

## ELEVEN STUDENTS ARE GRADUATED AT LELA SCHOOL

Eleven eighth grade students were graduated from the Lela Independent School District at commencement exercises at 8 o'clock Tuesday night.

The graduates were: Jimmie Al Anderson, Barbara Ann Corley, Raymond Charles Francis, Donald Wayne Horton, Leon Ray Pepper, Charles Ramond Phillips, Georgetta Pauline Crow, Mary Ann Evans, Martha Joyce Hanner, Mary Lynn Johnston and Kay Bell McCurley.

Leon Ray Pepper was valedictorian of the class with an A plus average during the 1950-51 term, Thomas H. Baker, principal, announced. Leon attended Lela School eight years and was outstanding in plays, basketball and baseball.

Salutatorian of the class was Barbara Ann Corley with an A average. Barbara attended the Shamrock Schools before enrolling at Lela. She excelled in basketball and baseball.

Jesse J. Dyer, Wheeler County Superintendent of Public Instruction, delivered the commencement address. Mrs. Caro Beth Wells played the processional. Rev. Tom

 To Wheeler from Peggy, "Be Honest With Me"

### NEWS

We are going to have the annual school picnic May 4th at the Alexander Ranch. We are hoping to have fun and we're sure we will.

The 4-H club members that made dresses go to Wheeler Saturday, May 5th, to model their

presentation of awards and R. L. Wyatt presented the diplomas. Rev. Thomas O'Neal gave the benediction.

Many improvements have been made at the Lela School during the current term. The gymnasium was remodeled and showers installed, making it possible to hold the largest junior basketball tournament ever held in Wheeler County.

A deep freeze has been installed in the lunch room.

The junior grade school basketball team won the sportsmanship trophy at the McLean Tournament, won second place at Briscoe and third at Kellerville.

The faculty is composed of: Baker, principal and coach; Mrs. Peggy Graves, first and second grades; Mrs. Helen Sanders, third and fourth grades; Mrs. Caro Beth Wells, fifth grade and music for the entire school; Mrs. Mildred Scruggs, sixth grade and math in seventh and eighth grades; Bennie Graves, seventh and eighth grades; Mrs. Maudie Sims, substitute.

### CLASS NEWS

The grade school, Junior High and freshman took State tests April 18th. We haven't seen our papers yet and are surely dreading it. Our valedictorian is Mary Ann Ault.

The seventh and eighth grades went on a "Moonlight Picnic" Tuesday night, April 24th at Don-

aldson's creek. We certainly enjoyed it and wish to thank the parents which were there for their kind cooperation.

National 4-H Sunday presents an opportunity for 4-H Club members to give expression to the character development that takes place through 4-H activities.

### QUESTIONS AND ANSWERS

Q. Peggy, where were you Sunday?  
 A. At Allison, I think.  
 Q. Lois, why don't you make up your mind about the boys?  
 A. I like all of them.  
 Q. What did you do last Sunday, Gerry?  
 A. I went to the Washita River.

### GOSSIP

Beverly seems to be much happier now than a while ago. What love bug bit you this time, Betty Ann?  
 Odene, how are you and Bill getting along?  
 Charles, is it still her?  
 Wonder why Mary Ann is so happy?  
 Paul, how are you getting along with the 8th grade?

### IDEAL GIRL

Hair like Betty Marshall.  
 Eyes like Betty Evans.  
 Teeth like Gayle Moore.  
 Finger nails like Mary Ault.  
 Hands like Lavesta Megee.  
 Complexion like Mae Donaldson.  
 Personality like Beverly Elmore.

### DEDICATIONS

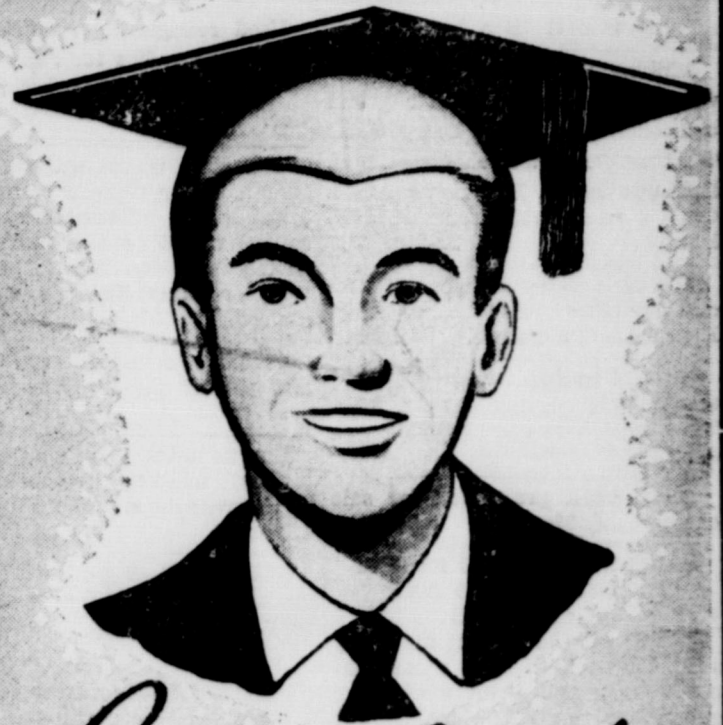

Lavesta to someone, "Mocking Bird Hill"  
 Mae to him, "Sweet Hour of Prayer"  
 Paul to all the girls, "I'll Be a Bachelor 'Till I Die"  
 Beverly to Vance, "There Is No Secret What God Can Do"  
 Betty Jean to Author, "There Goes My Heart"  
 Mary Ann to him, "Ask Me No Questions"  
 Charlene to him, "Honky Tonk-in"  
 Billy to all the girls, "Don't Flirt With Me"

### WONDER WHY?

Charles is always jolly.  
 Paul studies so hard.  
 Odene likes to go to shows.  
 Beverly hates to see school turn out.  
 Charlene likes Allison better than Childress.  
 Lavesta gets so disgusted with someone.

### WHAT IF?

Mae was short and black headed?  
 Gayle had a dark complexion?  
 Billy Ray was a city slicker?  
 Lavesta didn't study?  
 Paul taught school?

Good Luck!

