave Korea."

Gen. Lyman L. Lemnitzer, U. N. Far East commander, came back to Korea tonight. He had returned to Tokyo only last night.

He saw three last week when demonstration riots reached a peak and told him the United States was obligated to protect the truce teams.

Far East Command headquarters did not disclose his reason for his quick return to Korea.

The demonstration slackened after Rhee announced Saturday he had postponed indefinitely his ultimatum for the truce inspectors to get out of the country. He said then that he had assurances from the United States that it will make efforts soon to obtain peaceful removal of the truce inspection teams.

Peiping radio snapped up this as proof there was "American backing of his (Rhee's) provocations against the commission."

### Dalai Lama's Brother Flees

TOKYO (AP)—The elder brother of Tibet's Dalai Lama has fled his nation's Communist rule and been granted asylum by the U. S. Embassy in Tokyo, it was learned today.

An American spokesman said: "He has been in Tokyo about 30 days and will be given a permanent visa to the United States by the end of this month."

He is Tagiser Denprache, a well-built six-footer and one of his younger brother's close advisers.

The Dalai Lama formerly was the politico-religious head of his nation. He lost at least a portion of his eminence when the Chinese Communists conquered Tibet in 1951.

### Texas' Old Maids In Annual Celebration

DENTON, Tex. (AP)—Texas' unmarried ladies held their annual celebration today, officially proclaimed Old Maids Day this year by Gov. Allan Shivers. The originator, Miss Dorothy Babb, says an entertainment program is planned here. The six-year-old affair attracts many unmarried ladies from over the state.

### Guards Break Up Prison Rebellion

WALLA WALLA, Wash. (AP)—Guards armed with rifles and tear gas ended an inmate rebellion at the trouble-ridden state penitentiary early today six hours after it began.

Warden Lawrence Delmore Jr. said 10 officers seized as hostages in the second such uprising at the prison in six weeks were released unharmed.

There was no damage except for a few windows shattered by guards who fired tear gas into cellblocks to put down the riot, he said.

Shortly after the rioting broke out, prisoners released one officer-hostage with word that "all sorts of dire consequences" would follow if prison authorities did not meet prisoners' demands. The inmates had full control of the prison at the time, the warden said.

Guards regained control wing by wing. Finally the convicts agreed to release the other hostages. No promises were made, Delmore said.

He released this statement after the guards regained control of the prison: "At approximately 6:35 p. m. Aug. 14 while feeding the evening meal, a group of approximately 12 inmates took nine officers hostages. They rushed them back to the steward's office where they were held hostage."

"Our alert was sounded and riot procedures placed in operation. We secured the walls, then individual-fair secured each cellhouse. "The dining room was then en-

tered and we moved the kitchen help who were not involved, to their cells.

"The rioters were cornered in the steward's office. They were reached by telephone, made aware of their situation.

"After a half hour's conference among themselves, they agreed to surrender, agreeing that it was foolish to have the hostages.

"No promises were made except that they would be returned to their cells and interviewed individually in the morning.

"The reason given was that they were seeking transfer.

"At the outset, they attempted to release the inmates recently returned from Yakima. Gas was used to disperse them. ...

"No officer was injured, nor any inmates. All inmates participating were secured at 12:15 a. m. The officer-hostages were sent home as soon as statements were obtained."

Delmore said the inmates attempted to gain entrance to the segregation ward where 15 prisoners who took part in the July 3 rebellion were held.

**NURSE TELLS HER STORY**  
Mrs. Geneva Crabb wrote: "I have been taking BIG 12 and am on my fourth bottle. I had aches and pains in my shoulders, arms and legs which have left me completely and my digestive system is better than for a long time. I am a practical nurse and my work can certainly tire me out. I now have plenty of energy and am in much better shape in every way since I have been taking BIG 12 regularly. I recommend it to my patients. Don't let your life be ruined by miserable aching aches and pains and stomach distress. Be fair to yourself. Try BIG 12 from tonic. At drug stores, \$1.29 and \$2.00.

### Red Farm Leaders Set Last Leg Of U. S. Tour

CHICAGO (AP)—The Soviet farm delegation today began its last

week of its extensive tour of U. S. farming. The wandering Russian farm bosses will be back in Washington a week from today, preparing for a planned two weeks visit in Canada.

### Science Shrinks Piles New Way Without Surgery

**Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids**

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinking) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "This has eased to be a problem!"

The secret is a new healing substance (Hio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparations H. At your druggist. Money back guarantee.

DEMAND FOR 1955 CHRYSLERS RESULTS IN HUGE EXPANSION! This new Chrysler plant, started last March, includes a continuous conveyor system 1 1/2 miles long, will add 40% to Chrysler's production facilities.

### The greatest new-car buying opportunity of the year!

Thanks to the record-breaking demand for its 1955 cars—the "hottest" cars of the year—Chrysler has had to expand tremendously. Upon completion of this Giant Expansion Program, the new plant shown above can boost Chrysler Windsor V-8 and New Yorker production a full 40 per cent!

We know that huge automobile plants aren't built in a day. It's a job that takes several months. That's why we've tried to stock up on enough new 1955 Chrysler Windsor V-8's and New Yorkers to take care of our customers through the season. We've filled our entire year's supply now, at mid-year.

**Pick from our big array of models and color combinations**

Right now, our showroom looks like a Chrysler catalog come-to-life! We can give you an almost unlimited choice of color combinations and body styles—something we haven't been able to do since the big "run" on 1955 Chrysler began the day they were first introduced. But indications are that there just won't be enough to go around. So we urge you to come in now.

**Trade-in value of your present car will never be higher than it is now**

That's right! Every day you wait, your present car is worth less and less. Now's the time to trade.

**Why we're anxious to get your car**

Once our present stock of new Chryslers is moved out, we won't get any more. That's why—today—we're in a hurry to get our used car stocks filled out, so we can be all set later on. Because there's nobody unhappier than an automobile dealer without automobiles to sell.

**We're inviting you to take the 100-Million-Dollar Ride today**

If you've been waiting for a real buy on your new 1955 Chrysler Windsor V-8 or New Yorker... wait no longer! When these cars are gone, that's it!

Stop in today. Take the wheel and take off on Chrysler's 100-Million-Dollar Ride—the ride all America is talking about.

Then get the figures on your trade-in allowance... the best you'll find in town... and choose from our great selection of models and color combinations.

We think you'll agree, this truly is the greatest new-car buying opportunity of the year!

**USED CAR BUYERS!**  
Our "Pennant Winners" include many late model Chryslers. Come in! Compare the values!

**GOOD DRIVERS DRIVE SAFELY!**

# A Bible Thought For Today

And being fully persuaded, that what he had promised, he was able also to perform. (Romans 4:21)

## Editorial

### We Need The Roads, But Who Pays For 'Em?

The whole country's got road troubles, sure sign of an expanding population and economy. Biggest headache of all is the matter of arranging a federal-state deal under which several billion dollars worth of new and improved road would be added to the national network.

financing. For instance, Democratic Governor Johnson of Colorado wants the work financed out of taxes—but opposes levying any new taxes. This, also, would be a neat trick. A group of Congress wanted the program on a pay-as-you-go basis, but proposed to hang the costs on new gasoline and kindred levies which the truck industry says would ruin them.

### It Will Be Adlai In This Corner Again

At least one half of the riddle of the 1956 presidential campaign has to a large extent and purposes been solved. It will be Adlai Stevenson in the Democratic corner.

while avowing his support to Stevenson, nevertheless has been making campaign noises in his own behalf of late.

