WHEELER WINS OVER MOBEETIE SUN. AFTERNOON

The Wheeler team in the Salt Fork League evened the score with the Mobeetie team in the same league Sunday by handing them a 3 to 1 defeat in a real contest which was played on the Wheeler American Legion Diamond Sunday afternoon before the largest crowd of the current baseball season.

The locals journey to Quail next Sunday for a contest with a greatly improved team. In their last meeting, Wheeler easily defeated Quail, but new members have been added to their roster and they played the Pampa Sports a 4 to 1 contest last Sunday afternoon. The Pampa team has replaced Briscoe in the Salt Fork League.

In winning Sunday's contest, Jim Cain, the Wheeler hurler, struck out 14 batters, allowed only 7 hits and issued no free passes to first base via the walk route. Newt Sechrist hurled for the Mobeetie nine and allowed only 7 hits but he walked 3 men and struck out only 2 batters. Bud Vanpool caught for the locals and Mumford did the receiving for Mobeetie.

Mobeetie got off to a 1-run lead in the top of the first inning when D. Yeager, first up, doubled. Williams grounded out, short to first. C. Yeager was safe on a fielder's choice and D. Yeager was caught off third base for the second out.

Riley singled to send C. Yeager home and Stricker struck out to end the inning and the Mobeetie scoring.

Wheeler picked up a single run in each of the second, fifth and seventh innings. The first run came on a single by Pete Burton and a triple by Bud Vanpool with two men out. The second run was scored by Jim Cain when his single was followed by an error on Bill Price's grounder and a catcher to first base grounded out by Richard Gaines. Talant struck out to end the inning. Vanpool had lead off the inning with a second to first ground out.

The final Wheeler tally was scored in the seventh inning when Bud Vanpool doubled with one out, and scored when Bill Price singled after Cain and popped out to the third baseman. Richard Gaines popped out to the catcher to end the inning.

Miss Peggy Rodgers, senior student from Wheeler, has been chosen delegate to represent the Home Economics Department of Baylor University at the national convention of the American Home Economics Association in Atlantic City, New Jersey, June 24-27. She was also elected president of the Tri-D Home Economics Club for the coming year. She is a member of Pi Alpha Lambda, Alpha Chi, and the Baylor-Panhandle Club. Peggy is the daughter of Mr. and Mrs. R. L. Rodgers of Wheeler.

ANDERSON GETS DRS. DEGREE

John Quincy Anderson, graduate of Kelton High School, received the degree of Doctor of Philosophy from the University of North Carolina at the June commencement at Chapel Hill.

John Quincy is the son of A. S. Anderson, long-time resident of Wheeler County and active worker in public school affairs in the Kelton community.

A graduate of Kelton High School in 1933, John Quincy attended Oklahoma A & M. College and received the bachelor of arts degree in 1939. After serving five and one-half years in the Army he entered the graduate school at Louisiana State University in 1947 and received his master of arts degree in 1948. He taught part-time at the University of Texas, Austin, in 1948-49 and continued graduate work. Transferring to the University of North Carolina, Chapel Hill, in 1949, he continued graduate study and taught part-time. He specialized in American literature and wrote his dissertation on Ralph Waldo Emerson under the direction of Dr. Floyd Stovall, distinguished scholar in the field. He will enter the college teaching field next fall and hopes to be located in the Southwest.

In 1946 John Quincy was married to Miss Loraine Epps of Ruston, Louisiana.

Mrs. Truman Bradstreet and daughter, Mary Ann, accompanied by Mrs. C. C. Robison went to the McBride Hospital in Oklahoma City, Okla. this week where Miss Mary Ann is to get the cast removed from her body that she has been wearing for several months.

OES TO HOLD INSTALLATION TUES. NIGHT

Mrs. George Porter, worthy matron elect of the local Eastern Star Chapter, announced this week their annual installation service will be held at the Wheeler Masonic Hall, Tuesday evening, June 10, at 8:00 p.m. with members of the Shamrock and Mobeetie Chapters as guests.

Local members as well as members of the Shamrock and Mobeetie Chapters are cordially invited to attend.

Installing officers will be: Ruby Adams of Shamrock, installing officer; Irma Kirk, retiring worthy matron, installing marshal; Inis Walker, installing chaplain; Januita Matthews of Mobeetie, installing organist; and Beta Farmer, retiring secretary, installing secretary.

Officers to be installed for the Wheeler Chapter include: Mildred Porter, worthy matron; Frank Walker, worthy patron; Ethel Loder, associate matron; D. O. Beene, associate patron; Viola Pennington, secretary; Ruth Malloy, treasurer; Carrie Rodgers, conductress; Annie Mae Howell, associate conductress; Frances Faught, chaplain; Sue Dyer, marshal; Hazel Davidson, organist; Ruby Jones, Ad.; Grace Pettit, Ruth; Hazel Bowen, Esther; Ruby Courtright, Martha; LaDel Atwood, Electa; Myrtle Lane, Warder; and Robert Lane, sentinel.

Demo Exec. Committee To Meet On June 16

A. B. Crump, chairman of the Wheeler County Democratic Executive Committee, announced this week that there will be a meeting of the Executive Committee at the District Court Room in the Wheeler County Courthouse Monday morning, June 16, beginning at 9:30 a.m.

Purpose of the meeting will be to work out assessments for the expenses for the democratic primaries, to draw for positions on the ballot, and to tend to any other business the committee may have.

Members of the committee are urged to be present. Interested parties and candidates are welcome to attend.

Garden Club To Meet At Homemaking Bldg.

Wheeler Garden Club will hold its monthly meeting June 6 at the Homemaking Cottage at 3:00 p.m. "Artistic Flower Arrangements" will be the topic of discussion. Mrs. Lee Guthrie, program leader, will give a talk on "Varieties of Iris, Growing and Caring for Iris". Mrs. Jesse Moore will give a brief sketch on the subject of "Let each member bring an Iris specimen." "Planting for continuous bloom," will be the subject from which Mrs. Bob Rodgers will bring points of interest to those attending.

Warren Shirley from Arkansas is visiting his sister and her husband, Mr. and Mrs. Fate James.

