GRID PRACTICE UNDERWAY, FANS INVITED OUT

The Wheeler Mustangs started their annual fall workouts Monday afternoon with a list of approximately 20 candidates for positions on the team.

Coach Bernard Smith stated daily workouts will be held each afternoon beginning around 5 o'clock and there will be a practice scrimmage Friday night, August 19 beginning at 7:30. The public is cordially invited to come out to this scrimmage and it will not cost them a thin dime.

Coach Smith is also planning a scrimmage of some sort the latter part of next week.

The Mustangs will open their 1949 schedule with a home game Friday night, September 9 with their old bitter rival, the Shamrock Irishmen, furnishing the opposition. Garrison Service is presenting a complete schedule of the Mustang's 1949 games in an advertisement on another page of this week's Times.

Lads who are candidates for positions on the Mustang eleven this fall together with their weight and position include: James Gaines, 120, guard; Glen Farmer, 170, tackle; John Dan Bowman, 160, tackle; Bobby Johnson, 125, guard; Henry Pond, 200, center; Garland Parks, 170, back; J. T. Johnson, 147, back; Edgar Hubbard, 170, end; Dick Pendleton, 157, back; David Johnson, 120, back; Joe Mitchell, 180, end; C. R. GIRL SCOUTS IN REGULAR MEET
Girl Scout Troop 2-18 held their regular meeting Tuesday, August 16 in the club room with Mrs. Carroll Pettit and Mrs. W. A. Goad, Jr. in charge.

The President, Patsy Burgess, presided over the business meeting. Requirements for the second class badge were discussed.

It was requested that each girl that wants a Girl Scout Handbook bring a dollar to the next meeting. The meeting time was changed from 3:00 o'clock to 4:00 o'clock beginning next Tuesday.

Mrs. Goad gave a demonstration on the different trail signs which was very interesting to everyone. Try-outs for parts in one-act plays to be presented to the parents and guests were begun.

The Friendship Circle was formed and the Girl Scout law and promise was repeated. Then with the singing of "Tops" the meeting was adjourned.

Mr. and Mrs. Jim S. Hamlett and son, Jim S. Jr. of Ft. Worth visited Saturday and Sunday with Mrs. Hamlett's brother, W. K. Frey and family. They brought Mrs. Frey and children home where Mrs. Frey had been attending a Homemaking Teacher's Convention.

Mrs. Elsie Hood of Shamrock visited friends in Wheeler Sunday.

Wheeler line-up included: Vanpool, Bill Cosper, Murgess, Pete Burton, Redson, Bob Holdeman, J. D. Green, Chester Bowles, Robertson, Richard Gaines, Risner and Billy J. Dar-

SCHOOL OPENING EXERCISES TO BEGIN SEPT. 1

Supt. W. O. Carrick announced this week that preliminary preparations for the opening of school in Wheeler are almost completed and that all teachers with the one exception have been hired and will be on hand for an introductory night, Thursday, September 1.

The Wheeler School system will have a total of 17 teachers in all this term which is an increase over previous years and is brought about by the institution of the Gilmer-Alkin School Laws which were passed in the Texas Legislature this past session.

Supt. Carrick extends an invitation to all patrons of the Wheeler schools to make plans to be on hand Thursday night, September 1 to get acquainted with the teachers who will administer to their children during the 1949-50 term. The introductory meeting will be held at the grade school auditorium and refreshments will be served by the Parent-Teacher Association at the school cafeteria following the program.

Enrollment sessions will be held Friday, September 1 and school will begin proper Monday, September 5 according to Supt. Carrick.

Carrick also pointed out the fact that due to the increase in number of teachers the Wheeler High School will be able to offer two new courses, typing II and shorthand, this year in their commercial department.

A complete list of the teachers who have been hired to date include: Supt. W. O. Carrick; Mrs. C. L. Wilkes, first grade; Mrs. Ida Farmer, second grade; Mrs. Angus Cody, third grade; Miss Celeste Wiley, fourth grade; Mrs. Cecil Paddock, departmental work in 5, 6 and 7th grades; Mrs. Merle Norman, departmental work in high school and 6 and 7th grades; Angus E. Cody, departmental work and driving education; Mrs. Jimmie Fields, eighth grade; Barney Teague, grade school principal; Miss Gladys Mobley, high school English; Cecil Paddock, high school principal and math; Mrs. Nadine Carrick, high school commercial work; Bernard Smith, coach and high school science; James A. Clepper, vocational agriculture; and Mrs. W. K. Frey, vocational home making.

There is one teacher to be hired and she will do departmental work in the fourth grade and help with the first grade.

J. C. Moore Honored At Family Reunion
A family reunion was held Sunday, August 14 in honor of the 75th birthday of James C. Moore, Sr. Members of the family gathered at the Raymond Moore home where a basket lunch was spread under a large tree. A huge birthday cake formed the centerpiece of the table. The group sang "Happy Birthday" as Mr. Moore cut the first slice of cake.

Those present were: Mr. and Mrs. Chas. R. Moore, Charles Nelson and Lucille of Moses, N. Mex.; Mr. and Mrs. D. W. Bauscom and David of Littlefield, Mrs. Rebecca Moore of Littlefield, Mr. and Mrs. Lloyd J. Holloway of Brownfield, Mrs. Maude Flowers of Hillsboro, Mrs. Bam Duntvay of Laura, Ill. and Robert L. Moore of Wheeler.

