Congressman Lindley Beckworth of Gladewater was in town the later part of last week in the interest of his candidacy for United States Senator. Mr. Beckworth spoke to a good number of local citizens and visited with friends here during his short campaign visit.

WHEELER WINS OVER PAMPA, PLAY QUAIL

The Wheeler nine in the Salt Fork League returned to action last Sunday and downed the Pampa Sports by a count of 3 to 0 in a fine contest which was played in Otter Park at Pampa.

Jim Cain, pitching for the local nine, allowed only two hits, struck out nine and walked two men, while his mates were racking up ten hits and scoring three runs. Bud Vanpool and Bill Price worked behind the bat for the Wheeler nine. Only one Pampa base runner reached third base.

Wheeler will play the Quail nine in a league contest on the Wheeler American Legion Diamond Sunday afternoon beginning at 3:00 p.m.

The Wheeler lads put together singles by Tallant, Burton, a walk to Price and an error on Bowles grounder for two runs in the third then scored their final tally in the top half of the ninth on a two-base blow by Cain and a single by Pete Burton and an error on Price's grounder.

The box score is as follows:

WHEELER				
Player	AB	R	H	E
P. Burton, lf	5	1	3	0
R. Gaines, cf	3	0	0	0

HOSPITAL NOTES

Patients Admitted

Kathy Bradstreet, Pampa, June 30.

Patients Dismissed

Kathy Bradstreet, Pampa, July 1.

Mrs. Rhoda Prater, Canadian, June 29.

Mrs. Ira Passons, June 28.

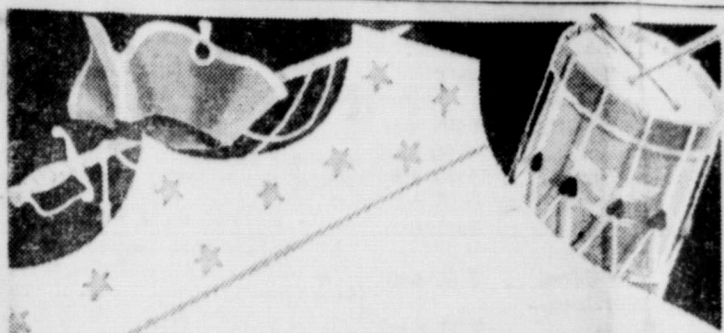

Mrs. Pearl Brigham, June 26.

Births

To Mr. and Mrs. R. D. Siegmund, a baby son, Eric Don, born June 28, 1952 at the Shamrock General Hospital. He weighed 8 lbs., 10 1/2 ozs.

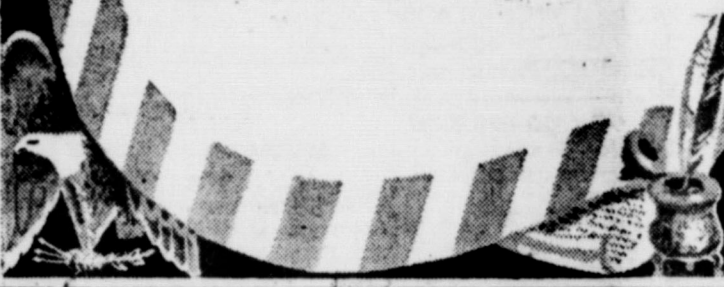

To Mr. and Mrs. Jimmy Fowler of Sweetwater, Okla., an 8 lb. baby daughter, born at the Wheeler Hospital, June 29, 1952.

To Mr. and Mrs. Wilbur Sanford, Briscoe, a baby daughter, Linda Kay, born July 2, 1952 at the Wheeler Hospital. She weighed 7 lbs., 1/2 ozs.

July Fourth, Then and Now

In a simple spire-topped meeting house in Philadelphia in 1776, liberty was born on paper. To make each idea live, each phrase was fought for in patriot's blood. Trace the mightiness of our nation today to the sacrifices of this little band of men of great vision.

Proclamation

WHEREAS the people of Wheeler on Friday, July 4, will join with those throughout the nation in observing the anniversary of our Independence, and

WHEREAS, this is a traditional holiday throughout the land, but at the same time a day to reflect upon the freedom and the advantages and the prosperity our nation enjoys, to pause and count the cost by which these were bought, to reflect upon the vigilance with which they must be protected in these days,

NOW THEREFORE, I, R. H. Forrester, Mayor of Wheeler, declare this an official holiday for the City of Wheeler and ask all business houses in the city to close their doors that they and their employees may celebrate the day in the manner which they will most enjoy.

Given under my hand and seal this the 30th day of June, 1952.

R. H. FORRESTER, Mayor
City of Wheeler

NEWS FROM— County Agent's Office

By R. D. Siegmund

Wheeler County is really getting dry and the pastures are really burning up. The wheat harvest is just about over and I believe that Wheeler County wheat farmers have really been well pleased with the turnout of the wheat this year. I talked to Mr. Holland, manager of the elevator at Briscoe and he stated that more car loads of wheat were shipped from Briscoe than have ever been shipped from Briscoe in any one year and that some of the wheat tested a very high 66. Protein content ran over 12% which is really high.

