THE COUNTY SEAT NEWSPAPER

WHEELER GAINS, TOWNSHIP LOSES CENSUS

Wheeler gains 203 residents while the township loses 102, according to the 1950 census report.

Wheeler County's population is 10,288—a drop of 100 years—and the town as 994—a net gain of 203 residents since 1940.

Only other town in the county which has been on which a separate census was taken, had a population of 1,000—a gain of 203 residents.

Good news to Mr. J. M. Glover, which has been reported in telegrams, telephone calls and letters from a score of Panhandle towns and counties, that most Wheeler County residents are not only accepting the count, but are also as well as philo-

Here is Kelton's crack 4-H club livestock judging team. Front row, left to right, Donald Whiteley, Carrol Pitcock, Lawrence Whiteley and Jimmie Harris; back row, Ralph (Buck) Wheat, county agent and coach, and Robert Ledbetter, assistant county agent.

Kelton 4-H Team Second In State

The Wheeler county 4-H club livestock judging team placed second in team competition at the state contest held at Texas A & M College during the 4-H Roundup, June 11 to 14.

The team is composed of Jimmie Harris, Donald Whiteley, Lawrence Whiteley, and Carrol Pitcock all of Kelton. Jimmie Harris was second high individual of the entire contest.

Members of the team were honored at a banquet and later presented medals at the 4-H Roundup's annual banquet.

Ralph (Buck) Wheat, acting county agent and coach, says the Wheeler county team could win at the Dallas State Fair contest with a lot of hard work and a little luck. The Kelton boys would be in competition with the state's three highest FFA teams as well as the three high 4-H teams at Dallas, the winner of which will represent Texas at the International Livestock judging contest in Chicago during November.

James Clark of the Wheeler 4-H club also attended the State 4-H Roundup as a Junior Recreation Leader.

The boys had an enjoyable trip and expressed their thanks to the Wheeler County Farm Bureau and to the Shamrock chamber of Commerce for helping sponsor them.

The league-pacing Wheeler Legionnaires journey to Canadian next Sunday in a try to make it nine straight victories. Facing that grim stalker of all champions, Old Man Law of Averages, the club realizes defeat may come any Sunday, but hopes for another stay of time.

Miami goes to Briscoe Sunday and Mobeetie to Allison, Shamrock has a bye.

The Wheeler Legionnaires extended their winning streak to eight in a scoring marathon at the Wheeler Park Sunday, overwhelming Kelton 27 to 4.

It was all Wheeler after the first inning which closed Wheeler 1 and Kelton 1. The Legionnaires ran in 3 more in the second, 8 in the third, 5 in the fourth, 3 in the fifth, 2 in the sixth, and 1 in the seventh.

DEMOS LAYING PLANS TO HOLD JULY PRIMARY

A list of election judges in Wheeler county's 15 voting boxes was announced this week by A. B. Crump, chairman of the county Democratic executive committee, as preparations got under way for holding the first Democratic primary on July 22.

The time for filing for precinct and county office expired last Saturday and at a meeting of the County Democratic committee held at Wheeler Monday morning, costs for holding the election were assessed candidates, based on salary, and a drawing was held to determine the respective order of candidates on the printed ballot.

With one exception, that of Jack Hurt of Shamrock who had announced for justice of the peace in precincts 3-4, all candidates who had previously carried political announcements in the public press, made official filings with the county committee before the deadline. Only the names of those doing this will appear on the printed ballot.

Candidates for office in Texas defray all costs of Democratic primaries, and in Wheeler county this year that cost will vary from \$11 for justice of the peace, precinct 1, to \$321.75 for county superintendent of schools Reason for the high cost in the superintendent's case is the office is voted on every four years whereas all other county offices are for only two years.

Here are the assessments various local candidates must pay this year: county judge \$77, county attorney \$99, district clerk \$55, county clerk \$103.10, sheriff \$88, tax assessor-collector \$103, treasurer \$41.25, county commissioner \$60.50, justice of peace, precinct 3-4 \$30.25, justice of peace, precinct 1-2 \$15.12.

Wheeler county friends are predicting Walter Rogers of Pampa former district attorney, will lead the ticket in the 18th congressional district race which is beginning to attract more and more interest over the far-flung Panhandle area.

The personable young Gray county attorney officially opened his campaign in a radio broadcast from Amarillo last Friday. Appearing on the program with him was beloved Judge W. R. Ewing, veteran of 30 years as district judge of the 31st district, before whom the congressional candidate has practiced law both as district attorney and as a civil lawyer.

Also on the program were Joe Gordon, prominent attorney of Pampa, who was born and raised in the Panhandle and who has practiced law, both with and against Walter Rogers for the past 15 years; and Lynn Boyd, prominent attorney of Amarillo.

The American Legion of Mobeetie has made arrangements to present "Uncle Ezra's Hayloft Jamboree" at Mobeetie High School Auditorium on Monday and Tuesday of next week.

This big fast-moving stage show uses all home-town folk who appear to impersonate favorite popular radio stars who have won fame on barn dance program broadcasts. Although there is an exciting element of competition among the contestants who take part, still Uncle Ezra's Hayloft Jamboree is not just an amateur contest in the strict sense of the word, for there will be an impersonation of Joe Kelley, the master of ceremonies of the National Barn Dance Show, by Jiggs Leonard, and as special feature he will interview four boys and girls chosen from the fifth and sixth grades as Quiz Kids. These local quiz kids will be asked some of the same questions which have been used in the program broadcast over the national hook-up.

In addition there will be a funny old character, Uncle Ezra, who keeps things moving at the hayloft party by his jokes and pranks. Uncle Ezra will be played by Judge Holiday, Lulu Belle, the bell of the barn dance, will also be in evidence with her chewing gum, her pranks and songs when she is interviewed.

Mr. Crowder farmed between 1925 and 1939 and has been following the carpentry trade for the past nine years. He is 53 years old, a veteran of World War I, and a member of the American Legion.