Mr. and Mrs. Oren Horn and Mr. and Mrs. Thurman Horn of Briscoe, Mr. and Mrs. Bill Cole and Rondall of Lefors, Mr. and Mrs. Leo Moore and sons of Dalhart, Mr. and Mrs. Charles Hubbard and Bruce of Canyon, Mrs. Bessie Shaffer of Pampa, Mr. Alton Thomas of Wheeler and Theron Culwell.

Mr. and Mrs. J. C. Moore, Jr. and family, Mr. and Mrs. Jess Moore and family, Mr. and Mrs. Loubert Moore and family, Mr. and Mrs. Raymond Moore and family, Mr. and Mrs. Spud Moore and family of Wheeler and the honored guest, J. C. Moore, Sr.

The afternoon was spent taking pictures and visiting.

Victor L. Barkdoll of Abilene, Kansas is now a patient at the Winter Veteran's Hospital in Topeka, Kansas. Mr. Barkdoll is a former resident of Wheeler.

Miss Reba Wofford and Mrs. Hazel Watson of Pampa returned Saturday night from a vacation in Denver and other points in Colorado.

Minister Elvin Bost, Abilene, pictured above, is slated to do the preaching and direct the singing in a series of gospel meetings which are to be held at the Briscoe Church of Christ from August 21 through 28. Services will be conducted twice on Sunday and will be held at 8:15 o'clock each evening through the week. Members of the Briscoe congregation state that the public is cordially invited to attend.

C. J. ROBERTSON FUNERAL HELD

Funeral services for Carlton J. Robertson were conducted at the Kirk-Mason Funeral Chapel Saturday, August 13 at 1:00 o'clock p. m. with B. M. Litton, minister of the Wheeler Church of Christ, officiating and was assisted by Rev. Darris L. Egger, pastor of the Wheeler Methodist Church.

Mr. Robertson who had been a resident of Wheeler and surrounding communities for approximately 20 years passed away here last Friday afternoon at the age of 75 years, 3 months and 26 days. He was born in Illinois on May 16, 1874.

During the active years of his life, Mr. Robertson engaged in farming.

Following funeral services at the local parlor the body was taken overland in a Kirk-Mason funeral coach to Lawton, Oklahoma where he was laid to rest in the Costa lot. Arrangements were in charge of Kirk-Mason Funeral Home.

Survivors include: Ray Robertson of Cornwallis, Oregon; Raymond Robertson, California; Mrs. Carl Costa of Lawton, Okla.; Mrs. Ollie Mae Spears of Iron Mountain, Mich.; Mrs. Jewel Gilmore of Visalia, Calif.; and Mrs. Wanda Lynch of Coats, Kan., all of whom are children; 1 brother, Clarence Robertson of Watonga, Okla.; and 2 sisters, Mrs. Jimmie Crawford of Wheeler; and Mrs. C. B. Durham of Mobeetie.

Preceding him in death are 4 brothers and 2 sisters who are Eugene Robertson, Courtland Robertson, Will Robertson, Joe Robertson, Mrs. Maggie Wilson and Lillie Robertson.

Serving as pall bearers were nephews and included: Jess Crowder, Lawrence Crowder, Clarence Crowder, Malcolm Crowder, Hazel Crowder and Truman Scott.

Briscoe Band Pupils To Present Concert

Harold Barnett, Supt. of Briscoe School, will present his band and piano pupils in a concert and recital on Thursday night, August 18 at the high school auditorium. This is a free program and Mr. Barnett invites the public to come out and see the accomplishment that has been made since the band was organized in July. This is the first time Briscoe School has had a band for several years and the group has worked hard to get up a good program. The program will start at 8:00 o'clock.

Hairy Vetch Seed Is Available At Produce

Narville Arganbright, manager of the Wheeler County Produce Association, has announced in an advertisement on another page of this week's Times that he has secured to laboratory tested Hairy Vetch seed which will be available to farmers in this area for a very nominal fee.

Arganbright explains that the price of the legume seed is \$19.50 per hundred in hundred pound lots and 20c per pound in lesser amounts.

City Park To Be Dedicated With Program Aug. 29

The Wheeler Kiwanis Club is planning a big program for the dedication of the City Park which has been under construction and improvement by the club all summer. The dedication program is set for Monday evening, August 29 and is to be climaxed with a box supper with the proceeds of same going to pay off part of the indebtedness the Kiwanis club has incurred in their construction program.

The program committee of the Kiwanis club is arranging a special entertainment which will be put on by an out-of-town organization and will be absolutely free to the general public.

Everyone in this vicinity who is interested in any manner whatsoever in the improvement of the City Park is cordially invited to attend the program and box supper on that occasion and help raise funds to pay the expenses. Ladies and girls are asked to bring boxes and the men and boys are urged to come prepared to buy them.

Remember, keep August 29 open so you can attend the dedication program of the City Park.

PAMPA PEOPLE GIVEN \$24,200 IN DAMAGES

An agreement judgment of \$24,200 and costs was settled in 31st District Court meeting in Wheeler this past week.

