

Mustangs Beat Turkey, To Playarendon Friday

Wheeler Mustangs won the first round of the current season last Friday night by defeating the Turkey team by a score of 26 to 0 in a game which was held at the Wheeler gridiron.

The Mustangs will meet their opponents for the second time on Friday night in the person of the Pampa Bronchos. The game is to be played on the gridiron beginning at 8 o'clock.

The Mustangs and the Bronchos are undefeated in two games each while the Pampa Bronchos rate the Mustangs as the best team in this opening contest. The Mustangs defeated the Groom and the Claude Mustangs in their first two games by four points each while the Mustangs defeated the Pampa Bronchos and the Turkey Turks in Friday night's contest.

Ernest Lee of the Mustangs shared the scoring honors with the Bronchos by getting a touchdown and a field goal. The Mustangs scored one touchdown and a field goal which was held back because of illegal blocking.

The Mustangs scored the first Mustang touchdown in the first period on a pass to the pigskin. Johnson's kick for extra points was good. Back Jones made a punt to the Mustangs in the second period but failed back and the Mustangs were penalized 5 yards for illegal formation.

Johnson scored his second touchdown on a running play during his first trip after the ball. Johnson's kick for extra points failed.

The Mustangs' defensive play of the Mustangs unit which is made up of Crossland, Doyle Brown, Johnson, Maxie Herd, Herd, Jerry Newberry, Jones, Harold Lee, and Johnson looked much better Friday night than it did in the previous week. The offensive of the Mustangs eleven was quite as sharp as it was in the previous week. The Mustangs' offense was somewhat stronger than the Pampa "B" team.

Beside those mentioned above, the Mustangs' offense was somewhat stronger than the Pampa "B" team.

The Mustangs' offense was somewhat stronger than the Pampa "B" team.

Mobeetie Meditations

By Mrs. Homer E. Matthews

The meeting of the Blue Bonnet Study Club was held Thursday, September 21st, at the newly re-decorated ranch home of Mrs. John Dunn. Mrs. Grady W. Harris, president-presiding, Mrs. Tracy Willis was leader of a program on Psychiatry and roll call was answered by telling "An interesting fact about psychiatry".

Discussion of psychiatry were led by Mrs. Grady W. Harris, Mrs. Homer Matthews and Mrs. Tracy Willis. Delicious refreshments were served to three guests, Mrs. C. M. Elliott of Raymondville, Mrs. Murel J. Trout and Mrs. Ernest Lee of Mobeetie, and the following members, Mesdames: H. L. Flanagan, Willard Godwin, J. M. Hathaway, Sam A. Thomas, Sr., Sam A. Thomas, Jr., Bud Carroll Scribner, C. J. Van Zandt, J. H. Taylor, J. T. Johnston and the above mentioned.

The Womens Auxiliary of the American Legion will meet Friday night for a regular meeting. A covered dish dinner for members of the American Legion will be enjoyed. Following the dinner an Installation Service for the newly elected officers will be held.

Folks of the Mobeetie community were sorry to hear of the fire that destroyed the home of Mrs. Sallie Neece Tuesday. Nothing was saved and we want her friends to know there is to be a miscellaneous shower for Mrs. Neece Monday night at the Mt. Zion School House. Everyone is invited.

The Lions Club held a regular meeting Tuesday night at the Scout Hut.

The Club was honored to have as their speaker, Boyd Meador, District governor, District 2-TL. He spoke on "Lionism" and his talk was very informative and enjoyable. Another district officer also was present, Jim Abbot, Zone Chairman, Shamrock.

Mr. Wheatley, Director of Music in the Mobeetie school was a guest for the occasion and there were 15 members present. A delicious dinner was served by Mrs. Charlie Mixon and Mrs. Herk Atkins and a very pleasant meeting reported.

The junior class of the Mobeetie High School wish to announce to the public they will hold a "baked food" sale at Matthews Mart Saturday, September 29th, starting at 10:00 o'clock a.m.

The Rev. A. D. Moore had an eye operation in Amarillo Monday morning and we notice his eye is still bandaged. We trust he may be able to have the bandage off soon and that his eye will be fine.

Teachers from the Mobeetie schools taking extension courses at the Amarillo Center of the West Texas State College are: Mr. and Mrs. L. R. Reeves, Mrs. Frank Bricker, Mrs. C. O. Cash and Mrs. B. M. Robinson.