Mr. Crowder said he has no extravagant promises to make, but that if elected, he will devote his full time and talents trying to give his precinct and the county as a whole, honest and efficient government. He is going to try and see all the precinct voters personally before election day and will appreciate your vote and influence.

The Wheeler County singing convention will meet at 2 o'clock Sunday afternoon in the Missionary Baptist Church at Shamrock. C. O. Killingsworth has notified the Times.

Miss Carolyn Howard left for her home in Glasgow, Ky., Tuesday after a few days visit in the Wheeler home in Wheeler.

Row Crops Will Be Later, Cotton Yield Cut Some

Wheeler County's row crops will be late this year and the cotton yield will probably be cut short because of recent heavy rains which have washed out thousands of acres of plantings, County Agent Ralph (Buck) Wheat declared this week.

Spotted sections of every area in the county have been hit by the late spring rains, he said. Some farmers have replanted three times and most of them have planted as much as twice, the farm agent stated.

It is estimated that more than 500 acres of cotton was washed out in the Twitty area Tuesday night by a hard down-pour that measured up to three and a half inches. The heavy rain covered an area extending five miles north and northwest of Twitty and approximately five miles east.

Some crops were large enough to withstand the beating but the more recent plantings were beaten into the ground. Some farmers said they would not replant their land to cotton, but others will take a chance on a late winter allowing their crop to mature.

Farmers in the Mobeetie and Allison areas had to replant following rains three weeks ago. Many Kelton farmers have replanted three times. Spotted sections between Kelton and Twitty have been replanted and a heavy rain Saturday, June 10, washed out most of Paskan's crops. Some farmers in the immediate Wheeler vicinity have replanted at least once. Rains in and near Shamrock have not been so severe and most farmers have been able to "nurse" their original plantings through to a fairly good stand.

"We now have a good underground season throughout the county and with good breaks in the weather from now on we can make a bumper feed crop and produce lots of cotton," County Agent Wheat said.

ALBERT COOPER TO TAKE CHARGE RADIO STATION

Albert Cooper, owner of Radio Station KEVA and a partner in The Wheeler Times and The Shamrock Texan, announced this week he is resigning as publisher of The Shamrock Texan on July 1 to assume active management of the Wheeler County radio station.

Cooper worked at The Wheeler Times office this week, pinching for Editor J. C. Howell who is on vacation.

KEVA will open a downtown office to accommodate enlarged news and advertising departments, he said. A news reporter will be employed to gather and write the daily happenings of the 5-town area while two men are being added to sell and service advertising clients.

Local happenings and local talent will be emphasized in the KEVA reorganization.

John Kennedy, manager of KEVA since it went on the air in January of 1949, recently resigned, effective July 1, to return to KFYO, Lubbock, to work in sales and special events announcing.

Ken Kendrick, now associated with a station at Clovis, N.M., will succeed Kennedy as commercial manager of KEVA, heading the advertising sales and copy writing staff. Kendrick, formerly with a station at Big Springs, is a graduate of the University of Texas Radio School and a native of Hillsboro, Texas.

The KEVA owner said programming and production will be completely overhauled under the new setup. He said he had been studying radio operations in a dozen Texas and Oklahoma cities the past year planning the KEVA reorganization and believed the changes would win widespread public acceptance.

The local station will continue as an affiliate of the Mutual Broadcasting System, carrying most of the present programs including major league baseball, but will drop some of the present Mutual programs to make room for more local news and local talent.

WALTER ROGERS SEEN IN LEAD FOR CONGRESS

Wheeler county friends are predicting Walter Rogers of Pampa former district attorney, will lead the ticket in the 18th congressional district race which is beginning to attract more and more interest over the far-flung Panhandle area.

The personable young Gray county attorney officially opened his campaign in a radio broadcast from Amarillo last Friday. Appearing on the program with him was beloved Judge W. R. Ewing, veteran of 30 years as district judge of the 31st district, before whom the congressional candidate has practiced law both as district attorney and as a civil lawyer.

Also on the program were Joe Gordon, prominent attorney of Pampa, who was born and raised in the Panhandle and who has practiced law, both with and against Walter Rogers for the past 15 years; and Lynn Boyd, prominent attorney of Amarillo.

The American Legion of Mobeetie has made arrangements to present "Uncle Ezra's Hayloft Jamboree" at Mobeetie High School Auditorium on Monday and Tuesday of next week.

This big fast-moving stage show uses all home-town folk who appear to impersonate favorite popular radio stars who have won fame on barn dance program broadcasts. Although there is an exciting element of competition among the contestants who take part, still Uncle Ezra's Hayloft Jamboree is not just an amateur contest in the strict sense of the word, for there will be an impersonation of Joe Kelley, the master of ceremonies of the National Barn Dance Show, by Jiggs Leonard, and as special feature he will interview four boys and girls chosen from the fifth and sixth grades as Quiz Kids. These local quiz kids will be asked some of the same questions which have been used in the program broadcast over the national hook-up.

In addition there will be a funny old character, Uncle Ezra, who keeps things moving at the hayloft party by his jokes and pranks. Uncle Ezra will be played by Judge Holiday, Lulu Belle, the bell of the barn dance, will also be in evidence with her chewing gum, her pranks and songs when she is interviewed.

Mr. Crowder farmed between 1925 and 1939 and has been following the carpentry trade for the past nine years. He is 53 years old, a veteran of World War I, and a member of the American Legion.

Mr. Crowder said he has no extravagant promises to make, but that if elected, he will devote his full time and talents trying to give his precinct and the county as a whole, honest and efficient government. He is going to try and see all the precinct voters personally before election day and will appreciate your vote and influence.

The Wheeler County singing convention will meet at 2 o'clock Sunday afternoon in the Missionary Baptist Church at Shamrock. C. O. Killingsworth has notified the Times.

Miss Carolyn Howard left for her home in Glasgow, Ky., Tuesday after a few days visit in the Wheeler home in Wheeler.

