CWE CHAT WITH EDITOR
By Louis C. Stas

It still can rain. After nearly a week of looking like it couldn't miss, we finally got some moisture. We closed out the month with recorded moisture on three dates, May 1, 28 and 31, 0.17, 0.14 and 0.19 respectively. The 1.14 inches received Tuesday afternoon was officially measured and recorded at 7 a.m. Wednesday morning. You know the drought is serious when we make it through the end of school activities without a tornado watch.

Apologies go to Charlene Jones and her parents, Mr. and Mrs. Charles Jones. She was mistakenly identified as the daughter of Mr. and Mrs. Chester Jones.

And, we failed to recognize Briscoe's eighth grade honor student. For some reason the information was not in the packet received from the school.

As of press time, we had not received word on the accomplishments of the Wheeler band students at Austin for the solo and ensemble competition. The group left Monday.

Once again I proved "you never know when or where you will find a Wheelerite". My neighbor, Sharon Horton, was in the same store in Yukon, Okla., late Saturday evening.

We spent the weekend in and around Hinton, Okla., with the grandchildren, their parents and other relatives.

I went to my first cattle auction Saturday afternoon. I do not intend to make those a part of my regular schedule. This was near Geary.

Mother and I took a quick tour of the old stumping grounds near Watonga. She had not been in the area for some time, and neither had I. I wanted pictures to prove my one-room school story, but it had burned—the coal stove didn't cause the fire. I assumed the outhouses were also gone.

Ain't It The Truth

By Ab Gunter

Got to thinkin bout that Red Meadows the other day and I guess I have known him even before he was redheaded and freckled face, he wasnt the biggest man in the country but had the hardest knuckles which made up the difference.

Maybe Ive told you this before but one time he was telling me about a big ole cat that was hanging around on the Gageby creek and he mentioned it to his boss Bill Brown. He told Bill if he had a faster pony he would just rope and tie that ole cat and lo and behold he got a pony that could blow a hole in the wind. One morning early he was riding up to one of the windmills and durned if he didnt run on to that ole long cat and her kitten. The closer he got the bigger the cat got and he decided if Bill wanted that cat caught he could either do it er have his wife Vida catch it. Red told me that cat must have been ten foot long and three foot high.

Red could get skint up peeling a grape er shellin a peanut but it never kept him form his work. One time he called me and told me he had a sort of truck wreck and had broken his leg, since I was carrying the insurance on the ranch I went hitailing it out there to see what damage was done to the truck but found even with all the fences it had hit and barns it had banged into wasnt too bad damaged and when I went to the house Mrs. Meadows sort of grinned as she invited me in, there lay Ole Red all wrapped up like a Christmas present and grouchy as a She Bear in the spring. I needed the particulars for the adjuster of State Farm and asked Red how it happened. Red was out feedin the cattle and had a truck full of hay, since the kids were in school he would get to the feed grounds, turn the steering wheel hard to the right, get out of the truck while it was runnin, get on the back and feed them dumb brutes. What Red had forgot was there was a cowtrain that cut across the feed grounds and as he passed over it he got throwed off and run over by his own truck. The company paid for the broke leg and mental sufferin (that was to Mrs. Meadows for puttin up with that whelp) but the company never did figer out me and Red AFTER THAT.

Excuse the confusion, I am still confused, sometime I might tell you about Red Mam and Deadhead Caswell and some of their shenanigans. Love to all Ab and Benita

Sweetwater News

Mrs. Joe Flowers

May is on the way out and no rain yet. Maybe a fourth inch all month. It is quite a shock to find that Memorial Day is actually on the 30th. We are getting used to having everything but Christmas and Fourth of July on a Monday. Us Workers gotta have our three day weekend.

I remember when it used to be Decoration Day. My grandma McCathern worked all winter making crepe paper flowers for wreaths to put on the graves of the 40 some relatives at Buffalo. She'd have a big tubful. We kids were thrilled to get the honor of wrapping the stems for her.

Mama would pack a big lunch box and on Decoration we went to the cemetery for an all day affair. Everyone took a hoe or shovel and pitched to make it look nice. Then the lovely flowers were placed. Everyone spread their dinner and had a big picnic.

In later years, folks started coming to our home because there was shade and water. Quite often, as many as a hundred would bring lunch and visit on their way home from decorating the cemetery.

