THE COUNTY SEAT NEWSPAPER

Mobeetie Meditations

Mrs. Homer E. Matthews

Nothing happens to prevent, reporter and husband will be on a vacation soon. Your reporter, Mrs. H. L. Flannery, will take over while I am away. I am sure it will be a pleasure for you to read her news.

Mobeetie School System is to have several new teachers this year. Later we will give you the names of all the teachers but at present will just name the ones. Supt. Mrs. L. R. Reeves, Cash, Mrs. Bricker and Mrs. Flannery. We certainly are happy to have you to our community to have you as teachers in our school.

Do not forget to "talk up" the Settler's Picnic which the American Legion is sponsoring. It is nice to attend an all-day picnic again? Some of the children have had the privilege of enjoying such an occasion. Of course you were "Born thirty years ago" as I, you naturally long for "The good old days" that we cannot find time to go and meet the Oldies and listen to their experiences. I am sure we could profit from the advice we were given to accept it. Maybe you can meet and welcome some "comers" to our community at the same time. Watch the paper for a complete program.

Rev. L. E. White is at home holding a revival meeting several from here attended. They were Mr. and Mrs. J. S. Godwin and girls, Mr. and Mrs. A. R. Meek, Mr. and Mrs. D. S. Dyer and Mrs. White and

The Women's Society of Christ-Servants met Wednesday at the Methodist Church. Mrs. A. D. Taylor brought the devotion with J. H. Taylor and Mrs. O. G. Taylor having parts on the program. The resignation of Mrs. Clifford Williams as president, J. H. Taylor was elected to the unexpired term.

Those attending a Brotherhood at Lela last week from Baptist Church were: Quintin, Ernest Howard, Doyle, Douglas Baird, R. St. Byron St. John and Jessie Leonard.

Mrs. W. R. Green honored their son, Aubrey with an evening supper on his 12th birthday. Those enjoying the evening were: Mr. and Mrs. M. H. and Dan, Mr. and Mrs. Roy and Mrs. Doyle Grimes family, Mr. and Mrs. S. B. and boys, Mr. and Mrs. Hooker and girls, Mr. and Mrs. G. Johnson, Mr. and Mrs. St. Abbott and family and Mrs. St. Cowan and family.

Mrs. Tom Beck have moved the grocery store and from O. E. Sims, which is the Mobeetie Bus Station. Luck Tom and Peggie.

The Second Quarterly Conference of the Methodist Church was Tuesday night with the District Superintendent, Rev. W. E. Simpson in charge.

McClary came home from hospital to help her aunt for a few days as I have been rather in need, having had the summer guests, at least I felt terrible.

Mrs. Aubrey Jeffus and Mrs. Harry Jeffus and others who have been visiting in Arkansas are here during some time with the Kin folk and the mother of Harry Jeffus, Mrs. Fannie Jeffus, while enroute to their home at South Gate, Calif.

I am sure our many readers will be glad to hear that Miss Mobeetie Tyson won first prize in the television program broadcast over station KRLD, Dallas Thursday night. Miss Tyson's performance on the piano was so good that she is a talent in that field. She was awarded with a Braille Longeneer watch and was one of many (Continued on last page)

Pfc. Billy H. Erwin, left, son of W. L. Erwin, Wheeler, Texas, and Pfc. Donald Ray Barr right, son of G. T. Barr, Barry, Texas, are two of the trainees in the Air Force Training Program being conducted on the New Mexico Highlands University campus.

The 15 week course is a basic airplane and engine mechanics program designed to develop airplane mechanics. When the program is complete, there will be 300 airmen doing their eight hours of study on the university campus, its hangars, and shops; aside from a clerk-typist program which is also now in progress.

WATERS GETS PROMOTION TO RANGER CAPTAIN

Word has been received here that former Wheeler County Sheriff Raymond Waters, son of Mr. and Mrs. J. P. Waters of this city, has been promoted to Captain in the Texas Ranger Organization.

Ranger Capt. Waters served Wheeler County two terms and a part of a third as sheriff before resigning September 1, 1941 to accept a position with the famed Texas Ranger Organization. He has been stationed at Lubbock continuously since his appointment.

As captain, Waters will command Texas Ranger Company C which has headquarters at Lubbock. The Lubbock district includes 67 counties and stretches from the Oklahoma line to the Permian Basin and includes all the Panhandle and South Plains.

As head of Company "C", Waters will command eight Rangers—two in Amarillo and one in Abilene, Lamesa, Midland and Pecos besides two in Lubbock.

Waters was promoted to captain when Capt. R. A. Crowder, who had been commanding the Lubbock company, was transferred to Company B at Dallas to take over the post vacated by the resignation of Ranger Capt. M. T. (Lone Wolf) Gonzales, one of the most colorful peace officers in the southwest.

Miss Weatherly Is New Employee At Wheeler Times Office

Miss Charlotte Weatherly, daughter of Mr. and Mrs. Haskell Weatherly, is a new employee of The Wheeler Times beginning this week. Miss Weatherly will perform the duties formerly performed by Mrs. J. C. Howell.

Miss Weatherly is a graduate of Wheeler High School and has worked some as a clerk at the McIlhenny Dry Goods store here and as a bookkeeper for an automobile agency at Shamrock.

Briscoe Methodists To Begin Revival Meeting

Rev. Gene Louder, pastor of the Briscoe Methodist Church, this week announced that the annual Summer Revival Meeting of that church would be held beginning August 19 and continuing through Sunday, August 26.

The conference evangelist, Rev. Preston Florence, of Seminole is scheduled to do the preaching for the meeting. Rev. Florence will be on hand for all sessions of the meeting.

Services will be held twice daily beginning at 10:00 a.m. and 8:00 p.m. The public is cordially invited to attend.

