Mobeetie Meditations

Mr. Homer E. Matthews
Lion's Club met Tuesday June 12, for their regular meeting with 15 members present. Mr. C. W. Coward gave a talk on the "New Soil Conservation Act" and Jack Miller was elected Treasurer to fill the unexpired term of Vernon Willard. The club will meet again in the near future. A delicious fried dinner was consumed and discussed.

Methodist Vacation Church closed Sunday night, June 18, with a very good program by children. After preaching by the instructors and pupils, a tour of the class was made to inspect the results of the program.

Folk on the east end of the street are sure glad Boyd Lester Beck have a large, storm cellar. It seems to be a favorite gathering place lately. I think everyone will be pleased when the present season is over.

Henry Johnson was the guest of a pink and blue shower Sunday at the home of Mrs. M. Murrell with Mesdames Alexander and Grady W. as co-hostesses. There were eight registered.

WCSA met Wednesday in the Methodist Church. The opening prayer was given by Mrs. A. D. Moore. Mrs. Wilber presided, conducting business session. The new program for the ensuing year is: Mrs. Woodford Williams, president and promoter; Mrs. Homer Matthews, secretary of spiritual life; Mrs. A. D. Moore, secretary of Christian social relations and local church activities; Mrs. L. G. Moore, secretary of religious education; Mrs. Clyde Matthews, secretary of children's literature and publications; Mrs. W. L. Moore, secretary of the closing devotion; Mrs. A. D. Moore, president of the eleven members present.

Miss (Sad) Scribner is in the Hospital recuperating from an appendectomy. Sorry it happened, but glad you are feeling nicely.

Riddy Killowat Club of the Wesleyan Hotel had a good time Saturday evening. There was a large attendance and a good time reported.

Young people and inter-medians of the Baptist Church given a party Monday night at the home of Mrs. Frank. They went out to the creek for a dinner and games.

D. M. Robinson of Lambs is spending some time at the home of her daughter and Mr. and Mrs. Coleman. Mrs. Walton has been in the hospital at Shamrock, but we hope to say she is able to be home.

Mr. and Mrs. Guy Baird and family formerly of the community, but who made their home in more recent years at Raymondville are their brother Douglas and family and their many friends of this community.

Reporter and her husband returned Sunday to take home and hear our son and, incidentally, we heard good Father's Day sermon.

Rev. A. D. Moore, pastor of the Methodist Church, had the privilege to receive a very painful Saturday when a scarf, which he was wearing, in his carriage gave way and he had a bad ankle injury. He is being up and around with a crutch.

Mrs. Travis Patterson spent Sunday in the Godwin home. They are on their way to Fort Worth.

CLARENDON TO CELEBRATE 75 BIRTHDAY SOON

Three rodeo performances with all the thrills and spills of real pioneer days, horse races, four dances, free barbecue, parade, old settlers get-together and on old fiddlers contest—combined total prize money of more than \$4,500.00, all go to make up the 75th Celebration of Clarendon on July 3rd and 4th.

The Clarendon Outdoor Entertainment Association has announced final plans for the seventy-fifth anniversary celebration of Clarendon. The rodeo performances on the night of the 3rd and afternoon and night of the 4th of July will be held in the new rodeo arena. This arena, one of the outstanding of the entire West Texas area provides night lighting and grandstand seating for more than 1,000 spectators and has just recently been completed at a cost of more than \$17,500.00.

R. S. Brumley, secy-treasurer of the Association, announces that rodeo entrants from New Mexico, Oklahoma and Texas; along with invited entrants from Colorado and Kansas will be on hand to vie for the prize money that is expected to exceed \$4,500.00 and will offer thrills of the Old West to the spectators.

Some of the fastest horseflesh in the southwest will gather on the afternoon of Tuesday, July 3rd in matched races, that will be without equal in this section of the country.

July 4th will see an estimated five thousand people at the chuck wagon for the free barbecue. Ranchers of the area and other interested persons have already donated fourteen hives and others are being secured for the free John Snyder barbecue commencing at 11:00 a.m. The Panhandle Barbecue King, John Snyder, an early day cowboy known on most of the older spreads during the past half-century will be on hand to personally prepare the barbecue and draw the chuck wagon to a stop on the courthouse lawn at the designated hour.

Parade Marshalls, H. M. Breedlove and R. E. Drennan, will start the parade at stepping at 1:00 p.m. The line of march will be from the F.W. & D.C. depot through the downtown section of town and will end at the Rodeo Arena where the only afternoon performance of the Rodeo will be held. The renowned Woods rodeo stock, from Clovis, New Mexico, has been secured. This stock is known to be some of the wildest and toughest rodeo stock that is available and promises as much in thrills of the old western rodeos as can be found any place this side of the Wyoming and Dakota badlands.

State Health Officer
Commends Dairymen's Remarkable Progress

Dr. Geo. W. Cox, State Health Officer, endorsing the observance of June as National Dairy month today released a statement commending Texas dairymen for the remarkable progress they have made in the past few years.

The use of clean safe milk is a health measure. Milk is our most nearly perfect food as it is rich in proteins, vitamins A and G and the minerals calcium and phosphate. Improved methods of producing wholesome milk has been a great help in the saving of infant lives.

Milk is perishable and especially during hot weather. To insure milk of good quality requires cleanliness, sterile utensils, protection against flies, careful bottling and maintenance at low temperature. The presence in fresh milk of large numbers of bacteria, due to insanitary methods of production is a health hazard.

Dr. Cox added, "Among the diseases which may be transmitted through milk are tuberculosis, typhoid fever, scarlet fever, diphtheria, septic sore throat, undulant fever, diarrhea and enteritis. Numerous milk-borne outbreaks of disease occur every year in this country from the use of milk that might have been safe with proper care."

"We should firmly insist that the milk we drink be carefully produced, so that we will have the maximum practicable protection along the line from the cow to the consumer."

Wheeler Whisperings

By J. C. Howell

A few people around town here raised something over \$500.00 without any trouble what-so-ever to build another tennis court on the Methodist Church Park and we were highly in favor of this move. Now, we would like to see the people of this vicinity raise approximately the same amount of money for the purpose of lighting a softball diamond in this city.

There is no doubt that many more people would receive benefits from the use of a softball diamond than would from the use of the tennis court even though there is a great deal of interest in tennis.

At the present, Minister Tom Seay and some of the community leaders have gotten some interest stirred up in softball and games are being played two nights each week under the lights at the football field, but this is not an ideal set-up since playing on the field hinders the growth of the grass and will lessen the turf which will be available for the boys to play on this fall. Then, too, the bases have to be moved for the boys to play on this fall. Then, too, the bases have to be moved around from night to night in order to keep from wearing out paths in the grass, and there are other disadvantages to the arrangement.

