# Taylor Hurt In Bale-Out Over Berlin

General Heads War Crimes Prosecution

BERLIN, March 18. (AP)—Brig. Gen. Telford Taylor was injured today when he and seven other Americans parachuted from a C-47 over Berlin.

Taylor, chief U. S. prosecutor of war crimes in Germany, was brought to an Army hospital suffering from a wrenched back and a slight hip injury.

The plane developed engine trouble over Berlin. U. S. Army hospital authorities said all the remaining passengers were safe, but that Mrs. Taylor, who was flying with the general, had suffered a leg injury.

A sergeant also was reported being treated in a Russian zone hospital. The plane carried 10 persons, including the crew. The pilot and co-pilot stayed with the C-47 to make a forced landing rather than abandon it over the city. They landed safely at the Gatow airport, maintained by the Royal Air Force, in the British sector of Berlin. They were not injured.

Army personnel rushed out to answer calls from landed passengers in distant sections of the city. The plane took off in rain shortly after 1:50 p. m. (8:50 a. m., CST). At 3:30 p. m. Tempelhof airfield had received no word from Gen. Taylor.

Several passengers who landed in the Russian-occupied suburb of Lichtenberg reported they had been picked up by Russian soldiers and taken to Soviet headquarters. It was learned that Mrs. Taylor was among those who bailed out. Army authorities held up the full list of passengers until they established the fate of each.

# Congress Splits Down Middle On UMT, Draft

## Party Labels Are Lost In Shuffle

WASHINGTON, March 18. (AP)—Congress split down the middle today on President Truman's plans for storing up the nation's military strength with universal training and revival of the draft.

Party labels were lost in the shuffle as leaders divided over the two measures Mr. Truman said are needed to flex the muscles of a country that has become "the principal protector of the free world" against communism. The upshot seemed to be a trend toward giving one but not both — of the manpower raising laws. Universal military training

looked like slightly the better bet although the cards are stacked against UMT in the House right now.

As a third step to halt the aggressive march of "one nation"—Russia—Mr. Truman also called for quick and final approval of the \$5,300,000,000 Marshall plan for European recovery.

The Senate already has passed its bill. And, within four hours of the President's address to Congress, the House Foreign Affairs committee stamped its okay on a similar program.

The Chief Executive told a New York St. Patrick's Day banquet audience last night that the big issue in the world now is "tyranny versus freedom."

"Our faith and our strength," he said, "must be made unmistakably clear to the world." Bluntly, Mr. Truman accused Russia of trying to sabotage the peace and of seeking to bring all of Europe under communist sway.

The still-free nations that remain, the President said, this country must support with its full strength—"military, economic and moral."

And he said—as he had earlier in the day to a joint session of Congress—that this nation must be strong to keep the peace. He warned against "the insidious propaganda that peace can be obtained solely by wanting peace."

"We will have to take risks during the coming year—risks perhaps greater than any this country has ever been called upon to assume," he declared grimly. "But they are risks of our own making and we cannot make the danger vanish by pretending that it does not exist."

In that address, the President made only minor changes as he went along. But in talking to the St. Patrick's day dinner in New York he made a major text departure when he lashed out by name at Henry Wallace, the third party presidential candidate.

After asserting that "we must beware of those who are devoting themselves to sowing the seeds of disunity among our people," the Chief Executive declared: "I do not want and I will not accept the political support of Henry Wallace and his communists."

Nine "Hot Check" Warrants Issued

Nine additional warrants were issued by the county Wednesday against persons charged with defrauding by obtaining things of value with worthless checks.

More than 50 such cases have been introduced in the county court docket within the past two months. Judge Walton Morrison stated that many of the guilty parties had skipped this part of the country.

## UMT SENTIMENT STRONG

## Forrestal Calls Draft A Must

WASHINGTON, March 18. (AP)—Secretary of Defense Forrestal indicated today that the Armed Forces want to add more than 350,000 men to their strength, but did not say how many more. He said a draft is the only way to get them.

Forrestal was before the Senate Armed Services committee supporting President Truman's plea for a revival of the draft and for universal military training.

He told the senators he will approve recommendations for increases in the authorized strength of the Army, Navy and Air Forces, but would not make public the figures.

The "authorized strength" of each service is a "ceiling" Congress has put on the number of men it can have. The present "ceiling" for Army, Air Force, Navy and Marines adds up to 1,732,000 men. Actually, they have 1,392,000 men.

## Texas Solons Are In Accord With Truman

WASHINGTON, D. C., March 18. (AP)—Texas congressmen today were in general accord with the principles of President Truman's St. Patrick's day address before Congress.

In supporting the president, the Texans said in interviews that they believed the nation should be prepared from a military standpoint.

Here are some of the comments: Senator Tom Connally (D-Tex): "The President's address was comprehensive and far-reaching. It should have profound effect on international affairs. I am in sympathy with policies proclaimed."

Senator W. Lee O'Daniel (D-Tex): "The President has finally officially admitted that our bi-partisan New Deal foreign bungling and appeasement of Stalin has brought us to the brink of war."

Rep. Sam Rayburn, Bonham: "It was a very challenging message—one that should cause every true American to think seriously about our situation and world situation."

Rep. George H. Mahon, Colorado City: "I favor implementation of our Air Force far beyond any budgetary estimates submitted. As for selective service, I don't know all the ins and outs of that problem yet and would not say what should be done."

Rep. Ed Gossett, Wichita Falls: "We must substantially increase our military power. Our survival as a nation depends on our being so strong to enemies would dare attack us. We can't afford to be too late with too little."

Rep. John Lyle, Corpus Christi: "We should hasten passage of the European recovery plan. Some kind of legislation is needed to make the Armed Forces strong—whether it's universal military training or something else."

Rep. Ken Regan, Midland: "I'm in favor of all the points President Truman made. I think there should be a draft on the selective service revival to prevent any wholesale drafting to an extent not necessary now."

Rep. Wright Patman, Texarkana: "I'm for doing whatever is necessary. I doubt that Russia wants to start a shooting war but she would try to get enough countries under her to cut off our trade."

## Petrillo Pact Seen

NEW YORK, March 18. (AP)—Announcement of agreement on a new contract is expected late today at a meeting between radio network representatives and James C. Petrillo, president of the American Federation of Musicians.

## Stalin's Power Over Reds Is Question Mark

WASHINGTON, March 18. (AP)—Diplomatic officials agreed today that President Truman has flashed a powerful spotlight on Premier Stalin.

But what has them worried is this: Will—or can—Stalin apply the brakes to bring Russia's communist aggression in Europe to a quick halt in the face of possible steps to build up America's military might?

Or will he decide to grab while the grabbing is good? There is some fear here that the Kremlin may try to step up its offensive operations in a hurried attempt to extend its control over one or two more countries of western Europe before the United States can act.

Hence on the central issue of peace or war, the next month may be the most critical since the summer of 1939.

Exactly a month from today, on April 18, the Italians are scheduled to hold national elections in which the communist party is making an all-out bid for power.

Moreover, this is the period in which Russia and Finland will be negotiating over a Soviet-proposed military alliance and in which the Russians may make any demands they have in mind on Norway.

In all these prospective events two big questions stand out. The first is: What moves will the Russians make to meet the President's new diplomatic offensive.

The second: Will Congress underwrite the President's program by approving more or less than military proposals he laid down or will it decide that this is an improper course for the United States?

On the second question officials privately concede that Mr. Truman took a big risk in advocating both universal military training and a compulsory draft as measures to meet the Russian challenge.

These administration leaders contend that if he fails to get his proposals through the fact will be jumped on abroad as evidence of a lack of real support at home for this country's new stop-Russia foreign policy.

## Soviet Fighting Any Czech Probe

LAKE SUCCESS, March 18. (AP)—Russia seemed grimly determined today to fight on against a United Nations inquiry into the communist grab of Czechoslovakia.

A decisive East-West clash over Soviet expansion in Europe is in prospect. The U. N. security council voted yesterday, over strenuous Soviet objections, to hear all that can be turned up on the Czechoslovak crisis.

The decision was taken against a backdrop of bitter name-calling by Soviet Deputy Foreign Minister Andrei A. Gromyko. Applause for speakers answering Gromyko thrusts echoed three times in the packed, usually staid council chamber.

## WOMAN KILLED

## Building Collapse Injures Over 100

CHICAGO, March 18. (AP)—One woman was killed and more than 100 persons were injured last night when a large section of a third-floor dance hall collapsed under the weight of about 500 persons attending a St. Patrick's day celebration.

Twelve of the 92 persons who were treated at six hospitals were reported in from serious to critical condition. Several other persons were given first aid treatment at the scene.

The dance and party, attended by men, women and children, was in the top floor of a three-story brick building at 3239 North Clark street near the busy intersection of Clark street and Belmont avenue. It was sponsored by the Connaught men's social club.

The dead woman was removed from under the wreckage. Women and children screamed as they were pitched down a slide which was formed by a large section in the middle of the floor. Groups of men formed chains and helped scores of persons to climb up the slanting floor. Others tied ropes to chairs and threw them down for those not injured to climb back to the uncollapsed section of the third floor.

## Businesses Are Asked To Close For Payne Rites

Business establishments in Big Spring have been asked to close early Monday in order that activities in the city may come to a halt during the services honoring the first of the war dead to be returned here.

In urging merchants to close their doors at 3:30 p. m., Mayor G. W. Dabney pointed out that the rites for Sgt. John W. Payne at the First Baptist church, would be symbolic of all local men who gave their lives in the second World War.