NEWS FROM— County Agent's Office

By R. D. Siegmund and Robert Ledbetter

Cotton insects have changed from the flea hopper to the boll worm. Very few flea hoppers are found but boll worms have been found in the fields of Bill Parks, Harrison Hall, and Jess Moore. Bill Parks has gotten excellent results on his boll worms by spraying with one quart of 60 percent Toxaphene per acre. Harrison Hall has also treated his cotton in the same way.

Well, it has happened. Forty acres of cotton on the farm of Bennie Schlegel near Lela has been badly damaged by 2-4-D. The cotton was sprayed by 3-5-0 which is a good spray but before the operator came to the cotton field, he had been spraying grain sorghums with 2-4-D to control weeds. We have recommended that the same machine not be used for spraying weed killers and for cotton insect control. If the same machine is used be sure that the barrel has been changed and the pump cleaned out thoroughly. There is a commercial mixture on the market that will clean out the machine and we recommend that it be used. Water, hot or cold will not do the job and it takes only several parts of 2-4-D per 1,000, 000 parts of water to harm cotton to the extent that it will not make a crop of cotton.

So, before you spray your cotton with your own machine or by a custom operator, be sure that 2-4-D or 2-4-5-T has not been used in the machine if you want to produce a crop of cotton this year.

Potassium cyanate is the most effective material against crab grass in all stages of development. Bermuda grass is discolored by the crab grass killer, but it will turn green again in four or five days.

The crab grass killer is applied at the rate of three and two-tenths ounces of actual potassium cyanate in eight gallons of water per 1,000 square feet of ground. On an acre basis, eight pounds of actual potassium cyanate are required in 400 gallons of water.

One teaspoon of liquid soap must be added for each gallon of the spray as a wetting agent to make the spray stick to the leaves.

Potassium cyanate is available in 91 and 55 percent forms. The 55 percent form already contains the wetting agent. Usually the material cannot be obtained locally, but must be ordered from a company that handles turf supplies. It is absolutely essential that good, uniform coverage be obtained with the spray so there will be no spots of crab grass left. We also recommend that the crab grass be sprayed three times at 7 to 10 day intervals.

An increase in the acreage of fall planted legumes is needed in Texas if farmers are to maintain high production per acre of cotton and other cash crops. Legumes when properly fertilized and inoculated, have very beneficial effects upon the soil where they are grown. One of the most important effects is the influence legumes have on improving soil structure or condition. This refers to the way small particles are held together in the soil. The soil structure should be crumbly or granular so as to allow for deep root and water penetration and air circulation within the soil. In some soils the particles "run together" to such an extent that little or no water or air can get into them. Planting deep rooted legumes as sweet clover and alfalfa on such soils will materially improve this condition. The use of legumes like vetch, winter peas, annual yellow sweet clover will add materially to the organic matter and nitrogen content of soils, but do not necessarily open up subsoils.

Some soils have poor plant-soil moisture relationship. That is, they have heavy dense subsoils that restrict the movement of air, water, and plant root which also limit the activity of life in the soil. Growing of deep rooted legumes or grasses will punch these heavy subsoils full of holes and cause better movement of air, water and plant roots through the soil. Soil life, is made up of small animals and plants such as earth worms, bacteria and fungi. These organisms are a lot like plants for they (Continued on Last Page)

BEATY FUNERAL HELD AT TWITTY SUN. AFTERNOON

Funeral services for Mrs. Nora Lee Carver Beaty were conducted from the Twitty Baptist Church at 3:00 o'clock Sunday afternoon with Rev. W. H. Parks, pastor, in charge. He was assisted by Rev. E. Douglas Carver of Pampa.

Mrs. Beaty passed away in Wheeler last Friday morning about 10:30 o'clock after having been in ill health for approximately a year; however, she had only been in the hospital and seriously ill for about three days.

Nora Lee Carver Beaty was born August 7, 1885 near Santo in Palo Pinto County, Texas, and passed away at Wheeler, August 3, 1951 at the age of 65 years, 11 months and 26 days.

She resided in Palo Pinto County until after she and Mr. Beaty married on December 31, 1905. They came to Wheeler County in 1908 and have made their home in and around Wheeler and Twitty continuously since that time.

She was a member of the Twitty Baptist Church at the time of her death, having joined the Baptist Church in Palo Pinto County in girlhood.

Survivors include the husband, L. C. Beaty of Twitty; two sons, Herman of Pampa and Loyd of McLean; six daughters, Mrs. W. F. Rives of Borger, Mrs. Lee Lackey of Twitty, Mrs. George Dodson of Twitty, Mrs. A. T. Henderson of House, N. M., Mrs. C. D. Clay of Shamrock, and Mrs. W. H. Franks of Phillips; 18 grandchildren; 1 great grandchild; three brothers, Tom Carver, Shamrock, Charlie Carver, Twitty, and Jess Carver, Merced, Calif.; and two sisters, Mrs. Alice Chipman of Galveston and Mrs. Nell Casey of Sacramento, Calif.

Funeral services for Mrs. Beaty were held at the Twitty Baptist Church at 3:00 o'clock Sunday afternoon with Rev. W. H. Parks, pastor, in charge. He was assisted by Rev. E. Douglas Carver of Pampa.

Interment was in the Shamrock Cemetery with Clay Funeral Home of Shamrock in charge of arrangements.

Cemetery Association To Hold Special Meet At Courthouse Sat.

Saturday, August 11, 3:30 p.m. is the date set for a called meeting of the Wheeler Cemetery Association by the board of trustees.

The board states that this is a very important meeting and urges that all who can possibly do so be on hand at the district court room in Wheeler for the session.

Among the important matters to be discussed are the possibility of selling the house located on the cemetery property and other business which is of utmost importance to members of the association.

In the words of one of the directors, "If you care please be there".

Angelia Darlene Baird Funeral Held Monday

Funeral services for Angelia Darlene Baird, infant daughter of Mr. and Mrs. Max Baird, were conducted from the First Baptist Church at Kelton at 3:00 o'clock Monday afternoon with Rev. A. G. Roberts of Lefors officiating.

Angelia Darlene was born at Wheeler, August 5 and lived only about 12 hours.