Prairie dog control work came to a temporary close last Friday and Rusty Pancost and I really had two busy weeks of the work and we did not get around to all the farmers and ranchers that wanted prairie dogs killed. Over 700 pounds of cyanide flakes were used on the following farms and ranches: Gordon Stiles, Don Po-wells, R. D. Mills, Henry Johnson, Clifford Walsler, C. J. Van Zandt, J. C. Williams, Earl Williams and Jack Dekle. This work was done through the cooperation of the county agents office and the rodent control division of the Fish and Wildlife Service. More work will be done in the winter months with 1080 grain and any person who still has prairie dogs should drop me a line if you want those dogs killed out. Every time that 120 prairie dogs were killed enough grass was saved to keep a cow going. 254 dogs will eat as much going as a grown cow and the 700 pounds of cyanide flakes that were put out in Wheeler County were put into about 16,800 holes and that would increase the grazing value of the pastures by about 147 cows considering the empty holes that were treated to be sure that we got a good kill on the dogs.

The Wheeler County rifle team (Continued on Last Page)

INTEREST IN SOFTBALL PLAY GROWING DAILY

Interest is still running high in the softball contests which are being played on Wheeler Kiwanis softball field at the City Park. In fact, interest is mounting each week in league play as the end of the first round of play draws near.

Goad's Loafers still occupy first spot in the league standings as result of their having won 3 and lost none so far. They meet the Jowett club Friday evening of this week and the boys from the power plant are reported to have been cooking up bad medicine for the Loafers.

The two veteran's classes are tied for second place in the standings with each team having won 3 and lost 1 game to date. The Wheeler High School Boys and Mobettie are tied for fourth and fifth and Jowett is in the bottom slot.

A full schedule is on tap for next week with the Jowett boys playing host to a team of power plant employees from Borger on Monday evening, games between the Wheeler and Shamrock Girls teams, and a contest between the Wheeler and Kelton boys and girls teams, plus a full league schedule. The week's schedule includes:

MONDAY, JULY 7

7:30 Jowett vs. Borger.

9:00 Matched Game Between Boys 8-13 year of age. (Someone will be on hand to supervise this contest).

TUESDAY, JULY 8

7:30 Wheeler vs. Shamrock, girls.

9:00 Wheeler H. S. Boys vs. Mobettie.

THURSDAY, JULY 10

7:30 Wheeler vs. Kelton, girls.

9:00 Wheeler H. S. Boys vs. Kelton H. S. Boys.

FRIDAY, JULY 11

7:30 Jowett vs. G. I. Ag. Class.

9:00 D. E. Class vs. Goad's Loafers.

STANDINGS

Team	W	L	Pct.
Goad's Loafers	3	0	1000
G. I. Ag. Class	3	1	750
D. E. Class	3	1	750
Mobettie	1	3	250
Wheeler H. S. Boys	1	3	250
Jowett	0	3	000

TEX. TEACHERS IMPROVE RATING

Despite the fact that Texas teachers have not had an increase in their base salaries since 1949, they have continued to improve their professional training. They now rank among the five top states in the nation in teacher preparation, according to Charles H. Tennyson, executive secretary of the Texas State Teachers Association.

Tennyson said that figures available from the Texas Education Agency show that more than 95 percent of the state's 58,513 public school teachers now hold degrees from accredited institutions of higher learning.

During the school term just closed, only 2,299 or 4.5 percent of the white teachers in the state did not have degrees. Only 146 or 1.84 percent of the Negro teachers in Texas do not have degrees.

The school year 1951-52 also marked progress in another direction, Tennyson added. It was the first year in the history of the state that the schools did not have some people teaching who had less than a high school education. The previous year 34 such people were employed as teachers.

Prairie Dog Control Work Completed Here

Russell Pancost of the U. S. Fish and Wild Life Service in a cooperative program with the A. & M. College Rodent Control Service has just completed two weeks work in this county treating some 16,000 prairie dog burrows with 700 pounds of cyanide flakes.

Mr. Pancost explains that 256 prairie dogs will consume as much grass as one cow. He explains further that this does not include grass damaged and torn out to make their dens.

The above work was done through the office of County Agent Ray Siegmund.

More prairie dog eradication work will be done through the winter using 1080 oats Mr. Pancost pointed out. All persons desiring prairie dog control work done on their places should contact the county agent and leave their name and ranch location.

Second Core Test Rig Being Set Up On Redding Land

ANNUAL ADAMS FAMILY REUNION HELD HERE SUN.

The Adams annual family reunion was held Sunday, June 29, at the W. W. Adams home in Wheeler.

Special recognition was given to the group at the morning service of the Methodist Church in which Dr. J. C. Adams of Franklin, Georgia was guest preacher. Sara Nell Brown, granddaughter of Dr. Adams, provided the special music for the service.