Said Mayor Dabney: "On Monday, March 22, at 4 p. m. rites will be conducted for John W. Payne, Jr., one of Big Spring's war heroes who paid the supreme sacrifice."

"The body of Sergeant Payne, who met death in an aircraft crash at Kunning, China on Feb. 11, 1945, is being returned to his home soil. He is the first of the valiant band of young men who, in putting service to country above self and who now return to the sacred precincts of that most cherished of all places—home."

"In honoring the memory and the bravery and sacrifice of Sergeant Payne, we, his fellow citizens of Big Spring, will be honoring in spirit all those who gave up security and life in the cause of victory."

"So that a fitting tribute may be paid these heroes, I am hereby calling upon all citizens of Big Spring to join in the observance, symbolized by the rites for Sgt. John W. Payne, by attending the services Monday; and I further am asking all stores and business institutions to close their doors at 3:30 Monday afternoon, so that Big Spring may suspend business for a brief period and give full homage to this and the other heroes for whom we bear such great pride and to whom we owe such a great debt."

## Oil Well Blaze Is Still Burning

ODESSA, March 18. (AP)—An oil well fire on a Phillips petroleum company lease 16 miles north of Goldsmith still was burning this morning. The fire started about 4 p. m. Tuesday while the well was being recommissioned.

Fire fighters John Jobe and crew arrived from Houston yesterday and the fire was expected to be put out today. No one was injured.

## J. D. Daily Killed

Word has been received of the death of James D. Daily, 33, former Big Spring resident, in an automobile mishap near Fort Worth Tuesday night. Daily was reared in Big Spring. A month ago he came to Fort Worth to be at the bedside of his mother, Mrs. Mae Daily, who died March 11. He had planned to leave Fort Worth Wednesday for Honolulu, where he was an employee of the U. S. public health service.

## Ten Are Killed In B-29 Crash Near Tampa

TAMPA, Fla., March 18. (AP)—Ten men were killed and four injured early today when a B-29 from the Spokane, Wash., airbase crashed and burned on landing at MacDill field here.

The four survivors were admitted to the base hospital. Their condition was described as "good."

The bomber was coming in for a landing in a dense fog when it hit the edge of the runway at the southwest corner of the field, it was reported by Capt. George G. Byrnes, MacDill field public information officer.

The big craft hit the ground, bounced once and then crashed and burned. Wreckage was scattered over a wide area.

Fog was rolling in from the bay and hugging the ground about 150 feet thick. Capt. Byrnes said. Apparently it was impossible to pick out the runway quickly.

The plane had stopped at Mackwall Field (Montgomery, Ala.), and was arriving at Tampa from that base. It was attached to the 92nd bomb squadron at Spokane. The crash occurred at 2:32 a. m.

The MacDill field accident board began an immediate investigation. The injured men were listed as First Lt. Roy M. Walsh, believed to have been the pilot; First Lt. R. H. Hathaway, Staff Sgt. C. C. Miller and Corp. J. M. Miller. Their home addresses were not immediately available.

## Meat Supplies Reported Falling

Meat supplies were falling off today and higher retail prices appeared likely as a result of the strike of 100,000 CIO packing house workers. In Chicago President Truman's new board of inquiry pushed its inquiry into the wage dispute.

Shipment of meat animals to market was far below that of a week ago. Wholesale meat prices continued upward. Retailers reported a sharp jump in purchases over a week ago as housewives stored up food against the day when none might be available in markets.

The national meat supply earlier was reported enough to meet the country's average needs for three weeks. The national association of retail grocers said at present there is "no reason" for panic buying.

The packing house workers walked out Tuesday in demand of a 29 cents an hour wage increase. Some meat is being produced by AFL union workers who earlier accepted a wage boost of nine cents an hour.

**SHOVEL and HOE**

A Garden Column by Virginia Scott. Presented by the Big Spring Garden Club.

There is time, still, to make a garden plan. If a garden is not planned in advance, it is extremely difficult to have something in bloom all the time. And, what better occupation can we find on a blustery March day than a quiet, happy session with catalogs, books and magazines which will help us to visualize our gardens for the approaching season?

There are so many things to consider that we often wonder where to begin. Let us discuss some of them. What kind of gardening are you going to do? Make a new border, rearrange your present garden, grow exhibition flowers, have window boxes, build an outdoor room, or plant a few flowers for indoor use?

Once you decide definitely what kind of gardening you prefer, the going is simplified. You can then devote your time to the study of that particular type and stick with it until the garden is blooming before your eyes. So, gather your material and start right where you are.

Suppose you want to make a perennial border, your first step in that direction will be to find pictures of such borders in magazines and landscape books. Study these pictures and plans until you can draw one of your own. We consider "The Outdoor Living Room", by Ramsey and Lawrence, the best landscape book for beginners.

Select material that is hardy in your section. Learn how to group plants. The tall ones go to the back, medium to center, and the low ones as edging. You should learn which ones are tall, medium, and low. But as a suggestion, here are a few examples: (1) LOW: Anemone, myosotidiflora, Alyssum saxatile, Arabis, Dianthus eximius, Bellis perennis, Dianthus (in variety), Violas. (2) MEDIUM: Columbine, Heperis, Coreopsis, Shasta Daisy, Stokesia. (3) TALL: Hollyhock (for large borders), Perennial Asters, Daylilies, Tall Phlox, Foxgloves.

Care should be taken to keep colors in order. Learn which ones bloom together and arrange accordingly. If your garden is very shady, use such plants as fern, mertensia, hosta and aconitum. Daylilies, platycodon, foxglove, and columbine will stand light shade.

Any good catalog of plants will give full description and directions for spacing. The tall plants usually grow from two to two and one-half feet apart, hollyhocks about three feet. The medium plants go eighteen to twenty-four inches, and low from eight to twelve inches. The distance will vary some with the variety.

The easiest border to make is the long, straight kind in front of a hedge or fence. It should be at least four feet wide (the wider the better) with the plants lined out in rows according to height. Allow another three or four feet, if planting in front of hedge.

Soil should be dug to the depth of eighteen to twenty-four inches, piled aside to replace when you have filled the place, dug out, with a few inches of well-rotted manure. However, if your soil is good, simply turn it over to the depth of the spade and work up as for seeding. Planting in large clumps hurries a border along. Use annuals

to fill in between small clumps or divisions. Newly planted roses should be protected from strong winds. Some good varieties to try are—FLORIBUNDA, Betty Prior; CLIMBING, Doubleloons (yellow); HYBRID TEA, M. M. McBride.

Evergreens should be transplanted before the new growth comes out. Irish and Chinese Junipers have very tender new growth and often die from strong winds when transplanted after new growth shows.

**Ackerly Churches Have Revivals**

ACKERLY, March 17. (SpI)—A series of revival services are being conducted at the First Methodist church, with the Rev. E. C. Armstrong as pastor. Services are held at 10:30 each morning and at 8 p. m. each evening. A special service for the adults will be held Thursday night and for the young people on Saturday morning.

Mrs. Cora Coleman and Mrs. Emma Coleman are ill this week. Mr. and Mrs. Lewis Hinson, Mrs. Jess Hinson, Bertie Hinson and Larry Shaw of Knott were guests of Mr. and Mrs. Leo Lawson in Lubbock Sunday.

Mr. and Mrs. Joe Moore and family and Mr. and Mrs. Travis Russell and family have gone to San Antonio to visit a brother who is seriously ill.

Mr. and Mrs. J. L. Rudeseal, Sr. and family are visiting relatives in Bakersfield, Calif.

Mr. and Mrs. Doyle Kelsey had as their Sunday guests Mr. and Mrs. S. W. Price and children of Brownfield. Mrs. Bill Carson of Detroit, Mich. was also a recent guest in the Kelsey home.

Miss Lusby of Pine Bluff, Ark. is to be guest evangelist at the revival at the Church of Christ, beginning March 17.

# Farm Controls Are Attacked By MacArthur

MILWAUKEE, March 18. (AP)—Farmers must be protected against oppressive government controls and inroads against liberties and free institutions, says Gen. Douglas MacArthur.

# Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Minnesota governor, for their farm views. The cablegram was signed "supreme commander, allied powers."

Saying that farm problems vary little throughout the world, MacArthur added that the "foremost essentials lie in strengthening of the rights of free institutions and liberties; defense against inroads of despotic ideologies; conservation of soil; safeguard against oppressive burdens and controls by government which destroy incentive for private enterprise; and an effort to raise standards of living."

In his message, MacArthur said, "I am fully aware how important it is for a farmer to have access to long and short term credit at reasonable interest rates; of the great stabilization factor of the family sized farm; of protecting the farmer in his dealings with processors and distributors; of stabilizing agricultural prices and of the need for an adequate program of soil conservation and the diffusion of technical and other information that might be of assistance to the farmers."

At Fairfield, Ia., Roscoe P. Thoma said he had received a letter from MacArthur stating the general plans no immediate return to the United States. Thoma, president of the Iowa State Bar association, said MacArthur had been invited to address the association's state-convention May 27-29.

# SEEKS SOLON POST Barnes Campaigns For State Office

In Big Spring Wednesday in the interest of his candidacy as state representative from the 91st district was Cecil H. Barnes of San Angelo, who recently announced for the office he held for one term, 1945-47.

CECIL H. BARNES

Saying that he would visit Howard county regularly between now and July to contact voters, Barnes outlined his candidacy with the following statement: "I want the people all over the district which I seek to represent to know that my ideal is to represent the whole people and not a segment of the population, special interests, or a segregated part of the district. In the legislature it will be my purpose to command the respect there that our district deserves, and thereby secure for my constituency the influence that it should have."

