## Mystery Man Contest Winner To Be Given Feb. 9

Have you made any guesses yet on the KEVA Mystery Man?

The guesses and dollars are beginning to roll in at the radio station, and the first person to identify the Mystery Man will receive prizes already announced amounting to \$200—with new prizes being added daily.

The Mystery Man contest was launched last Sunday as a means of raising money for the Wheeler County March of Dimes, quota for which is \$6,000. The dollars which must accompany all guesses will be turned over to the county March of Dimes treasurer. Merchants are donating the prizes and Radio Station KEVA is donating all station time used in the promotion.

Elmer J. Moore, Shamrock school superintendent, is writing the mystery jingles and is the only person knowing the identity of the Mystery Man. All guesses are numbered as received by the station, according to the hour and date of the postoffice cancellation. The guesses will be publicly opened in numerical order on February 9, and the person correctly identifying the Mystery Man and whose letter was postmarked earliest, will be the winner of all prizes.

One clue to identity of the Mystery Man is given by Mr. Moore over KEVA each afternoon at 5:15 o'clock.

Here are the first four clues given through Wednesday:

**CLUE NO. 1**  
A and sure St. Patrick's Day is near...  
An all are Irish in Shamrock and near...  
McDougal, MacSmith, O'Leary, O'Blainstein, & O'Dyer  
A man's a man for all that and one Irish Birkie shall bear the green.

**CLUE NO. 2**  
The name is of a man in duke city, but mayn't be there.  
Are you preparin' for the day?  
MacDonagel, MacLane, O'Flaherty, O'Brian...  
The man's with gowd  
He will see boxing tonight.

**CLUE NO. 3**  
Oh 'e loves work, but had rather play...  
At fishin' and huntin' and see games of football  
And basketball and boxing and all that...  
McRae, O'Neill, MacHenry, or O'Day.

An additional clue will be given over KEVA each afternoon at 5:15 o'clock. Start sending your guesses now. Remember the FIRST person to guess who the Mystery Man is, wins the jackpot. And you may make as many guesses as you wish—the only requirement being that you send a dollar with each guess.

## New Lee Black Home Scene Of Old Fashioned Housewarming Friday

A large group of friends and neighbors gathered last Friday evening at the Lee Black home for an old fashioned housewarming, with coffee, cocoa and cake being served buffet style as the friends called throughout the evening.

The affair which was slated to be "come and go" soon turned into a "stay the evening" what with the visiting, feasting and inspecting of the beautiful new home and the mellowing effects of the coffee. Mr. Black, who is an accomplished piano player was engaged to play for the group. A number of his own compositions were enjoyed immensely.

Mr. and Mrs. Black have just recently completed their new rock veneer home just north of the city limits of Wheeler where their old house once stood.

The new home consists of five rooms, a bath and a wide central hall with an ample supply of clothes and linen closets. Hardwood floors are throughout the house and the venetian blinds at the windows have the tapes taking the color predominating in the textone walls. One unique feature is that each room has an outside entrance. New furniture is placed throughout the house.

Among those registering in the guest book were: Mrs. Slaten, Mr. and Mrs. Tink Ingram, Mr. and Mrs. John Wright, Mrs. S. W. (Continued on Last Page)

## AGENT REPORTS HOG CHOLERA IN WHEELER CO.

Hog cholera has broken out in the Twitty community, and several hundred dollars worth of hogs has been lost to the disease in that community in the last few days, County Agent Wayde Frey reported this week.

Hog cholera is a highly infectious disease of swine, and is caused by a filterable virus. The disease is more prevalent during late summer and fall, but occurs at any time of the year, and since swine of all ages and breeds are susceptible, and since there is no sure way to keep hogs from coming in contact with hog cholera infection, proper vaccination of pigs will give practical, inexpensive health insurance.

The use of hog cholera virus and anti-hog cholera serum will put the disease on the premises, and then every pig brought onto the farm, or every pig farrowed on the farm will have to have the same treatment, according to the County Agent's Office. Those farmers in the Twitty community who want to protect their herds can vaccinate with anti-hog cholera serum, without using the hog cholera virus. This will give immunity for 21 to 30 days, and will give the farmer an opportunity to get to market with those animals that are nearly tops now.