## In the Gas Business, too IT TAKES MANY SOURCES OF SUPPLY

More than two hundred fields in Texas, Louisiana, Mississippi and Oklahoma supply the gas that moves through United's pipe lines. These many sources of supply not only assure dependable service for household and industrial uses today, but will provide a continuing supply for years to come in the more than 400 communities served by United Gas.

But our job doesn't stop there. We are looking to the future—to furnish natural

gas wherever it is economically feasible to an ever-growing population, to additional cities and towns and to new industries locating in the Gulf South.

That's why we are continually seeking out and developing new sources of supply—to be sure there's natural gas available for new homes and industries built along the United Gas system this year—and in the years to come.

#### SENIOR NEWS

The seniors are glad that Bac calaureate sermon was a great event, and we are glad that it is over also.

We wish to thank Mrs. Brotherton for the wonderful lunch she prepared for us Sunday.

We are excited over our com-

mencement exercises which comes Thursday night.

We want to thank all the teachers for their patience they have had with us all through our high school. Maybe the ones that follow won't give them so much trouble. At least we hope they won't.

We wish for the seniors next year, much happiness and loads of fun. We hope they have as much as we have had.

We certainly enjoyed the breakfast Mr. and Mrs. H. R. Barnett prepared for us Sunday morning. Thank you Barnett's.

#### JUNIOR NEWS

We finally come to the last of school just think we will be big seniors next year. Of course we will miss this years seniors but hope we can justly fill their shoes. Everyone is simply living for Saturday morning. We are certainly looking forward to the sum-

mer months. Maybe we can get some relief from lessons.

Imogene is sad because she has had her last Saturday night in Wheeler for quite a while.

Van, does "Her Heart Cry" For You?"

Tooter and Douglas were ushers Sunday.

Tolene has been a good girl lately.

Buddy? "Well!"

S. W., how did you do in Shamrock Sunday?

#### SOPHOMORE NEWS

This will be a very busy week because of all the final tests Tuesday and Wednesday.

The class enjoyed a Weiner roast last Tuesday night at the Shamrock Roadside Park. Afterwards, we saw "Watch the Birdie". All the class were present except Tommy. Guests were: Imogene, Joyce, and Patsy W. We wish to

**JOAN BELL SEAGO**, 17 years old, is valedictorian of the 1951 graduating class of Shamrock High School, with a two-year scholastic average of 92.7. Joan was born on a ranch 11 miles northeast of Shamrock, the daughter of Glynn Bell and the late Marion Bell. She was president of her freshman class, played basketball and was a member of the Pep Squad four years, serving as leader in 1950-51. She was a member of the Chorus Club two years and on the Irish Eyes Staff in 1949-50. Joan is past Worthy Advisor of the Rainbow Girls and is a member of the Methodist Church.

Thank our sponsors: Mrs. Tom Helton, Mrs. Weaver Barnett, Mrs. Roy Waters and Mrs. Oden Hudson.

Couples Saturday night were: Maureta and W. L., Mary and Gerald, Jayne Ann and Bobby, Lucy and Smiley, and Cleavene and John Dan.

We wish to say "Happy Birthday" to Cleavene (Thursday) and Lucy (Friday).

All of the sophomores attended Baccalaureate Sunday except Patsy.

For further news on this class, read in the "Junior News" next year. (We Hope!)

#### FRESHMAN NEWS

The freshman are looking forward to the end of this week.

Martha's aunt from Fresno, California has been visiting her this week.

Wonder why the freshman girls have been being so quiet lately? Does anyone know?

We wonder why Jerry's beginning to work so hard?

Johnnie, Sylvia and Wilma, who got after you Friday?

Couples seen over the weekend were: Zetha and Gene D.; Monette and Van; Virginia and Eddie; Johnnie and Darrel and Martha and Buck.

Jerry, who did you tell on Friday?

#### SEVENTH GRADE NEWS

Joanna, who do you think you look like?

Nancy, did you have fun in Pampa Sunday.

Don, who was with you Sunday? Karen, what was in Canadian Saturday? Nelda, why so calm? Did the cat get your tongue?

Now is the time to make plantings in the home garden of squash, cucumbers, pole beans, bush beans, cantaloupes, peas, okra, spinach, eggplant and watermelons. Be sure to include in tomato plantings at least a few plants of the varieties that bear well during the hot summer.

Don't forget the supplemental pastures for summer grazing. The application of fertilizers, in most cases, will materially increase their production. A mixture of sudan and cowpeas makes a good summer pasture.

From where I sit... by Joe Marsh

"One For The Book"

Miss Reynolds, our town librarian, really put a smart-aleck motorist in his place last week—right in center of town, corner of Main and Walnut.

Her car stalled, tying up traffic. Most drivers just waited quietly—realizing she couldn't help it—but one fellow kept blaring away on his horn.

So Miss Reynolds gets out of her car, walks over and says sweetly, "I'm afraid I can't start my engine. If you'd like to try I'll stay here and lean on that horn for you." That stopped him!

From where I sit, a lot of us are sometimes a little overzealous to "sound off" before we really understand what it's all about. Let's try to see the other fellow's side in whatever he does—how he votes, what he thinks, whether his preference is for a glass of beer or buttermilk—rather than simply blast out anyone who "gets in the way" of our ideas in these matters.

## Weiner Roast Honors Local Senior Class

Mesdames Emmitt Herd, Shelby Pettit, O. W. Pendleton, Cleo Gaines and Ernest Dyer honored the graduating class of the Wheeler high school with a weiner roast Friday evening, May 11, at the City Park.

Hot dogs, potato chips, cookies, marshmallows, cokes and suckers were served. Members of the class reported that everything tasted so good that each tried to out eat the other but never really decided who ate the most, Dick Pendleton or his father.

## Methodist Honor Srs. With Breakfast May 10

A breakfast was given for the seniors of Wheeler high school Thursday morning, May 10, at the Methodist Church, with members of the church as hosts.

Songs were sung and then breakfast was served which consisted of orange juice, sausage and hot cakes.

A very inspirational talk on, "Common Courtesies", was given by F. E. Carey of Pampa. The group then sang folk songs to conclude the program.

## Frank Wofford Home Is Scene Of Sr. Reception

The Wheeler Senior class was honored with a reception Monday evening, May 7, at the home of Mr. and Mrs. Frank Wofford, with the Baptist Church as host, after being their guests at the church for the program presented by "The Internationals", a quartet from Wayland College, Plainview. Rev. M. B. Smith and one of the members of the quartet addressed group on living a Christian Life, where-ever one goes and whatever one does. Two songs were also sung by "The Internationals".

