

## Mobeetie Editions

Mrs. H. L. Flanagan

Library of the Blue Bonnet Club has been opened to the public and is now at Matamoros and available to anyone who wishes to take advantage of the opportunity offered. Mrs. H. Flanagan, librarian, states that the fee of 10 cents will be on books kept out for two weeks, and an additional 5 cents per day added thereafter. A variety of reading material is available and new books will be added from time to time.

Attending the M. F. band at the First Methodist Church at Pampa Saturday night were: Hooker, Peggy; Barbara Trimble, Ines; Jo Ann McCleary; Bill and Rev. Vernon Wilford of the local church.

It is an annual affair, presented by the M. F. band at the First Methodist Church at Pampa Saturday night. Entertaining guests were: Barbara Trimble, Ines; Jo Ann McCleary; Bill and Rev. Vernon Wilford of the local church.

Mrs. L. E. White at the Pastor's and Layman's meeting at Wayland College, last Monday week, was accompanied by Misses John, Madge Patterson and Godwin. Pastor and wife attended the Workmen's conference at the North Fork on Saturday at Samnorwood last week.

Barton of Abilene, visiting home of his parents, Mr. and Mrs. Barton last week, was accompanied home by Joyce McCauley and her mother, Miss Sue French of Abilene, who spent the week at the McCauley home.

Mrs. J. M. Hathaway home from Lubbock Saturday where they have been for a week or so, visiting relatives. Jim doing carpenter work.

Mr. Tolson was a patient at the Hospital for several days. He was able to return home on Tuesday, greatly pleased. Several of his children are here for a visit.

The Bonnett Study Club regular meeting in the home last Thursday night. A program on "Women's Work" was presented under the leadership of Mrs. Tracy Williams. Mrs. H. E. Matty spoke on "Famous Scientists and Physicians" and members were present.

McCauley has been at Federal Court in Amarillo. His daughter, Mrs. L. J. Waters and Glenn of Tulsa visited with her a few days.

Waters is a surgical patient at the Wheeler Hospital. His father and mother, Mrs. J. L. Waters and Glenn of Tulsa visited with her a few days.

Mrs. Sid Talley of Abilene visited relatives in town. Mrs. Earl Alexander, a sister, and her two sons returned with them for a few days.

Mrs. Jack Miller and Mrs. L. D. McCauley attended hardware convention in Amarillo on the 12th and 13th.

Mrs. H. E. Matthews, mother of the J. H. Scribner son, Gene, and Sanford Sunday, they were the morning church service at the Methodist Church. Mr. Matthews is pastor.

Everly Caldwell of West Texas spent Saturday night with her parents. She is a student at the college and was with her father.

M. Hathaway is substitute teacher in the grade school. (Continued on Last Page)

## SWPSC Is Asking 10 Percent Rate Increase Locally

The Southwestern Public Service Co. last Friday made simultaneous request to cities over the district for a 10 percent rate increase in domestic and commercial rates.

Industrial rates, the company advised in a letter received last Friday morning by Mayor R. H. Forrester, would be increased in a like amount as contracts expire.

The two-page letter sent out to every mayor in the territory covered by Southwestern Public Service came from T. W. Gilstrap, division manager at Amarillo.

Under the new schedule the first 50 kilowatt-hours per month would cost 6.60 cents per kilowatt hour; the next 50 would be 4.95 cents per kilowatt hour; and additional at 2.20 cents per kilowatt hour. The minimum monthly rate would run \$1.50.

Gilstrap said the hike was being requested due to increases in prices of machinery, labor, taxes, and other facilities necessary to operate the system. He added the peak electrical load requirements are forcing the company to increase its capacity at a rate, under present day equipment costs, that exceeds the annual gross income of the company.

Continuing, Gilstrap declared: "We expect this trend to continue and have ordered equipment to carry the territory requirements through 1953 and into 1954. Our heavy machinery requires about three years for delivery and installation and must be ordered in time to meet future requirements."

Based on figures audited by Peat, Marwick, Mitchell and Co. and Barrow, Wade, Guthrie and Co., Gilstrap said the company's determination of rate of return for the fiscal year ending Aug. 31, 1950, was 6.17 percent; based on the same figures, the estimated rate of return for the present fiscal year would be 5.335 percent. With the 10 percent increase the return would go up to 5.60 percent, still below the preceding return of the 1950 fiscal year.

"Operating income," Gilstrap explained, "upon which rate of return is based is used to pay interest on first mortgage bonds, debentures, other interests on common and preferred stocks, amortization accounts, and any remainder being plowed back into construction costs."

Gilstrap reminded the mayors that regulatory bodies such as state public utility commissions usually allow a return of 6.50 percent, but that the company hopes to make up that deficiency by increases for industrial power and increased business over the territory. This, Gilstrap said, was the reason for not asking for more than a 10 percent increase in domestic and commercial rates.

Amplifying this, Gilstrap said the company was asking for the least amount "which we feel necessary to maintain the confidence of our investors." He added the large construction program makes it necessary to obtain from \$18 to 20 million in new money from investors every year.

About 60 percent of the money is obtained from life insurance companies investing in first mortgage bonds. About 15 percent is secured from sales of preferred stocks, and the remainder from sales of common stock over the country.

The request for the increase will be taken up during the next city council meeting which is to be Thursday night, March 1, at 6:30 p.m.

## Methodists To Start Spring Revival Mar. 21

A series of Spring Revival Services will begin at the Methodist Church on Wednesday night, March 21st. The pastor, Rev. Darris L. Egger, will begin the preaching services and continue through Sunday night, March 25th. Beginning Monday, March 26th, visiting pastors from neighboring churches will preach each night during this week. A different guest pastor will be announced each night. The Revival will close on Sunday night, April 1st.

## G. W. VINSON FUNERAL HELD

G. W. Vinson, who had been seriously ill for the past several months, passed away at his home here in Wheeler Monday at the age of 72 years, 3 months and 14 days.

Funeral services for Mr. Vinson were conducted from the First Baptist Church here Wednesday afternoon at 3:00 o'clock with the pastor, Rev. M. B. Smith, officiating.

Mr. Vinson had been a resident of this vicinity for the past 20 years coming here in 1931. He and Mrs. Vinson had been married 49 years.

Survivors include: The wife, Mrs. G. W. Vinson of Wheeler; two sons, E. H. of Canadian and J. A. of El Reno, Okla.; two daughters, Mrs. Mike Fryar of Las Cruces, New Mexico and Mrs. Vernon Sivage of Mobeetie; four brothers, A. L. Vinson of Plainview, Gilbert Vinson of Holly, O. B. Vinson of Nugent and S. R. of Barry; two sisters, Mrs. A. M. Weatherly of Frisco and Mrs. Pool of California; nine grandchildren and 3 great grandchildren. One brother and one sister preceded him in death.

Funeral bearers were: Perryman Martin, Cliff Sivage, A. D. Speck, Robert Speck, Hiram Grimes and George Pond.

Interment was in the Wheeler Cemetery with Kirk-Mason Funeral Home in charge of arrangements.

## NEWS FROM— County Agent's Office

By Ralph Wheat and Robert Ledbetter

## SOIL TESTING SERVICE

This week we have been especially busy taking soil samples for testing. These soil test are designed to give farmers an insight as to fertilizer needs and recommendations. It also gives the soil reaction as to its alkali, acid, or neutral qualities. Farmers may take these samples themselves, but will need to come to our office to fill out a farm on the lands past use and history, as this material is needed in making fertilizer recommendations. Composite samples are used in making one sample for about every 20 acres of land depending largely on the soil changes in the field.

The charge for this service is \$1.00 per sample. Sub-soil samples are tested free. The samples are handled by the Soil Testing Lab., Texas A&M. College Extension Service.

## 4-H CLUB ACTIVITIES

Wheeler County 4-H boys are spending a busy week in preparation for the Amarillo Fat Stock Show. Club boys will take 6 calves to the show and possibly a group of hogs. There will be judging teams of Livestock and grass representing this county in competition with other 4-H and FFA boys of the Panhandle.

The Livestock team will compete in a contest at Erick, Oklahoma this week. We hope our boys will continue their winning ways.

## Band Boosters Club To Meet On March 1

Announcement was made this week of a scheduled meeting of the Band Boosters Club which is to be held at the Wheeler School Cafeteria Thursday afternoon, March 1, at 3:30 o'clock. All members who possibly can do so are asked to please be present.

## 824 LESS POLL TAXES PAID IN 1950 THAN 1949

The voting strength of Wheeler County in 1951 will be considerably less than it was last year but will be greater than it was during the last non-election year, 1949.

Tax Assessor-Collector Thurman Rives announced this week that 1,829 poll taxes were paid during the last collection period which ended January 31.

This compares with 2,653 poll taxes paid last year and 1,858 the year before.