"Of course, the best program to follow, year in and year out," says the County Agent, "is to use BTV or Crystalline Violet every six months on your breeding stock, and one vaccination will do for those animals being fattened for market. BTV and Crystalline Violet vaccines contain killing virus, and will give immunity within 21 days without putting the disease on your place. This is the cheapest and best method to use in healthy herds."

When cholera appears in a herd, all hogs do not become sick at one time. The usual symptoms are loss of appetite, weakness, constipation followed by diarrhea, chills, coughing, stiffness, arch back, drooping head, straight tail, and temperature from 104 to 107 degrees. In more advanced cases, the skin about the ears and on the under surfaces of the body may become reddish-blue in color. Hog cholera is not always easy to diagnose, and a good local veterinarian should be consulted.

## FEB. 6-12 IS BOY SCOUT WEEK

The Boy Scouts of America is dedicated to enriching the nation by helping its boys and young men to grow physically, mentally, morally and spiritually, says Dr. Arthur A. Schuck, Chief Scout Executive of the Boy Scouts of America, in this message to the nation on the occasion of Boy Scout Week February 6 to 12.

"The Boy Scouts of America is observing its Fortieth Anniversary. From a small start in 1910 the Movement has grown steadily in numbers and influence so that today Scouting is organized in every part of our great country.

"More than 16,500,000 registered members have been identified with the Movement since it was incorporated in Washington, D. C. in 1910. Simply stated, the Boy Scouts of America is dedicated to the high purpose of enriching the nation by helping its boys and young men grow physically, mentally, morally and spiritually so that our heritage of freedom will be strengthened in the citizens of tomorrow.

"This year is dramatic historically for the Boy Scouts of America. We are succeeding in our Crusade to 'Strengthen Liberty' by giving more boys richer experiences in Scouting under trained leadership. Our Second National Jamboree, to be held at Valley Forge, June 30 to July 6 will find more than 40,000 Scouts camping together from all over America at this national shrine, immortalized by General Washington and the brave men of the Continental Army.

"The Boy Scout Movement is flourishing in America because it enjoys the good will of all citizens. We deeply appreciate this confidence. We hope we shall always merit it."

Mr. and Mrs. Roy Bradstreet are the parents of a baby girl born at the local hospital January 27.

## JUDGE HEFLEY ASKS RETURN

County Judge G. W. Hefley authorized the Times to announce his candidacy for re-election this week with the following statement:

To the people of Wheeler County: After giving the matter due consideration I have decided to offer myself to the voters of Wheeler County for reelection to the office of County Judge. You have graciously elected me to this office in the past and I will appreciate your support in the coming election.

I do not claim to be infallible but if my past effort meets with your approval I ask your support. In case the merit of my claim is insufficient to warrant your further support, I assure you that I will hold no hard feeling toward any who do not support me. I do not use the space to account to you the results of the work of the County Judge for the past few years, but the record is open for your inspection. The mere court work of a County Judge is insignificant, compared to the business matters that must pass through that office. I believe an investigation on your part will show that the business of the county is in splendid and solvent shape, that indebtedness has been substantially lowered, that farm to market roads have been constructed, that other such roads are on the program for the coming year and that nothing has been neglected to make more secure the financial status of our county.

At this time the County Judge is given jurisdiction on matters of delinquent minors and this certainly is a great responsibility. We think that we have done some good in the handling of such delinquents but whether I am re-elected or not I ask that our citizenship support any County Judge in this matter particularly because it has so much to do with future citizenship of our county. I will certainly appreciate your support.

Yours very truly,  
G. W. Hefley

## SC DIST. HAS GRASS DRILL

The Wheeler County Soil Conservation District now has a grass drill for use of farmers who want to reseed those worn-out fields to grass.

Assistant County Agent Wheat is in charge of routing the drill, and anyone who wants to use the drill should go to the County Agent's Office and get on the list.

The drill has been in use for nearly two weeks, and five farmers have already drilled over 200 acres of lovegrass with the drill.

A charge of 50 cents per acre is made for use of the drill, the money going to the upkeep and replacement of the machine when worn out.

The grass drill the district bought was made at Plainview, and cost \$890.00. It has a fertilizer attachment, and will plant as little as one-half pound of lovegrass per acre, or will plant a mixture of fine grasses and coarse or feathery seed grasses.