The suit, styled W. W. Tyler et al. vs. the Greenbelt Electric Cooperative, Inc., et al., grew out of a car-truck collision on Highway 152 between Wheeler and Mobeetie on May 13, 1949.

Mrs. Effie Elizabeth Tyler, wife of W. W. Tyler, was killed in the accident and their three small children were injured. The other occupants of the car, Mr. and Mrs. Walton Barnett and their small daughter, Reva Gayle, were also injured.

The truck in the accident, owned by the Greenbelt Coop, was driven by R. L. Daves of Wheeler. Damages awarded to Tyler included \$13,000 for the death of his wife, and \$3,000 for his minor children, Wilma Jean, Charles Wayne, and Karen Joy. Tyler was also granted an additional \$4,150 for medical and hospital expenses.

Damages of \$3,550 were awarded Mr. and Mrs. Burnett, and \$500 was awarded their daughter. The plaintiffs were represented by Thomas L. Wade of Pampa, and Wm. Jarrel Smith, also of Pampa, represented the defendants.

Lamberth Reunion Held At Fort Griffin Park

The Annual Lamberth Reunion was held at Fort Griffin Park, Texas, August 13, 14, 15, and 16. All eleven Lamberth children were present for the first time in nine years.

J. Smith of Dallas, S-Sgt. and Mrs. Leon Ramsey of San Angelo and Mr. and Mrs. L. D. Nelson of Carlsbad, N. Mex.

Mr. and Mrs. A. B. Crump received word this week that Carolyn Bones, daughter of Mr. and Mrs. Percy Waldo Bones, former owner and publisher of the Wheeler Times, will be married September 6. She will marry Scott Allen Boyd in the First Methodist Church in Edinburg.

Mr. and Mrs. A. D. Speck spent the day, Monday in Oklahoma City.

STATE TEACHING REQUIREMENTS POINTED OUT

Jesse J. Dyer, county superintendent, points out some of the things teachers who teach in Texas schools must do this year in order to qualify under the new school laws. Mr. Dyer states that the teachers should comply with the following regulations before the opening of school.

Each teacher must have a valid Texas Teachers Certificate recorded in the County Superintendent's office.

A copy of a college transcript of each teacher's grades must be filed in the County Superintendent's office.

A copy of each teacher's Teaching Experience Record properly filled out and sworn to must be filed in the County Superintendent's office.

Dyer points out that school boards or school officials cannot pay anyone for teaching, who does not have a valid Te as Teachers Certificate, from any school fund without being liable for the amount paid and subject to a heavy fine. A college diploma will not answer in lieu of a teachers certificate and is not necessarily evidence that the holder has a certificate or is eligible for a certificate.

Teachers salaries are determined by the number of college semester hours they have done and the number of years teaching experience and any teacher's salary cannot be determined until they have these, the superintendent pointed out.

Mr. Dyer states further that a deputy from the Department of Education will visit his office some time in the near future and call for the above information. (Continued on Last Page)

Riley's To Observe 50th Anniversary

Mr. and Mrs. G. T. Riley of Briscoe will observe their Golden Wedding Anniversary, Sunday, August 28. Relatives of the honored guests including their eleven children, twenty-two grandchildren, five great grandchildren and a host of other relatives will enjoy a covered basket dinner at the noon hour in the home of their daughter, Mrs. Darrell Atherton of Briscoe.

Friends of the honored couple are invited to attend open house from three until five in the home of their son, Edd Riley of Briscoe.

Local People Enjoy Vacation In Colorado

Mr. and Mrs. Roy Waters, Mr. and Mrs. Ewell Steen and Artis Cansler drove to Monte Vista, Colorado recently where they met Mr. and Mrs. Wiley McCray and Freddie who were participating in the Mile High Stampede there. Then they all went to Colorado Springs fishing and visiting points of interest along the way. They met Mr. and Mrs. Cliff Walker and family, who were en route home from an extended visit with friends and relatives along the California Coast. The party visited Pikes Peak, Royal Gorge, Will Rogers Shrine and also attended the rodeo there where the McCrays again took part.

Of Interest
To
Legionnaires
By Virgil Jamison

Tuesday night, August 16 our 1950 officers were installed. This writer wishes that each and every one of you could have found time to be there for it was a very impressive program with a very impressive theme.

Dist. Comm. Charlie C. Gibson was installing officer and gave a short talk on the function of the Legion in the community, the state and nation. Following the installation, Lew Fields, Chairman of the Veterans Affairs Commission of Texas, spoke on the veterans role in civilian life. His talk, I must say, would serve as S. O. P. for any veteran. George Broome, National Executive Committee member, then made a short talk informing us of the situation in our Veterans Hospital at Amarillo; stressing the fact that even though our veteran population in this area has increased by a thousand percent our Amarillo Hospital has not been enlarged to handle this. He called on every Legionnaire to fight for enlargement of this institution. These talks, in my opinion, were really appreciated by all men present.

The officers of the Shamrock Post came over and their Commander Jack Montgomery extended an invitation to all Legionnaires at Wheeler to be in Shamrock the third Tuesday in September for the installation of their officers.

We never did get that great and laudible speaker, Mr. Garrison, to speak though. I guess one meeting can't have everything.