Helen Smith has retired from her job at school as cook. There was a reception in her honor. Among those coming were Judy and her boy Todd. Last week Millie Green and Debby Anderson met Judy at the big pottery works this side of OKC for a day of shopping and fun.

Graveside rites were Tuesday for Fred Smith of Hale Center, Tx at the Buffalo Cemetery. He and his wife Mavis were one time residents of this

community. She was the former Mavis Nix, sister of Rhone.

Ila Anderson is home from the hospital. Anne Reed has been an out patient at the Elk hospital. Is doing better now. Sammie Atherton had fixed lunch for them.

The Cleve Reed reunion will be at the Elk park, June 18 (Saturday). Lunch will be a covered dish affair. Friends and relatives invited to stop by and visit.

Just about everyone is graduated by now. We were pleased to find that we had some more graduates in the family. John Haag of Pampa, Tx. Rickey Lindsey of Seattle, and Rod Steward of Cottonwood, AZ.

Esther Dickey has been to Houston to visit June and Ken. They attended graduation exercises at Waco of her granddaughter Kim Mattox. Kim has gone to New York City now to start to work at NBC Television.

My cousin Jerry Haag also graduated at Waco. He's Carl's boy and getting married next month. (June)

Esther also had a nice visit with Ann and Eldon Spencer while in Houston. She has been on the puny list since she came back but better now. She went to Wichita Falls to see Gary Mears who had surgery. Elinor and Don took her with them. He is doing fine.

the garden any but it did survive. We have little tomatoes. My brother Frank wrote his tomatoes were three foot high and not a bloom. What should he do now, I'm not sure. Maybe be very thankful they sell them in the stores.

Joe wouldn't let me put any squash in the garden so I have three up here in a flower bed with a ring of 10% sevin around them.

Each year when we go to SWODA Day at Hobart the nursery there gives all us senior citizens a little redbud tree. This is our third year so we have nine plus some seedlings that came up. Going to have a redbud forest one of these days. The three year old ones are higher than my head. As usual the catalpas are out of this world.

Years ago a man gave Joe some seedlings. He forgot and carried them in the car a few days. But they lived and are beautiful trees.

Birdie Whipkey attended funeral services at Erick for a cousin Freda Davis (Mrs. Ed). Said she saw a host of relatives plus some old friends. The Levines and Raskins who used to have the Dixie. Mr. and Mrs. Jim Gillum.

Roger Dean Whipkey was out last week to see his grandmother Katie and also Birdie. Other visitors of Birdie were Mr. and Mrs. Harold Bollen, Mr. and Mrs. Oscar B. Luman.

Johnny Haag was out from Midwest City on business and visited our aunt Sophia Spencer.

The Kitchen Band took a rest on 5th Tuesday. Had played at 5 rest homes and for 2 civic affairs this month. Schedule for June is 1st Tuesday-Er-

ick home. 2nd Tuesday-Town Hall Estates, 3rd Tuesday-Elk Home. 4th Tuesday-Hensley Home.

Went to Hensleys last Tuesday. Visited our friend Ruby Nix who is very ill. Also there were Opal and Olin Nabors, Coy and Geraldine Bruner. Band members were Joe Flowers, Troy and Velma Gibson, Virgie Marshall, Betty Brothers, Donna and Jack Mercer, Billy and Basil Doss, Rose Alba, Inoa Miller, Cheering section, Alvin Marshall, Jack Criswell, David and I. Other visitors were Lillian Foshee, Lena Ray, and Jello Matlock.

Virgie, who beats a mean washboard, reports a new great grandbaby. Taysia Michelle Stephens who weighed in at 7 lbs. Her parents are

Tommy and Glenda Calverley have a new baby girl born at Elk., named Andrea Nicole. She is welcomed by sister Terri. She has a slew of grandparents and great grands. Mr. and Mrs. Charles Hagerman, Tommy and Beth Calverley of Dallas. Greats are Mr. and Mrs. Con Kahoa, Ellen of Hagerman of Weatherford, Mrs. Calverley of Dallas and Mrs. Yarbrough of Como, Tx.

We are all very thrilled about the Veterans Memorial at Cheyenne. Unveiling it on Decoration Day is very fitting.