MOSBY AWARD GIVEN WHEELER LADY GRADUATE

Dr. Mary Lou McIlhenny, daughter of Mrs. M. McIlhenny of Wheeler, is one of the winners of the J. B. Mosby awards from the Vanderbilt University School of Medicine, from which she was graduated early this month with the M. D. degree.

Announcement of the award was made in a special press release sent The Wheeler Times this week by Vanderbilt University.

Dr. McIlhenny was selected by the Medical School faculty for the award, given each year by this prominent medical publishing firm, because of her high scholarship and her interest in a special field which, in Dr. McIlhenny's case was allergy.

Dr. McIlhenny is a graduate of Wheeler High School and the University of Texas. She is a member of Alpha Omega Alpha medical honorary fraternity.

4-H ROUND-UP IS DESCRIBED

The girls from Wheeler county who attended State 4-H Round-Up this year were Waunetta Burgess of Wheeler, and Tommy White of Mobeetie. Waunetta went to compete in the State Dress Review, and Tommy as one of the 75 junior recreation leaders from the state.

There were 134 counties represented in the State Dress Review Tuesday evening at 8 p. m. Each girl was a winner back in her local county. The dresses had been mailed in before hand and judged for workmanship and judged on the girls before the review. No one knew who the winners were until Miss Mary Routh, state clothing specialist, who narrated the event, announced it at the close of the showing.

For the first time this year, each girl was escorted across the stage by a boy from her home county. Jimmie Harris of Kelton, member of the Wheeler livestock judging team, escorted Wheeler county entry, Waunetta Burgess, who modeled a blue chambray best dress, with white eyelet embroidery cape, and white accessories. Although Waunetta did not win one of the 13 prizes awarded, we are proud of the showing she made for us as a county winner.

The junior recreation leaders had the hardest jobs of any of the boys and girls attending because they sacrificed all other activities to work constantly on recreation for the night programs.

The program Monday night was a "Jeans and Calico Party." The (Continued on last page)

22 Gold Watches To Be Sold At Public Auction

The Wheeler Drug will stage a public auction sale at 8:30 p. m., next Saturday which will be of unusual importance in helping establish the town of Wheeler as shopping headquarters for this area. Manager Frank Wofford will hold a disposal sale of all fine watches in his store with exception of Elgins, Shelby Pettit will auction 22 white and gold watches, both men's and women's, to the high bidder.

The watches are mostly 17 jewels and are all standard Swiss movement. The Wheeler Drug will sell Elgin watches exclusively in the future and that is the reason for the sale. Wofford could have sold the fine stock to other retail stores at wholesale prices and realized more money from them, but he prefers to pass the savings on to people of the Wheeler trade area.

Mrs. R. L. Ramsey is named THDA Chairman

Mrs. R. L. Ramsey was elected county THDA chairman for the next two years and delegate to the state home demonstration meeting, at the recent meeting of the Wheeler County Home Demonstration Council, instead of Mrs. C. L. Ramsey as was stated in last week's Wheeler Times.

Absentee voting in the July 22 Democratic primary will start in Wheeler county on July 2 and end on July 18, the Wheeler county Democratic committee said this week.

Persons who know they will be outside the county on July 22 are advised to go to the County Clerk's office at the courthouse between July 2 and 18 and cast their ballot.

Qualified voters who are away from the county may write the County Clerk, Wheeler, Texas citing their legal qualifications, and an absentee ballot will be mailed them. They must appear before a Notary Public to cast their ballot, and mail it back to the County Clerk at Wheeler.

Democratic Chairman A. B. Crump calls attention that absentee ballots must be in the hands of the County Clerk by July 18. It is not sufficient that they be postmarked on that date.

Miss Mary Lou McIlhenny, Miss Carolyn Howard and Grainger McIlhenny returned Sunday after a few days trip to Colorado Spring, Denver and Taos.

Editorial

TOO BIG FOR THE STATE

The investigation into organized and syndicated crime, about to get underway by a Senate Committee, headed by Senator Estes Kefauver, of Tennessee, may uncover surprising ramifications from the large cities

of the United States into and through many of the states.

There is talk of a syndicate which boasts millions and millions of dollars annually, with operations around race tracks and book-making, as well as with slot machines and other forms of vice. Most of the large cities are involved in preliminary reports, which also tell of criminal activity in New Orleans and California.

The investigation will demonstrate, once again, that the Federal Government is alone able to cope with criminals who cross state lines whenever law enforcement officials get hot on their trail. No California or Louisiana inquiry, for example, can follow the trail of the criminal syndicates into Florida, Illinois or New York. This is a job that a Federal investigation alone can accomplish.

While we are somewhat tolerant of the minor vices of men and women, including limited betting and minor gambling, no person should confuse these habits with the operations of a well-organized and well-protected criminal syndicate. Professional gamblers, like bootleggers in prohibition days, amass considerable wealth and pass it around to corrupt susceptible individuals. They constitute a menace and the sooner they are uncovered and punished, the better for the nation as a whole.

There are some Congressmen, who would like to investigate some of the investigations that are going on.

The child who attempts to reform father and mother ought to be between the shafts pulling the family load.

The trouble with many American homes is that they have no "head of the house" and no "wife of the house."

Democracy is not assisted by careless criticism of officials, whether they serve local, state or federal governments.

How would you feel if everybody in town knew how much you put in collection plate at church last Sunday?

The editor who finds everybody out of step except himself ought to have his head examined and his motive scrutinized.

Typical of the ignorance that exists in the world is the idea that advertising is a scheme to get money for nothing.

There are business men in Wheeler, whose success depends upon the success of agriculture, but who do not yet understand the meaning of "Parity."

FARM FACTS

Question: How can nutritional scours in calves be kept down?

Answer: To keep nutritional scours in calves down, watch all these points:

1. Feed limited amounts of milk for 30 days rather than over-feeding on milk.
2. Feed proper balanced dry calf feed, block salt, and plenty of fresh water.
3. Thoroughly wash all utensils after each use.
4. Keep calves dry and free from drafts.