HOSPITAL NOTES

Patients Admitted
W. L. Williams, June 3.
A. T. Sartor, June 5.
Mrs. M. L. Boren, Gageby, June 3.
Patients Dismissed
C. W. Black, Wellington, May 31.
J. W. Henderson, Twitty, May 31.
Johnny Carlton, May 30.
Richard McDonald, Briscoe, June 3.
Paula Sue Helton, June 4.
Mrs. J. D. Johnson, June 4.
Mrs. B. F. Holland, June 4.
W. L. Williams, June 4.

Births
To Mr. and Mrs. J. D. Johnson a baby son born May 30, 1952 at the Wheeler Hospital. The 9 pound boy was named Harry Clark.

To Mr. and Mrs. Darvell Atherton a son born at the Shamrock General Hospital, May 20, 1952. He weighed 7 lbs. and 13 ozs. and has been named Michael Anthony. His grandparents are Mr. and Mrs. S. W. Dougherty and Mr. and Mrs. Floyd Atherton.

Lambreth Children Meet Here For Dinner

Six of the eleven Lambreth children met at the Wheeler Cemetery on Memorial Day for an annual affair. After the service there they went to the City Park for dinner and a nice visit.

Those present were: Mr. and Mrs. Bonner Smith, Dumas; Mr. and Mrs. Ebbie Joe Smith and daughter, Mary Jo, Lubbock; Mr. and Mrs. Bob Ramsey and Patsy Ann, Mobeetie; Mr. and Mrs. Cliff Mason, Shamrock; Misses Evelyn and Wilma Lou Mason, Pampa; Mr. and Mrs. Carl Mason and son, Mike, Amarillo; Misses Dortha Mason and Naomi Scribner, Wheeler; Mr. and Mrs. G. A. Lambreth, Jr., son, Ronnie and daughters, Linda and Beth, Clarendon; Mr. and Mrs. Glenn Hibbits and Nick, Wheeler; and Mr. and Mrs. Alen Miller, sons, Pete and Jack and daughter, Judy, Pampa.

LEAGUE FOR SOFTBALL IS ORGANIZED HERE

Six men's teams have formed a softball league for play on the new softball diamond at the City Park and league play is scheduled to start with games next week beginning Monday night. Each league team will play one league contest each week and some teams will play outside teams some nights each week.

In addition to the league, there are two teams of little boys between the ages of 8 and 13 years who will play Monday, Tuesday, Thursday and Friday evenings beginning at 6:30 o'clock. These teams will only play five innings since they are playing each afternoon. There are two women's teams here in Wheeler, one made up of high school girls and one made up of working girls who will play two or three times each week.

Officials of the Kiwanis Club and managers of the teams met Tuesday afternoon in a short session to decide on some rules and regulations for the league but all matters were not settled. One rule which was agreed on, however, was that if one team is as many as 10 runs ahead of the other team at the end of five innings of play the game is to be called and the next game started. Games are to start promptly at the times listed and if teams are as much as 15 minutes late in arriving for their contest the next scheduled contest will be moved up and play will begin immediately. Reason for the foregoing rule is that it is quite expensive to burn those lights and all economy must be practiced to keep the bill within reason.

Men's teams which are entered include: Veteran's D. E. Class, G. I. Agriculture Class, Jowett Power Plant, Mobeetie High School Boys, Wheeler High School Boys and Goad's Loafers. Avery Miller and Johnny Johnson are managing the two Wheeler girls teams and they would like to have any women or girls who wish to play softball get in touch with them.

Schedule for play at the local softball diamond next week is as follows:

- MONDAY NIGHT
6:30 Boys 8-13 Years, 5 innings.
7:30 Shamrock vs. Wheeler Girls.
9:00 Jowett vs. Mobeetie High School Boys.
- TUESDAY NIGHT
6:30 Boys 8-13 Years, 5 innings.
7:30 Wheeler High School Boys vs. Goad's Loafers.
9:00 Veteran's D. E. Class vs. Shamrock.
- THURSDAY NIGHT
6:30 Boys 8-13 Years, 5 innings.
7:30 Veteran's D. E. Class vs. G. I. Ag. Class.
9:00 Wheeler High School Girls vs. Working Girls.
- FRIDAY NIGHT
6:30 Boys 8-13 Years, 5 innings.
7:30 Wheeler vs. Lefors, girls.
9:00 Wheeler High School Boys vs. Lefors.

Mrs. Cecil Johnson and Mrs. Robert Speck made a trip to Wellington today. (Thursday.)

LOCAL NEWS ITEMS

Mr. and Mrs. Clyde Revious, who are leaving today for Hutchinson, Kansas where he is being transferred from Corpus Christi, visited this week with relatives here in Wheeler.

Mrs. J. M. Glover is to hold her farewell service at the Nazarene Church Sunday night at 8:00 o'clock. She is moving to Bethany, Okla. the first of next week.

Mr. and Mrs. Estis Wilsford and son, Dennis, and Floyd Pennington are visiting this week at Springdale, Ark.

Mrs. Ira Passons is still confined to the local hospital but is on the road to recovery.

Wheeler Whisperings

Bud Vanpool, commander of the Wheeler American Legion Post, told us the first of this week that it came to their attention last Friday just as they were finishing up decorating graves of ex-servicemen in Memorial Day ceremonies at the local cemetery that they were about to omit the grave of one of the Williams boys who were killed in an explosion out in New Mexico recently. Vanpool pointed out the fact that they wished to decorate all graves of ex-servicemen in the cemetery but sometimes they did not know about veterans and they would certainly appreciate anyone calling their attention to any graves they have been missing in the past.

Fans have been afforded some fine sportsmanship and some good play at the new softball field in the Kiwanis City Park during the time since the lights have been erected but up to now play has been somewhat haphazard with one team doing the most of the playing and only a few of the local players getting to participate. This week, however, a 6-team men's league has been organized and there are two teams of small boys as well as two local teams of girls and ladies. An effort is being made to give everyone who wishes to play softball a chance to do so; so, anyone who wishes to play and are not on the rosters of one of the teams should leave their names at the Wheeler Times Office and they will either be assigned to an existing team or if there are enough to warrant the organization of more teams this will be done.