A sumptuous dinner was served to the following relatives and friends: Dr. and Mrs. J. C. Adams and Sara Nell Brown, Franklin, Ga.; Mr. and Mrs. Owen Baird, Mr. and Mrs. Travis Baird, Mary Lou and Betty Ann, Milwaukee, Wis.; Mr. and Mrs. Frank Kores, Lake Geneva, Wis.; Mrs. Lillie K. Adams, Ft. Worth; Mrs. John Kongs and son, Eric, of San Pedro, Calif.; Mr. and Mrs. Marshall Adams, Robert, David and Michael, Shamrock; Mr. and Mrs. Clyde Adams, Patty and Eva Lou, Tulsa; Mr. and Mrs. Walter Adams, Charles, Linda, Wade, Diane and Denise, Malta, Montana; Mr. and Mrs. Calvin Harmon, Nonie, Charlie and Marsha, Kelton; Mr. and Mrs. Carroll Adams, Bobbye and Jimmy, Wheeler; Mrs. Ima Wales and Miss Mayme Chinn, Amarillo; Mr. and Mrs. Tom Wilson; the host and hostess, Mr. and Mrs. W. W. Adams.

Dr. Adams was guest preacher at the Kelton Methodist Church Sunday night.

DANIEL FIGHTING FOR GAS TAX

Attorney General Price Daniel this week interrupted his campaign for U. S. Senate to carry on his fight to save the State's new gas tax revenues for building more rural roads and improving the public schools.

This gas tax—which was sponsored by County Judges, Texas Farm Bureau, and other farm and ranch groups—is being upheld in the courts by Attorney General Daniel against attacks made by major gas companies.

As a member of the Legislature from rural counties in Southeast Texas and as Speaker of the house in the 48th Legislature, Daniel, a native of Liberty, has consistently fought for Texas farmers and ranchers in supporting REA, soil conservation, rural road building, and similar programs.

Himself a farm owner and REA member, Daniel has pledged in his campaign for U. S. Senate to work to strengthen and maintain the REA program, soil conservation work, farm price supports, aid to the aged, and other such "sound and constructive programs."

The 41-year-old Attorney General, who is the only veteran in the Senate race, is reported by impartial newspaper polls to be leading in the Senate race by a 6-to-1 majority, according to Everett Hutchinson, his state campaign manager.

Daniel is noted for his leadership of the Texas fight to prevent Federal seizure of our tidelands. He favors an "immediate house-cleaning of dishonesty and disloyalty" in Washington, opposes big spending, waste and extravagance, and wants taxes lowered at "the earliest moment possible."

Absentee Balloting To Begin Sunday, July 6

County Democratic Chairman A. B. Crump announced this week that absentee balloting for the first primary election opens Sunday, July 6, and will continue through July 22, three days before the primary election which is to be held on Saturday, July 26.

Persons who wish to vote absentee must make application to the County Clerk at his office in the Court House. Application can be made either by writing the clerk or applying in person to the clerk.

There is no news available on the core test which is being drilled on the M. D. Bullard place west of town other than the fact that drilling is going ahead day and night around the clock.

The same company is setting up drilling equipment on the Redding Estate property a mile east and a mile north of the Bullard place and preparing to drill a core test at that point. The new location on the Redding property can be seen from Highway 152 on the north side of the road.

No information to be had concerning what drillers are finding in the core tests which are being drilled.

The drilling activity is still causing a great deal of activity in royalty and land sales west of Wheeler according to reports. According to reports this week, a lease on a quarter section just southwest of the Bullard place sold for \$30,000 per acre to an independent oil company.

WHEELER CO. HD COUNCIL HOLDS MEETING

Saturday afternoon, June 28, the Wheeler County Home Demonstration Council met with nine of the ten clubs represented.

Mrs. Grady Dodd, Council Chairman, presided. She suggested that all clubs review the recommendations for the year to see how they were progressing.

Mrs. D. L. Price acted as recording secretary in the absence of Mrs. Jack Miller, who was ill. Finance reports with a balance of \$191.10 were given by the treasurer.

Delegates to District T.H.D.A. meeting gave their reports, having been absent from the May Council meeting.

Mrs. R. L. Ramsey, County T.H.D.A. Chairman, gave a report concerning the state convention.

A summary was recited by the vice-chairman on important points to be taken back to each club.

In the absence of the agent, the secretary reported the attendance as follows: three officers, five delegates, (one delegate is also an officer), one alternate delegate, nine presidents and one T.H.D.A. chairman.

Following Council adjournment the T.H.D.A. Chairman called the voting body together and took the names of nominees brought from clubs for County T.H.D.A. Chairman. Mrs. D. L. Price was elected and will serve either one or two years, pending a vote in charge of constitution and by-laws at the State Convention to be held in August.

