Good luck to our county high schools as they travel to Follett on Friday to compete in the one-act play contest. We have made arrangements for the pictures of the other school's casts, but they were not available for this week's issue.

Ab, you were concerned if anyone was reading your column, as you had not received any response. Yes, you are being read. Floy Bell Lewis was in the office Monday to get your address; she did not know which of her uncles, the Pendletons, was known as "Toughy". We receive the compliments and are remiss for not passing them on to you.

We were able to help an Odessa resident in her search for information on the family tree. She was needing a copy of the obituaries for her great grandparents, Giles Levi Reid and Mary Ellen Reid. The 1943 and 1951 Copies were sent to her in the mail. Note: She gave us the dates of the

deaths.

"Mobeetie Meditations" is missing this week. We are not sure why, as they were not home when Kenneth went by for the news. Briscoe was delayed in the mail last week and appears this week.

Back to Floy Bell Lewis; she is planning a family reunion next year after the school reunion. It will be a gathering of the Pendleton, Patterson and Bradshaw families. Invitations shouldn't be necessary; it will be like "you all come" and we will figure where you fit in. -cwe-

Nosey me; I had to ask Floy Bell what happened to the arm she had wrapped. She had about 100 bricks, which needed relocating. She got a bucket and proceeded to get the job done. The result was injured ligaments in the arm. And, of course, I could not

Mobeetie Enters One-Act Play

"The Boy Who Stole the Stars" by Julian Wiles is the one act play contest selection for Mobeetie High this year. Produced by the Dramatic Publishing Company, the story revolves around a young boy who discovers that his grandfather is dying. The old man's behavior is different; he's short-tempered and no longer tells his wonderful stories. The boy enlists the grandfather's aid in helping him with a school project - counting the stars. Their togetherness seems to renew the old man's interest and he begins telling stories, one of them about the dragon in the sky. The dragon, he explains is there to guard the stars. An old legend says that should they return to earth, it would mean a new paradise with no unhappiness, no death. Hearing this; the boy goes off to slay the dragon, and return the stars to earth, seeking there a renewal of life, a means of keeping his grandfather from dying. At the end, the youngster comes to understand that he is more important to his grandfather than bringing the stars to earth. "I don't need to live forever," says the old man. "I need you. I need you to care about me."

Jeff Mayfield plays the role of Matthew, the grandfather. Greg Langley is Nicholas, the grandson.

Beth Wilson is Bessie, the grandmother. Tammy Harwell plays Genevieve, a young girl and the dragon is played by, DeAnna Smith. Stage crew members are Michael Smith, Jackie May, and Steven Morris. The play is directed by Belinda Masters.

The cast and crew take the play to Follett, Friday, March 18, for District Competition.

Last Week

Tuesday, March 1st, we received enough sprinkle to wet the ground. March 1st Ricky Daugherty birthday. 25 years ago my daddy was buried in Amarillo.

Scotty Parker came down today Tuesday to spend the day and nite with us, he is from Dumas. Scotty works for Cactus Feeders, he is a vet helper.

Everytime I woke Tuesday night it was raining, thundering some, this is nice, hard on the stock and the boys that have to work out in it, like these roughneckers, poor boys. Still sprinkling down at 9 a.m.

Doc Wilhelm called at 6 p.m. Wednesday night he said he had gotten 3 inches of rain before the snow and sleet started. Our ground covered good 2 or 3 inches. Scotty finally got home, Gerald Waters was at Dalhart, they were all worrying about him, could not find him. He finally called in from Panhandle, he was ok. Pampa had 5 inches plus and blowing. Pauline said Dumas blowing bad, drifting bad. Zetha gave Scotty peanut butter, crackers, blanket quilt, gloves, a candle and matches as he left out at Zethas. He told Zetha tell his Dad come hunting for him in morning not try to get to him tonight. He could not if he could not get home. Scotty had to get water out of his carborator at Zetha's to get his pickup going. A bad night may get to 20 degrees at 1 p.m. Thursday we had 4 ft. icicle hanging from our roof south of my den. We don't have any idea how many inches of snow we received. The wind blowing drifts, we have a three foot drift west of one of our doors. At 2 p.m. don't think we had a mail carrier yet. Roy and Willene Waters got a Wheeler paper at the Bell Mart store the Wheeler papers came to the post office Thursday. Mattie got one guess we well get ours tomorrow maybe. Snow melting and icicles are melting very slow.