REV. A. E. WHITE

REVIVAL STARTS AT MOBETTIE

Rev. L. E. White, pastor of the First Baptist Church at Mobeetie, has announced the opening of a revival meeting which is to be held at the Mobeetie Church beginning Sunday, August 12, and continuing through Sunday, August 26.

Rev. A. E. White of Pennington will be the evangelist for the meeting.

Services are to be conducted twice daily beginning at 10:30 each morning and 8:30 each evening.

The pastor and congregation extend a cordial welcome to all to attend.

H. J. GARRISON EXPLAINS NEW LIABILITY LAW

Homer Garrison, Jr., Director of the Texas Department of Public Safety, today announced his intentions of calling upon the State's newspapers and radio stations to assist his Department in putting the "damper" on the false rumors and misinformation that is currently being spread in some circles concerning Texas' new Motor Vehicle Safety Responsibility Law.

Garrison emphasized that the State will conduct a thorough educational program in November and December to acquaint the public accurately and adequately with the purposes and requirements of the law which will become effective next January 1st.

At the same time, Director Garrison warned the public not to believe statements that the statute is now in effect or that it is a compulsory insurance law. He emphatically pointed out that the law will have no effect upon motor vehicle owners and operators until January 1st and declared that under no condition or circumstances will it compel motorists to carry automobile liability insurance.

According to Garrison, the new regulations bear no resemblance to a compulsory insurance law. He pointed further to the fact that only one state has such a law but that Texas became the 35th state to enact a security-type Safety Responsibility Law. It is true, according to Garrison, that beginning January 1st a motor vehicle owner or operator who is involved in an accident resulting in death or injury, or property damage exceeding \$100, must furnish proof of his ability to meet claims up to \$15,000 or have his motoring privileges suspended until he does.

Proper insurance may be accepted as sufficient proof of such financial responsibility but the law also offers several other choices of furnishing such proof. Among these are the posting of a bond with the Texas Department of Public Safety or the depositing of satisfactory security with the Department. Also, under certain conditions, individuals or firms (Continued on Last Page)

Briscoe Baptists To Begin Revival August 19

The revival meeting of the Baptist Church of Briscoe, will begin Friday evening, August 10 and will continue through Sunday, August 19. Rev. Carl Lamb, pastor of Allison Baptist Church, will conduct the services.

Singing and prayer services will begin at 8:15 each evening. The pastor and members extend a sincere invitation to each and everyone to come.

W. P. GREEN FUNERAL HELD AT TWITTY SUN.

Wiley Pinkney Green of Twitty, a resident of Wheeler County for the past 24 years, died in North-west Texas Hospital in Amarillo, at 9:40 o'clock Saturday morning.

Mr. Green had been in ill health about four months and entered the Amarillo hospital 10 days prior to his death. He was 72 years old.

Funeral services were conducted at the Church of Christ in Twitty at 6 o'clock Sunday evening, with Harold Turner, minister, officiating.

Pallbearers were: John Hefley, Winfred Buckingham, John Bennett, W. L. Teakle, Cecil Amerson and Virgil Clay. Named honorary bearers were: W. R. Hiltbrunner, Al Jolly and Glen King.

Mr. Green was born June 13, 1879, in Tennessee. He came to Wheeler County from Kerby, Ark., in 1927.

Surviving are the widow, Mrs. W. P. Green, Twitty; three sons and four daughters: Dennis, Clay and Gilbert Green, all of Miami, Okla.; Mrs. Alfred Self, Texarkana, Ark.; Mrs. Claude Foshee, Shamrock; Mrs. Glen Elmore, Allison; and Mrs. George V. (Bus) Dorman, Wheeler.

Also surviving are 14 grandchildren six step-sons and one step-daughter; Charles Daughtry, Shamrock; Thomas Daughtry, Wheeler; Floyd Carver, Kelton; Forrest Carver, Twitty; R. Q. Carver, Amarillo; John Henry Carver, California; and Miss Willa Belle Daughtry, Shamrock; 14 step-grandchildren, and one brother, Sam Green, Delight, Ark.

Mr. Green united with the Church of Christ in early manhood. His membership was in the Twitty Church of Christ at the time of his death.

WHEELER TO PLAY BRISCOE HERE SUNDAY

With only two more Sundays of play left in the regular season for the East Panhandle League, the teams get down to business in earnest this Sunday jockeying for a position in the play-offs which are scheduled to begin Sunday, August 26, with the first and fourth teams playing each other and the second and third teams meeting.

Sunday's schedule pits the Wheeler nine against the front running Briscoe club which has a record of 12 wins and no defeats in league play. The Wheeler nine has a record of 8 wins and 4 losses in league competition, but also has to her credit a matched contest victory over the tough Briscoe aggregation.

Alfred Hill, manager of the Mobeetie team, has announced that their contest with Shamrock has been moved to Mobeetie. The contest was scheduled to be played at Shamrock.

Miami and McLean meet at McLean and Kelton is scheduled to play at Allison.

The Wheeler nine made it two victories in a row last Sunday by beating the Mobeetie Club by a count of 7 to 3 with Bill Cosper going the distance on the mound for the locals. James Gaines did the catching for the Wheeler club. Chubby Haynes and Douglas Corse formed the battery for the losing Mobeetie Club.

The strong Briscoe Club over- (Continued on Last Page)

Editorial

WANTS SMALLER POPULATION

From Japan, which has a population density of 2,482 persons a square mile, comes the news that the problem of over-population has been aggravated by the fact that the health measures of the American occupation have reduced Japan's death rate to a record low.

As a consequence, there is a movement

in Japan to give birth-control information to the people. The Government has sponsored an educational film and has opened 153 health clinics to give advice to women. However, Mrs. Shidzue Kato, a Social Democratic senator, known as the Margaret Sanger of Japan, says that the clinics have not been promoted wisely or extensively.