"I am offering for state representative because I do not believe that such an important office should go begging to fall into the hands of just any political opportunist who sees in it the 'gravy' of private gain. The state suffers in its political well-being in direct proportion that is administration is handled by political opportunists rather than statesmen. I am making the necessary sacrifice to run. If elected, it will be a challenge to me to accept the public confidence as a command to be honest, conscientious and diligent in the interest of the people."

# Livestock Losses Light From Cold

The late winter blizzard last week cost Texas ranchers a negligible amount of livestock killed. Some cattle were frozen to death. Heaviest loss was reported in Hutchinson county, near the tip of the Panhandle, where an estimated 500 cattle died.

In Ochiltree county, on the Oklahoma line northeast of Hutchinson county, ranchers found that calves, first thought lost, had merely drifted with the storm.

At Amarillo, in Potter county, southwest of Ochiltree county, Farm Agent Art Bradley said that losses in that county were confined to a calf here and there, born during the storm. The loss was negligible, he said.

# Bowling Green Student Victim, Apparently, Of 'Unloaded' Gun

BOWLING GREEN, O., March 18. (AP)—An 18-year-old Bowling Green state university premedical student died of a bullet wound early today, apparently the victim of a supposedly empty pistol fired at least 140 feet away.

Wood County Prosecutor Floyd A. Collier and Police Chief Guy Spittler said the dead youth was Charles Wenzel, Centerburg, O., freshman, who was in his own first-floor dormitory room when a bullet shattered a window, striking him in the head.

The two officials said Jim Singler, 21-year-old former seminary novice from Sandusky, O., was being held without charge pending a coroner's inquest later today. Collier and Spittler said Singler admitted firing a Belgian 9 millimeter pistol from his second-story dormitory window but maintained he thought the weapon was unloaded.

# West Texas Fields' Allowables Hiked

AUSTIN, March 18 (AP)—One East Central Texas and two West Texas fields have been granted increased allowables in the railroad commission's April oil order issued yesterday.

The increases raised the total Texas allowable for next month to 2,601,706 barrels daily. This is expected to bring an actual flow of 2,450,858 barrels of Texas crude per day. The allowable is 15,708 barrels above that of last Saturday.

Van Field, Van Zandt county, in the East Central Texas district will have an allowable of 35,000 barrels, up 4,962 from the current mark. The Slaughter and Fullerton fields in the West Texas district were hiked 2,700 and 12,282 barrels.

## WHAT GIVES 'ROUND TOWN

Wednesday night out promised much entertainment both for the high school crowd and for the junior collegiates . . . And that evening someone was dubbed "The Ugly Man."

In scrapping together funds for the high school Junior class stage production one-two months hence, BSHS staged a box supper and dance last night at Steer gym.

The affair was climaxed by announcement of the most repulsive high school male face from among the following candidates: Bob Maxwell, Claude Miller, Billy Van Pelt, Charlie Seydler, John Coffey, Bob Coffey, B. B. Lees, Fred Herrington, Dewey Byers, Jimmy Markley, Billy Mac Shepherd, Chubby Jones, and Prof. Ed Robnett.

Up to Tuesday afternoon only one person had been given a summons to appear in the Junior college "Kangaroo Court."

In Coahoma Wednesday were the following BSHS vocational ag students, who participated in district El Rancho FFA contests in newswriting, public speaking, and farm demonstration: Carroll Choate, Martin Fryar, Don Spencer and Ray Walker.

What was doing this weekend with the crowd: Twosomes at the square dance at Howard County Junior college Monday evening—Evelyn Huddleston, Zack Gray, Rose Shaefer, Digger Hickman, Dot Wasson, Jimmy Talbot, Betty Stuteville, Ladd Smith, Betty Ray Nall, Dick Clifton, Vicki McIntroy, John Bill Gary, Dalpha Gideon, Bob Blum, Evva Smith, Kenneth Barnes, Callie McNew, Billy Hammack, Joyce Jones, Pete Cook.

And dancing to music of Jimmy Liggins and orchestra at the VFW Hangar west of Midland Saturday night: Wanda Richardson, Jimmy Rhodes, Cody Selkirk, G. C. Broughton, PERRY Uthoff, Arthur Franklin. Couples sitting in front of us at the Ritz Sunday night.

## Harris May Enter Race For Governor

DALLAS, March 18. (U)—State Senator Fred (Red) Harris said yesterday he will consider an offer by a group of Abilene veterans to make him their candidate for governor.

Harris said he would like a day or two "to find out where I am—or if they want me, they've got me."

The Clayton M. Leach post, Veterans of Foreign Wars, in Abilene last night asked Harris to run. The post passed a resolution that Harris is "in strict accord with the views of the post in regard to protection of veterans' rights."

Harris said he had just returned from an American Legion meeting here, when the resolution, telegraphed here, was read to him over the telephone.

"I haven't had time to even think," he said. "I feel humble that a bunch of fellows like that think I should be their executive."

The Abilene veterans said Harris will be asked to begin a campaign with a rally there. Telegrams were sent to other VFW posts asking them to support Harris.

## IDEA OF AUSTRIAN

# Plans To Glide Across Atlantic

VIENNA, March 18. (U)—A detailed plan for a transatlantic glider flight has been developed by an Austrian who never has been up in an airplane.

Rudolf Hennefell, 30, says he originally conceived the idea while fighting with the French Foreign Legion in Indo-China in 1940. Being a former medical student and son of a mechanical engineer, he has worked on the technical details since.

Hennefell says he is confident that he could glide from Newfoundland to Ireland in about 40 hours. He says his scheme is based on experiments by the Wright brothers in 1900.

He proposes to give a glider the climbing ability of a kite by using a "sea anchor." This would be attached to the glider by a long nylon rope and flexible rubber tube. While the glider rides with the wind, the anchor would be inflated by compressed air and skim lightly over the waves. He believes this would offer little resistance to the forward motion of the glider.

As the glider nears the sea, the anchor would be deflated and sink partially into the water. The glider then would be turned into the wind to climb.

The anchor would afford the necessary drag to force the glider upward, just as a boy forces his kite to rise by frequent tugs on the string.

Thus, the flight would be made in an alternate series of glides with the wind and climbs into the wind. Once he is given an initial tow in Newfoundland to launch the flight, Hennefell believes he can ride the prevailing westerly winds over the Atlantic at an average ground speed of 50 miles per hour. Estimated top speed during the glide would be 75 mph, and an estimated 13 hours would be used in climbing.

Automatic valves would inflate and deflate the anchor as the tension in the rope varied.

Martin Scout Fund Drive Gets Underway

STANTON, March 18. —The Stantion Trail Council Scout Ranch campaign was underway here yesterday as 65 workers began a three-day period of fund solicitation for the project.

Supplies were issued to workers Tuesday night at a meeting in the Methodist church, and another session has been scheduled for Friday night at which time reports will be submitted. Plans are to complete all canvass work during the three-day period.

At Tuesday night's meeting, Judge Charles L. Klapproth of Midland, chairman for special gifts, spoke to the group, and motion picture films of scenes at the Scout Ranch were shown. Supplies were issued by Cecil Bridges and Jim McCoy, local co-chairmen for special gifts. A banquet meal was served by members of the Stanton High school senior class.

Sweatt Appeal Is Overruled

AUSTIN, March 18. (U)—The third court of civil appeals yesterday overruled Herman Marion Sweatt's motion for rehearing in the Houston Negro's attempt to gain admission to the University of Texas law school.

The court's refusal paves the way for Sweatt to appeal to the State Supreme Court.

Sweatt had based his motion for rehearing on the contention that the appellate court had erred in ignoring testimony entered by Sweatt and had based its opinion and judgment on the state's evaluation of the comparative values of the university law school and the law school for Negroes established last year.

Chief Justice James W. McClelland held that the court had made "an independent evaluation of the record as to the comparative values of the two law schools as a basis for its (our) opinion and judgment."

He said it should be "held in mind" that the members of the court are not the triers of facts, and that the function of the court of civil appeals is one of review only.

Sweatt began his fight for a court order to force his admission as a law student in the University of Texas two years ago. He has said he will carry his case to the United States Supreme Court if necessary.

## TEACHER FUND CRISIS

# Bankers Advised To Accept Rural School Pay Warrants

AUSTIN, March 18. (U)—Texas bankers have been advised to accept rural aid school teachers' pay warrants as security for individual loans when rural aid funds become insufficient to back the warrants this spring.

The advice was contained in a letter sent by W. A. Kirkland of Houston to members of the Texas Bankers association. Kirkland is president of the association.

Copies of his letter were released to the press from the office of the governor.

"These warrants will not qualify as legal obligations of either school district or state, so I suggest that they be accepted as security for individual loans made to each teacher," Kirkland wrote.

Gov. Beauford H. Jester has promised he will ask the 51st Legislature to appropriate funds to cover the approximate \$3,000,000 shortage in the teachers' salary equalization funds for rural schools this year.

The shortage was caused by liberalization of rural aid program to cover more schools, without sufficient funds being appropriated by the past legislature.

State Banking Commissioner J. M. Falkner interpreted Kirkland's statement as meaning the individual school teacher will in effect become the third party on a note in order to cash his pay warrant.

"Most schools anticipate the effect of the shortage will be felt in the final month of the school year." If the state failed to provide funds to cover the shortage and the school district refused to pay off the note, the teacher would then become liable to repay the bank, with interest, Falkner believed.