Rep. Grainger McIlhany left Sunday morning to assume his duties at the State Capital in Austin. He was accompanied by Johnny Weeks who is entering the University of Texas.

Corky Guthrie was dismissed from the local hospital Monday where he was a patient.

## Annual Wheeler FFA Project Show To Be Next Thurs.

## MCNEIL SEEKS PRECINCT POST

W. F. McNeil, well-known Wheeler citizen, this week authorized the Wheeler Times to announce his candidacy for the post of County Commissioner in Precinct No. 1.

Mr. McNeil farmed in the Briscoe community for approximately 16 years prior to moving to Wheeler with the exception of a short time when he returned to Oklahoma. Mr. McNeil purchased a home in Wheeler about two years ago and took up residence in town but has continued to farm even though he has made his residence here.

The only experience Mr. McNeil has had which would serve to qualify him to serve as a commissioner, other than his general business ability which he has acquired from operating his personal business, is that of road overseer in which capacity he served in Oklahoma for four years before moving to Texas; however, Mr. McNeil states that he will strive to do everything within his power to make the people of the precinct and county a good commissioner if they see fit to elect him.

Mr. McNeil emphasized that he was making no election promises because they are too hard to fulfill but stated that he would make every effort to be worthy of the office if elected.

This is Mr. McNeil's first time to seek public office of any sort. Mr. McNeil is active in the affairs of his church and community.

## ENOCH N. ORR SERVICES HELD

Enoch Nole Orr, a resident of Wheeler County since 1924, passed away in a Wheeler hospital Monday. He had been in ill health two years.

Funeral services were conducted from the First Methodist Church in Shamrock at 1:30 o'clock Wednesday afternoon with Rev. J. E. Cook of Duncan, Okla., in charge, assisted by Rev. S. M. Dunnam.

Serving as pall bearers were: J. M. Pickens, Dalton Honeycutt, Hugh E. Cantrell, Floyd Davidson, Lloyd Davidson and Marion Addison. Clay Funeral Home was in charge of interment in the Shamrock Cemetery.

Mr. Orr, an 80-year-old retired farmer, came to Wheeler County in 1924 from Sayre, Okla., where he had resided since 1914. Prior to that time he had made his home in McKinney.

He was born March 12, 1869, in Okoy, Tennessee, and was married to Molly Bullewt on October 5, 1906.

Surviving are the widow, Mrs. Molly Orr, Shamrock; two sons, Albert L. Orr, Shamrock; Elmer Orr, Route 1, Wheeler; two daughters, Mrs. Lily Mae Woods, Shamrock; and Mrs. Roxy Ann Cantrell, Duncan, Okla.

Also surviving are eight grandchildren and two great-grandchildren.

Mr. Orr had been a member of the First Methodist Church of Shamrock since 1943.

Funeral Services Held For Skidmore Infant

Jewel Annette Skidmore was born to Mr. and Mrs. John Skidmore at Shamrock never to see life on January 29, 1950. Funeral services for the infant were held at the local funeral parlor at 3:00 o'clock Monday afternoon with Minister Ernest Grizzard officiating.

Survivors besides the parents, Mr. and Mrs. John Skidmore of Wheeler, include the maternal grandmother, Mrs. Edna Gardner of Wheeler, and the paternal grandfather, Owen Skidmore of Dove Creek, Colorado.

Interment was in the Wheeler Cemetery, arrangements being with Kirk-Mason Funeral Home.

The Wheeler FFA will hold its Second Annual Livestock Project show next Tuesday, February 9 at Nicholson Field, Wheeler, according to James Clepper, Wheeler vocational agriculture instructor. The show will begin promptly at 1:30 p. m.

Judging will begin promptly at 1:30 o'clock and will continue through until 4:45 o'clock, with hogs being judged first and beef calves last.

Participants in the show will be awarded \$156.00 in prize money along with ribbon for the first five places in each division and rosettes for all grand champions.

