STORM REPORT

As Reported by Stormie Meriwether, Second Grade Student

Dear Friends, I think my Pop is really missing me. He needs me to do the stickers on the papers and put them in the boxes. I need to help him take papers to the people and to the post office. I miss all the people. Maybe someday I can do the paper again. Pop pays me money and we can go to Taco Tuesday and then eat ice-cream.

School is good. we do work and play on the playground. One day we did jump rope. I love that! One time I miss jumped it. The rope pulled my foot out of under me. I fell and got a bloody nose. All the kids said, "Stormie, are you ok?" They took me to the playground doctor. He has a first aid box with tissues, band aids, Neosporin, tape, casts and these very strange things to put on your nose, if it bleeds. It's like a sock for your nose. The playground doctor gave me tissues. Then he put the pink sock thing on my nose and taped it. The boys get blue ones. I went back to play. All the kids laughed and called me, "Pink Nose Sock Girl". I laughed too.

You can't believe it! I'm in ballet! My ballet is so fun, but my new ballet shoes don't feel so good. I like my old ones better. Now I'm about to be in Martial Arts. I think that's like Karate. I will love to do that! Next time I can tell you about my new class.

I have a job here. It's taking care of my friend's dog named Athens. My friend is gone for three days. I have to feed Athens and play with her and take her for a walk. She is a very sweet dog, but I miss my dogs so much. Someday I will see them.

My dad is ok. He had a little surgery. Now he has to wait a long time (two weeks) to see if he has another cancer. I hope he is ok. That's it.

MOBEETIE NEWS

The quilt exhibit has been taken down at the museum. It was viewed by over 200. Lots of pretty quilts.

The museum has some new books in the gift shop. Some are Braggin' on Texas, Miriam "Ma" Ferguson, first woman governor of Texas. Frontier Blood and Standing in the Gap.

Frontier Blood is the saga of the Parker Family. The story of their westward migration to Texas and Cynthia Comanche captivity to Quanah's role as the last Great

War Chief (and eventual peacemaker) of that tribe. Standing in the Gap, Army outposts, Pickett Stations and the Pacification of the Texas Frontier 1866-1886.

A set of keys have been turned in to the museum. There are four keys on the ring; one is a fuel key. They were found on the campground after Labor Day. You can identify the key chain.

Dale and Melba Corcoran went to Wheeler Tuesday. Melba got her flu shot and Dale went to the doctor and got a shot. Can't tell it's done much good; still coughing and having problems.

Dale and Melba Corcoran went to Pampa Tuesday for Melba's doctor appointment.

The OMTA held their monthly meeting Tuesday. Those attend-

ing were Joe VanZandt, David Seitz, Bill Finsterwald, Ada Lester, Gina Seitz, Maurita Stribling, Suzanne Lohberger and Melba Corcoran. Regular business was tended to; then had a round table discussion on fundraisers for the museum. The only fundraiser decided on was to have a Mexican Pile On in Oct. New officers were elected. Board members up for reelection were Joe VanZandt, Bill Finsterwald, David Seitz and George Kilcrease. They were all elected. Ada Lester was put in as

Publicist Chairman. New officers are President, Joe VanZandt, 1st Vice President is Dale Corcoran, 2nd Vice President is Bill Finsterwald, Secretary, Bobbie Walker and Treasurer is Gina Seitz.

Rob Hogan of Fort Stockton has been spending the week with Louise Hogan. Louise Hogan had a surgery procedure on Tuesday. She is fine. We miss her at the museum. She should be back this week.

Scot Terrell is home, but still not able to do anything. He is on oxygen all the time for his breathing. Glad he is home.

Lonnie Trout got to come home Friday. Glad he is home. Take care of yourself and keep improving.

Maurita Stribling went to Buddy and Debbie Stribling's at Happy on Saturday.

Everyone is enjoying the cooler weather. The rain was nice, but need more of it.

Yesterday was the Baptist Church Day at Wheeler Care Center. Dale wasn't feeling well enough to go to church. I haven't been told I could drive with my cracked arm. I go to the doctor Tuesday and hope he will let me drive. Dale is getting better, but still coughs pretty bad. It is sinus.

To The Editor
The Wheeler Times
Wheeler, TX 79096

Dear Editor,
On behalf of the Wheeler Area Go Tell Crusade, we would like to thank the administration, school board, and coaching staff for the use of the football field and facilities at Wheeler ISD.

The Crusade was a huge success and we believe it will impact the lives of many people in Wheeler County and the surrounding area. Many people responded to the message that was shared during this event.

We would also like to tell you how much we appreciate the young men and women that attend Wheeler High School, Thomas Helton Elementary, Fort Elliott CISD and Shamrock ISD. They were all polite and were willing to help with any need that we had during the event. Many of them volunteered to serve food, carry chairs, and help set-up.

We would also like to thank all of the individuals who volunteered their time and finances in order to help make this event possible. Many of you put in several hours working to ensure that the Good News was preached to Wheeler County.