Jack Garrison told me to say something about the fire Department wanting a power pump on the Wheeler Fire Truck so they could get water from any source when it was necessary. The present equipment is useful only when city water is available and they need a power pump to use on farm and ranch fires. The City has bought quite a bit of equipment but they have a limit on funds too, so if any reader of this finds an old five or ten dollar bill laying around unused please turn it in for this purpose. Chief Garrison has not as yet adopted a plan to raise the money but when he does lets all pitch in and help him.

W. Adams Residence Scene Of Reunion Sun.

The W. W. Adams residence was the scene of a reunion Sunday, August 14. Those present were: Mrs. John Kongs and son, Eric of San Pedro, Calif., Mr. and Mrs. Marshall Adams and sons, Robert, David, and Michael of Shamrock, Mr. and Mrs. Walter Adams and children, Charles, Linda, Wade, Diane and Denise of Canadian, Mrs. Calvin Harmon and children, Winona Frances, Charles and Marsha Lynn of Maljamar, N. Mex., Mr. and Mrs. Clyde Adams and daughters, Patricia Ann and Eva Lou of Tulsa, Mr. and Mrs. Carroll Adams and children, Bobbye Carol and Jimmy and Mr. and Mrs. W. W. Adams of Wheeler.

Picture taking and watermelon feasting were the entertainment for the afternoon.

Pictured above is Bobby Burns, popular dance band leader from Amarillo, who will play for a dance at the Wheeler American Legion hall on Saturday night, September 3. The legion has not sponsored any dances throughout the summer but Commander Harrison Hall and other leaders believe that the weather will be cool enough by September 3 that local people will again enjoy a nice evening of dancing to a popular orchestra.

THE COTTON RESTRICTIONS

The prospect of cotton controls is not a
happy one for the South's cotton growers,
but they are likely to accept the proposed

control system as soon as congress gives the
word. The farmers dislike the red tape and
the supervision and the general idea of being
regulated, but they realize that these are
less objectionable than the situation which
would result if unrestricted planting were
to add to the enormous surplus which already
exists.

The contemplated system involves a
vast amount of red tape, but it seems sen-
sible. It puts quotas on a county basis, using
the amount of cotton produced in the past
five years as the primary figure. We have
not seen any estimate of its effect on Texas
cotton planting, but it is expected to involve
an appreciable, but not a drastic, reduction
in acreage. The 26,000,000 acres planted to
cotton this year will be cut to about 21,000,-
000.

With price supports, an artificial device,
encouraging cotton-raising, the South plant-
ed almost a record-breaking acreage to cot-
ton this year, and a very high yield is in
prospect. The crop will add to a world sur-
plus that is already troublesome, and the
price-support system will collapse if, in 1950,
another big crop is planted and gathered.
Acreage-restriction, disagreeable though it
be, is the only solution available under the
circumstances.

The long-range solution is cheaper pro-
duction of cotton, with a withdrawal of price
supports, so that the commodity can com-
pete on a natural rather than an artificial
basis with synthetics and with the cotton of
other countries.—From Wichita Times

There are few school children, in this
land of free education, who like to go to
school. It's a bit puzzling to us.

Selfishness is at the root of most hu-
man conflicts. You cannot reform your neigh-
bors but you can work on yourself.

The art of thinking often follows the
art of reading but, unfortunately, some
adults do not know how or what to read.

Parents of young children should find
time to teach them courtesy and good man-
ners despite the press of other things.

A raise in pay, voluntarily granted by an
employer, is one of the rarities of economics
and largely explains organized labor.

Freedom is not desired by everybody
everywhere, regardless of what you may
read and hear.

The speaker with an apt quotation to fit
the occasion is prepared—you may be sure
of that.

Under the Pure Food Act of 1938
all food products using artificial coloring
must label that fact. Butter, however,
which is artificially colored most of the
year, enjoys special privileges and does
not have to comply with the law. On
the other hand, vitaminized margarine,
when colored yellow, is subject to a
Federal tax of 10¢ a pound. Doesn't
seem fair, does it?

How about it? Are you too free with
soap and detergents when washing
dishes and clothes. Manufacturers say
that women use a great deal more wash-
ing powder than is necessary. Might be
worth checking.

In the stores now is a new double
boiler with a double function. The top
with small handles jutting out from
either side, becomes an attractive cas-
erole which looks mighty nice on any
dinner table.

Next time you serve a meat pie, add
a little "poultry seasoning" to the in-
cubated dough. You'll regret the times you
haven't done it.

Those faded and soiled spots on
leather or straw handbags will do the
disappearing act with a coat of the oil
shinola. Of course, you'll use matching
colors, such as brown on brown, blue
on blue, etc.

Commercially prepared baby foods
are a time saver, of course. But how
do they compare in cost with home
prepared vegetables and fruits? Well,
it's good news for the busy mother. For
figures prove that even when fuel and
time are not included, the commercial
foods are cheaper.

A GALLERY SOLOMON

In a London theatre a tragedy
was being played. The aged king
tittered to and fro on the stage as he
declaimed, "On which one of
my two sons shall I bestow the
crown?"

A voice came from the gallery.
"Hi says, guv'nor, myke it 'arf a
crown apiece."