Mobeetie school faculty feel very fortunate in being able to secure the services of Mr. Wheatley as Director of Music.

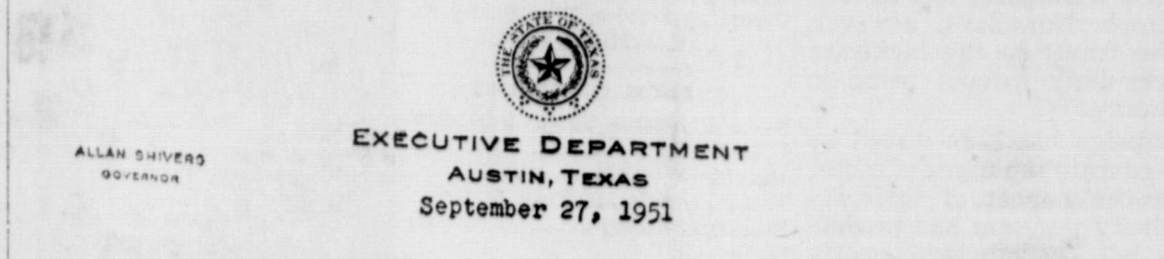

Mr. Wheatley comes to our school from the Waco High School where he taught four years and has his Master in Music.

Music in the school can add so very much to the school system that we feel the whole community is happy over being able to have a man of Mr. Wheatley's ability in our school.

The senior class of the Mobeetie High School is holding a Box Supper and Canasta Party Tuesday night, October 2nd at the gym.

Everyone is cordially invited and urged to attend and help the seniors.

EXECUTIVE DEPARTMENT
AUSTIN, TEXAS
September 27, 1951

Mr. Brad H. Smith, President
Texas Press Association
441 Driskill Hotel
Austin, Texas

Dear Mr. Smith:

With a full realization and appreciation that a free press is a bulwark of the American way of life, I consider it most appropriate that National Newspaper Week is to be observed October 1-8, inclusive. During the present unsettled world conditions it is entirely befitting that this nation and the State of Texas pay tribute to an organization that must play a vital role in the days which lie ahead.

To chronicle the many contributions of the press to our Democratic nation and to the development of a world civilization is impossible. From the smallest hamlet to the largest metropolitan center newspapers constantly have been, and will continue to be, in the foreground championing civic, governmental, educational, cultural and religious improvements. In the field of international events, the diligent efforts of a vigilant press have made the people of our nation the best informed in the world.

A free press means a free people. The history of the world has taught us that nations which censor and hamper a free press do not survive. I am convinced this will continue to be true in the future and that the iron curtain of communist countries will represent but another chapter in the fate of tyrannical governments which saw fit to interfere with a basic freedom—a freedom of the press. Truly "Your Newspaper Lights the Way of Freedom."

To a free press of Texas, to the members of the Texas Press Association and to our great newspaper industry I offer my sincere congratulations. It is my earnest wish that National Newspaper Week be observed by all Texans with just tribute being paid to a worthy organization and industry.

Sincerely yours,
Allan Shivers

Flower Show Set For October 6 At Wiley Building

Helpful Hints On Preparing Flowers For Show Are Given

In preparing flowers and leaves for a show there are some things well worth remembering. So clip this from your newspaper, scotch tape to the inside of a cabinet door, for reference.

Temperature and humidity play a large part in prolonging keeping quality of cut flowers. Stems should be cut slanting with razor blade. Keep in cool place, as basement or refrigerator, out of a draft. Most flowers should be immersed immediately in cool water up to their necks. The cut end of dahlias or poppies should be seared in a flame or plunged into hot water then into cold water. Remove foliage that will be in water for it causes spoilage.

Some people use aspirin, vinegar, listerine, etc. to keep flowers, but this is of little or no value. A solution of the above, strong enough for a disinfectant would do damage to the stem.

Here are two formulas which aid keeping qualities.

Formula 1— $\frac{1}{4}$ cup hydrozine sulphate, 2 tablespoons sugar and 2 gallons of water.

Formula 2— $\frac{1}{4}$ teaspoon chlorox, 1-16 teaspoon of fomic oxide, 2 tablespoons sugar and 1 quart of water.

Change water solutions daily.