That's the good wish from all your friends in the community.

BRISCOE HIGH SCHOOL, under the direction of Supt. Harold E. Barnett, will graduate six students at exercises tonight, May 17. Jesse J. Dyer, Wheeler County Superintendent of Public Instruction, will deliver the commencement address at exercises to begin at 8 p.m. in the school auditorium.

One thing nice about a small graduating class is that all members can hold important offices. Troy Leotis Murray is president; Kenneth Wayne Levitt, vice president; Wilma Joyce Caudell, secretary; Doris Fay Brotherton, council representative; Mary Jo McNeill, reporter; and Lottie Marrie Murray, treasurer.

As may be seen in the photo, motto of the class is: "Success Awaits at 'Labor's Gates'."

### KELLERVILLE 8TH GRADERS RECEIVE DIPLOMAS TONITE

Nine eighth grade graduates will be presented diplomas at the Kellerville School at 8 o'clock tonight, May 17. Baccalaureate services were held Sunday at the Kellerville Baptist Church.

Ronald Holly is valedictorian of the class with Mavis Medley being salutatorian. Other graduates are: Tommy Bolin, Jimmy Farren, Gene Ewens, Lorraine Medley, Maysie McPherson, Jackie Pool and Audra Korgent.

Ray Cook, Jr., a graduate of Slatrock High School, is principal of the Kellerville School and teaches seventh and eighth grade classes.

His staff of instructors include: Mrs. A. V. Jones, first and second grades; Mrs. Ruth Gaylor, third and fourth grades; and Frank Smith, fifth and sixth grades.

Members of the school board are: Archie Farren, president; Forrest Switzer, secretary; and Clifford West.

The Kellerville School is closing a successful season. One of the highlights has been the success of the boys' basketball team which entered six tournaments during the season, winning three first place awards and two second places.

The eighth grade banquet was held in the Blue Room of the Dixie Cafe last Friday night.

**State Health Officer Warns Of Danger Of Catching Typhoid**

"It is a well-known fact that typhoid fever may result from the use of water, milk, or other food contaminated by bodily discharges of patients or carriers who harbor typhoid germs," stated Dr. Geo. W. Cox, State Health Officer.

"The fact that we know the source of infection and the means by which infection may be controlled, emphasizes the importance to all communities of providing water and milk of the highest quality.

"Texas is being host to many visitors this year, and all communities should put forth every effort to see that no epidemic occurs which will put an unnecessary blot on the health record of this State.

"Typhoid fever may be controlled by the use of pure water, pasteurized milk and clean foods, by the proper disposal of sewage, by screening homes against flies, by protecting food from contamination by flies, by destruction of the fly and its breeding places, by search for the care of carriers, and by anti-typhoid vaccination.

"Excreta from persons ill with typhoid should be carefully disinfected to prevent the germs from polluting the soil and thus being carried into streams or wells and contaminating the water supply. Where there is an efficient system of water purification, typhoid fever has greatly decreased.

"It is the responsibility of each community to establish adequate safeguards against the consumption of contaminated products at all times and in all places.

"It is the responsibility of each individual to further control the occurrence of typhoid fever by establishing immunity for himself by vaccination."

**Announcing**  
our appointment as Dealer for  
**FERTILENE**  
LIQUID FERTILIZER

We are proud to make this announcement in the interest of our customers who are always looking to us for better methods of improving their yields. We are convinced that with the use of the new liquid fertilizer FERTILENE you might increase your production from 10 to 300 per cent.

Recent scientific tests by university experiment stations and farmers show evidence of marked increases in small grain yields when seed grain is treated with liquid fertilizer before planting.

Fertilene liquid fertilizer is a highly concentrated compound made of the finest raw materials needed for plant growth. It is a "super-charged" solution containing 7% Nitrogen, 14% Phosphorus, 7% Potash, plus trace elements of Boron, Magnesium, Manganese, Zinc, Calcium and Iron.

Tests Suggest That Phosphate Soaked Into Seed Is "60 TIMES MORE EFFICIENT" Than When Applied To Soil In The Regular Way

By applying Fertilene to your seed grain, you add a great deal of nourishment—ready for the seed to use immediately after germination. This helps develop better root structure and top growth in the early stages. It makes possible an impressive increase in your yield. Fertilene is not a cure-all. But where either the soil or the seed is deficient in elements necessary for growth building, the results have been outstanding.

**COSTS LESS THAN 60c PER ACRE**  
One gallon of Fertilene is diluted with 1/2 gallon of water. It will treat 12 bushels of wheat, oats, rye or barley seed. The cost is generally less than 60c an acre.

**EASY TO USE—NO SPECIAL EQUIPMENT**  
It is easy to apply Fertilene. Just sprinkle over your seed grain, mix thoroughly on barn floor, tarpaulin or in cement mixer, and allow to dry before planting. Treated seed runs freely through the drill. Fertilene is safe from freezing to 40° below zero.

**WHEAT GROWER SAYS:**  
About your fertilizer, have noticed that the wheat came up faster and grows faster than the unfertilized. And also the best stand I believe I ever had so far. For example my neighbor planted 80 acres and used the fertilizer and it came right up and kept growing. And in the center he ran out of fertilizer, so he went ahead and planted without the fertilizer. It took that wheat (untreated) about a month to come up to where it looked like any stand at all, and very slow growing. My, what a difference.—G. Mayes, Tergarden, Okla.

**LANGDON, NORTH DAKOTA, EXPERIMENT STATION**  
Superintendent, Victor Sturlaugson, says: "Recent tests showed a 41.7 bu. per acre wheat yield with application of liquid fertilizer to the seed and 39 bu. per acre from untreated seed—an increase of 2.7 bushels per acre."

**Supt. Carrick Trying To Start Kindergarten**

Supt. W. O. Carrick stated this week that he had several requests to establish a kindergarten class here next fall but still lacked some having enough applicants to justify the class. A kindergarten class can be operated on a minimum of 12 students in which case the tuition will run \$10.00 per month.

The class would be primarily for 5-year-olds but Carrick states that they would accept some 4-year-olds in order to secure a teacher.