MRS. JOHN MELVIN WEAVER

### Miss Woodul Becomes Bride Of Mr. Weaver

LAMESA — Lexeen Woodul and John Melvin Weaver exchanged marriage vows at the First Baptist Church in Lamesa Aug. 12.

Mr. and Mrs. Lex Woodul are parents of the bride, and Mr. and Mrs. W. W. Weaver, also of Lamesa, are parents of the bridegroom.

The double ring ceremony was read by the Rev. Milo B. Arbuckle before an all white altar banked with white gladioli with a background of woodwardia palm, and floor candelabra, with tall tapers encircled the altar.

Ernestine Wood, organist, accompanied Linda Hawkins, cousin of the bride of Crawley, Calif., as she sang "Ah, Sweet Mystery of Life," and Marian McDonald accompanied Pat Beckham as she sang "The Lord's Prayer."

Given in marriage by her father, the bride wore an original model gown of white imported Chantilly-type lace over net and satin, designed with a high neckline framed with a band of applied lace.

The fitted bodice was fashioned with a sheer yoke outlined with scalloped lace that met at the center front and extended the full length of the dress. The fitted waist, designed with long sleeves that came to points over the hands, terminated with a deep point at the center front from which stemmed a voluminous skirt fashioned with a shaped bouffant hipline. The circular fullness of lace, net and satin that swept into a short train, was worn over hoops and crinoline.

### Princess Jumper

Princess jumper with lots of flare, its own beau-catcher blouse. Punctuated with buttons at shoulder.

No. 2167 is cut in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40. Size 16: Jumper, 2 1/2 yds. Blouse, 2 1/4 yds. 35-in. Send 35 cents in coin (no stamps, please) for Pattern, with Name, Address, Style Number and Size. Address PATTERN Bureau, Big Spring Herald, Box 42, Old Chelsea Station, New York 11, N. Y.

She wore a silk veil of illusion lace dotted with iridescent sequins and outlined with seed pearls. Her bouquet was of white roses and stephanotis.

Klata Woodul, sister of the bride, was maid of honor. Bridesmaids were Sunny Barrow and Nancy Nowlin. The bridal attendants wore identical dresses of Copenhagen blue net over taffeta. The strapless bodices were covered with tiny ruffles. The long torso waistlines were topped by matching net jackets, and the full ballerina length skirts were worn over crinoline. They wore blue tiaras embroidered with sequins and seed pearls and carried colonial bouquets of white asters.

Flower girl was Gayla Jeter of Lubbock, a cousin of the bride. Greg Carlton Woodul, brother of the bride, was ring bearer, and Patsy McMullen and Layton Zant Woodul, brother of the bride, were candelighters.

Robert Weaver attended his brother as best man. Ushers were Ross Westbrook, Billy Hatchett, Richard Jones, David Hughes, uncle of the bridegroom, and Hulan Preston.

A reception was held in the home of the bride's parents following the wedding. The refreshment table was laid with a white linen cloth. A blue and white wedding cake flanked by white asters and silver candelabra holding blue tapers completed the decorations.

The bride is a graduate of Lamesa High School where she was a member of the National Thespian Troup, Student Council, Tornado Annual Staff and a member of Who's Who.

### Mrs. Betty Ratliff, Colleen Slaughter Sail For Home

Mrs. Betty Lou Ratliff and Colleen Slaughter, on a tour of Europe, have written that they expect to arrive in the United States on Aug. 25, after sailing for home Saturday.

The last countries they have visited are Belgium, Holland and Germany, with two weeks previously spent in Spain. Here, they saw the location where Columbus was received by Queen Isabella, and in Seville, they witnessed a bull fight.

They were present for the changing of the guard before Buckingham Palace in London, and they visited the cottage of Anne Hathaway in Stratford-on-Avon. The two were in France for the celebration of Bastille Day. Mrs. Ratliff is buying dolls dressed in the fashion of the various countries which they visited.

### Dating Is Good Thing

Family relations expert Elizabeth Christopher at the University of Rhode Island says that a good dating pattern increases social adjustment and makes you better able to select a marriage partner. Going steady can cloud your judgment if too much emotion is involved, even though you might have a feeling of security. Summer is a good time to meet and date different types.

### Lest They Forget

HOPKINSVILLE, Ky., (AP)—Mary Helen Jenkins received an unusual gift upon her graduation from Hopkinsville High School. Her cousin, Mrs. Ernie Glover, aided by members of her church, made a quilt for Miss Jenkins and embroidered upon it the names of the 78 members of her class, along with all of the instructors. Each name was in a pretty hand-stitched square.

### Prune Wisteria Now For Future Blooms

By ANNE LEFEVER August is the month for cutting back the long scraggy growths on wisteria. This pruning will result in side spurs, on which next year's blooms will be produced. Some years, such pruning will force ramifying vines to burst into bloom.

Now is the time to plant flats or boxes of seeds of the frost-resisting plants, such as snapdragons, calendula and stock. Set the flats in the open and keep the soil moist. By fall, the little seedlings will be ready to set out in the garden for spring blooms.

This is also the time to be planning your fall planting of bulbs. Place your order soon. Cuttings of begonias, geraniums, coleus, plumbago and shrimp plant should be made now for beauty in winter rooms. Cut about 4-inch stem tips from the plants and root them in moist sand. Be careful not to have the soil too damp as the cutting will rot before roots form. Chrysanthemums should not be pinched back any more. They should be fed every seven to ten days with a liquid plant food un-

til the color begins to show in the buds. Water and mulch them for an early and long blooming season. Staking them will give much better growth as it does with marigolds and dahlias. Roses should be watered generously and fed now in order to urge them on to the fall blooms which last until frost.

Cut the faded flowers from hardy phlox to allow the lower shoots to bloom. Grasshoppers and lawn insects can be controlled by using a spray of chlordane or dieldrin. When tomato bushes stop bearing, a sharp pruning, with plenty of water and plant food added, should start a new crop for fall. Get the ground ready for the fall garden now by clearing away all the weeds, wild grasses and any vegetables left over from summer growing. This is important, since it should not be spaded up to act as it would in a compost heap, forming a mold and heat. It is this heat which would burn and dry out the soil. Spread a thin layer of fertilizer over the space and space it in to a depth of about five inches. Water it and allow to lie idle until planting time is here, removing weeds as they come up.

### Insect-Killing Lamp's Use Can Be Enjoyed Every Day

Americans have come a long way from the days when vessels of water were placed on the floors for cockroaches to fall into and drown. But, with the many various methods of killing insects that have been evolved — some more successful, and others less so — there has always been an element of danger and distaste.

The more effective methods have been either poisonous or extremely unpleasant to smell, as we all know. In the past year or so, a new method of eliminating insects has been developed whereby the housewife can get results similar to that of a professional fumigator on a smaller area at one time.

Everyone is familiar with crystals that burn over a heat, releasing gas to suffocate the insects, but not everyone is aware how important the concentration of the crystals is.

Scientifically designed to concentrate heat is a new ceramic lamp now available. In a variety of decorator colors — so it can serve as a television lamp, hall light, or nursery light when not being used as an insect eradicator — the lamp is equipped with a removable pyrex cup that fits into the top of the lamp, out of sight, and just above a 60-watt globe.

The room in which the insect killer is to be used is closed off from the rest of the house, and windows are closed. Then all you have to do is pour a bag of crystals into the pyrex cup, turn on the

lamp and leave it burning for six to 10 hours.