Mrs. Kato announces that she will introduce a bill to provide government subsidies for the training of 40,000 mid-wives in modern methods. She insists that physicians are not well-trained in family-spacing methods and that they are more interested in the fees from abortions. These, surprising to hear, are permitted by government-sponsored medical committees. In 1949, 246,000 such operations were recorded but officials estimate that ten times that number were performed illegally.

OUR ARMED FORCES GROWING

The armed services of the nation are making faster progress in increasing the number of men than the industry of the nation is making in providing the military supplies, equipment and facilities that are needed.

In the thirteen months since the invasion of South Korea, the total strength of our armed forces has moved from 1,450,000 officers and men to about 3,339,000. At the same time, Defense Mobilizer Charles E. Wilson says that \$10,000,000,000 of supplies have been delivered since the fighting started in Korea but that deliveries should reach \$1,000,000,000 a week by next June. Plane and tank production, it is said, is about twenty percent behind schedule.

The strength of the armed forces includes 1,550,000 men in the Army, 735,000 men in the Navy, 850,000 men in the Air Force and 204,000 men in the Marine Corps. The Navy and Air Force have practically doubled their number, while the Army and Marines have about tripled their numbers in the past thirteen months. A year ago, the Navy had 258 major warships in operation but now has 348, including three battleships.

THE DESIRE FOR YES-MEN

No one can dispute the assertion of Senator Paul H. Douglas, of Illinois, that there is a "deplorable tendency for the leaders of groups, as they grow powerful, to want only yes-men in their organization."

This statement applies not only to politics, but to practically every field of human cooperation. The organization which begins as a democratic mechanism finds that its leaders, once established in positions of power, resent suggestions from the rank and file and attempt to set themselves up as the last word in connection with decisions to be made by the organization.

Such a process represents the negation of democracy. It stifles the expression of individual opinion, tramples on the freedom of individuals and, eventually, defeats the purpose of the organization itself.

COTTON CHUTES DELIVER THE GOODS!

Flying boxcars drop tons of rations and gasoline to embattled UN troops with new cotton muslin square cargo chutes. Made from strips of cotton muslin, the chute can deliver 500 pounds of cargo from a plane traveling 175 miles per hour. The new type of muslin chute replaces the old 24-foot rayon cargo chute that had a capacity of only 300 pounds. The added strength comes from the cotton chute's unique strip design.

Warfarin, which prevents clotting of blood and causes rodents to bleed slowly to death of internal hemorrhages, gives good control of rats.

LEGAL NOTICE

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 6.984 miles of Grading, Structures, Base & Surface from 3 miles North of Doner, to the Wheeler Co. L. and from Collingsworth County line to Lela on Highway No. FM 1547, covered by RV 761-4-1 & R 761-3-1, in Collingsworth and Wheeler County, will be received at the Highway Department, Austin, until 9:00 A. M., August 15, 1951, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type

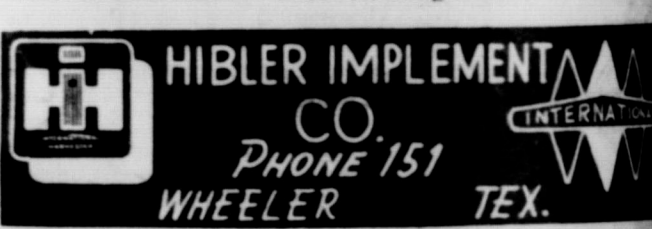

of workman or mechanic... execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these rates... as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rate. Plans and specifications are available at the office of L. Clyde Ross, Resident Engineer, Highway Department, Austin, Texas. Usual rights reserved.

Why 1/1000th of an inch is important

Our servicemen use micrometers to make sure their work meets IH factory standards to the thousandth of an inch. This is important to you because many McCormick parts fit within hairline tolerances. If a part is too tight, it can bind and burn out. Too loose... it wears out fast. Let us prove that IH 5-Star Service gives you more service between servicings.

TAKE CARE OF SHRUBS DURING SUMMER TIME

Take care of your shrubs during dry summer months. Water, fertilizer and pruning are important to the life of your plants.

Shrubs probably suffer more from mismanagement of moisture than anything else, the specialist comments. There are two ways of keeping the moisture in the soil around the shrubs: first, make a depression around the plant to catch and hold as much rain water as possible. Then, once you have moisture in the soil—either from rainfall or irrigation—use some kind of mulch to keep it there.

Use layers 2 or 3 inches thick of well-rotted leaves and grass clippings or straw; rotted hay from hay stacks, or straw from wheat and oat stacks. If the soil

is tight, use some sand for the leaves to work into, or use a layer of loose top soil to hold water later on. Miss Hatfield suggests using the hoe instead of the hose for the thin layer of top soil; you are likely to kill feeder roots near the surface if you dig more than 2 or 3 inches deep.

Shallow soils do not hold moisture through the summer, so it may be necessary to irrigate occasionally. The specialist says let the water run slowly until the soil is wet to a depth of 10 to 18 inches.

Check with your county home demonstration agent for specific instructions for taking care of shrubs in the area where you live.

Good Results From Sears Foundation 4-H Swine Program

Good results in the 1950-51 Sears Foundation 4-H Swine Program are being reported by county agents.

County Agent Cloyce M. Huckabee reports that of the eight gilts distributed in Coleman county in 1951, all farrowed on time. None of the gilts had to be bred a second time; this indicates good management, said Huckabee, on part of the 4-H participants.

Fifty-five pigs were farrowed and 51 were raised to weaning age. Although the litter size was not high, the 4-H boys took good care of the pigs farrowed. The pigs weighed 1,746 pounds at 56 days of age, an average of 34.23 pounds each. The heaviest litter averaged 50.8 pounds per pig.

Eight gilts and a boar were delivered to nine selected farm boys in Nolan county May 26, reported County Agent M. B. Templeton. These hogs are part of the 1951-52 program.

