WARE SHOWING 1951 CHEVROLET SAT., DEC. 9

N. D. Ware, local Chevrolet dealer, pointed out the fact that added safety, greater driving ease and fresh re-styling highspot the 1951 Chevrolet which goes on display nationally at dealer showrooms Saturday, December 9.

Mr. Ware announced this week that he will have several of the new models on hand for the first showing Saturday. He is inviting the general public to view these improved automobiles at The Ware Chevrolet Company showroom on Highway 152 here in Wheeler Saturday in an advertisement on another page of this week's Times.

Important improvements and changes are featured in both chassis and body. These changes range from the "biggest brakes in the low-priced field" to extensive design innovations that make the car appear much longer and lower than any previous model.

The Powerglide automatic transmission, Chevrolet's sensational driving advance, has been refined for the latest models, although remaining fundamentally the same flexible driving control that has already enraptured a quarter of a million satisfied owners. It will again be optional on De Luxe models only.

Fourteen passenger body types are included in the 1951 line. Two- and four-door sedans will be available in Styleline and Fleetline series. All sedans and the sport coupe will come in De Luxe or Special trim. A convertible coupe, all-steel station wagon and the Chevrolet Bel Air, which has scored so sensationally in popularity, are exclusively in the De Luxe series. The business coupe will be available only as a model in the Special series.

In addition to more luxurious interior treatment Chevrolet is offering a more beautiful and attractive assortment of colors. The options, which include two-tone combinations, are livelier than ever.

The new "Jumbo Drum" brakes headlined the qualities of the car directed toward safer operation. Quicker emergency stops are assured by a brake which involves considerable departure from past design. Every brake shoe, fitted with the long-life bonded lining made famous by Chevrolet, is self-energizing in both forward and reverse travel, giving a consistent, surge-free operation that will please drivers.

New brakes also qualify as an aid to driving ease. Tests show 25 percent less pedal pressure required in stopping at given rates of speed. Better brake seals and virtual elimination of the possibility of brake grabbing are other advantages.

Of almost equal interest among safety features are recessed control knobs in the driver's compartment. All protrusions are now set below the smooth contours of the instrument panel. Shielding of the windshield from instrument light reflections is as well provided by a rounded ledge above the panel. Subdued lighting of dials for night-

... (Continued on Last Page)

2 DAIRY SALES FOR NEXT WEEK

Two dairymen in the vicinity of Wheeler have scheduled auction sales for next week at which time they will sell their dairy herds and milking equipment to the highest bidder.

Fred Waters has scheduled his sale for Tuesday, December 12 and E. J. (Eddie) Pannell has set the date for his sale as next Thursday, December 14.

Water's sale will be held at his place which is located just 1/2 mile south of the Wheeler city limits on the east side of Highway 83. The selling is to begin at 1:00 p.m. sharp. Fred is selling 28 head of good dairy stock along with the milking equipment and some alfalfa hay.

Pannell's sale is to be held at his place which is located 1 1/2 miles south of Briscoe or 10 miles north of Wheeler then 1 mile east and 1/4 mile back north. Pannell is offering 24 head of good milking Jersey cattle along with his milking equipment for sale beginning promptly at 1:00 p.m.

Shelby Pettit, local auctioneer, is to cry both sales. Joe Weatherly is to clerk the Waters sale and J. T. Johnston of Mobeetie is to clerk the Pannell sale.

Wheeler P-TA To Meet Next Thursday Night

The Wheeler P-TA meets Thursday, December 14 at 7:30 o'clock in the grade school auditorium. There will be a special Christmas Program for this meeting Mrs. Jess Moore, president, announced. Old and new business will be discussed.

It is urged that all members attend this meeting, and also others that would like to join this organization. Being in this organization will help the parents and teachers to become better acquainted. Parents must understand what the schools are trying to do and teachers must understand the problems of parents. To bring about this understanding and cooperation is one of the chief aims of the Parent-Teacher Association. For most effective development of children there must be close cooperation between the home and the school.

School patrons are urged to please be present at the meeting Thursday night. Come to enjoy and see the children participate in the Christmas program.

Kelton Grade School To Present Operetta

The Kelton grade school will present an operetta, "The Frog Prince", at the school auditorium, Friday, December 8, at 7:30 p.m. Mrs. Fred Higginbotham is directing the operetta; Mrs. George Weems is in charge of the music and Mrs. Jimmie Field is in charge of the costumes.

Admission to see and hear the "Frog Prince" will be 10c, 15c and 35c. The proceeds will be used to pay for the piano purchased recently for the school.

Escape Attempt To Be Made From Box Constructed Here

A challenge has been issued to the people of the community by Arnold Furst, world famous magician, who has agreed to attempt an escape from a packing box which has been constructed locally and built so strongly as to make an escape from the inside of the box seemingly impossible. The challenge has been accepted by the Wheeler Kiwanis Club which is sponsoring the show, "Mysteries Around the World" which will be presented in the local auditorium soon.

The box has been constructed by Cleo Smith Lumber Co. and will be on display in front of Clay Food Store Saturday. During the performance the box will be brought on the stage and completely re-nailed by a committee from the audience.

KIWANIS CLUB WILL OBSERVE LADIES NIGHT

The Wheeler Kiwanis Club will hold its annual ladies night and installation dinner at Noras Cafe Monday night, December 11. Club President Harry Wofford announced this week.

The annual ladies night program marks the completion of two years of community service by the local Kiwanis Club which was organized in October 1948.

Lt. Governor T. W. Gilstrap of Amarillo will be the principal speaker for the occasion and Fred Thompson of the Pampa Kiwanis Club will be the installing officer.

New officers to be installed include: George W. Hefley as president; Dr. C. C. Merritt as vice-president; and George S. Gandy as secretary-treasurer. New directors include immediate past president, Harry Wofford, Barney W. Teague and Billy J. Darnell.

Retiring officers and directors are Harry Wofford, Thomas Daughtry, J. C. Howell, Loyd Lee, Bill Owen and Grainger McIlhenny.

Included on the Monday night program will be musical numbers by Mrs. Darris L. Egger and a trio composed of A. D. Speck, Ralph Wheat and H. W. Coffman.