It stirs our hearts to see the flags in the cemetery over the graves of our veterans. We have a Civil War

veteran in our family. One of my treasurers is a clipping from the paper where he told of events in his life. He was 104 when he died. But those flags don't get there by themselves. Veterans will place them Sunday Morning and leave them until Monday evening. Veterans placing the flags in the Berlin Cemetery are Delbert Carnahan, Clifford, Kennor, and Joe Johnson, Delhi Cemetery, John Potts and Roy Kindsfather, Pioneer Cemetery Glen and Lando Stewart, Buffalo Cemetery-Bunk Tipton and J.E. McGuire, Lone Oak Cemetery-Woodrow Phillips and Milo Brauchi, Wayland Cemetery, Carl Bramlett, Mulberry Cemetery, E.L. Fowler, Dempsey Cemetery, Lester Davis, Spring Creek-Curtis Cornelious and Charles Tatyrek, Carter Cemetery-Rosie Dyer, Woodrow Allen, and Oval White, Sayre Doxey, J.L. Harris, A.L. Carlisle, Gene Sweet, and Clyde Wright. I didn't get any information about Mayfield or Erick.

Our fiddling friend Sue Brookshire was passing out goodies in Safeway Saturday. Had a nice visit. Also saw Laverne and Nelda Tucker.

From the way it has been smelling lately, all of us are going to wake up dead one of these days from poison gas. Don't know just where it is coming from. Leaky well?

We lost a dear friend last week when Reba Mann died suddenly from a heart attack. She was such a cute little woman. Always greeted everyone with a giggle and a hug. She was a charter member of the Fabulous Erick Kitchen Band-first pianist. Memorial services were at the Baptist Church and burial in Erick Cemetery.

Our neighbor Tammie Tipton was on the President's honor roll at SWOSU- last semester. She is Judy and Gerald's youngest.

Care Center Comments

Well this is Tuesday morning. I've had three days off and I may have lost track of everything going on around the Care Center. I bet I'm caught up by the end of the day.

Last Monday (23rd) Mildred Porter came to teach her Bible Study class. We always look forward to her coming. We had several dominoe players after lunch. Opal Davidson and Ila Byers came to serve juice and visit with the residents. Thanks you ladies.

Tuesday morning Family Altar was well attended. Barbara Williams was kind to help out with the serving.

We have some new equipment in exercise class. We have a basketball goal that is placed in the center of the floor. We have a lot of fun with it. Just call us the CARE CENTER HALL TROTTERS.

Wednesday Mr. and Mrs. Hyatt and I went to Amarillo to Activity Director Administrators Luncheon. This is held once a year by the Golden Spread Assoc. Silas Evans and Cary Hatcher went for a Drs. check-up while we were there. We all had a nice day. Mr. Hyatt saw Amarillo in a new way. Ha.

While we were running around there were several volunteers working hard for us at the care center.

Donna Henderson and Mary Gibson were busy in the beauty shop. Donna won't be able to help through the summer, but we certainly appreciate the hours she has spent at the Care Center. Thanks to both of you.

Francis Hefley came to serve juice and visit Wednesday afternoon. Thank you so much.

Our bingo volunteers were Doodie Phillips, Opal Hefley, and Ila Byers. Thank you so much for coming while I was out of pocket.

Thursday morning Rozena Zybach, Fern Young, and Sylvia Brown came to hold their Inspirational. We enjoy these ladies so much. Thank you. Thursday night the Hallelujah Sqgs. came once again. They were wonderful. Everyone stays up late (7:00) to hear them. Thanks to all for coming.

Friday morning we missed Rev. Jimmy Davis from Mobettie. He wasn't feeling well. Hope he's better next Friday.

We have a new resident-Loma Clemens from Shamrock. We welcome her to our care center family.

Mae Nash and Vida Brown were here Friday to visit and serve juice. You are very much appreciated.

Our first hamburger cook-out of the summer was held Friday night. We would like to thank everyone who helped out especially Glen Sparlin of Sparlin's Restaurant for his expertise in hamburger cookers. He cooked most of the burgers for us. We appreciate it Glen.

I'm not sure who our church volunteers were for Sunday. Please sign my volunteers registry when you come. It is at the front desk.

PUBLIC NOTICE

Dear Water Supply Customer:

The United States Environmental Protection Agency (EPA) has adopted requirements that all public water systems notify their customers about lead exposure. This notification is intended to educate and inform consumers on this issue in light of the fact that your drinking water may be a potential source of lead exposure. This is being done even though your water system is not in violation of the current standard. There are also other potential sources of lead contamination in the environment.