The 4-H boy who receives the boar provides free breeding ser-

Make A Picnic Check-List

WHO HASN'T been on a picnic where the pop stayed in its case all the way home because everybody forgot the bottle opener? Avoid mishaps like this by following a simple little "check-list" when you pack your picnic basket. Choose a picnic site with fireplaces, pack some interesting food that everybody can help to cook... then check your basket against this list. You may even want to clip it out and stick it to the lid of your basket.

PICNIC ESSENTIALS
 salt, pepper, relishes & condiments
 paper spoons, knives, forks, plates, cups, napkins & table cloth
 paper towels and soap
 bottle opener, corkscrew
 paring or carving knife
 ice for cold drinks; sugar & cream for coffee
 mosquito lotion, suntan lotion
 kindling & matches
 long-handled grills, forks
 food and beverages

Here's a hint from the manufacturers of Sylvania cellophane: save your cellophane bread wrappers and vegetable bags. They'll come in handy when it comes to wrapping sandwiches, buns, butter, salad greens, pastry... anything that needs special moisture-protection in your picnic basket.

NASTY "CRACK"

A business college displayed a poster offering "A Short Course in Accounting for Women."

It has now been withdrawn. Someone wrote across it, in a bold, unmistakably masculine hand, "There is no accounting for women."

A Child May Dare So Drive With Care!

MORE FARMERS ARE NOW USING FERTILIZERS

Farmers in Cooke county are using larger amounts of commercial fertilizer this year as a result of having their soils tested at A. & M. College, says County Agent B. T. Haws.

Haws reports that some farmers who had been using 100 pounds are now using 400 pounds of commercial fertilizer per acre under corn and peanuts.

For good production of corn, grain sorghum or sudan grass under normal rainfall conditions, approximately 150 pounds of nitrogen, 60 pounds of phosphoric, 159 pounds of potash and 800 pounds of calcium oxide are needed per acre, according to M. K. Thornton, Extension agricultural chemist of A. & M. College.

"After we test a sample of soil, we can predict with a reasonable degree of certainty what the

limiting nutrient will be in crop production under normal rainfall," says Thornton.

The agricultural chemist points out that fertilizer recommendations are affected by other conditions in addition to the amount of plant nutrients present. Some of these conditions are soil type and soil characteristics, amount of leaching, soil structure, the preceding crop on the land, the crop to be grown, previous soil treatment and seed-bed preparation.

Thornton suggests that farmers contact their county agents for instructions for having their soils tested.

"I got the story on
50,000 Miles-No Wear
 and changed to New Conoco Super Motor Oil"

says H. Joseph Johnson
 Taxi Fleet Owner
 Maryville, Missouri

"Our fleet of cars are driven 25,000 to 30,000 miles a month. We find that motors lubricated with Conoco Super outwear the bodies of our cars."

"50,000 Miles-No Wear!" Proved Here:

After a punishing 50,000-mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence; in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

NEWSPAPER DELIVERY

"I make daily trips of 250 miles and more, delivering newspapers into Nebraska," reports Paul M. Foss, Cheyenne, Wyo. "After 70,000 miles exclusively on Conoco Super, I don't even have to add oil between 1,000-mile drains."

USED CAR SALESMAN

"A real money-saver—that's Conoco Super," says W. H. Grubbs, Used Car Salesman, Fort Worth, Tex. "I was driving a 1939 car using 2 quarts every 500 miles. I changed to Conoco Super and stopped having to add oil between drains."

it takes thousands

It's the same way in the natural gas business. Hundreds of wells in many gas fields are required to assure dependable natural gas service for the military installations, homes, stores and industries obtaining their natural gas from the lines of our company.

New fields are being added to the United Gas system all the time—through exploration and drilling, or through the purchase of gas from the owners of known reserves.

The constant aim of our company is to provide adequate supplies of gas for the present and future needs of the area we serve.

THERE'S PLENTY FOR YOU AND INDUSTRY, TOO

Equipment maintenance is an important factor in dependable natural gas service.

BUCKETT'S

RECIPE OF THE WEEK

By Mary Lee Taylor

Baked Short Ribs with Vegetables

Ingredients: September 8, 1951
1/2 cup sliced onions
2 cups boiling water
8 small carrots
4 medium potatoes
1/2 cup Fat Milk
1 1/2 cups drained green beans
cooked or canned

Directions: Short ribs cut into pieces; roll in mixture of paprika, pepper and 2 teasp. Brown on all sides in hot shortening. Drain off fat; then put 2 fat back in pan. Push meat to side of pan; add onion and cook 5 min. Add water. Cover and over low heat 1 1/2 hours. Add carrots and potatoes. Cover; over low heat 25 min., or until slices are tender. Put meat and slices on warm platter. Stir milk, and 1/4 teasp. salt into pan; over low heat until steaming hot. Do not boil. Serve with meat and slices. Makes 4 servings.

You Will Need:
Milk, Short Ribs of Beef, Green Beans, Carrots, Potatoes, Shortening

23c | **COLD MELLONS** Pound **2c**

Mr. and Mrs. Virgil Hickerson from Arkansas visited friends here over the weekend.

Mrs. Lee Kiker and son, Richard, spent Tuesday at Shamrock with her mother, Mrs. W. E. George.

Lois Curlee was in Canadian Monday.

QUICK WORK

A film star who married rather often found it expedient to get a divorce in a hurry. Her lawyer suggested Mexico.

"But I don't speak English," she protested.

"That's all right," said the lawyer. "Whenever there's a pause all you have to do is say, 'Si, si!'"

When she appeared in court the whole population turned out to witness the event. There was much emotion and bowing, and the star said "Si, si!" very firmly on numerous occasions. Suddenly the crowd gave her a great cheer.

"Well, I guess I'm divorced," she said complacently.

"Divorced, my eye," cried her lawyers, "you've just married the judge!"

The Transluc Safety Service

Marketing "Firm-Ripe" Peaches Is Important

Development of a system of marketing "firm-ripe" peaches on a statewide scale probably would increase the importance of peach production in Texas. When sold in the "firm-ripe" stage, peaches grown under proper conditions bring a premium price. In 1950, growers marketing by this method received \$3.00 more per bushel for their peaches.