Legion To Present Annual Minstrel At Gym Fri. Night

Dr. H. E. Nicholson, who is directing the preparation for the annual American Legion Minstrel, announced this week that all arrangements are complete and the cast is in fine form for the performance which is scheduled for Friday night, December 8, beginning at 7:30 o'clock at the Wheeler Gymnasium.

The first annual minstrel which was presented last year was a tremendous hit with the local audience and the boys have improved the script and acting to such an extent this season that it is believed the audience will enjoy the new production even more than they did last year's.

The program as announced by Dr. Nicholson will include: The Opening Chorus; The Snow White Trio filling the air with their harmony; Private Olican—The Minute Man; Dese United Skates; Bones You Done Done Me Wrong; Rev. Slewfoots Discourse; Selected Solos by Fishmouth, Lassie and Franke; Busy Lizzie Brown; Diagnostic Doccimeter; and the Grande Finale with the audience participating.

The cast includes: Albert Gunter, Joe Rogers, Frank Wofford, Barney Teague, A. D. Speck, Virgil Jamison, H. W. Coffman, Relp (Buck A&M) Wheat, Bill Cosper, Chester Lewis, Harvey Wright and Carroll Pettit. Miss Ruth Merrill will assist the cast with their musical numbers.

The show starts at 7:30, the admission prices are only 75c for adults and 35c for students, don't miss this all local talent show Friday night, December 8.

—Times Staff Photo
Pictured above are members of the Wheeler Girl Scout Troop together with their leader, Mrs. Carroll Pendleton, as they helped Mrs. J. C. Howell, executive secretary of the Wheeler County TB Association, fold and mail Christmas seals for mailing to residents of Wheeler County. The girls pictured reading around the table from left to right are: Shari Gale Lee, Patsy Burgess, Nancy Lee, Pam Anglin, Barbara Revious, Mrs. Pendleton, Freida Pond, Katherine Whitener, Donna Speck and Paula Green. Those of you who have not yet mailed in your contribution to the 1950 TB drive are urged to do so immediately. The address is Judge George W. Hefley, Treasurer, Wheeler County Tuberculosis Association, Wheeler, Texas.

BOY SCOUTS TO HOLD ANNUAL BANQUET SOON

Robert W. "Bob" Perin, Assistant National Director of the Boy Scouting Service, will be the principal speaker at the 22nd Annual Banquet and Meeting of the Adobe Walls Area Council, Boy Scouts of America, December 15, 1950, at the Borger Senior High School, Borger, Texas.

This appearance will be Mr. Perin's second visit to the Adobe Walls Area Council this year. He conducted a series of Scoutmaster's "Show-How's" in various communities of the Council in February 1950. With over 200 Scouters were present at these various sessions, the Annual Meeting will give a chance to over a thousand Scouters to hear Mr. Perin speak on Scouting.

Mr. Perin is outstandingly qualified to appear as the Annual Meeting speaker, as he has had a long and varied background in Scouting. As a boy in Hurricane, Utah, he advanced in Scouting from Tenderfoot to Eagle Scout, and served in his Troop as a Junior Assistant Scoutmaster. While he was attending the University of New Mexico he served in Scout-leadership as both Assistant Scoutmaster, and then as Scoutmaster. During his summer vacations in college he served on the staffs of Zion and Grand Canyon National Parks as a guide. In 1931 he flew news photographs between Chicago and Cincinnati. After leaving college, Mr. Perin became Supervisor of Camps and Forestry Construction at the Missalero Apache Indian Reservation in New Mexico. He also helped establish the University of New Mexico Archaeology School.

As a member of the Professional Service of the Boy Scouts of America, Mr. Perin graduated from the 47th National Training School and served as Field Executive, Cincinnati, Ohio, Assistant Scout Executive, Santa Fe, New Mexico, and Phoenix, Arizona. In 1942 he became Scout Executive, Safford, Arizona, and remained there until he joined the National Staff of the Boy Scouts of America in 1947. His capacity since that date has been as Assistant Director of the Boy Scouting Service, working with local Boy Scout Council training committees, and training the volunteer leaders in the movement.

His present home is in Kansas City, Missouri.

Wheeler Whisperings

Thomas Daughtry tells us that his firm has purchased a Santa Claus suit which they will gladly lend to schools, churches and clubs for use in their Christmas tree programs if they will speak to him in advance of the date they need the suit so that their date will not conflict with the date of some other organization which has already spoke for the use of the suit.

Supt. W. O. Carrick was in the office one day this week showing us a freight bill which he had paid for the hauling of 1111 pounds of Irish Potatoes from Hereford to Wheeler. The bill was \$15.95 which seemed a might high to us in view of the fact that U. S. No. 1 potatoes can be bought right here in Wheeler for approximately 4c per pound. The government furnishes these potatoes to the school at no cost other than the freight which in this case was a little over one third of what the potatoes would have cost here in Wheeler considering the fact that they were No. 1 potatoes and we do not know whether they were or not and it is only 165 miles from here to Hereford.

Bob Stiles this week furnished us with a clipping from the Pampa Daily News which concerns a public auction sale which was printed in February of 1849 a little over 101 years ago. The bill starts off with the statement, "Sale to start at 8 a.m. Plenty to eat and drink."

The remainder of the sale bill read as follows:

"Having sold my farm, and as I am leaving for Oregon Territory by oxen team on March 1, 1849, I will sell all my personal property, except two oxen teams, Buck and Ben and Lon and Jerry, consisting of the following:

"Two milk cows, one gray mare and colt, one pair of oxen, one yoke, one baby yoke, two ox carts, one iron plow with wood mole board, 800 feet of poplar weather boards, 1,500 10-ft. fence rails, one 50-gallon soap kettle, 85 sugar troughs made of white ash timber, 10 gallons of maple syrup.

"Two spinning wheels, 30 pounds of mutton tallow, one large loom, 300 poles, 100 split hoops, 100 empty barrels, one 32-gallon barrel of Johnson-Miller Whiskey 7 years old, 299 gallons of apple brandy, one 40-gallon still, four sides of oak tanned leather, one dozen wooden pitch forks, a one-half interest in tan yards, one 32-caliber rifle.