Mrs. D. L. Price, along with Mrs. E. D. Moore of Shamrock and Mrs. Ernest Zybach of Briscoe, delegates, Mary Williams, Shamrock; Florence Burgess, Gageby and Mrs. D. L. Miller, McLean, alternate delegates, will represent Wheeler County at the State Convention in Kingsville.

Kay and Joann Nation, daughters of Mr. and Mrs. Alton Nation of Duncan, Okla., visited this week with their grandparents, Mr. and Mrs. O. Nation of this city.

NEW USE FOR TV

The British Admiralty has found a new use for television. The Admiralty recently succeeded in locating the sunken submarine Affray, which was sunk off Alderney Island during the war. Though echo-sounding had located many hulks in the area, it took television to identify the sub as the Affray. The Admiralty reports that a television

set can be lowered to 1,000 feet and that officers, sitting in a darkened room, can examine the ocean bottom as they pass over it. The only shortcoming of the new system is that it is only a black-and-white picture. An Admiralty research engineer says color television would be much more satisfactory and that the pictures would not be monotonously green or blue. Whether or not the Admiralty gets its color, the new detection system seems to herald a new era in salvaging operations, which will reclaim many cargoes from excessive depths which have long defied salvagers.

THE RAILROAD STRIP

Faced with a steady decline in passenger travel since World War II, 14 leading railroads in the East recently took steps to recover business which is being lost to the airlines and highways. These railroads reduced coach rates, effective this month, by 25 percent on round trip tickets for groups of three or more and for family groups by permitting children under 12, with a parent, to travel free.

It is interesting to note that in every year since 1930, with the exception of the war period, the nation's railroads have incurred a loss in passenger train operations. Their loss last year alone amounted to \$581,600,000. This is the largest loss yet incurred in a year.

In an effort to reduce these losses, the railroads have increased fares steadily since the end of World War II. They also installed new equipment and completed faster schedules, but, despite huge expenditures in this field, the railroads so far have not yet succeeded in reversing the downward trend in passenger travel on the railroads.

Generally speaking, the heaviest losses sustained by the railroads in passenger operations are caused by short-distance passenger trains. The through, long-distance passenger trains have generally earned profits. Because the railroads have increased rates to the point where further increases will certainly drive customers to the airlines (which are reducing fares) and to other means of travel, it is vital that the railroad companies find new ways of reducing their costs.

Costs could probably be reduced if newer, more efficient bookkeeping and ticket-selling systems were adopted. However, because more efficiency in operation would require fewer employees, and because labor unions fight any move to cut employment, this is a major dilemma unsolved by railroad management. Unless a solution is eventually worked out, the American public must expect more and more discontinued trains and continued high rates.

The surest way to drive safely is to do nothing else at the same time.

Modern life moves with a snap and a hustle, which comes so fast that few of us have time to think.

NATIONAL PRESS BUILDING
 WASHINGTON, D. C.
 By Anne Goode

Straw embroidery is making fashion news. It will be featured in dozens of ways this spring and summer on beach accessories, bags, millinery and shoes. It will appear as applique on many dress fabrics, too.

Mix catsup with mustard-with-horseradish for a wonderful sauce for hamburgers and frankfurters.

Did you know that you can change the color of print dresses? All-purpose dye makes it possible where the print combines white or a light shade with a darker one. When dyed, the light shade will take the new color, the dark shade remaining the same. In prints that combine two or more light colors, both shades will be changed into new color.

It's easy to make individual tarts in a regular pie plate, like this: With pastry cutter or sharp knife cut circle of dough into 6 even triangles. Bring sides up and press points together. Fit into an 8-inch plate. Fill as you would any fruit tart. Bake.

Each and everyone is cordially invited to attend each service.
 REV. C. R. HOLT, Pastor

GENEROUS

Wife—I dreamed last night that you were the most generous man in the world and had given me a \$100 bill to buy some new dresses. Surely you wouldn't do anything to alter that opinion.

Husband—Certainly not; just to show you I'm as generous as you dreamed I am, you can keep that hundred.

Science has perfected an X-Ray especially designed for woman's jaws. It takes moving pictures.

KIWANIS NOTES

By Dr. C. C. Merritt

No sir, they really mean business, those Methodist women. That was a real old "topper"—that dinner last Monday.

And the membership attendance was 100% less three members. Pretty close, anyway. And these are all happy boys and they really do enjoy the meetings. One visitor, Neal Mager of Amarillo.

We had the installment of three new members Monday. Tom Britt did a masterpiece in introducing these new members to the club.

They were: Lee Whitworth, David Britt, and Bro. Griffin, pastor of the Methodist Church. We are happy to have you boys with us. And I know you will be active enthusiastic members, putting into the club all each member should and getting out of it the joy that you are helping the community to things the community should have and enjoy.

Let me say again, the Kiwanis Club is a service club and not a social club. We are here to help others.

'Nuf said. Good-bye until next week.