Anyone who is interested in sending their children to a kindergarten class is asked to please contact Mr. Carrick or leave their name at the Wheeler Times office not later than June 7.

Mr. Carrick stated that the class will be operated from 9:00 a.m. to 12:00 noon and that the teacher will have had experience and training in kindergarten work and the course will be set up according to recommended standards.

At 13 years of age, Molly Kay is one of the youngest members of her class. She is a member of the Rainbow for Girls, the First Methodist Church and the Youth Fellowship of that church. She was a member of the first team in junior high basketball this year. In addition to delivering the valedictory address at commencement exercises Monday morning, Molly Kay will be presented with a perfect attendance award.

**Former Resident Dies At Oklahoma City**

Word has been received here of the death of Mrs. Curtis Chesher of Oklahoma City who died of a heart attack Saturday, May 5. Funeral services were conducted on Monday by Rev. Murray Fuqua, a former pastor of the Wheeler Baptist Church.

Mrs. Chesher will be remembered here as the former Miss Elva Mae Jones, daughter of Mr. and Mrs. E. R. Jones who resided here a number of years and now live at 1219 Ave. N., Lubbock.

Survivors besides her husband and parents are a daughter, Jean, and a son, Billy Ed.

**Kelton Girls Observe Annual Focus Week**

The Girls Auxiliary of the Kelton Baptist Church observed their Focus Week last week under the direction of their counselor, Mrs. Fred Higginbotham, and the Young Peoples secretary, Mrs. Leonard Rathjen.

They met each night at the church until Friday night when they met at the home of Mr. and Mrs. Leonard Rathjen for their Mission Study lesson. The lesson was then followed by a weiner roast.

Those present were: Rev. and Mrs. Fred Higginbotham, Sharon Stiles, Virginia Shaffer, Lyvonia Hunt, Mary and Nancy Joslyn, Velma and Helen Cain, Patsy Wilmoth, Peggy Baird, Beth and Doris Marie Rathjen, Mrs. John Baird, Vera, Clota Faye and Delbert Boatman, Richard Cain and the hostess.

**CARD OF THANKS**

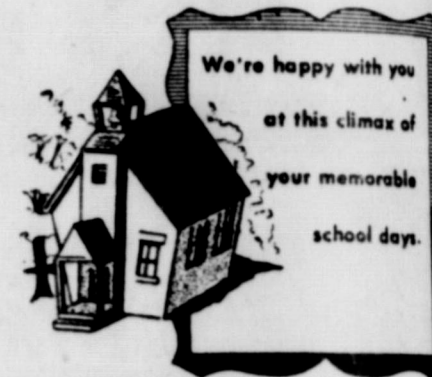

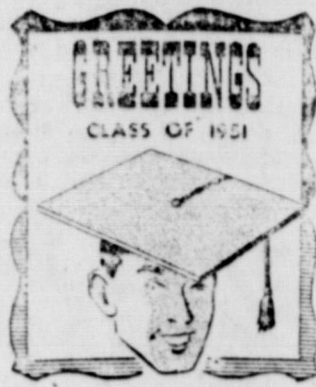

We would like to take this means of thanking everyone for their kindness and thoughtfulness shown us during the illness and death of our mother and grandmother. Also for the beautiful flowers and the food which was brought.

May God bless each of you.

The new school superintendent,  
Alvie Daugherty, was just intro-

such a responsible position? Mau-  
rine Herd is his secretary. I  
wonder what it is like to be a  
superintendent's secretary especi-

**THIRD HIGH RANKING STU-  
DENT** is Miss Wanda Blevins, 17-  
year-old daughter of Mr. and Mrs.  
Cecil Blevins. Wanda was only 8-  
tenths of a point below the Wheeler  
Salutatorian with an average of  
92.2 for her four years of high  
school work. Miss Blevins was a  
member of the Pep Squad and the

was also a member of the Mustang

Wanda Blevins has become the  
second Florence Nightingale since  
she finished her nurses training.  
We saw Dossie Nickell who was on  
leave from the hospital. He is con-  
tinuing his school days occupation  
of buying and wrecking cars.  
James Gaines invites everyone to  
come take a long rest at his beau-  
tiful home. He is the friendly  
undertaker, James Leard has be-  
come an inventor, but then he  
always had an unusual mind.

Richardson is a Criminal Lawyer.  
She always gets her man! We see  
that at least one our classmates  
is in the sports field. Edgar Hub-  
bard is the coach of a girls base-  
ball team. He always likes curves.  
Of course, we can't forget Dick  
Pendleton. He has become a Full-  
er Brush Salesman. He always did  
have a good line.

**HIGHEST WHEELER BOY** is  
Maurice Pettit, 18-year-old son of  
Mr. and Mrs. Shelby Pettit. Maurice  
concluded his 12 years of attending  
the Wheeler Schools with an average  
of 84.4 for his four years of high  
school work. He participated in all  
sports including football, basketball,  
baseball and track, lettering in foot-  
ball two years and baseball three  
years. No awards were given in  
baseball and track. He participated  
in the junior and senior plays and  
was a member of the Future Farm-  
ers of America for four years. His  
plans for the future are indefinite  
due to the world situation.

With the singing of the song of  
old W. H. S. beneath this beau-  
tiful southern moon, we bring to  
a close the reunion of the Class of

"It's my time to put the motion

girl as she breezed onto the stage.

## PROPHET LOOKS INTO FUTURE OF BRISCOE SENIORS

As we look into the future of the  
Briscoe Seniors of 1951, we find Lot-  
tie Murray married and very happy.  
We find her trailer house parked be-  
side a beautiful shade tree in the  
country. We hear her calling from  
the door for Rev. Thompson to hur-  
ry up with the fire.

Next we take a peek into the fu-  
ture of Leotis Murray. We find  
he has returned from the Navy a  
Captain and is very happily married  
to a certain pretty, shy girl whom he  
knew while in high school.

Ten years from now we find Doris  
Pay Brotherton typing away in a  
large office building located in the  
very center of Washington, D. C. She  
is secretary to the President of the  
United States of America.

We find Kenneth Levitt, a suc-  
cessful county agent of Wheeler  
County who has had a slight acci-  
dent while demonstrating his tech-  
nique to farmers. He was rushed to  
the General Hospital where Dr.  
Walker with the assistance of Joyce  
Caudell will perform an immediate  
and successful operation.

