Last Call For Talent For Amateur Show Is Issued By Mrs. Sims

The Talent Show which the Wheeler Band Boosters Club is sponsoring is to be presented at tne Wheeler Gymnasium Friday night, March 23 beginning at 7:30 o'clock.

from the First Methodist Churca that entries have been received in Mobeetie with Sister Lendora from individuals and groups from Briscoe, Mobeetie, Allison, received from Shamrock. Howpate should get in touch with next Tuesday, March 20.

Winners of the first two places in the show will receive \$10.00 and \$5.00 respectively and will have the opportunity of participating in a "Dixie Boy" Falls if they care to do so.

Proceeds from the show will be used by the Band Boosters Club to buy equipment and uni-

forms for the Mustang Band. Mrs. Sims urges that everyone in this vicinity who is proud of the snappy little Wheeler Mustang Band and wants to see them keep on growing and improving make plans now to be on hand March 23 and help support them.

THROTTLING DOWN THE "ENGINE OF INFLATION"

AND STYLES OF
HOME FREEZERS...
ONE TO FIT YOUR
SPACE, BUDGET OR
OTHER REQUIRE.
MENTS. SEE THE
ONE FOR YOU.

The "full accord" reached by the Treasury Department and the Federal Reserve "for nigh on to five years, and I ain't cut Board in their long-standing disagreement | myself neither time. over federal debt management policies involved a compromise of the widely differing views of the two agencies. It is still too early the wife gets historical . . . and brings up to determine whether it is the "very im- the past.

Balance Your Budget

WITH A FOOD BANK!

pared for unexpected guests.

economical to operate an electric home freezer.

PUBLIC SERVICE

16 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

. . and there is no better food bank than an electric home freezer. You

can make purchases in quantity when prices are low, take advantage of the savings you make by storing "in season" foods for "out of season"

eating, and cook and bake complete meals ahead so that you are pre-

of investing in an electric home freezer. See for yourself that food pur-

chased in time and money saving quantities is a real help for your budget.

And remember, too, that low cost dependable electric service makes it

SEE YOUR Electric APPLIANCE DEALER

Let your local electric appliance dealer show you the soundness

portant step forward" which President Truman called it. It may turn out to be, instead, merely a compromise with inflation. The Church Calendar best that can be said for it, at this stage, is "so far, so good."

That is the judgment applied to it by six prominent senators who, while approving the so-called settlement, do not believe it means as long a forward step as should be taken if really effective efforts to halt inflation are to be made. For one thing, they point out, the agreement of government securities by the Federal Reserve System is to be ended. They point out that the heavy pressure exerted upon the Federal Reserve Board to make such purchases has the effect of providing member banks with virtually unlimited funds for lending, and this great B expansion of credit they charge with being M 'largely responsible" for the sharp rise in Y inflation that has taken place since the start E of the Korean war.

The crux of the dispute between the reserve board and the Treasury Department has been the reluctance of the board to go along with a policy which, in the words of Board Member Marriner S. Eccles, makes the banking system an "engine of inflation." C The FRB, however, has been under consid- N erable duress to follow a policy dictated by E the Treasury's desire to hold down interest rates on the federal debt, regardless of the inflationary effect of so doing.

The six senators-who include Senator 5c. Douglas and Fulbright, members of the 25 banking committee—now have introduced a resolution which seeks to make it clear that the FRB need not give in to pressure or sur- | render its own judgment. The resolution, in effect, is an emphatic reiteration of the law which created the Federal Reserve Board as an independent agency and placed upon it a duty "to prevent injurious credit expansion or contraction."

There can be no doubt that the congressional intent in establishing the FRB was that it should be an independent agency. It is important that it should be, to prevent any possibility of manipulation. If the resolution introduced by the six senators will fortify the FRB's position in this respect, and will enable it to take the steps it considers necessary to halt inflation at its source, it ought promptly to be passed. It is a matter involving not only an important invited to attend each service. principle of government and economics but the pocketbook of every citizen who daily is having to pay a higher tribute to inflation .-- Fort Worth Star-Telegram

The bee that gets the honey doesn't hang around the hive.

MORE and BETTER COTTON

ANTHRACNOSE boll rot con reduce the grade of your cotton

the anthracnose fungi. This

treatment cuts off the disease

at its source. Used with other

control measures, it can prac-

tically wipe out the disease

from an entire area in a few

years. Mercury dust treatment

will also control seed decay and

damping-off (sore shin) organ-

isms and reduce angular leaf

The cost of the chemical

amounts to less than 10c per

acre. Treatment can be done on

your farm or by many ginners

and delinters. Ask your County

Agent or Farm Extension Serv-

ice about the value of seed

treatment and about where the

To the optimist it is a rose bush,

but to the pessimist it is a bush

There are two ways to get ric

of a headache: (1) Aspirin; and

If you've had some points | planting helps a lot to kill off taken off by the grader for spotty cotton, you know what anthracnose, or pink boll rot, can cost you as a cotton grower. It is expensive and persistent; but it can be controlled now by measures that cost you little.

Anthracnose is a fungus disease, and is at its worst in times of heavy rainfall and where cotton grows rank. The fungus lives over the winter on diseased bolls and stalks left in the fields, and in or on the seeds from infected plants. Clean fall plowing and rotation of your crops helps to centrol it.