There are two trademarked flower preservatives on the market, Bloomlife and Floralife. The color in some leaves, such as oak can be preserved by painting, spraying or dipping the leaves in two parts of water to one part of glycerine. Shake solution well before applying. Have leaves perfectly dry before painting. This will also keep them flexible.

To keep grain and grass heads from shattering paint with one part of liquid shellac (white) thinned with three parts of denatural alcohol. If too shiny when you come to arrange them, wipe lightly with cloth dampened in alcohol.

The Flower Show being sponsored by the Wednesday Study Club is open to any amateur flower grower in Wheeler County. Entries must be brought to desk in the show room (Wiley building) between 8:30 and 11:00 o'clock, October 6. Judging will be done by out of town judges, between 11:00 and 1:00 o'clock. Then the exhibit will be open to the public from 1:00 to 9:30 o'clock.

A prize of \$5.00 will be given to the organization having the best exhibit.

A demonstration on flower arranging will be given at 4:00 o'clock and again at 5:00 o'clock.

Entries may be made in the following divisions:

Division 1—Roses. Specimen, red, white, pink, yellow, other colors. Display (sufficient quality to be effective) of the above.

Division 2—Crysanthemums. Display of all colors.

Division 3—Dahlias. Specimen, large and small. Display large and small.

Division 4—Asters. Display of one color. Display of mixed colors.

Division 5—Zinnias. Specimen, large and small. Display large, small, ruffled, one color, mixed color.

Division 6—Marigolds. Specimen, large yellow, large orange. Display, large yellow, large orange, small double, small single.

Division 7—Miscellaneous. Display, cosmos (one color and mixed) nasturtiums, snapdragons, petunias, tithonia, flowering vines, cockscomb, wild flowers and annuals not mentioned elsewhere.

Division 8—Miniatures. Not over 3 inches including container. Not over 6 inches including container.

Division 9—Table arrangements. Formal dinner, informal dinner, coffee table.

Division 10—Novelties. Dried arrangements, unusual containers, dish gardens, under-water arrangements, flower and fruit (or vegetable) arrangements.

Fat And Forty, Bald And Blind, All To Play Ball Here Sun.

Fat and forty!
Bald and blind!
All are to play baseball in a special benefit baseball game on the Wheeler American Legion diamond Sunday afternoon when old men's teams from Wheeler and Mobeetie meet. The contest is to begin promptly at 2:30 p.m.

Otis Reid is manager of the local old timers club and Herbert Eisenmenger is piloting the Mobeetie nine. The managers will be required to pitch the first inning for their respective ball clubs.

Only requirement for being eligible to participate in Sunday's game is that the participants must have reached the age of 40 years.

Manager Reid of the local club states that the gentlemen who play Sunday will show the fans baseball as it was never played before or probably will never be played again.

Admission prices for the contest have been set at 25c with the proceeds to go to the Wheeler School Cafeteria fund.

BRISCOE WINS EP LEAGUE CHAMPIONSHIP

The Briscoe baseball club of the East Panhandle League won the championship of the league last Sunday when they defeated the Wheeler club of the same league in the last play-off game of the season by a score of 16 to 11. The contest was played on the Wheeler American Legion diamond and was the second straight win in a two-out-of-three series for the Briscoe team.

Briscoe wound up first and Wheeler third in the regular season standings, then Briscoe defeated Mobeetie and Wheeler defeated McLean in the first round of the play-offs to advance to the finals.

Briscoe broke the ice in the first inning by scoring a run, Wheeler went ahead with three runs in the second, added another run in the fourth to lead by a count of 4 to 1 then Briscoe scored five runs in the top of the fifth to go ahead and stay. Wheeler scored one each in the fifth and sixth, two in the seventh and three in the ninth. Briscoe scored two each in the sixth and seventh and six in the ninth.

Nugent and Kitchens pitched for the winners with Muir and Price doing the catching. Bill Cosper, Billy J. Darnell and Red Richardson all worked on the mound for Wheeler and Bud Vanpool did the catching.

Wheeler P-TA Holds Regular Meeting Thurs.

Wheeler P-TA met Thursday night, September 20, in the school auditorium. A very interesting program was given. "Meet the P-TA" was presented by four persons, Mrs. M. G. Brown, a former president, a survey of the P-TA organization, B. Barham gave his report of what the teachers expect for the coming year. Mrs. Homer Moss, a past president of the school and P-TA, Neil McQueen, a student representative of the school and all aspects of the school and all aspects of the school and all aspects of the school.