According to present plans there will be three men's league contests each week, a game every evening (Monday, Tuesday, Thursday and Friday) beginning at 6:30 for boys 8 to 13 years of age, two or three girls games each week and some matched games between teams of the local league and teams from neighboring towns.

We think the sheriff's department has arrested a man this week whom they think is implicated in the robbery which occurred here last week but we have been unable to contact any of them to get any information on the subject so we don't have anything official to report on the robbery.

Members of the Methodist Church's committee in charge of getting new backstops put up at the tennis courts and getting necessary repairs done has ask us to announce that all tennis players and other interested parties are urged to be on hand Thursday evening, June 12, about 7:30 o'clock to help set the posts for the new backstops. We are going to try to be on hand for this event ourselves and hope that a goodly number of others will also be there.

Mr. and Mrs. O. B. Wofford and Mr. and Mrs. Coleman Pace from Atlanta, Georgia visited this week in the home of Mrs. C. N. Wofford, siter of Mrs. O. B. Wofford.

Eleven members of the Wheeler OES Chapter and Mrs. Thurman Rives and Mrs. Harrison Hall attended the Shamrock OES installation Monday evening.

Local Seniors Return From Trip To South Texas

By Carmela Brown
The Wheeler Senior Class left at 3:30 a.m. May 24, on their trip. We arrived in San Antonio at 4:30 in a hard rain. After stopping at 3 places, we got our directions right and found our courts.

That night, we all got a thrill out of the roller-coaster in an amusement park. Some of the boys went to the Majestic Theatre, which they said was a wonderful place.

Sunday morning we went through the Alamo and the Buckhorn curio shop. There was an interesting museum behind the Alamo, and a souvenir counter. Most of the girls got a ball cap with a picture of the Alamo on it, which they wore most of the trip. Some of the girls climbed up on the Alamo wall, and we took some pretty good pictures.

enjoyed it. We persuaded the bears to sit up and pose for us. At times the people seemed to be watching us instead of the animals. It started raining, and everyone went into the aquarium or the reptile house and looked around. When we came out, it was still raining.

Some of us went motor boat riding, and some also went swimming. David went to a ball game instead of to the park, and came back with a ball, but he said the game wasn't very exciting. We drove up to Sunken Gardens, which was about the most beautiful thing we saw while we were gone. That night, we went to the amusement park again. Richard got a light bulb and 2 balloons with only one arrow, and we thought he would surely win something, but the lady just patting him on the back. Adrian Risner really felt like a spring chicken when a lady guessed his age as 22 and won a prize, but he had had another chance before we came home, it might have gone the other way. David had gone the other way. David won a prize throwing balls, and

Mrs. Weatherly got sick on the Tilt-A-Whirl (after having ridden the roller coaster, which we considered the biggest thrill). That night some of us went driving and really saw the town. We really found a lover's lane, too. At Breckenridge Park we found a lot of parked cars, and had fun shining our lights on them.

We left the next morning for Corpus Christi. The day before, some of the seniors painted up the bus, and from then on, people really stared at us. It rained again. We saw cotton ready for chopping, and of course that made some of us homesick. The fresh Gulf air at Corpus didn't smell so fresh, but we went swimming in the salt together made it a little unpleasant. There was a small amusement park there, too, but we really missed our old roller coaster. The next day, the boys went fishing off a jetty until it began to rain too hard. Then they got some coat hangers and tied to the end of their poles. They caught 75 jellyfish and piled them on the jetty. When we came back from supper, they were gone. We saw

several ships go in and out, and saw the large drawbridge raised. Some of the boys went deep-sea fishing, and Joe Mitchell got sea-sick. James Clark won a prize for catching the largest fish, which weighed around 3 1/2 pounds. He won about \$5, so it was a pretty good price for the fish.

Wednesday morning we left for Houston. We passed by the sugar refineries in Sugarland. We went to the top of the San Jacinto monument, and went through the "Battleship Texas". Then we rode across a river on a ferry, and came back by way of an underground tunnel. We drove through town to see the city, and we did see some handsome buildings. We saw the Rice Institute and their new stadium, the Shamrock Hotel, some fine churches, and beautiful homes.

That night we found some courts with a swimming pool, and decided to stay there for the night. While Mr. Thomas went in to inquire about accommodations, Jamie crawled out on the diving board to examine the pool. We were all but in it, except it had only a little water, and we were waiting for it to be filled. We

were quite disappointed to learn the pool was not completely dry, or something. It could not be filled until morning, and we would have to leave early. We found an amusement park, a bowling alley, miniature golf course, and a golf driving range for entertainment. There was a roller coaster this time. Some of the girls were evidently feeling like small kids, and they went riding on the merry-go-round. We left for Austin and home Thursday morning. In Austin we ate dinner and went through the Capitol, and headed for Wheeler. We stopped at C. W. May's, where we got our first good water to drink, since we had left home. We had our third flat that afternoon. We had no spare, because someone had taken it off the bus, and we forgot to check before we left. We had a wonderful time, and we wish to thank everyone who had a part in making our trip possible. We especially want to express our gratitude to Mrs. Moore and Mrs. Weatherly, and to Adrian Risner and Albert Thomas for the parts they had in helping us on our trip.

DEMOCRATS WHO CAN BEAT IKE

It seems to be the current rage for Democratic President aspirants to list, as one of their principal qualifications, the opinion that they think they can beat General Eisenhower in a national election. Senator Richard Russell only recently told Democrats he was the only Democratic candidate

who was sure to defeat Eisenhower, because of the probability that he will receive support from the Solid South.

However, Senator Paul Douglas recently praised Senator Estes Kefauver and said that he would have a very good chance of defeating General Eisenhower. Now comes W. Averell Harriman, director for Mutual Security, with a statement that, "I could beat Ike." Even though Eisenhower has not yet been nominated, the Democratic candidates are assuring fellow Democrats that they can defeat the General.