If it becomes necessary to enter the room during the time the lamp is burning, there's no danger, as it emits just a slightly acrid odor as the gas permeates the room. Unlike many similar types of insect killers, it seeks crevices and cracks — where insects like to hide — and compels them to come out in the open.

And, when you enter the room next morning, your pesky insects — and perhaps many more that you never dreamed could have lived under your drainboards and baseboards — will be lying in the open on their backs, ready for you to sweep out!

The effects of the gas is long-lasting, too, for the residue remains in hard-to-get-at places that insects enjoy so much. In two months or so, however, you may want to treat the room again for safety's sake.

### How To Ease Child's Stay In Hospital

ANN ARBOR, Mich. — If your child has to go to the hospital, let him take that old toy dog or that rusty tin soldier. They're happy companions away from home.

Dr. Nannette Dice, psychiatrist at the University of Michigan, explains that these pals can make the whole ordeal easier, providing a sort of companionship and feeling of home.

It's all part, Dr. Dice says, of preparing your child for the hospital stay. One of the most important things is knowledge. She adds:

"It is better to answer questions frankly and briefly rather than keep the child in suspense. Don't cover up the unpleasantness of the hospital routine, she says. Tell the child the truth. But wait until a day or so before he has to go to the hospital, because a long period of waiting and worrying can make the child more apprehensive."

Then too, says Dr. Dice, children don't know too much about their bodies. Some think that a tonsil is in the stomach, or that doctors have to cut their throats to get at the tonsils.

The parent should explain calmly and intelligently what the trouble is and how the doctor is going to take care of it.

The parents can make it easier by staying with the child when he's hospitalized. But if this isn't possible, she says, the child should be allowed to take a part of home with him, like a baseball glove or a doll.

Then later, when a child comes home, Dr. Dice says, the mother may discover that for a period of a week or 10 days he may be upset.

But in the end, many children come out of the hospital experience emotionally stronger, Dr. Dice says. "A feeling of having been able to pass through and deal with danger and pain may add to a child's self-assurance and sense of security."

### Hated To Say 'Bye'

Mrs. Robert Stevens, wife of the recently retired secretary of the Army, like most people who spend some time in the capital city was sorry to say goodbye after two and a half years.

"It is impossible to live in Washington and not have it become a part of you—the beautiful trees, parks and buildings," she told newsmen at a garden party she and the secretary gave before their departure. "It's history with the people of the past becoming more real like the people who are here today."

There are times, like the ordeal of the Army-McCarthy hearings, that Mrs. Stevens and the secretary would like to forget, the attractive, blue-eyed former Little Cabinet wife admitted, but there are other "important and wonderful things," she said they would always remember.

### Trainmen Ladies

The meeting of the Trainmen Ladies, originally scheduled for this evening at 8 o'clock at the Elks Lodge, has been cancelled. The regular meetings will begin in September.

### Mamie's Own Recipe

WASHINGTON — Mamie Eisenhower's favorite recipe—for pumpkin chiffon pie—photographed for reproduction in her own handwriting, will be included in the new cookbook of the Congressional Club, due out this fall in September. The First Lady is an honorary member of the club which is made up of wives of members of Congress. Pat Nixon, wife of the vice president, has submitted her special recipe for California date nut bread.

### Brown Felt Monkey

By CAROL CURTIS Measuring 10 inches in height, the little brown monkey sports a bright red felt cap, carries a 2-inch yellow banana. Body is of cinnamon-brown felt or cotton, face is light tan. Very easily made as seams are just overcast on right side. Actual size pieces, sewing and finishing instructions on pattern chart.

Send 25 cents for PATTERN No. 550, YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS, Big Spring Herald, Box 229, Madison Square Station, New York 10, N. Y. The NEEDLEWORK GUIDE, 36 pages, 150 designs for knitting, crochet, embroidery, hairpin lace, etc., dozens of beautiful color transfers. Order as you do needlework patterns. Only 25 cents.

### COMING EVENTS

### CONTEST NOW RESTRICTED IN AREA

Effective immediately, entries will be accepted in the Big Spring Herald's Crossword Puzzle Contest ONLY FROM BONA FIDE RESIDENTS (including military personnel stationed therein, and members of their families) FROM THE FOLLOWING TEXAS COUNTIES: BORDEN, DAWSON, GLASSCOCK, HOWARD, MARTIN, and MITCHELL.

PUZZLE 28  
HERE ARE THE CLUES  
CLUES ACROSS:  
3. Just a donkey.  
6. A hydrogen bomb could cause suffering beyond.....  
8. Even if it's not quite to your liking, politeness may prevent your saying so.  
9. Poetic contraction of "even."  
10. Cobra, for example.  
11. They grow in the garden.  
15. Wise or judicious.  
16. Won't sound good to a musician if not harmonious.  
19. A mark.  
21. Economy in building may lead to one.....being very much like another.  
22. It carries a certain implication of authority.  
23. Accused of being.....a woman may well be deeply hurt.  
24. It's natural to be a bit.....when learning that a man is trying to cheat you.  
CLUES DOWN:  
1. The fact that an applicant is.....does not necessarily mean that he gets the job.  
2. A sensible girl wouldn't be likely to wear a.....coat while cleaning her car.  
3. Towards the stern.  
4. To be seen in an English movie theater, of course.  
5. No law-abiding person would dream of.....an escaped prisoner.  
7. To go first.  
10. It's good for farmers to have large.....of hay.  
11. Sort of thing that may well be difficult to explain.  
12. It's used in rowing a boat.  
13. When a repair job is necessary, the sooner you.....about it the better.  
14. When men do so, they often talk to no good purpose.  
17. The man who runs a ship.  
18. Usually gives a satisfactory return to the industrious gardener.  
20. The opposite of "even."

COMPLETE THE BLANK — GET ENTRY TO HERALD BY 8 A.M. THURSDAY  
READ THESE RULES  
(1) Each puzzle of 200 will be paid for the correct solution. If more than one correct solution is received, the prize will be divided equally among the winners. If no correct solution is received, the prize will be increased by \$50 each week until there is a winner. In addition, the Herald will pay an additional award of \$50 if the winner is a regular subscriber to the Big Spring Herald, either by home delivery or through the mail. Another \$25 will be paid the winner whose mail entry is submitted by postcard and not by envelope.  
(2) IMPORANT! There is only ONE correct solution and only a correct solution can win. There is only one answer that is the decision of the judges in the BEST word fitting the definition of each clue. The decision of the judges shall be final and all contestants taking part agree to accept these decisions as a condition of entry.  
(3) After you have completed the puzzle, clip it evenly and mail or deliver to the Big Spring Herald—or to any participating newspaper who offers a bonus to sources. Send entries MUST BE POSTMARKED BY MIDNIGHT WEDNESDAY, AUGUST 17, or delivered outside NEWS REACH THE HEADLINE OFFICE BY 8:00 A.M. THURSDAY, AUGUST 18. No entries received after these deadlines will be declared legitimate.  
(4) Winners and the correct solution will be announced in The Herald, Friday, August 19.

The Power Reactor That Lit Arco

Meyer Novick, Argonne National Laboratory engineer, turns the valve to release steam from a Borax reactor into the turbine which drives a 3,500 kw. capacity generator, right, which was used for more than one hour on July 17, 1955, to light and power the town of Arco, Idaho. The Atomic Energy Commission said Arco is the first U. S. community to be lighted exclusively on a city-wide basis by nuclear power.