Question: Why should dairy cows be fed a special ration during the dry period?

Answer: It is especially important that the dry cow be fed a special grain ration high in minerals and vitamins, since a high producing cow is unable to consume enough feed nutrients to nourish the unborn calf, produce a heavy flow of milk, and keep up her body. Records at the Research Farm of the Ralston Purina Company show that each pound of condition during the 60 day dry period will give the following amounts of extra milk during the next lactation period:

- 15 lbs. of extra milk for Jerseys
- 20 lbs. of extra milk for Guernseys
- 25 lbs. of extra milk for Holsteins

Question: Can milk production be increased by giving cows more water?

Answer: It is often possible to increase production of a herd by 10 to 15 percent simply by increasing the number of times they are watered. If possible, water should be available at all times with water cups at each stallion. If not, cows should be watered at least three times daily, winter and summer.

OFFICE SUPPLIES AND STATIONERY AT THE WHEELER TIMES

Frank B. Drew Is Given Pastorate Oregon Church

The Reverend Frank Bradford Drew, formerly of Shamrock, and the son of Jesse K. Drew, was awarded the degree Master of Theology from The Iliff School of Theology at the 45th annual commencement Thursday evening, June 15.

Mr. Drew graduated from Shamrock High School in 1940, going on to Clarendon Junior College, West Texas State and Oklahoma City University, receiving the degree Bachelor of Science in Education from the latter school in 1947.

Mr. Drew served the Kellerville-Plainview Methodist churches as pastor from 1942-44, and while attending Oklahoma City University he served churches in Wheatland and Hitchcock. During the past three years, while attending Iliff School, he and his wife and children have lived in Olney Springs and Vineland, Colorado, serving the Methodist churches in those two towns.

Mr. Drew will be ordained in the Colorado Annual Conference of The

Methodist Church the graduation, and will where he has been appointed Dillard Methodist Church. He hopes to take further study in the fields of Church History, New Testament, in the Oregon, at Eugene. He man to enter the ministry church at Shamrock.

Halley's comet will be seen in 1985.

Louisiana produces more sugar cane than any other state in the South.

KING FOR A DAY!

Time to salute that wonderful guy again!

Show him just how really wonderful we think he is.

What better way of letting Dad know than an electrical gift... something he can claim as his very own. An electric shaver, that very special electrical tool for his hobby shop. Or a Certified Lamp. Perfect companion to his favorite chair... a Certified Lamp will add extra "see-ability," extra reading enjoyment... from Chaucer to the Sports Page!

Yes, Dad likes nice things. He appreciates comfort and efficiency... and he'll find both in an electrical gift. Why not visit your dealer? He'll help you choose just the gift from his wide selection of new electrical "man-kind" appliances. They're all so very economical... low cost, dependable electric service makes them that way!

Wheeler, Texas

SALES INCREASE

May from the previous month. Jewelry stores turned in the largest gain in the durable goods group—23 per cent; followed by sales increases in farm implement stores, 22 per cent; furniture stores, 16 per cent; motor vehicle stores and hardware stores, 13 per cent; lumber and building material, 11 per cent; and household and appliance stores, 7 per cent.

Except for a 9-per-cent decline in household and appliance stores, all durable goods stores tallied increases over their May 1949 sales. Motor vehicle sales were up 26 per cent in May 1950 as compared with May 1949. Sales of lumber and building material rose 23 per cent; farm implements, 16 per cent; hardware, 5 per cent; and jewelry, 1 per cent.

turned in the largest increase in sales in the nondurable goods group in May from April, followed by department stores, 8 per cent; office, store, and school supplies, 7 per cent; eating and drinking places, 4 per cent; apparel and drug stores, 2 per cent; and florist shops, 1 per cent.

Monthly declines were recorded in sales of general merchandise and country general stores, 1 per cent, and in food stores, down fractionally.

In comparison with May 1949, country general stores turned in the only decline in sales in the nondurable goods group—5 per cent.

Compared with May of last year, increases were registered in office, store, and school supplies, 21 per cent; florist shops, 8 per cent;

department stores, 7 per cent; apparel and general merchandise stores, 6 per cent; filling stations, 5 per cent; eating and drinking places, 4 per cent; food stores, 3 per cent; and drug stores, 1 per cent.

FARM PRICES UP.

Farm prices advanced about 2.5 per cent between mid-April and mid-May to reach the highest level since September, 1949, according to the Agriculture Department, which said that sharply higher prices for hogs, together with increases in prices of most other meat animals, cotton, wool, soybeans and corn pushed the general average up.

Harding was the first president to speak over the radio.

739 DIABETES DEATHS TEXAS

Death rates from diabetes is three times as high in diabetics whose condition was not discovered until after complications developed than for patients whose illness was recognized and brought under treatment before advanced symptoms appeared.

Based on recently completed national studies, this was revealed Thursday by State Health Officer George W. Cox.

"Diabetes has not always been a public health problem," the health officer declared. "It became one when we found that the death rate is much greater when

the condition is discovered late. "Public education makes for lower diabetes death rates, and public education in such matters is a health department job."

Dr. Cox told this story about diabetes:

It used to be that many diabetic patients sought treatment only after having developed serious complications. A considerable number of all diabetics examined at autopsy showed active pulmonary tuberculosis.

The discovery of insulin gave physicians a specific treatment for prolonging patients' lives, even before it was entirely clear what the disease was and what its effects were. Thus, event after event took place with insulin therapy, eventually leading to the realization that early discovery means

longer life. "Diabetes mellitus" — called sugar diabetes by some people—is a condition in which the sugar cannot properly process the sugar it needs. The result is chronic thirst, hunger, and weakness. Eventually, without insulin, the patient will literally starve to death. Insulin injections will correct the faulty body processes.

"In 1949, there were 739 diabetes deaths in Texas," Dr. Cox said. "By comparison, that same year there were only 189 polio deaths."