Almost one-third of the poll taxes were paid during January. Mr. Rives said. Eleven hundred and ninety-three came in during that month. October brought in 307; November 171; and December 156.

County and state tax collections have been greater than ever before, according to the records. Up through January, county taxes totaled \$102,716.90, and state \$67,051.92.

Collections last year were: county, \$101,609.95; and state, \$68,044.64. In 1948, the figures were: county, \$97,453.66; state, \$38,424.27.

## SERVICES HELD FOR MRS. BEATY

Funeral services for Mrs. O. O. Beaty of Briscoe were conducted from the Wheeler Baptist Church last Saturday afternoon at 2:30 with Rev. M. B. Smith in charge. He was assisted by Rev. Taft Hollaway of Canadian.

Mrs. Beaty who was 72 at the time of her death passed away at the home of a daughter, Mrs. Pauline Bumgarner, at 2103 Columbus, Fort Worth, Mrs. Beaty had been at Fort Worth since Christmas Day last year when she went there for medical treatment. She passed away at 7:25 a.m. Wednesday, February 14.

The former Miss Carrie Cross of Lone Camp, near Mineral Wells, where she had lived a good part of her life, lived in Wheeler with her husband before moving to Briscoe 7 years ago. Mr. Beaty, to whom she had been married 54 years, is a retired farmer.

O. O. Beaty and Miss Carrie Cross were married in Palo Pinto County, Texas where they lived before coming to Wheeler County in 1928.

Besides her husband, she is survived by three sons, George of Shamrock, Fred of Bell, Calif., and Lamond of Canadian; three daughters, Mmes. Lizzie Hess of Herrington, Kansas, Pauline Bumgarner of Fort Worth, and Ruth Bolte of Tampa, Kan.; a sister, Harriet Beaty of Los Angeles; and a brother, R. W. Cross of Rule, and 12 grandchildren.

Interment was in the Wheeler Cemetery.

## Kelton Juniors Will Present Play Feb. 28

The Kelton Junior Class has announced that they will present their play, "The Case Of The Missing Heirs", Wednesday night, February 28, at the Kelton Gym.

The cast of characters includes: Perriot Preston—Kenneth W. Richardson; Gwen Talbot—Jeanette Blocker; Bruiser Barnes—Duane Higdon; Mrs. Alleryce Beeman—Viola Burrell; Maybelle Beeman—Joyce Anderson; Louise Thomas—Laurann Lang; Mrs. Kite—Glenda Faye Addison; Wentworth—Charles Haggard; and J. Winston Graham—Guy Boswell.

Admission prices will be 25c and 50c. The public is cordially invited to attend.

## OES Members Are Reminded Of Meeting

Members of the Wheeler Chapter of the Order of the Eastern Star are reminded of the regular meeting which will be held Tuesday night, February 27, at the Masonic Hall.

## CANADIAN IS SET TO FIGHT PRAIRIE FIRES

How Texans in the Panhandle are organizing to fight prairie fires is told in a feature article in the March Capper's Farmer.

"Typical of the programs which seek to meet range fire protection needs is the one in Hemphill county led by Carl Zybach, fire chief of Canadian, and Bob Ward, farm implement dealer," says a story in the nationally circulated farm magazine.

"When an alarm is turned in, Zybach calls Ward and tells him where the fire is. Bob has the names of ranchers who own equipment suitable for fire fighting. 'He calls those nearest the fire first, and they go at once. In a little while men and machinery from greater distance arrive. Strategy is planned, men and machinery are organized into effective fire fighting units and assigned specific tasks.'

"Bob Ward points out that it wasn't always like this. During the first few fires there were no bosses, no plans, and no dependable equipment.

"Communication is greatly needed in fighting grass fires," the story continues. "Canadian has sought to obtain it by creating a Civil Air Patrol Unit. Under the leadership of Commander Noble Trueblood, the unit has 11 planes. A man doesn't have to be a pilot or own a plane to become a member of the CAP. The CAP supplies radio equipment.

"In the event of another siege of prairie fires, such as the epidemic of last year, the Canadian CAP expects to help by directing efforts on the ground. The radio equipment also can be mounted on trucks."

## Wheeler Whisperings

By J. C. Howell

Since the Southwestern Public Service Co. has presented Mayor R. H. Forrester with a letter to the local City Council asking for a 10 percent rate increase, several local people have come forth with gripes of certain types concerning the service rendered by the company. We don't know exactly what these gripes are nor exactly who has made them, but we believe that if they had been made directly to the local manager, C. W. Burgess, he would have been doing his best to get them remedied before now.

C. B. Kirk, who was elected recently to take charge of the Red Cross Fund Drive for the North Wheeler County Chapter, has really been busy getting his committees set up and making arrangements to get the drive off to a good start on March 1 and then get it over with as quickly as possible. It is our hope that everyone will cooperate wholeheartedly in this drive and help the chapter reach its goal.

It seems that the members of the staff of the Wheeler Times are always the last persons to hear about local news items unless we are in on the know ahead of time. Last week for instance we found out shortly after we had finished making up the paper that Mrs. O. O. Beaty had passed away. Mr. and Mrs. Cecil Denson's daughter, Mary Bob, and Ray Laycock had gotten married, and that (Continued on Last Page)

## Wheeler P-TA To Hold Pie Supper, Western Show Tuesday Night

Mrs. Jess Moore, president of the Wheeler Parent-Teacher Association, announced this week that the organization is sponsoring a pie supper which is to be held at the Wheeler Gymnasium next Tuesday night, February 27. The program is to begin at 7:00 p.m.

Proceeding the pie supper there will be a musical program by the Western Ramblers who hail from Radio Station KFDN of Pampa. The show will last for approximately 1 1/2 hours. Admission prices for the affair will be 25c and 50c.

## Red Cross Drive To Begin Mar. 1, Quota Is \$1,000

## MRS. CARTER DIES SUDDENLY

Funeral services for Mrs. J. F. Carter were conducted from the First Baptist Church here last Sunday afternoon at 2:00 o'clock with the pastor, Rev. M. B. Smith, officiating. Mrs. Carter passed away at her home here in Wheeler last Thursday afternoon at 2:51 p.m. She had been ill only a short time.

Maggie Martha Whittaker was born in South Carolina on December 31, 1879 and passed away at Wheeler last Thursday at the age of 71 years, 1 month and 14 days. She was married to Julius Franklin Carter in July, 1898 and he preceded her in death on March 31 of 1947. Mrs. Carter had been a resident of this vicinity for 47 years.

Survivors include: Three sons, Charlie and Isaac of Wheeler and James of Bend, Oregon; three daughters, Mrs. Jennie Pendleton and Frankie Green of Wheeler, and Mrs. Perry Beavers of Denver, Colorado; three brothers, Curtis Whittaker of Graham, Wash. Whittaker of Sweetwater and Nathaniel Whittaker of San Angelo; five sisters, Mrs. Letha Baker of Norman, Okla., Mrs. Nancy Burnett, Mrs. Nola Bush, Mrs. Della Holden and Mrs. Betty Buchanan all of Wills Point; eleven grandchildren and six great grandchildren. Two brothers preceded her in death.

Funeral bearers were: Harry Wofford, Fred Farmer, Levi Reid, O. W. Pendleton, Ira Passons and Harvey Patterson.

Flower attendants were: Mrs. Morris Green, Mrs. Olin Pendleton, Mrs. C. C. Robison, Mrs. Levi Reid, Mrs. Buster Black, Beverly Bradshaw and Mrs. Oliver Pendleton.

Interment was in the Wheeler Cemetery beside the husband who passed away March 31, 1947. Kirk-Mason Funeral Home was in charge of arrangements.

## Auxiliary To Hold Food Sale Saturday

The American Legion Auxiliary announced this week that they would hold a food sale Saturday, February 24, with the booth to be at Clay's Food Store. In addition to the food sale, the Auxiliary has voted to sell colored eggs during the pre-Easter season and also specialties for use as placecards, favors and prizes for parties.

Virgil Jamison was appointed chairman of the committee and anyone who wishes should contact her to place orders.

Proceeds will be used to help pay the expense of a girl to Girls State in Austin in June. Mrs. Clarence Robison gave a report on the advantages of sending a representative from Wheeler at the last meeting of the Auxiliary which was held February 15. A candidate will be chosen through the recommendations of the high school principal, ministers of the local churches and leaders of various civic organizations. Main requirement of the girl is that she be a junior in high school so that the knowledge she acquires at Girls State will be of longer value to the community.

March 1st will be regular monthly social meeting of the American Legion Auxiliary and all wives, mothers and sisters of Legionnaires are invited to be guests of the Auxiliary at this meeting.

