JAPAN'S FUTURE

In a report to Congress, General Ridgeway emphasized the importance of intelli- tainly not faced with anything like a depresgent U.S. leadership if we are to strengthen sion. There are encouraging signs in the the bonds of friendship between this country extile industry; the sales of cotton gray

There is no questioning the fact that the basic essentials of life are in chronic short supply. If Japan is to buy and import the things she cannot produce, she must have access to raw materials. Her problems are increased by a drastically reduced mer- activity of the construction industry and the because she has disarmed.

Japan still has the overpopulation and our national economy.

trade problems that she had before Pearl munumummummummummum Each and everyone is cordially Harbor. In addition, she now has fewer markets and fewer possele marees, and there are fewer places where her excess population can go.

It should be remembered that Japan has lost her island empire and her holdings on the Asian mainland. She is under pressure not to trade with her logical trade partners, China and Russia. Japanese nationals are excluded from Australia and New Zealand Evening Worship ____ 8:30 p. m. Preaching and less than 200 will be admitted to the Preaching Service, Wed. 8:30 p. m. Sunday. United States next year.

Any attempt to increase Jap trade will meet with great opposition not only from the leaders of other nations but also from manufacturers in this country who can remember how, in some fields, the Japanese can undersell them.

The honeymoon is over. We are now faced with stark economic and sociological facts. It will take the highest type leadership on our part to strengthen the bonds of friendship between this country and our neighbor in the Far East.

BUSINESS IS BETTER

Considering the country as a whol business is improving. The Commerce De partment noted a rise for the month of Apr in this country's production output, and still greater rise for the month of May.

1 Year _____\$2.50 There is increased activity in governmen purchases of goods and services, and mos of this rise is in defense spending which is scheduled to keep on rising. In recent months there has also been a rise in consumer spend-

> Many business men do not agree with the view that business prospects for the period just ahead are good. They point to the fact that prices are weakening as a buyers' market spreads, that inventories are being reduced by about half by industrial firms, and that purchasing by industry is limited to meeting needs for a period of not more than

Probably an explanation of this pessimism comes from the memories of last year. In 1951 after a buying spree subsided early in the year, the trend was downward, and the upturn failed to come as was expected. It is also true that the textile and clothing industries had a depression, and some hard-goods manufacturers, particularly appliance makers, ran into a slow market.

A careful examination of our economy however, seems to indicate that we are cergoods are rising and the shipment of synthetic yarns exceeded production in Apirl.

Retail sales are rising, and althoug they have not reached the peak of early 1951 they are higher than at any other time in our history. Considering this with the high chant marine, and a vulnerability to attack rise in government spending, it appears that there is evidence of underlying strength in

This little girl bud been in mis chief all day long, and her mother punished her all day long.

Finally, just before supper, she was especially naughty and sassed er mother to boot. So for punment her mother sent her to ed without any supper for being naughty.

When she was ready for bed. she knelt to say her prayers. At the end of her prayers her mother was surprised to hear her say; "And God bless Mommy and Daddy, but please don't send them any more children, 'cause they don't know how to take care of the one they've got!"

A dollar may not go very far, but usually it travels far enough so that it never finds it way back.

Now Ted is ahead . . . thanks to one of the greatest services ever offered the motoring public - a service that helps engines last longer, perform better, use less gasoline and oil! It's exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles-No Wear" road test!

In that famous 50,000-mile test, with 1,000mile drains and proper filter service, test car engines showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000. Now you can get this same 1-2-3 "50,000 Miles-No Wear" Service, at your Conoco Mileage Merchant's today!

HELPS YOUR ENGINE LAST LONGER, PERFORM BETTER, USE LESS GASOLINE AND OIL!

01952-CONTINENTAL OIL COMPANY

HERE'S CONOCO'S "50,000 MILES-NO WEAR" SERVICE

At proper intervals, Your Conoco Mileage Merchant will:

Drain out grit and sludge, preferably whilethengine is hot!

Recondition all air and oil filters!

Fill the crankcase with great Conoco Su Motor Oil!

DRIVE UP FOR SUPER SERVICE

Not just a few gallons of gasoline, but a service check by expert, courteous attendants. that are interested in the safety and dependability of your car. We check tires, battery, radiator and oil level every time you drive up. Why not try us today!

CAN'T BEAT UMPIRES

HAROLD D. CALLAN, Clerk

Court, Wheeler County Texas.

The Devil was always challeng- footage). called up the Devil.

"Now I'll play you that game ball," he said. "You'll lose," said the Devil.

'You'll lose.' "Oh, yeah?" said St. Peter. Right now I've got the greatest ver saw.'

'You'll lose!"

we got all the umpires down

A neat, well kept lawn will add to the value of a home, and lawns properly managed will provide a cool, restful cover for the homesite even during summer months. J. R. Watson, Jr., of the agronomy department at Texas A. & M. College, says that by recognizing the basic conditions necessary for lawn care the home lawn enthusiast may have a lawn that will provide pleasant relaxation and prevent soil from blowing and washing.

cality. Some of the grasses best D & F Crow . . . all go into the making of big suited to Texas are Bermuda, St. Augustine, and Buffalo grass. rugged, high-capacity milkers. Others not so popular are Centishould be adapted to your locality See us SOON! and one that suits you.

Lawns should be fertilized in the spring and fall with a complete fertilizer, such as 10-5-5, 5-10-5, or 8-8-8. During summer it is not necessary to add a complete fertilizer, but nitrogen should be added every 30-40 days, for grasses are heavy nitrogen feeders. Ammonium nitrate or ammonium sulfate may be added at the rate of three pounds of ammonium nitrate and five pounds of ammonium sulfate per 1000 square feet of lawn. (reminder: length times width of your lawn area equals the square

ng St. Peter to a game of base- Controlled waterings is one of ball, but St. Peter never took him the most important considerations up. Finally, the Dodgers, the in the care and management of Giants, and the Yanks all went to lawns, Watson says: The prevailheaven. So naturally St. Peter ing tendency is to overwater rather than underwater. Excessive water, as well as too frequent applications, cause plants to develop shallow root systems.

Water should be applied to mature turf only when the plants begin to wilt. At this time, the lawn should be soaked to a depth of four to six inches. When the water starts running off the surface, it should be cut off. If the What makes you so sure we'll soil is not soaked to the required depth, wait until the moisture has "Because," laughted the Devil, percolated downward and apply additional water.

Lawn turf should be mowed at about 1 to 11/2 inches. Watson The chicken and turkey flocks, points out that only about 1/4 to 1/2 if they are to be profitable in the inch of leaf surface should be resummer time, must be provided moved at any clipping. Serious inwith plenty of good, cool, fresh jury to the plant may result if a drinking water, The water must greater amount of leaf surface is be placed where the birds can removed at one time. A sharp, reach it easily for they don't like properly adjusted lawn mower is to move about in the hot anymore essential if the lawn is to be kept

of where you plan to go on your

VACATION

... you should bring your car around to our service station and let us clean it up, grease it, change the oil and oil filter cartridge, check the battery, radiator, tires and tubes, and other items which should be in first class condition when you start out on a trip, long or short.

If your tires are worn, we urge you to come around and let us put you on a set of new Goodyears before you leave on any trip this summer. Slick tires are the cause of many auto accidents; so, don't take unnecessary

Whether you are going on a trip or not it will pay you big dividends to bring your car to us regularly for washing, greasing and thorough check ups. Regular care will make your car or truck last longer and operate more economically.