The United States Environmental Protection Agency (EPA) set drinking water standards and has determined that lead is a health concern at certain levels of exposure. There is currently a standard of 0.50 parts per million (ppm). Based on new health information, EPA is likely to lower this standard significantly.

Part of the purpose of this notice is to inform you of the potential adverse health effects of lead. This is being done even though your water may not be in violation of the current standard.

EPA and others are concerned about lead in drinking water. Too much lead in the human body can cause serious damage to the brain, kidneys, nervous system, and red blood cells. The greatest risk, even with short-term exposure, is to young children and pregnant women.

Lead levels in your drinking water are likely to be highest:

- if your home or water system has lead pipes, or
- if your home has copper pipes with lead solder, and
 - if the home is less than five years old, or
 - if you have soft or acidic water, or
 - if water sits in the pipes for several hours

Ways to avoid potential lead exposure are to "flush" faucets before use and to use cold water for drinking and cooking. You may wish to have your home tap water tested for lead content by a competent laboratory. You may also wish to check to see if lead pipes, solder, or flux were used in your home plumbing.

The water of the Wheeler Water System falls below the lead content required by the EPA.

As new lines are laid and old ones repaired any lead that is found it is removed.

The City of Wheeler, Texas owns the Wheeler Water System. Frank Clymer is the water superintendent for the City of Wheeler. You may call the City office at 806-826-3222 for additional information.

Sincerely,
Wanda Herd

Saturday Morn, 28—Cloudy, damp and windy, we could see the lightning and we had one bolt close and a few big drops of rain fell. We talked to Jane's mother in Dumas, they got a nice rain. Said it was coming this way. Well, it went west of our place and on south. A lot of lightning. So we are dry, dry.

Debby Clark came down Friday. She left Denver, Colo., Tuesday, came by Perryton to see her grandmother, Eva Clark in rest home there and 2 aunts live there.

Dorothy Walker spent last weekend with Alton and Ellie Wilkenson. Alton was sick Monday. Dorothy went to Houston with Murl Hunter and her daughter for check-up. Came home Friday.

Doc and Iloene Wilhelm visited us Monday night, I think it was.

Sheridan's mother and Diana Ortiz came Friday, got Sheridan and baby, Lakisha Nacole to Dumas. We will miss them. Sheridan's mother is Nona Hill.

Well, Briscoe School had their graduation Thursday night. A reception after by the senior's and junior's mothers. Then after that, there was a barbecue cook out at Richard Meadows home. Sheridan and baby went with Pattie Ann Shields family. So guess there will be a lot of help around the homes now. In my garden is where I got help after school was out.

Seems to me this 1988 is going fast. It will soon be half gone.

Willene and Roy are lot better this Saturday morn. Hope they don't cough as long as we did. Their trouble is a tore-up stomach—vomiting kind.

Willene Waters told me just now, Saturday noon, that Cecil Waters wife was being buried this afternoon in Amarillo. Cecil used to live here in Briscoe district. Our sympathy goes out to Cecil and children and all their relatives and friends. Roy went down—went with Fred Waters' girl, Sue Herd and family to the funeral.

Willene was feeling some better today.

Something happened kinda funny around 1 p.m. Saturday. I was talking to my sister, Hoyle. Debby came running in; a snake was out around her tire. She needed in her car. We hung up. Hoyle called back, asked what kind of a snake it was. I said it

was a spreader. Well, J. O. was killing a spreader, Hoyle called it—at the same minute—how odd. They said it looked exactly like a cobra.

Some bad clouds came over last night, Saturday—sprinkled a little last night. I see one drop on a ladder. We saw a little puddle of water on the Farm-to-market road going to church this morning at Allison.

The Bert and Stella Davis children and grandchildren have a get together today, Sunday, 29th, in Borger park.

Cecil's wife is Donna. They have 2 children, a girl and a boy.

Still smokey cloudy—looks like rain, but not yet at 8 a.m.

Mae Welch had visiting her over the weekend, her son and wife, Bill and Carolyn Welch from Norman, Okla. They and Mae visited Joy Meadows Sunday morn.

Roy and Willene Waters were not feeling so well this morn, Monday.

Doc and Iloene Wilhelm were feeling pretty good. They received a little rain.

Kaleb Meek visited Kyle Zybach Friday.

Dan and Lou Trimble and children attended Larry's graduation at Wheeler Friday night.