"Bullet molds and powder horn, rifle, 50 gallons of soft soap, hams, bacon and lard, 40 gallons of sorghum molasses, six head of fox hounds all soft mouthed but one.

"At the same time I will sell my Negro slaves: two men, 35 and 40 years old; two mulatto wenches, 30 and 40 years old. Will sell all together to same party as I will not separate them.

"Terms of sale—Cash in hand (Continued on Last Page)

The show starts at 7:30, the admission prices are only 75c for adults and 35c for students, don't miss this all local talent show Friday night, December 8.

GRID BANQUET IS MON. NIGHT

The annual football banquet will be held on Monday night, December 11, 1950. This is a testimonial dinner given by the Pep Squad for the boys who this year made up the fighting Mustang squad. The Pep Squad this year believes that the football team was the fighting-est team to come out of Wheeler in a long time and want the fans to know that as well as the boys. The team this year presented the true spirit of football by their clean play and competitive desire.

As guest speaker for this occasion the town is honored to have another coach from one of the greatest teams of the Panhandle, Coach Frank Kimbrough from West Texas State the Border Conference Champs who will give a short talk on the true meaning of football and then show pictures of the Buffaloes win over the Red Raiders of Texas Tech.

Mobeetie P-TA To Have Operetta Dec. 14

The Mobeetie P-TA will meet at the Mobeetie Gym Thursday, December 7 at 7:00 o'clock for a program which will be presented by about 80 grade school children.

The program will be in the form of an operetta entitled, "Christmas In The Circus".

The public is cordially invited to attend this program.

Briscoe Juniors Will Present Play Dec. 8

The Briscoe Junior Class under the sponsorship of David Bumpas and assisted by the Senior Class will present a 3-Act Comedy entitled "The Mystery of Crazy Canyon Ranch" on Friday night, December 8 at the Briscoe high school auditorium.

Three sophisticated New York girls inherit a dude ranch in Arizona complete with no cattle, no horses, and no guests. They meet with Mirth, mystery and romance in their efforts to solve the Mystery of Crazy Canyon Ranch.

Admission charges will be 50c for adults and 25c for children.

WHAT MIGHT HAVE HAPPENED

Did you ever try to figure what might have happened if you had taken one road in life instead of another? If you had become a lawyer instead of a merchant, a clerk instead of a teacher, or vice versa?

It makes interesting speculation, even if it is not apt to help us solve any of our current problems.

There are occasions, however, when it is profitable for us to consider "what might have happened if—"

For example, the other day some one stated that the tuberculosis control program in the United States had saved at least 5,000,000 lives. He explained his remark by saying that if the death rate from this one disease had continued at the same rate it was 50 years ago—before there was any organized, nationwide campaign against tuberculosis in this country—5,000,000 more people would have died of tuberculosis than actually have since the turn of the century. Even so, more than 4,500,000 persons have died in the United States from tuberculosis in the past 50 years.

But if there had been no anti-tuberculosis campaign, tuberculosis would have taken the lives of more than twice as many of our people—and caused the illness of countless more—as it has been able to claim in the face of organized opposition.

The opposition dates back to 1904 when the National Tuberculosis Association was organized and launched a nationwide drive against the leading cause of death of that day. The opposition has gained momentum with the years. Today, 3,000 state and local associations are affiliated with the National and, in cooperation with official health departments, are engaged in a great offensive against tuberculosis on four fronts—education, case finding, rehabilitation, and medical research.

No war was ever waged without funds and the war against disease is no exception. Funds were needed by the NTA and its affiliates to fight TB and the Christmas Seal provided the means for raising them. Each year, around the holiday season, the tuberculosis association asks us to purchase Christmas Seals. The association is totally dependent upon our response for financial support.

Dependent on our response, too, are the state and National tuberculosis associations. For 20 percent of funds derived from the local Seal Sale will be forwarded to the state association to support its work on a state-wide basis. The state, in turn, will allocate six percent to the National to finance its services to its affiliates. Of this six percent, one percent will be used for medical and social research and will enable the National to broaden its present program of aid to scientific investigators in the tuberculosis field.

We dread to think of what would have happened had there been no campaign against tuberculosis. We dare not contemplate a future without the safeguards provided by that campaign. We shall help to make our future safe by supporting our local tuberculosis association.

You can't change the nature of your faults by blaming them on your nature.

He was told to take two aspirins and a hot bath. The aspirins went down easy, but before he could swallow all that water his stomach was moving in and out with the tide.

When the first Christmas Seal Sale was conducted in the United States in 1907, \$3,000 was raised to aid an anti-tuberculosis project. The goal for the sale—a local one—had been \$300.

Stop COLD'S
distresses IN
MANY CASES
the first day!

Dairy cows that average 200 pounds of butterfat in the Dairy Herd Improvement Associations of the nation in 1949 consumed \$131 worth of feed and returned only \$121. Thus a cow that produced only 200 pounds of butterfat actually cost the producer a loss of \$10.

A Child May Dare
So Drive With Care!

Of the money raised sale of Christmas Seals cent is used to finance sis control campaigns state where it is contrib other six percent is for the National Tuberculo ation to support its state and local associ medical research.