He said he has no fear this would occur. Like Kirkland and the gov-

**Learn New Tricks In Preparing Fish During This Lenten Season**

By CECILY BROWNSTONE ASSOC. PRESS FOOD EDITOR  
ALTHOUGH there are actually about 160 varieties of fish sold throughout the country, the average family in the United States uses only about six of them on the dinner table. This Lent why not try a kind of fish you've never served before? This is the time, too, to try different ways of preparing fami-

lar varieties. Besides its appropriateness for Lenten tables, fish is an economical, high-quality protein food that can help stretch budgets.

The most common fault in preparing fish of all kinds is overcooking. A good test for telling whether fish fillets are done is if they flake easily with a fork; when fish with bones is being cooked you should be careful to see that it flakes easily from the bone and is a uniform color throughout. Cooking fish only until it is done insures its being moist and tender and brings out its delicate flavor.

One of the most readily-accepted ways of serving fish is creamed—especially when it's coupled with another well-liked food. Served in pastry shells or over hot baking-powder biscuits, with pimiento or olives or hard-cooked egg added, it usually makes a hit. If you are using home-cooked rather than canned fish for such a dish, it's well to remember that one pound of fillets will make about two cups of flaked cooked fish.

Almost more than any other food, fish that is fried, sauteed or broiled needs garnishing. I know people who go into frenzies if fish cooked in this way and served without a sauce is unaccompanied by a wedge of lemon. Since there are so many garnishes that "go with" fish it's usually not hard to find something in the refrigerator to accompany it. Here are some of the garnishes that make fish most attractive and are most popular; fortunately there are always a few of them in season, no matter what the time of year.

When it comes to something green, parsley and watercress head the list. But do you know the little professional trick of using these garnishes? Hide the stems. Tuck them in under the fish and let only the curly green head of the parsley and the bright smooth green of the watercress leaves show on the platter.

Green pepper and cucumbers are, of course, the other two green vegetables that do worlds for fish. Both of them not only add color but give good texture contrast with their crunchiness. They are most attractive for garnishing when cut in thin rings.

When garnishing with that other primary color, red, tomatoes and radishes are favorites. If you are a window-pot gardener you may have some chives or basil to chop finely and sprinkle over the tomato slices. Or drizzled with a little olive oil and basil vinegar, seasoned with salt and freshly-ground pepper, these tomato slices make any plain fish dish taste wonderful. Serve radishes whole or slice them thinly to circle a fish platter along with a leafy green.

In the east many people like tartar sauce—mayonnaise mixed with chopped pickle and sometimes other seasonings—with fish fillets; others reserve it for seafood such as scallops or shrimp. An interesting use of tartar sauce with broiled fish is given in the following recipe. The broiled-on sauce gives the fillets one of the most beautiful golden-brown toppings. Small boiled new potatoes sprinkled with chopped parsley complete the picture.

**Broiled Fish Fillets with Puffy Sauce**  
8 very thin skinned fish fillets (about 1 pound)  
1 egg white  
1/2 cup commercially-prepared mayonnaise

2 tablespoons pickle relish  
Remove pan from broiling compartment and put rack aside; aluminum foil may be placed on pan to hold fillets for ease in removing fish and washing pan. Wipe fillets with a damp cloth and place on pan. Preheat broiling compartment for 10 minutes or follow directions given by range manufacturer. Beat egg white until it is stiff enough to hold peaks when rotary beater is withdrawn. Fold in mayonnaise and pickle relish in several additions. Place broiling pan with fish fillets a few inches from source of heat and broil for about 5 minutes, until just about cooked through. Remove pan from broiler, put about 2 tablespoons of egg white mixture on each fillet and spread: Mixture will be runny. Put pan back in broiler and broil about 3 minutes longer, until sauce has puffed and is golden-brown; watch carefully or topping will burn. Serve immediately. 4 servings.

**Veal Round With Dumplings**  
3 lb. veal heel of round  
3 tablespoons cooking fat  
Salt  
Pepper  
1 cup water  
4 onions  
12 stalks celery  
1 cup flour  
1 1/2 teaspoons baking powder  
1/2 teaspoon salt  
1/2 teaspoon sugar  
2 tablespoons cooking fat  
1/2 cup milk, approximately  
Brown meat slowly in fat, add seasonings and water and cook over low heat or in slow oven (300 F.) for 1 1/2 to 2 hours. When almost tender add whole onions and celery cut in three inch sticks and cook about 15 minutes.

Sift together dry ingredients, cut in fat, and add enough milk to make a soft dough which can be dropped from a spoon. Drop by spoonfuls on top of meat, about 15 minutes before it is done. Steam for 15 minutes in tightly-covered pan without removing cover. Remove meat, vegetables and dumplings to hot platter: Thicken the remaining liquid for gravy. Serves 4 (with meat left for another meal).

**MENU SUGGESTIONS:** Since vegetables are served with the meat, all you will need to make this an excellently balanced meal is a leafy salad and a fruit dessert. For the salad try the "triple toss-up"—three greens in a tossed salad. Take any three. If you're in the South you may have some leaf lettuce from your own garden by now. Combine it with watercress and escarole—or any three you like.

For a spring dessert there's nothing like fresh stewed rhubarb to finish off a meal.

**FOOD TIPS:** Heel of round isn't the only economy veal cut which may be used for this pot roast. Rolled veal shoulder and rolled veal rump are equally satisfactory. Remember, pot roast is braised—that is, the meat is browned and then cooked slowly, tightly covered,

In a small amount of water.

Good brown gravy is one of the delights of a properly cooked pot roast. Keep some browned flour on hand to thicken gravies and sauces. You can brown it in a shallow tin in the oven while something else is baking.

The orchid is the national flower of five Middle American republics—Columbia, Costa Rica, Guatemala, Panama and Cuba. Greatly prized because of its rarity in the United States, varieties of orchids grow in such profusion in most of the Middle American countries that the poorest señorita can wear an orchid corsage every night if she so desires.

**ARABIAN STEW**

- 6 shoulder pork chops, 1/2 inch thick
- 6 slices onion
- 1 green pepper, sliced
- 2 cups canned tomatoes
- 1/2 cup raw rice
- Salt and pepper

Brown chops on both sides in deep skillet over low heat, adding a small amount of MRS. TUCKER'S SHORTENING if necessary. Place onion slice and pepper ring on each chop, then sprinkle on the thoroughly washed rice. Season with salt and pepper, then pour tomatoes over top. Cover, bring to a boil over medium heat, then reduce heat and simmer for 1 hour. Serves 6.

## Serve Baked Pork Chops With Fruit As Contrast

Couple an old favorite dish with a new twist in the recipe and it's a sure guarantee for success at your dinner table. Make this combination economical and it satisfies all the requirements for good 1948 cookery.

Peace plate features an American favorite—pork chops with apple, deservedly popular because apples lend tartness which brings out the rich flavor of browned pork. The new touch, and a nutritious one, is a garnish of hot plump cooked prunes on the pork chops. For economy, this main course uses less expensive shoulder chops instead of rib.

Even the apples in the Baked Pork Chops with Fruit get a slightly different treatment today. Instead of apple sauce or baked apples for an accompaniment, the browned chops are braised with tart apples.

Prunes, like other dried fruit, are in plentiful supply and are better buys than many of our fresh fruits. If you are limiting your use of prunes to breakfast fruit or an occasional prune whip dessert, you

### Polenta With Cheese

1 cup cornmeal  
1 cup cold water  
1/2 tablespoon salt  
2 cups boiling water  
1/2 cup cheese, finely sliced  
Paprika

Cooking fat or drippings. Combine cornmeal, cold water and salt. Stir into boiling water in top of double boiler. Cook over hot water from 1 to 1 1/4 hours. Add cheese and cook 15 minutes longer. Pour in pan and chill. Cut in thin slices, dip in flour, and fry slowly in cooking fat until golden brown. Serve with well-seasoned tomato sauce. Serves 4.

**MENU SUGGESTIONS:** To round out this menu, serve broccoli for a vegetable and a generous grapefruit salad. A dessert of chilled pears served with soft custard will provide added protein from the eggs and milk.

**FOOD TIPS:** Italian families vary polenta. In fact, it becomes a sort of base recipe for many combinations. One variation you might try is to lay slices of polenta on a greased baking sheet. Sprinkle with grated cheese and heat under the broiler until browned. Or omit the cheese from the recipe. Serve this version as browned slices of polenta garnished with slices of fried tomato. Remember this suggestion when tomatoes are in season in your garden.

If you want a very hearty dish, add chopped ham to the cooked mush, instead of cheese, and serve with browned apple rings.

are missing opportunities for good eating, economically, at other meals.

**BAKED PORK CHOPS WITH**  
4 shoulder pork chops  
Flour  
Salt and pepper  
2 tablespoons fat  
4 tart apples  
1/2 cup prune juice  
12 cooked prunes

Sprinkle pork chops with flour, salt and pepper—brown in fat. Remove the chops and slice the cored tart apples in the bottom of the pan. Place the browned chops on the apples—add the prune juice, cover tightly and bake slowly (325 F) for about 1 hour or until the chops are tender. Add the prunes during the last few minutes of cooking. Serves 4.

**Menu Suggestions:** Glazed sweet potatoes give added color to this menu and their mild flavor is a good contrast for a tart salad of cooked green beans and raw onion rings served with a spicy French dressing. For a dessert that's tops in economy and taste appeal, conclude the meal with a steamed, eggless molasses pudding plus an orange sauce.

**Food Tip:** The shoulder chops used in today's Peace Plate cost less than rib chops but are just as good in this unusual dish. Other of the less expensive pork cuts which you might want to try are arm pork steak or blade pork steak. Or, for a change, use a slice of smoked picnic shoulder.