In addition to this, there are not many towns the size of Wheeler which do not have lighted softball diamonds, and many communities even smaller than Wheeler have lighted playing fields; therefore it appears to us that we are running behind time.

This week at least 70 young people, and some not so young, took part in softball games played on the local softball field. There were two men's games on Monday night and two girls' games and one men's game on Tuesday night. In addition to those who participated in the games, there were several spectators who enjoyed the evenings which indicates that Wheeler would use and enjoy a nice softball field.

There has already been some discussion concerning the installing of lights on the diamond which has been levelled off in the city park and the Kiwanis Club has several feet of pipe which could be used in making poles on which to set the lights; therefore, the only cost to be incurred in installing lights would be the welding of these poles together, buying of fixtures and installing same.

The Wheeler Times will donate the same amount of money it gave on the tennis court to this project if the rest of the people in this vicinity are interested in getting together and lighting a softball diamond which will provide many hours of entertainment and recreation for people in this vicinity, both young and old.

If you are with us on this project, stop by the Times office and let us know how much money you will give . . . you don't have to give anything right now . . . just let us know how much you will put into this project and if enough money is subscribed then we will come back to you for your donation.

.....

We thoroughly enjoyed attending the annual meeting of the Texas Press Association in Dallas the later portion of last week and while we were there had the honor of visiting with Gov. Allan Shivers, and meeting Gen. and Mrs. Douglas MacArthur and Arthur personally at a regularly scheduled breakfast of the association. In addition to meeting these thought-provoking addresses and learned some things which we believe will help us to do a better job of publishing the Wheeler Times. Mrs. Howell attended the meeting with us, while Cheryl Kay spent the entire week visiting with relatives in and around Chillicothe.

.....

Thanks to Rev. E. F. Robinson for bringing in a beautiful bouquet of dahlias early this week. Two of the flowers were approximately 6 inches in diameter and were simply beautiful.

.....

Here is our latest list of those who have paid their subscription to the Wheeler Times:

Pfc. Giles D. Godwin, W. H. Jackson, Mrs. J. A. Saddy, Pvt. Delbert D. McWhorter, Billy Ray

(Continued on last page)

City Health Officer Urges Observance Of Sanitation Measures

With the time of summer illnesses caused by contamination and spread by flies and other insects having arrived, Dr. Glenn R. Walker, city health officer, is urging the cooperation of citizens this week in keeping their premises clean and sanitary.

With particular emphasis of preventing the spread of polio, Dr. Walker urged three things: (1) strict observance of cleanliness and sanitary measures around cow and hog lots, (2) use of sprays and disinfectants in outdoor toilets, and (3) the proper disposal of wet garbage. Garbage should be in closed containers at all times until carried off or buried.

The allowing of unsanitary conditions of any type around a person's premises is a violation of both city ordinance and state law. Offenses are punishable by heavy fines for each day the violation is allowed to exist.

NORRIS WALKER ABOARD BISBEE

Word has been received that Norris C. Walker, Fireman First Class, of the US Navy, son of Mrs. S. E. Walker of this city, is now serving aboard the USS Bisbee which is currently stationed in the Philippines.

Walker was recalled to active duty on August 23, 1950 and went aboard the ship which he is now serving on October 3, 1950. He first entered the Naval Service in March of 1944.

The USS Bisbee is a patrol frigate of the PF-310 class and was named for the city of Bisbee, Arizona. She was built by the Consolidated Steel Corporation at Wilmington, Calif and was completed in February 1944. The ship's overall length is 304 feet; extreme beam is 35' 7-8" and full load displacement is 2234 tons.

The Bisbee was first commissioned in the US Coast Guard and operated as a vessel of that service until being turned over to the Navy of the United States in July 1945. The Bisbee was turned over to the US Navy by the Navy of the USSR on November 1, 1949 at the Naval Shipyard, Yokosuka, Honshu, Japan. The ship was moored in Yokosuka Harbor, with 26 other PF's until about August 1950, at which time work was begun to recommission the vessel.

The Bisbee was commissioned as a unit of the United States Navy on October 18, 1950 at Piedmont Pier, Yokosuka Naval Shipyard. The vessel was delivered to the Commanding Officer, LCDR W. F. Gabbery, USN, by Rear Admiral H. H. MacLean, Commander Fleet Activities, Yokosuka.

Since that time it has served a great deal of the time in the waters around Korea and at present is stationed in the Philippines.

Escar W. Armstrong Graduates From Iowa

Escar W. Armstrong, son of Mr. and Mrs. E. F. Armstrong, Wheeler, was among approximately 1,000 students who received degrees and certificates Friday evening, June 15 at the eightieth annual commencement exercises at Iowa State college, at Ames, Iowa.

Mr. Armstrong received the degree of master of science in geology.

Dr. Charles E. Friley, president of the college, was the commencement speaker at ceremonies held at Clyde Williams Field, beginning at 7:15 p.m.

During the afternoon the annual President's Reception was held on the lawn of the Knoll, residence of Dr. and Mrs. Friley on the campus. Seniors and alumni and members of their families, and friends of the college were in attendance.

McIlhany To Lead In Methodist Fellowship

Grainger McIlhany will lead the Sunday Evening Fellowship for the adult group Sunday night. His subject will be "Methodist Fields of Service", which will include Missions, Education, Evangelism, and others. There will be a group meeting for both children and young people. The Fellowship begins at 7:45 and the Evening Worship Service at 8:15.

GIRLS TO LEAVE FOR ROUND-UP AT TEXAS A&M

Mrs. Emma Hastings, local home demonstration agent, who is in charge of the 4-H Club work in the county, announced this week that the Wheeler County girls who are going to attend the State 4-H Club Round-Up at College Station will shove off from Amarillo on a special train on Saturday night, 4-Hers and their adult leaders from all over District 1 will ride the special train out of Amarillo.

Mrs. Hastings will accompany the two Wheeler girls who have been selected to make the trip. La June Mann, daughter of Mr. and Mrs. R. B. Mann, and Billie Owen, daughter of Mr. and Mrs. T. W. Owen, are the recipients of trips from Wheeler County.

La June Mann won the trip by placing first in the division for girls 14 years old and above in the county dress revue. She will represent Wheeler County in the State Dress Revue, wearing the tailored costume she made. Her suit is honey-gold, rabbit hair wool. Her accessories are: a pale blue batiste blouse, blue straw hat with navy velvet ribbon trim, navy shoes and purse and pale blue nylon gloves.

Billie Owen was selected for the trip on the basis of the records she submitted for all her club work.