This is an indication that Democrats look upon Eisenhower's appeal as one that reaches into the ranks of Democrats, convincing them that the General would be a hard candidate to defeat. Senator Robert A. Taft's supporters point out that General Eisenhower has not even been nominated and claim that the General has less appeal among the rank and file of Republican voters—who are more likely to vote in November—than any other candidate.

It may not be possible to say at this time exactly what the current fad among Democratic candidates means. It is probably accurate, however, to say that these Democratic candidates see in Eisenhower a popular name and a military hero, and one which will attract many voters. These Democratic candidates might even think Eisenhower has the greater vote-getting potential of the two major Republican candidates.

It remains to be seen whether General Eisenhower's vote-getting ability will suffer in the estimates of Democratic candidates, when and if the General is forced to take a stand on many issues which have cost other candidates many supporters already. The General is expected home around the first of June and will not be able to avoid taking a firm stand on many hot issues after that date.

STUDENTS WORK WITH COUNTRY DOCTOR

At the Duke University Medical School at Durham, N. C., young medical students are given an opportunity to become acquainted with the problems of the country doctor. This opportunity is apparently arousing new interest in practicing in rural communities.

During a medical student's senior year, he is given an opportunity to work with a rural practitioner for a couple of weeks. May be he'll work in a typical North Carolina clinic: one story building with a waiting room, examining room, a laboratory, X-ray room, delivery room, kitchen and beds for six or seven patients. There will, of course, be out-patient calls to make both night and day.

Practicing medicine in a rural community is challenging in that it gives the doctor the chance to see the human side of healing. He learns to examine, diagnose, and treat people as well as having to tussle with all kinds of other problems that come with a country doctor's practice.

Air Downflow Conditions Grains

An improved, inexpensive means of drying and storing corn, wheat and other small grains on the farm or in commercial quantities is indicated by success of a Quonset adaption featuring downward flow of unheated air, as sketched above. The new method, developed and operated by the Craighead Rice Milling Co. of Jonesboro, Ark., has proven effective in handling rice—one of the most difficult crops to keep safely—cotton seed and soybeans. It takes advantage of the principle that grain in seed and bulk storage can be cooled and dried by drawing outside, unheated air downward through the pile, rather than blowing it upward as is conventional practice. In the Jonesboro operation during the 1951-'52 season, the air flow was maintained continuously for an initial 45-day period, then intermittently as grain temperature required. This aeration reduced moisture content of rice from as much as 22 to 14 per cent in two months time. Germination and milling qualities of the grain thus dried and stored were better than usually experienced by customary methods.

Strawberry short-cake, ice cream and topping are year-round delicacies for families who freeze these berries during the harvest season.

NOT PRACTICAL

"Arithmetic is a practical truth" said the professor. "Figures can't lie. For example, if one man can build a house in 12 days, 12 men can build one."

"Yes," interrupted a brained student. "Then build it in one hour. It takes 12 minutes, and 1,936,800 men can lay one brick in that time."

While the professor was gasping, the smart "ready answer" went on: "Again, if you can cross the Atlantic in 10 days, ships can cross it in 10. I don't believe that either where's the truth in arithmetic."

She said that she was a little pebble on the beach of life. So he asked her to be a boulder.

W. R. RITTER ATTENDS FLY CONTROL SCHOOL

W. R. Ritter, Wheeler County Sanitarian, attended a three-day fly control school held in Pampa, on Tuesday, Wednesday and Thursday of last week.

Ritter was one of 10 persons, representing seven towns, who completed the short course covering the practical aspects of the subjects concerning the control of domestic flies.

The school, held in the City Hall in Pampa, was sponsored by the Texas State Department of Health, City of Pampa, and Texas Water and Sanitation Research Foundation.

Principal lecturers were: R. D. Vaughn, training officer of the Vector Control Section, Bureau of Sanitation Engineering, Texas State Department of Health; A. Haneman, Jr., district engineer, Texas State Department of Health, Lubbock; Earle B. Needham, engineer's assistant, Texas State Department of Health, Lubbock. It was stressed at the school that the elimination of fly breed-

ing sources through a good program of environmental sanitation is the most important of all fly control operations, Ritter said.

The 10 most general fly breeding sources are: garbage cans, open dumps, industrial wastes, animal feeds, food markets, restaurants, animal manure, privies, effluent from faulty septic tanks, dog feces.

Ritter said that of the seven towns represented, Shamrock and Wheeler are the ones used the "land fill" garbage disposal system—where the garbage is dumped into ditches and buried.

A "HUMAN" BIRD

The hunter's bird dog came to a point looking straight at a stranger. The hunter looked all around, but couldn't see a single bird. Finally, he said to the stranger: "That's odd. My dog never did that before."

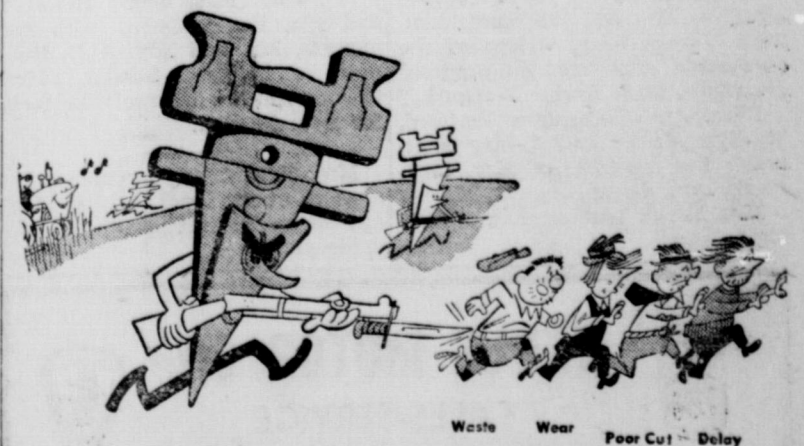

"Perhaps I can explain," said the stranger. "my name is Partridge."

NOT FAIR

Indignant Father: "Do you think it is fair, Bobby, after I told you there wasn't any Santa Claus, to go and tell the neighbors I laid your Easter Eggs, too?"