The talks were enjoyed by all.

Thursday night of each month will be the regular meeting of the P-TA.

Admission is \$1.00 per person and \$2.00 per couple.

Teachers and parents are invited to attend all meetings.

Edith Whitener will be in charge of the program "Homecoming" for the next meeting which will be October 4 in the school auditorium.

Miss L. A. McWhorter will be in charge of the program "Homecoming" for the next meeting which will be October 4 in the school auditorium.

BAPTISTS WILL MEET AT LEFORS

The annual associational meeting of the Baptist Churches in the North Fork Baptist Association will be held with the First Baptist Church of Lefors on Monday, October 1.

In this meeting, the work of the twenty-five Baptist Churches of this particular area will be reviewed. Two very outstanding preachers, Dr. Carl Bates, pastor of the First Baptist Church of Amarillo, and Dr. R. Alton Reed of Dallas, will appear on the program.

Other places on the program for the day will be taken by pastors, laymen and women of the churches in the association. The meeting will begin at 10:00 a.m. and will continue through the afternoon and evening.

Rev. Buell Wells, pastor of the Baptist Church at McLean, and moderator of the association, will preside at the meeting.

Wheeler Junior Class To Hold Food Sale Sat.

The Wheeler junior class is sponsoring a food sale Saturday, September 29, starting at 9:00 a.m. until 5:00 p.m. There will be cakes, pies, cookies, and candy at Clay's and Puckett's Food Stores. The juniors will appreciate your trade.

C. R. Bailey Is Now Attending AMM School

Chester R. Bailey, airman apprentice, USN, son of Mr. and Mrs. Roy Bailey of Box 301, Wheeler, is now attending the Aviation Machinist's Mate School, at the U. S. Naval Air Technical Training Center, Memphis, Tenn.

Bailey, who entered the Naval service in March, 1951, received his recruit training at the U. S. Naval Training Center, San Diego, Calif.

Before entering the Navy, he attended West Texas State College in Canyon.

WHEELER CO. MCA TO HAVE FIRST CONCERT

Wheeler County Municipal Concert Association opens its third season most auspiciously on Thursday night, October 4, with the presentation of Angelene Collins and Brent Williams, two of the finest voices appearing on the American concert stage today.

The concert will be held at Clark Auditorium in Shamrock, beginning promptly at 8:15 p.m. Only members of the Wheeler County Concert Association may attend upon presentation of their membership identification cards.

A brilliant evening seems assured with a program of great entertainment in store for the audience which will hear many of the popular favorites sung either as solos by Miss Collins, soprano, or Mr. Williams, tenor, or in special arrangements for the duo. Such numbers as "Let My Song Fill Your Heart," an entire medley operetta show-stoppers, "Without a Song," "Ministrels," and many others planned for the program clearly indicates an evening that no one will want to miss.

Not only are duo the possessors of beautiful voices, but it is doubtful if anywhere on the concert stage will there be found two more charming and friendly personalities. Here are two artists who live and love to sing. Give them an audience and they will sing their hearts out for them, for nothing makes either of them happier than the opportunity to fill an auditorium with beautiful music.

Miss Collins is the first singer in five years to have won the coveted Walter W. Naumburg Foundation Award, an honor most frequently reserved for instrumentalists. Her unusually beautiful voice, coupled with immaculate late musicianship, won for her the unanimous decision of the judges in a contest which has no peer for

LET'S SAVE LIVES

Every reader of The Wheeler Times should be interested in any plan that might tend to reduce the number of persons killed and injured on our highways. The toll of the dead and maimed constitutes a national scandal.

There was a time when safety was supposed to be a matter of regulating speed. The

improvement of motor vehicles and highways, together with the gradual education of the public in traffic regulations, has made the excessive speed of some years ago the usual rate of travel today.

Many of our older readers can remember the day when the daredevil pilot of a racing automobile astonished the world with his unprecedented mile-a-minute performance. This feat was considered the exploit of iron nerves and a willingness to risk death to win a triumph. Nowadays, however, most of those who travel on the highways hit sixty fairly regularly without being in a race or even a hurry.