The Home Demonstration Council helps finance the trip for the girls, supplementing the girl's 4-H fund won at last year's fair.

The round-up is June 25, 26 and 27 and the girls will return home on the 28. Mrs. Hastings will remain in College Station for the State Extension Agents Conference which is to be held on the 28th and 29th.

MASONS TO HOLD INSTALLATION MONDAY NIGHT

The Wheeler Masonic Lodge No. 1099 A. F. and A. M. will hold public installation of officers for the ensuing year on Monday night, June 25, at the American Legion Hall in Wheeler. Invited guests include wives and or ladies of the Masons, members of the Wheeler Chapter Order of Eastern Star and their escorts, and all sojourning members of either order.

The affair will start off with a fish supper at 7:30 p.m. Guests will be served as soon as they arrive and it is expected that the feed will be over with by 9:00 o'clock. Then will follow a short program of about thirty or forty minutes which is being arranged by R. H. Forester.

The last item on the agenda will be the installation of officers for the Masonic year 1951-52. Everyone should be out and ready to return to their homes and the kiddos by 10:00 p.m.

HAMPTON GROUP HOLDS REUNION

The family of Mrs. C. O. Hampton gathered at the home of her son, J. L. Hampton, and family at Pampa, Sunday, June 17, for a family reunion. Mrs. W. M. Hampton of Wheeler, grandmother, was also one of the honor guests.

Children present were: J. C. Hampton and family of New York City, Charles Hampton and family, also of New York City, Grover Hampton and wife, Gilbert Hampton and family, all of Lubbock; Donald Hampton and family of Clovis, N. M.; Guss Hampton and family of Saint Vorin, N. M.; Wade Hampton and family of Borger and Mrs. Vera Breckey and daughters of Wheeler.

One daughter, Mrs. E. S. Favers, of Lubbock was unable to attend. Other relatives and friends attending included T. O. Bunch and family, Fred Simmons and family and Pat Cain and family, all of Amarillo; Paul Hicks and family of Canyon; Velma, Helen and Richard Cain of Keltun; C. H. Lane and family of Borger and Elmos Morgan and family of Pampa.

Mrs. Hampton had nine of her ten living children present, eight grand-children and three great-grandchildren also present to make the gathering a very happy and enjoyable one. A total of 69 were there.

Marion Reed Serving Aboard US Submarine

Marion L. Reed, seaman apprentice, USN, of Mobeetie, Texas, recently reported for duty aboard the submarine USS Segundo with the Pacific Fleet.

Reed, who was graduated from Mobeetie High School, entered the Navy in September, 1950, and received his recruit training at the U. S. Naval Training Center, San Diego, Calif.

He has been assigned to duties in the engineering division of the submarine.

Dr. C. C. Merritt, local chiropractor, left Thursday morning for Ft. Worth. He is expected to be back in his office Monday where he will be glad to tell you all about the big convention he attended in Ft. Worth.

Mr. and Mrs. Bert Graham and Floyd Merriam of Grand Prairie visited Mrs. Green Porter this week.

Wheeler Co. Singers To Meet At Keltun

Announcement was made this week of the Wheeler County Singing Convention which will meet at Keltun, Sunday, June 24, at 2:00 p.m. by the secretary, Mrs. C. O. Killingsworth.

Everyone has a special invitation to attend these singings.

Mr. and Mrs. Willard Strawbridge had their dinner guests Saturday, Mr. and Mrs. Dale Jackson and son of Jackboro, Mrs. Charlie Rhodes of Kirkland, Ebb Rieves of Jack Co. and Mr. and Mrs. C. N. Strawbridge and son, Charlie, of Gageby.

Band Boosters To Sell Fireworks For Celebration July 4

Since the band raised quite a nice sum from the sale of fireworks at this time last year, the Band Boosters Club has decided to sponsor the sale of fireworks again this year.

A member of the Band Boosters announced this week that the group will maintain fireworks stands in all directions from town.

Anyone who plans to buy any fireworks for their children are urged to patronize these stands since the money raised in this manner will be used to support and equip the fine little Mustang Band of which the people of this area are quite proud.

WHEELER BEATS ALLISON, WILL PLAY MCLEAN

The Wheeler nine of the East Panhandle Baseball League took a slugfest from the Allison team of the same league by a count of 21 to 16 in a contest which was played on the Allison diamond last Sunday afternoon.

Spectators who witnessed the game declared that it was a good game all the way in spite of the heavy score. The count was knotted at 14-14 at one time during the contest.

Bill Cosper and "Red" Richerson divided time on the mound for the Wheeler nine while James Gaines and Bud Vanpool divided the catching chores.

The schedule of play for next Sunday includes: McLean at Wheeler; Mobeetie at Keltun; Shamrock at Allison; and Briscoe at Miami. All games are scheduled to start promptly at 2:30 p.m.

MAT TAYLOR IS KILLED IN CRASH

Funeral services for Matthew J. Taylor, 34, of Shamrock, killed in a plane crash near Paris Monday, were held at the First Methodist Church in Shamrock, Thursday morning at 11:00 o'clock with Rev. S. M. Dunnam, pastor, officiating.

First reports reaching Shamrock said that Taylor was dusting crops in the plane, but later reports said he had not started, but was taking off and in attempting to pull up over obstacles, he stalled the plane and crashed. The light plane burst into flames.

Survivors include his wife, the former Miss Dorothy Jo Clark, daughter of the late Judge and Mrs. J. B. Clark; one son, Joe Matt, 4, and a daughter, Karis, 2, parents, Mr. and Mrs. A. Taylor, Tega, two sisters, Mrs. J. Drake and Mrs. L. I. Armstrong, both of Amarillo and one brother, Roy, of Vega.

Born in Ohio, Ill., in 1917, Mr. Taylor came to the Panhandle, settling with his family in Vega in 1921. He was graduated from Vega High School and after piloting a B-24 in World War II, he attended West Texas State College in Canyon.

He had been in Paris dusting crops for about a week. He attended his brother's wedding Saturday and went back to Paris Sunday to finish the job of dusting crops for a large plantation.

Burial was in the Shamrock Cemetery with Clay Funeral Home in charge.

McIlhany Elected Head Of Board Of Stewards

Grainger McIlhany was elected president of the board of stewards of the local Methodist Church at the first session of the board as it enters a new church year. The session was held Monday night.

Other officers elected for the ensuing year include: Clarence Robison, vice-chairman; C. J. Meek, treasurer; and Virgil Jamison, secretary.

Several items of business were conducted.

Miss Georgie Porter is employed as assistant editor of publications of the State Department of Public Safety in Austin.