RESONANT TUMMIES
Dorothy had heard a missionary
relate over the radio some of his
experience in Africa. Telling her
father about it afterwards she
said: "He told us that the poor
heathen were often hungry and
when they beat on their tumtums
it could be heard for miles."

SUPPLEMENTING
They were producing a
film. One of the actors was
ing difficulty with the

25 YEARS... on the job

This month marks the 25th anniversary of the day we first went to work for the folks in the Panhandle-Plains-Pecos Valley area. We say "went to work" because that's exactly what we did.

Our job for the past quarter-century has been to keep pace with the great strides these folks—our customers—have made . . . agriculturally, industrially, commercially.

We've really enjoyed our work, and we're looking forward to many more pleasant years "on the job" for the area we serve.

Our 25th Anniversary

In the years to come . . . as in the past . . . it is our constant aim to keep pace with the ever-increasing power needs of the vast area we serve . . . to provide low-cost, dependable electric service for better living—electrically—for everyone.

**Farmers Plan To
Legumes In '50**

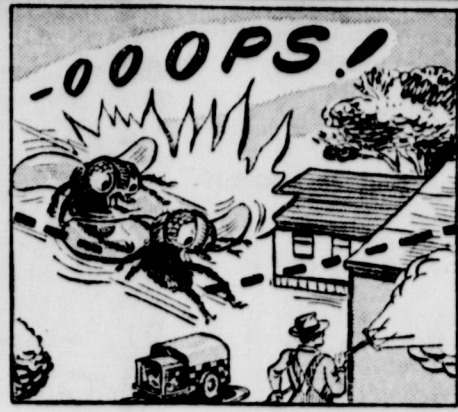

Agricultural agents report that farmers are beginning to plan what they'll plant on the acreage to be taken out of cotton this year because of the acreage reports. These same reports indicate that many are planning legumes and soil building and others expect to put this cultivated land into pasture.

"They look as though they suspect you're concealing something somewhere, Mother dear."

Extension pasture specialist of Texas A. and M. College. He says every grassland needs a clover and every clover needs a grass.

MORE PROFIT PER BALE!
EFFICIENT, ONCE-OVER JOB
NO LABOR PROBLEMS

You Owe It To Yourself To Investigate The John Deere Cotton Stripper

The John Deere Cotton Harvester is the answer to a farmer's prayer! With the John Deere you can make short work of your harvest . . . get all your cotton to the gin before bad weather causes crop losses.

The John Deere Cotton Harvester will definitely boost your cotton-growing profits . . . According to previous labor costs, it saves \$30 or more per bale over hand pulling . . . does an excellent job in any crop that is suitable for mechanical stripping.

The John Deere model 15 Cotton Stripper handles two forty-inch rows at a time . . . it does a clean, efficient once-over job of saving bolls. Its work is considered by many gin operators superior to cotton stripping by the average hand puller. For further details, see us the next time you're in town.

Let us show you the proof!

25% INCREASE IN FERTILIZER SUPPLY IN 1950

Reports indicate there will be about a 25 percent increase in the amount of nitrogen fertilizers for the coming year; a probable increase of 10 to 12 percent in the production of potash materials and about 15 percent increase in the production of phosphate materials.

This does not mean, says M. K. Thornton, extension agricultural chemist of Texas A. and M. College, that Texas farmers will get their proportionate share of these fertilizers. They can if they'll buy their fertilizer supplies early and hold them until needed, he adds.

There is limited storage space available in the factories and mixing plants and when this space is filled, the plants have to restrict operations. There is also a transportation problem—just so many box cars can be loaded each day—and when the peak shipping periods arrive every farmer cannot expect to get his share or what he needs when he wants it.

Thornton suggests that farmers get their fertilizers well in advance of the peak periods. This will spread the load over the entire year and will permit the manufacturers and distributors to maintain an even flow of fertilizers to the various sections of the state.

Fertilizer can be stored on the farm without deterioration, says Thornton. Keep the fertilizer dry and off the floor and it can be done by placing boards under the bags. This will permit air to circulate around the bags and will help take care of the necessary ventilation.

It is another case of where co-

operation between the manufacturer, distributor and consumer can result in benefits to all parties concerned, says Thornton.

First words spoken over the telephone were, "Watson, come here; I want you." Spoken by Alexander Graham Bell to his assistant.

RECIPE OF THE WEEK

by Mary Lee Taylor

Royal Meat Patties

Broadcast: August 20, 1949

4 large onion slices, 1/2 inch thick
1 lb. ground beef
1/2 cup rolled oats
1 cup Fat Milk
1/2 teaspoon salt
1/2 teaspoon pepper

3 tablespoons shortening
1 tablespoon butter or margarine
2 tablespoons flour
few grains pepper
No. 2 can peas, drained

Remove centers from onion slices, leaving 2 outer rings from each. Cut centers fine; mix with meat, oats, 1/2 cup milk, 1 teasp. salt and 1/2 teasp. pepper. Shape into 8 flat patties. Cook onion rings slowly in skillet 5 min. in hot shortening. Remove and save. Brown patties slowly on one side. Turn; put onion rings on top of patties. Cover; cook slowly to brown under side of meat. Meanwhile, melt butter; blend in flour, 1/2 teasp. salt and few grains pepper. Stir in 1/2 cup liquid of peas. Boil and stir 2 min. Stir in 1/2 cup milk and the peas. Heat. Serve in the onion rings. Makes 4 servings.