Clepper states there will be 10 separate classes of livestock and 3 showing for grand champions. The separate classes to be shown are:

1. Light weight barrows.
  2. Heavy weight barrows.
  3. Pen of 3 market hogs.
  4. Open gilts.
  5. Sows.
  6. Produce of dam in hogs.
  7. Pig chain circle gilts. (This will be the second generation from these gilts released in last year's pig scramble. The gilts have already rotated one time.)
  8. Dairy cows. (This will include all the dairy cows allotted to the Wheeler FFA boys in the dairy chain started 2 years ago by the Wheeler Chamber of Commerce.)
  9. Light weight beef steers.
  10. Heavy weight beef steers.
- The prize money for all classes of hogs will be: 1st—\$5.00; 2nd—\$4.00; 3rd—\$3.00; 4th—\$2.00; 5th—\$1.00.
- The prize money for all classes of cattle will be: 1st—\$8.00; 2nd—\$6.00; 3rd—\$4.00; 4th—\$2.50; 5th—\$1.50. An additional \$5.00 (Continued on last page)

## DISTRICT 1B IS DIVIDED

The executive committee of district 1B met recently at White Deere to map plans for the 1950 season. The committee split the district into two parts. All nine schools were represented at the meeting and many things were thrashed out.

Stinnett, Spearman, Canadian, and Wheeler make up one division of the district while Panhandle, Vega, Groom, Claude and White Deer are in the other part. Last year each team had eight conference games and it was hard to arrange schedules so that teams of other districts could be played or even teams of other classes of football.

The latter part of November, the two winning teams from each part will stage a play-off to decide the district championship. It would be easy for the two teams to have played earlier in the season but it would still be a good game and should draw a large crowd.

It was brought up that students missing school to see an afternoon game have to be counted absent even though school is dismissed. The above brought up the subject of each school putting lights up as soon as possible. The retaining fences around the playing fields were another topic of discussion. It was also hoped that schools would erect stands for the visiting fans as well as for themselves.

Wheeler's schedule had not been completed the first of the week, but it will be announced just as soon as it is finished. Prize will be given to the grand champion steer.

Leroy Thornburg of White

#### PROSPECT OF RUIN

Rep. Stephen Pace of Georgia, Democrat member of the House Agriculture committee, has predicted that the South will be under cotton quotas at least another 10 years. He thinks the 1951 national allotment will

be reduced to 17 million acres, the 1952 allotment to 16 million and the 1953 allotment to only 15 million acres. This prompts a question: Are these successively reduced acreages to be accompanied by government price supports? If they are, the government has set itself to the task of driving the southern cotton farmer completely out of business.

Acreage allotments make no distinction between farmers with low production costs and those with high production costs. Really, the government pegs the price high enough to cover a host of inefficient farmers whom mechanized producers would run out of business if the program were lifted. Paradoxically, if society for sentimental reasons insists that these outmoded, inefficient producers be left on the farm, the government may argue that a cotton price support will feed them there just as quickly as a WPA dole will in town. Actually, they cost more on the farm because the gravy is splashed over efficient producers also. But who ever heard of the government shying away from spending an extra dollar or two?

As long as the government persists in creating an artificial price structure for cotton, it serves merely to withdraw cotton farther from the reality of world-wide competition and to turn cotton's markets over to synthetics and other competitors. For while this country is busy pushing its cotton farmers toward higher costs, the remainder of the world—through mechanization and hence lower costs—will be taking over markets. When the American people finally realize that agriculture is subject to the same laws of supply and demand that underwrite success or failure for every other industry, this nation's farm problems will be handled much more easily—and sanely.—From Dallas News

#### THIS WORLD!

In Chicago, a milkman was caught drilling peepholes in apartment doors to peek at lady customers. In England, the controlled price of large corsets and brassieres went up 30 percent. In Brooklyn, a woman put all her money—5,000—in a stocking, lost it, had it returned by another woman half way across a city of eight million. In Wichita, Kans., a couple named Fullerlove got a divorce. A Milwaukee family sold its dog and moved to Brooklyn . . . a week later the dog knocked on the Brooklyn door.

This isn't an editorial, of course. But maybe this is:

A man was found dead in a Chicago hotel. Here was the note: "This world is too dull. I'm bored. Good-by."—Dallas News

### Education To Solve Our Dental Problems

Solution of the nation's dental problems lies in making dental health education and dental care available to every child, said Dr. George W. Cox, State Health Officer.