### Midland, Water Valley Rated Meet Favorites

Midland and Water Valley may rule as favorites in the third annual Big Spring girls' volleyball tournament, which begins here at 2 p. m. Friday and continues through Saturday night. Eola, last year's champion, will not be back but Water Valley, beaten by Eola in the finals, is bringing another strong team to town. Midland always fields one of the toughest teams in West Texas circles. The Bulldogs recently smothered the Big Spring Steerettes in an exhibition game. Midland plays Andrews in an opening round game at 9:00 a. m. Saturday while Water Valley opens up against Garden City at 7 o'clock Friday evening. Trophies will be awarded first, second, third and fourth place teams in the championship bracket and consolation winners will receive a suitable award. In addition, six gold-filled miniature balls will go to the first all-tournament team and six sterling-silver balls will go to members of the second all-tournament team. The awards are already on hand

and will be passed out immediately following the last game, which starts at 9:30 o'clock Saturday night. The tournament is being sponsored this year by the American Business Club. Coaches of the teams which will be here are Trudis Otto, Sweetwater; Mrs. Hazel Louise Cooke, Lamesa; John Albers, Coahoma; L. Christian, Semfole; George Tiller, Sterling City; Rose Oakley, Andrews; Mrs. Inez Cheatham, Midland; Mrs. R. L. Wheeler, Ballinger; Glenn Whittenburg, Forsan; Mrs. S. P. Shaw, Denver City.

### TRUMAN SPEECH

## Europeans React According To Form

LONDON, March 18 (AP)—Europe divided on familiar lines today in its reaction to President Truman's preparedness speech. Non-communist newspapers and officials who would talk—hailed it generally as a forthright statement in defense of freedom against communism. Communist newspapers and radio stations for the most part took the line that it was threatening talk intended to create "war panic." But the eastern press gave it little space. The Moscow radio devoted only 30 seconds to the President's message asking Congress yesterday for universal military training and the draft and urging support for "free nations." Its comments will come later. Russian-controlled newspapers in Berlin characterized the address as "firebrand talk" and a "panic speech." The bannerline of Vapaa Sana, Helsinki newspaper of Finland's

communist-dominated people's democratic party, said "Truman is loading the guns—calls for universal military training and threatens with direct action." The Budapest communist newspaper Szabadnet said: "The Truman speech is nothing but a cheap electioneering trick. He wants to excite war panic to threaten the disappointed mass, thus creating a reactionary 'national unity' headed, naturally, by himself." The London foreign office said Britain "warmly welcomed" the President's speech, "in particular the emphasis on the essentially defensive character of the American policy."

Czechoslovakia's communist press gave scant attention to the speech, and much of that was reproachful. But the people showed a lively interest. Many listened eagerly to foreign broadcasts. Official spokesmen were noncommittal. Italy, where the communists are campaigning for an election April 18, finds the speech very interesting, a spokesman for Christian Democratic Premier Alcide De Gasperi said. He said the message held good news for Europe's democratic countries.

### Vegetable Slaw On Watercress

Watercress is an excellent green to use in the salad bowl. Besides adding nutritive value it contributes color and flavor to any meal. It's good added to an ordinary potato or cooked vegetable salad—try it! Never store watercress uncovered in a refrigerator and never put it in a refrigerator storage pan where it may be crushed by heavier vegetables and fruits. After washing, draining and drying it place it in a jar with a tight fitting cover and put it in the refrigerator until needed.

#### Cabbage, Green Celery and Apple Slaw on Watercress

1 1/2 cups coarsely grated cabbage, tightly packed  
2 cups cubed green celery  
1 cup (1 medium size) cubed peeled tart green apple  
1/2 cup commercially prepared mayonnaise  
2 tablespoons vinegar  
1 teaspoon salt  
1/2 teaspoon sugar  
1/4 teaspoon celery salt  
Dash of pepper  
1 bunch of watercress  
Combine all ingredients except watercress and mix thoroughly. Taste and correct seasoning if necessary. Chill until ready for use. Untie watercress; look it over carefully and remove any yellow leaves. Cut off heavy stems; wash sprays well in cold water. Put in colander to drain and pat dry with towel. Use sprays to surround slaw. Makes 6 to 8 servings.

### Coconut Chews

1/2 cup butter or fortified margarine  
2-3 cup brown sugar, firmly packed  
1-3 cup sugar  
1 egg  
1/2 cup chopped walnut meats  
1/2 cup shredded coconut  
5 cups corn flakes  
Cream butter or margarine and sugars well. Add egg and beat until very light and creamy. Add walnut meats and mix thoroughly, scraping up from bottom of bowl. Mixture will be very dry. Shape into rounds by pressing heaping tablespoonful of mixture against side of mixing bowl. Drop carefully so that cookies are rounded rather than flat on lightly greased baking sheet and bake in moderate (350 F.) oven 10 minutes, or until done. Remove from baking sheet. Makes about 36 to 40 cookies.

### Frozen Lemon Cream

1 cup light cream  
3/4 cup lemon juice  
3 eggs, separated  
1/2 cup sugar  
1 teaspoon grated lemon rind  
Pour cream into freezing tray of refrigerator and chill until thin layer is frozen in bottom of tray. Put cream in a bowl, add lemon juice and whip until stiff. Beat egg whites until stiff enough to hold a peak, add sugar 1 tablespoon at a time and continue to beat. Beat egg yolks until lemon colored; add lemon rind. Fold into beaten egg whites, then into whipped cream. Pour into freezing tray. Freeze with cold control set at coldest setting until firm. 4 to 6 servings.

### Tasty Lemon Sauce

1/2 cup sugar  
1 tablespoon cornstarch  
1/4 teaspoon salt  
1 cup boiling water  
2 tablespoons lemon juice  
1 tablespoon butter or fortified margarine  
Dash of nutmeg, to taste  
Mix sugar, cornstarch and salt together thoroughly. Add boiling water gradually, blending until entirely smooth. Bring to a boil, stirring constantly, and boil 2 to 3 minutes. Remove from heat, add lemon juice, butter or margarine and nutmeg and blend well. Serve warm or cold.

The chinchilla is a small, gray, hopping member of the rodent family.

### Oatmeal Macaroons Apple Crisp

2 eggs  
1 1/2 cups sugar  
1 teaspoon vanilla  
1 cup quick-cooking rolled oats  
1 tablespoon all-purpose flour  
2 teaspoons baking powder

Beat eggs until very thick and pale colored, about 10 minutes in an electric mixer. (The success of this macaroon depends on this beating.) Add sugar and vanilla and continue to beat in well. Fold in quick-cooking rolled oats, flour and baking powder. Take up a tablespoonful of the mixture with a round-bowled measuring spoon, level it against the side of the carefully on to a greased baking sheet. Bake in a moderate (350 F.) oven for about 10 minutes, or until lightly browned. Remove at once from pans with wide spatula to

3 medium-sized (about 1 lb.) apples  
1/2 cup all-purpose flour  
1/2 cup brown sugar  
1-4 cup butter or fortified margarine.  
Slice the apples in thin slices and put them in layers on the bottom of a small baking dish. Mix the flour and brown sugar and cut in the butter or margarine with a pastry blender or 2 knives. Spread this mixture over the apples and bake in a moderate (350 F.) oven for about 45 minutes or until apples are tender and topping is lightly browned. Serve warm or cold with plain or whipped cream. 4 servings.

cooling rack. Care has to be taken in storing these cookies because they are very crisp, hollow and delicate. Makes about 36.

### Raspberry Apple Whip

This dessert probably will be appreciated most by the youngsters in your family.  
1 package raspberry flavor gelatin (15 ounce container baby food applesauce)  
1 cup boiling water  
1 cup cold water  
1/2 cup strained applesauce  
1/2 cup cream, whipped  
Add the package of gelatin to the boiling water, stirring until completely dissolved; stir in cold water. Pour 1 cup of the mixture into individual molds, and chill until firm. Chill remaining gelatin until it begins to thicken, add applesauce and whip or beat with rotary beater until frothy. Fold in whipped cream and pour on top of clear gelatin which should be firm by this time. Chill until firm. Unmold by dipping in warm water and loosening with sharp edge of small pointed knife. 4 to 6 servings.

### Baked Hamburger Patties

The original of this hamburger recipe suggests either frying or baking these hamburgers, but the texture and flavor are better when baked.  
Baked Hamburger Patties  
1 cup ground beef  
2 cups cornflakes  
1/2 cup milk  
1 teaspoon salt  
1/2 teaspoon pepper  
2 tablespoons finely grated onion  
Add the cornflakes, which have been slightly crushed, to the ground beef along with the other ingredients. Mix lightly but well. Shape into 4 large flat patties, about 4 inches long. Bake in a hot (450 F.) oven about 25 minutes.

The other day Pete Swanson's nephew, Bud, allowed as how he was fed up with farm and country life... and was going to the city where there was a lot more opportunity and excitement.  
Some folks might have tried to stop him. But not Pete. He even advanced Bud carfare for the trip... figured that when he'd had a good look around, he'd come back where he belonged.  
And what happened? After seven days of big-town bustle and excitement, Bud was back behind the wheel of a tractor, with color in his cheeks again. And he'd traded the night life of the city for a quiet glass of beer with Dad.  
From where I sit, that's how it goes. Try to prevent some one from getting what he thinks he wants—and he'll go on wanting it. But give him his head, and he'll settle for the sensible thing—whether it's country life, or a temperate glass of beer!