A study of the marketing of "firm-ripe" peaches as compared with "green mature" peaches was made last year by the Texas Agricultural Experiment Station, K. A. Fugett, associate professor of agricultural economics, College

Station, and T. E. Denman, associate horticulturist, Stephenville Experiment Station, conducted the study on peaches grown at Stephenville and sold through a super-market grocery store at Ft. Worth.

Fugett and Denman found that firm-ripe peaches require more careful harvesting, packing and handling methods than those marketed in the green mature stage. And for increased profits, a market for overripe, green and bruised fruit is essential—preferably near the point of production.

The research men recommend that growers observe the methods used by experienced handlers in the marketing of firm-ripe peaches. Growers, shippers and retailers inexperienced in handling

firm-ripe fruit will encounter many problems.
Progress Report 1380, which gives the details of this study, is available from the Publications Office, College Station, Texas.

YOUNG FLOWERS

Mrs. Brown: "Has the new florist any children?"

Florist's Neighbor: "Yes, a girl who is a budding genius, and a boy who is a blooming nuisance."

NOT SO SIMPLE
A small boy was asked by his mother what he would like for a present. He said he would like more than anything else a baby sister. Just as it happened, his mother was able to oblige him.

The next year, the boy was asked again what he would like for a present. He hesitated and then said:

"Well, Mummy, I hardly like to bother you again."

"Tell me what you dear," insisted his mother. "Well, it might be you. Last year I asked for a sister and you gave me a year—well, I would like to please."

USE PEACHES FREEZER

"Tell me what you are doing with your peaches," insisted the doctor. "Well, it might be better for you. Last year I ate a peach and you know how I felt. I would like to see you eat one now."

MADE THE DOCTOR'S PATIENT—NOW DO YOU PROMISE!

Physician—Hey, I've cured of measles in a Patient—Now Do You Promise!

of a diabetic, you may just use water without sugar.

But first, select firm ripe peaches which are at the stage for good eating. Any green color on the peaches will indicate they are not ripe enough for freezing.

Then, peel the peaches. The specialist recommends this rather than dipping in boiling water as this tends to soften the outer layer of the peaches.

For a dry sugar pack, add two-thirds cup of sugar to each quart of prepared fruit and mix well. Keep the fruit from turning dark by sprinkling ascorbic acid dissolved in water over them before you add sugar. One-fourth teaspoon of ascorbic acid in one-fourth cup of cold water will be sufficient for each quart of fruit.

ANGLING

This pretty angler can pull in more than fish! She is charming Coleen Gray, Universal-International actress currently featured in "Apache Drums." For her sports outing, Coleen wears a smart cotton shorts and shirt ensemble.

Pack into containers, leave three-fourths inch head space, seal and sharp freeze immediately.

For the syrup pack, make a syrup of three cups of sugar and four cups of water. Place peach halves or slices in container, add syrup to cover. Use a piece of wadded wax paper to keep the fruit under the syrup, leave three-fourths inch head space, seal and sharp freeze immediately.

The specialist says peaches have better quality when packed in syrup or with sugar.

LEGAL NOTICE

HOUSE JOINT RESOLUTION NO. 2 proposing an amendment to Article VII of the Constitution of Texas, so that the total amount of bonds or obligations that may be issued by the Veterans' Land Board is increased to One Hundred Million Dollars (\$100,000,000); providing for the issuance of said bonds and certain conditions relating thereto and the use of the Veterans' Land Fund; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III, Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veterans' Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Veterans' Land Board may issue not to exceed One Hundred Million Dollars (\$100,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas, in such form, denominations, and upon the terms as are now prescribed by Article 29, Chapter 318 of the Acts of the Fifty-first Legislature (provided, that when the limitation of Twenty-five Million Dollars (\$25,000,000) is used in said Senate Bill No. 29, the same shall hereafter be considered as One Hundred Million Dollars (\$100,000,000), or by other laws that may hereafter be enacted; provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum, and that the same shall be sold for not less than par value and accrued interest.

"In the sale of any such bonds, a preferential right of purchase shall be given to the administrators of the Veterans' Land retirement funds, the Permanent University Fund, and the Permanent School Fund, such bonds to be issued as provided in the opinion of the Veterans' Land Board.

"The Veterans' Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose of the Veterans' Land Act, and for the (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation.

"All lands thus purchased shall be required at the lowest price obtainable, to be sold to the Veterans' Land Board.

"The lands of the Veterans' Land Fund shall be sold to the Veterans' Land Board of the present war or wars, commonly known as World War II, and to Texas Veterans of the Armed Forces of the United States of America subsequent to 1945, as may be included within this program by legislative acts in such quantities and on such terms, and at such prices and rates of interest, and under such rules and regulations as may be provided by law, or may hereafter be provided by law.

"All moneys received and which have been received by the Veterans' Land Board for the purchase of land as provided herein shall be credited to the Veterans' Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945, as may be included within this program by legislative acts. In like manner provided for the sale of lands purchased with the proceeds from the sale of the bonds, provided for herein, for a period ending December 31, 1950, provided, however, that so much of such moneys as may be necessary during the period ending December 31, 1950, to pay principal of and interest on the bonds heretofore issued and on bonds hereafter issued by the Veterans' Land Board shall be set aside for that purpose. After December 31, 1950, all moneys received by the Veterans' Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of the bonds and interest thereon, and any of such moneys not so needed shall not later than the maturity date of the last maturing bond or bonds be deposited to the credit of the General Revenue Fund to be appropriated by law. All bonds issued hereunder shall, after maturity, be registered by the General of the State of Texas, and delivered to the purchaser, he in turn shall constitute obligations of the State under the Constitution of Texas. Of the total One Hundred Million Dollars (\$100,000,000) of bonds herein authorized, the sum of Twenty-five Million Dollars (\$25,000,000) has heretofore been issued, and it shall be the obligation of the State of Texas, in all respects unaltered and declared to be obligations of the State of Texas. This amendment shall become effective upon its adoption.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, 1951, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

FOR the Amendment to Section 49-b, Constitution of Texas, for increasing Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945.