When you find you haven't any meat on hand and want to ensure the family getting enough energy food, serve a main dish of **Potato, Lima Bean and Nut Casserole** which contains plenty of protein value. Cook until tender in small amount boiling, salted water 1/2 cup diced celery. Drain liquid. Add 1/2 cup chopped nuts, 1/2 cups mashed potatoes, 3 tbsps. fat, 1 beaten egg, 1 tsp. salt, 1/2 tsp. paprika, 2 tbsps. grated onion. Mix well. Add 1 1/2 cups green lima beans. Mix together lightly. Put in greased casserole dish. Bake in gas oven at 350° F. 35 mins. Serve with tomato sauce or relish. Serves 6.

Brush the roast with a commercial gravy extract before putting into the oven to give it a crisp brown crust. The drippings make very good gravy.

If, after cooking, the trolley pan of your gas range is greasy, pour in hot water, sprinkle with detergent as soon as food is taken out. By the time the meal is over, all you'll have to do is rinse and dry it.

Simple way to polish silver: Drop it in a pan of sour milk, leave for half an hour, remove, scald and wipe. The silver will be shining bright.

Now is a very good time of year to clean out the fue of your automatic gas water heater for maximum efficiency.

To flavor picnic meat sandwiches, add grated onion to softened butter or margarine.

It's Easy To Check On Your Old Age Benefits

Checking on your old-age and survivors insurance account is like checking your bank account balanced and is just as good business. This is the advice of John R. Sanderson, manager of the Amarillo office of the Social Security Administration, in reminding workers of this free service.

"We urge all workers to check at intervals on their accounts," Sanderson explained, "so that they may be sure of receiving credit for all wages they earn. We take every precaution to insure the accuracy of our records, but some wages are reported that cannot be posted. Most errors on reports

are due to mistakes in the worker's name or account number or the failure to show any number. Sometimes the wrong amount of wages is reported and occasionally no report at all is made."

Sanderson added there is no charge for furnishing wage statements and any worker can obtain one easily. Write the social security office at Amarillo for a self-addressed postal card which you can fill out and mail to the social security Division of Accounting Operations at Baltimore, Maryland.

THE WHEELER TIMES classifieds offer more for less money, to both buyer and seller, than any other business device we know about.

DAIRYMEN NEED SMALL GRAIN FOR PASTURE

There are certain items that should be on every dairyman's "must" list and one of these, says R. E. Burleson, associate extension dairy husbandman of Texas A. and M. College, is small grain pastures for fall and winter grazing. Plan at least one acre for each cow in the herd, for it is one way to get more feed for less money and that means lower production costs and more net income.

Silage is another source of cheap feed nutrients so have the silo ready for filling by the time the crop you are growing for silage is ready for harvesting.

In many sections of the state, it will pay you well to supplement

the drying pastures with plenty of good quality hay and silage, says Burleson. Give the cows all they will eat. They will pay you well for it. Summer time isn't over in Texas and chance are good that many pastures will be brown from the heat and dry weather before fall grazing crops are available so have the supplements ready.

Herd culling is always in order, says Burleson. Make the herd fit the feed supply. The same amount of feed produces more milk when fed to high producing cows, he adds. There is no profit in feeding cows that only pay their board bill. They should be culled.

The mark of an efficient dairy herd is a high average production of milk and butterfat per cow. The efficiency of the breeding program is indicated not only by the high average production, but also by the increasing percentage of uniform high producing females born in the herd each generation.

and a decreasing number of low producers born each generation. The proved-sire system of breeding, says Burleson, has demonstrated its worth as a sound method of improving the efficiency of dairy herds. Through artificial breeding associations, services of outstanding bulls are widened and are made available to dairymen who could not otherwise afford to own such animals.

FARM FACTS WORTH KNOWING

1. How much water will growing turkeys consume?

An easy figure to remember is that turkeys consume about two pounds of water for every pound of feed. A quick calculation shows that 100 turkeys 24 weeks old will consume about 15 to 20 gallons a day, depending upon the weather.

2. How often should eggs be gathered?

During warm weather they should be gathered 4 or 5 times daily and less often during cool weather. As soon as the eggs are gathered they should be cooled to remove all animal heat.

3. Someone told me that a calf should hold its head up when drinking milk. What is the reason for this?

The Research Farm of the Ralston Purina Company has found that making a calf stretch its neck while drinking milk helps prevent scours. The milk bucket should be placed 1 ft. above the floor and tipped toward the calf so that the calf must keep its head up and neck stretched in drinking. This is nearer the natural position for the calf in nursing and tends to force milk past the first three stomachs to the fourth or true stomach, where milk should be digested. When milk goes into the first three stomachs, it may sour, causing scours.