They went to B. F. and Margie

Meadows Sunday. Others there were E. J. and Joy and Misty Meadows, Richard and Bonnie Meadows and children.

They attended the Briscoe graduation Thursday night.

They attended Dana's dance recital Saturday night in Wheeler.

Cathy and Shawn Hunt, Addie Swift went to Pampa to Kellie Swift's graduation Friday.

Wanda Childress, Cathy Hunt, Addie Swift went to Wheeler to Stacy Dukes' play last Tuesday in Wheeler. They went on to Shamrock and shopped.

Debby Clark went to Amarillo Saturday with Nelson and Jane to see Jane play baseball. Then on th Dumas to visit kids and grand kids.

Mrs. Cecil Reynolds was recovering from the flu bug, sounded like Monday morn.

Mattie Jackson ate dinner with the Berneal Prater family Sunday after church.

George Hyde from Springfield, Mo., visited second cousins in this area. He visited Mattie.

1 Peter 3—12 & 13: "For the eyes of the Lord are over the righteous, and his ears are open unto their prayers; but the face of the Lord is against them that do evil;

And who is he that will harm you, if ye be followers of that which is good?"

Then Jerry brought me home last Tuesday morning and mowed the yard for me and ate dinner with me and went back to Amarillo. Had enjoyable trip visiting with my granddaughter, Kerri and Rickey Gloss and the little great granddaughter, Kayci. Of course Kayci was the highlight of the visit. Here & There

By Laura Guthrie

It rained! How grateful we are for every drop.

Our Holiday was a bit damp and cool and windy, but I think most people did what they had planned to do. At least it was a break from routine, and that eases many a frazzled nerve.

Lots of people visited relatives over the holidays. Our house was like Grand Central Station, but it really wasn't the Holiday that brought that about, it just happened.

My sister, Lena Herring, of Tulia was here for three days. She rode over with Mrs. Ruth Jackson who visited her son Jimmy Jackson and family. Mrs. Jackson also attended the High School Graduation exercises which included her grandson Anthony Jackson.

Sherri Kelly, of Amarillo, visited Saturday night and Sunday with Lydia Guthrie.

Rose Crain and daughters Traci and LaDawn and a friend from Pampa was here over the weekend.

Tim and Melinda Whorton of Canadian were here and continued their chores. This time they cleaned the over-the-garage bedroom. We rather needed it for the overflow of guests.

In 1935 Hestell Killingsworth made a trip to Rochester, Minn. to be with her husband, the late Jessie Simmons who was a patient in Mayo Hospital. She thought it was the most beautiful country she every saw. (That was the black dust-storm year here.) So she resolved to return some day. She has been able to fulfill the resolve. She has just returned from a vacation in Minneapolis. She visited the great Mayo Hospital and clinic in Rochester. She found the very room where her husband was a patient, but the hospital has been enlarged until it covers a great deal of space. It has grown in width, breadth and to 14 stories high.

Hestell met her daughter in Minneapolis, Edwanda Gillie and

husband John at the home of their son John Gillie, wife Shawn and their daughters Fauna and Cassia. Fauna, age 5 had flown from Minneapolis to Denver to visit her grandparents. Then the Gillie's had driven her on the return trip. John flew home and left the car for his wife and Hestell to do some sightseeing. They saw the Red Wing Shoe factory and heard it's History. They saw the lake where ducks spend the winter. It never freezes. They toured the country area where houses are small and barns are large. Grandson John made sure the tour included everything. Hestell enjoyed the company of her small great granddaughters. They added a special touch to her vacation.

Deward and Mildred Wofford from Tucumcari, N.M. visited his sister Reba Wofford this week. They attended the Memorial Services at the cemetery and visited many friends. I was flattered that they stopped a little while with me.

Mr. and Mrs. Earl Wallace, Amarillo visited a few days the first of the week with Elva Wood. On Monday other guests of Elva's were her daughter Elizabeth Atchley and husband Lanny and Lanny's mother, Mary Crutcher of Lefors and Jewell Holloman.

Karla Harris of Kelton is the typesetter for the summer at the "Wheeler Times." Karla is ambitious and wants to get some typing experience. She will be a Senior at Kelton this fall.

According to Amarillo Gardening News: The dandelion is a much misunderstood and falsely maligned plant, rich in history and high in nutritional value. Dandelions, it is believed, were among the original bitter herbs of Pass-over.

People believe if you rub your feet with garlic, you will be healthy.