These opposing said proposed Amendment shall write or have printed on their ballots the following words:

AGAINST the Amendment to Section 49-b, Constitution of Texas, for increasing Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945.

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the Constitution and be effective from the date of the determination of such result; and the Governor's proclamation therefor.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

LEGAL NOTICE

HOUSE JOINT RESOLUTION NO. 87 proposing an amendment to Article VII of the Constitution of the State of Texas, so that the total amount of bonds or obligations that may be issued by the Permanent University Fund is increased to One Hundred Million Dollars (\$100,000,000); providing for the investment of the Permanent University Fund in additional securities to those now enumerated in Section 11 of Article VII of the Constitution of the State of Texas; providing for the necessary proclamation and publication, and calling of an election therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VII of the Constitution of the State of Texas shall be amended by adding to Section 11 thereof a new section to be designated Section 11a, which shall read as follows:

"Section 11a. In addition to the bonds now enumerated in Section 11 of Article VII of the Constitution of the State of Texas, the Permanent University Fund may be invested in such other securities, including bonds, preferred stocks and common stocks, as the Board of Regents of the University of Texas may deem to be proper investments, and the same shall not exceed more than fifty per cent (50%) of the said fund shall be invested in any one class of securities, and not more than one per cent (1%) of the said fund shall be invested in securities issued by any one (1) corporation; and provided further that the stock of any one (1) corporation shall be restricted to stocks of companies incorporated within the United States which have not declared for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors. This amendment shall be self-enforcing.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, 1951, at which election all ballots shall have printed thereon:

FOR the Constitutional Amendment providing for the investment of the Permanent University Fund in additional securities to those now enumerated in Section 11 of Article VII of the Constitution; and

AGAINST the Constitutional Amendment providing for the investment of the Permanent University Fund in additional securities to those now enumerated in Section 11 of Article VII of the Constitution.

Sec. 3. The Governor shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State. The Amendment shall be published in the proper appropriation made by law.

LEGAL NOTICE

THE STATE OF TEXAS

TO: Wallace F. Harris and wife, Rilla B. Harris; W. D. Shedden; J. M. Lambert; W. M. Wallier and wife, Mrs. W. M. Wallier; Nora Looper and Tressie Looper and Joe Heydon; if living, and if dead, their unknown heirs and legal representatives; their unknown spouses; and the unknown heirs and legal representatives of J. N. Burcham, Deceased, and wife, Mary Burcham, Deceased, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 10 day of September, A. D. 1951, at or before 10 o'clock A. M., before the Honorable District Court of Wheeler County, at the Court House in Wheeler, Texas.

Said plaintiff's petition was filed on the 25 day of July, 1951. The file number of said suit being No. 4204.

The names of the parties in said suit are:

R. D. Chapman and Stadin A. Chapman, as Plaintiffs, and Wallace F. Harris and wife, Rilla B. Harris; W. D. Shedden; J. M. Lambert; W. M. Wallier and wife, Mrs. W. M. Wallier; Nora Looper and Tressie Looper and Joe Heydon, if living, and if dead, the unknown heirs and legal representatives of such as may be deceased; the unknown spouses of the defendants named, save as shown; the unknown heirs and legal representatives of J. N. Burcham, Deceased, R. J. Edwards and wife, Jane C. Edwards, as Defendants.

The nature of said suit being substantially as follows, to-wit: Suit in trespass to try title alleging ownership by plaintiffs in fee simple now and on January 1, 1951 of following described premises, situated in Wheeler County, Texas:

All that certain lot, tract or parcel of land situated in Wheeler County, Texas and being a part of the Southeast Quarter of Section 2, Certificate 1-121, J. Poitvent Surveys in said County, described as follows:

BEGINNING at the Southeast corner of said Southeast Quarter of said Section No. 2;

THENCE South 2640 feet to the SE corner of said Section No. 2; the place of beginning, containing 1115 acres;

THERE IS EXCEPTED, HOWEVER, a clay pit heretofore sold to Wheeler County along the East line of said SE ¼; THERE IS ALSO EXCEPTED 3.558 acres heretofore conveyed to Wheeler County, Texas, for the use of the State Highway Department; this 3.558 acres being off the East side of said tract, there being 106.996 acres of land, more or less, in this tract.

And dispossession of same by defendants on January 2, 1951, including count alleging five years peaceable adverse possession under duly registered deeds; with prayer for judgment for title and possession on all counts, costs of suit and general relief.

ISSUED this 25 day of July, 1951.

GIVEN UNDER MY HAND AND SEAL OF SAID COURT, at office in Wheeler, Texas, this 25 day of July, A. D. 1951.

contestants. State Senator Edward T. Dicker was one of the judges. Congratulations Nannette, you knew you could do it!

Mr. and Mrs. Phil Corcoran has had as their guest this week two of Mrs. Corcoran's sisters and husbands, Mr. and Mrs. Joe Thornton, Albuquerque, N. M., Mr. and Mrs. George Black, Miami, also their daughter and husband, Mr. and Mrs. Joe Stone, of Skellytown.

It seems your reporter has a correction to make. It was Mrs. H. H. Bonds in the car accident because they are kin folk I was thinking of one and wrote the other. Sorry.

Last Wednesday night Mr. and Mrs. H. L. Trimble and Patricia honored Horace Trimble with a birthday and going away party at their home west of town. Ice cream and cake was served to some fifty guests. Horace left Sunday night for Port of Embarkation in New Jersey where he will leave soon for service in the European Theatre of our United States Air Force.

Several folk from this community attended the Cow-Calling at Miami Saturday. A few I heard of were: Mr. and Mrs. John Dunn, Mr. G. B. Dunn, Sr., Mrs. Jap Bailey, Mrs. Pearl Bailey, Mrs. Jap Johnston and Mr. and Mrs. Henry Johnston.