State Amendments To Be Voted Tuesday, November 8, 1949

HOUSE JOINT RESOLUTION NO. 28

proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section to be numbered 63 and authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State; Providing that participation therein by counties shall be voluntary, and authorized by the qualified voters of such county, and providing that administration of said system may be committed to the same body set up to administer the statewide municipal retirement system authorized under Section 51f of Article III.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary, and shall first be authorized by vote of the qualified voters of such county. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of Article III."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors for members of the Legislature at an election to be held throughout this State on the Second Tuesday in November, 1949; and at said election the ballots shall have printed thereon the words "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and "AGAINST the Constitutional Amendment authorizing a statewide system for retirement and disability pension for appointive county officials and employees." Each voter shall strike out one of said clauses on his ballot, leaving the one unmarked which expresses his vote upon the proposed amendment.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the foregoing proposed amendment published as required by the Constitution for proposed amendments thereto.

Section 4. If at said election, a majority of the votes cast are "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," the foregoing proposed Amendment shall become Section 63 of Article XVI of the Constitution of Texas, and proclamation shall be made by the Governor thereof.

Section 5. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such proclamation, notice and election.

HOUSE JOINT RESOLUTION NO. 19

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to provide for Civil Service in certain counties upon a vote of the people therein.

BE IT RESOLVED BY THE

LEGISLATURE OF THE STATE OF TEXAS:

Section 1. [That Article XVI of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section, to be known and designated as Section 62c, reading as follows:

"Section 62c. The Legislature is authorized to provide for the creation of Civil Service Systems for county employees in the respective counties of this State, but any system so authorized and established shall be approved by a vote of the people in said county. Any Civil Service System established by virtue of this Section shall apply to appointive offices only, and the limitations on term of office heretofore provided by Section 30 of this Article shall not apply, but the duration of such offices shall be governed by the provisions of such Civil Service System. This Section shall not apply to counties having a population less than seventy-five thousand (75,000) people."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed or written thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR the Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein"; and

"AGAINST the Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State. 34-4tc.

HOUSE JOINT RESOLUTION NO. 32

proposing an Amendment to Article I of the Constitution of the State of Texas, by adding thereto another Section following Section 15, providing that the Legislature may provide for trials in lunacy cases without a jury; further providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.

Section 1. That Article I of the Constitution of the State of Texas be and the same is hereby amended by adding another Section thereto following Section 15, to be designated Section 15-a, to read as follows:

"Section 15-a. The Legislature shall have the authority to enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for waiver of trial by jury in cases where the person under inquiry has not been charged with the commission of a criminal offense, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury."

Section 2. That the foregoing

Constitutional Amendment be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the Second Tuesday in November, A. D. 1949, at which election all ballot shall be printed thereon:

"FOR the Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases" and

"AGAINST the Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases." Each voter shall scratch out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Section 3. That the Governor of the State of Texas issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State. 34-4tc.

HOUSE JOINT RESOLUTION NO. 22

proposing an Amendment to Article V, Section 7 of the Constitution of the State of Texas to provide that the Judge of the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law; providing for election, proclamation and submission to qualified electors of the State.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 7 of Article V of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Section 7. The State shall be divided into as many judicial districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a General Election, a Judge, who shall be a citizen of the United States and of this State, who shall be licensed to practice law in this State and shall have been a practicing lawyer or a Judge of a Court in this State, or both combined, for four (4) years next preceding his election, who shall reside in his district during his term of office, who shall hold his office for the period of four (4) years, and shall receive for his services an annual salary to be fixed by the Legislature. The Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law. He shall hold the regular terms of his Court at the County Seat of each County in his district at least twice in each year in such manner as may be prescribed by law. The Legislature shall have power by General or Special Laws to make such provisions concerning the terms or sessions of each Court as it may deem necessary.

"The Legislature shall also provide for the holding of District Court when the Judge thereof is absent, or is from any cause disabled or disqualified from presiding.

"The District Judges who may be in office when this Amendment takes effect shall hold their offices until their respective term shall expire under this present election or appointment."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for trials without a jury in lunacy cases" and

"AGAINST the Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for trials without a jury in lunacy cases."

Each voter shall scratch out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Section 3. The Governor of the State of Texas issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

Safety Code for Skaters

10 COMMANDMENTS FOR ROLLER SKATING

- 1 Skate only where it is safe.
- 2 Be careful and courteous to others when skating.
- 3 Keep skates clean and in good repair.
- 4 Keep skates clamped tight.
- 5 Don't take chances when skating.
- 6 Keep skates stored in a safe place.
- 7 Don't climb stairs while wearing skates.
- 8 Don't hang on to the back of moving vehicles.
- 9 Keep out of traffic.
- 10 Never skate when carrying pointed or breakable objects.

Roller skating, popular during warm weather with the small fry set, is blossoming from coast to coast. And to make certain that the healthful pastime incurs no risk, Winchester, a roller skate manufacturer, has provided youngsters with their first "ten commandments" for skating safety.

FALL TOMATOES REQUIRE CARE

Fall tomatoes set out in July must receive special care if they are to produce a satisfactory crop, says J. F. Rosborough, extension horticulturist of Texas A. and M. College.

Thorough watering or irrigation at regular intervals is a must unless there is sufficient rainfall to keep them well supplied with moisture, adds Rosborough. Weeds should be kept down. A good mulch covering will conserve moisture, help control weeds and grass and will help cool the ground. If a mulch is used, it isn't necessary to cultivate the soil.