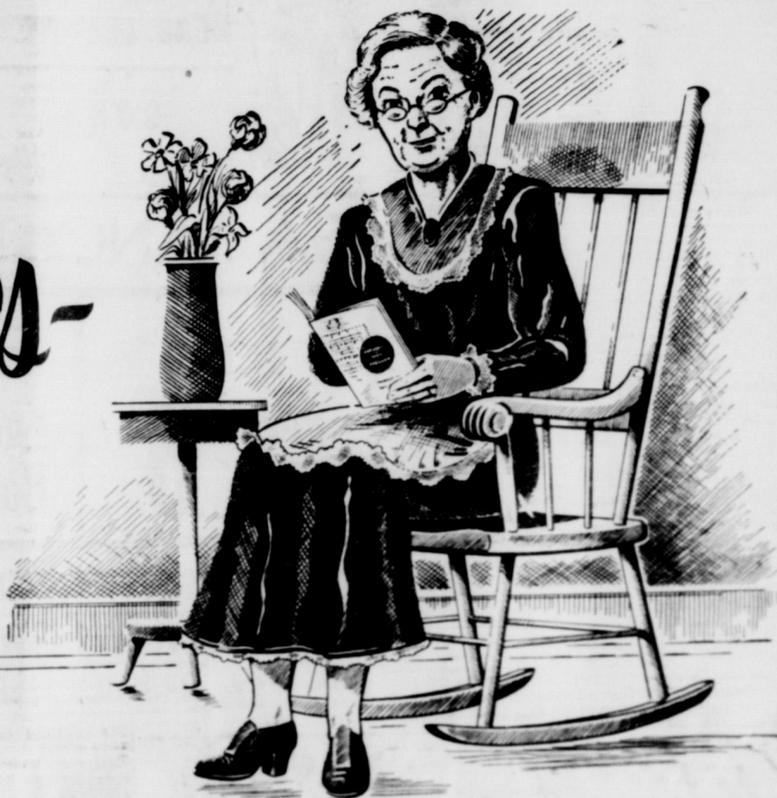

"It's the family physician who is in the best position to discover diabetes or a pre-diabetic condition. That's just one more point in favor of regular medical check-ups," the doctor concluded.

W GREASE INGS TOLD

Recent day homemaker can use cleaning chores easily with less elbow grease than in the past because science has the rescue. High on the modern aids to the job of cleaning are the detergents. Detergents dissolve soil, especially greasy soil, and they do so rapidly and effectively with water, says Mrs. Low, extension home specialist of Texas

A. & M. College.

She reports that recent tests conducted by the New York Experiment Station have dug deep into the merits of the detergents for household cleaning jobs and their findings should prove to be time and labor savers for homemakers across the nation.

Mrs. Low suggests that when you wash walls, woodwork and other painted surfaces with one of the new cleaners or shampoo upholstery and rugs, that you try gentle handling instead of using so much energy rubbing and scrubbing. It will save wear on you as well as on the fabrics and finishes. When finishes and fabrics

are softened and moistened with alkaline cleaners or other detergents scrubbing may cause unnecessary wear.

She says generally four steps are recommended when cleaning with water. Remove loose dirt by advance brushing or vacuum cleaning; apply the detergent solution to the surface rapidly, and use as little of the detergent as possible to prevent soaking upholstery or dripping down painted surfaces; remove the detergent by going over the surface rapidly with a sponge or absorbent cloth wrung out of water and dry quickly by rubbing lightly with a towel. Directions that come with some

of the wall cleaners do not suggest rinsing. She says this is probably because manufacturers have found that small amounts of detergent left on the wall surface will do less damage than too much rubbing when the surface is wet.

She says avoid scouring walls, woodwork and all finished surfaces. The good cleaning materials that are available today make scouring unnecessary, even for soiled paint. Strong alkaline substances, such as washing soda or ammonia, should not be used for they are hard on paint—they dry it and in time may make it flake off—and they may affect the color.

In conclusion, Mrs. Low says that regardless of the cleaner used, all directions should be followed carefully. Many tests have been made with the various materials offered on the market and the recommendations offered by the manufacturer should be followed if you expect to get the best results from the product used.

Martha Hastings is visiting Mrs. Charles Murphy in Sterling City. Mrs. Murphy will be remembered as Miss Louise Hicks, former assistant home demonstration agent of Wheeler county.

week in the Aubrey Ruff house. The ladies are sisters and the men are cousins.

Geoffrey Caldwell is spending the week with the Earl Breechings at Miami. He will accompany them on a trip into Kansas during his visit.

Mrs. R. B. Leonard left for Waurika, Okla., Wednesday to be with her sister, Mrs. Dave Gilling, who is seriously ill.

Mr. and Mrs. Tince Williams are vacationing this week at Yellowstone National Park and other points of interest in surrounding states.

Mr. and Mrs. David Toler and daughter, Carol, of Houston were guests last week in the home of his father and mother. They returned Friday, accompanied by the elder Tolers and their grandsons, Jerry Taylor, for a visit of several days.

Mr. and Mrs. J. H. Scriber returned home Friday from a visit in the home of Mrs. Scriber's mother near Plainview.

Mr. and Mrs. Claude Parker and granddaughter, Sue, and son, E. Z. Parker and family of Pampa, attended a family reunion in Amarillo Monday, honoring the 50th birthday of Mr. Parker's father.

Guests in the Walter Coward home on Wednesday of this week were Mr. and Mrs. J. L. May of Lamesa, Mr. Coward's sister and husband.

Mrs. J. M. Hallaway left by bus Tuesday for San Antonio to be with her sister, who expects to undergo surgery the latter part of the week.

HUNT FOR OIL WITH DYNAMITE

Noise like the rumble of thunder from the hills southwest of Canadian recently introduced a new method in the search for oil and gas in that part of Texas, according to The Canadian Herald.