Editorial

A FEW ECONOMIC STATISTICS

The experts, who try to keep up with what is going on in the economic world, have certain indicators by which to estimate trends and appreciate changing conditions.

Compared with last year, the index of commodity prices is up about 40 percent, daily oil production power is up about twenty percent, electric power output is up about twelve percent, the consumer's price index is up about ten percent, industrial production is up about fifteen percent, the unemployed are down fifty percent, imports are up about the same. Manufacturers' inventories are up about twenty-five percent.

We are not expert enough to interpret the full import of these approximate statistics. Indicative of increased activity are freight car loadings and electrical power output, and the increase in imports and exports. The manufacturers' inventories, which have gone up sharply, probably reflect the effort, after the Korean war began, to be prepared for expected cuts in connection with defense production. The decline in unemployed from 3,515,000 a year ago to 1,744,000 at this time, plainly reveals the increased demand for labor. Personal income, it should be noted, shows an increase of approximately ten percent.

FIGHT ON MALARIA NEEDS MORE D.D.T.

Malaria-control programs in many tropical and semi-tropical countries may have to be suspended because of the threatened shortage of D.D.T. as a result of defense production priority claims.

The World Health Organization says that fifty million persons depend for their continued well-being on an adequate supply of chlorine-based insecticides, of which D.D.T. is the most important. It has reported this fact to the five nations, including the United States, which produced most of the non-Communist world's D.D.T., pointing out that failure to receive adequate supplies might result in serious epidemics.

The effort to rid the world of malaria has been underway for a number of years. Remarkable progress has been made in many regions when control plans have been put into operation. Improvements in the productivity of agriculture have occurred where the population has been somewhat freed from the effects of this great debilitating disease.

If the campaign against malaria is retarded by a lack of D.D.T., the cause of world health will suffer. Nevertheless, no intelligent person can blame the United States, for example, which produces about three-fourths of the world supply, from taking precautions in order to have an adequate supply in the event of an outbreak of war. Obviously, the health of our fighting men is of more importance to the people of this country than the slow improvement of health of peoples in other areas of the earth.

The deliberate misuse of freedoms is as dangerous as this suppression.

With modern rush and bustle a vacation is getting to be a misnomer.

It's a paying proposition to handle all insecticides carefully. Don't take chances. Follow the recommendations of the manufacturer in handling, mixing, applying and storing the "bug killing" materials on the farm.

People are taking more stock in peace. We hope it isn't watered.

LEGAL NOTICE

NOTICE TO BIDDERS

Sealed proposals, addressed to County Judge and Commissioners' Court of Wheeler County, Texas, will be received at the office of the County Judge in Wheeler, Texas, until 10:00 a. m. Central Standard Time, July 2, 1951, for the purchase of the following described Road Machinery, to-wit: One Crawler Type Tractor with not less than 70.00 Drawbar Horse Power and to weigh not less than 18,800. To be equipped with electric starter, lights and hydraulic bulldozer. Payment for the said Road Machinery will be made from the Road and Bridge Fund of Wheeler County, Texas. The county reserves the right to reject any or all bids.
Signed
G. W. Hefley
County Judge
Wheeler County, Texas

How to take the Work out of Housework

SPEAKING OF WASHDAY,
here's another helpful hint. For extra protection, snap fasteners and close zippers before putting garments in your washing machine. (Having trouble these days with washday weather? An electric dryer will solve that problem! Five minutes of drying costs just one penny!)

FRUIT SALADS ARE FESTIVE-LOOKING!
And you can prepare them ahead of time. Slice the fruit, cover it with lemon or grapefruit juice and keep chilled in the refrigerator until time to serve. (Just one penny's worth of electricity protects a whole refrigerator full of food for almost two hours!)

WONDER WHERE THE CUP HANDLES GO?
Properly stacked and mechanically washed, you'll have no broken dishes. And they dry by themselves, need less handling! (Saves time and work as well as dishes—and costs so little to use! Only a penny or two a day!)

FOR A SWEET fresh refrigerator, wash inside with a lukewarm solution of bicarbonate of soda or borax. Wash metal ice trays with hot water to which bicarbonate of soda has been added.
(About 5¢ worth of electricity will "refrigerate" your food for a week-end!)

THERE'S MORE THAN ONE TRICK with a waffle iron! Use packaged mixes for cornbread waffles... for hot gingerbread waffles. And try adding finely chopped ham to regular waffle batter. Delicious! (Takes only one or two cents' worth of electricity to make all the waffles your family can eat!)

WHEN CLEANING TILE or the board, add a handful of starch to water. It gives a nice shine. When starch sticks to your iron, remove it by spreading salt on a newspaper and rubbing the hot iron over it.
(By the way, you can iron for hours... for just a few pennies' cost!)

SLAUGHTERERS CAUTIONED NOT TO OVER-BID

Price Stabilization Michael V. DiSalle today cautioned livestock slaughterers against over-bidding for live cattle.

He warned that some slaughterers may be headed toward violations of the Office of Price Stabilization's price ceilings at the end of the June accounting period.

Unless these slaughterers stop overbidding the price of cattle, he added, they may find themselves out of compliance with the regulation and subject to its penalty provisions, including civil and criminal actions as well as reductions in their July slaughter quotas.

"I want to go on record right now while this program is just getting started that violations of cattle price ceilings will not be condoned any more than the violation of any other price regulation," Mr. DiSalle said.

"Live cattle prices have been under ceilings only since June 4, but from the reports we are re-

ceiving some slaughterers may find it rough going when they try to "even out" during the remainder of the June accounting period. "I want to caution them now to get back in line and to cooperate with this program."

Mr. DiSalle said some slaughterers appeared to be paying \$1 to \$1.50 a hundred pounds above ceilings. To average out in compliance with the ceilings they will have to buy cattle later in the month less than ceiling prices.

The regulation does not set ceiling prices on individual cattle, but it establishes a "maximum permissible price" which slaughterers on the average, can pay for animals. A slaughterer is in compliance so long as his average price paid for all cattle is at or below the ceiling at the end of each accounting period. (Generally, a month).

Slaughterers who are now paying above maximum prices are gambling on the chance of getting cattle below the maximum later in the accounting period.

OPS Enforcement Director Edward P. Morgan has instructed his agents to keep a close check on cattle sales at various markets, both large and small, and to send daily reports to the National Office in Washington.

Agents at such markets are sending in reports on the names of purchasers, disposition made of the cattle and whether slaughterers of cattle purchased, either directly or through brokers, paid more than the maximum price.