A steady campaign has been waged by traffic officers to educate the users of motor vehicles in the proper manner of their operation. This publicity program has produced good results but, nonetheless, nearly ninety persons die in highway accidents every day of the year. Hundreds are hospitalized for serious injuries and thousands suffer minor injuries each day. The financial loss, including property damage, cost of funerals and treatment and loss of time, not to mention the earning value of those who die, runs into the millions.

It is high time to take drastic action to save lives and money. In addition to measures currently invoked we should not hesitate to demand an effective system of inspection in order to remove defective and dangerous vehicles from the highways. There is little excuse to condone the operation of what are dangerous and death-dealing instrumentalities on the roads where innocent people are endangered.

In addition, there should be a more rigid enforcement of all traffic regulations. This will do more than anything to make the automobile driver conscious of safety rules and the rights of pedestrians and other motorists on the streets and highways. Especially, there should be apprehension of those who drive under the influence of intoxicants. Drivers licenses should be revoked for repeated participation in accidents.

There is another safety factor which may be the most significant in reducing accidents. It is nothing more than the exhibition of good manners in the driving of motor vehicles. Recognition of the rights of other drivers is involved, of course, but more than this. Allowances must be made for the almost unavoidable errors of judgment that all drivers make, at times, in estimating safety factors. The good driver will also try to adjust speed to traffic and localities so as to avoid creating emergency situations or forcing others to make unexpected and sudden operational decisions.

This is a rather long discourse but the list of dead and injured is also long. If we face the problem intelligently there is the possibility of saving the lives and members of many persons.

DRESS-UP TIME—U.S.A.

NEW YORK—Creating fashions at home is the hobby of Helen Hagen, beautiful cover girl. Here she strikes a smart pose on a terrace at Rockefeller Center to show how a Fruit of the Loom Centennial fabric lends itself to a crisp and cool afternoon frock. Helen chose the simplest commercial pattern she could find in order to emphasize the stunning leaf design of the cloth. There were six elementary pattern pieces to cut and sew. Fruit of the Loom's white cotton was selected for the exaggerated reverse collar. This one-piece dress is worn with a crinoline petticoat that accentuates the fluting and flair at the hem-line. It cost Helen less than four dollars to make.

Texans To Know If They Are Eating Ice Or Vegetable Desert

Texans now will know whether they are eating ice cream or the competitive vegetable fat frozen desert—Mellorine.

State Health Officer George W. Cox has issued an order that defines, sets standards and gives a legal status to the vegetable fat product.

After October 1 all frozen deserts sold in Texas made with vegetable or other edible fats—rather than with butterfat—must be called "mellorine".

With the order, the millions of ice cream eaters in the State will be assured of getting real ice cream when they ask for ice cream—not a vegetable fat substitute product.

George M. Clarke, executive vice president of the Dairy Products Institute of Texas, this week praised Dr. Cox for his action in clearing a problem that has plagued the dairy industry—and confused the public—for many months.

He said Dr. Cox's order was the result of recommendations submitted by the Texas ice cream industry. The ice cream manufacturers made a six months study

of the problem during which they held numerous conferences with technical experts from A. & M. College, Texas State Health Department.

"Mellorine is a good cream what margarine is not," Clarke said. "The important thing is that the manufacture of the product Mellorine, now will have a choice. Junior won't be product sold as ice cream in reality it is not. Ice cream historically and by law from butterfat."

Clarke emphasized that Cox's order, however, legalizes the manufacture of the product Mellorine. He predicted that the wide-spread approval of cream buying public.

Correct LIGHTING FOR your home!

For ironing with a ceiling light you can use either of two fixtures. The one shown is a hanging fixture using two 25-watt fluorescent tubes. Or use a 150-watt silver-bowl bulb in a round metal reflector. Center fixture directly over the board.

For working at bench with a ceiling light, this fixture—holding two 25-watt fluorescent tubes, shielded lengthwise—will give you an excellent light. Or you can use a 150-watt silver-bowl bulb in a round metal reflector 12 to 14 inches in diameter.

INFORMATION PLEASE

The big railroad terminal was
crowded when a shabby individual
approached a wicket and peered
inquiringly at the young woman
on duty behind it.

"Excuse me, miss," he apolo-
gized, "but do you represent the
Travelers' Aid Society?"

"Yes," she replied.
"Den, where's de freight yards,
please?"