SOCIETY

MR. AND MRS. CYRUS RUFF

Nadine Barton and Cyrus Ruff Marry At Baptist Church Here

Miss Nadine Barton, daughter of Mr. and Mrs. John Barton of Wheeler, and Cyrus Ruff, son of Mr. John Walker of Mobeetie, exchanged marriage vows Sunday, May 25, at 7:30 a.m. at the First Baptist Church of Wheeler with Rev. M. E. Smith, pastor, officiating.

Miss Lorraine Mann, vocalist, and Miss Patricia Hubbard, piano accompanist, gave the nuptial music, "Because."

The bride wore a pastel blue tulle tulle length dress. It was fashioned with a blue floral design net capelet and tulle overskirt.

Pink carnations of illusion tied with silver colored ribbon made up a tiny headpiece and ended in a short white net veil.

The bride carried a white Elbie topped with a bouquet of pink carnations.

Maid of honor was Miss Molly Berry.

Richard Ruff, brother of the bridegroom, was best man.

Attending the wedding were Mr. and Mrs. John Barton and Ruby, Misses Lois Barr, Loreta Crowder, Lorraine Mann and Patricia Hubbard and Eddie Don McCracken, all of Wheeler. Mrs. John Walker of Mobeetie, Mr. and Mrs. Vesta Ruff and family of Plainview.

Mr. and Mrs. Ruff now reside in Pampa where he is employed.

Garden Party Closes Wed. Study Club Year

The Wednesday Study Club closed its year of work with a garden party at the lovely Lee Guthrie home May 26 with Mesdames R. Wm. Brown, C. J. Meek and George Porter as co-hostesses.

Refreshments of sandwiches, cookies and punch were served after which the club president, Mrs. Harold Nash, welcomed the guests and introduced the program chairman, Mrs. Frank Wofford.

Elizabeth Wiley, Jane Wofford, Marilyn Nash and Mary Holt, under the direction of Mrs. C. J. Meek, sang three songs.

Mrs. Frank Walker gave a reading.

Misses Sylvia Smith, Donna Speck, Kay Hubbard and Paula Green sang two numbers.

The entire group read the Club collect in closing.

Those enjoying this very lovely occasion other than those mentioned above were: guests, Mesdames P. L. Ward and Mary Pace of Shamrock; Bill Wiley Jim Montgomery, A. D. Speck, C. N. Wofford, Stella Nash, Luther Parks, Bob Rodgers, Gene Hall, Earl Barnes, Carroll Perrot, R. H. Fur-rester, Jessie Dyer, Cecil Demson, Jud Johnson and Misses Rita Wofford and Blanche Grainger.

Members, H. M. Wiley, Floyd Pennington, Harrison Hall, Harry Wofford, Nelson Porter, D. A. Hunt, Cora Hyatt, M. McIlhenny, L. C. Ladin, H. E. Nicholson, Sr., R. J. Holt, Sr., Fred Farmer, D. O. Beene and Jimmie Mitchener.

'50 Senior Class Has Reunion Sat. Night

The Senior Class of 1950 held its second annual reunion Saturday night, May 31, in the home of Mr. and Mrs. W. O. Carrick.

Served coffee and cake at attendants were: Mr. and Mrs. J. T. Johnson, Mr. and Mrs. Lindon Sanders, Mr. and Mrs. Lloyd Weatherly and son, Denny, Mrs. Bob Holdeman and son, Robert Donald, Mrs. B. W. Frye, Misses Winnie Reed and Martha Hastings, Jack Mitchell, Red Crossland, Neil Laycock, Garland Parks, Mrs. Roy Eastlinger and the host and hostess, Mr. and Mrs. W. O. Carrick, Laddie and Joe.

LOCAL NEWS ITEMS

Mr. and Mrs. John Holcomb and son, Buck, visited with her parents, Mr. and Mrs. J. B. Burnett, in Memphis Sunday. Mrs. Burnett returned home with them for a week's visit.

Mrs. C. M. Hampton underwent surgery at the local hospital Monday morning. She is seemingly doing just fine.

Last year 79,379 trained leadership agents in carrying home economics information to both rural and urban women and girls. This leadership training program was developed by the Texas Agricultural Extension Service.

NATIONAL PRESS BUILDING
WASHINGTON, D. C.
By Anne Gonde

Pleasant cabbage prompts me to remind you of the myriad ways to vary the ever popular cole slaw. Start with grated cabbage. Then add crushed pineapple, grated carrots and real mayonnaise. Or chopped onion, green pepper and mustard-with-horseradish and mayonnaise. Or dried apple, celery and mayonnaise.

To 31 brides: a burlesque novel placed in the bottom of the sink is good insurance against chipping or breaking your "best" china. A rubber mat on the faucet also prevents a good many accidents.

Prepare tender young beets this quick and delicious way. In the bottom of a saucepan place 2 tablespoons vitaminized margarine per serving, top with peeled, sliced, raw beets. A sprinkling of salt, pinch of sugar, then tuck wet, outer leaves of lettuce or cabbage over beets. Cover and cook gently for 15 or 20 minutes. Beautiful color and marvelous flavor!

If its time to freshen up your treasured feather pillows, remember to air them thoroughly but not to sun them. Sun causes the feathers natural oils to dry out and destroys their resiliency.

As a labor-saver make enough pastry dough for two pies. The second part will keep in the refrigerator for several days if wrapped lightly in waxed paper.

SOUNDS RIGHT

The teacher was giving a lesson on the seasons. She asked, "Frankie, why does your father put up the storm windows in the fall and take them down in the spring?"

"The main reason is that my mother keeps after him until he does."

JUST A PUTT

"You'll drive me out of my mind," said the golfer. "That would be a putt, dear-hardly a drive," replied his wife.

STORED WHEAT REGULATIONS ARE CHANGED

Recent regulations announced by the Food and Drug Administration regarding the grading of wheat which has been in storage and damaged by insects is of great economic importance to wheat producers in Texas. Lawton says Fred Dines, wheat marketing specialist for the Texas Agricultural Extension Service, can be held to a minimum if producers will take the necessary precautions in storing their wheat especially that stored on the farm.