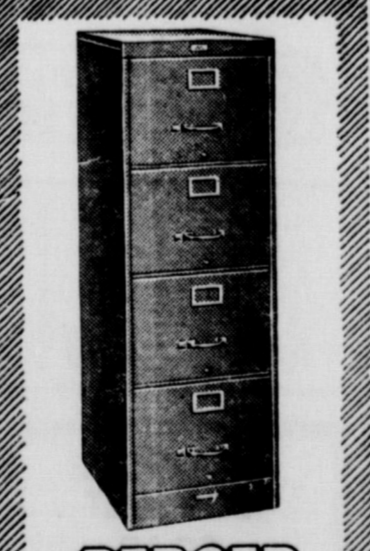

If there are violations at the end of the accounting period, Mr. Morgan said the "penalties provided by the law will be invoked."

He joined Mr. DiSalle in urging slaughterers who are over-bidding for cattle to get in line so it will not be necessary to take such action.

CAMERA TOPICS
By T. T. Holden*

A good background, sharp focus, the right exposure and planned composition all contribute to make this photo by Gil Harris a prize-winner. Made with 4 x 5 Graphic View in 1/200 sec. at 1/22 with one flashbulb.

TAKE TIME TO IMPROVE YOUR PICTURES

Camera manufacturers have made picture-taking too easy. As a result, many amateurs go around banging away at subjects without proper regard for the little details that make the difference between a so-so snapshot and a fine photograph.

Professionals often take hours to make a single picture. Even the fast-working news cameramen crowd considerable thought into the few minutes they have to prepare for a shot. Yet so many amateurs feel that a few seconds to point the camera and shoot is all that is required for good pictures. When they see the results they blame the camera, the lights, the subject—anything but their own impatience and carelessness.

Today's cameras are nearly magic. But the photographer is still a very vital part of the combination. What he puts into a picture makes it either good or bad. And only experience plus careful thought can make good pictures.

You must learn the workings of your camera so well that you can almost operate it in your sleep. The mechanics of picture making must become routine. Then study good pictures until you know what makes them good. Analyze photographs in newspapers and magazines. When you feel you know what makes great pictures "tick" take time before you click your shutter to see that these fundamentals are included in your own picture.

You don't need to be a genius to make good photographs. But you do need to give them careful thought to make sure you have picked the right composition, poses and angles—that you've put something of yourself into the picture before you click the shutter.

Your New SOCIAL SECURITY

Household workers and farm employees who have been included in the social security program for the first time since January 1, 1951, must get a social security account number card by June 30, 1951. John R. Sanderson, Manager of the Amarillo social security office said today.

Wages earned by these people during April, May, and June, 1951, will be reported by their employers during July and the social security number of each worker must be included in the report.

If the individual has never had a social security number, an application can be secured at any post office, employment service office, or social security office. It should be completed in ink and mailed or brought to the social security office, 324 Post Office Building, Amarillo. A card bearing the applicant's name and social security number will be mailed immediately. The worker should then show the card to his employer so that a record can be made of the number, Sanderson said.

Workers who have had such cards, but who have lost them should file an application for a duplicate number. The application is made on the same form as for a new number, but the form contains a question which informs the social security office that a duplicate number is required.

Don't walk in a daze—Look both ways.

Stiles, Earl Miller, Wilson Hill, A. C. Johnson and Edgar Blocker.

Misses Rena Johnson, Beth Stiles, Dorothy Greenhouse, Joyce Anderson, Wanda and Oleta Calicote.

Thompson-Murry Rites Are Read In Impressive Ceremony At Briscoe

In an impressive candlelight ceremony at the Assembly of God Church in Briscoe, June 2, at six o'clock in the evening, Miss Lottie Murry became the bride of Eugene Thompson of Canadian.

Rev. Bentley of Canadian read the double ring ceremony before an arch entwined with pink roses and fernery flanked by candelabra and floor vases filled with pink and white roses. Mrs. S. B. Syverson of Wheeler played the traditional wedding marches. Miss Imogene Pannell of Pampa and Miss Patsy Waters of Briscoe sang, "Because" and "I Love You Truly".

Miss Patsy Wheeler of Canadian and Miss Sibyl Willis of Briscoe were candlelighters and wore dresses of light green with pink carnation corsages. Flower girls were Sherry Douthit and Elizabeth Kelly of Briscoe. They were attired in yellow frocks and carried bouquets of pink roses.

Miss Pearl Crawford of Canadian attended the bride as maid-

of-honor, wearing a ballerina length gown of light green organza over gold satin. She carried a bouquet of yellow tea roses.

Bill Rowley of Canadian, cousin of the groom, was best man.

Given in marriage by her brother, Leotis Murry, the bride wore a ballerina length gown of floral lace over slipper satin, designed and made by herself. It was styled with a deep satin scalloped neckline under lace, with a fitted bodice and gathered skirt. The sleeves were three-quarter length and had cuffs of satin. Her finger-tip veil of net fell from a tiara of artificial orange blossoms. She carried a corsage of orchids atop a white Bible with satin streamers.

Following the ceremony a reception was held in the J. E. Steen home.

The bride's table was laid with a cloth of lace and decorated with the wedding cake. Mrs. Roy Waters presided at the punch service and Mrs. Neal Renfro served the cake.

For a short wedding trip to

Waxahachie, the bride chose a white waffle pique dress with white accessories.

The young couple will make their home in the Tipps apartments in Canadian where Mr. Thompson is employed with the Fraser Grain Company.

Miscellaneous Bridal Shower Honors Former Briscoe Girl June 14

Mrs. Eugene Thompson, the former Lottie Murry, was honored with a miscellaneous bridal shower in the Briscoe Club House Thursday, June 14. Mrs. Effie Renfro and Mrs. Lucille Tipps were hostesses.

The club house was decorated with roses and phlox.

Iced punch and cake was served to the following: Mesdames Fulton Meadows, Bill Finsterwald, Everette Cole, Claudy Brotherton, Callie Parker, Ewell Steen, Truman Zybach, Henry Lee, Cliff Walker, Doyle Standlee, Lee Barry, Luther Willis, Oren Horn, Thurman Horn, Roy Waters, M. H. Vaughn, R. L. Ramsey, B. F. Meadows, Ada Standlee, S. L. Price, Tom Helton, J. P. King, Elbert Zybach, Cash Walker, W. J. Jackson, C. W. Helton and Bill Armine of Canadian.

Misses Joyce Helton, Nelda Fulks, Martha Ann Standlee, Patsy Ramsey, Mary Riley, Patsy Waters, Doris Brotherton, Tolene and Zetha Parker, Patsy Tipps, Sibyl Willis, Mauretta Horn and Patsy Wheeler of Canadian.