In Sugar Land, we will find Miss  
Mary Jo McNeill, warden of the  
"Western Bell" girls reform school.  
At the same time Mary Jo's favorite  
song will be "I Didn't Know The  
Gun Was Loaded."

Supt. C. R. Brown and Mrs. Scribner are pictured in the center of the "H". Class President Edwin Sims, Class Secretary Patsy Johnston, Madge Patterson and Nell Alexander are pictured in the left leg of the "H". Vice-president Ouida Burke, Bobby Corcoran, Evelyn Worthington and Joe Shelton are pictured in the right leg of the "H".

Totty. She has finished the rest of her schooling in Mobeetie. Among the honors she has received since being in high school, she has been pep leader her junior year and is vice-president of the senior class, sports editor of the annual, F.F.A. sweetheart, member of the Babe Ruth foundation, and was the Lion's Club Queen for this year. She has been active in sports all four years in high school and is known throughout the county as one of the best basketball guards ever. She plans to marry soon after school is out.

EDWIN SIMS, valedictorian of his class, is following in the footsteps of his brother, Onie, and his mother, who was valedictorians of their classes. He is the son of Mr. and Mrs. John Sims of Mobeetie and was born February 7, 1934, at Mobeetie. He has attended school in Mobeetie all eleven years. Edwin is senior class favorite, president senior class, sports editor of the Hi-Life, and he takes an active part in baseball. Edwin can always be depended on and has a swell sense of humor. He plans to enter Tech at Lubbock in the fall.

EVELYN WORTHINGTON, daughter of Mr. and Mrs. Frank Worthington, was born May 20, 1933, at Reydton, Oklahoma. She has gone all her school years to Mobeetie. She is senior class favorite, editor of the annual and pep leader for this year. She is to receive the Babe Ruth sportsmanship award and has taken an active part in sports during her high school years. Evelyn is the girl you can always look for a good time. She plans to go to work when school is out.

BOBBY CORCORAN, son of Mr. and Mrs. John Corcoran, was born August 14, 1934, at Mobeetie. He has attended school in

Mobeetie all eleven years. Among the honors he has received throughout high school are: sophomore class favorite, junior class president, and pep squad's favorite this year. He is sports editor of the annual. He has also received the Babe Ruth sportsmanship award and takes an active part in all sports. He can always be depended on to give you any information you want concerning baseball as he is an avid baseball fan. He plans to enter Central Junior College next fall.

## Short Sketches Of Lives Of Mobeetie Seniors Given

**SENIOR CLASS**

PATSY JOHNSON, daughter of Mr. and Mrs. Roy Johnston of Mobeetie, was born December 26, 1933, at Chillicothe, Texas. She came to the Mobeetie schools when she was in the seventh grade after attending various other schools, some of them being Borger, Kleene, Chillicothe, and Phillips. Patsy has received honors of being class favorite her junior year, class secretary her junior year, candidate for Lion's Queen, business manager of the annual and considered by Who's Who as most dependable girl in high school. Patsy has a smile that will go a long way and will profit her much in life. Patsy's plans for the

summer are undecided.

ANN NELL ALEXANDER, who is the daughter of Mr. and Mrs. A. D. Alexander of Mobeetie, was born June 22, 1933, at Wellington, Texas. She went to school her first year at Quail, then to Mobeetie, and has spent the rest of her school years in Mobeetie. She was vice-president of the class the junior year. She is assistant editor of both the annual and Hi-Life and was in the Who's Who as the wittiest girl in high school. Ann Nell has a wisecrack for everything and thus will always get along. She plans to work for Mrs. Gethings on the Gethings Ranch after school is out.

MADGE PATTERSON, daughter of Mr. and Mrs. Jess Patterson of Mobeetie, was born October 2, 1933, in Mobeetie. She has spent all eleven years of her schooling at Mobeetie. She was valedictorian of her eighth grade class and salutatorian of the senior class, running a close race with Edwin Sims. She is typist of the annual and editor of the Hi-Life. In the Who's Who she was chosen as the neatest girl in high school. Madge's pleasant disposition and musical talent have made her a favorite not only in her class but

in the whole school. Her sweet smile never changes even though she must become a bit provoked helping procrastimators with their late work. And she doesn't mind slipping out of study hall or class for a little bit of fun—if she doesn't get caught! She has ambitions—to go on to college and to have a good time while there, too.

JOE SHELTON, son of Mr. and Mrs. Henry Shelton of Mobeetie, was born February 7, 1933, at Miami. He has spent all his school years in Mobeetie. He was class favorite his junior year. He is the artist for the annual and was known in the Who's Who along with Ruth Morris as boy and girl with the most opposite personalities. He played football this year. He is always "easy come, easy go" with never a worry in the world. He is undecided as to what he will do after graduation. Uncle Sam will settle that problem for him before long without a doubt, though.

OUIDA BURKE, who is the daughter of Mr. and Mrs. Alvis Burke, was born August 12, 1933, at Mobeetie. Before entering the second grade at Mobeetie, she attended school at Briscoe and

eighteenth amendment was adopted into the Constitution. This was the result of adopting the ideal to the girls and boys.

People then relaxed thinking that the final victory had been won. This was not the end of this evil and the end has not yet come. Bootlegging came into existence. At the time it didn't effect the people of our great nation. Then younger people began to seek pleasure, so by the influence of bootlegging some of them began to yield to this terrible temptation.

One eastern millionaire said, "If we can open up drinking places again we can repeal the income taxes." That seems to be the ideal of many people today. Our income tax might not be so high but the cost of crime, traffic safety, and robbery would increase because people would then sell themselves to drinking alcoholic drinks and it would cost more than our country could pay to keep our public safety and protect the rights of our fellow men.

The drunkards say we must have liquor because the revenue is needed by the government. Even if this statement is true, it means huge sums have been spent for drinking and effecting their own bodies and minds. When people say this, they are thinking of the money it brings for their own benefit.

If we are to keep our country strong, we should start with clearing all places where alcoholic drinks are sold. It is up to the people of our country to see that our country is free from all liquor. If we will just educate our children to the ideal of getting rid of alcoholic drinks, we can be sure that it can be done.