A party of 21 men, working with the Republic Exploration Company for Sinclair Oil and Gas Company, is conducting a geophysical exploration in the area with a revolutionary new method.

No holes are drilled. Explosive charges of dynamite are scattered in the air on steel pipes over the area to be explored, and the seismic reflections of these bursts are recorded on sensitive instruments.

Whereas the explosions which normally originate seismic waves in the earth are set off in holes at least 200 feet deep in the vicinity, the new method requires that charges be detonated in pipes at a height of eight feet above the surface of the ground.

The geophysicists of Texas and Western Oklahoma, in use of a number of areas where satisfactory seismic reflections have been obtained to date. This has led to the development of methods which will be used in the future.

Mr. and Mrs. Roy M. Langford and Mr. and Mrs. Lester Levitt spent Tuesday with the Leslie Waters family at Mobeetie.

KITCHEN MEMO BY JEAN CLARK

YOU'RE a happier hostess if food is ready before guests arrive. Prepare this flavorful variation of Pineapple Ham Mousse hours ahead for a company meal and serve as an entree. Soften 2 envelopes unflavored gelatin in 1/2 cup cold water. Heat 1 can (1 1/2 cups) condensed mushroom soup over low flame to boiling point. Add gelatin, stir until dissolved. Combine 1/4 cup catsup, 1 tsp. Worcestershire sauce, 1 tsp. prepared mustard, 1/2 tsp. scraped onion, 1/4 cup celery and 1/4 cup green pepper, both chopped fine, 1 1/2 lbs. (4 cups) ground boiled or baked ham. Add gelatin-soup mixture. Stir to blend well. Fold in 1/2 cup mayonnaise. Add salt, pepper to taste. Cut 1 1/2 slices pineapple into wedges. Arrange around sides of loaf pan (8 1/2 x 4 1/2 x 1 1/2). Spoon meat mixture into pan. Chill in gas refrigerator until firm. Turn into serving dish, garnish with 1 1/2 slices pineapple and parsley. 8 to 10 servings.

For customer protection, more than 350 individual tests for safety, durability and performance are made on automatic gas water heaters by the American Gas Association's Testing Laboratories.

Dip scissors in hot water before cutting marshmallows to keep them from sticking.

It's easy to keep your gas refrigerator clean with soda and water—3 tbsps. to a quart of warm water for washing down walls, shelves and fittings.

*When recipes require any mixing over top burners, put all ingredients and utensils on a tray, set it on the work surface of the gas range to save steps.

Newspaper Advertising Shows Gain In Texas

Texas newspaper advertising lineage gained 2 per cent from April to May, the University of Texas Bureau of Business Research reported.

Reports from 35 Texas newspapers showed May advertising lineages bettering the May, 1949 level by 6 per cent.

ATOMIC SHELLS.

Announcement has been made that the United States has developed atomic artillery shells and atomic warheads for guided missiles which is in line with the report of Defense Secretary Louis Johnson, on March 31, that this country is developing a variety of new atomic missiles, which may have tactical as well as strategic significance.

THE WHEELER TIMES classifieds offer more for less money, to both buyer and seller, than any other business device we know about.

Students Working Need Social Security Cards

Are you one of the many students who will work during the summer vacation? If so, you will need a social security card, and here are facts the Social Security Administration would like for you to know.

If you go to work for wages in private business or industry, you must show your social security card to your employer promptly. If you have never had a social security card and are going to need one soon, or if you have lost your social security card, you should go to the local post office and get an application. Fill it out and mail it to the Social Security Administration, Amarillo, Texas. You will receive your card in just a few days.

Be sure you always have just one social security number. See that your employer copies your name and number from the card each new place you go to work. Then when you or your family apply for payments based on your social security account there will be no delay. Do not apply for a card unless you are fairly sure to need it. Then get one promptly.

Newspaper Advertising Pays!

FACTORY LAYOFFS.

Fewer factory workers were laid off in April than in any month since October, 1948, according to the Bureau of Labor Statistics. In contrast with April 1949, when workers were being furloughed at the rate of 28 for every 1,000 on a payroll, the rate for April, 1950, fell to 13 a thousand.

SELECTIVE SERVICE.

In urging the Senate to extend Selective Service for another three years, Secretary of Defense Louis Johnson declared that such a course is necessary to assure the nation "that minimum of preparedness we must have" and to give notice "to the world that we are determined to be strong and faithful to our obligations."

as Highway Signs Are Explained

DO YOU KNOW YOUR TRAFFIC SIGNS? The shape and color of a highway sign should have a meaning to you. Mr. and Mrs. Motorist, if there is no message on it. You have only a second at high speed to read the message or grasp the symbol on a traffic sign. It is not logical then that signs should be assigned colors of a sign as a matter of your glance. Wouldn't knowledge of added insurance for

REGULATORY SIGNS

WARNING SIGNS

GUIDE SIGNS

SKETCH G

of the WARNING sign.

You noted that the WARNING sign is erected for the purpose of informing you of a hazardous condition either on or beside the highway. It may warn of a Stop sign ahead, a narrow bridge, a curve, a crossroad, or some condition that requires the special attention of the motorist, if not a reduction in speed.

This sign is a diamond shape, and it has black letters or a

symbol on a yellow background. Either the message, symbol, or the background is reflectorized if the condition of which warning is given exists at night.

The WARNING sign will be located on the shoulder of the highway at a point 300 to 500 feet in advance of the condition of which it warns.

Remember, when you see the yellow diamond shape sign beside the highway, you are approaching something which requires you to be alert or else take a chance of becoming a traffic statistic.

MRS. W. H. BUICE LAID TO REST

Funeral rites were conducted from the First Baptist Church, Shamrock, last Wednesday for Mrs. W. H. Buice of Shamrock who died Sunday at Austin while attending a family reunion. Rev. Edward C. Derr, pastor of the Shamrock Baptist Church, was in charge assisted by Rev. Carl Lamb, pastor of the Lone Mound Baptist Church. Duward Price was in charge of the song service.