The first job, and it should be done most, is to thoroughly clean and then treat the storage bin for insects. Dines emphasizes that all accumulations of residue, grain, whole cracked grain or grain dust—must be removed from the interior or exterior of the bin. Check the cross braces, rafters, cracks in the floor and walls and if available, the specialist recommends using an air blasting machine to get the accumulations cleaned up.

If the storage bin is inside or attached to other farm buildings, Dines says special care must be taken to see that all materials such as matted feed, other grain, hay and straw in which insects may breed are removed from the storage area.

After the clean up job is completed a residual spray should be applied to the surfaces of the bin at least two weeks before grain is placed in storage. Dines and Extension Entomologist A. C. Gantner recommend the use of lindane, pyrethrum base, methoxychlor or DDT residual sprays. A pyrethrum-piperonyl butoxide spray may also be used. They point out that directions for the use of each of these materials is carried on the label of the container and grain that these instructions be followed to the letter. Methoxychlor and DDT sprays, they warn, should not be used in concentrations of more than two and one-half percent. Every crack, crevice, corner, ledge, beam and cross brace that could harbor insects should be thoroughly covered with the spray. Do a complete job, says the specialists, inside and out.

Regardless of how well the clean up and spraying jobs are done, Dines adds, the key to a good insect control program is putting into storage only dry grain. Stored grain always require water for life and grain containing less than 12 percent moisture does not provide a favorable habitat. On the other hand, grain containing more than 15 percent moisture does provide the needed moisture for insect development and feeding. Heat due to wheat activity and or wheat respiration may become concentrated and sufficiently high to cause damage to the grain and a loss in trade when the grain is marketed.

Finally Dines says, don't fill the bin completely because the effectiveness of fumigating which will be done later will be reduced. These bins that are completely filled cannot be checked as easily for weevils and damage.

Right now is the time to do the cleaning and spraying jobs, says Dines because there'll be little time for doing them if producers wait until the actual harvest has started.

FEED AND EGG PRICES ARE OUT OF PROPORTION

The ratio between the price of eggs and the cost of feed for the past several weeks has been rough in all poultrymen but especially on the less efficient producers. One sure way to cut feed costs, says W. J. Moore, poultry husbandman for the Texas Agricultural Extension Service, is to remove from the laying flock the non-producers. Warmer weather usually ushers in the beginning of a slump in egg production and with it a rising market. Low production per hen during the summer season may mean the difference between a profitable year or a loss on the business. Take the non-producers to market, says Moore, just as soon as they are noticed in the flock. Chances are these hens will not come back into production for many months and feeding them is a dead expense.

Hens that show a shrunken, dried-up comb, yellow beak, new

feathers, yellow shanks and yellow vents should be culled and sold. Hens that lack vigor and spend their time loafing should also be removed from the flock. A good producer must eat good feed and drink lots of clean, cool water and they can't do this unless they hustle. Of course, adds Moore, the poultryman must do his part by supplying the water.

KIWANIS NOTES

C. C. Merritt
 The 2nd was a fine affair. Nora had to be extra table. Everyone had a good spirit—even Tom George. It was catching feeling extra fine. Visitors from Pamper program, we had from Wheeler. M. B. Smith, Donna Speck and Bett. We were glad to have these guests.
 To tell you about our picnic at the piano and the club got a treat. We are a joy to listen to. In any way, not bad to look

at. Sure, we want them again and that in the not too distant future. Want a pitch in and help pay out the debt on the soft ball park? See George Hefley. Or, any of the club members.
 O yes, about David. Well, go on, maybe I better not tell that.

SWEET TREASURE

Little Margie had been attending a birthday party, and now her big sister had come to take her home.
 Crossing the street, the sister took hold of the youngster's hand. "My goodness, Margie," she exclaimed. "How sticky your hands are!"
 "Well," replied Margie, "yours would be too if you had a piece of chiffon pie, a cream puff, and a chocolate éclair in your muff."

Your New SOCIAL SECURITY

Several million people will gain social security insurance protection for the first time during this current calendar quarter. These are people who will have worked approximately a year and a half on jobs covered by the law. It will include about five million self-employed businessmen and women.

Beginning January 1, 1951, the basic social security program, called Federal old-age and survivors insurance, was extended to almost ten million jobs not previously covered. In addition to the self-employed, the law now covers regularly employed domestic workers, and many employees of non-profit organizations and State and local governments.

Many of these people will earn their insured status during this April-June period. Thus, they will have social security insurance protection "in force" and benefits will be payable to their survivors in case of death.

Anybody who is now 65 or older needs only a year and a half of work covered by social security to be eligible for monthly payments upon retirement. A person is considered "retired" if he earns \$50 a month or less on jobs covered by social security. Or, if self-employed, he is "retired" if he is no longer active in his business, or earns \$600 or less in net profits for the taxable year.

MOTHER'S RIGHT

Father: "Mabel, that young man of yours stays too late when he calls. Hasn't your mother something to say to you about that?"
 Mabel: "Yes, father—mother says men haven't changed a bit."

Tulip Time Is Tune-Up Time For the Family's Motorcar

Spring cleaning means the car, too.
 The lady of the house, when she rolls up her sleeves for the job, should not forget the interior of the car in the garage. Leave the "spring cleaning" of the motor, or "tune-up," as it is known in the automotive trade, to Dad.

Tips on the Inside
 Some "inside" tips for the lady, as suggested by the Maintenance Department of The Electric Auto-Lite Company, are:
 1. Thoroughly sweep the floor of the car, using a small whisk broom. If the rubber floor mat is easily removable, hang on the clothesline, where the rubber side can be hosed under light water pressure. Let dry completely before replacing.
 2. Fabric mats may be cleaned with any of several detergent shampoos, such as you would rugs.

Vacuum Cleaning
 3. If your vacuum cleaner has a hand attachment, and there's a convenient electric outlet, vacuum the upholstery. If not, use a stiff brush to get out accumulated dust.

4. Going over the upholstery or seat covers with a cleaning fluid will remove spots and stains. Leave doors or windows open to allow a thorough airing. The nap can be restored with a brush after drying.