Because of the economic losses
they cause to industry and com-
merce and the annoyance they
create in homes, rats have been
considered a serious menace to
mankind since long before their
role as vectors of disease was
understood. Today at least six
diseases which are transmitted to
man from the rat are known to
medical science, according to Dr.
Geo. W. Cox, State Health Offi-
cer. These diseases include the
dread plague, typhus, trichinosis,
a form of jaundice, tapeworm, and
food poisoning. The whole history
of the role rats play in the trans-
mission of disease remains as yet
unknown.

"It is necessary to public health,"
Dr. Cox said, "that a con-
tinuous rat control program be
maintained in every urban and
rural area throughout Texas. This
is of especial importance on farms
where rats may flourish by feed-
ing on grain and other farm pro-
ducts.

The doctor pointed out that rats,
like other living things, require
food and shelter if they are to
propagate and increase in num-
ber. Destroying their shelter and

not only in the eradication of a
nuisance and economic meance
but in improved health conditions
and the prevention of rat-borne
diseases.

Chlorate-based defoliant gave the best results for total cotton defoliation in tests conducted last year by the Texas Agricultural Experiment Station at Lubbock. Other tests indicate that at least 30 gallons of the spray solution per acre were necessary to eliminate dry burn.

There are a lot of reasons why every one should help prevent

grass and range fires two of which are: conservation of a short supply of livestock feed and soil and water conservation. Burned over areas — without vegetative cover — may suffer heavy soil losses if and when heavy, driving rains occur.

Farmers who have supplies of small grain seed suitable for planting purposes are urged to

save them. Supplies of such seed in many areas are short.

A woman who lost her thumb in a train wreck was awarded \$50,000 as damages, by a female jury, because it was the thumb she kept her husband under.

If it were the style women would smile at the graves of their husbands.

Dessert Feature: Marble Cake

Folks will be delightfully surprised when you cut through the thick fluffy frosting to reveal Marble Cake, a delectable coffee hour sweet.

Through the years cakes have held their popularity as true party desserts. Marble Cake offers a dramatic approach to the dessert problem. Here is an easy marbled loaf cake that you can make at home, if you wish, a thrifty one-egg recipe for something extra-special.

Or, if you want, buy it baked. The baker daily offers an assortment of fresh cakes designed to please individual tastes and to suit any occasion.

The "marbling" effect looks fancy, but it's really easy. To achieve, pour one-third of the cake batter into another bowl and add melted chocolate to it. Then drop alternating spoonfuls of plain and chocolate cake batters into square pan.

Some cooks prefer to combine the two batters lightly and then pour marbled batter into prepared pan. This cake is good with either a white or chocolate frosting, so cater to your family's taste on this point.

You may be surprised at the amount of good nutrition offered by Marble Cake made with enriched flour. It contributes three essential B-vitamins, food iron, and food energy to the dessert course.

MARBLE CAKE

1 1/2 cups sifted enriched flour	1 cup sugar
2 teaspoons baking powder	1 egg
1/2 teaspoon salt	1/2 cup milk
1/2 cup shortening	1 teaspoon vanilla extract
1 square melted chocolate	

Sift together flour, baking powder and salt. Cream together shortening and sugar until light and fluffy. Add egg. Mix well. Add flour mixture to creamed mixture alternately with milk and vanilla extract. Pour 1/3 of the batter into a small bowl and add melted chocolate. Mix thoroughly. Pour alternating spoonfuls of white and dark batter into greased cake pan, 8 x 8 x 2 inches. Bake in moderate oven (350°F.) about 30 minutes. Makes 1 8-inch layer.

19, for the purpose of electing their class officers, our sponsor is Mrs. McMurry.

8TH GRADE NEWS

The 8th grade elected officers Wednesday they are: President, Not decided yet, vice-president, Marion Totty; secretary and treasurer, Helen Allen.

RETREAT

The none too experienced hunter from the city drove up to an old guide's cabin in the country, introduced himself, and said: "A friend who belongs to the Rod and Gun Club thinks you could help me bag a moose."

"Rod and Gun Club, eh?" The grizzled guide looked dourly at the visitor's light-colored rifle and grunted: "You wound a bull elk with that pea shooter, mister, and right away you'll be joinin' the 'My God—and Run' Club."

The Mobeetie schools are sponsoring a moving picture show each Thursday night at the gym. These are good, wholesome pictures that the whole family can enjoy. Proceeds are to be used to buy things for the school. Lets all support our school in this program.