# Morse Continues Political Fuss, Predicts Demo Victory In 1956

WASHINGTON (AP)—Sen. Morse (D-Ore.) continued Congress' post-session political sparring today with a prediction that the voters will toss "the Eisenhower administration out of office" next year. Morse's forecast was in a statement replying to a contention by Chairman Bridges (R-NH) of the Senate GOP Policy Committee that party voting records showed Democrats had blocked key parts of President Eisenhower's domestic program.

The study tabulated which way the majority of each party's senators voted. Bridges said it showed Republicans were 82 1/2 per cent strong for the President's domestic policies; Democrats, 45 per cent. Bridges' statement was an obvious plea to voters to return congressional control to Republicans next year. Democrats now have narrow margins in both the Senate and House.

Morse said Bridges' vote study "is typical Republican hokum" based on a "major false assumption, namely that all Eisenhower legislative recommendations were sound ones." "I am proud that many Democrats did not swallow his reactionary program."

Meanwhile 12 Republican senators, none of them party leaders, issued their own blast at the Democratic-controlled Congress through the office of Sen. Allott (R-Colo.). Allott, in an interview, denied that the group was staging a "young Turk" rebellion against Senate Republican Leader Knowland of California or other party leaders.

He said they were unable to reach Knowland or other Senate GOP leaders before the joint statement was issued. The statement said the Democratic-controlled Congress was delaying or ignoring "some of the most important problems facing America today."

It noted lack of action at the recent session on Eisenhower requests for highway, school construction, health, atomic "peace ship" and other legislation. "The delaying Democrats who are in control of the legislative committees of the Congress have postponed action on the President's proposals for meeting many of the nation's basic needs," the GOP statement said, adding: "The Democrats seem to be guided by politics rather than by the need of the nation."

From the Democratic side, Senate Leader Lyndon B. Johnson came out with a statement saying, "The country would be better served if the Republicans would take their eyes off the next election long enough to produce more than 29 votes for the highways (in a House vote) and to permit sober realistic consideration of school aid, health, immigration and other issues that remain before this Congress."

He said the session itself was "remarkably free of rancor and petty politics," and expressed regret that since adjournment some Republicans "appear to have caught election year fever in advance."

Sources here said the U. S. plan provided that any Chinese desiring to leave the United States for the China mainland would contact the nearest Indian consul. Their actual travel arrangements then would be handled by some unit of the Red Cross, it was understood. An Indian government spokesman declined to comment on the reports or to say whether India would accept such a role.

# U. S. Proposes India Assist In Repatriations

NEW DELHI, (AP)—The United States was reported today to have proposed that India assist in the repatriation of any Chinese nationals in America who want to go to Communist China.

Authoritative sources said the United States had made the proposal in the current Geneva talks between Ambassador U. Alexis Johnson and Chinese envoy Wang Ping-nan, and later had transmitted it to New Delhi.

The talks between Johnson and Wang on the repatriation of Chinese in America and some 41 U. S. civilians held in China are in recess until tomorrow. Neither side has announced any progress so far, although Communist sources in Geneva have continued to express optimism about the outcome.

Sources here said the U. S. plan provided that any Chinese desiring to leave the United States for the China mainland would contact the nearest Indian consul. Their actual travel arrangements then would be handled by some unit of the Red Cross, it was understood.

An Indian government spokesman declined to comment on the reports or to say whether India would accept such a role.

# Portuguese Police Kill 3 Indian Nationalists In Goa 'Invasion'

BOMBAY, India, (AP)—Portuguese police fired today on Indian nationalists surging into Goa to back Prime Minister Nehru's demands for the territory. Indian reports said three invaders were killed and 13 wounded.

The firing took place shortly after groups of nationalists began pouring into Portuguese India's main settlement south of Bombay in a "nonviolent" demonstration backing demands that the 1,538 square miles of territory be ceded to India.

Reports from Goa said the clash occurred at Banda, on the north Goa border, when about 300 demonstrators thrust across the jungle frontier. They were met by reinforced Portuguese police with guns and tear gas bombs.

Earlier, 75 marchers reportedly entered Goa from Karwar in the south and some 600—the largest group—crossed at the central frontier.

The Indians carried the saffron, white and green flag of India. They chanted "Quit Goa" and "Goa and India are one."

It appeared the Independence Day demonstration, which lacked the full support of Nehru, was falling short of the mass proportions its organizers had promised. The sponsors had hoped at least 5,000 would attempt the crossing.

However, it was by far the biggest march against Goa since the Indians launched their "peaceful invasions" of that and other Portuguese Indian areas a year ago.

So far all reports of the march came from Goa, where it was believed that most of the demonstrators who reached the border managed to cross. There was no word from Daman or Diu, the other

Portuguese enclaves north of Bombay. Reports from the demonstrators' headquarters at Balgum said hundreds of them could not reach the border because the Bombay state government banned the use of government trucks to carry the marchers to the border.

The Nationalists staged their march shortly after Nehru gave his approval before an estimated 100,000 persons celebrating the eighth anniversary of Indian independence in New Delhi.

He told the demonstrators they were "welcome" to march into Goa provided they acted as "true Satyagrahis." These are followers of the late Mohandas Gandhi's policy of peaceful opposition.

The Prime Minister warned the marchers that, in accordance with tradition, they would not receive any help from the Indian army.

Nehru's approval was lukewarm, indicating an attempt to reconcile his distaste for the mass demonstrations with his realization that it would be politically risky to oppose the movement too strongly.

Reports from Goa said police were under orders to hurl back any intruders supporting the Goa-for-India drive. But Acting Police Commandant Joaquin Pinto Brax said his men had been ordered to make no arrests unless violence developed.

Goan authorities expressed confidence the march would not raise a major threat to Portugal's continued control of the area and their 600,000 inhabitants. Portugal has refused to even discuss the Goa issue with Nehru.

# War Criminals Still In Prison

TOKYO (AP)—Ten years after Japan's surrender 557 war criminals are still in Sugamo Prison. At the time the peace treaty went into effect in April 1952, there were 1,244 prisoners in Sugamo.

Three countries have released all their war criminals: Nationalist China, 91; France, 42; and the Philippines, 110. The Tokyo Shimbun said the Japanese government hoped the United States would release around 100 men Sept. 2.

# Bullet-Pierced Body Of Missing Boy Scout Found

MUSKOGON, Miss., (AP)—A five-week search for missing Scout Peter Gorham has ended with the discovery of his bullet-pierced body.

The 13-year-old Evanston, Ill., boy was a victim of Michigan's third unsolved child slaying in less than five months and, like the others, was believed to have been slain by a sex deviate.

William Jannaga, of Muskogon, who was looking over prospective sites for a new home, came across Peter's badly decomposed body yesterday in a desolate woods 12 miles north of Muskogon. A small-caliber bullet had penetrated his skull. The scene was five miles from where he vanished July 5 on a scout hike.

A state pathologist said the boy apparently had been dead since shortly after his disappearance. State Police Capt. Leroy R. Hunt said several persons, including one or more camp counselors, will be questioned.

The discovery broke weeks of tension for Peter's parents, Mr. and Mrs. Frederick A. Gorham. "At least the wait is over,"

# Executive Killed By Spinning Prop

KANSAS CITY, (AP)—Apparently in the mistaken belief that his plane was about to take off, a Tulsa publishing executive was killed here yesterday when he ran toward a plane at Municipal Airport and was hit by a whirling propeller.