5. Clean out ashtrays, but, if you wash them, be sure they're dry before replacing. And the glove compartment! It's like that catch-all drawer in the kitchen cabinet. The spring cleaner will find many things that can be disposed of and even an item or two that's been "lost" for some time.

What About the Works?
 And here's some tips for Dad, too, when he goes to his nearest authorized service station for the Spring "tune-up" on the working parts.

1. Have the battery tested. It may be tired from a heavy winter's work and need recharging or replacement. Also, have the terminals and cradle cleaned if corrosion is present.

2. Spark plugs need cleaning, too. It removes accumulated deposits which can cause misfiring and reduce gasoline mileage. When plugs are replaced, they

When convenient, the vacuum cleaner is brought into play. Also registered for efficient operation.

The Electrical System
 3. Moisture, oil and grease can rot the insulation and reduce the efficiency of wiring. Wires should be examined for defects.

4. Any spring tune-up should include having the mechanic test the balance of the electrical system, including the regulator, ignition coil, generator, starting motor and distributor.

5. The fuel system, including the carburetor, should be gone over, any sediment removed, and adjustments made for proper operation with a tuned-up electrical system.

such leasehold estate which any of said defendants may at any time have owned have been fully lost by forfeiture and abandonment together with all rights in any present property upon or used in connection with said leasehold estate, as is more fully shown by Plaintiff's 3rd Amended Original Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the seal of said Court, at office in Wheeler, Texas, this the 23rd day of May, A.D. 1952.

(SEAL)
 Attest:
 HAROLD D. CALLAN, Clerk,
 District Court, Wheeler County,
 Texas 25-4c.

One sure way for the poultryman to cut feed costs on the laying flock is to remove from the flock the non-producers. That means continuous culling.

The most we have ever weighed was 185 pounds; the least, six pounds, nine ounces.

CAN'T TELL YET

"Captain, is this a good ship?"
 "Madam, this is her maiden voyage."

You can't change the nature of your faults by blaming them on your nature.

"We of us who live on Third Street are proud of the gravel put on the street. Certainly is nice to see. Let us of your drive after a rain and not get stuck."

"C. C. Dyson was pleasantly surprised Monday evening with a surprise dinner at her home. Mrs. Dyson thought she was going to a show, but before they could get started (the family purposely waiting slow) company arrived with dinner all prepared and lovely gifts. Those planning and enjoying the party were: Mr. and Mrs. E. A. Meek, Mr. and Mrs. R. E. Ryan and daughters; Mr. and Mrs. Richard Dyson and daughter; C. C. Dyson, Billy Joe and Bob."

"E. D. McCauley, chairman of the board of Stewards in the Methodist Church the past year attended Annual Conference at Dallas over the weekend."

"Mrs. Aubry Ruff moved into their new home on Third Street Monday. Congratulations to Mrs. Ruff and Aubry. It sure would be a joy to move into a new home."

"Mrs. Jim Hathaway spent the weekend at the Bill Dart home resting in the Bill Dart home."

"The Ernest Lee home Tuesday night were Mr. and Mrs. Lloyd Taylor of Captain, New Mexico and Loyd Lee and girls and Jennelle and Shari Lee of Wheeler."

"Captain and Mrs. Bud Heiberg are spending a few days with Mrs. Heiberg's parents, Mr. and Mrs. John Dunn enroute to El Paso where Capt. Heiberg has to report before leaving for England service in the Air Force."

"Mrs. Truman Scott moved into the Ernest Lee home were accepting a job at their ranch."

"Mrs. C. E. Henderson and daughter, Nancy, from Lima, Okla. spent Tuesday night in the home of their uncle and aunt, Mr. and Mrs. Hugh Bailey."

"Seitz, son of Mr. and Mrs. Charlie Seitz, stationed at Fort Leonard Wood, Mo. came home Sunday to get his car. He had a few hours at home before starting back. He was accompanied to camp by his brother, Charlie Seitz, and an uncle, Mr. Totty, who were to help him with the driving."

"Mrs. Urs Cantrell, Miami was in the home of her sister, Mrs. Waggie Thompson, Monday night."

"We are happy to be able to say that Mrs. Agnes Morgan and Mrs. Hathaway are all able to be at home from the hospital. Keep improving folks."

"Mrs. Robert Meyer, Bay City, Okla. returned from a visit with relatives and friends in Oklahoma City, Okla. Saturday afternoon."

"Mrs. H. L. Flanagan returned from a visit with relatives and friends in Oklahoma City, Okla. Saturday afternoon."

KELTON NEWS

By Rena Johnson

KELTON PASTOR RETURNED

Reverend S. M. Bean has returned as pastor of the Kelton Methodist Church. Rev. Bean has just completed his first year as pastor of the Shamrock Circuit of which Kelton is a part.

The Bean family consists of Rev. and Mrs. Bean and two daughters, Harriet and Hazel, at home, and a son in service. The Beans make their home in Shamrock in the Shamrock Circuit parsonage.

The new Sunday school teachers for the new year have been elected. Card class, Mrs. Lucille Walter; Junior class, Rena Johnson; Senior class, Ralph Krug; Young married class, Mrs. Johnnie Burrell, and Adult class, Mrs. Charlie McCartney.

Mr. and Mrs. Walter Davidson is enjoying a vacation with her parents, Mr. and Mrs. A. D. Alexander, and other relatives and friends.

Madge Patterson and Edith St. John, students of Wayland College, Plainview, are home for the school vacation months.

Mrs. Josh Hahn, Mrs. Roy Smith and son, from Washington, Pa. spent some time recently with Mr. and Mrs. Billy Morgan and Jeanette. Mrs. Hahn is a sister of Mrs. Morgan.

Tuesday night the Mobeetie Grange played the Wheeler team. The Mobeetie team won with a score of 19 to 11.

Miss Sandra Coward is spending a week with her aunt, Mrs. Clifford Farmer, of Berger.

Little Miss Earjean Wallace, daughter of Mr. and Mrs. Earl Wallace, Amarillo is vacationing at the home of her grandparents, Mr. and Mrs. E. C. Roper.

John Kent, depot agent for the Santa Fe at Mobeetie is enjoying a vacation with kindred and friends in and around Baton Rouge, La.