MRS. BILLY EADS

Trimble-Eads Vows Solemnized June 25

On Wednesday morning, June 25, at the Church of Christ parsonage in Wheeler the wedding of Miss Patricia Ann Trimble, daughter of Mr. and Mrs. H. L. Trimble of Mobeetie, and Billy Boone Eads, son of Mr. and Mrs. R. H. Eads of Wheeler, was solemnized. The double ring ceremony was read by the Minister Thomas Seay, minister of the Wheeler Church of Christ.

The bride was attractively attired in a dress of light blue sheer with navy accessories. For the traditional something borrowed and something blue the bride carried a blue lace handkerchief belonging to her aunt, Mrs. Maggie Thompson, of Mobeetie. She had a beaded Indian coin purse for something old.

The bride was a member of the '52 graduating class of Mobeetie having been salutatorian. She will also be remembered as an excellent forward in basketball. The groom graduated from Wellington High School in '49

SOCIETY

where he was active in athletics and band. He is associated with his father in farming and ranching. The couple enjoyed a wedding trip to Colorado Springs. Mr. and Mrs. Eads are at home west of Wheeler.

Burgess-Whittenburg Vows Read June 23

Mr. and Mrs. Maurice C. Burgess, Wheeler, announce the recent marriage of their daughter, Waunetta, to Clarence Whittenburg, son of Mr. and Mrs. W. H. Whittenburg, Mobeetie.

The single-ring ceremony was read June 23 in the First Baptist Church parsonage at Wellington by the pastor, Rev. Charles O'Brien, Jr.

The couple made a short wedding trip to Amarillo. Mr. and Mrs. Whittenburg plan to reside in Altus, Okla.

Recent Bride Honored With Shower Tuesday

Misses Juanita Sanders, Georgia Gaye Herd and Margie Barr, co-hostesses, honored Mrs. Allan Richard Martin, the former Vondell Hodges, with a come-and-go miscellaneous shower from 3:00 to 5:00 o'clock Tuesday afternoon, July 1, in the M. M. Sanders home. Mrs. Martin was the recipient of many nice and appropriate gifts. Angel food cake and punch was served by the co-hostesses to those attending.

Kelton WMS Holds Meeting June 30

Kelton Baptist W.M.S. met Monday, June 30, at the church for a business meeting and Bible lesson. President, Mrs. J. A. Tucker, gave the devotion from Psalm 103.

ALLISON NEWS

SHORTCAKE IS YEAR ROUND DELICACY

Strawberry short-cake and strawberry ice cream topping is a year round delicacy for families who freeze berries in season. When carefully selected and properly packed strawberries retain their natural flavor and color.

Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service, recommends red ripe berries for freezing. These will hold their color better than those that are over-ripe. Use either dry sugar or a sugar syrup otherwise an off-flavor and off-color develops quickly after the berries thaw. To prepare strawberries for freezing, wash, drain and cap. Leave them whole for serving with ice cream and cut in half for toppings.

If the dry sugar method is used, weigh the berries and allow one part of sugar to three or four parts of berries. Mix the berries until

each is well coated with sugar. Let the berries stand until all the sugar is dissolved. Then pack in containers.

When sugar syrup is used, dissolve three cups of sugar in four cups of water. Fill the containers with berries and cover with cold syrup. Crushed berries may be frozen for use in ice cream, filling for short cake and toppings.

Miss Reasonover says place the containers in the food freezer at zero or below and put no more food in the freezer than will freeze in 24 hours. She suggests contacting the local county home demonstration agent for further information on freezing foods. Ask for B-175, Frozen Foods, How to Freeze—How to Cook.

ON THE JOB

"Mary," said the mistress, "will you fetch the letter which I left on my dressing-table this morning?"

"Yes, mum. Er—which one do you want? The one about your sisters' baby or the one from the income tax collector?"

AMERICANS TO CELEBRATE 176 ANNIVERSARY

Only July 4, 1952, Texans will celebrate the one hundred and seventy-sixth anniversary of our National Independence.

Thousands of persons in Texas will enjoy this National holiday, and it is up to all of us to do everything possible to see that this day brings pleasure and not tragedy, says a warning from the State Department of Health.

While there certainly is no desire to minimize the joys of this nation-wide holiday," said Dr. Geo. W. Cox, State Health Officer. "It is only common sense to respect hazards to life and limb, and to govern one's actions accordingly.

"Not so many years ago the newspapers on each July 5, would publish columns detailing the tragedies that were invariably associated with the handling of dangerous fireworks by careless persons. For a number of years now, however, the press has been placing particular emphasis on the need for a "Safe and Sane Fourth of July," with the result that accidents of this kind have decreased.

"All injuries, however slight, may carry the lock-jaw or tetanus menace with them. Every wound should be cleaned thoroughly and all foreign matter removed. A physician should be consulted immediately, and tetanus antitoxin administered if necessary.

"Unfortunately, while the hazard of handling fireworks has consistently diminished, that of the automobile has just as consistently been increasing. Every one will agree that to be careless in the operation of a motor vehicle on this day when the roads carry peak loads, is to invite possible injury and even death.