He said it is possible to prevent loss of teeth from decay if a person starts early in life to follow these simple rules:

1. Early and frequent examination of the mouth by a dentist.
  2. Early treatment of small cavities and other dental defects.
  3. Proper diet with refined sugar held at a minimum.
  4. Proper brushing of teeth after eating.
- A child should be taken to the

dentist shortly after the age of two, he declared. Frequent examinations and treatment of dental defects by dentists should follow, he added.

Experiments are under way in research laboratories to find the answer to dental decay and other dental diseases, he said, adding:

"It has been learned that the very active element, flourine, can be used to curb dental decay to a large degree. Dentists are now applying a solution of sodium fluoride to the teeth of their child patients as a routine dental treatment.

"To improve the dental health of the children of this country, each community, through coordinated

group activity, should assume responsibility in dental operation to meet the needs of our children.

If farm profits are maintained during the year, better management practices should be made a part of the ranch operator's plan.

than the first \$3,000.00 in wages paid to an employee in a year, according to J. R. Sanderson, manager of the Amarillo office of the Social Security Administration.

"Only the first \$3,000.00 in wages paid by an employer to each employee is taxable," Sanderson said, "and only an Act of Congress will change the law pertaining to the maximum wages to be taxed."

Sanderson pointed out that all inquiries regarding social security tax matters should be referred to the Collector of Internal Revenue, and that all questions about old-age and survivors insurance benefits should be directed to the social security office, Post Office Building, Amarillo.

### MCLEAN MAN TO SHOW HUNTING PICTURES

McLEAN—Hunters of the Wheeler area will have an opportunity of seeing motion pictures of an actual 30 day hunt made by two McLean men in the wilds of Africa last summer, when a two-hour showing of films made during the hunt is presented at the New American Legion Hall in Shamrock, Texas, Monday night, February 6, at 8 o'clock.

The two McLean men who made the hunt are C. E. Cooke, automobile dealer, and A. B. Huggins, dirt contractor. Cooke made most of the films, although some of the shots were made by Huggins.

Admission to the show will be 50 cents for adults and 25 cents for children. The showing of the film is being sponsored by the Andrew H. Floyd Post of the American Legion in McLean, in cooperation with the Shamrock American Legion.

Cooke and Huggins, during their hunt, had as their headquarters the African town of Nairobi, a city controlled by the English and one in the midst of uncivilized Africa. Safariland, Ltd., an English-owned company, handled all arrangements for the hunt, including the provisions of transportation for the hunters. The two McLean men were joined in Nairobi by Bill Franklin, 17-year-old Amarillo youth, who has received a great deal of publicity in the Amarillo Globe-News.

The first portion of the hunt was for elephants, and the films show the actual shooting of two of the animals. Cooke and Huggins were limited to killing one elephant each, and each man was able to get his limit. The films show the actual charge made by one of the elephants at Cooke, and a black spot on the film shows the instant when Cooke was knocked down by the huge animal.

After a brief visit back to Nairobi, the two men and their guides

left for a hunt to the south, where they saw—and shot—almost every kind of animal known to man. Included in the scenes to the south are large fields of grass which do credit to any found in the Panhandle area. Wild animals graze on this grass, and in one scene as many as 10,000 animals of one species can be viewed at one time.

Cooke and Huggins left McLean July 19, and returned in September. In addition to spending 30 days on the hunting trip, the pair made a round-the-world airplane trip, visiting European, African, Indian and Chinese nations. Preparations for the trip and the hunt required the unfolding of much red tape, since passports, hunting licenses, etc. were necessary before the trip could begin.

Neither of the McLean men suffered any misfortunes during the trip or the hunt. Franklin, the Amarillo youth, became ill with malaria while on the elephant hunt, but was able to join them on the hunt to the south. Franklin remained in Africa for a few weeks after Cooke and Huggins returned, however, in order that he might get his elephant.

### SALE BE HELD AT PERRYTON

The Fourth Annual Registered Hereford sale of the North Plains Hereford Breeders Association will be held in Perryton on Tuesday afternoon, February 7, with the largest number of registered animals consigned in the history of the annual event.

Sixty-one Herefords, 37 bulls and 24 females, will go on sale that day, representing some of the outstanding Hereford herds in the North Plains area.