for a Merry Christmas

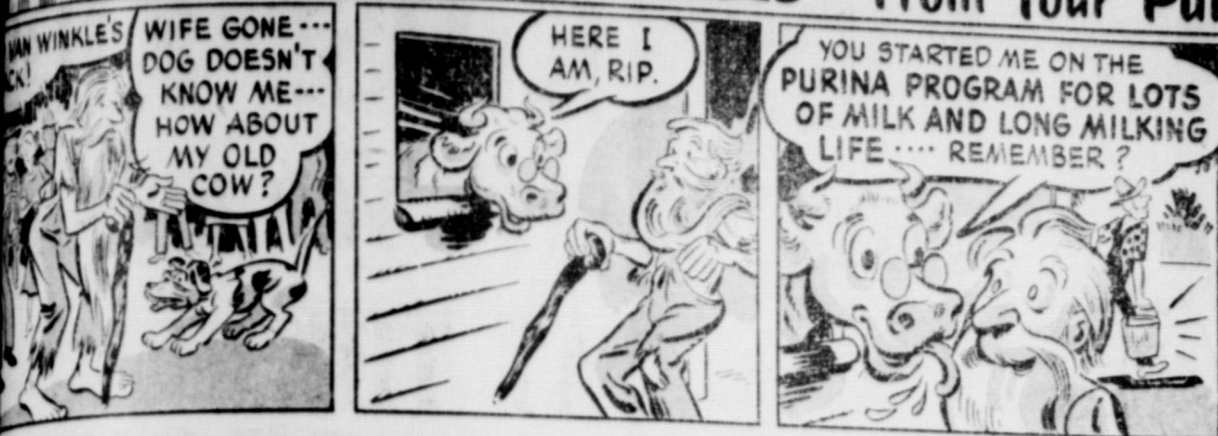

Practical—Pretty—Perfect—electric appliances will score as Christmas gifts on all three counts. Used every day of the year, remembered every day of the year, electrical gifts will assure everyone on your gift list of a "Merry Christmas".

Toasters, waffle bakers, coffee makers, griddles, electric blankets, irons, electric shavers. Your local appliance dealer has all these gift suggestions—and many others—on display. Give the gift that keeps on giving—an electric appliance.

CHECKERBOARD CHUCKLES • From Your Purina Dealer

EXAGGERATED — BUT A GOOD POINT!
Long cow life really pays off—for example, Cow No. 611 at the Research Farm is now in her 11th lactation. She has produced over 156,000 lbs. of milk. Has made more than \$3,000 over feed cost. Come in for the new Purina Dairy Booklet.

WHEELER COUNTY PRODUCE ASSOCIATION
YOUR LOCAL CO-OP
Phone 142 — Wheeler — P. O. Box 93

Recent experiments show that good pastures produce as much livestock feed per acre as high yielding corn or grain sorghums on the same type of land.

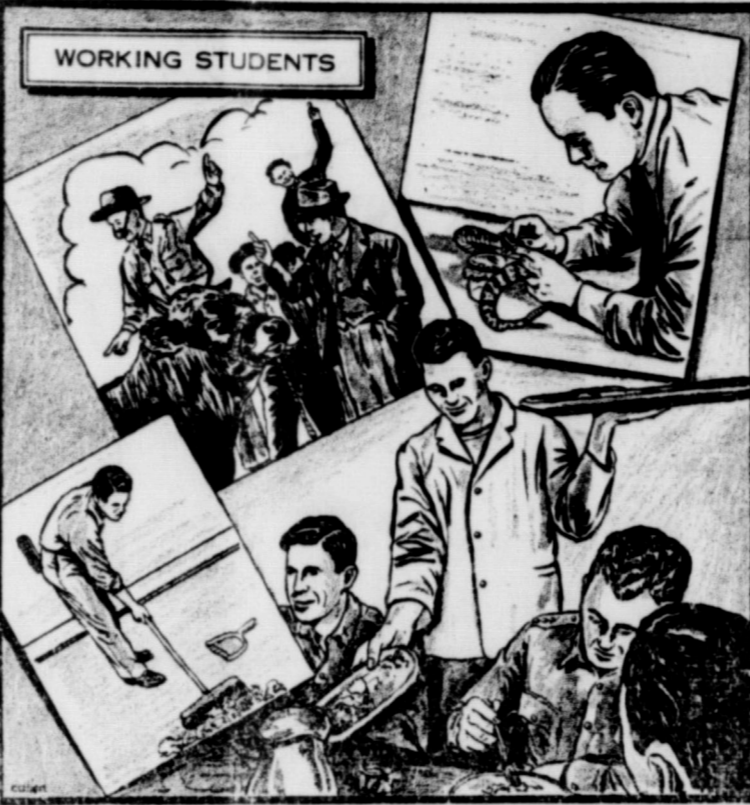

Each year the Christmas Seal of the tuberculosis associations has a different design, but the Seal always carries the Double-Barred Cross, registered emblem of the National Tuberculosis Association and its affiliated associations.

Prospective purchasers of washing machines should check the advantages and disadvantages of the automatic and non-automatic types before making a purchase.

Texas Venture

In Education • 1876-1951
Our first state college—Texas A. and M. is now in its seventy-fifth year

Many and ingenious are the ways Texas boys have found for earning all or a part of their college expenses in order to secure an education. The old standby jobs of janitor and mess hall waiter have long been popular with working students at the A. and M. College of Texas, while others have found new and novel ways of their own after the standard jobs were filled. One of the Southwest's leading auctioneers today worked his way through school as a student auctioneer at A. and M. A present member of Congress divided his working time between the horse barns and mail delivery. Many biology students have earned extra money catching poisonous snakes for study or to "milk" them of their poison for sale to manufacturers of medicines. One enterprising lad raised beavers on the campus and sold their pelts. Records of working students at A. and M. show that on the average their grades are as good, if not better, than those of boys who do not have to earn a part of their own expenses.

BOYS' RANCHERS PLAN HOLIDAYS

Each of the 132 boys at the famous Boy's Ranch near Amarillo, Texas, is eagerly looking forward to the Christmas holidays. To a few of the boys it means a chance to go home to visit families, relatives, and friends. To the boys who have no home to go to, it means a big Christmas party at the Ranch, complete with tree, gifts, and turkey dinner. It will also mean a few special privi-

MUSTANG BAND NEWS

Mustang Band Council
Billy Owen Vondell Hodges
Janice Jacob Helen Johnson
Student Director-Manager — John
Dan Bowman
Music Librarian — Martha Lou
Chapman
Reporter — LaJaune Mann

The band journeyed to Pampa Friday night for the annual Christmas parade which was a very nice affair, we had plenty of other bands to accompany us on our parade of march from all towns in the Panhandle. To those of you who missed this it was a colorful enterprise and was well attended as we had trouble several places on Main Street in getting by the crowds where they had filled the thoroughfare just leaving a few feet to pass by through. A certain bus driver whom we had with us seemed to get the general instructions mixed and so as we waited at the Santa Fe Station he was in waiting at the Ft. Worth and Denver Station, after considerable confusion we finally got back together and journeyed over to the Legion Home for the party given by the Pampa Chamber of Commerce which was very nice as they served each member 2 hot dogs.