"Your future happiness and health and that of your family may depend on your recognizing and carrying out the ordinary rules of precaution. Obey these rules and live to enjoy many other fourths of July."

HOME LEADERS IMPORTANT IN H. DEMO WORK

The voluntary local leader is an important spoke in the wheel of home demonstration work in Texas. Maurine Hearn, state home demonstration leader with the Texas Agricultural Extension Service, points out that leadership among rural women is no longer limited and the training program developed during the last five years affords a great opportunity for this leadership to function.

Miss Hearn states that 79,376 trained leaders in 1951 assisted county home demonstration agents in carrying home economics information to both rural and urban women and girls. This is an increase of 23 percent over the number trained in 1950. These leaders held 18,989 meetings with an attendance of 456,279 which is an increase of 76 percent over the attendance the year before. In

addition, they helped 185,533 individuals.

A notable result of this program, Miss Hearn says, was the increase of club membership and interest by young homemakers in home demonstration work.

Leadership training has enabled the Extension Service to conduct special programs. Miss Hearn gives as an example the program on tailoring of women's suits and children's coats. By the end of 1951, the fourth year for this program, 81 counties had received help. Reports show that during the past year 16 agents and 155 leaders were trained. These in turn taught the principles of tailoring to 357 other women. A total of 529 suits and coats were made at a cost of \$11,004.62. These were valued at \$29,384.14, a saving of more than \$18,000.

The teaching of work simplification in homes was expanded by the leadership training program. More than 33,143 homemakers and 4-H girls used simpler and easier ways for improving such jobs as setting the table, house cleaning, making beds, washing dishes, preparing, serving and con-

SWIM, ANYONE?

Who wouldn't wish this lovely pool mermaid, she's wearing hand bra and scents from White Stag's latest addition to its fabric list—Sun Bonnet Chambray. White shoelaces braided around top of halter, waistband and bottoms of shorts contrast gaily with orange ice, lemon ice, mint ice, blue ice and licorice colors.

...serving food, sewing, ironing, and keeping the yard.

A new program for training leaders in creative arts was begun last year. Regional workshops were held at Texas State College for Women and Texas Technological College with an attendance of 57 women. The leaders were given training in creative designing of clothing, interior home improvement and gifts.

Miss Hearn is very complimentary of the work done by local leaders and looks forward to greater accomplishments in 1952. She feels that the trained voluntary leader is invaluable in successful Extension teaching and expansion of home demonstration work.

The Vetch Seed Testing Laboratory operated by the agronomy department of the Texas A. & M. College System is now receiving samples from the 1952 vetch crop.

DON'T LET FLIES ROB YOU OF DAIRY PROFITS

Purina Dairy Spray is a contact killer and repellent against stable flies, horn flies, house flies, mosquitoes and many other insects. Killing action is maintained for several hours after application. It's good for milk-room use, too.

Purina Lin-Dairy Spray The government approved Lindane for spraying in and around dairy buildings. Effective for flies, lice and sarcoptic mange mites. Applied under pressure, Purina Lin-Dairy Spray gives lasting control of several weeks.

LEGAL NOTICE

CITATION BY PUBLICATION

TO: I. E. Horwitz, individually and as an agent and officer of the Keystone Pipe and Supply Company; Frank Seliger, Louis Seliger, and Maurice Seliger, the latter three named persons doing business as Panhandle Pipe and Supply Company; G. D. Davis; Mrs. H. Russell, individually and as the executrix of the estate of H. Russell, deceased; Estate of H. Russell, deceased; C. B. Christie; C. L. Hickman; H. L. Graham; the last three named being partners in the Christie-Hickman Drilling Co., a co-partnership; J. A. Mead, individually and as Trustee for Roberts County, Texas; Roberts County, Texas, a body politic and corporate; Frank Rasor; and U. M. Simon, trustee, Defendants, Greetings:

You are commanded to appear and answer the plaintiff's petition by filing a written answer at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 21st day of July, A. D. 1952, at or before 10 o'clock A. M., before the Honorable District Court of Wheeler County, at the Court House in Wheeler, Texas.

Said plaintiff's petition was filed on the 23 day of May, 1952.

The file number of said suit being No. 4137.

The names of the parties in said suit are: A. N. Williams, et al as Plaintiffs, and I. E. Horwitz, et al as Defendants.

The nature of said suit being substantially as follows, to-wit: suit to cancel a certain leasehold contract of and concerning all of the North East Quarter (NE 1/4) of Section Sixteen (16), Block Twenty-four (24), H & G N Ry. Co. Survey, Wheeler County, Texas, in which the defendants are owning or claiming some interest, plaintiffs allege a forfeiture of all of the leasehold rights in and to the oil and gas leasehold estate, which may be owned and claimed by the defendants or any of them have been forfeited and that such leasehold estate which any of said defendants may at any time have owned have been fully lost by forfeiture and abandonment together with all rights in any present property upon or within in connection with said leasehold estate, as is more fully shown by Plaintiff's 3rd Amended Original Petition on file in this suit.