Carlton Murrell is a patient in the Veterans Hospital in Amarillo this week.

Pvt. Vernice Nixon, Camp Gordon, Georgia, is enjoying a furlough with his parents, Mr. and Mrs. Charlie Nixon, and other relatives and friends. Sure does look natural to see Vernie around town.

Archie Ann Corcoran is spending several days visiting Anabel Ware and Mrs. Ware.

ladies Mary Brewer, Hallie Romines, Francis Abbott, Wanda Alexander, Daisy Thomas, Laura Hill, Chestnut Thomas, Carrie Willis, Pearl Bailey and Bulah Grimes.

Mrs. W. L. Coleman, Cathrine, and Thessa spent some time this week with her father, Tom Arnold. Mrs. Coleman who lives at Dumas had spent several weeks recently at the Shattuck Clinic where her daughter, Thessa had been under treatment.

Marion Grimes spent last week in the home of his brother, Doyle Grimes. Marion is with the Soil Conservation Service at Lancaster, Wisconsin.

Mr. and Mrs. Roy Green, Fort Worth and Mr. and Mrs. J. N. Gary, Borger visited over the weekend with Mr. Gary and Mrs. Greens mother, Mrs. N. M. Gary.

Mr. and Mrs. Doyle Grimes and family, Marion Grimes and Ethel Renner spent the weekend with Mr. and Mrs. R. L. Vanlandingham and family of Dimmitt.

Mr. and Mrs. Ralph Martin, Loveland spent the weekend with Mrs. Martins parents, Mr. and Mrs. E. E. Johnston.

News From

(Continued from Page 1)
must have air, water, and food to grow. Their food comes from legumes and other plants that are plowed under, as well as from the roots of these plants. Since air is a necessity, these small organisms are much more active at greater depths in soils that have been punched full of holes by deep rooted legumes. Growing deep rooted legumes such as alfalfa not only improves the soil home for the small organisms, but also increases the water penetration as well as water holding capacity and aeration of the soil. All are needed to maintain and increase the productivity of the soil.

Legumes, plowed under as a green manure crop increase the organic matter in the soil. This organic matter helps to hold together the small soil particles and improves the soil structure by making it granular. Soils high in organic matter have better air circulation and air spaces and will absorb and hold water that is needed by the plants and soil life. Growing deep rooted legumes puts the organic matter from decaying roots deep in the soil and thus improves the soil condition. We urge farmers to make plans now for their fall legume seeding. Soil samples should be taken from these fields so correct fertilizers will be used.

Mr. and Mrs. H. H. Bonds have as their guests their daughter and husband, Mr. and Mrs. Marcus Moore and their son, C. H. Bonds. The boys are stationed at Camp Handsford, Wash. and are on a 30-day furlough from the Army.

We want to welcome Mr. and Mrs. Willard Harrison and family to our community. They just recently built a new home north of town a few miles and are now comfortably settled. We hope they like living among us.

Mr. and Mrs. H. H. Bonds have as their guests their daughter and husband, Mr. and Mrs. Marcus Moore and their son, C. H. Bonds. The boys are stationed at Camp Handsford, Wash. and are on a 30-day furlough from the Army.

The Mt. View Quilting Club met on August 7. An emergency quilt was quilted and the quilt for Francis Abbott finished. The next meeting of the club will be Sept. 4th. Those attending were: Mes-

In calling upon the press and radio for assistance, Garrison stated: "I am asking the public-spirited newspapers and radio stations of Texas to cooperate with the Department of Public Safety, on behalf of the State, in a plan to give our people all the true facts. I am confident that they will do so. This educational program will begin November 1st, two months before the law becomes effective. In the meantime, I hope the people of Texas will not permit themselves to be misled again about this new law, which was enacted for their greater safety and financial protection."

"SMALL BUSINESS"

By C. WILSON HARDER

Cheaper prices has long been the battle cry of those who seek to justify monopolies in this country.

The argument has been that if only a few big companies have the business, they can give the public a cheaper and better service. This has been disproved many times, but so often the proof is so wrapped up in technical factors that the full significance escapes the general public.

C. W. Harder

However, the investigation by Sen. John Sparkman's Senate Small Business Committee into certain actions of the Civil Aeronautics Board to eliminate all but the very large air transport corporations, brings out in a crystal clear detail that all too often the big operator is the inefficient operator, with resulting loss to both the consumer and the taxpayer.

The CAB so far at least, has the power to limit the operations of any airline. This bureau has consistently classified airlines that operate without government mail subsidies, and at fares half the price of the Big Airlines, and which still show a profit, as irregular airlines.

This has caused many a Washington observer to comment:

"This shows the decay of bureaucratic thinking. Now any business that makes money while offering the public a lower price, without favors from the U. S. Treasury is irregular."

The Big Airlines operate on a fare of 6 cents per mile, plus millions of dollars in mail subsidies.

But a so-called big operator operating a plane in the San Francisco and Los Angeles routes, passengers for the student company make \$100,000 per year.

This same company, Central, would like to see flights across the country at the 3 cent rate.

But the CAB will not let them to cross a state.

Air Transport America has cut flight rates in Alaska from 10 pounds to as low as 10 pounds; passenger \$180 to \$90.

The CAB has also lowered fares between American Air Lines and Miami, Florida, affording 3 buying trips New York instead of 4.

This is also irregular. CAB wants to stop getting low cost fares.

Recently, on two months, national articles warning that lines are unwise. Air orders do not back the CAB.

But when Senate Small Business Committee and editors of these papers, they decline.

Every business must analyze his own business. If the business is not paying taxes, the public a lower price, same time keeping without benefit of subsidies, the business feel fortunate.

But don't be surprised if business doesn't appear as irregular. Irregular in Russia!

But don't be surprised if business doesn't appear as irregular. Irregular in Russia!