## R. L. Elliott Is Crew Member Of USS Fabius

Robert L. Elliott, boilerman, third class, USN, grandson of Mr. and Mrs. Charles D. Loter of Route 1, Wheeler, Texas, is a crew member of the aviafioh repair ship USS Fabius, which is supplying maintenance support for aircraft and carriers of the seventh Fleet.

Repair and overhaul facilities of this ship shorten the supply lines by putting back into service the damaged or worn aircraft and materials which otherwise would be shipped back to the United States.

## WHEELER WINS FINAL CONTEST

The Darrouzett girls and the Follett boys won the right to represent District 2-B in the regional basketball playoffs at Lubbock Friday and Saturday, February 23 and 24. Follett and Canadian ended in a tie for the right to represent the district.

Follett lost to Miami on the second night of the tourney, 46-44 for its one loss. Canadian was edged by Follett the final night, 37-35.

The Wheeler lads who dropped their first two contests to Follett and Canadian came back Saturday night to win a 2-point decision over Miami the team which beat the team which is representing the district at the regional meet.

The Darrouzett girls defeated Briscoe, 49-38, on the final night. This gave Darrouzett an undefeated record. The Mobeetie girls wound up in second place by defeating Briscoe by 1 point on Friday night and then coming back to defeat Canadian on the final night. They lost to Darrouzett in the opening contest of the tournament. Briscoe dropped a very close contest to Canadian on Thursday night and were beaten by 1 point by Mobeetie.

Gold basketballs were awarded to the following all-tournament players: Boys—Bell, Follett; Dick Pendleton, Wheeler; Jimmy Julian and Bobby Fry, Canadian; and DeWayne Wells, Miami.

Girls—Patricia Trimble, Mobeetie; Zell Burton and Rogers, Darrouzett; Patsy Cook and Sammy Krehbiel, Canadian; and Lucy Barnett, Briscoe.

### Editorial

#### CONGRESS SEEKS REDISTRICTING YARDSTICK

Congressman Celler of New York, who  
has just introduced into Congress a bill setting  
up standards to guide state legislatures in  
redistricting for congressional purposes,

had grounds for pointing to Texas as an outstanding  
example of the need for such redistricting.

Existing law provides for the reapportionment  
of House seats among the various states after each  
decennial census to provide for as nearly equal  
representation in Congress as possible for all  
citizens of the country. Sometimes this requirement  
of the law is ignored. In the case of Texas, there  
has been no new congressional redistricting since  
1913. The population shifts and city growth that  
have taken place since that time have so altered  
the population makeup of the various districts that  
some Texans now have almost four times as much  
representation in Congress as others. Population  
in the state's 21 congressional districts range from  
227,000 to 820,000.

Texas' overall population also has increased in  
the last 10 years until it is entitled to an additional  
congressman. Unless the state is redistricted, this  
will mean that one member will be elected as a  
congressman-at-large. There is objection to this  
procedure, and under the Celler bill it would be  
outlawed. The measure not only would require that  
representatives in Congress be elected by districts,  
but would require those districts be composed of  
"contiguous and compact territory" and contain-  
within comparatively narrow limits of variance—  
approximately the same population. No Texas district,  
if this bill becomes law, could have more than  
400,000 or fewer than 300,000 inhabitants.

Complying with the rules that the measure  
proposes to set up would add up to a major job  
of redistricting in Texas. But it can be said that  
it also would go far toward achieving the desirable  
objective of fair and equal representation of the  
state's population in Congress. Although under its  
terms Congress would go farther than ever before in  
directing the state legislatures how to redistrict,  
it may be that the Texas Legislature would  
welcome such guidance. Redistricting attempts  
involve many headaches and much struggle for  
political advantage, as witness the current  
controversy at Austin over redistricting the state  
for purposes of legislative representation. In regard  
to congressional redistricting, the state lawmakers  
might find themselves saved much grief by being  
obliged to follow a set of rules which left them  
little latitude for deviation and no great room  
for exercise of their own discretion.—Fort Worth  
Star-Telegram

We've often thought of looking up the family  
tree, but every time someone says we're a sap  
if we do.

The prize crack of the week comes from an  
Arkansas farmer who has been fighting crab grass  
all his life. He declares that when crab grass is  
pulled up by the roots, piled on top of a flat stone  
and dried for weeks, and then burned, it will take  
root and flourish wherever its smoke touches the  
ground.

### UN PEACE TOY

ERIE, PENN.—Youngsters and  
parents everywhere find the new  
international peace toy as intriguing  
as Patsy Derrus, the 3½-  
year-old miss shown above admiring  
it as a model of a jet fighter plane  
used by United Nations Forces in  
the Korean conflict. From the soft  
needle nose to the authentic wing  
tanks, the plastic Jetgo accents  
modernism in every detail. Parents  
acclaim Jetgo's educational package  
with United Nations flags in full  
color and two stanzas of "America."  
Manufactured here, it is a feature  
of the 1951 toy show.

#### SPORTS NEWS

Basketball, Allison played Briscoe  
Monday at 1:30 p. m. The girls  
won 15 to 10. The boys lost 5 to  
51.

QUESTIONS & ANSWERS  
Ben, do you like to go with  
girls?  
Answer, you shore ain't kidding.  
Jimmy, do you like girls?  
Answer, no, I just love them.

#### GOSSIP

Jack didn't come to school  
Tuesday.  
Ben thinks he is smart, but he  
is dumb.  
Kay went to Shamrock.

#### WONDER WHY?

Peggy is always wanting the  
high school to play Briscoe.  
Kay always wants to go to  
Dalhart.  
Lois Jean likes to go to An-  
adarko.  
Anneta likes to sell.

#### 8TH GRADE NEWS

QUESTIONS & ANSWERS  
Beverly, who are those boys you  
have been talking about?  
Answer, wait and see.  
Levella, why have you quit  
writing to Pampa?  
Answer, that is O.K.  
Betty Jean, who was the boy I  
heard you talking to?  
Answer, that is O.K., isn't he  
cute?  
Odene, why have you quit writing  
to Briscoe?  
Answer, because he moved.  
Mae, why do you like to go to  
school?  
Answer, because there are a lot  
of boys.  
Mary, who did you go with Sun-  
day night?  
Answer, a boy.

#### PERSONALITY GIRL

Name, Beverly Ann Elmore  
who has black hair, brown eyes  
and is 5-ft., 4-in. tall. She likes  
to play volleyball and dislikes  
ill-mannered boys. Favorite teacher  
is Mr. Osborne, favorite actress,  
Margaret O'Brien and favorite  
actor, Van Johnson. Favorite food  
is ice cream. Her ambition is to  
be a secretary.

### WHY WASTE TIME

Looking for a good drying day?

You've no weather worries when you let Reddy and the automatic  
electric dryer dry your clothes. It can be windy, dusty, rainy, snowy,  
cloudy on the outside ... but, on the inside it's always fair weather,  
it's always good drying with your automatic electric clothes dryer. No  
longer do you have half-dry clothes laying around while you wait for  
a sunny day. Clothes are dried in a matter of minutes. Best of all you  
can dry them completely or you can dry them with sufficient  
moisture content for perfect ironing. They're so useful, these  
automatic electric clothes dryers ... you should have one in  
your laundry.

# Cal Engineers e Celebrating gineer's Week

Throughout the Texas are this week celebra-  
neers' Week which was  
ed by the National So-  
Professional Engineers.  
affiliated engineers are  
the Panhandle Chapter  
as Society of Engineers.  
ber 124 and, like the  
s are honoring this week,  
Washington, the Engineer,  
interested in all phases  
eering. Our Panhandle  
y construct bridges, build  
rubber plants, get oil  
ground, create electrici-  
uch on about every phase  
handle life.

ing land which was later to be  
bought by Joseph Hanks, mater-  
nal ancestor of Abraham Lincoln.  
Historians say that the trip  
with Lord Halifax did much for  
Washington's character, as it ac-  
customed him to hardship. Having  
lived with comfort and luxury, he  
had adjusted to enduring exposure,  
fatigue, hunger and cold upon the  
completion of the expedition. But,  
more important, his engineering  
jaunts gave him a vision of the  
West that later caused him to  
plan wisely for the future of his  
country. He learned about the  
lives of the early settlers, coming  
to realize their hopes and fears.  
By often "feeling the pulse" of  
the hardy colonists, he was able  
in later years to depend upon  
these people he knew so intimate-  
ly.

In his capacity as a military  
engineer Washington built roads  
through forests, constructed brid-  
ges, built forts and fortification.

## Here is a Beautiful Bride's Cake Easy To Make with White Cake Mix

Photo courtesy Swans Down Instant Cake Mix

If there's going to be a wed-  
ding at your house or if you want  
to delight one of your friends  
who's going to be married, here's  
an idea: make a bride's cake of  
white cake mix.