Those sending gifts were: Mesdames Clarence Zybach, Jim Mason, Si Mason, Edd Riley, Carnis Meek, S. W. Dougherty, Harold Barnett, R. L. Zybach, G. T. Riley, Leu Dean Douthit, Dick Powell, S. B. Davis, J. H. Erne, Jim Helton, Mit Wilson, Tom Pruitt, Clarence Dyson, Oral Helton, Lloyd Childress, Ardell George, M. K. Levitt, Lucille Barker, M. B. Eliand, Darrell Atherton, Helen Dyson, Melvin Helton, P. A. Clepper, Clyde Meek, Ernest Zybach, Wiley McCray, W. W. Strawberry, C. N. Strawberry, Bobby Zybach, Forrest Vise, Velma D'Spain, Jason Haddox, J. H. Steen, Willard Ingram, Wheeler, G. Cowan, Mobeetie, G. C. Stone-man, L. A., Calif.

Misses Juanell Helton, Patsy Meek, Pearl Cowan, Arvilla Powell and Jeanette Dixon of La-Grande, Oregon.

"Better Things For Better Living"
Wheeler, Texas

LOBBYING: A number of inquiries have come into my office lately, about different organizations seeking donations to help influence the passage or defeat of legislation. This is not a new game; it is as old as the hills. Several of these inquiries have asked my advice as to whether or not contributions should be made to these organizations. There are a great number of organizations in most state capitals, and especially in that true here in Washington, that hold themselves out as being for or against some particular special legislation or bill. Many of these organizations seek donations by personal contact, mail and sometimes by radio and newspaper advertising. It is most difficult to separate the good from the bad, and I would certainly not advise anyone to contribute to anything which they do not understand and in which they do not have the utmost confidence. If you receive requests from any source for donations to these fancy named organizations, you owe it to yourself to find out who the people are behind the organizations, what their purpose is, and what service they can render you. Frankly, I do not pay any attention to these so-called lobbying or

semi-lobbying organizations. I am interested in what the people of my district think, and expect to continue to follow that policy. I am sure that most of the other congressmen feel the same as I do and are not going to be misled by any such activities. There are many fine business, farm, civic, religious and other types of organizations that render many services to their members, and these organizations also advise their members of pending legislation that might affect them. This is a fine service and a great help to the members. This type of organization is to be commended for the fine work it is doing in building and helping the communities and the state. However, there are many fly by night organizations that use high-sounding names that are probably sincere in what they are doing, but they are certainly ineffective, and money thrown into those channels is wasted by the taxpayers. If any of you have any questions about any pending legislation, all you have to do is write me and I will certainly furnish you with as much information as is available. Please do not permit yourself to be enticed into making donations that are unnecessary, and then find out too late that you have been taken.

TIDELANDS: You will of course be interested to know that the legislation for the return to the tidelands is beginning to progress, as I told you it would in a previous news letter. This should develop faster within the next few weeks, and unless something unforeseen takes place, it is my opinion that we will have the tidelands recovered by the end of this year.

CONTROLS: The extension of the controls under the Defense Production Act of 1950 appears to be in line for a good fight on the House Floor. Most of the members of congress, who are fully aware of the dangers of inflation, are dissatisfied with the manner in which the allocation and control program has been administered, and many have told me that if we are to have a continuation of the

JEANNIE TAKES A SUNNY SIESTA!
Joanne Crain, star of 20th Century-Fox's new movie, "Take Care of My Little Girl," takes it easy in the California sunshine during her siesta time. Her smart cotton swim suit is made of snow white pique, lined and trimmed with polka dot cotton in navy and white and red and white.

recent experiences with these bureaucratic directives, it is their opinion that it would be better to abolish the whole program and start over. It looks like a nip and tuck battle at the present time; however I am afraid that many who do not believe in controls as a fundamental proposition will vote to extend the controls. This group will not vote to enlarge the controls or extend them for any great period of time. I do not believe that the proposition to license businesses would get any appreciable support in this congress. Certainly I am not going to vote to license all businesses and let them be controlled from a central focal point in Washington. That would be regimentation of the worst kind and would place in the hands of a few bureaucrats life and death powers over all small business in this country. I have already served notice on the powers that be that I am unqualifiedly opposed to any such program and will fight it to the finish.

ST. LAWRENCE SEAWAY: Ground work is being laid to bring tremendous pressure to pass the St. Lawrence Seaway project legislation. This piece of legislation involves expenditure of approximately 800 million dollars of American money, and incidentally is being sponsored and pushed by

several economy minded Republicans who are going to meet themselves coming back if they get this bill to the floor. One of the funny things here is that a lot of these people talk economy when it is in someone else's district but when some expenditure involving several hundred million dollars turns up in their district, it immediately becomes a defense project and all question of economy is forgotten. I can tell you though that the strong force of Jeffersonian Democrats in this Congress will not be fooled by these tactics. These pork barrel projects, whether in democratic or republican territory, are going to find rough sledding.

VISITORS: Visitors from the district this week were Tom McFarland of Hereford, and David Rodgers of Dawn.

A STUDY IN ENGLISH

"I want to be procrastinated at the next corner," said the passenger to the bus conductor.

"You want to be what?" demanded the conductor.

"Don't lose your temper. I had to look in the dictionary myself before I found out that 'procrastinate' means 'put off.'"

It's time to set the flowers that you'll want for late summer blooms.

Miss Maeona Cox Lists Five Step For Use Of Home Deep Freeze

Leave room in your home freezer for plenty of fruits and vegetables, says Maeona Cox, foods and nutrition specialist for the Agricultural Extension Service of Texas A. and M. College. The nutritive value and flavor of frozen foods are nearer that of the fresh product than any other means of preservation, the specialist adds.

Miss Cox suggests 5 steps to successful freezing of foods: first—start with a good quality product. Freezing does not improve quality, just conserves it, so select fruits and vegetables of good variety and harvest at the right stage of maturity.

The second step is careful preparation and speed. Prompt handling, chilling and freezing helps retain quality.

The third step is select contain-

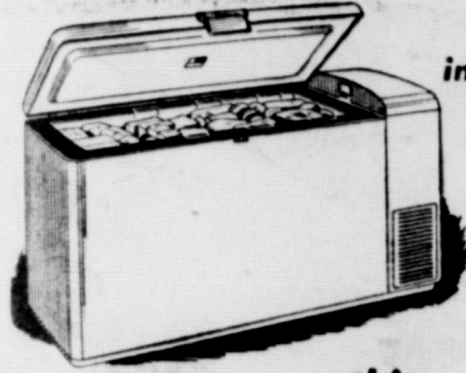

ers which are moisture-proof to keep the product from losing flavor, color, food value and changing the texture. Then, freeze quickly at a right temperature. Home freezers are designed primarily for storing foods, but you can freeze large quantities of vegetables and fruits by placing the packages against the bottom or sides of the freezing chamber with space left around them, for air circulation.