**ALCOHOL IN THIS MODERN WORLD**  
By Esther Rodgers  
Alcohol has become a very serious problem in the twentieth century. Those who drink it are not aware of the fact that it does more harm than good. They drink it to their minds of some burden

which has come upon them. However, instead of giving relief it brings more and heavier burdens. Alcoholic drinks take effect just as quickly as it has got into the nervous system. Tests have proved that they have different effects. Some of the victims become very dizzy, sleepy, and a whirling sensation in their head while others

just become sleepy. Statistics show that out of 359, imbeciles, feeble-minded, and insane persons in the state of Massachusetts that 27 percent of them have drunken parents. Of these about 61 percent of the children of heavy drinkers die in infancy while sober women lost less than a quarter of their children.

It has been said that in our country if we get an ideal, we can accomplish that ideal by educating our girls and boys to the ideal. Before our Constitution was written the citizens taught the children to disregard all alcoholic drinks. Christian people all over the land thanked God when the final victory was won, and the

# Wheeler Class Will Is Given

**CLASS WILL.**  
 Died on May 15, 1951, in the fourth year of its age, the Senior Class of Wheeler High School from a rash of information to the head. The funeral services will be held in the Gym on May 18, 1951, and all friends are requested to attend, bearing flowers and gifts.  
 The death of this brilliant class, although not sudden, is still a shock to the entire community, particularly to the faculty, who had thought it might linger for another year; however, the accumulation of facts and fancies, information and ideals was too great for the immature mind of the Senior Class, and it gave up the struggle gracefully, as it did all things; therefore, it is my solemn duty to produce the last will and testament.  
 We, the Class of 1951, in sound mind and healthy physique, do make our last will and testament.  
 To our dear old school building we leave the peaceful quiet caused by our absence and any apple cores, wads of gum, or crumpled notes we may have left about.  
 To our principal we give and bequeath a sense of relief that we have finally graduated.  
 To our teachers, we bequeath our very kindest regard and our sincere gratitude for their unfailing kindness and aid.  
 We give and bequeath to the Junior Class our well known nerve, which they will need next year, and all the examination questions we have been given during the past year. We believe that our examination, like history, often repeats itself.  
 To our friends, the Sophomore

Class, we leave our patience. It will be found useful as the only means by which they endure the Juniors.

To the young unsophisticated Freshman we leave the map of the school building, so that they will not get lost and roam about in everybody's way looking for their classrooms. We include with this map our little book entitled, "How To Tell the Teachers," a pamphlet compiled by us after four years of arduous study.

It would be noticed that we made no mention of the present Freshman Class which will be known as the Sophomore Class in a few months. We have left them nothing, because by that time their self-valuation will have attained such heights that nothing in our possession would be regarded by them as worthy their distinction.

**ARTICLES—**

I, Bonnie Ray Tilley, do bequeath my ability to get up at 9:05 and get to school at 9:06 to Martha Gaines.

I, James Leard, do bequeath my ability to get my English by fair means or foul to Bill Crossland and Don Lowrie.

I, Maurine Herd, will all my excuse blanks and absence privileges to Wanda Manney.

We, Annie Jackson and Betty Risner, do hereby will our matrimonial success to Wynola Childers and Claudell Cox.

I, Dossie Nickell, do bequeath my ability to run the high hurdles to David Johnson and Bob Weathers.

I, Jo Ann Porter, do bequeath my ability to get along with the male population of this institution to Anita Underwood.

I, Lucille Richardson, do bequeath my musical voice to Carmelita Brown.

I, Wanda Rivins, bequeath my ability to give the wrong answer in history and stand by it to Neil McQueen and Mary Bob Laycock.

I, Billie Traylor, leave my title "Sleepy" to Jerry Newberry.

I, Bill Hooker, do bequeath my ability to play basketball to Dixie Sanders and Margaret Moore.

I, Leola Richardson, do bequeath my girlish figure to Bonita Ragan.

I, Maurice Pettit, do bequeath my golf grace and tactics to Richard Brown.

I, Alvin Daugherty, leave my no-point baseball system to James Clark and Carroll Good.

I, Dick Pendleton, leave my ability to play the great lover to Joe Mitchell.

We, James Gaines and Edgar Hubbard bequeath our ability to think up excuses for getting out of first periods to Melvin May, Bobby Moore, and Leon Moore.

I, Edwina Brown, leave my noteworthy ability to Denis Magruder.

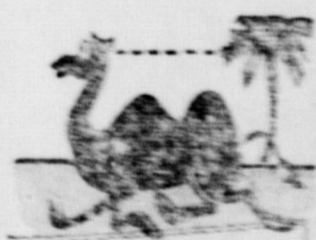

Besides these bequests, we leave our best wishes to any and all who may desire them.

Any property or personal possessions of ours that may remain in addition to the item specified we give and bequeath to the Wheeler Board of Education to use as it sees fit.

Finally, we do hereby name and appoint as the sole executor of this, our last will and testament, our Class advisers, Mr. Cecil Padlock and Mr. Bill Knighon.

In witness whereof we, the class of 1951, the testator, have set our hand and seal on this 15th day of May in the year 1951.

# History Of Local Senior Class Given

**HISTORY**  
 The graduating class of 1951 started way back in the year of 1939. Mrs. Phillips, the first grade teacher at that time, was trying to find her new pupils. When all of a sudden she caught a glimpse of something running down the halls, and this something was the one's, of the class of 1951 that started in the first grade. They were as follows:  
 James—Rather bashful then, but quite a ladies-man now.  
 Billy Ruth—the little girl first to catch the measles, mumps and chicken pox and very promptly passed them on to us.  
 Maurice—The curly haired boy who wanted to sit with all the girls.  
 Von Eva—The little red-haired girl who liked to fight.  
 Leola—The only girl that was quite and she hasn't changed.  
 Dick—The freckled faced boy who wore his overall in Dog-patch style.  
 Bonnie Ray — The kid who always wanted to stand during class but is content to sleep through them now.  
 Maurine—The one that remained studious throughout her school years.  
 We will never forget when Wanda joined us in the fourth. No one joined us in the fifth there was a new student waiting for us when we went to the sixth, which was Edgar.  
 We lost two of our students in the fourth and fifth grade, Bonnie and Bill.  
 But Bonnie came back in the fifth to what always seemed to her like home.  
 Lucille which joined us in the seventh, makes up the total of new students in grade school. She was a very friendly girl and everyone took a liking to her from the very first.  
 When we finally got to the ninth grade things began to change, different ways of having classes and etc.  
 Things were beginning to run rather smooth in the 10th grade, then something new and something old came along. The new was Annie Collins, and the old was Bill who couldn't stay away from dear old Wheeler.  
 When we got to the 11th grade we were so busy making money and things we hardly noticed Edwina, Alvie, and James Leard as they joined us, but we soon got acquainted with them when we had class meetings.  
 As we were approaching our last year in high school we were a little sad about finishing and here Dossie joined us. Betty and Jo Ann seemed to prefer being seniors instead of juniors, which made the total of three new students joining us in our senior year. But there isn't a one in the class that didn't enjoy going to Wheeler School and pestering the teacher.  
 At the end of the four years the principal expressed himself as greatly pleased with the additions to his country and pronounced them all highly eligible for admission as citizens.  
 By way of appropriate celebration, a strange ceremony, known as commencement, was held. Speeches were made, for no particular reason, songs were sung, and scrolls called diplomas, signifying the skill and finesse it took to get one were given to the