It's a lovely cake, quick, easy  
and beautiful. And inexpensive,  
too. Just figure it out for your-  
self—three packages of Instant  
Cake Mix, three and a half cups  
of milk, and sugar and egg whites  
for frosting. It cuts into pieces  
enough for 25 or 30 people,  
downy light and delicious, a bride-  
cake masterpiece.

After you've frosted the cake  
smoothly, you can decorate it  
with flutings and curlicues put  
on with a pastry tube, and for  
extra trimming add a few little  
birds or flowers sold for cake  
decorating. Practice with the  
pastry tube by squirting a sample  
of your frosting on a piece of  
waxed paper. You can scrape up  
the practice frosting and put it  
back in the tube to use again,  
so no waste is involved in per-  
fecting your technique.

**WEDDING CAKE**  
(Two-tiered oblong cake for  
25 to 30 people)  
Preparations. Line 13x9x2-inch  
pan and 9x9x2-inch pan on bot-  
toms with paper. Start oven for  
moderate heat (350°F.).  
3 packages Swans Down Instant  
Cake Mix  
3 1/2 cups milk  
Combine contents of two pack-  
ages Swans Down Instant Cake  
Mix in mixing bowl. Add 1 cup

With a small force of troops, he  
opened the first road over the  
mountains Westward from the  
Potomac at Cumberland, to the  
waters of the Monogahela and  
Ohio; a road which was to play

such an important part in develop-  
ing that western country.  
Later, Washington officially  
established the Army's Corps of  
Engineers. The "first record" of  
the Corps is found in an entry of

Joe Marsh

## From where I sit... by Joe Marsh

### Sometimes Good Intentions Aren't Enough

fire at the Griffin place  
to much damage last week,  
unter Chief Murphy was  
angry about it. Spoke to  
us over dinner and a bottle  
in's farm is a good mile  
own," he said. "And by the  
d lodged all the people on  
hway who were going to  
we hadn't a minute to  
blamed if those sight-  
n't parked cars right in  
driveway and there was  
if people milling around the  
just gawking. Joe, tell

folks a fire's no sideshow. Ask 'em  
to think of the other fellow!"  
From where I sit, some of us  
need to be reminded occasionally  
that even though our intentions  
are good we may be unfairly inter-  
fering. Whether it's blocking the  
right-of-way of fire equipment or  
criticizing a person's right to en-  
joy a temperate glass of beer now  
and then—the American Way is to  
give way, and give the other fellow  
his fair "share of the road!"

# How much expansion by 1960?

United Gas is now providing dependable nat-  
ural gas service to well over twice as many  
customers as we served at the end of 1940.  
In the last ten years, our service has been made  
available to an additional 217,000 customers  
in this area. To keep step with the steady  
growth of the territory, our plans call for fur-  
ther large investments in new pipe lines and  
other facilities to serve still more customers  
and to assure more adequate supplies of fuel  
to industries on all parts of the system.

## "SMALL BUSINESS"

By C. WILSON HARDER

Congressional leaders private-  
ly advise small business leaders.  
"Tell your people not to be pan-  
icked by lurid reports and sell  
their businesses as many did  
early in World War II."

Scare headlines by publicity  
seeking bu-  
reaurats are  
reputers are  
putting a false  
front on raw  
material sup-  
plies; many  
statements are  
made hop-  
ing to stop  
planned in-  
vestigations,  
they say.

This is the C. W. Harder  
year bureau heads may roll.  
lipped off by the House and  
Senate Small Business Commit-  
tees now gaining power through  
greater support from increasing  
organization of independent bus-  
inessmen.

First target in the battle to  
end material shortages for both  
civilian and military supply  
will be the Marshall Plan. Con-  
gressman Fred L. Crawford of  
Michigan on the floor of Congress  
has called attention to public  
bitterness over the diffusion of  
the American substance.

In a recent speech in St. Louis,  
Stuart Symington, Chairman of  
the National Security Resources  
Board, said since V-J America  
has given nearly thirty billion  
dollars to aid foreign nations,  
equal to 60% of the total national  
debt at Pearl Harbor. But right  
now, besides the squandering of  
American taxpayers' dollars,  
squandering of so-called critical  
materials creates genuine alarm.

Examples: Copper is said to  
be critical, yet in January, 1951,  
Marshall Plan officials gave  
\$6,625,000 worth of copper to  
Germany, Austria, Netherlands.  
Cotton is said to be short, but

©National Federation of Independent Business

\$20,160,000 worth was given to  
France in that same month. Tin  
is said to be short, yet \$2,000,000  
worth was given to the Nether-  
lands in January; \$800,000 worth  
to French North Africa the pre-  
vious month.

Many Congressmen want to  
find out why we give away mat-  
erials said to be short. The  
annual report of the Senate Small  
Business Committee headed by  
Senator John Sparkman of Ala-  
bama, just issued, indicates no  
one has been able to explain why  
these materials should be short.

The Committee refers to the  
study by 18 leading economists  
at Harvard School of Business  
who find that the present econ-  
omy can support an army of 6  
million men.

So far, the only statements on  
shortages have been made by  
bureaucrats, and by monopoly  
officials busy cutting off supplies  
to independents.

Besides curtailing gifts of sup-  
posedly critical materials  
abroad, fair distribution is need-  
ed at home.

This is one reason why the  
House Small Business Commit-  
tee headed by Rep. Wright Pat-  
man (T.) bitterly criticizes Fed-  
eral Trade Commission failure to  
enforce Anti-trust laws.

This committee says the FTC  
needs more money because it  
needs better men; a very strong  
statement.

These are just a few of the  
points mentioned by Congress-  
men when they state:

"If small businessmen keep  
up present active interest in gov-  
ernment, just as Big Labor and  
Big Business have always done,  
their problems will be far less  
... and the Nation won't lose  
any wars either."

The Journal of the Continental  
Congress under the date of June  
16, 1775, authorizing a three-offi-  
cer Engineer Headquarters. This  
was on the day before the Battle  
of Bunker Hill, during which one  
type of engineering works, field  
fortifications, played such an  
important part.

Even as president, Washington  
did not get too far away from  
engineering. He put his soldiering  
friend, French General L'Enfant  
in charge of planning the City of  
Washington, but kept in close  
touch with developments himself.  
It was during this period, too, that  
he issued the first building regula-  
tions for the nation's capital.  
"Terms and conditions declared  
by the President of the United  
States, this Seventeenth day of  
October, 1791, for regulating the  
Materials and Manner of the  
Buildings and Improvements on  
the lots in the City of Washing-  
ton," were the beginning words.

So a great life filled with activ-  
ity embraced the interests of  
engineering, soldiering and states-

manship. This week, then, we  
salute a great engineer by cele-  
brating Engineers' Week of Wash-  
ington's birthday.

The National Foundation for  
Infantile Paralysis was launched  
by the late President Franklin D.  
Roosevelt.

## Cold Weather And Flu Go Hand In Hand

Cold weather and influenza go  
hand in hand, so the proverbial  
"ounce of prevention" is especial-  
ly timely. Influenza has many of  
the signs and symptoms of a com-  
mon cold, and may develop from  
a cold. The popular nickname for  
the disease is "flu," according to  
Dr. Geo. W. Cox, State Health  
Officer.

The common symptoms of "flu"  
are well known. Fever at the on-  
set, cough, and pains in the head,  
back and limbs have been experi-  
enced by many. This disease,  
which spreads rapidly, has a  
crippling effect on the community.  
Much time lost from school and  
work; therefore, its control is of  
economic and social as well as  
medical importance.

Since permanent immunity is  
not developed as the result of an  
attack of the disease, these epi-  
demics continue to appear. Every-  
one is susceptible. The fact that  
this disease is highly contagious  
makes isolation and personal  
cleanliness of utmost importance  
in its prevention and control.

These suggestions should help:  
Keep up bodily resistance by eat-  
ing well balanced meals and get-  
ting regular and adequate sleep;  
practice cleanliness; avoid using  
cups, glasses, dishes, or towels  
that have been used by anyone  
else, including family members.

A physician should be called  
when "flu" symptoms appear. The  
sick person should be isolated  
from others with the exception of  
the person acting as nurse. The  
"flu" victim should go to bed and  
stay there until his physician says  
he can return to usual activity.

Prevent influenza if you can,  
but if you do get it, take care of  
yourself and protect others from  
your germs.

One half of March of Dimes  
revenue is earmarked for the Na-  
tional Foundation for Infantile  
Paralysis for research and epi-  
demic aid.

Sherman County, Texas, led the  
1950 March of Dimes with \$1-  
\$773 per person.

## Peabody Sisters Club Meet

The Peabody Sisters of Salem, by Elizabeth Hill Thorpe. The book recalls American History of the 19th Century in the lives and work of the Peabody sisters, Elizabeth Mary and Sophia, and of the latter two's husbands, Horace Mann and Nathaniel Hawthorne, respectively.