The last step in successful freezing of fruits and vegetables is to store them in zero degree F. If the temperature rises, food changes in color, flavor, and loses food value.

For these five steps, leaflets and directions for different fruits and vegetables, get a copy of the bulletin B-173 "Frozen Foods: How to Freeze, How to Cook" from your county extension office.

The two-bit cigar now at five-cents worth of matches keep it lit.

Fabulous Car to Aid Cancer Fight

Buick's fabulous "Old Vienna" sedan, upholstered in needle point and equipped with gold-plated interior fittings, will go to some lucky person for \$1. Buick has donated the Roadmaster Riviera Sedan, along with \$1,000 toward taxes, to the Damon Runyon Memorial Fund. It will be awarded to the person submitting \$1 and the best safety slogan of 10 words or less. The exquisite beauty of the car is illustrated in this photo showing the needle-point panels designed and executed by Mme. Ida Jolles, one of the world's foremost creators of needle point.

Stormproof Cotton Is Better Adapted For Mechanical Pickers

The final test of cotton is its performance in a fabric, points out J. M. Ward, Texas Agricultural Experiment Station economist.

Ward and other experiment station workers recently made a study of the quality and fiber characteristics of mechanically harvested cotton on the High Plains. Specially developed stormproof varieties are better adapted for the use of mechanical strippers than are open-boll varieties, Ward said.

After gins are operating at full capacity during the harvesting season, High Plains growers have the choice of either storing the surplus seed cotton or leaving it unharvested in the field for stripping later in the season. Most growers practice full scale stripping and most of the storage is on the ground in the cotton fields. "Samples of lint from the storm-

proof varieties graded higher than samples from other varieties," Ward reported. "Higher grades were produced on the sand and sandy loam soils than on the clay and clay loam soils."

Since High Plains cottons vary in fineness, spinning tests were provided to show the spinnability, yarn grade and strength of these cottons. It was found that cotton of seven-eighths-inch staple, fair tensile strength and very fine fiber processed into yarns of equal strength to yarns produced from coarser, stronger cotton of the same staple length. And these yarns processed into strong durable fabrics.

Progress Report 1370, available from the Publications Office, College Station, Texas, gives the details of this study, said Ward.

The only thing harder than paying bills is collecting them.

The month of June will be observed on a nationwide basis as Dairy Month. The observance is sponsored by the entire dairy industry.

Annual State 4-H Club Revue To Be Held June 26 & 27

The annual State 4-H Dress Revue will be held at College Station, June 26. Mary Routh and Nena Roberson, clothing specialists for the Extension Service of Texas A. and M. College, say 145 garments have been entered for judging in the final revue.

The revue is the achievement event for all 4-H Club girls in Texas who have worked on the clothing demonstration this year. The specialists say that 9,596 girls entered garments they made in the county revues.

Home demonstration agents and adult leaders in more than 145 counties have trained girls in color and pattern selection, choosing fabrics, finishes and accessories and proper grooming. The girls have learned through these lessons, through demonstrations, from seeing colored slides, and by actual sewing in the home.

The McLennan county home demonstration agents, Mrs. Vera Cargill, and Mrs. Nell Robinson, scored 81 winners for construction from the 16 local 4-H dress revues held as evening community events. The agents report that more than half of the 500 girls in the county entered the dress revues in their communities this year.

Each girl received special awards from the community organizations, and home demonstration club women served as judges. Adult leaders planned the meetings with special programs, announcements and musical background. Mrs. Morris Attaway and Mrs. Earl Thompson, adult leader for the Midway 4-H Club, held a sewing day for seven 4-H girls, and all except two received blue ribbons.

Nearly 2,600 people attended

the 16 local revues in McLennan county. Home demonstration agents from nearby counties judged the 81 girls wearing their dresses in the county revue. Cynthia McKethan, a 4-H Club girl, trained the others to model in the revue—carrying out the theme, "The 4-H Girl in the Pictures."

Many McLennan county girls made dresses for the first time this year. Nita Hiland, age 11 of the Lakeview 4-H Club, made her first—with her mother, Mrs. Joe Hiland, working along with her on "mother-daughter" dresses. The agents report that Nita's dress was unusually good for a first effort. She cut, stay stitched and sewed it according to recommended methods, and she scored 93 in the revue.

Barbara Ann Place of Crawford, will represent the McLennan county 4-H Club girls in the State Dress Revue in Guion Hall, June 26. This revue will be one of the high lights of the Texas 4-H Roundup at A. and M. College, June 26-27.

Taxes on Texas farm and ranch real estate increased in 1950 for the fourth straight year. The average increase for the state was four percent.

A lot of today's wolves are old goats.

THEN TROUBLE BEGINS

Mobeetie Meditations

(Continued from Page One)
Worth to visit Mr. Patterson's folks when your reporter talked with them.

Guests in the Woodford Williams home Sunday were Rev. and Mrs. A. D. Moore, Mr. and Mrs. Marion J. Williams and daughter of Pampa and Mr. and Mrs. Kenneth Walker of Borger.

Spending Father's Day in the Hugh Bailey home were Mr. and Mrs. Grady Bailey and family of Miami, Mr. and Mrs. Luther Bailey and Children of Dumas, Mr. and Mrs. Bob Bailey and family and Miss Virginia Bailey of Amarillo.

Guests Monday at the Ernest Lee Ranch west of town were Mr. and Mrs. Bill Dunn, Dale and Bettie Mae of Canadian, Mr. Dunn was demonstrating a new shiny cutter and Mr. Lee and John Dunn purchased one.

Mr. and Mrs. Aubrey Ruff spent Sunday with their daughter and husband, Mr. and Mrs. Jim Wilson of Claude.

Recent visitors in the A. H. Burke home were Mr. and Mrs. Cecil Eubanks of Seymour.

Mrs. E. V. Herd had as her guests Sunday three of her daughters and families, Mrs. Anita Hathaway and family of Borger, Mr. and Mrs. Ted Schones and Jerry of Amarillo, and Mr. and Mrs. J. E. Carter and sons of LeFors.

Mrs. Artie Lee Hunt and grandson, Carl Pond, of Lubbock, visited this week with her brother and wife, Mr. and Mrs. Ernest Lee.

Mr. and Mrs. H. L. Flanagan spent Sunday with Mr. and Mrs. Will Meek at Vici, Oklahoma.

Keith Mixon, son of Mr. and Mrs. Harold Mixon of Dumas, became ill at the home of his grandparents, Mr. and Mrs. Charlie Reynolds of Pampa and Mr. and Mrs. Seitz left Monday for Calif.