Mr. and Mrs. A. K. McBride have returned from Mississippi and Louisiana where they spent some time with relatives and friends.

Mr. and Mrs. Jake Allen and family have had as their guests Mrs. Allen's parents, Mr. and Mrs. Dalton, from Bakersfield, Calif.

Visitors in the home of Mrs. Makissa Morton this week have been a sister, Mrs. H. W. Harbour, Springfield, Colo., a niece, Mrs. Ralph Dean and children of Kermit and Mr. and Mrs. Ed Hall of Amarillo.

Mrs. Hugh Reed of Berger and H. T. Reed of Farmington, New Mexico were callers in Mobeetie Saturday afternoon.

Mr. and Mrs. H. L. Flanagan have returned from a visit with relatives and friends in Oklahoma City, Okla.

and Mr. and Mrs. Claude Davis spent Tuesday fishing at Lugert Dam, Oklahoma.

MRS. RAYMOND ANDERSON ENTERTAINED WITH DINNER

Mr. and Mrs. Charlie Brittan surprised their daughter, Mrs. Evalene Anderson, with a birthday dinner in their home Sunday. The day was spent visiting and in the afternoon the men attended the ball game. Those attending the dinner were: Mr. and Mrs. Bill Overcast and Billie, Mr. and Mrs. Lloyd Beaty and Kenneth and Sharon; Mr. and Mrs. Teed Pond, Linda, Glenda, and Brenda; Mr. and Mrs. Houston Anderson, Linda and Carol Sue; Mr. and Mrs. Estell Powell and Mr. and Mrs. Travis Rives, Ray and Brenda of Sunray; Mr. and Mrs. Irvin Seitz and son of Mobeetie; Mrs. Lydia Rives; Lynn, Glyn and Charles Brittan; Mr. and Mrs. Raymond Anderson, Randy and Richard, and Mr. and Mrs. Charlie Brittan.

Mr. and Mrs. John Willmoth, Nancy and Patsy left Sunday for Canyon to enroll in summer school.

Friends of Reverend Hugh F. Blaylock will be glad to learn that he is doing a good job as serving in the chaplaincy and is now in Korea. Brother Blaylock served as pastor of the Kelton Methodist Church, also as pastor at Miami. He was serving the Miami church when he entered the army.

Many people will be glad to learn that Bette Thornton Richards has had surgery on her leg and back muscles at the Georgia Warm Springs Hospital, Warm Springs, Georgia and is doing fine. Bette will be there for thirteen weeks. Bette writes that the foundation is all that the polio patients think it is. Bette was stricken with polio in 1946. Since that time she has had training at Blackwood-Davis Business College in Oklahoma City. So rapid was her progress there that within five months she was ready for her first job. In May of 1950 she was offered and accepted her present position as secretary to Carl Thompson, Representative of the National Foundation for Infantile Paralysis, Baptist Building, Oklahoma City.

Bette is the granddaughter of Mrs. R. O. Johnson of Wheeler, and Mrs. A. G. Thornton of Pampa.

Mr. and Mrs. Oscar Johnson and Gary of Pampa spent the weekend with relatives.

Mr. and Mrs. Vaughn Lester and Mr. and Mrs. Chester Beasley and family left Tuesday for a fishing trip at Buffalo Lake, near Canyon.

KELTON DEFEATS ALLISON

The Kelton nine defeated the league leading Allison club Sunday afternoon on the Kelton diamond by a count of 5 to 7.

Kelton scored twice in the second inning and Allison once. Another run for the winning team was scored in the third and an-

MOST VERSATILE

Miss Pat Mullacker, 1952 Maid of Cotton, shows how charming and adaptable cotton can be! She's wearing a three-piece costume by Chee Armstrong—one that's right for day or night. For dancing she can wear the strapless brown velvet dress with the beaded cascade. For daytime, she's got that covered look with a smart, fitted waist-length jacket.

other in the fourth. Allison came back to score in the sixth and seventh and then in the eighth which put them ahead. In the ninth for Kelton Beaty got on with a single. Donohoe came up and was thrown out by Rotherburger to Seitz, next up was Cook who got on by an error and was followed by Richardson who got out on a fielders choice. Dale came up and got a single to score Beaty, Cook, and Richardson.

The winning battery was Hendrix and Donohoe and the losing battery was Dorman and Whaley. The Allison team was minus the pitching of Ben Whiskey who had gone to Berger.

Kelton will be host to the Miami nine Sunday afternoon. Time for the game is 2:30 p.m. Everyone is urged to come out and give the boys a hand.

KITCHEN MEMO

WHAT woman hasn't sighed "Food is so expensive and yet I've got to serve something hearty?" Here's your answer. A fancy name for a very inexpensive dish—Beef Stroganoff cooked on the top burner. Cut 1 1/2 lbs. boneless beef (chuck, bottom round, neck) in 1/4" cubes. Brown meat and 1 cup sliced onion in 1 tbsp. lard. Add 1 sliced onion, 1 tbsp. Worcestershire sauce, dash Tabasco sauce, 1/4 tsp. salt, 1/4 tsp. pepper, 1 can mushrooms, 1 cup half-and-half, 1 can condensed tomato soup. Simmer for one hour over low flame. Before serving, thicken with 1 tbsp. cornstarch mixed with 3 tbsp. cold water. Serve in ring shape. Yield: 6 servings.

Gas heating units are getting smaller and smaller. A 2' x 2 1/2' gas furnace adequately heats a 3-bedroom average size home.

Quick trick for sharpening scissors: Cut through sandpaper a few times.

If down or feather pillows aren't dirty but need freshening up, toss them into your automatic gas dryer, set at "Low," leave for 15 minutes and they'll turn out plump and sweet-smelling.

All jams and jellies should be stored in your gas refrigerator after the containers are opened to keep them cold and firm and to prevent spoilage.

The new gas incinerators are completely automatic. A dial control can be set for garbage to burn up to two hours, then the gas automatically burns off when the trash is burned.

Thermos bottle dirty? Put in a tsp. uncooked rice and 1 cup warm water. Shake well.