The meeting closed with the reading of the club collect. Refreshment plates which carried out the valentine motif were served to: Mesdames Luther Parks, T. M. Bowman, J. C. Howell, C. B. Nash, Morris Green, C. B. Kirk, A. D. Speck, Frank Noah, Fannie Wofford, N. D. Ware, Bob McNeil, R. G. Russ, L. P. Ward, Patrick Boddy, D. M. Bentley, C. C. Robison, Don Curl, Frank Walker, Henderson Coffman, and Miss Lucille Hutchison, guests. Mesdames R. Wm. Brown, Tom Britt, H. M. Wiley, Lee

Guthrie, Harrison Hall, Carl Lafflin, M. McIlhany, C. J. Meek, Harold Nash, H. E. Nicholson, George Porter, Max Wiley, Nelson Porter, Frank Wofford, H. E. Nicholson, Jr., W. L. Williams, Fred Farmer, Shelby Pettit, Darris Egger, J. M. Porter, J. W. Barr and the hostess, Mrs. Harry Wofford.

## Denson-Laycock Vows Exchanged In Home Ceremony February 14

Miss Mary Bob Denson, daughter of Mr. and Mrs. Cecil Denson became the bride of Ray Laycock, son of Mr. and Mrs. H. L. Laycock Wednesday, February 14, at 8:30 p.m. Marriage vows were exchanged at the home of the brides parents in the presence of members of the immediate families. Rev. M. B. Smith, pastor of the First Baptist Church, read the single ring ceremony.

The bride was attired in a beige crepe dress with matching accessories. Her corsage was of pink carnations.

Miss Betty Jo Laycock, sister of the groom, attended as maid-

of-honor. She wore a brown suit with brown accessories and her corsage was of pink carnations. Doyle Greenhouse served the groom as bestman.

Immediately following the ceremony a reception was held for those attending the ceremony. After a short wedding trip the couple will make their home in Wheeler.

## Taylor Home Is Scene Of Bridal Shower

Mrs. Clifton Taylor's home was the scene of a bridal shower Thursday honoring Mrs. James Barker, nee Edna Dyer, at 2:00 p.m.

Those attending were: Mesdames Bob Helm, Raymond Jones, Roy Langford, James Hall, Garrett Baxter, Ronald Evans, Joe Dukes, Binns Evans, Robert Taylor, Hobart Risner, Ernest Wallace, Dub Crenshaw, Carl Levitt, Earl Waldrip, Forace Evans, Misses Peggy Curlee, Sammie Moore, Annie Risner, Laura Mae Walls, the hostess and honoree.

Out-of-town guests were: Mrs. Emma Barker and Mrs. Frank Dyer from Shamrock. A number of friends sent gifts.

Refreshments of cake and hot chocolate were served.

## Mrs. Flaucy Holt Is Married In K. City

At home at 4017 West 68th Terrace, Mission, Kansas are Dr. and Mrs. Harry R. Staley, whose recent marriage was read in the chapel of the First Presbyterian Church of Kansas City, Missouri, on February 11. Mrs. Staley is the former Mrs. Flaucy B. Holt of Amarillo and Wheeler.

## Marshall-Kirkland Vows Read At Allison

The Baptist Church in Allison was the scene of marriage rites for Miss Helen Marie Marshall, daughter of Mr. and Mrs. Jim Marshall of Allison, and J. G. Kirkland, son of Mr. and Mrs. J. Kirkland of Shamrock, Sunday, February 11.

Rev. Carl Lamb, pastor, officiated at the single ring ceremony. Mrs. Lester Levitt played the nuptial music.

The bride wore a beige crepe dress with matching accessories and a spray of white carnations in her hair.

Mr. and Mrs. James Barker attended the bridal couple.

Mr. and Mrs. Kirkland will make their home near Shamrock where he is engaged in farming.

## Times Classifieds Get Results!

GREAT grandmother was right when she fed her family old fashioned Molasses Pie for the iron and calcium in molasses are important daily needs in anybody's diet. Combine 4 slightly beaten eggs, 3/4 cup molasses, 1 cup corn syrup, 1/2 tsp. salt, 1 tsp. vanilla, 1 cup melted butter or margarine. Mix well and pour into a 9-inch unbaked pie crust. Bake 35 mins. in a gas oven set at 350° F. For Molasses-Pecan Pie, add 1 cup chopped pecans to mixture before pouring into pie crust.

Grease may splash onto the wall behind your range. Cut a sheet of plastic to fasten on the wall. Then a quick wipe with a soapy cloth will keep it clean.

Quilted coverlets are precious possessions and need to be washed and dried with care. The sagging weight of a wet coverlet causes uneven drying on the line and distorts its shape. If you haven't an automatic gas dryer, borrow the use of one for drying your coverlets. Set the dial at high temperature to completely dry for 20 to 25 minutes and the coverlet will be soft, fluffy and perfectly shaped.

To prevent the flowerettes from breaking off as you lift cauliflower from the pan, put the vegetable into a clean cloth tied to form a bag. Cook, of course, over a low gentle simmer flame.

Spill your pins and needles? A dime-store magnet in your sewing box will pick them up in a flash.

If food is burned on the bottom of a pan, soak with baking soda and water overnight. When you're in a hurry to use the pan, bring cold water and soda to a boil over a high flame until burned residue falls off.

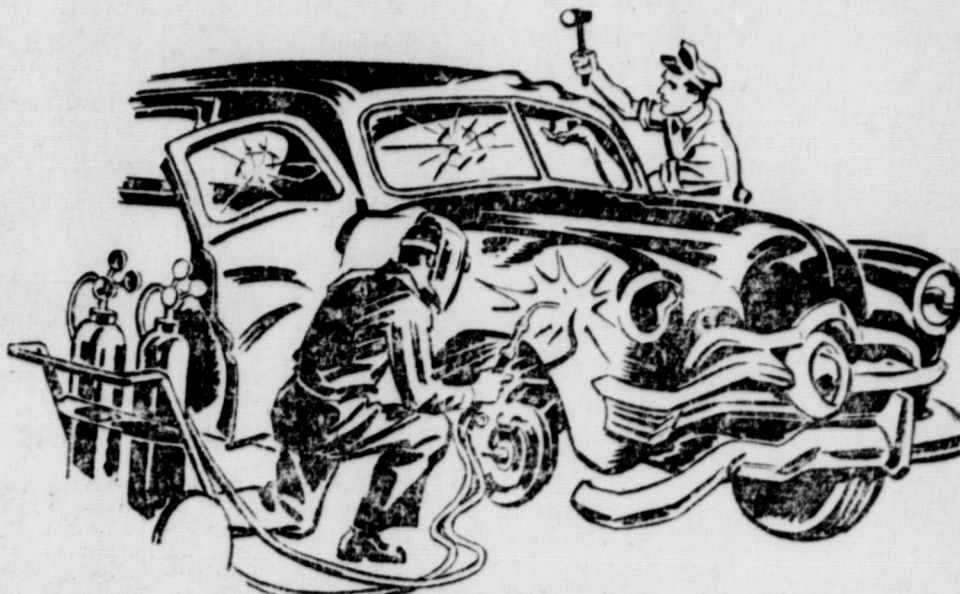

## LOCAL NEWS ITEMS

Miss LaVerne Finsterwald, daughter of Mr. and Mrs. H. J. Finsterwald of Mobeetie, has enrolled in Abilene Christian College for the 1951 spring semester. She is a junior student at ACC.

Mrs. Barney Burgess and son, Don Meadows, spent last weekend visiting Don's grandparents, Mr. and Mrs. J. T. Meadows of Paradise. Mr. and Mrs. Fulton Meadows of Briscoe accompanied them. While there they also visited Mrs. Meadows' sister, Mrs. Jasper Shirley and husband of Springtown.

Miss Jo Sipes, Miss Vandell Starkey and Mrs. Ralph Robison left this morning (Thursday) to visit the remainder of the week in Wichita Falls.

Miss Charlotte Weatherly is now employed as bookkeeper for the Ward Implement Company in Shamrock.

## No Matter What Happened . . . We Can Make It Look Like New!

Slippery highways . . . icy stretches of road . . . they cause more than their share of accidents. But whether it's a dented fender or a dismaying collision like the one shown above, we can make your car look and operate as well as the day you drove it out of the showroom! Our expert technicians, using latest tools, materials and methods can work magic with crumpled body parts and damaged motors. And remember . . . if you should need a tow truck, you'll want it FAST. For service, just call 68.