The sale will follow the annual show, to be held Monday afternoon, February 6. Prize ribbons will be given to winning bulls and females in four classes.

The mammoth Ochiltree county warehouse will again be the site for the sale. New bleacher seats have been provided, and the sales

ring has been improved. John C. Burns of Fort Worth will judge the Herefords at the Monday show. Col. Walter Britten of College Station will be auctioneer for the sale, which starts at 1:30 p. m. Tuesday.

A large number of Hereford breeders, as well as others interested in livestock, are expected to attend the sale and show from counties comprising the association—Hansford, Ochiltree, Lipscomb, Hemphill, Sherman, Dallam, Hartley, Moore, Sherman, Hutchinson, and Roberts counties in Texas, and Beaver, Cimarron and Texas counties in Oklahoma.

## Mrs. Barnes Hostess To Review Club Thurs.

The Thursday Review Club met January 26, at the home of Mrs. Earl Barnes.

The president held the regular business session and it was followed by a very interesting program on "Famous Ladies".

"The women who stand at the top are those who could not bear defeat; their failures only made them strong for tasks they had to meet," quoted Mrs. Ralph Robinson, leader of the program as she began her review of "This I Remember", by Eleanor Roosevelt. Mrs. Harvey Wright gave a topic entitled, "Sister Kenny" and Mrs. W. A. Goad, Jr. concluded the program by giving "Meet Harry's Boss, Boss", which portrayed the

life of Mrs. Harry Truman. Refreshments were served to one guest, Mrs. Grider, and the following members: Mesdames Wilton Callan, W. A. Goad, Jr., Louis Martin, Carroll Pettit, Lowell Pendleton, Lester Robertson, Carroll Pendleton, Leroy Ribison, Ed Trimble, Ralph Robinson, Harvey Wright, Guy Dawkins, and Naomi Blackwell.

Misses Glenna Hefley, Wilma Hefley, Vendell Starkey and the hostess, Mrs. Earl Barnes.

## Mrs. Bradley Hostess To Wheeler HD Club

The Wheeler Home Demonstration Club met February 1 in the home of Mrs. Richard L. Bradley for their first meeting of the month.

Mrs. Emma Hastings, Home Demonstration Agent, helped to make the program on "Family Harmony" more enjoyable by showing a picture slide on that subject.

Those present were: one visitor, Mrs. Ralph Mainard, and the following members: Mesdames Rushing, Sims, Moss, Hastings, Bentley, Lynch, Clepper, Owens, Parks, Moore, Teague and the hostess.

The next meeting will be February 15 with Mrs. Loyd Davidson and Mrs. W. K. Frey will be present to give a demonstration on copper craft.

## Lafin Home Scene Of Study Club Meeting

The Wednesday Study Club met January 25 in the home of Mrs. Carl Lafin for a study program on, "Our Southwest Heritage".

Mrs. R. J. Holt, Sr. was the leader of the program and gave a very interesting talk on "Folk Dramas, Songs and Tales". Mrs. Harold Nash discussed, "Narratives of the Cattle Country". Mrs. M. McIlhenny talked on, "Literature of the Contemporary Scene" and passed around for inspection some of the works discussed, one of which was Mrs. J. M. Porter's latest books, "Put Up or Shut Up". The program closed with the reading of the club collect.

A delicious dessert plate was served to the following guests and members: Mesdames Shelby Pettit, Lena Dill, J. W. Barr, J. M. Porter, Darris Egger, Fred Farmer, Glen Porter, D. O. Beene, Harry Wofford, Frank Wofford, Max Wiley, H. M. Wiley, Nelson Porter, George Porter, Floyd Pennington, Harold Nash, C. J. Meek, M. McIlhenny, Cora Hyatt, R. J. Holt, Lee Guthrie, R. Wm. Brown, T. M. Britt and the hostess, Mrs. Lafin.

The next meeting of the club will be February 8 in the home of Mrs. R. J. Holt.

## Local WSCS Begins Bible Study Monday

The W.S.C.S. of the Methodist Church of Wheeler met Monday and begin a study of "Women of the Scripture", a Bible study. Rev. Darris Egger very ably presented the first chapter.

Those present were: Mesdames Holt, Davidson, Parks, Van Zandt, Hampton, Porter, Noah and Moore.