For many of the boys, it will be their first real Christmas. Never before have they had the chance to enjoy the holidays with a family or to know the fun of opening presents on Christmas morning. It is planned to give each boy a Christmas box containing two pairs of levis, one pair of dress shoes, two plaid shirts, two pair of heavy socks, two pair of dress socks, two suits of underwear, a box of candy, and an appropriate gift. The box will also contain essentials such as a comb, toothbrush, and tooth paste.

Many of the younger boys plan to ask Santa Claus for roller skates as there is now plenty of space available for skating. The boys themselves have poured over 1000 feet of concrete sidewalks between the Ranch buildings which offer good surfaces for roller skating.

Of course, there are other gifts on the list of requests, including the inevitable B. B. guns, bicycles, games, and marbles.

As each week passes, the excitement grows, and the staff and directors are working to see that all the boys at Boys' Ranch have a truly Merry Christmas.

candy bar, small bag potato chips and a drink, this worked fine up to the point of two of the baton twirlers who had so much business on the outside that they got left out on what to put on the inside—after a delightful evening's entertainment we arrived back at 10:30 p.m. All of the parents please don't forget the 19th on Tuesday evening in the Wheeler Gym we will present our Christmas Program for you. We are now just starting to work on our next years music for the football season and our marching activities but it isn't too soon, it's just that we like to take our time. See you next week.

The important thing to remember about building farm fences is to build a good one. The use of posts treated with a preservative, well-braced corner posts and the use of quality fencing will add a good construction job will add years to the life of the fence.

Failure to provide farm livestock and poultry with the protection and feed they need during the winter months, may mean the difference between a profit or loss for the producer.

NOW YOUR COWS CAN DRINK ICE-FREE WATER

McCORMICK Tillage Tools

Tillage Tools must be plenty rugged to stand the tough job of preparing seed beds. They must also be soundly engineered to do the job right. You'll find both characteristics in McCormick Tillage Tools. Take, for example, the rear gangs on the No. 9-A tractor disk harrow. Notice how they are "cross-draft" connected. That shows real engineering "know-how." The rear gangs can't skid in tough soils or when turning corners. They're always in position to split the ridges ahead and give you a 100 per cent job of disking. It's that way all through the entire line of McCormick Tillage Tools. You'll find weight where weight is needed—quality construction and sound engineering. You can depend upon every tool to do its job right. Come in and see the long-lasting, good-working McCormick Tillage Tools we have on hand.

**NEWS FROM—
County Agent's
Office**

By Ralph Wheat
and Robert Ledbetter

**FUMIGATION OF
STORED GRAIN**

Since much of the grain stored this year, it may be necessary to take some precautions against insects that do damage to stored grain.

Fests that damage stored grain continue after cold weather has checked the activity of other insects. Fumigation of stored grain should be accompanied with a month after storage.

The gallons of 1 part carbon tetrachloride and three parts ethylene dichloride is a good fumigant applied to 1000 bushels of grain. Carbon tetrachloride may be used alone at the rate of 8 lbs. per 1000 bushels of grain. It should be taken not to inhale fumes while applying fumigant. If possible it should be applied from the outside of the barn with a bucket or pump.

LICE ON CATTLE

John Hodges was, by Monday

inquiring about his cattle rubbing the hair off especially around the twist and lower rounds. This brought out another point that comes up about this time every year—Lice on cattle. Lice suck blood from livestock in large quantities and often are the cause of anemia. These two things, plus the bother and annoyance caused them certainly warrants spraying for lice.

Lice on beef cattle may be controlled with DDT and lindane or chlordane mixtures or a 5% toxaphene solution is good. Mix 1 gallon of 50% toxaphene to 50 gallons of water.

Since DDT sprays are not used on dairy cattle, a mixture of 8 pounds of 50% methoxychlor and 1 pound 25% lindane per 100 gallons of water may be used.

FARM BUREAU MEETING

The Wheeler County Farm Bureau board of directors held a meeting in the County Court House Dec. 4, to plan the coming year's activities. Mr. Marvin Carter of the State Farm Bureau Office and Mr. Deits, Dist. 1 director were here to discuss Farm Bureau activities of the State and National level and also help in some county problems.

Board members present were: Paul Macina, president, Clarence Zybach, vice president, Thomas Daughtry, secretary and treasurer and Irvin Hink, Raymond Moore,

and Dick Wright. George Henderson, the insurance service agent was also there.

**AN ARTICLE FROM THE SOIL
CONSERVATION DISTRICT OF
WHEELER COUNTY**

Conservation is not a new word to any of us in these times. Ever since we were small lads we have heard it used by our parents. Today we have seen it applied to the use of the land we depend upon for our living. Poor land means poorly fed people. There are some countries so poorly fed that starvation is a disease. Unless better ways of farming are practiced soon we may see this coming close to home.

Conservation work has been applied to land for several hundred years in some countries, and yet today it is still young in America. Every day that passes we could learn more of Soil Conservation if we try. Our Soil Conservation District has made this assistance possible. We all had a vote when the district was formed.

How can we become better conservation minded? There are several ways this can come about. Nothing can help until we come face to face with the need. When we know there is need for conservation it can be done.

Every acre of land we hold a title to or lease from year to year has a purpose. This is one of the first jobs to find out about. What

is the best suitable purpose for a particular piece of land? If you need help, ask for it from those trained to help.

Secondly, we should find ways to stop erosion from wind and water. This is one of the main problems facing us today. In some areas we can use machinical measures, but others call for vegetative control. Maintenance of fertility works in this as a cousin. This may mean a change to some extend of our present farming practices. If we are really interested in farming, a good conservation program on the land will be worth while. It will prove economical and will help save our land for future generations to use.

Activities of the voluntary tuberculosis associations, financed by Christmas Seal funds, fall into four broad categories—education, case finding, rehabilitation, and support of medical research.