WROTE 'EYES OF TEXAS'

Old Debt Paid By Sinclair To Start UT Memorial Fund

AUSTIN, March 18. (AP)—A 40-year-old forgotten debt paid shortly before his death will commemorate the author of "The Eyes of Texas."

Checks amounting to \$200 have been received by the University of Texas board of regents to set up a revolving fund in the memory of author John Lang Sinclair. The fund is to be used in publication of pamphlets and books as far as it can be made to go.

It is the first attempt to perpetuate the memory of the late Sinclair whose name is known to few of the many who stand and sing the renowned song he wrote 45 years ago. Many mistake it for the state song.

The \$200 was paid by Sinclair to University of Texas English Professor R. H. Griffith who contributed it to the setting up of the fund.

This is the story: After Sinclair graduated from the University of Texas, he wrote "The Eyes of Texas" for a minstrel show, he sold shares of stock in a cattle ranch he was to manage. After a few years the whole project failed. Many of his former associates lost track of him.

Five or six years ago, Sinclair, established in business in New York, wrote Dr. Griffith, sending him a check and saying it was part payment for money he lost for him some 40 years previous.

"I sent the check back to him and told him he was crazy," Dr. Griffith related. "While I remembered his project, I didn't remember and didn't believe, that I had ever let him have any money at all."

But Sinclair returned the check, claimed that his records were

straight and his memory clear. Dr. Griffith said he "hummed and hawed" with Sinclair but ultimately deposited the money in the bank.

Shortly afterwards, came another check nearly as big as the first one—"Sort of a compound interest," Dr. Griffith said.

The English professor said the payments troubled him greatly, "making me picture a man, a very intelligent man, working like a slave for 40 years to clear off a debt and repair a failure."

Shortly afterwards again came news that Sinclair had died—in New York City in January, 1947, at the age of 67.

"Let it be known as the Sinclair fund," Dr. Griffith wrote the regents in sending the money, "and let us hope that it will grow in size and service."

Jack Robinson To Miss Day In Pulpit

WACO, March 18. (AP)—Jackie Robinson is going to miss next Sunday from the Ninth Street Baptist church pulpit. But the 80-odd members won't mind. Their pastor will be working for the Baptists anyway.

Robinson, an ordained minister, is a star guard on the Baylor university basketball team. His coach, Bill Henderson, calls him the most valuable man to his team in the Southwest Collegiate Athletic association.

Jackie has an idea he'll be on the way to New York Sunday. He thinks maybe Baylor will be heading for the championship playoff of the NCAA. You know, the winner at Kansas City meets the Eastern Regional finalist Tuesday night in Madison Square Garden.

Baylor plays Washington Friday night. If the Bears cop that one they'll take on the winner of the Kansas State-Wyoming game Saturday night. But winning that first

game alone will insure a trip to New York. The runner-up in each Regional tournament also plays in the big tournament.

If Baylor loses to Washington, however, Jackie will stay in Missouri Sunday to preach at a youth revival. "But I think we can take 'em," he says.

The colorful Robinson has missed only four games in three years as a Baylor cager. One was because of illness, three were because he went to Honolulu to preach at a youth meeting.

Cotton Company Sells Interests

PECOS, March 18. (AP)—J. C. Wilson, president of the Texas Cotton Industries, said Tuesday the TCI had sold all of its gin and oil mill interests to the West Texas Cotton Oil company.

Headquarters of the TCI are here. The West Texas Cotton Oil company has a division office in Abilene and a branch office here.

Wilson said that the sale included gins at Pecos, Barstow, Grand Falls, Imperial, Buena Vista, Presidio and Balmorhea, and a cotton seed oil mill and other properties at Marfa.

Hickman New Yale Mentor

NEW HAVEN, Conn., March 18. (AP)—Herman Hickman, "the little giant," from Tennessee, is Yale's new head football coach.

Ending a long search for a successor to Howie Odell, Robert J. H. (Bob) Kiphuth, Eli director of athletics, announced Hickman's appointment late yesterday. Odell resigned in January to become head coach at the University of Washington.

The massive Hickman, who gained his nickname because of his avoirdupois, thus departs from the U. S. Military academy at West Point to undertake his first assignment as a head coach. He has been line coach at West Point, under Col. Earl Black, since 1943. He helped develop Army's strong forward wall that cleared many a path for backfield stars Glenn Davis and Doc Blanchard to romp to fame.

Cotton Farmers Have Cash Due

At least 15 farmers who raised cotton in Howard county back in 1938 have money due from the government. The growers put their commodity in the 1938 cotton pool. The cotton has since been sold and the government is prepared to reimburse them for the investment, less what they obtained on loan at the time. The USDA recently forwarded checks for the amount due each party but the checks for the 15 returned unclaimed. Those listed here can file their claims for the returns at the local AAA office at Third and Scurry streets: A. H. Backens, L. E. Bender, A. C. Billings, J. A. Burns, John Burns, Mrs. G. W. Canterbury, J. W. Harrison, T. W. Hewett, Noble Holt, Frank Jordan, Alvin Kincaid, J. H. Langford, T. F. Lowe, N. H. Montgomery, and J. R. Wooten. Employees of the AAA office also have on hand lists of farmers due returns on cotton pools sold in later years. Further details can be obtained by calling in person at the AAA office.

# Stanton And Ackerly Chalk Up Wins In Cage Tourney

## Grapette Loses 36-34 Thriller

STANTON, March 18.—Stanton and Ackerly scored victories in the opening round of the Stanton independent basketball tournament here Wednesday night, defeating Grapette of Big Spring and Knott, respectively.

Stanton trailed at the half in its game with the Bottlers but went on to win in an exciting finish, 35-24. Five pitches turned the trick.

The Grapette team, champion of the recent Forsan tournament, had such standouts as Eddie Houser, Tommie Elliott, Frank Dunn and Cotton Mizie in its lineup. The Big Springers led at half time, 25-21.

Ackerly bowled over Knott, 38-31, and the Dawson county club had to come from behind, too, in the second half to turn the trick. Knott led at the intermission, 14-11.

Tonight, Courtney plays Forsan and the American Legion meets Safeway in championship games while an added attraction will feature a consolation round game between Knott and Grapette. The action gets underway at 8 o'clock.

### Hitting Headache

ORLANDO, Fla., March 18.—Opposing outfielders are making life miserable for the Philadelphia Phils.

On Tuesday, Ted Williams of the Boston Red Sox whipped the Phils by driving in four runs. Yesterday, Gil Coan of the Washington Senators clouted a homer with the bases loaded, singled and stole a base in the Senators' 11-7 win.

Five tons of coal are needed to make a ton of steel.

## LOOKING 'EM OVER

With TOMMY HART

Out and running every free moment these days is big Jim Tidwell, the left-handed first sacker who played part of last season with the Big Spring Broncs in Longhorn baseball league play.

Big Jim, who takes a terrific cut at the ball, reports to the San Angelo Colts' baseball camp Monday, where he'll try to break into the lineup of the club managed by his brother-in-law, Pepper Martin.

Tidwell, who has been railroading the past few months, figures he didn't stick with the Broncs last year because he was too slow. And, he reasons, he was not mobile enough because he was carrying too much weight. So he's working the old running gear overtime, and cutting down on the sweetmeats, to trim the avoirdupois, and cutting down on the sweetmeats, to trim the avoirdupois, and cutting down on the sweetmeats, to trim the avoirdupois.

Tidwell had been under contract with A. D. Ensey at Odessa since he was cast adrift here last year. Ensey wanted him to go to the Oilier camp at Dallas but Tidwell preferred the situation created for him in the Concho city. His opportunities looked better there.

Despite the family connection between him and Martin, Tidwell knows he'll have to earn his job. Organized baseball works that way. You just can't hold your job in the business unless you deliver the goods.

There's no such thing as a jayhawk, say experts. Since Howard County Junior college started fielding athletic teams, jayhawks have been infesting Big Spring. (That's the nickname of their club).

But don't ask a jayhawk what a jayhawk is. He couldn't tell you. Researchers have been trying for years to dig up facts on the creature, whether it be human, animal or fowl, but have gotten nowhere. They have found out that it wasn't a bird, though some folks will persist in arguing differently.

Back in 1849, a gang of migrants going to California from Illinois named themselves the jayhawks. During the Civil war, an anti-slavery group referred to themselves in that way. The citizens of Kansas ultimately wound up with the nickname.

All the Indians back in Kansas claimed they believed the jayhawk was an enormous bird that could palm a raw in one claw and which flew with such speed that it needed a B-29 runway when it took off. Others said the fowl could change its size anytime it so desired. The conflicting stories told about the Jaybird do nothing but bewilder the researchers, so forgive the HCJC students if they take liberties in describing the emblem.

Trampelco Rodriguez, the fireball pitcher who was supposed to come to Big Spring from Cuba in late season last year but who had to call off his trip when he injured his thumb, gets a chance at Sherman in the Big State league this year.

Abilene golf enthusiasts apparently are making the same mistake Odessa linksmen made last year and that in scheduling too many events in too brief a time. The West Texas Invitational and the Abilene Invitational, both scheduled for the Abilene country club, are booked to come off within a month's time.

Odessa patrons of the sport suffered from 'golf fatigue' last year for that very reason and have been cautious not to plan too many major events there this year.

## Athletes From Three States Take Part In Southwestern Track Show

FORT WORTH, March 18.—Texas, Oklahoma and Arkansas athletes compete here Friday and Saturday in the 25th annual Southwestern Recreation track and field meet.