Interment was in Shamrock Cemetery with Clay Funeral Home in charge. Bearers were: Norman Patrick, B. F. Risinger, Flake George, Burl Gelson, Paul Macina and Robert Terry.

The death of Mrs. Buice came as a shock to her many friends in Shamrock and vicinity. Although in ill health for 20 years she had seemed in good health when she left Shamrock for the family gathering. A heart attack was the cause of her death.

Failing health several years ago had slowed her activity in church work which Mrs. Buice loved so dearly. She was a member of the T.E.L. Sunday School class for many years.

Mrs. Nora Mae Thompson Buice was born January 15, 1898, at Rice, Texas. She resided at Hutchins, Texas most of her childhood. She was married to Mr. W. H. Buice at the Methodist parsonage in Hutchins on February 5, 1919, and they moved to Wheeler county in 1926, coming to Shamrock the next year.

Mrs. Buice joined the Methodist

church when she was about 11 years old and was an active church worker and Sunday school teacher at the time of her marriage. She joined the Baptist church at Bethel in 1926. After moving to Shamrock Mrs. Buice took an active part in church work as long as her health permitted. Her church and her family were her main interests and her love for both was deep and constant.

Mrs. Buice is survived by her husband, W. H. Buice; two daughters, Mrs. Lois Baker of Dumas and Mrs. Eunice Buice of Shamrock; three sons, Wesley H. Buice of Sugar, Tex., J. Fred Buice of Point Mesa, Calif., and James Walter Buice of Shamrock; two grandsons, Kelly Baker of Dumas, and Ken Buice of Snyder; and one brother, David C. Thompson of Lancaster, Texas.

FEDERAL DEFICIT

As of May 31—with only one month left of the current fiscal year—there were indications that the 12-month spending program might fall \$1,400,000,000 below the April 20 estimate of \$42,000,000,000—a 26 per cent improvement over the \$5,400,000,000 deficit predicted by the Budget Bureau at that time.

STRIKES

While the number of strikes increased during April, time lost by the walkouts declined, according to the Bureau of Labor Statistics. There were 400 non-shutdown strikes during April, compared with 300 during March, while idleness caused by all stoppages during April, declined by 15 per cent.

Surprise Farewell Party Given In W. K. Freys

A surprise farewell party was given to the Wayde K. Freys in their home Friday night, June 16.

The main gift that was given was a beautiful pop-up electric toaster and many other valuable miscellaneous gifts.

Those bringing gifts were as follows: Mr. and Mrs. Harold Nash and children, Mrs. Al Thomas, Mr. and Mrs. Dorsie Hutchins, Mr. and Mrs. C. C. Crowder, Mr. J. M. Porter and Miss Evonne Howard.

Mrs. Darris Egger, Mrs. C. J. West and Mrs. Luther Parks called later.

Two 12-Year-Olds Are Honored On Birthdays

Mrs. H. J. Finsterwald and Mrs. Neil Crossier entertained their daughters, Mona Lee and Wilma Beth, on their twelfth birthdays, June 16, in the home of Mrs. Finsterwald.

Games directed by Mrs. Crossier were played throughout the afternoon.

Refreshments of ice cream and Angel Food cake were served to: Larry and Charles Finsterwald, Welda Fulks, Joy and Kay Lane, Patsy Ann Ramsey, Kenneth Meek, Billy Don and Jackie Helton, C. G. Dodd, E. J. Edwards, Karen Barker, Camilla Edmond, Nancy Walker, Ruth and Evelyn Fullingim, Tom Helton, Mrs. Susie Fulks and two small daughters, and Mrs. Leon Fullingim and small daughter.

My Hastings and daughter, Martha, went to Austin last Friday and Mrs. Hastings joined them Friday night. Mrs. Hastings had spent the week at College Station attending the 4-H Roundup and State Agents meeting.

After a sight-seeing tour and lunch with Mrs. Hastings' brother and family, Mr. and Mrs. Hastings returned to Wheeler Sunday.

Mrs. and Mrs. Allen Kavanaugh and son, Mike of New London, visited this week with friends and relatives in Shamrock and Wheeler.

4-H Round-Up

(Continued from Page 1)
entire group of approximately 1700 boys and girls was divided into 25 groups with 2 junior leaders and 1 agent to each group. Each pair of leaders conducted the party with their own group as though it were the only group of people there, then all groups joined together at the end for singing.

The program Tuesday night was a Buttons and Beaux Dance honoring the Dress Review contestants and their escorts. The Junior Leaders again worked in pairs and taught the folk dances to their own groups of 60 people.

The Wednesday night program highlighted the events of the Round-Up program. All junior recreation leaders, award winners, and talented boys and girls participated to make it a very impressive ceremony. All awards were presented first, then the winners participated in the pageant "Our Promise is Green". The pageant concluded with a talent show presented by boys and girls from all over Texas. This last program was presented at Kyle Football Stadium. At the end of the show the audience walked out on the north end of the field with a lighted candle symbolizing the growth and influence of 4-H club work, and sang Taps.

The boys and girls who helped make preparations for and conduct these three programs had a big job and are to be commended for their good work. Wheeler County can rightfully be proud of their own Jamie Clark of the Wheeler 4-H Club, and Tommie White of the Mobeetie 4-H club, who were among this group of junior recreation leaders. They are developing into very good leaders and would be glad to help anyone who needs them to help plan and conduct recreation programs and parties.

EDITOR'S NOTE:—An interesting report on sidelights of the trip will be carried in next week's Times. Watch for it!

Peggy Lamb of Lefors returned home Tuesday after spending 10 days with her uncle and aunt, Mr. and Mrs. Clarence Anglin of Clovis.

Mr. and Mrs. Claud Lamb and daughters, Peggy and Phyllis of Lefors, spent the weekend in the home of her parents, Mr. and Mrs. W. M. Sanders.

Demos Laying

(Continued from Page One)
cinct 1 \$11, constable precinct 3-4 \$12.40.