Farmers during the winter should protect all motors that require liquid for cooling with a good anti-freeze. Radiators should be cleaned and flushed, hose connections should be tightened and worn hose should be replaced before the anti-freeze is added.

Since 1908 the sale of Christmas Seals in this country has been nationwide. Seal funds support tuberculosis control campaigns.

TIMELY WARNING

Now that all the leaves have been raked and those that haven't benefitted from this kind of treatment have blown away, the youngsters are in for a season of falls and accidents that have the same net result as those of the summer, even though they spring from somewhat different causes.

It's a good idea to warn your bundle of youthful energy and enthusiasm to have a wholesome respect for the slippery qualities of ice, whether caused by a frozen puddle on the sidewalk or by a frozen pond.

It's also highly desirable to explain to him that the big-time college and pro football players carry out their activities on gridirons whose turf has been carefully screened and treated, and to acquaint him with the hazards of engaging in this manly pastime on a lot or field which may have such accident-hazards as a piece of broken glass, an old tin can, or a thorny bush.

All too often, tomorrow's college halfback has no hesitancy in making a thrilling end-run across a lot in such condition that it would throw an adult gridiron star into a frenzy of fear.

And, if your young All-American-to-be does come home with an assortment of cuts and scratches, don't let it worry you unduly. Give him the same treatment millions of mothers use successfully each year. Cleanse the wound and cover it with an adhesive bandage—one of those ready-to-use dressings with the gauze pad already attached to the adhesive tape—and the chances are you'll never hear of it again—until he plays football again, that is.

At least one percent of the money raised from the sale of Christmas Seals in 1950 will be used for medical and social research on tuberculosis.

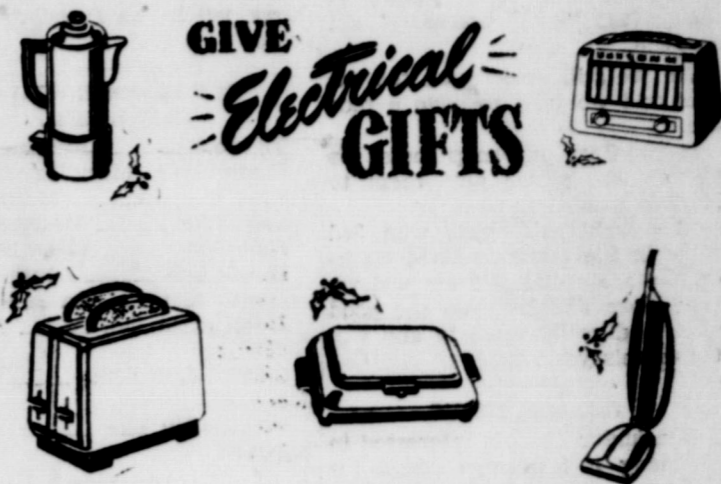

The National Tuberculosis Association, founded in 1904, today has 3,000 affiliated associations. They are located in the 48 states, the District of Columbia, Alaska, the Canal Zone, Hawaii, and Puerto Rico.

The first Christmas Seal Sale to fight tuberculosis was conducted in Denmark in 1904 and was inspired by Einar Holboell, a postal clerk.

An adaptation of the Cross of Lorraine, the Double-Barred Cross was adopted in 1902 as the international insignia of the campaign against tuberculosis.

SENIOR NEWS

The class received their report cards last week and it seems as though the "apple polishing" did no good.

We are still working on the annual and we plan to have a nice one.

If you have any snap shots, for the annual, please give them to Edwina as soon as possible.

The basketball girls won 3rd place in the tournament at Booker. We are proud of them and we hope they will keep up the good work and really pitch in and win for us this year.

JUNIOR NEWS

The junior class is interested in obtaining a Student Council for

OFFICE SUPPLIES AND STATIONERY AT THE WHEELER TIMES

our school. We think it would be a great improvement. A committee of five met with Mr. Smith and typed letters to Plainview, Pampa, White Deer, Amarillo and Lubbock asking for information. Mr. Smith was going to get what information possible while he was in Austin last Friday. It will be a while yet before we have enough knowledge of council activities and procedures to present this to the school for their decision.

Dixie, we're sorry you've been sick. It's nice to have you back in school.

Leonard, it seems you are unlucky. This makes the third time you've had your collar bone broken. We hope this is the last time.

We drew names for our Christmas gifts Friday. Our Christmas Party will be at David Johnson's home.

KITCHEN MEMO

BY JEAN CLARKE

FOR a more pleasing blend of flavor combine two kinds of meat when making meat loaf. Veal and ham complement each other in Mushroom Veal Loaf and it will not be hard or crumbly if you follow these proportions. Combine 2 1/2 lbs. ground veal, 1/2 lb. ground ham, 1 cup soft bread crumbs, 1 cup chopped mushrooms, 1 minced green pepper, 1/4 cup horseradish, 1/4 cup ketchup, 1 tsp. Worcestershire sauce, 1 well-beaten egg. Mix well and shape into loaf. Arrange 4 slices bacon in pan, place meat loaf over them and top with 2 slices bacon. Bake in moderately heated gas oven at 375°F. about 1 1/4 hrs. Yield 6 portions. Serve with sour cream sauce if you like.

Chill candies in your gas refrigerator for several days before using so they'll burn more slowly.

Griddles on some automatic gas ranges are equipped with heat indicators—important to those cooks who use varied temperatures for top burner griddle cooking.

Crumble a few crisp slices of bacon into pancake batter and use bacon drippings instead of shortening for added flavor.

Three loads of laundry washed and rinsed in an automatic washer use up to 60 gals. of hot water. And you'll still have a whole tankful of hot water in your automatic gas water heater because gas heats water so quickly.

FRESHMAN NEWS

We are glad to have a new girl

Texas 4-H'ers Honored for Best Achievement Record

STATE-WIDE recognition has been accorded E. P. Wicker, Jr., 19, of Wilson, and Yolanda Ellis, 15, of Plainview. Each will receive an artistic pair of statuettes symbolizing achievement from the National Committee on Boys and Girls Club Work.