## BUCKETT'S

### RECIPE OF THE WEEK

By Mary Lee Taylor

#### Chili Meat Balls

1/2 lb. ground meat  
1/2 cup Fat Milk  
1/2 cup bread crumbs  
2 (1/2 oz.) cans tomatoes  
1/2 cup onion  
1/2 cup salt  
1/2 cup flour

1 teaspoon chili powder  
2 tablespoons shortening  
No. 2 can tomatoe  
2 teaspoons sugar  
3 cups cooked noodles

meat with milk, crumbs, onion  
1 teasp. salt. Shape into 12 balls.  
1 at a time, in mixture of flour  
chili powder. Brown on all sides  
and shortening. Blend rest of flour  
into fat in pan. Stir in tomatoe,  
remaining 1/2 teasp. salt and  
pepper; heat to boiling. Cook over low  
heat 25 min., turn meat balls and stir  
several times. Serve on drained,  
noodles. Makes 4 servings.

You Will Need:  
Fat Milk, Ground Meat,  
Onions, Flour, Shortening,  
Tomatoes, Noodles.

Extreme depth of field and correct perspective in photographs like this Graflex prize-winning picture by Warren Hill are made possible by camera with a rising and tilting front standard.

**CAMERA TOPICS**  
By T. T. Holden  
**TILTING FRONT HELPS MAKE BETTER PICTURES**  
Have you ever wondered how to handle a photograph in which one subject is only five or ten feet from the camera and an equally important subject is three or four times as far away? Almost no cameras provide sufficient depth of field to bring two such widely separated areas into sharp focus, yet often you want both to be equally crisp.  
The answer to this apparent mystery lies in a simple feature that adds immeasurably to the versatility of a camera. Known as front-tilt, this feature is a lens standard pivoted on the axis of the lens, that allows the top or bottom of the lens to be brought nearer to the film plane than the other half of the lens. The effect of this tilt is readily understandable. To focus a camera, you move the lens toward or away from the film. With a tilting front standard, it is possible to focus part of the lens on a distant object while the other half is focused on a nearer distance. This gives a greater sharp zone than could be achieved through the depth of field obtained with the average lens.  
This front tilt is always combined with another useful feature known as a rising front. This makes it possible to take pictures of tall objects, such as buildings without tipping the camera up. Tipping the camera is what causes that undesirable peculiar perspective that distorts parallel lines into a pyramid shape.  
The rising and tilting front are among the features that make the so-called press cameras so versatile. They are found also on view cameras. Professional photographers and even amateurs who do considerable architectural or scenic photography as well as studio and close-up work find these features a great boon to better pictures. They are features you should consider when you are looking for a new camera.  
\*Graflex Photo Director

**98 Cases Of Venereal Disease Uncovered Each Day Of 1950**

Here are some ominous statistics to ponder.  
State Health Officer George W. Cox reveals an average of 98 venereal disease cases were uncovered each day of 1950. Total new cases of syphilis and gonorrhea for the year just passed reached 35,863.  
"We had more cases of syphilis last year than the combined total for tuberculosis, smallpox, scarlet fever, polio, diphtheria, malaria, and typhoid fever," the state health official said.  
Venereal diseases far outnumbered any one of the eighteen other communicable infections reported in the state, with the single exception of influenza.  
"It isn't an enviable record," Dr. Cox declared. "Not for gonorrhea, anyway."  
Statistical records kept by the state health agency show a sharp reduction in syphilis rates, but gonorrhea cases have remained almost constant, with 1950 showing a slight increase over 1949.  
Dr. Cox said it indicates a large segment of the people are not aware of the seriousness of gonorrhea infections, or else they're indifferent to their own health and that of others.  
"It is a common misconception that gonorrhea is a minor ailment, when the truth of the matter is that it's a serious disease, capable of causing permanent body damage.  
"Untreated gonorrhea can cause blindness, sterility, arthritic conditions, and have other serious consequences," Dr. Cox asserted. "Sometimes it requires operative procedures."  
Texas H-H clubs have helped raise funds for March of Dimes.

Almost one third of polio cases now are in the late adolescent and adult group.  
Texas had 2,778 polio cases in 1950.  
Ten years ago your dollar was worth 58 cents worth. Inflation.

**Yes, Sir!**

We can still make those delicious, thick malts and milk shakes. If you haven't been to try one of them since we took over the MALT SHOP, we invite you to stop by right away and let us show you. These malts are wonderful with a tasty toasted sandwich, luscious hamburger or one of the other items we serve, too.  
We can also highly recommend our fresh home-baked pies. They are baked fresh every day because we never have any left over. That's how good they really are.  
We serve:—Coney's, Hamburgers, Chili, Soup, Stew, Sandwiches of all kinds, cold drinks, malts and milk shakes, candy, cigars, cigarettes and, of course, those delicious home-baked pies.  
Cecil Johnson  
Wheeler, Tex.

Mrs. Lester Levitt  
Ralph Markham and family spent the weekend here with his parents, Mr. and Mrs. C. L. Markham.  
Mr. and Mrs. W. S. McCoy left Thursday for an extended visit with relatives at Shamrock. Children and Dalhart. They expect to be gone several months.  
Those making the trip to Oklahoma City Sunday for blood donors were: Clifton Taylor, J. Dean Bessire, Clyde Dukes, Roy Langford, Ernest Wallace, James Hall, Billy Ray Jones, W. A. Crenshaw and Forace Evans. The blood was to be replaced in the blood bank there for transfusion for the mother of Ira Fish who was to undergo major surgery.  
Bobby Joe Grayson and family from Duncan spent Saturday here visiting relatives.  
Mr. and Mrs. M. P. Rogers and Porter Rogers and family were in Shamrock Saturday on business.  
Mr. and Mrs. Archie Dillon, John Dillon and Mrs. Donald McMillan and daughter, Linda, spent Sunday at Wellington with relatives.

Rats and mice may not be pleasant to think and talk about, but many a homemaker can testify that they are frequently a very real problem in the home. These persistent rodents, whose families are large and hungry, like to pay marauding visits to the sources of food—and cheese is only one of their favorite dishes.  
The presence of these creatures in the home is no reflection on the homemaker's housekeeping abilities, for mice are found in clean environs as well as the other kind. But they thrive best where they can find food—and many kitchen cabinets, no matter how neatly kept, provide a happy hunting ground.  
One of the most effective ways to starve out the ravaging rodents is to store food stuffs in steel cabinets, the Youngstown Kitchens Planning Service points out. Well built steel cabinets, fully enclosed and with doors that close tightly, thwart attempts of mice and rats to reach the goodies that smell and instinct tell them are close at hand.  
Not equipped with steel-boring teeth, the rodents are unable to gnaw their way to their objectives through steel cabinets. And the smooth, enameled surface of steel does not provide a foothold for visits to above-the-floor shelves and to wall cabinets.  
The tight construction of these cabinets also is effective in keeping ants from swarming into food stuffs on summer days, for they can find no entrance to the inside of the cabinets.

and answer the plaintiff's petition  
at or before 10 o'clock A.M. of the  
first Monday after the expiration  
of 42 days from the date of is-  
surance of this Citation, the same  
being Monday the 26th day of  
March, A.D. 1951, at or before  
10 o'clock A.M., before the Hon-  
orable District Court of Wheeler  
County, at the Court House in  
Wheeler, Texas.

Said plaintiff's petition was  
filed on the 9th day of February,  
1951.

The file number of said suit be-  
ing No. 4160.

The names of the parties in said  
suit are: Millie Hill, a widow, W.  
R. Hill, R. A. Hill, Lloyd Smith  
and wife and Ellen Smith as  
Plaintiffs, and John O'Donohoe,  
United Producers Co., Petroleum  
Producers Co., and Shell Oil Co.  
as Defendants.

The nature of said suit being  
substantially as follows, to-wit:  
Trespass to try title and for pos-  
session of mineral interests.

Issued this the 9th day of Feb-  
ruary, 1951.

Given under my hand and seal  
of said Court, at office in Wheel-  
er, Texas, this the 9th day of  
February, A.D. 1951.

HAROLD D. CALLAN  
Clerk District Court  
Wheeler County, Texas  
10-4tc.

Certified planting seed come  
from fields that were inspected  
during the growing season and  
were properly handled at harvest  
time. They have been cleaned,  
tested for purity and germination  
and properly stored. The extra  
cost is cheap insurance so far as  
stands and yields are concerned.

### Puzzle for Homeowners

Here's a picture puzzle with a happy solution for homeowners. Somewhere in this picture is one of the most modern developments in kitchen convenience, comfort and appearance. Can you find it?

The answer isn't that beautiful, enameled cast iron sink. That spacious, ultra-convenient fixture is an eye-catcher as it should be. But the object of this puzzle is unique because it is "hidden"—or at least happily out of the way. In fact, if it weren't for the device you are looking for, there might not be room for the handsome and roomy steel cabinets under and above the sink.

There you have two clues to the puzzle—it saves space and it's attractively concealed. Here are some more clues. It provides comfort all over the room. It's easy and economical to install. And it's not where it is usually found in a room. After all, who ever heard of radiators at the ceiling?