Marion Reed, who was called home recently on account of his father passing away left Friday morning to return to his station at San Francisco. Marion is in the U. S. Navy serving in the submarine division.

Mr. and Mrs. Bob Sherrod, McLean and Mr. and Mrs. Clifford Walser took Pvt. J. E. Sherrod to Portales Sunday. They also visited friends at Clovis.

Mrs. Roy Johnson who has been a medical patient and Miss Patsey Johnson who underwent a tonsillectomy at the Wheeler Hospital have returned to their home. We certainly hope mother and daughter are doing nicely.

Mr. Albert Scribner and son, Bill, Holly, Colo. spent the weekend with his mother, Mrs. LaVern Scribner and brother and wife, Mr. and Mrs. Bud Carrol Scribner.

Friday, Mrs. Malissa Morton and her guests, Mr. and Mrs. Bill Thompson, Tahoka, drove to Fayetteville, Ark. to visit Mrs. Morton's daughter and family, Mr. and Mrs. Ora Celterbaugh and Mr. and Mrs. Roy Fabus. They returned Sunday night.

Mr. and Mrs. John Rosenbaum and twin daughters, Amarillo were weekend visitors of Mr. and Mrs. Warren Witt.

Mrs. W. C. Harrison and Mrs. Clifford Walser spent Friday in Canadian on business.

Mr. and Mrs. C. M. Elliott, Raymondville, are spending some time with Mr. and Mrs. John Dunn. Mrs. Elliott and Mrs. Dunn are sisters.

Your reporter was pleasantly surprised Wednesday when Mrs. Tommy Matlock and daughter of Levelland dropped into The Mart for a visit. Mrs. Matlock was the former Edris Morrow, daughter of Mr. and Mrs. J. R. Morrow who ran a gin at Briscoe for a number of years. She and our son came up through the grades and attended high school together.

Mrs. A. I. Baird, Mr. and Mrs. Jay Baird, and children and Mrs. J. W. Baird, Raymondville, are spending some time in the Doug Baird home and visiting other kindred and friends in this vicinity.

Mrs. Roy Sherrod, McLean and son, Pvt. J. E. Sherrod who is stationed at Las Cruces, N. M. spent Wednesday and Thursday with Mr. and Mrs. Clifford Walser and children. They are Mrs. Walser's mother and brother.

We notice Tom Arnold around town again and are happy to see him recuperating so rapidly from recent surgery.

Mrs. Chas. J. Hill is spending some time with her daughter, Mrs. Bud Griffin, Lubbock and her mother, Mrs. R. A. Henderson, Slaton.

Mr. and Mrs. R. A. Sims left Sunday for Hot Springs, N. M.

patio of the H. M. Wiley home started the Wednesday Study Club year off with a bang. On Thursday night, each member brought a guest, all wore western styles as they gathered around the rustic fireplace to sing songs of the west. Mrs. Harold Nash performed her first duty as president when she turned the program over to Mrs. Frank Wofford, chairman of the program committee. Following a solo by Frank Wofford, Howard Weatherly of Shamrock gave a mythical history of Wheeler County.

For elegant-looking as well as elegant-tasting fruit pies — two crusted pies, that is — brush the top crust with beaten egg or milk and sprinkle with granulated sugar. Browns so beautifully!

While those fat, juicy tomatoes are in their prime, serve them often but in various ways. Too good to be true is this simple recipe. Wash and cut large tomatoes in half. Top with heaping spoonful of real mayonnaise. Broil about 10 minutes. Delicious!

Don't wait until the last minute to sprinkle clothes for ironing. They should be sprinkled the night before, or at least several hours before, with lukewarm water for best results.

Long about this time of year white shoes get pretty sad looking. If you'll give them the ol' Shinola treatment with the liquid white cleaner, then touch up the soles with a special dressing they'll perk up plenty.

Speaking of clothes wrinkles — if your vacation trip is still coming up, remember to pack with plenty of tissue paper. Then when you reach your destination, hang dresses, etc. over a steaming tub of hot water. It works miracles in taking out wrinkles.

Skip Makes a Slip

Miss Gilbert, the teacher, was telling me how Skip Lawson almost fell in her physics class.

She noticed him nodding and since they were discussing electricity — said in a loud voice: "Now maybe MR. LAWSON will explain what electricity is." Skip started up, looked around wildly, and blurted out, "Gee! I used to know, but I forgot."