E. P. Wicker, Jr.

Young Wicker's achievements include completing 35 projects during his nine years in club work. He won a scholarship for outstanding junior showmanship and nine grand champion blue ribbons on livestock demonstrations. He was National Dairy Production Winner in 1949 and received \$300 college scholarship. E. P. has made 61 exhibits, given 26 talks and written 30 stories on 4-H meetings and events. The youth is president of the county council, having served as vice-president five years and junior leader of his local 4-H Club for six.

A diligent worker, Yolanda has completed 25 projects, including clothing, garden, food preparation and home improvement. She has given talks and written stories about community school and 4-H Club events, and has made 201 exhibits. She has won many noteworthy honors, and more than \$200 in cash prizes. Yolanda serves her local club as junior leader.

All of these activities are conducted under the direction of the Extension Service of the State Agricultural College and USDA cooperating.

In our class, she is Bobby French. We hope she likes Wheeler.

The basketball girls went to Booker to a tournament this past weekend. We lost our first game to Miami 20 to 11. Our second was

with Canadian and we won 18 to 16. We played Follett Saturday afternoon for third place. We won 22 to 20.

THIS AND THAT

Harold, it's too bad you broke your glasses.

Vanita, we're sorry you got sick and couldn't go to Booker.

Margie, were you excited at Booker, it couldn't have been any closer.

Wanda, what is so funny at Homemaking every morning, you always get tickled.

PEP SQUAD NEWS

The football season is over for this year and the annual football banquet will be held Monday night at the cafeteria.

Their dinner will be prepared by the band mothers and served by the eighth grade girls to the football boys, Pep Squad Girls and Band students.

One of the heaviest expenditures in the clothing budget goes for hosiery. The reason may be due to the fact that not enough attention is given by the buyer to the size and kind of hosiery bought nor to proper care and handling.

In 1907, Jacob A. Riis, Danish born American, wrote an account about the Christmas Seal in mark and urged one in this country to raise funds to fight tuberculosis.

 Eighth Grade Reporter - Nelda Baird

SPORTS NEWS

The Mobetie boys and girls played McLean Tuesday night. The girls were one point behind at the half but they gained the lead and won the game by a score of 68 to 59. The players were: Frances Totty, Patricia Trimble, Ruth Morris, Evelyn Worthington, Shirley McCauley, Ouida Burke, Jolene Robison and Tommy White. The boys won by a score of 48 to

38. The players were: Bobby Corcoran, Joe Brown, Waylon Newman, Vernon Willard, Bill Leonard and Harold Hooker. We are all very proud of our teams this year. The girls haven't lost a game and the boys have lost only one. Thursday night the junior teams played Kellerville. There were two boys teams, the fifth and sixth grade boys, and the seventh and eighth grade boys. They won their games. The girls junior team lost by 8 points.

SENIOR NEWS

Madge seems to be getting along pretty well with a certain Allison boy.

Bobby, how many rabbits did you kill Sunday?

Ouida, how does this '47 maroon Chevrolet ride?

Wonder why Ann Nell and Patsy were so sore Monday? It couldn't be that they went horse-back riding Sunday.

Evelyn seems to like this '37 Chevrolet pretty well. She rides in it a lot.

Edwin, why don't you ever go to Wheeler?

Joe looks rather sick. It couldn't be that he has been eating his own cooking?

JUNIOR NEWS

The juniors have received their bracelets. They certainly are pretty.

ANNOUNCING

The First Showing Of The New 1951 CHEVROLET

Fresh Chevrolet Styling Imparts Lower Lines

The Styleline De Luxe four-door sedan is one of the models introduced by Chevrolet as its passenger car line for 1951. Notable in this picture are the design improvements which accentuate a longer, lower appearance. Radiator grilles have been simplified, the decorative body moulding lowered and the rear fender crowns raised. Models also offer added safety.

We're drawing the curtain aside! Presenting the Surprise Event of the year! An event we've looked forward to for a long time—and now an occasion so wonderful — you don't want to miss it! So hurry right over—join us in the important festivities!

Mobeetie Meditations

(Continued from Page 1)
W. K. Broxson family Friday, telling them of the death of Mrs. Broxson's brother in an explosion at Denver City, Texas. Mr. and Mrs. Broxson and her father and mother, Mr. and Mrs. J. W. Barnett left for Denver City immediately. Funeral services were held there on Sunday afternoon. We extend to them our sincere sympathy in their bereavement.

R. St. John left for Waco Tuesday morning to attend the meeting of the Grand Lodge A. F. & A. M. as a representative of the local organization. He was accompanied as far as Denton by Mrs. St. John and Edith, who will visit the Bob Hogans until his return on Friday.

Mr. and Mrs. Henry Johnston have moved into their new home on West Third Street. The newlyweds were honored at a shower given for them at the Legion Hall Monday evening and they were presented with many lovely and useful gifts.

The W. M. U. of the First Baptist Church met together on Monday for the "Week of Prayer" program and the annual Lottie Moon Christmas offering for foreign missions.

Mrs. J. H. Ridgway has returned to her home after spending several days in Northwest Texas Hospital at Amarillo.

The Quintis Godwin house has been moved on to lots he recently bought in east Mobeetie, and will be ready for occupancy within a short time.

The J. H. Romines home west of town was the scene of a family gathering last Saturday with the following guests present: Mr. and Mrs. Avery Messer and Beverly

Ann, Childress, Mr. and Mrs. Hoyt P. Minton and three daughters, Monohans, Mr. and Mrs. Jimmy Farrell, Berger, Mr. and Mrs. A. C. Hill and daughters, Dallas, Miss Helen Cathy, Wichita Falls, Hayward Romines, Sunday, Jess R. Hill of the U. S. Navy, Bill Tidwell, Seagraves, and Marvin Winston, Amarillo. Other visitors during the week were: Mr. and Mrs. Claude Barnes and son, Sunset, Mr. and Mrs. Virgil Romines, Ryan, Okla. and Mrs. Nora Winston, Monohans.

Junior Ahler and family, formerly of Wheeler have moved to the Ernest Lee ranch south of Mobeetie to make their home.

Guests of the L. D. McCauley family last weekend were Mrs. McCauley's sister-in-law, Mrs. Ruel Pace, her daughter and grand daughter, of Breckenridge.