The victim was William H. Atcheson, 49, district manager of the Gulf Publishing Co., of Houston, Tex.

Atcheson was on his way from Tulsa to Minneapolis and was here on a 21-minute layover. About 10 minutes before his Braniff Convair was scheduled to take off, a Braniff DC3 started to taxi out.

Airport authorities said it appeared Atcheson thought that was his plane spurred out to the field and accidentally ran into the propeller.

# Connie Dying In Michigan

By The Associated Press  
Most of the nation had mild, scattered weather today as scattered light showers in Michigan represented the dying gasps of Hurricane Connie.

But already the Carolina coast was battering down for the fourth tropical storm of the season, spinning 115 m.p.h. winds as it moved northwestward from some 670 miles southeast of Jacksonville, Fla.

The southern half of the country had temperatures in the 70s early today, and most of the rest of the nation basked in the range of the 60s.

# One Of Crosby's Sons Gets Broken Back In Auto Mishap

RAYMOND, Wash. (AP)—One of crooner Bing Crosby's sons, Pvt. Phillip L. Crosby, 21, is in a Raymond hospital today with a broken back.

The young soldier from Ft. Lewis drove through a guardrail down a 20-foot embankment into the Willapa River bed while trying to get back to his Army KP duties early yesterday.

Fortunately, the tide in Willapa harbor, into which the river flows, was out. Otherwise, authorities said young Crosby would have drowned.

His father left a Spokane golf tournament to fly to Raymond. Bing would allow no hospital pictures taken of his son.

north of here, and took the wrong road to return to Ft. Lewis, where he was due for KP duty at 5:30 a.m. yesterday. He wound up in Raymond, some 30 miles to the south.

Phillip asked a pedestrian how to get to the fort. The man told him he'd have to go back to Aberdeen to get on the proper road to Ft. Lewis. So Phillip started back.

Three miles later his car ripped five guard posts out of a guardrail before tumbling into the river bed.

At the New Riverview Hospital, it was said Phillip had three fractured vertebrae and minor lacerations. One of the spinal fractures was in the neck. The other two were lower down in the back. He will be hospitalized several weeks. As soon as possible, he will be taken to Madigan Army Hospital, at Ft. Lewis.

# Norwegian Boat Docks With Blast Victims

SAN FRANCISCO (AP)—The explosion-torn Norwegian motorship Tancred docked here yesterday with two Norwegian seamen dead and four seriously burned, one so badly he may not survive.

The statement said the Democratic-controlled Congress was delaying or ignoring "some of the most important problems facing America today."

It noted lack of action at the recent session on Eisenhower requests for highway, school construction, health, atomic "peace ship" and other legislation.

"The delaying Democrats who are in control of the legislative committees of the Congress have postponed action on the President's proposals for meeting many of the nation's basic needs," the GOP statement said, adding: "The Democrats seem to be guided by politics rather than by the need of the nation."

From the Democratic side, Senate Leader Lyndon B. Johnson came out with a statement saying, "The country would be better served if the Republicans would take their eyes off the next election long enough to produce more than 29 votes for the highways (in a House vote) and to permit sober realistic consideration of school aid, health, immigration and other issues that remain before this Congress."

He said the session itself was "remarkably free of rancor and petty politics," and expressed regret that since adjournment some Republicans "appear to have caught election year fever in advance."

Sources here said the U. S. plan provided that any Chinese desiring to leave the United States for the China mainland would contact the nearest Indian consul. Their actual travel arrangements then would be handled by some unit of the Red Cross, it was understood.

An Indian government spokesman declined to comment on the reports or to say whether India would accept such a role.

However, it was by far the biggest march against Goa since the Indians launched their "peaceful invasions" of that and other Portuguese Indian areas a year ago.

So far all reports of the march came from Goa, where it was believed that most of the demonstrators who reached the border managed to cross. There was no word from Daman or Diu, the other

**A New WORLD'S RECORD**  
for first year production by the **OIL INDUSTRIES LIFE INSURANCE GROUP**  
We are proud that each of these two Texas companies is a world's champion in its respective field.  
**OVER \$33 MILLION**  
A phenomenal first-year world's record  
**ANOTHER WORLD'S RECORD**  
in health-and-accident insurance by a stock life company  
**Oil Industries Life**  
**Wilco**  
On Aug. 1, 1955, OIL INDUSTRIES LIFE marked its first year of operation with a total production of \$33,367,450 in ordinary life business—all of it in individual policies.  
No other company in history has ever matched this remarkable record in its first year. The previous all-time high in ordinary life business in a first-year period was \$29,076,050, and was set in 1945, according to Best's Insurance Reports.  
WESTERN INDEMNITY LIFE (WILCO) will observe its first anniversary Sept. 1, 1955, with a record without parallel in the health and accident field by a stock life company in its first year.  
Exclusive of group insurance, Western Indemnity Life has written individual health and accident insurance with a projected annual premium of over \$501,000 in its first 11 months. For its first year, WILCO's annual premium will exceed \$600,000.

# LOOKING 'EM OVER

With Tommy Hart

When Col. E. V. Spence, general manager of the Colorado River Municipal Water District, was in Austin last week, he talked with officials of the Texas Game and Fish Commission about the possibility of locating a fish hatchery at Lake J. B. Thomas.

Spence proposed that such a project be located just below the dam at the Big Spring-Snyder-Odessa "sea."

No action, of course, has been taken on Spence's idea but, at least, the seed has been planted.

Levelland's Lobos were hit extra hard by graduation but, like the word of Emmett E. Broderick for it, Johnny Hickman's team should be tough again.

Broderick is one of us now but last year he coached most of the players who will step into the shoes of 22 departed lettermen at Levelland.

According to Emmett, the Lobos will be lighter but will have more speed than they possessed a year ago.

At the controls will be a clever youngster Emmett had a year ago — Jimmy Johnson, who can do about as many things with a football as did his predecessor, Mac Freeman.

Backing up Johnson will be Sonny Reeves, potentially a fine footballer.

No one took Levelland seriously until the Lobos tied Breckenridge last year. There are those who said the Lobos deserved a better fate in their game with the Buckaroos.

Be that as it may, the Big Spring Steers caught Levelland at precisely the right time — the week after they played the mighty Bucs.

Levelland entered the game, at worst, "even money," as the fellows willing to risk a buck on the outcome of the game, would say.

The Lobos, however, were never in the game. The Steers, playing perhaps their best football of the year, roared to a 20-0 victory, adding insult to injury by scoring a touchdown on the final play of the game.

Big Spring wasn't quite that good nor Levelland quite that bad but the Lobos never did recover from the shock and ended the season with a 5-5 record.

Levelland comes here this year and you can bet the Lobos will be gunning for revenge. You can bet, too, that Broderick will do his part in seeing to it that the invasion isn't successful.

In replacing Wayne Bonner, Emmett steps into some big shoes but one look at him and you get the idea he might be just what the doctor ordered.

He and his broad shoulders — they look most capable.

Odessa High School sold 6,687 season football tickets last year and writer Spec Gammon of that city says he wouldn't be at all surprised if that record figure isn't bettered this year.

Nothing succeeds like success on a football field and the Odessans appear to be cranking up to go places this year.

Scouts who have seen him play say Colorado City's Hollis Gainey runs "too straight up" to be a success in college ball.

The jet-propelled youth is going to rest on his football laurels and concentrate on track at the University of Texas, so they say.