Issued this the 6th day of June, 1952.

Given under my hand and seal of said Court, at office in Wheeler, Texas, this the 6th day of June A. D. 1952.
HAROLD D. CALLAN, Clerk, District Court, Wheeler County, Texas

The Best Stove Value In The World

WILEY'S

WHAT'S THE RIGHT COMBINATION FOR VALUE?

1. Advanced Styling
2. Proved Performance

Standard equipment, accessories, and trim illustrated are subject to change without notice. White side-wall tires optional at extra cost.

HERE'S THE car that gives you everything—economy, beauty and high-stepping performance. Here's the car that adds together all the things you want in an unbeatable value combination.

Take economy. Pound for pound, Mercury's the most economical car in the land—officially proved by its 3-year record in the Mobilgas Economy Run (twice the Sweepstakes winner against all comers; three times champion in its class).

Take styling. Mercury gives you a fresh, new look—smart styling that will stay in

style—not an outmoded "carry-over" design.

Take performance. This year's Mercury has 12% more power, hustling V-8 power, and even higher compression.

Want more? Just keep on adding. For there's extra stamina and long life to keep repair bills low, extra built-in value to keep trade-in value high... proved conclusively by registration figures and used car market reports.

Come down and we'll let you see for yourself. Just ask for a key, a car, and be our guest on the road!

Mobeetie Meditations

(Continued from Page 1)
year is practically over. There was a good yield this year with an average of around 20 bushels to the acre with most of the wheat going in government loan.

Mobeetie F.H.A. Chapter met June 26 with Mrs. McMurtry.

Maurea Godwin, president, called the meeting to order and presided over the business that was brought before the chapter.

Katie Roby gave a talk on "Different Degrees in Homemaking Work".

At the first meeting in September the chapter will take up program planning.

Singing the F.H.A. song and repeating the F.H.A. Creed concluded the meeting.

Attendees were afforded delectable refreshments at the closing.

Mrs. J. Allen O'Brien and daughters, Norma and Patricia, have joined Mr. O'Brien at Jowett. We wish to extend to them a hearty welcome back to the Mobeetie community. The O'Briens formerly lived at Jowett but in recent years have made their home in Borger. Mr. O'Brien is plant manager for the Southwestern Public Service Co.

The heat and dry weather seems to be with us for awhile. So many threats and no rain usually mean a dry spell. Now I'm not exactly a "new comer" so go ahead and say what you are thinking.

Guests in the C. V. McCraw home recently were Mr. and Mrs. Odus McCraw and daughter and Judy Thomas of Amarillo and Mr. and Mrs. Sidney McCraw and son of McLean.

Mr. and Mrs. Gordon Taylor, Los Angeles, Calif., spent the weekend with Mr. and Mrs. J. Murel Trout and Mr. and Mrs. J. H. Taylor.

Guests in the C. C. Dyson home for a few days last week were Mr. and Mrs. A. H. Dyson and daughter, Jennette, Mrs. W. E. Holleman, Houston and Mr. and Mrs. H. D. Dyson, Okla.

Carroll Wayne McCraw, son of Mr. and Mrs. C. V. McCraw, left for the Army, June 22. He is stationed at Ft. Sill, Okla. for the present.

Mr. and Mrs. Frank Lee spent Sunday with Mrs. Lee's sister and husband, Mr. and Mrs. Smith of Lefors.

Mr. and Mrs. Aubrey Ruff and Mr. and Mrs. Jim Wilson and Jim Pat were guests of Mrs. May Merrell and Mrs. Charlie Ruff Sunday when they entertained with a birthday dinner for Vivian at the home of her mother, Mrs. Merrell, Pampa.

Rev. and Mrs. L. E. Wyatt, Patricia Ann and Jerry spent Wednesday and Thursday at Trent where Rev. Wyatt was called to conduct a funeral service.

Mr. and Mrs. C. C. Dyson spent some time Sunday in the home of Mrs. Dyson's niece and husband, I think that the Shamrock Cham-

Lunch Before Canasta

A nice (and easy) way to entertain your women friends, is to invite them to lunch before a game of canasta. The whole thing can be done on a bridge table on the front porch — or indoors, whichever seems coolest and most pleasant to you.

In planning the menu for such a party, it's well to remember that most women today, young or old, are wisely inclined to watch their figures. So you shouldn't give them a lot of rich, hearty pound-making food. On the other hand, if they ever indulge themselves, as everyone should a little, it's when they go out to a party. So why not compromise by serving a deliciously thinning first course and a slightly gooey, sweet dessert? They'll have room for it, for once, because of having eaten lightly first. Here's a suggested menu:

Menu
Honeydew Melon and Ham
Melted Toast
Hot, Stuffed Devil's Food
Cup Cakes
Coke
Honeydew Melon and Ham
This is one of the most delicious flavor combinations ever discovered, particularly if paper-thinly sliced Italian Prociutto is available, but good with any ham. Serve a slim wedge of melon to each person (with "seconds" in reserve, just in case) and a couple of slices of ham. Be sure there is a pepper-grinder on the table, as fresh-ground pepper on honeydew is a new taste thrill. The melon is cut into bite size pieces and eaten with a bit of ham.