The record field of 1,461 athletes represent universities, colleges, junior colleges and high schools. More than 100 of the competitors will play in a golf tournament Saturday held in conjunction with the cinder carnival. Some of the golfers will represent service posts.

Defending champions in all divisions of the track and field meet are expected to return this year. Texas A. and M. is expected to cop its second straight university division title. The Aggies provided the team winner at the Border Olympics at Laredo last weekend.

North Texas State college of Denton is favored to repeat as college division champions. Defending champions in the junior college division are freshmen of Oklahoma A. and M., the University of Texas and the University of Arkansas first-year men, however, are expected to provide topflight competition.

In the high school division, the defending champions of Corpus Christi find their position endangered by Austin, the schoolboy outfit which won the Border Olympics crown by an easy 41 points. North Texas State is favored in the college-university-service division of the golf tournament. The tournament will be played at Meadowbrook municipal golf course. The three-way competition meets in a morning session and the high school in the afternoon.

All out-of-state entries, with the exception of Arkansas Razorbacks come from Oklahoma. At least four records in the university class are in danger. They are the mile mark, the 440-yard relay, the broad jump and the mile relay.

The Texas Longhorns boast a talented outfit of Charley Parker, Perry Samuels, John Robertson and Charley Tatom in the 440 relay. Jerry Thompson of Texas may break the record for the mile, 42.5. Robertson may surpass the broad-jump record of 24 feet, five and a half inches, and Texas A. and M. is almost certain to crack the mile relay time of 3:24.4.

Records in other divisions are expected to be shattered. High school preliminaries open the meet at 1 p. m. Friday. Preliminaries in other divisions will be held Saturday morning. The meet will be held at Farrington Field.

Two special races are on the program: an exhibition 120-yard high hurdle event into the controversial 100-meter race.

Real progress in fire-control did not begin until Lavoisier showed the relation of oxygen to fire 170 years ago.

## Masked Marvel Here Monday

The Masked Marvel, who is so mysterious he doesn't even list his home address, makes his wrestling debut here Monday night when he meets Dr. Gil Knutsen at Pat O'Dowdy's new club on East Third street.

The hooded one is not to be confused with the African with the same nom'de guerre. The match will have an hour and a half time limit.

Other portion of the bill pits Gorrila Pogi against Eddie Gideon, the Springfield, Missouri, tin-ear who made such a hit in his duel with Al Getz here last week.

## Royalty Shines In Grid Drills

COLLEGE STATION, March 18.—Charley Royalty may be just the guy Texas Aggie Football Coach Harry Stiteler has been looking for.

Charley, from Freeport, has done so well on the third team during spring training scrimmage that he has been moved to the No. 1 backfield.

The scout back will be seen in action in the Sports day intra-squad game Saturday.

Only five-foot-seven but as fast and shifty, Royalty will alternate at left half with Eugene Greene of Edna, another spring training discovery.

Stiteler also has moved Preston Smith from the second team to the right half spot on the first team. Smith, a letterman from Bryan, will share the position with Jim Boswell of Hearne, who did not come out for football last season.

Another newcomer, Clovis Osak, a transfer from San Angelo Junior college, also will alternate in the first team backfield. He and Bobby Goff, a letterman from Kenedy who was injured much of last season, will split the fullback chores. Jimmy Cashion remains the No. 1 quarterback.

The Saturday game will conclude spring football training.

### Bowlers In Match

Big Spring will be represented by a team of three bowlers in a match with Sweetwater keglers in a match with Sweetwater tonight. The contest starts at 7 o'clock.

Two El Paso tin-toppers are also competing in the test.

### Ryan A Contender

BRADENTON, Fla., March 18.—The Boston Braves manager, Billy Southworth, let it be known today that Eddie Stanky will have to beat out Connie Ryan for the second base job.

### Biscan In Debut

SAN BERNARDINO, Calif., March 18.—Southpaw Frank Biscan, trying to make the grade with the St. Louis Browns, will make his debut against the New York Giants today.

### Aces On Line

ST. PETERSBURG, Fla., March 18.—George Munger and Al Barzile are Manager Eddie Dyer's mound choices today as his St. Louis Cardinals meet the Cincinnati Reds.

### A's All Offense

WEST PALM BEACH, Fla., March 18.—Connie Mack insists batting practice is the important thing in training camp, and he's giving the Philadelphia A's two hours of it every day.

## WHY FEEL OLD AT 40, 60, OR MORE?

Why be the victim of the older years? If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is a method that may change your whole outlook on life. Why not try and regain the pleasures of living you once enjoyed? Why be discouraged—why not regain the vim and zest of a much younger man? Many men are obtaining amazing results with Caltron Tablets. Women, too, find Caltron helpful.

The tremendous demand for this formula has warranted a drastic price reduction. Get Caltron stimulating tablets today from your drugist at the new REDUCED price.

## Billikens Win NIT Title Go With Violets

NEW YORK, March 18.—There wasn't any doubt today about the class of the St. Louis university basketball team, and its string-bean center, All-America Ed Macauley.

The Billikens from the banks of the Mississippi put on a collective show last night to overwhelm New York university, 65-52, in the finale of the National Invitation tournament at Madison Square Garden. All the Bills displayed superb teamwork, but Macauley was outstanding.

Six-foot-eight Ed, who looks as if he might snap in half at any moment, came up with a brilliant individual performance as the Bills gained a berth in the Olympic games trials.

Macauley poured in 24 points before he got tired shooting at the net and was content to feed his mates for the buckets that all but ran the NYU Violets purple-faced. He was unanimously voted the tournament's most valuable player.

The preliminary consolation game, won by Western Kentucky, 61-59, after a rough overtime tussle with DePaul, provided most of the evening's thrills.

Yet for all of the one-sidedness of the main attraction the crowd of 18,492 for the most part stayed put and marveled at the hoop wizardry of Coach Ed Hickey's St. Louis protégés.

Controlling the ball for the most part, St. Louis bore down after Macauley made it 12-5 with 10 minutes gone. NYU saw little of the ball, and when the Violets did gain possession they didn't appear to know what to do with it. They tossed it away half a dozen times in the first half.

Coming onto the floor after leading 25-18 at halftime, the Bills and Macauley broke the game wide open. In four minutes, they were on top 35-20, and Ed had made nine of the 10 points.

## Pearce Planning Return To Grid

CONWAY, Ark., March 18.—Rex Pearce, 320 slinger with Odessa, Texas, of the Longhorn baseball league last summer, is giving up pro sports—at least for a couple of years.

He wants to return to his half-back spot on the Arkansas State Teachers college football team that walked off with the Arkansas Intercollegiate College championship last fall.

The conference ruled then that it didn't care whether Pearce had played pro baseball. But after the grid season, the conference changed its mind; any more playing for pay would make Rex ineligible.

He decided he'd rather play football. Besides, he's only a sophomore and wants to finish his college education.

Only about one in 40 Americans who ever have been married have been divorced and not remarried.

## Texas League Teams Map Busy Spring Conditioning Program

### Five Big League Teams Scheduled

By The Associated Press

More than 80 games are on the exhibition schedules of Texas league clubs in the state from now until season opening April 14.

Included are five major league clubs. Fort Worth and Dallas both meet the Brooklyn Dodgers. Dallas plays the Chicago Cubs. Houston engages the St. Louis Cardinals and Fort Worth the St. Louis Browns and Pittsburgh Pirates.

The exhibition schedule started yesterday with San Antonio playing the University of Texas at Austin. Today San Antonio takes on Indianapolis at San Antonio.

Fort Worth, in training at Vero Beach, Fla., opens its schedule against Memphis of the Southern association at Lake Wales, Fla., today. The Cats play Kansas City at Vero Beach March 23 before starting for home. Their first Fort Worth appearance will be March 27 against Oklahoma City.

Dallas, Houston, San Antonio and Beaumont all are training in Texas. Indianapolis, St. Paul, Milwaukee, Toledo and Buffalo will be played by the Texas league clubs who also take on Wichita Falls, Greenville and Austin of the Big State league. ### Two Plead Guilty To Drunkenness

Ben and Celia Ovalla, picked up by members of the sheriff's office Wednesday evening, entered pleas of guilty to charges of drunkenness and disorderly conduct and were each fined \$50 and expenses in justice court this morning.

Deputy Sheriff C. E. Kiser, who made the arrests, said the two Latin-Americans were lugging at one another with drawn knives when he rounded them up on the East highway.

### Delinting Plant Is Expected To Set Record

Operating at full blast, the Farmers Gin company kem-gin plant this year promises to break all its records in output of delinted cottonseed.

Already the unit has processed approximately 400 tons, and it is booked heavily until May 6. This would mean around 350 to 400 tons more under normal conditions, and if operations are intensified, production could be stepped up.

Largest single order to date has been for the Von Roeder Seed Farms of Knapp, traditionally the heaviest seed producers and delinters in this area. The plant here put through 140 tons or approximately 750 bushels of seed for the Von Roeders, who last year produced and aggregate of 23,000 bushels of seed. The farm, incidentally, has 17,000 bushels booked for this season.

"Whereas the delinting plant here operated at only six to seven tons per day in previous years, the rate has been kicked up to 10 and 12 tons per day this year to take care of unprecedented bookings."

Producers from Lamesa, Brownfield, Seagraves, Fort Stockton, San Angelo, Midland, Eola, Winters, Ballinger, Sweetwater, Coleman, Wall, Roscoe, Colorado City, Snyder and other points have brought or booked their seed with the Big Spring plant.