These assessments, incidentally, must be paid to County Chairman Crump by Saturday night, June 24, which is also the deadline for filing first expense account by precinct and county candidates.

Election judges and the number of poll taxes in each of the county's 15 voting precincts were announced as follows:

Precinct No. 1 Mobeetie, Judge A. C. Caldwell No. 2 Briscoe, Judge O. L. Hudson, No. Poll Taxes 68; Precinct No. 3 Wheeler, Judge A. L. Hibler, No. Poll Taxes 338; Precinct No. 4 Allison, Judge W. S. Farmer, No. Poll Taxes 79; Precinct No. 5 Stanley, Judge C. R. Weatherly, No. Poll Taxes 215; Precinct No. 6 McBee, Judge Gordon Stiles, No. Poll Taxes 102; Precinct No. 7 Twitty, Judge W. A. Jolly, No. Poll Taxes 129; Precinct No. 8 Kellerville, Judge Mrs. L. McCombs, No. Poll Taxes 75; Precinct No. 9 Heald, Judge W. J. Chilton, Jr., No. Poll Taxes 48; Precinct No. 10 Lela, Judge Robert Terry, No. Poll Taxes 194; Precinct No. 11 Magic City, Judge D. H. Porter, No. Poll Taxes 26; Precinct No. 12 Shamrock, Judge J. H. Caperton, No. Poll Taxes 619; Precinct No. 13 Kelton, Judge Claude D. Davis, No. Poll Taxes 70; Precinct No. 14 Judge Paul Macina, No. Poll Taxes 44; Precinct No. 15 Shamrock, Judge W. H. Walker, No. Poll Taxes 430; Total all Poll Taxes 2711.

Total votes cast will be slightly smaller this year than in 1948, Chairman Crump estimates. The total vote cast in the primary two years ago was 2,616 and he estimates 2,500 will catch it this year.

CARD OF THANKS

We take this means of expressing our deepest appreciation to our friends for the many kind deeds and words of sympathy extended to us in the bereavement of our loved one. And for the beautiful flowers and food prepared. Especially do we thank the American Legion and the Legion Auxiliary.

May God bless each and every one of you.

Mr. and Mrs. J. W. Hooker
Mr. and Mrs. Frank Buchanan
Marion and Doris Bolong
Von Eva Hooker

Wheeler Gains,

(Continued from Page 1)
the figure 904 refers only to those inhabitants within the legal boundaries of the town. The scores of homes adjacent to the town, most of them connected to city utilities, which have been moved or constructed within recent years are not included in the town population. Many of them are from one to a few blocks from the legal town boundaries.

Most people interviewed by a Times reporter explained the drop in county population by larger, motorized farm operation, saying the loss was largely in tenant farmers with such small operations they were marginal operators, financially speaking; people who would have made a nice living in recent boom times but who ordinarily had a difficult time making ends meet.

"With Wheeler county in the midst of the greatest prosperity on record my sympathy goes to those who decided to pull out at a few years ago in search of gold at the rainbow's end," one Wheeler man remarked. "Many of those people were migratory in nature, restless, always looking across the road envying the greener pastures. Many of them became dislocated, of course, during the war through no fault or even decision of their own. They quit farming and got war jobs in industrial towns. Many of them liked town life better but I imagine the reason most of them did not return and buy back a farm was because of the inflated value of good farm and ranch property. They did not have the money to reenter farming or ranching."

"There would have been more for them here in recent years than most of them will ever enjoy but since they have gone, it leaves a lot more for those of us who remained."

"Population means nothing; financial security and natural resources mean everything."

Walter Rogers

(Continued from Page One)
gent lumberman and civic leader of Pampa.

Rogers discussed as one main issue facing the people the question of whether or not the people of this District are to be represented by their own duly elected Congressman chosen from among the people, or by a person who is obligated to small groups, political and otherwise, put into the congressional race to afford the favored groups a tool with which to promote their own interests.

He demanded immediate economy in Government and cited to the people the fact that two candidates in this race take great pride in telling about having been on the public payroll for a number of years, those years being the time during which our staggering national debt and unheard of State Government costs have been created.

He called for facts from Government officials and not propaganda, and stated that if the government employees worked and sweated half as hard as the taxpayer, the cost of Government could be cut substantially, and the people could have the truth about where their tax dollars are going.

He requested that all persons send questions to the "Rogers for Congress Club," General Delivery, Amarillo, and stated that all questions would be answered. This is an innovation and certainly gives the voters an opportunity to get answers to their questions, something no other candidate has given the people.

Mobeetie To

(Continued from Page 1)
impersonated by Helen Nixon. The comedy part of Hiram Hix will be played by Aubrey Ruff. Beside these speaking characters there will be square dancers and musicians who will play old time tunes.

Other talent will present a variety of acts as they enter the contest to see if they can be one of the winners in the most popular entertainment contest. The show is actually a big stage production with color, variety and comedy which promises to be the biggest of its kind staged here.

James A. Cleppers To Move To Rural School

The James A. Cleppers, formerly of Wheeler, who are attending school at Texas Tech, Lubbock, will move to Roosevelt school, 8 miles east of Lubbock soon, they have notified The Times so as to keep the home paper coming. James is presently taking some problems courses for graduate credit at Tech and Margaret is studying photography and book-keeping.

Texas Tech will use the Roosevelt school vocational agriculture department as a practice teaching school for boys studying to be vocational agriculture teachers.

Wheeler Hits

(Continued from Page 1)
in the sixth, 1 in the seventh and 6 in the eighth.

After tallying once in the opening inning, Kelton got 2 more runs in the fourth and 1 in the seventh.

T. Pond stayed on the Kelton mound throughout the slaughter while the Legionnaires used three twirlers. Bill Cosper hurt his ankle sliding into third sack and was replaced by Red Richerson in the second inning. Red retired at the first of the ninth and Henry Stephens worked the last three outs.