If you haven't guessed by now, it's baseboard heating installed at ceiling level. The idea is entirely new and its advantages are legion. It enhances the appearance of the room and provides comfortable, even-temperature warmth throughout the room. It frees valuable wall space to permit any desired arrangement of appliances and cabinets in the kitchen. It is just as adaptable to any room in the house!

Baseboard heating units are normally installed just above the floor level in place of the conventional wooden baseboard. In kitchens, however, where space is at a premium, baseboard heating units of the radiant type may be installed under ceilings.

Baseboard heating units will operate efficiently with any type of forced circulation hot water heating system. They may be used in existing houses as well as new construction.

INVEST YOUR PRINTING MONEY IN WHEELER.

## BRISCOE BRONCO

Written by the students of the  
Briscoe High School.  
S T A F F

Editor --- Doris Brotherton  
Asst. Editor --- S. W. Dougherty  
Typist --- Lottie Murray  
Girls Reporter --- Lucy Barnett  
Boys Reporter --- Bobby Helton  
Sponsor --- Mr. Henson

The seniors are putting on their  
play "Tiger House", Friday night,  
March 2.

The cast includes:  
Erma Lowrie --- Doris Brotherton  
Yami, a Hindu --- S. W. Dougherty  
Sophia Briderick --- Lottie Murray

Mrs. Murdock, a Scotchman ---  
Imogene Pannell

Mac Intosh --- Kenneth Levitt  
Arthur Hale --- Douglas Robertson

Oswald Kerins --- Thomas Roy Helton  
Peggy Van Ess --- Mary Jo McNeill

Thompson --- Leottos Murray  
"The Mystery Woman" --- Joyce Caudell

"The Tiger Man" --- ???  
We hope we have a good crowd.

We are all wondering why Joyce didn't go to Amarillo Saturday night.

Wonder why Lottie was so late at getting to play practice.

Doris, why did you have to go straight home after play practice Sunday?

Leottos, why did you get so mad in biology Monday?

Mary Jo, did you have a good time with Doris over the weekend?

Kenneth, does Wheeler interest you very much? We wonder.

Everyone looks as if they just lost their best friend. It must be because this is test week. It seems as if we don't turn around three times until it is time for six weeks test time again.

Everyone seems to be putting off writing their term theme. Why put off until tomorrow what you can do today?

Wonder where three of the juniors were Sunday.

We understand that Van likes to go in the library to "study". Could it be a cute librarian?

We hear that Imogene played real good basketball against Darrouzett.

PERSONALITY  
Our personality for this week is Douglas Robertson. He is 5-ft., 10-in. tall and weighs 145 pounds, has black hair and brown eyes.

His favorite subject is girls and his favorite teacher is Mr. Henson. His favorite sport is basketball. He likes true girls and dislikes one-man basketball teams.

GIRLS SPORTS NEWS  
We enjoyed the Canadian Tournament last weekend although we did get beat. We played Canadian Thursday night with a tie of 36 to 36. We met the Mobeetie Hornets Friday and lost to a score of 42 to 43. Our last game

was with Darrouzett and we were defeated 9 points.  
We are proud of Lucy for winning a gold basketball. Good luck, "Kid".  
We are all looking forward to a successful volley ball season.

BOYS SPORTS NEWS  
We play Mobeetie the 23rd which is our last basketball game this season. We will start playing baseball after the Mobeetie game.

SOPHOMORE CHATTER  
The girls went to Canadian this last weekend.  
We are all tired and sleepy but we are proud of Lucy Barnett for winning a gold basketball. She really did some swell playing.  
We are glad to see Patsy Meek at school this week since she was absent all last week.  
Everyone dreads this week because of tests. I guess we'll all fail together. Maybe not.  
Maureta, we are sorry to hear about your car. Hope you can get another soon.  
Pete, whom did you ask for a date last Saturday night?  
Cleavene, did you get tired of waiting in the Killarney Friday night? We did, too.  
W. L. and Pete, did you find anything interesting in Canadian Sunday afternoon.  
Mary was absent Monday.  
What's the matter, Kid?  
Bobby, do you really like pepper? What about that, "Friend"?  
Maureta and Jayne Ann, what was so funny last Friday night? Lucy was smart not to drink a Fruit Bowl.  
Tommy, where did you get that bump on your chin?  
Juanell and Cleavene, who disturbed the party Sunday night at eleven o'clock?

FRESHMAN CHATTER  
Ten Years In The Future  
Eddie Walker is pitcher for the New York Yankees and he and Virginia are raising a black-haired baseball team.  
Martha Standlee is now concert pianist for the Boston Symphony Orchestra.  
Dean Tipps is now teaching agriculture in Laketon.  
Lucille Caudell is now news reporter for the New York Journal.  
Jerry Hays is now the light weight champion of the world. He has lost only one fight and that an exhibition bout.  
Sylvia Sonntag is raising little sunflowers and helping her hus-

band run a coffee shop.  
Gene Haddock is a lumberjack in Arkansas.  
Wilma Pruitt is a registered nurse at the new Twitty Memorial Hospital.  
Billy Dyson is an English professor at West Texas State.  
Monett Treadwell is a private secretary in Seattle, Washington.  
Johnnie Gilmer is living in Reddon and raising movie stars.  
Zetha Parker has dyed her hair and is playing with "Red Heads".  
Saving up to 50 percent can be made if the growing boy's shirts, pajamas and shorts are made at home.

We play Mobeetie the 23rd which is our last basketball game this season. We will start playing baseball after the Mobeetie game.

SOPHOMORE CHATTER  
The girls went to Canadian this last weekend.  
We are all tired and sleepy but we are proud of Lucy Barnett for winning a gold basketball. She really did some swell playing.  
We are glad to see Patsy Meek at school this week since she was absent all last week.  
Everyone dreads this week because of tests. I guess we'll all fail together. Maybe not.  
Maureta, we are sorry to hear about your car. Hope you can get another soon.  
Pete, whom did you ask for a date last Saturday night?  
Cleavene, did you get tired of waiting in the Killarney Friday night? We did, too.  
W. L. and Pete, did you find anything interesting in Canadian Sunday afternoon.  
Mary was absent Monday.  
What's the matter, Kid?  
Bobby, do you really like pepper? What about that, "Friend"?  
Maureta and Jayne Ann, what was so funny last Friday night? Lucy was smart not to drink a Fruit Bowl.  
Tommy, where did you get that bump on your chin?  
Juanell and Cleavene, who disturbed the party Sunday night at eleven o'clock?

FRESHMAN CHATTER  
Ten Years In The Future  
Eddie Walker is pitcher for the New York Yankees and he and Virginia are raising a black-haired baseball team.  
Martha Standlee is now concert pianist for the Boston Symphony Orchestra.  
Dean Tipps is now teaching agriculture in Laketon.  
Lucille Caudell is now news reporter for the New York Journal.  
Jerry Hays is now the light weight champion of the world. He has lost only one fight and that an exhibition bout.  
Sylvia Sonntag is raising little sunflowers and helping her hus-

## Seascape

Never too early to plan for that tropical cruise. Here's a lovely pin-dotted pique surf suit for sun-deck or resort wear from the pages of Cosmopolitan magazine. Contrasting wool knit in red or blue makes the fitted trim. Made by Reel-Poise. The suit with jacket, about \$35.

Mr. and Mrs. Ed Gilbert of Pampa, old-time friends of Mrs. Arlie Jeffus visited Mrs. Jeffus and other members of the Jeffus family Sunday afternoon.

**NEWS FROM County Agent's Office**

(Continued from Page 1) especially hard freezes have been very hard on roses. Many roses have been damaged and will need replanting. Grade one and one and one half should be selected as they are more likely to live and make good growth. Rose plantings should have at least three canes of branches fourteen to eighteen inches long.

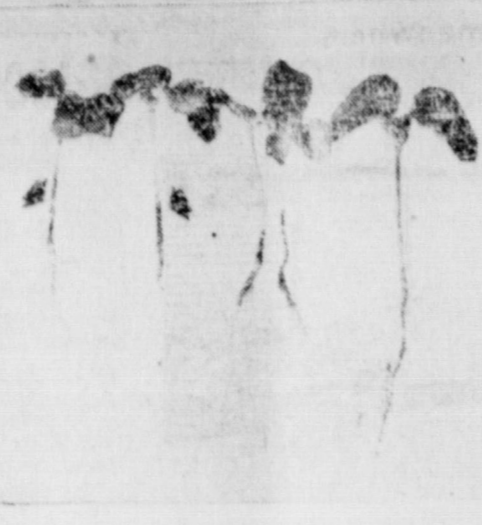

Root systems should be checked for galls and rough spots. Also look for nematode knots on the small roots for nematodes can really ruin a garden plot. Roses should be planted in well drained moderately fertile soil. Avoid soil high in lime and white sand. Roses should not be planted back in old beds or around other shrubs that compete with them for soil moisture.