Under the process employed here, delinting is done by a dry gas process. The seed are subjected to a combination of sulphuric and muriatic acid fumes until the lint is delinted. They then are treated to heat and acid action, then screened to cut out small or defective seed. Before being packaged, the delinted seed go through a ceresan treatment to eliminate fungus and plant disease. The dry gas process is said to possess advantage over the acid emersion methods in that it has no effect on seed germination. By cutting the seed, the percentage of germination from the delinted seed is said to be substantially higher.

### Local 20-30 Will Sponsor Charter Of San Angelo Club

Members of the local 20-30 club will sponsor the chartering of 20-30 International in San Angelo April 17, it was decided at the group's regular dinner meeting Wednesday evening.

The Big Spring chapter will also present the San Angelo club with the official 20-30 banner on the occasion of the latter's charter and installation banquet. President Bill Merrick urged all members to attend the San Angelo affair.

In other business the club discussed plans for bringing to the town a nationally known dance band in late April or early May.

### U. S. Is Searching For 'Lost' Workers

WASHINGTON, March 18. (AP)—Uncle Sam is looking for about 12,000 "lost" farm hands.

They were among more than 300,000 agricultural workers brought in from Mexico and the West Indies during the war and since to help meet a farm worker shortage.

So far neither the agriculture department nor the immigration service has been able to find the 12,000. Most of those missing are from Mexico.

### Traveling Showman Is Arrested Here

Floyd Martin, an employee of a traveling show, was picked up by members of the city police force Wednesday on a charge of driving while under the influence of intoxicants and transferred to the custody of the county.

He entered a plea of guilty to this morning and was fined \$75 and costs. In addition, he paid a fine of \$1 and expenses in justice court for operating a vehicle without a license.

HILLSBORO, March 18. (AP)—Roscoe H. Collier, 41, of Dallas, a Navy veteran of World War II, has filed as a democratic candidate for the United States Senate with R. W. Calvert, state democratic chairman.

### Corner To Avoid

DETROIT, (U.P.)—Melchior Jones won't be driving his car for a while but when he gets behind the wheel again there's one hoodoo street he is likely to avoid. Jones was arrested twice within six months for drunken driving—both times at the same intersection. The second arrest resulted in a 45-day jail sentence.

### MUD, MOONSHINE WORK TOGETHER

AUSTIN, March 18. (AP)—Mud and moonshine gave Texas' revenuers a beating in February. No illicit stills were captured during the month, the liquor control board said. It explained that every time its agents went on a mash hunt in the woods, they bogged down in the mud.

"Unpaved roads over the state were impassable during the month," the February report said.

### B'Spring FFA Tops El Rancho District Meet

The Big Spring FFA chapter took first place in two of three contests conducted by the El Rancho district Wednesday afternoon at Coahoma.

The local farm demonstration team, composed of Carroll Choate and Martin Fryar, topped the field in that event. They gave a demonstration of vaccinating chickens for fowl pox. The Big Spring chapter also took first place in the newswriting contest.

Judges were E. J. Hughes of the Soil Conservation Service and Durward Lewter, county agent.

The Coahoma team gave a demonstration on teaming to take second place in the farm demonstration event. Seagraves won third, Seminole, fourth and Loop, fifth.

Seminole placed first in public speaking, with Midland, second, Seagraves third and Big Spring, fourth.

Next event on the El Rancho district schedule will be held in Big Spring on March 27. It will include dairy cattle judging, poultry judging and egg grading.

### Most Fruit In This Area Escapes Cold

Fruit prospects in this area are spotted, but generally speaking enough fruit escaped the unseasonably cold weather of the past week to make a good crop.

This, of course, is contingent upon continued warm weather. Another freeze could complete the destruction of the 1948 crop.

The Von Roeder Farms, near Knapp in southern Borden county and the major fruit producers of this area, report that the freeze killed part of the fruit buds.

"There are still plenty for a crop if they don't get killed from now on," said Nolan Von Roeder, who supervises the care of an orchard of some 3,000 trees. Most of the buds which were showing pink were nipped, he said. Some varieties stood the weather better than others. The Davis orchard, just south of the Von Roeder spread, was reported to have been affected similarly.

The Von Roeders recently bought a farm 13 miles east of Snyder on highway 15, and this place has a young orchard covering approximately 30 acres. The orchard is devoted mostly to peaches.

### Dawson County Boy Killed While Hunting

LAMESA, March 18. (AP)—Henry Powell Russell, 15-year-old high school student of the Welch community, died Wednesday of a gunshot wound suffered accidentally Tuesday night while hunting rabbits.

His twin brother, Kelton, and another boy were his companions. The youth was struck by a .22 caliber rifle bullet.

### Texans Back Water Plans

WASHINGTON, March 18. (AP)—A West Texas delegation here to back irrigation and flood control projects conferred today with Federal officials.

L. T. Youngblood of Bronte, chairman of the upper Colorado river authority, heads the group. Its first engagement was at the reclamation bureau for discussion of the proposed \$35,000,000 Robert Lee dam and irrigation system, which would put 58,000 acres in their section under cultivation.

Plans for the development are pending in the bureau's regional office at Amarillo. They had virtually been completed at one time, but discovery of oil on some of the land to be inundated increased property values so much that changes were necessary.

With Youngblood are: H. G. Wendland, San Angelo, vice chairman of the river authority; Gerald C. Allen of Robert Lee, secretary-treasurer, and Grady Hill, San Angelo Standard Times newspaperman.

They are urging congressional leaders to increase to \$5,360,000 budget request the San Angelo reservoir and flood control item in the Army Civil Functions appropriation bill now in the Senate.

The house voted only \$4,000,000 to start the project.

While here the Texans are scheduled to attend the annual meeting of the Congress for rivers and harbors starting tomorrow, at which long-range plans for development of water resources are being discussed.

Infra-red radiation was discovered as long ago as 1800.

### Tells Of Aid For Improving Rangelands

In discussing pasture improvement recently, Willis Winters, chairman of the Howard County PMA farmer committee, stated that assistance payments to ranchers are made for a number of practices to help rebuild and improve rangeland.

Payments are made for construction of earthen dams and reservoirs for livestock water and erosion control; drilling wells for livestock water; elimination of destructive plants on rangeland, such as prickly pear; reseeding range land by deferred grazing and seeding adapted pasture grasses.

All the above practices definitely contribute toward growing more grass, and improving rangeland, according to Winters. The construction of earthen dams is regarded as a leading practice because more watering places permit livestock to graze wider areas more evenly. Where there are too few watering places, some areas will be overgrazed.

The removal of cover caused by overgrazing also gives erosion a chance to get started. Land without adequate grass to slow and stop water from running falls easy prey to the erosion effects of water. Widespread use of dams will help solve the flood control problem.

The same is true about water wells, that is, they distribute grazing more evenly and prevent overgrazing of areas close to watering places.

During the last ten years the PMA has assisted Texas farmers and ranchers in constructing 155,000 earthen dams and 15,000 water wells.

Texas ranchers have learned that if they get the mesquite, cedar and brush off the land it will soon be covered by grasses suitable for livestock grazing. In some cases the grazing capacity can be doubled after cedar and mesquite have been eliminated. During the last ten years farmers and ranchers of Texas, assisted by the PMA program, have eliminated these undesirable plants from more than eighteen million acres and it is estimated that eradication work is still needed on forty million acres.

Winters stated that one of the best methods to restore overgrazed pasture land is to keep livestock out of that part of the range during the summer when the grass is making seed—to practice what is known as deferred grazing. That will give the grass a chance to re-seed. In some cases it is necessary to reduce the number of livestock in order to carry out this practice, but many ranchers have found out that he got more beef from their range after they reduced the number of animals grazed on it.

**SOIL CONSERVATION**

**I den Uses Stubble To Stop Erosion**

Ellis Iden stopped wind erosion on a 20-acre sandy field this year on his farm a mile west of Vealmoor. Iden, who is cooperating with the Martin-Howard Soil Conservation District, left a good cover of feed stubble on the land and plowed it with a lister plow which had the wings removed. This method of plowing the stubble put the land up in good shape, left the stubble standing for maximum protection against blowing and cut down on loss of moisture by evaporation.

"This is the first year the field didn't blow," Iden said. Iden has about 97 acres with a good cover of crop residue which he is maintaining on or near the surface of the soil as a part of the coordinated soil conservation plan on his farm. He also built up his terraces this year by plowing them with a whirlwind terracing plow to make them higher and wider. Iden said terraces should be plowed every year with a moldboard or disc plow to keep them up, or every two or three years with a whirlwind terracing plow.

Another cooperater in the Vealmoor soil conservation group who built up his terraces this year was C. B. Brummett.

Contour lines were run last week on 300 acres of farm land on the J. B. Ratliff ranch ten miles northwest of Garden City. Rows will be run with the contour lines to hold water on the land and help control washing.

J. L. Bedwell, district cooperater in the North Big Spring soil conservation group, has put his cows on about 12 acres of Abruzzi rye and hairy vetch which he planted last fall for cover crop and grazing. The cover crop has controlled blowing on the field during severe wind storms the past two months. Grazing of rye and vetch also started recently on the Big Spring State Hospital farm. The 100 acres of rye and vetch looks like a green carpet, says Guy M. Moore, farm manager, and kept the soil from blowing this year.

Lines have been run for terracing on the farms of Roy Bates, C. Baldwin, J. C. Clanton, Mrs. Ida Mae Oldham, W. Luther Poe, H. G. Keaton, Dr. Otto Wolfe, and Roy Shaffer.

Several district cooperaters are waiting on favorable moisture to get in their plantings of Madrid clover. These include C. B. Lawrence, W. D. Anderson and W. E. Plunkett.