"What a loss to science!" sighs Miss Gilbert. "No one to this day knows what electricity really is, and here we have a genius who could explain it — but forgot!"

From where I sit, I taught Skip that you're if you admit you don't know. Some growing learned that yet — like they are always telling of what's best and what's what's wrong. I like a glass of beer, myself. I prefer buttermilk I've seen too many turn out to be wrong!

It's the same way in the natural gas business. One gas well doesn't assure a dependable supply. In fact, it takes hundreds of wells in more than 200 gas fields to assure dependable service to the homes, stores and industries obtaining their natural gas from the lines of United Gas.

New fields are being added to our system all the time — through exploration and drilling, or by the purchase of gas from other producers. Our company is working diligently to provide adequate supplies of gas for the present and future needs of all our customers — residential, commercial, industrial.

keen competition.

While still a young lad in Fulton, Ky., Brent Williams was faced with the serious problem of choosing his career. He had two burning ambitions—to be a baseball player and a singer. The two goals were obviously incompatible and young Brent realized that music was his only purpose in life after all.

It was natural for a youngster to feel a tinge of regret in having to give up baseball, but he devoted himself to the study of music with an intense enthusiasm and ardor.

Piano and voice were on the daily agenda—and later special training in dramatics was added.

Today, enjoying a successful career as a performing singer, Mr. Williams combines most admir-

ably all the components of his solid musical background. A keen sense of humor and a thorough enjoyment of his work shine through a Brent Williams performance.

His recital with Miss Collins holds forth great promise of a memorable evening.

MR. AND MRS. RICHARD HEFLEY

Berry-Hefley Vows Exchanged At Canyon

In an informal ceremony on Saturday evening, September 8, at 8:00 o'clock, Miss Dorothy Berry became the bride of Pfc. Richard Hefley at the Methodist Parsonage in Canyon with Rev. H. L. Thupston performing the ceremony.

Miss Berry is the daughter of Mr. and Mrs. A. B. Berry and Pfc. Hefley is the son of Mr. and Mrs. Farmer Hefley of Mobeetie.

The mantle was flanked with yellow chrysanthemums and greenery.

Mrs. Dennis Burres was matron-of-honor, wearing a purple wool knit dress with black accessories. She wore a corsage of yellow carnations.

Given in marriage by her father, the bride was attired in a lavender wool jersey with purple accessories. She carried a white Bible topped with an orchid.

Jack Hefley, of Mobeetie, was his brother's best man.

Mrs. Hefley, mother of the

groom, wore a purple crepe dress with black accessories and a yellow carnation corsage. The bride's mother wore a toast crepe dress with navy accessories, also a white carnation corsage.

After September 12, the couple will be at home at Ogden, Utah.

Wheeler Whisperings

(Continued from Page 1)
some or all who will benefit from such a promotion should help in organizing same.

Most of the Wheeler merchants are so busy with something or other that they can't even take a few minutes out a night when their businesses are closed and attend a meeting to discuss ways and means of promoting our fine little city and helping to build up the trade here. Recently when such a meeting was called only about a half dozen men showed up—how can a half dozen men decide what approximately 50 merchants and business men want to do to promote their town?

We'd like to congratulate Coach Collie Huffman and the Wheeler Mustangs on the fine spirit of cooperation they have displayed in their first two football games of the current season and wish them well in their first conference encounter of the season when they meet Clarendon Friday night. Forty-seven other Wheeler firms join with the Times in saluting the Mustangs in a page advertisement elsewhere in this paper.

Coach Huffman will be taking the Mustangs back to his home town, Clarendon, Friday night for their first conference encounter. Coach Huffman played a lot of center and linebacker for the Bronchos back around 1939. We hope he will be able to show the Bronchos a thing or two about playing football Friday night.

CARD OF THANKS

We wish to thank each and everyone for showing their kindness during the illness and death of our husband and father, God Bless each and everyone.

Don't Neglect The Health Of Your 6 to 12-year-old Children

BEXEL

Multiple vitamins have been developed especially for children in the 6 to 12 year age group which seems to be the age at which children probably don't receive the proper vitamins.

Bexel contains vitamins A, B1, C, D, B6, and B12. Bexel is a very small pleasant tasting capsule. Bexel costs less than 3c per day.