## Australians Near Series Victory Over Italians

PHILADELPHIA (AP)—The long road to the Davis Cup Challenge Round was just about over today for Australia's Davis Cup team.

All they have to do is win the doubles from Italy and they can start making preparations to go up against the defending champion United States in Forest Hills Aug. 25-28.

The Aussie doubles team of Rex Hartwig and Lew Hoad is perhaps the best in the world, so even should the Italians pull some sort of Svengali and win, Captain Harry Hopman's lads will have two more shots in the final two singles tomorrow.

Australia won the opening singles yesterday in routine fashion. Hoad celebrated his release from Hopman's doghouse by thrashing Fausto Gardini 6-2, 6-2, 6-0 while Ken Rosewall polished off Nicola Pietrangeli 6-6, 3-6, 6-1, 6-4.

With all the talk about Australia's being upset somewhere along the line because of Hoad's poor performances recently, there was nothing to indicate anything wrong with Lew in his match against Gardini.

## Babe Ruth Meet Begins Tuesday

AUSTIN (AP)—Preparations have been completed for the fourth annual Babe Ruth League World Series.

The tournament will begin here Tuesday night, with a pair of first-round games.

Play will continue Wednesday, Friday and Saturday nights, with championship and consolation honors being determined the final night. No tournament games are scheduled Thursday, when all teams will take the day off for sightseeing purposes.

The teams had all arrived here today, and were to get into the swing of things with afternoon practice sessions.

## First Contest Starts At 7

Big Spring hosts Artesia in a double header at Steer Park this evening, with the first game down for 7 p.m. Each contest will go seven innings.

The Numexers, now making a bid to replace San Angelo at the top of the Longhorn League standings, will be making their final appearance of the season in the local park.

On Tuesday, San Angelo moves in to begin a two-game stand, after which the Couden Cops will be on the road for five games.

Tom Jordan, Artesia skipper, has indicated he will use Tom Buford on the mound in the first game. Either Eddie Locke or Bob Young will toil in the afterpiece.

Buford has an 8-6 won-lost record. Locke is 15-6 and Young 17-8. Young looms as one of the very few 20-game winners in the Longhorn League, although Locke could enter the elite circle.

Marcus Job and Gariand Turano will probably toil on the mound for the Bobbies.

Manager Pepper Martin of Big Spring is still dickering for mound help. Truman Jones, recently with San Angelo and Midland, may join the club shortly.

Martin also said he had not given up hope of getting a veteran hurler to report here.

Banks Gives Demonstration

Chicago Cubs shortstop Ernie Banks, right, shows Cincinnati Redlegs first baseman Red Kluzewski how he holds his bat before the start of game in Chicago in which Banks hit his 39th home run to take the National League lead. Banks' blow in the sixth inning tied the modern league record for a shortstop. Kluzewski is not out of the race after hitting his 37th the day before. Kluzewski hit two Sunday to run his aggregate to 41. (AP Wirephoto).

## Card May Favor Chicago Club

The Associated Press

The Chicago White Sox, despite their third-place position, appeared today to be in the most enviable spot among the four top contenders for the American League pennant.

Cleveland's inability to pull away from the field, together with Chicago's apparent easy schedule ahead as compared to those of the Indians, New York Yankees and Boston Red Sox give the White Sox a seemingly big advantage.

The White Sox got a lift yesterday when they defeated Detroit 5-4 while the lowly Kansas City Athletics snapped Cleveland's six-game winning streak with a 7-3 triumph. Although they slipped to third place because the Yankees took two from Baltimore, the White Sox cut Cleveland's first-place margin to one game.

Only 3 1/2 games separated the first four teams as the fourth-place Red Sox also won two, defeating Washington 9-6 and 2-1. The Yankees climbed into second place, a half game behind the Indians, by mauling the Baltimore Orioles 7-2 and 20-0.

In the National League, Robin Roberts and Don Newcombe staged a thrilling pitching duel. Victory, No. 19, was at stake for both right-handers. Roberts won 3-2 in 10 innings, to give Philadelphia a split in the double-header with Brooklyn. The Dodgers won the second game 5-4 in 13 innings.

Runner-up Milwaukee shaded Chicago 4-3 in 10 innings but they still trailed Brooklyn by 1 1/2 games. The New York Giants came to within a game and a half of the Braves, knocking off Pittsburgh twice 4-2 and 3-1. In still another 10-inning tussle, the St. Louis Cardinals overcame the Cincinnati Reds 5-4.

Billy Pierce's pitching and the hitting of Jim Rivera combined to bring victory to the White Sox. They now have 42 games left to play in the remaining six weeks to 39 each for New York and Boston and 35 for Cleveland.

But Chicago's position figures to be much easier. Of their remaining games, 28 are scheduled against second-division clubs as compared to 23 for Cleveland and 21 each for New York and Boston.

Pierce gave up five hits for his ninth victory of the season. Rivera carried across the winning run in the eighth when he singled off loser Ned Garver, advanced to second on a fielder's choice, to third on a sacrifice and scored on Walt Dropo's infield grounder.

Hector Lopez' three-run homer off Mike Garcia and two-hit relief

## Lubbock Defeats Lamesans, 11-4

LAMESA — Lubbock defeated the Dawson County palmetto polo team in the final contest of the year here Sunday evening, 11-4.

Clifford Beard scored all four goals for Lamesa.

Walter Nichols of the Lamesa team suffered a severe knee injury when he was toppled in a collision with a Lamesa player.

He is now in the Price-Black Hospital.

## Old Ticket Holders Must Renew Options This Week

Old ticket holders must renew their options for the 1955 season tickets to home football games of the Big Spring Steers can exercise their options on the same locations anytime between now and Friday night.

The persons who had tickets last year must signify that they want the same tickets by that time, or stand in line for new locations later on.

## Artesia Bombs Big Springers Behind Al Siff

The Big Spring Couden Cops ran into too much pitching and too much power here Sunday afternoon and yielded a 9-3 decision to the fast-moving Artesia Numexers.

Allen Siff fashioned a six-hitter in notching his sixth win of the season for the visitors. One of the hits was a poke over the right field fence by Frank Billings.

Agua Baca started on the mound for the Cops but proved no mystery to the Artesians. They had him out of there by the fifth inning.

Luis Caballero came on in relief and did a truly remarkable job of hurling. He gave up not a run to the Numexers in the 4-2-3 rounds he worked.

Four double plays helped make it easy for Siff. The Cops could get the runners aboard but all too often they fell prey to the twin killings.

Artesia got 14 hits and four of those were boundary swats.

Jim Bawcon, on his way to a "five-for-five" afternoon, collected the first one with the sacks deserted in the "hello" inning.

Bob Wilson picked one with two mates aboard in the fourth. Joe Coscia followed suit with a solo blast in the same heat while Paul Dobkowski drove one over the palings with Dan Howard up front in the fifth.

No Cop collected more than one safety.

ROUNDING THE SACKS — Floyd Martin didn't see action. He bent over to lace his shoe in the dressing room and couldn't straighten up, shortly before the game started. . . . The contest was fast, having been unreeling in an hour and 47 minutes. . . . Huck Doc hit into a double play in the ninth to end the game. . . . Nick Cappelli, Big Spring shortstop, had to hit the dirt to get away from one of Siff's inside pitches in the middle innings. . . . Cappelli only recently returned to the lineup after getting beamed. . . . Bawcon had an all-around good day. . . . His five hits included a double and three singles in addition to his home run, and he stole a base, in addition.