Mr. and Mrs. Bud Boyles, Pampa.

News From

(Continued from Page 1)

from Kelton did an excellent job of shooting at the Shamrock Sports Day last Saturday. In the senior boys division of rifle shooting the Kelton team won first place over the Shamrock FFA team. High point shooters in the senior boys division were Dave White, 1st, Kenneth Richardson, 2nd, and Thurman Calcote, 3rd. Dave White also won a very nice Zebeo casting reel for having the highest individual score in the shoot. The boys were all 4-H club boys and were coached by Ray D. Siegmund, Wheeler county agent. Carrol Lackey made up the fourth member of the team and all of the boys were from the Kelton community and vicinity. The team prize was a gallon and a half thurmus bucket that will sure be handy on trips that the different teams go on. I didn't get to see too much of the Sports Day but I think that the Shamrock Cham-

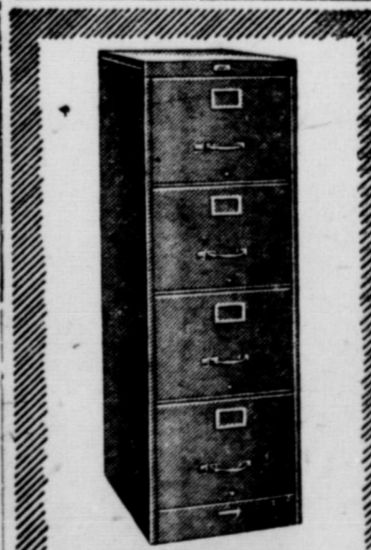

ber of Commerce should be congratulated on the fine show that was presented.

Grasshoppers are still getting worse and it seems that farmers are not getting the results that they should with some of the chemicals that are being used. A new chemical is out that has proved to give better results than anything yet tried is aldrin. Use this as a spray at the rate of ¼ pound per acre. It is more dangerous to use than toxaphene or chlordane but is more efficient and much quicker. It will also kill more of the old hoppers which will get by most of the chemicals now being used.

REACTIONS

"Why do you weep over the sorrows of people in whom you have no interest, when you go to the theatre?" asked the man.
"I don't know," replied the woman.
"Why do you cheer wildly when a man with whom you are not acquainted slides into second base?"

Homemakers, by taking advantage of the present broiler and fryer situation, can cut the family grocery bill by buying extra birds and storing in the freezer locker box or in the home freezer for later use.

The kangaroos with rumble seats.

Last year Extension personnel and leaders they had trained assisted 40,586 Texas families with their home improvement work.

26 WHEELER CO. PRISONERS SENT TO INSTITUTIONS

Wheeler County in the past ten years has committed 26 prisoners to the Texas Prison System.

This was revealed recently in a study conducted inside the prison by graduate students at Sam Houston State Teachers College, under the supervision of Dr. Rupert C. Koeningger head of the college's sociology department.

In number of commitments per thousand population, the County ranked 94th in the State with 252 persons per thousand committed, the study further showed.

Ten counties during the period, 1942 to 1951, representing 41.73 percent of the total population based on the 1950 census, committed 50.27 percent of the prisoners. In the order of the number of commitments they were Harris, Dallas, Bexar, El Paso, Tarrant, Hidalgo, Jefferson, Travis, Cameron and Wichita. These counties committed 11,424 of the 22,705 total commitments.

Highest among them in percentage of population in commitments was El Paso County, which sent 5.77 men per thousand and ranks ninth in the State in percentage of commitments. Next was Hidalgo, which committed 4.51 per thousand, nineteenth in the State. Others and the number per thousand committed were Harris, 4.07, Wichita, 3.76, Dallas, 3.38, Cameron, 3.13, Jefferson, 3.18, Bexar, 2.87, Travis, 2.74 and Tarrant, 2.66.

In 1951, the order of number of commitments ran according to the ten year average, except that Nueces County was eighth. Over the ten years, Nueces County, which ranks seventh in population, is twelfth in number of commitments.

In number of commitments per thousand, Culberson County heads the list through the ten years, having sent an average of 14.25. Next is Sterling with 11.7, Dallam County is third with 10.21. Fourth is Hartley with 7.32; then Stephens with 6.98.

Two counties — Kennedy and Loving — have not committed anyone to the prison in the ten years.

More persons were committed to prison in 1951 than in any other

year during the study. There were 3,056. The lowest year was 1943 when 1,579 were committed. The number has increased each year since, except in 1948 when the number fell below the 1947 mark. The percentage of increase in number of commitments in 1951, however, fell below that of the previous four years. There were only two percent more in 1951, as compared with a 13.7 increase in 1950.