Mr. and Mrs. George Higgins, Mrs. M. E. Harville and Miss Bea Harville visited Mrs. John A. Reed who is a patient in the Worley Hospital at Pampa. Mrs. Reed is a former Wheeler resident and she had the misfortune to fall Monday and break her hip.

Mr. and Mrs. Dudley Callan and daughter have moved back to Wheeler to make their home after having been operating a tailor shop in Santa Rosa, N. M. the past few years.

**Assistant Director Of Scouting Services Will Speak At Shamrock February 16**

Bob Perin, Assistant to the Director, Scouting Services, Boy Scouts of America, with his trunkload of adventure will be in Shamrock, February 16, 1950, to bring to the Scouters (Scoutmasters, Troop Committeemen and Explorer Advisors) of the Southern District of the Adobe Walls Area Council, new ideas and skills in the outdoor adventures of the Scouting Program. While in Shamrock, Mr. Perin will work with the Training men of the Southern District, and with the Commissioners as well as Troop and Explorer Leaders.

The "Trunk Load of Adventure" that "Bob" packs around the country with him is a result of years of outdoor experience and adventure in his own life. His early life was spent on a ranch high in the mountains of Utah near Bryce Canyon. During his high school days, he worked as a wrangler at the Grand Canyon and Zion National Parks, guiding Dudes and visitors through the many trails of these great natural wonderlands.

After leaving the University of New Mexico, Mr. Perin went to live with the Mescalero Apache Indians during which time he had opportunity to learn the ways of the Indian in hunting and woodcraft. This interest in the Indian people later led him to do work with the University of New Mexico at the Indian ruins at Chaco Canyon and Jemez Springs where

Mr. and Mrs. Fred Waters and Wanda Sue, Mr. and Mrs. Leslie Waters, Keith and Glenn and Mr. and Mrs. T. V. Jackson and daughter, Cynthia, of Amarillo were Sunday dinner guests of Mr. and Mrs. C. P. Waters.

Mr. and Mrs. W. D. Mitchell and Mrs. C. D. Mitchell visited with relatives in Amarillo Sunday.

Frank Cocke is a medical patient in the Wheeler Hospital this week.

C. B. Kirk attended the Panhandle Funeral directors association quarterly meeting on the evening of January 26 at Amarillo.

R. H. Dyson was dismissed from the Wheeler Hospital Tuesday.

Apples are so plentiful this year we'll be eating them around the clock. Starting off at breakfast with a tart baked apple and cream or ending dinner with a sweet variety. Strawberry jam and chopped nuts make an ideal filling. Then bake in a sugar syrup made of 1/2 cup water, 1/2 cup sugar and 3 tablespoons vitaminized margarine. Serve with the remaining syrup.

A stitch in time — in other words before you wash — prevents rips and holes from becoming larger. Except in socks and stockings. Mend them after washing.

You can expect a caller some time next April. The census taker is coming around. It's not only humans he's counting. He'll ask you whether you have a kitchen sink, a television set and the number of hogs and turkeys you own. That is all of vital interest to the Government.

For your winter project why not make a knitted rug? It's ideal pick up work. First, convert discarded dresses, underwear and stockings with all purpose dye to shades that harmonize with your color scheme. Then cut 1/2 inch strips and knit into four or five inch square blocks. Sew the squares together with the knit rows of one running across and the adjoining ones up and down.

Did you know that by adding a handful of the new detergent to the bath water you'll be minus a ring around the tub afterwards? Try it when you bathe Buster tonight.

Coffee prices are on the up-grade. Main reason is that world demand is running ahead of supply. New trees are being planted in Brazil but it takes five years for them to mature.

# NOTICE

## To All Owners of Trucks, Commercial Vehicles and Passenger Cars

The State law requires the owners of all kinds of motor vehicles, including passenger car to register the same in the county of their residence. For such reason, owners living in Wheeler County are required to register their particular vehicles in this county.

This law is generally complied with, but in the past two years, due to lack of information of the requirement, some vehicles were registered elsewhere. The Highway Department has caused much pressure to bear toward the stopping of this practice, and an actual prosecution is often commenced against such violations.

We feel that when this law is understood we will have 100 percent cooperation and will sincerely appreciate your registering in the proper county.