The Detroit Tigers will play an exhibition game with the Cincinnati Redlegs on Aug. 15 at Flint, Mich., as part of a centennial celebration.

## Julius Boros Wins Top Cash At Tam O'Shanter

CHICAGO (AP)—Stolid Julius Boros, a golfing son of a Connecticut machinist, yesterday struck Tam O'Shanter's gold lode for the biggest haul in the history of the game—\$105,000.

Boros' costly carved 70 for a 7-under-par 281 in Tam's World Pro meet yesterday, captured for the 26-year-old shotmaker from Southern Pines, N. C., via Fairfield, Conn., a \$50,000 cash prize and a \$53,000 exhibition contract.

Boros, the 1952 U. S. Open champ, finished two strokes ahead of another "old pro," Fred Haas, whose closing 66 was the final day's best round.

Boros won a playoff triumph in the 1952 World meet. It was a fabulous windup at Tam yesterday, witnessed by an estimated crowd of 33,000.

The huge crowd actually sewed on the 70th hole was deflected by it up for Boros. His errant tee shot the closely packed throng and d bounced onto the green to set up a par 3.

In the concurrent World women's pro tourney, Patty Berg won her third straight title and a \$8,000 top prize with a 298 total, one stroke ahead of Mary Lena Faulk.

The World men's amateur went to Doug Sanders, of Cedarport, Ga., a University of Florida star, who shot a 4-under-par 284 for an eight-stroke triumph.

The World women's amateur meet was captured by Wiffr Smith, 18-year-old from St. Clair, Mich., with a 300.

## Argument Over Newk, Robin Roberts Continues To Rage

NEW YORK (AP)—The argument over whether Brooklyn's Don Newcombe or Philadelphia's Robin Roberts is the best pitcher in the National League waxed hotter here today after the Phillies edged the Dodgers' No. 1 hurler in 10 innings.

Newcombe and Roberts met head on yesterday for the first time this season. Roberts won 3-2. He is now top winning pitcher in more than Newk. Newcombe, however, has lost only three compared to Robin's nine.

Manager Walter Alton of Brooklyn was asked how many games would Roberts win if he was pitching for the Dodgers.

"That question has too much fire in it," he said. "Let's say that Roberts is a mighty good pitcher and a number of clubs would like to have him."

Here is what the statistical sheets show: Newcombe has a 5-1 record against the three other first-division clubs, with four victories over the Phillies and one each over the Giants and Braves. He was pounded hard by the Giants and Braves in games in which he did not figure in a decision. His only loss to first-division clubs was yesterday to the Phils.

Against the Dodgers, Braves and Giants, Roberts has a 9-5 record. He is 3-2 with Brooklyn, 2-3 with Milwaukee and 4-0 with New York.

From there on the statistics favor Roberts but by no great margin. He leads the league in earned run average with 2.56. Newcombe is second with 2.94.

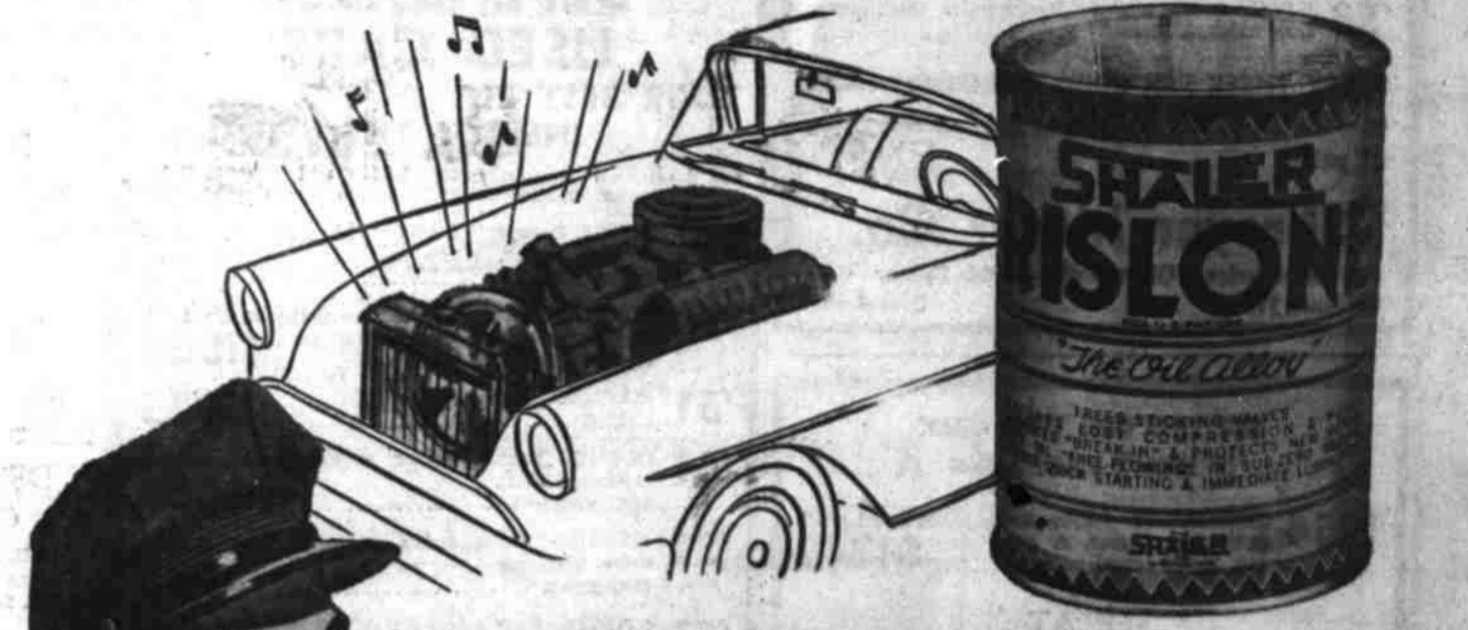

Roberts has pitched the most innings, 238 2-3, and the most complete games, 22. Newcombe has worked 196 1-3 innings and finished what he started 15 times. Each has one shutout.

Roberts' 149 strikeouts are second to Chicago's Sam Jones' 148 in the league. Newcombe has fanned 125. Each has been stinky with free passes. Roberts has walked 43 and Newcombe 32.

## Picked A Hot Time

LYNN, Mass. (AP)—William Robinson, 18, of Arlington, broke his arm in an ice hockey game yesterday at the North Shore Sports Center while the temperature registered 90 degrees. The rink remains open all year.

## AND NOW — THE NEW IMPROVED SHALER RISLONE WORKS FASTER AND MORE EFFICIENTLY TO ELIMINATE THE NOISE FROM HYDRAULIC VALVE LIFTERS

# RISLONE quiets noisy hydraulic valve lifters

... gives your whole engine new pep and power by absorbing troublesome gum and sludge

That annoying noisy knock from hydraulic valve lifters in your car's engine can be stopped by just one application of Rislone. Rislone gets right at the heart of the trouble by absorbing sticky gum, letting all parts of your engine operate smoothly and quietly.

Sludge and gum rob your engine of power, make driving a chore instead of a pleasure. But with Rislone on the job, gum and sludge are absorbed and dispersed — kept in liquid state so they can do no damage.

Insist on genuine Rislone, the original oil alloy for all motor oils. A small investment pays dividends in engine performance. Ask for Rislone at your car dealer's, garage, or service station today.