Sunday guests in the Jeff Seitz home were Mr. and Mrs. Lester Reynolds and family of Pampa and Mr. and Mrs. Curtis Lancaster and children.

Betty Jean Lancaster and Beverly Ann Lynch of Hereford spent the weekend in the home of Betty's parents, Mr. and Mrs. Curtis Lancaster.

Mr. and Mrs. Laughman and son from Pennsylvania and Mrs. Lallie E. Webb were guests this week of Mrs. Susan Murrell.

Mrs. J. H. Scribner has gone to spend some time with her mother, Mrs. Simpson, in Plainview.

Mr. and Mrs. W. A. Leonard of San Antonio have been visiting friends and relatives in Mobeetie and Pampa for a few days. Mr. Leonard is a navigation instructor at the air base at San Antonio.

Word has been received that Curtis Ruff, son of Mr. and Mrs.

Herbert are on a two weeks vacation. They plan to spend most of the time with Mr. Atkins parents, Mr. and Mrs. W. R. Atkins, Woodfield, Calif.

Mr. and Mrs. Leonard Hollis of Pampa are the proud parents of a son, Bobby Leonard. The maternal grandparents are Mr. and Mrs. Tracy Willis of Mobeetie.

Mrs. T. A. Murray of Valley Platte, La. is spending the week with her parents, Mr. and Mrs. A. D. Alexander, and visiting other relatives and friends.

Miss Jane Alverson, Bovina has been a guest of Shirley Jo McCauley this week. They left today for Bovina where Shirley will visit in the Alverson home.

Mrs. Don French and children of Dalhart are visiting her parents, the Rev. and Mrs. Sam A. Thomas and her grandmother, Mrs. Sisk.

Rev. W. E. Hamilton, Clarendon, preached at the Methodist Church Sunday night. Rev. Hamilton is district superintendent of the Clarendon District.

Visitors in the Jake Oswald home over the Father's Day weekend were: Mr. and Mrs. Clyde Oswald and daughter, Joyce, of Pampa, Mr. and Mrs. Frank Haynes and Glenna Byrl Haynes, Mrs. Cubercheck and Mike of Amarillo, Mr. and Mrs. C. D. Johnson of Wellington and Mr. and Mrs. Weldon Haynes and son of Pampa.

Mrs. Arlie Jeffus spent the weekend with Mr. and Mrs. Charlie Bill Corcoran and son.

Mr. and Mrs. Aubrey Jeffus, who have been on an extended visit around Mobeetie, have returned to their home at South Gate, Calif.

Mr. and Mrs. Jeff Seitz received word of the death of their granddaughter, Era Morris, daughter of Mr. and Mrs. Joe Morris of Turlock, Calif. Mr. and Mrs. Lester Reynolds of Pampa and Mr. and Mrs. Seitz left Monday for Calif.

Sunday guests in the Jeff Seitz home were Mr. and Mrs. Lester Reynolds and family of Pampa and Mr. and Mrs. Curtis Lancaster and children.

Betty Jean Lancaster and Beverly Ann Lynch of Hereford spent the weekend in the home of Betty's parents, Mr. and Mrs. Curtis Lancaster.

Mr. and Mrs. Laughman and son from Pennsylvania and Mrs. Lallie E. Webb were guests this week of Mrs. Susan Murrell.

Mrs. J. H. Scribner has gone to spend some time with her mother, Mrs. Simpson, in Plainview.

Mr. and Mrs. W. A. Leonard of San Antonio have been visiting friends and relatives in Mobeetie and Pampa for a few days. Mr. Leonard is a navigation instructor at the air base at San Antonio.

Word has been received that Curtis Ruff, son of Mr. and Mrs.

THE STATE OF TEXAS

TO: The Midland Investment Company; The Midland Investment Company, a corporation; the unknown stockholders of The Midland Investment Company, a defunct corporation; all persons claiming any title or interest in the land hereinafter described under deed heretofore made by J. B. Goode to The Midland Investment Company, as grantee, dated September 8, 1891, and recorded in volume 7, Pages 181-182 of the Deeds Records in Wheeler County, Texas; B. F. Cozad, if

John Walker, has been injured to the extent that he is being returned to the States for hospitalization. Mr. Ruff was serving with our armed forces in Korea.

Homer Ruff, who is serving in the navy, and Cyrus Ruff of the army have been home on furlough visiting with their mother, Mrs. John Walker, and other relatives and friends.

living, and if not, the unknown heirs of B. F. Cozad, deceased, and their respective heirs and legal representatives; James B. Cozad, if living, and if not, the unknown heirs of James B. Cozad, deceased, and their respective heirs and legal representatives; Oliver S. Mason, if living, and if not, the unknown heirs of Oliver S. Mason, deceased, and their respective heirs and legal representatives; the unknown heirs of Martinus Mathiesen, deceased, and their respective heirs and legal representatives; the unknown heirs of Carrie Mathiesen Anderson, deceased, and their respective heirs and legal representatives; all persons claiming any title or interest in the land hereinafter described under warranty deed heretofore made by Wm. Lanjus to Oliver S. Mason, as grantee, dated December 11, 1905, and recorded in Volume 12, Page 46 of the Deed Records of Wheeler County, Texas; Roy Long, if living, and if not, the unknown heirs of Roy Long, deceased, and their respective heirs and legal representatives; and Walter Long, if living, the unknown heirs of Walter Long, deceased, and their respective heirs and legal representatives.

GREETINGS:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a.m. of the first Monday after the expiration of 42 days from the date of issuance of this citation, same being Monday, the 6th day of August, 1951, before the Honorable 31st District Court of Wheeler County, at the Courthouse in Wheeler, Texas.

Said plaintiff's petition was filed on the 20th day of June, 1951. The file number of said suit is No. 4198.

The names of the parties in said suit are: Bob McCoy, as plaintiff, and all the parties above named to whom this writ is addressed, as defendants.

The nature of said suit being substantially as follows:

Plaintiff sues in trespass to try title, alleging that on the first day of January, 1948, plaintiff, Bob McCoy, was, and still is, the owner in fee simple of the following described real estate and premises in Wheeler County, Texas:

All of Sections 19, 20, 21, 22, 23, 24, 25, 26 and 27, Camp County School Lands, Wheeler County, Texas.

On such day also, said plaintiff was in possession of said land and premises; afterwards, on the second day of January, 1948, the defendants, and each of them, unlawfully entered upon and dispossessed plaintiff of such land and premises, and without from plaintiff the possession thereof.

Plaintiff also alleges his title to the above described land by adverse possession under the three, five, ten and twenty-five year statutes of limitations.