Eric Zybach and a man came from Sayre, got as far as Garland Dukes home spent rest of night there.

Nelson and 2 men got as far as Garlands went back to Allison called me at 3:30 in night they were going to spend the night in their car. I said no no go to George and Avis Parkers, they got there at 4:00 spent the night ate breakfast with them they got some groceries at the store went back to the rig to work at 3 p.m. Do hope there were not people stranded to long. Gena Zybach said Wayne and Cathy Zybach pulled stuck cars out most of the night. The wheat fields let all of the snow go out in the Farm to Market roads, to Allison and Briscoe.

We needed the moisture bad so we got it a bad way. I still remember April 7, 1938, W.O.W. Similar only 1938 was much worse, around here. Now at Pampa last night N.F. said Pampa got 14 inches snow high winds, a blizzard.

Colie said our rain gage liked a 1/2 inch being full, he said it held 5 or 6 inches. Gena called this morning said lightening started a fire over in our east field, Steve Zybach put it out. Many thanks to Steve.

Canadian 6 inches Shamrock 2 inches. We are closier to Canadians than Shamrocks amount. The Harmon Barys in Amarillo, got 69 miles per hour wind. Ours was pretty strong, wonder how much.

I forgot to say Mary Nell Finsterwald is our new Avon Lady in Brisoce Community. Friday night I set on side of my bed

till Nelson got home at 11:30 he drove on to his pickup. I waited 10 or 15 minutes to see if he was coming back up here to plug his car in, here, he did night before. He didn't come so I lay down went to sleep. I guess well at 12 midnight I was woke up with voices south of my house and a bang I hollowed, thought Nelson wanted something. He never came in. I waited a little bit, I called down to his trailor house on telephone he said he had not been here, he would put his shoes on come up. I said don't get out in snow, I could have been dreaming. I set here few minutes wondering if I was losing them. I looked out my window there were 2 pickups setting out there, I called Nelson again, told him 2 pickups was out here, he said I will be right up then I sit here wondering if I dreamed 2 pickup were out there, Nelson found Ted and Pauline in the other part of the house in bed had lit a stove, turned electric blanket on was in bed. I told them I was glad to find out I had not gone

Snow is gone and the red, red robins are a bobbin'. We used to say a little poem in school. about "The north wind doth blow and we will have snow. And what will the robin do then? Poor thing." We'll keep hoping that doesn't happen.

The daffodils and apricots are in full bloom. The bees are catching up on their buzzing. Thursday is St. Patrick's Day. The big celebration at Shamrock and tater planting day. Many have rushed the deal but we wait til the proper time. Spring arrives the 20th. Come Good Friday you can plant anything safely.

That reminds me, I'm having a birthday next week. Saw where someone was giving up on 39 and going on to 40 and begin Life. Think I'll just be 39 forever. Never mind that I have been married 50 years and have three sons older than me. That's their misfortune.

Boy this political thing is sumthin ain't it? Looking over the list and to find how sleasy they are, that is info from their opponents, but when the contest is over I hope we come up with a good man as we have afforded. I doubt if there is a human in our Country that could fulfill the office without a lot of grumbling and bellyaching that we have always had. I have watched this all my life and have been involved in politics for some years and some of my good friends have fussed at me for some of my undoings. I think we are fortunate to be able to fuss and all that stuff if we know where to quit and look at ourselves and ask "Am I Perfect"? If we are honest we know that we aren't and understanding that maybe we can tolerate our neighbor's undoings a bit

Have you noticed that the Crocuses are croaking and all the trees are trying to bud out, boy We have and can't wait till spring has really sprung. We haven't had the snow that you have had but we have had ice storms and cold windy weather adn for that I am glad we didn't have all the snow but I am ready for spring. Mama is flaunting at the bitts to get her garden ready, shucks even a bird can't walk on it yet as it is wet, I say WET. We had the best garden you could imagine last year with tomatoes, okra, beans, peas and zuchini and speaking of zuchini (how ever you spell it; we had an overabundance. One night I took a big sack of it over to the neighbors home and gently sit it on their porch and came home laughing, the next morning when I went to let the cats out I noticed three sacks on the porch, it wuz zuchini. Durn them anyhow.

I got a problem, I ain't seen in the Times where anyone complained a thing bout my column, now I know durn well there are some that don't like it and why they don't complain bout it or maybe there ain't nobody readin it, I have thought about that too. What do you think, can't hurt saying what you think.