**Here's what RISLONE does for your car:**

- Frees sticking valves
- Eliminates noise in hydraulic valve lifters
- Tunes up sluggish engines — keeps them running more quietly and smoothly
- Absorbs power-robbing gums and sludge
- Restores lost compression and power
- Facilitates break-in of new and reconditioned engines — permits normal driving speeds immediately
- Keeps oil free-flowing in sub-zero weather for quicker starting and immediate, adequate lubrication

## Warranty

Rislone is guaranteed NOT to contain benzene, gasoline, abrasives, molybdenum disulfide, graphite, carbon tetrachloride, kerosene oil, or any other material which can harm the delicate parts of an internal combustion engine. It also carries a money-back guarantee in the event that you cannot feel improvement in performance after ten miles of driving. Insist on Rislone, the genuine and original oil alloy for all motor oils.

### Income, Outgo Exceed Junior College Budget

Both receipts and disbursements are running ahead of the budget at Howard County Junior College as the school's fiscal year approaches its end. Revenues totaling \$249,272.72 at the end of July, were \$11,593.72 ahead of the schedule. Expenditures, at \$231,301.88, were \$23,622.88 beyond the budget. That left the general fund with a \$17,971.04 margin of receipts over disbursements. In the interest and sinking fund, revenues lacked \$7,811.85 reaching the anticipated total for the year which ends Aug. 31. Disbursements were only \$937.80 short of the scheduled mark. There are no major obligations to be met before Sept. 1, however. For the general fund, revenues were running ahead of the anticipated sums in practically every category. The biggest gain was in taxes, which were \$23,688.95 ahead of the \$207,679 anticipated, and state subsidy, \$4,342.37 more than the \$35,000 which was expected. Much of the \$33,622 overage in expenditures was in the capital outlay department. Equipment purchases amounted to \$24,974.50—about \$22,700 more than was budgeted for the year. Outlays for building, totaling \$4,424.60, were \$3,624 more than was set up in the budget. Part of these increases were due to the fire which damaged the shops building and equipment last November. The disbursements, through July, included \$25,928 for administrative salaries, \$10,531 for clerical salaries, \$86,073 for teacher salaries, \$8,673 for custodian salaries, \$5,023 for working scholarships, \$3,000 for bond expense (none was budgeted), \$7,408 for the bookstore, and \$3,609 for cafeteria operation.

**Body Discovered**  
BURLINGTON, Ky. — Two fishermen yesterday discovered a woman's nude, decomposed body, with both hands cut off, in a "lover's lane" area near the Ohio River. Police reported the woman, who had long red hair and was between the age of 20 to 30, had been dead about five weeks. Cause of death was not determined immediately.

**Life Companies Set Records For First Year's Operations**  
Western Indemnity Life Insurance Co. and its companion firm, Oil Industries Life, today announced new world's records for first year operations by life companies. Western Indemnity Life (WILCO) whose home office is in Midland has a projected annual premium of \$501,000 at the end of its first 11 months and will have \$600,000 in individual health and accident premiums, exclusive of group, Sept. 1 when it is a year old, according to President Dale R. Major. This is a record for a stock life company in this field. Oil Industries Life Insurance Co. (O.I.L.) ended its first year Aug. 1 with \$33,367,450 ordinary, individual life production — a mark that broke the previous world's record for a first-year operation. The old mark, \$29,076,050, was held by an Iowa company and was established in 1945, according to Best's Insurance reports. The two companies were the first in Texas to achieve a \$1,000,000 capital and surplus, each, paid in cash, prior to the writing in business, and the first in Texas to concentrate in the oil industry. John Bennick of Houston is president of O. I. L. Advisory and administrative directors include R. V. Middleton, vice president of the First National Bank of Big Spring, John P. Butler, president of the First National Bank of Midland, Harris R. Eastham Jr., and Barney R. Great-house, Midland oilmen. C. M. Foster, assistant zone superintendent for Gulf Oil Co. in Odessa, former Mayor Fed C. Gage of Odessa and H. L. Atkins Jr., regional superintendent for McElroy Land, Cattle and Oil Co. of Midland.

### UNCLE RAY'S CORNER

8-15  
A shark.

**Author Dies**  
Thomas Mann, one of the great modern authors, died Friday in the Cantonal Hospital at Zurich, Switzerland. He was 80.

savage Atlantic mako sharks seldom grow to a length of more than 11 feet, but they often make meals of swordfish. In one case an entire swordfish was found inside an Atlantic mako. That shark must have suffered from a stomach-ache! Other objects found inside the stomachs of sharks include tin cans, pieces of iron and bags of food. One shark swallowed a sack of coal, and another gobbled down a crate containing eight bottles! These fish often follow ocean vessels (especially those which travel at moderate speed) to feed on garbage which kitchen workers drop overboard. That explains some of the strange objects—including the heads of cows—which have been found inside sharks. Tiger sharks and white sharks grow to be larger than mako sharks. A large tiger shark may be 17 or 18 feet long, or even more. White sharks often pass the 15-foot mark. One white shark 21 feet long was found to have a weight of three and a half tons! Still larger ones have been reported. We may describe white sharks as cannibals. Their stomachs sometimes contain the flesh of other sharks. Tomorrow: Questions About Sharks.

### San Marino Chooses Reds

SAN MARINO — The 1,600-year-old little republic of San Marino has chosen to remain a Communist isle in Western Europe for four more years. Ninety-seven San Marinenses who now live in Detroit, New York and Sandusky, Ohio, failed in their 11th-hour transatlantic attempt to win their countrymen over to Western democracy in yesterday's election. Instead, the Communists and their Socialist allies won a stunning victory in this 38-mile-square hilltop nation, perched in the Apennines inside Italy's border. The Reds and Socialists — their political machine entrenched here since 1945 and operating with military precision — literally carried the old, half blind and blind to the 13 polling places. To counteract the influx of crusaders from America, the Communists gave hundreds of sympathetic San Marino workers free trips home from Belgium, France, Switzerland and Italy. Under San Marino law, former residents who have not become citizens of other countries are eligible to vote. The Reds probably will control 37 seats in the 60-seat legislature, the Grand Council. Previously they had held only 31. The Council elects the two captain regents who head the government. Final results today showed the leftists rolled up a total of 3,008 votes to 2,257 for the Christian Democrats and their allies. The Red margin of victory had been only 127 votes in the 1951 election. The figures, with 1951 totals in brackets, were: Communists, 1,609 (1,305); Socialists, 1,339 (985); Christian Democrats, 2,011 (1,917); pro-Western Social Democrats, 246 (248).

Political observers had watched San Marino closely to see if the voting would reflect a decline in Communist strength reported recently elsewhere on the Italian peninsula. The Red victory, however, was not expected to produce any startling change in the little republic. The leftists have tried to boom tourist trade and promote commerce. They have enacted no real Communist or Socialist legislation. There were no disorders during the balloting. Scattered among the voters were U.S. residents like Vitaliano Lividini and Adamo Gatti, of Detroit. They were part of a task force of San Marinenses from America who were rounded up by Miss Mariam Micheli, energetic anti-Communist woman's leader who had been angered by the Reds' refusal to let her sex vote. Most of the group from America came by chartered plane last week.

**Surrender Notice**  
TOKYO, — Japan frankly and solemnly observed today the 10th anniversary of its crushing defeat in 1945, discussed with equanimity the occupation that followed, and looked with hope to the future. Prime Minister Ichiro Hatoyama keynoted the day with a statement which praised the U.S. occupation for averting starvation and thus "staving off fascism and communism."