Relatives visiting in the Grady Harris home over the weekend were Mrs. Harris's mother, Mrs. Belle Carson, and two brothers and their families, Fletcher Carson and Virgil Brock of Canadian.

Mr. and Mrs. Frank Mote, who formerly operated a grocery store here, have moved into the R. J. Tyson house in Old Mobeetie.

Sunday dinner guests of the Ernest Lees were Mrs. I. B. Lee, Loyd Lee and family and Mr. and Mrs. Carroll Pendleton of Wheeler, and the Junior Ahler family. Afternoon visitors were Mr. and Mrs. Lowell Farmer and children of Wheeler and Earl Dunn and two sons of Amarillo.

Mr. and Mrs. Leroy Robison have moved from Wheeler to the house recently vacated by Mrs. E. V. Herd, on Third Street.

Mrs. W. A. Leonard is visiting relatives in Mobeetie and Pampa

this week. She expects to be joined by her husband, later, for a visit here before being transferred from Houston, where he has been stationed.

Ware Showing

(Continued from Page 1)
time driving is still another safety asset.

Important as it will affect parking is an increase in steering gear ratio. Other points worthy of mention under driving ease are new convenience of controls, re-located brake pedals, reduced vibration through greater torque tube rigidity and a new method of propeller shaft balancing in production.

The above are only a few of the improvements offered in the new Chevrolet, Mr. Ware stated.

Oscar, World Famous

Local Girl Get In Scholarship Society

Miss Ruby Simmons, daughter of Mrs. C. O. Killingsworth of Wheeler, has been initiated into the Texas Theta Chapter of Alpha Chi, national general scholarship society of Texas State College for Women.

Students who have a 2.5 average or better on their first two or three years' work at TSCW are eligible. Thirty-four students were elected to the chapter at initiation ceremonies recently at the college.

Faculty sponsors are Dr. Autrey Nell Wiley, director of the English Department; Dr. Elsie Jenison, acting director of the Economics and Business Department; and Dr. Spencer Stoker, director of the educational Department.

The Briscoe 4-H Club girls met November 30 in the Home Making room at the Briscoe high school, with their sponsor, Mrs. Milton Finsterwald.

Twenty-two girls answered roll call by telling what they had baked since the last meeting. A Christmas program and party was planned and names were drawn for the Christmas tree. Songs were sung following the business meeting after which the meeting was adjourned.

or note to draw 4 percent interest with Bob McConnell security.

"My home is two miles south of Versailles, Ky., on McConnell Ferry Pike." Our local auctioneer, Shelby Pettit, tells us he has sold a lot of things during his career but there are several items listed in the above sale which he has never had the opportunity of selling.

Mr. and Mrs. Aubrey Miller of Twitty are the proud parents of a baby boy born at the Wheeler Hospital, December 4.

"OPERATION DEMOCRACY" IS URGED BY GOV

Governor Allan Shivers today urged all Texans to join with the 777 American Legion Posts in Texas to dramatize Democracy's strength in the lighting of hundreds of "Fires of Freedom" on December 7, proclaimed by his as "Operation Democracy" Day.

State Legion Commander Bill Elkins of Killeen had previously announced that Governor Shivers will set off the first fire at seven o'clock on the night of December 7, on the State Capitol grounds as the signal for a chain of more than 800 other freedom fires to spring up across the state.

In the Governor's Official Memorandum setting December 7 aside as "Operation Democracy" Day, he described the freedom fires as "symbols of hope to penetrate the darkness behind the iron curtain." He praised the Legion-sponsored campaign for an alert and aggressive citizenry "to make Democracy truly live."

"Every citizen recognizes and values America's priceless treasures of freedom," Governor Shivers wrote. "But to make Democracy truly live, each citizen must actively participate in local, state and national affairs to protect those treasures accumulated thru the years, and in ever adding to Democracy's strength to resist those who seek to rob us of our rich heritage."

The memorandum went on to call upon Texans to take part in the all-day series of programs in every community on "Operation Democracy" Day, which begins with special church services Wednesday, December 6, and closes with the lighting of the freedom fires.

Governor Shivers will address the state-wide luncheons of business men honoring community and state officials via a broadcast over Station WOAI, San Antonio, at 12:30 p.m. on December 7. The Governor's speech will be wire recorded and relayed for replay over four other Texas Quality Network stations in Corpus Christi, Westaco, Houston and Dallas that night at 10:15 o'clock.

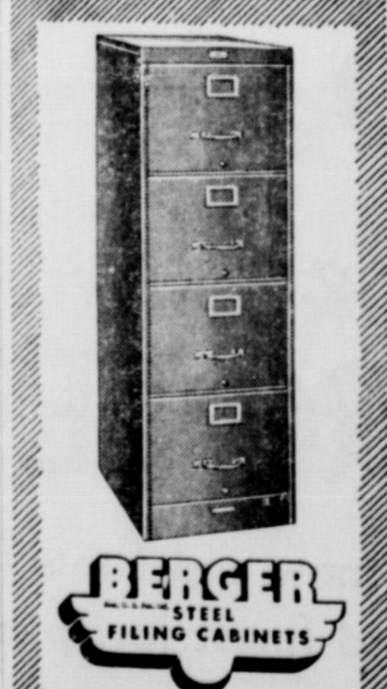

State Legion Commander Elkins and Americanism Chairman John Ben Shepperd have accepted the invitation of Governor Shivers to join him in his "Governor's Report" broadcast over 17 stations of the Texas State Network on Monday, December 4, at 7:15 p.m. The 15-minute program will be devoted solely to "Operation Democracy," the Governor said.

V. F. Taylor, the Legion's 10th District Commander, has announced that all 31 posts in his district will be represented at the fire-lighting ceremony in Austin, as well as having freedom fires in their local communities. Taylor has invited the University of Texas Longhorn Band and the Austin High School Maroon Band to participate in a band concert prior to the ceremony.

Christmas Seals are sold in 28 countries to support anti-tuberculosis campaigns.

The international emblem of the crusade against tuberculosis is the Double-Barred Cross.