**KELTON VALEDICTORIAN** is Miss Wilma Lou Mason, 18-year-old daughter of Mr. and Mrs. C. A. Mason. Miss Mason completed her four years of high school work at Kelton with a 91-plus average. She has attended school at Kelton her entire school career. She participated in basketball, volleyball and softball throughout high school and placed on the second all-tournament basketball team at both the 1950 and 51 Wheeler Invitation tournaments. She was chosen on the first all-tournament team in the 1951 district basketball tournament. Miss Mason took part in both the junior and senior plays. She is a member of the National Honor Society. She plans to attend West Texas State next fall and major in business administration.

**KELTON SALUTATORIAN** is Miss Velda Anderson, 18-year-old daughter of Mr. and Mrs. Albert Anderson. Velda completed her four years of high school work at Kelton with a 90-plus average. Miss Anderson has received all her formal education at Kelton. She played basketball, volleyball and softball throughout her four years in high school and received the sportsmanship trophy at the McLean Invitation Tournament this year and placed on the second all-tournament team at the district basketball tournament in 1951. She won second place in high school spelling and fifth place in shorthand at the district league meet this year. She participated in both the junior and senior plays. Miss Anderson is a member of the National Honor Society. She plans to attend West Texas State this fall and major in business administration.

 "I've decided on a name for baby," said the young mother. "I shall call her Nanette."  
 Her husband thought it was an awful name to give a girl, but being a wise and actful fellow, he did not object.

"Splendid," he said, cheerfully. "The first girl I ever loved was called Nanette, and the name will revive pleasant memories!"  
 There was a brief silence, then: "We'll call her Mary, after my mother," said the young wife firmly.

## Graduates, As You Leave High School THINK!

Think, about your Faith in God and the Spiritual values of life which are essential to these times. Faith can conquer fear and guide us to personal and world peace. In faith, we can find strength and courage for these days and the days ahead.

Young people are to be commended for the effort put forth in school, and for the progress made as a result of this effort.

In life there are many things of importance — an education is one of these things, and through a well-rounded education a person is prepared for fuller living. It is the conviction of this organization that no person has a well-rounded education who neglects the training gained through the study of the WORD OF GOD—THE BIBLE. In our training let us turn back to the teaching of God's Word, and to the God of the Word.

# Mobeetie Senior Prophecy Is Given

**SENIOR PROPHECY**  
**MRS. HAROLD GATLIN**—the former Ann Nell Alexander, and husband are on their way to London, England, to make their home. Harold liked London so much after spending time there during the war that they have decided to return. Of course, they are accompanied by their two-year-old twins, Nell and Dell.

**BOBBY CORCORAN**—is now mayor of Nome, Alaska. Someone received a letter from him recently, and he said all he did was eat, sleep, and fish.

**JOE SHELTON**—owner of Mobeetie's Bakery, wants a woman with one tooth to bite holes in doughnuts, also a man with one wooden leg to mash potatoes.

**MISS MADGE PATTERSON**—Dean of Women in Mobeetie College, is away this week attending a music conference in Paris, Texas. She looks just as sophisticated as she did in the senior play in '51 but is scarcely so hard of hearing.

**MRS. JIM BOB WRIGHT**—nee Evelyn Worthington, now proclaimed the world's champion

**MOBEETIE VALEDICTORIAN** is Edwin Sims, 17-year-old son of Mr. and Mrs. John Sims. Edwin's average for the 4 years of high school work at Mobeetie was 93.8. He participated in football and baseball, was sport editor of the Mobeetie Hi-Life, was president of the senior class and senior class favorite. Edwin plans to enter Texas Tech at Lubbock next fall.

tennis player, will return to the United States soon. Her husband, Coach Wright of Texas University, will meet her in New York where she will be met by the Mayor, Mrs. Elsie Scribner.

**PATSY AND J. B. CORCORAN**—are living on their ranch near Amarillo, Texas. They are reported as very happy. They have six little cowgirls now.

**MISS OUIDA BURKE**—recently broke her contract with Paramount in Hollywood; the reason—Bill Godwin, multi-millionaire, is still hanging around and is going to hear wedding bells for the two of them yet, it seems.

**EDWIN SIMS**—now operates a helicopter service. He gives special rates to Wheeler and back, especially on Saturday nights. Round trip, just a mere 100 dollars!

This class always had various interests and desires in school, and the ten years since graduation in May, 1951, seem not to have made many changes in them. They have found their places as being anything from housewives to world famous people.

**MOBEETIE SALUTATORIAN** is Madge Patterson, 17-year-old daughter of Mr. and Mrs. Jess Patterson. She has attended Mobeetie Schools throughout her school career and completed her high school work with an average of 91.9. She was valedictorian of the class when she graduated from grade school. Madge was typist on the annual staff and editor of the Mobeetie Hi-Life and was chosen in the school's Who's Who as the neatest girl in high school. She plans to enter college next fall.

### BUSINESS AS USUAL

This happened in Scotland: A doctor and dentist had been close friends for over 50 years, but each had always taken particular care that the other should not discover his age. When, however, the dentist died, the doctor could not help looking forward to the funeral, when he hoped at last to know the dentist's secret.