**INEXPENSIVE WINDBREAK**

Its rather late in the year to be thinking of wind breaks but Mr. John O'Gorman at Twitty has one that certainly merits consideration. He has made one out of old barrels. It was very inexpensive and should anyone be interested he would probably be glad to tell about it.

Mr. and Mrs. H. C. Johnson of near Shamrock are the parents of a 7-lb., 4-oz. baby boy born at the Shamrock General Hospital Tuesday morning. Steven Ray is the grandson of Mr. and Mrs. Otis Reid of Wheeler and of Mr. and Mrs. Henry Johnson of near Shamrock.

**MORE and BETTER COTTON**

SORE SHIN or "Damping-Off" of cotton can be controlled.

Sore shin or "Damping-off" is a touchy subject with many a cotton grower. It is hard to understand why your small seedlings should partly or completely die soon after they have come up. And it seems strange that this should happen in what ought to be your better soils—the heavy soils and those rich in organic content.

Because it happens most often in cool, damp weather, you may blame the bad weather when sore shin attacks your seedlings. Actually this is caused by fungi or bacteria that live in your soil, or in or on your seed. Cold and moisture cause these fungi to thrive at your expense.

A change to warm, sunny weather sometimes stops an

attack of sore shin. It's much better, however, to prevent this disease before you plant your crop. Treatment of cotton seed with an organic mercury disinfectant has been proved to stop most losses from sore shin as well as losses from seed rot. This treatment kills the disease fungi on and in the seeds and protects both seeds and seedlings as they come up.

You can treat your seeds yourself, or have the job done for you. In either case the chemical costs less than 10¢ per acre, which is about one-fiftieth the cost of replanting. The County Agent can tell you more about the value of seed treatment and where you can get treated cotton or your own cotton treated for you.

**Wheeler hisperings**

(Continued from Page 1)

Mr. and Mrs. Oren Horn, Jr., and Darville Atherton had been involved in an automobile accident on a rural road somewhere in the vicinity of Briscoe.

Now, we would like to compliment Mrs. C. B. Kirk who called us soon after Mrs. J. F. Carter passed away trying to get an item in the paper but we were already through printing the papers so it was too late.

Then we can blame ourselves for not having one article which should have been in last week's paper. The article we have reference to concerns a series of robberies which occurred on Friday night, February 9, victimizing Ebb Farmer's Station, Lowell Farmer's Service Station and the Brown Cafe. According to reports the thugs took approximately \$100.00 in cash from Ebb Farmer's place and \$11.00 in cash from the Brown Cafe while they failed to get any cash or merchandise either from Lowell Farmer's establishment.

We believe Percy Farmer was about the proudest grandfather we have ever seen last Sunday morning. He was telling everyone about his twin grandsons who were born at 12:18 and 12:32 a.m. Sunday morning. They are the

sons of Mr. and Mrs. R. W. Davis of Amarillo and were named Richard Dwight, 5-lbs., 14-oz., and Robert Duane, 6-lbs., 4-oz. Their mother is the former Edna Helen Farmer. The grandparents are Mr. and Mrs. Percy Farmer and Mr. and Mrs. W. A. Davis of St. Joseph, Mo.

These youngsters have two sets of great grandparents living here in Wheeler. They are Mr. and Mrs. E. E. Farmer and Mr. and Mrs. J. L. Bailey.

These little lads also have the same birthdays as the Merle Norman twins, Robert and Richard.

**Ten Students From This Area Attending WTSC**

Ten students from the Wheeler area are enrolled at West Texas State College for the spring semester. Of this number, six students are from Wheeler, two are from Allison, and one each is from Briscoe and Mobeetie.

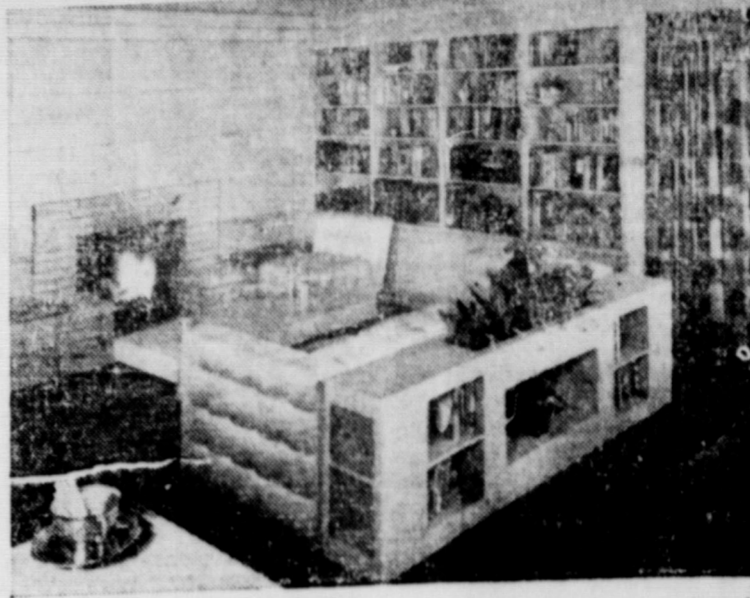

Wheeler students attending are Richard Lee Gaines, Martha Ann Hastings, Gene Hubbard and Garland E. Parks, freshmen; and Kenneth D. Crowder and Barbara Frye, sophomores.

Students attending from Allison are Donna Jo Brown, freshman; and Patsy Huff, senior.

Beverly Caldwell is a sophomore from Mobeetie, and Bill Price, a junior, is from Briscoe.

Mrs. Paul Chesher and Jan of Amarillo visited here over the weekend with relatives.

**Cozy, Easy to Maintain**

Hardwood veneer furnishings and wall paneling in handsomely-grained blond oak lend warmth and beauty to this cozy living room, as shown in American Builder magazine. The matching furnishings and woodwork were constructed by Edward A. Precour, Oshkosh, Wis., builder who uses hardwood plywood and face veneers exclusively in all types of furniture, fixtures and paneling made in his woodworking shop.

**"Falling From Grace", Subject Of Fellowship**

"Falling From Grace" will be the subject for the Sunday evening Fellowship Sunday evening at 6:45 at the Methodist Church. Mrs. C. J. Meek will direct this study.

Sunday evening. This Fellowship meets at 6:45 each Sunday evening, just before the evening worship service at 7:15. There is an age group for the children, one for the young people, and then the adult group. The entire community is invited to attend.

Mrs. C. A. Mason and Dortha and Wilma spent the weekend in Pampa and Amarillo with Miss Evelyn Mason and Mr. and Mrs. Carl Mason.

**Five Persons Sent to Pen During Past Week**

The low commission on the Texas prison system for 1948 and 1949 from Wheeler was marred in 1950 when five persons were sent to the prison each year was commuted.

This was revealed by Koeninger, director of the prison at the sociology department of the Houston State Teachers College. His advanced studies of the survey which dates from 1928.

Wheeler county's commitment numbers were a record of 1930 were "sent up". In the years the commitment dropped considerably in 1930-1940.

Mrs. Darnis Egger, Ruth Merrill attended in Amarillo Friday night week presented by the Quartet.

Mrs. Earl Mitchell visited Mrs. A. C. Meek.

Cecil Denson has been in a meat school in this week.

New rose plants are growing in the same depth should not be planted in beds nor where they compete with shrubs and plant food and moisture.

**NOW MODERN RESEARCH DRUG HELPS YOU BEAT LOCAL PAIN!**

\*Arthritis · Rheumatism  
Neuritis · Bursitis · Lumbago  
AT THE POINT OF PAIN!

**NEW Surin WITH METHACHOLINE CHLORIDE Means Fast, Double-Action Relief NO INTERNAL DOSING**

At last—a wonderful new way to get fast relief from local muscle and joint pains, as well as those of simple colds and fatigue! Now you can get blessed relief with amazing new SURIN—the result of months of thorough scientific investigation. Best of all, you get this relief by applying SURIN at the point of pain. This means no pills, powders or liquids to take!

**SURIN FIGHTS PAIN 2 WAYS**

It contains a powerful modern research drug, Methacholine chloride, known to doctors as a vaso-dilator. Applied at the point of pain (1) this remarkable substance dilates surface blood vessels, and (2) allows fast penetration of SURIN's selected analgesic and relaxing ingredients. The result? Fast relief at the point of pain!

No pills, powders or liquids to take! Apply SURIN at the point of pain!

**DON'T RISK A CENT!**  
Get SURIN today. You must agree that it's a wonder-working ointment for fast relief at the point of pain, or money back at your druggist's—no questions asked.

GET DOUBLE-ACTION PAIN RELIEF—GET SURIN!