You will also find that treatment of your seed with an organic mercury dust before | treaters are in this area.

FOLKS, IT'S TRUE PURINA STARTENA IS BETTER THAN EVER IN '51

... As a result of **1028 FEEDING TESTS** which give your chicks NEW

FORMULA 1028

All through 1950, Purina Research worked to make the 1951 Startena the best ever. It took 1,028 separate feeding tests to discover the growth boost required. That's why we call it "Formula 1028." It makes the 1951 Purina Chick Startena the best Purina has ever made. "Formula 1028" now added to Chick Startena, is Purina's right combination of APF, Vitamin B-12 Supplement, Antibiotic Supplement and Growth Vitamins.

BIGGEST CHICKS EVER AT 5 WEEKS

Purina Research results show the new 1951 Startena, with "Formula 1028" added, produced the biggest chicks at five week ever raised on Startena. That's going some . . . for Startena has always been famed for fast growth.

Plan now to start your chicks on 1951 Purina Chick Startena with "Formula 1028" added. You can't go wrong with a feed that proved best in 1,028 feeding tests. See us for your Startena now.

SEWING

Now On Display In Wheeler

Pictured at right shows sample stitch which can be made with the new New without attachments.

We have just taken on the agency for the mazing new NECCHI sewing machine which we's lieve is one of the most complete and best madis available anywhere at any price.

We certainly would like to have you drop our store and see this new machine work. Wekn you will be absolutely amazed at the things it do. It will work button holes, sew on buttons, de holes and various other jobs which heretofore has been done by hand or only with specially be machines. We certainly would like for you to: this machine in operation.

Wheeler Radio & Refrig. Service

MR. & MRS. CARL LAFLIN, Owners

Get Your Car Tags NOW

Under the state law you MUST have your cartags on your car not later than the first of April, but they can be placed on your car any time this month.

BUY THEM EARLY

You are urged to get your car and truck tags early, for there is always a rush at the last minute which makes it very difficult to handle the sale of these tags.

REGISTER AT HOME

Last year several cars in Wheeler County were registered in other counties. This is against the law and we ask that you do not do this in the future.

A part of your registration fee remains in the county and you thus get the benefit of it. It keeps your money at home, besides being against the law to register anywhere else.

(Intended for last week) DRAFT LEGISLATION: The Universal Military Training and draft legislation is bringing many delegations to Washington. Some are organizations of conscientious objectors. Some are bona fide religious and educational organizations, while others are merely using religious and patriotic names. Many of these have talked to me in my office or stopped me in the corridors. Different approaches to the subject are interesting. Without exception they promptly disavow communistic or pink leanings. It is difficult to separate the grain from the chaff. I tried to cross examine all of them and have gotten some interesting results. All present the argument that Universal Military Training means that this country will be under military domination. This will never be true as long as Congress holds the purse strings, and the Department of Defense realizes this. It was that same argument that kept R.O.T.C. units out ago. The mail indicates strong the question. There will be an will permit each local situation to them. opposition to the 18-year old answer very shortly. Most Sena- be handled by the people living draft by a majority of the moth- tors and Representatives feel that there who are best qualified with ers and fathers. It will prevent the many young men's organizations. frittered away, and that it is time closing of a school during harvest Congress, at the present time, to act one way or the other.

For Snacktime: Apple Nut Bread

This quick loaf bread, well flavored with apples, cheese and nuts, is as easy to make as it is to eat. Serve it with butter or margarine for snacks, as breakfast sweet bread, or with luncheon salads.

If you work outside your home, and still like to give your family special home baked treats, depend upon quick breads to make meals

Loaf breads take no longer than a cake to mix, and they can be served for many occasions. Finger sandwiches made with loaf breads perk up a salad assortment and may also serve as simple dessert. Loaf bread sandwiches are good travelers in lunchboxes, too.

One of the most delicious of the loaf bread family, Apple Nut Bread, combines the flavors of freshly chopped apple, grated American cheese and chopped nuts. These foods also add their food values to those of enriched flour to make an important contribution to family health. All enriched breads rank high in essential Environment and

health. All enriched breads rank high in essential B-vitamins and food iron. Apple Nut Bread is a delightful way to get your vitamins! This sandwich bread is good the day that it is baked, though it slices better the following day. Jellies and jams, peanut butter and cream cheese are other good spreads for slices of this sandwich loaf APPLE NUT BREAD

AIR FORCE PROGRAM: The Air Force program is being reorganized by a panel of top civilians and the military. The final program should be announced about March 10th. It will be a long term program on a solid basis. Money savings is one of the prime objectives. This explains why many air bases will not be reactivated under the present 95 group program. All towns having air base facilities should try to obtain primary training schools. These will be operated by private contractors to train prospective air force per-

VISITORS: Visitors from the Panhandle this week included E. O. Wedgeworth, Crawford Atkinson, Dick Pepin and Letha Northup from Pampa, Lew Fields and George Broome from Amarillo. The latter two were here in connection with American Legion work, attending a convention, and working on matters important to the Panhandle. The delegation from Pampa was here in the interest of having the Pampa Army Air Field reactivated.

There are two kinds of women: Those who keep their love letters, of many high schools twenty years seems to be pretty well divided on rather than a national basis. It and those whose love letters keep