As the coffin was being lowered into the grave, he stepped forward to look at the brass plate, only to read: "Angus McLeod, Dentist. (Hours, 10 a.m. to 4 p.m.)"

### GENTLE HINT

Peter was playing at Jimmy Brown's house. When it was time to go home it started to rain. Mrs. Brown offered to lend him Jimmy's raincoat.

"Don't take so much trouble, Mrs. Brown," said Peter, politely. "I'm sure your mother would do as much for Jimmy," she replied.

"My mother would do more," said Peter. "She'd ask Jimmy to stay for supper."

# Mobeetie History Is Given

### CLASS HISTORY

The present senior class started the long uphill climb back in September of 1939. Those starting school at Mobeetie included Madge Patterson, Edwin Sims, Nellie Jean Brown, Harold Gatlin, Leroy Hathaway, Evelyn Worthington, Ann Nell Alexander, and Joyce Bonds. At Mt. View school house west of Mobeetie, Pete Seitz, Barbara Trimble, Vick Hathaway, and Wendell Seitz started. Three of these were trampled under in our mad rush and will finish next year. Vick is working for Henry Johnson near Mobeetie. Harold Gatlin is now in England in service for his country; Nellie Jean left us the year we were freshmen; she was salutatorian when

our class finished the eighth grade. Leroy Hathaway has quit school and is helping his father farm. Rumor has it he will soon be married. Bobby Corcoran and Mary Ruth Jeffus began their education at Union School, southwest of Mobeetie. Joyce Dewitt came from Pampa to join us in the seventh grade and dropped out to marry when we were juniors. Ouida Burke, W. R. Keeton, and Betty Jo McCray launched their careers at Briscoe. Betty Jo moved to Mobeetie, then to Kelton, and is now Mrs. Max Baird of Kelton. Ouida moved to the Mt. View community to finish her first year and started at Mobeetie in the second grade. W. R. Keeton is now serving in the armed forces. Bernice

## Briscoe Graduates "Leave All" Faculty And Under Classmen

Gentlemen, Board of Education of Texas, U. S. A.: I have called you together on this occasion, to listen to our last will and testament, and to receive from our dying hand the few gifts we have to bestow in our last moments here.

Listen then, one and all, while I read the document, as duly drawn up and sworn to:

We the class of 1951, in six individual and distinct parts, being about to pass out of this sphere of

education, in full possession of a crammed mind, well trained memory, and almost superhuman understanding, do make and publish this, our last will and testament, hereby revoking and making void all former wills and/or promises by us at any time heretofore made, or mayhap, carelessly spoken one to the other, as the thoughtless wish of an idle hour.

We give and bequeath to the dear faculty, who have been our instructors in all the wisdom of the ages, a sweet and unbroken succession of restful nights and peaceful dreams. No longer need they lie awake through the long watches of the night to worry over the uncertainty of whether this one is doing her night work, or that one will remember to have her mathematics in the morning class. It has been a hard strain on them, for seniors are said to be at all times and under all conditions difficult to manage. But they have done their duty, and verily, now shall they have their well-earned reward.

We give and bequeath to our beloved superintendent, Prof. Harold R. Barnett, our sincere affection, our deepest reverence, our heartiest gratitude, and the whole unlimited wealth of our eternal memory. In an attempt at partial payment for all that he has done for us during our long years at Briscoe High, we make over to him, here and now, a heavy mortgage on our future in the Great Unknown beyond.

The following may seem but trifling bequests, but we hope they may be accepted, not as worthless things lavishly thrown away because we

can no longer keep them, but as valuable assets to those who may receive them, and a continual reminder of the generosity of heart displayed in our free and full bestowal:

To the freshman class that is to be — any overlooked cuds of gum we may have left adhering to the underside of desks, banisters, assembly seats, or any likely or unlikely places. We have sometimes had to rid ourselves of these in too much haste to be able to pick and choose the most desirable means of disposal.

The subjoined list will be recognized as entailed estates, to which we do declare the class of 1952 the real and rightful successors:

Our seats in class-room and chapel; may they endeavor to fill them as advantageously, as promptly and as faithfully as we have done. Our seats in assembly hall may be taken by whosoever is able to grab them first.

Our senior dignity; may they uphold it forever, with all seriousness and gravity, endeavoring to realize its vast importance, in spite of their natural light-mindedness and irresponsibility.

Last comes the one thing hard for us to part with. To our successors we must leave our places in the hearts and thoughts of our principal and teachers. We trust that the class of 1952 will appreciate all this as deeply as we have done, that it may be their most precious possession, as it has been ours, and the one we are most loath to hand over to them.

In witness whereof, we, the class of 1951, the testators, have to this our will, written on one sheet of parchment, set our hands and seal this seventeenth day of May, one thousand nine hundred and fifty-one.

Don't walk in a daze—  
Look both ways.

### JUST THE THING

Making tests of a home-made brew which a cautious Scot had submitted for analysis, the chemist said: "I'm sorry, but this stuff is dreadful. If you drank this I guarantee you would be blind for life. You had better let me destroy it."

"No need to do that," said the Scot, stretching out a hand for the bottle. "My old friend McTavish has been blind for years. I might as well give it to him for a birthday present."

### HOW MUCH?

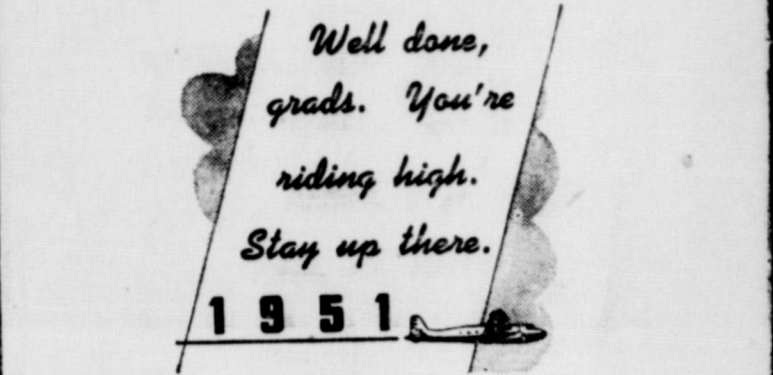

"This knot in my handkerchief? Oh, that is to remind me to try and get something for my wife."

"Really, old boy? How much do you want for her?"