If you have some tomato plants which produced a spring crop, and the plants are still in a healthy, vigorous condition, it may be possible to re-use the plants. Look near the ground line for small sprouts that may be growing there at the present time, says Rosborough. Remove the old top and leave two or three of the young sprouts.

Fertilize these plants at the rate of a half teacup of 5-10-5 per plant and then follow with a thorough irrigation and later cultivate, continues Rosborough. Only healthy plants should be used in this manner those plants showing any sign of disease or deterioration should be discarded he concludes.

TREES CAN BE PRUNED WHEN FRUIT IS OFF

When the fruit is off the trees and sold, the orchard owner has an opportunity to do some of the jobs that were put off during the growing season. Sucker sprouts are growing on both young and old trees and they should be removed, says J. F. Rosborough, extension horticulturist of Texas A. and M. College. Otherwise, they will make additional growth during the next 60 days and will take up plant food and moisture that is needed by the tree.

An orchard cleanup program is in order, he thinks. Remove from the orchard all fruit that has fallen on the ground. He says it's probably full of worms and other insects and diseases that could cause a lot of trouble in the orchard next year. You know an ounce of prevention is worth a pound of cure and a thorough clean up, he says, is that ounce of prevention.

Every tree in the orchard should be checked for San Jose scale, phony and other insects and diseases. If San Jose scale is found, mark the tree and then go back and treat it. Rosborough recommends washing the tree with a mixture of 1 pound of concentrated lime sulphur and 3 gallons of water. Apply the liquid to the frame work branches and the body of the tree, this should hold the scale in check until a thorough job of spraying can be done this winter. If the scale is left unchecked, it may kill the tree. He says keep the solution off the leaves, if possible, because it will burn them.

The use of a DDT spray mixture for controlling peach blossom is becoming more popular, he says. It is made by mixing 3 pounds of 50 percent wettable DDT powder in 50 gallons of water. Spray the body of the tree thoroughly with the mixture. Although the first application is usually made in early July, a second in early August and a third in early September, Rosborough says, there has been little evidence of early borer damage and it is probable that an early August and September spraying will be effective.

In some of the older bearing orchards, a disease known as phony has appeared this year. It is characterized, says Rosborough, by a checking of the current's season's growth and the leaves on infected trees take on a peculiar dark green color. The fruit on infected trees is smaller than usual and the crop is light. Trees suspected of having this disease should be removed from the orchard because they are a probable source of infection.

Trees that were abnormal last season and have been on the sick list should be removed and this also applies to those infected with crown gall, nematodes or oak root rot. Do a good job of record keeping, he says, and the orchard will help keep you.

Are You Going To Get Rich In 1949?

Hard to tell, isn't it? Depends on the weather, markets and a lot of other things.

But one thing we do know—nobody ever got rich working with bad tools, cheap tools. Farming is no picnic, no matter how good your tools and equipment are, but if you don't have what you need and in good condition, it can be a nightmare.

And another thing, no farmer that was prosperous and ambitious ever had a run-down, sloppy house, barn, or other outbuildings. Prosperity and keeping your place in good shape always seem to go hand-in-hand. One breeds the other.

THAT'S WHY WE ADVISE — — — —

CREATE WALLS OF BEAUTY WITH VENETIAN BLINDS

AFTER—A Venetian blind offers a new "wall" for better room arrangement.

Venetian blinds, traditionally mated to windows, are also ideal for solving those "impossible" decorating problems in which windows are not involved. Unsightly walls become areas of beauty when "draped" with floor-to-ceiling Venetian blinds; unwanted doors can be made to vanish, so can ungainly plumbing pipes, wall protuberances and other architectural faults that plague the home decorator.

To Make a Wall
One common problem solved by a Venetian blind is the lack of furniture space on the stair wall (Before-right). In small homes, where stairs descend into living or dining rooms and space is at a premium, this problem of the tapering stair wall is a major one.

New wall surface can be created quickly and easily by employing a large Venetian blind as a backdrop for furniture grouping (After-above). The blind, screening the gaping stair opening, not only creates an illusion of solid "wall" but one of spaciousness.

Decorative Backgrounds
This space magic also may be practiced with large Venetian blinds in tiny bedrooms or other cramped rooms to dispel that uncomfortable "closeness." In addition, Venetian blinds

BEFORE—A wall-consuming stair.

are invaluable as pure decorating aids. They serve as smart backgrounds for all types of furniture—traditional and functional—or, used with draperies, for creating the impression of windows on walls minus them. Available in wood or metal, modern blinds may be obtained in a wide variety of colors to match all decorating schemes. There are a few basic rules in choosing color. To make a blind a decorative focal point, match the color of the slats to a sofa or other major piece; key in the tapes with the wall or rugs. To subdue, just reverse the process.

Don't place fruits that you want to ripen in the refrigerator. Soft fruits, such as plums and peaches, should be spread out to ripen. Store on shallow dishes to avoid bruising.

Tree ripe peaches, free from bruises, are best for quick freezing.

Provide ample shade for the growing pullets. Shade on the range is most important during the hot summer and early fall months.

A thin or poor calf produces dry, tough and stringy meat while a fat animal furnishes juicy, tender and tasty food.

Now is the time to make for sowing small grains for and winter grazing for the herd. Plan to have at least one acre for each cow in the