We would also like to call attention to the fact that every vehicle registered out of the county by a county citizen means and represents the loss of that money to our county funds. All the revenue derived from county registration up to \$50,000.00 stays in Wheeler County, one half of the balance also remains in the county, this money is used entirely on lateral roads; therefore, please help us keep all the money in Wheeler County that we are entitled to.

**SENIOR NEWS**

The seniors have decided on  
their play which is to be given the  
first part of March. The name of  
it is "Desperate Ambrose". We  
will have try-outs sometime this  
week. Several of the teachers will  
be the judges.

Miss Mobley, the English teach-  
er, let us have a spelling match  
Friday. All the contestants were  
eliminated with the word ficti-  
tious.

**VITAL STATISTICS**

There are five senior girls and  
three senior boys playing basket-  
ball.

There are 24 seniors.  
Seven of the seniors are 18 or  
over.

Eight senior girls use Modart  
Shampoo.

Two seniors owed library fines  
last week.  
One pupil has been added to the  
senior class.

**EIGHTH GRADE NEWS**

We wish to welcome to our

**Mid-Century Motorama**

The first half-century of progress in the automobile industry is being  
marked by General Motors in its "Mid-Century Motorama" exhibition at  
the Waldorf-Astoria in New York January 19 through 27. The model  
shown here was constructed to aid GM stylists in preparing the display.  
It represents about 10,000 square feet of floor space.

was honored with a farewell party  
given by Glenda Ann Porter. The  
freshman class and several others  
were present. We wish Sue good  
luck in her new home.

Since the semester several of the  
freshman girls have been taking  
Drivers Education under Mr. Bar-  
ham. We hope nothing happens to  
the driving car. The freshman  
girls will also go to Miami Thurs-  
day night to play in place of the  
senior basketball team. The high  
school team will be at Shamrock  
playing in the County Tournament.

Nadine Barton gave a party in  
her home Saturday night. The  
attendance was cut down by the  
absence of the boys who were in  
Fort Worth at the Fat Stock  
Show. Every one who was present  
reported a good time.

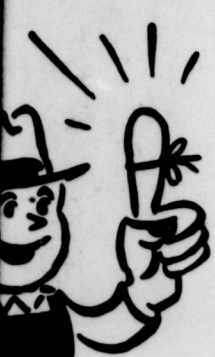

**AROUND SCHOOL**  
Last weekend a truckload of  
F.F.A. boys went to Fort Worth  
to attend the Fat Stock Show  
there. James Clepper, the Agri-  
culture teacher, and Ralph Wheat  
went with them.

Thursday of last week we had  
a fire drill. The bell rang just be-  
fore dinner, and everyone, think-  
ing it was time to eat, grabbed  
their coats and ran to town and  
the cafeteria. Next time the drill  
will come in the afternoon.

This coming weekend, the girls  
County Basketball Tournament will  
be held at Shamrock. Wheeler  
girls will play every day of the  
tournament.

Apples are so plentiful this year we'll be eating them around the clock. Starting off at breakfast with a tart baked apple and cream or ending dinner with a sweet variety. Strawberry jam and chopped nuts make an ideal filling. Then bake in a sugar syrup made of 1/2 cup water, 1/2 cup sugar and 3 tablespoons vitaminized margarine. Serve with the remaining syrup.

A stitch in time — in other words before you wash — prevents rips and holes from becoming larger. Except in socks and stockings. Mend them after washing.

You can expect a caller some time next April. The census taker is coming around. It's not only humans he's counting. He'll ask you whether you have a kitchen sink, a television set and the number of hogs and turkeys you own. That is all of vital interest to the Government.

For your winter project why not make a knitted rug? It's ideal pick up work. First, convert discarded dresses, underwear and stockings with all purpose dye to shades that harmonize with your color scheme. Then cut 1/2 inch strips and knit into four or five inch square blocks. Sew the squares together with the knit rows of one running across and the adjoining ones up and down.

Did you know that by adding a handful of the new detergent to the bath water you'll be minus a ring around the tub afterwards? Try it when you bathe Buster tonight.

Coffee prices are on the up-grade. Main reason is that world demand is running ahead of supply. New trees are being planted in Brazil but it takes five years for them to mature.