Again, thank you for everything everyone did to make the Wheeler County 10th anniversary Rick Gage Go Tell Crusade a success.

Respectfully,
Gary Ware and Tirk Sweatt

Parkview Artery Give Me 5!

To check if someone is having a stroke, ask the person to give you five:

WALK THEIR BALANCE OFF?

Things to look for or ask:
• Are they able to stand straight and tall? Or do they slump to one side?
• Do they appear to have lost strength on one side of their body?

• Are they leaning to one side when they try to walk?
• Are they veering off to one side?

• Are they dragging the foot on the side they are leaning toward? Can they tell you whether they can feel the side that they are leaning toward?

TALK THEIR SPEECH SLURRED OR FACE DROOPY?

Things to look for or ask:
• Are they having problems speaking?
• Are they having problems "getting their words out?"

• Do they sound like they have something in their mouth when they speak?
• Are they saying the appropriate words (do their words make sense) when they speak?

• Does one side of their mouth droop down?
REACH IS ONE SIDE WEAK OR NUMB?

Things to look for or ask:
• Ask the person to raise both their arms up together. Does one arm begin to fall down?

• Ask the person to squeeze your fingers with each hand; is one hand weaker than the other?
• If you ask the person to try to hold something like a pen, can they do it without any difficulty?

• Can the person feel you touch them on their arm? Lightly touch them on the skin of both arms, and ask them if the feeling is the same on each.

SEE THEIR VISION ALL OR PARTLY LOST?

Things to look for or ask:
• Ask the person about their vision. Do they normally wear glasses or contact lenses, or do they normally not use either of these? Ask the person to try to describe any changes in their vision.

• Is their vision clear?
• Is it blurry?
• Can they see everything in their field of vision? Does the person see everything or just part of the visual field?

• Does the person see double?
FEEL THEIR HEADACHE SEVERE?

Things to look for or ask:
• Do they have a headache? On a scale of 1-10, 10 being the worst, ask them to rate their headache.

• Do they normally have headaches? If so, is this headache any different from their usual headache?
• Does this feel like the worst headache of their life?

• Does light bother or hurt their eyes?
• Does a sound or loud noise make the headache worse?
What is a Stroke?

• A stroke occurs when a blood vessel that carries oxygen and nutrients to the brain is either blocked by a clot or bursts. When that happens, part of the brain cannot get the blood (and oxygen) it needs, so it starts to die. Stroke is the third-leading cause of death in the United States and a leading cause of disability. However, research shows the public remains unaware of stroke's warning signs and the need for immediate medical attention, even if the symptoms subside. Call 9-1-1!

Medcat
Don't wait. Call 9-1-1!
If you see even just one of these symptoms, even if it goes away, do not wait, call 9-1-1 immediately, this person may be having a stroke.

OLD TIMES NOT FORGOTTEN

By Roland Miles

DROWNING OUT CRICKETS AND CATCHING SPARROWS

If you were ever as hard up for entertainment as my cousins and I were, you might have tried this, too. Drowning out crickets was fun, cheap (very important) and you didn't even have to be very smart. All you needed was a bucket and water. It kind of goes without saying, that if you were successful, you'd need something to put them in. A quart fruit jar served that purpose very well.

After we got our buckets filled with water, we'd walk around looking for holes in the ground. Almost like Easter Egg, huntin'. When we found one, we'd fill it up with water. In a few seconds, something would usually come out. You never knew for sure what it was going to be, but most of the time, it would be a cricket; the big, brown kind, with the rough-looking back legs. Once in a while though, it'd be a spider, or even a centipede. We didn't try to capture them... just killed them outright. When we pretty much got a jar full of crickets, or simply got tired of the game, we'd feed them to the

chickens. It got to the point that when the chickens saw us with buckets, they'd start following us around. Who says chickens don't have deductive reasoning?

Another fun thing to do on our list was "catching sparrows." We always seemed to have a lot of 'em. After it got good and dark, we'd get a flashlight, then go looking around the eaves of the house, porch and barn. Sparrows seem to prefer roosting in those places, more than anywhere else. When we'd spot one, we'd shine the light straight into it's eyes and keeping it there...while getting closer. When we'd get within reach, we'd grab it! This worked really well. After a while, the cats noticed we had birds and they really got excited about that. So, we'd let them have a few and let the rest go.

Since we didn't have TV or computers, we invented our own games. Come to think about it, part of that time, we didn't even have electricity. Here pretty soon, I think I'll give sparrow huntin' another try.

 "Wheeler: town of friendship and pride."

By Verna Fillingim

When I first was brought to Wheeler Care Center, I thought: "Get me out of here!" but three bountiful meals served each day, young ladies and guys help administer medications that doctors have ordered and the food, served in the dining room or patient's rooms, as wanted. Lots of sweet people around. Special activities. About 45 people served; most are single people (spouses deceased). Different groups come to sing and make pretty music. Some need help with many things. God is good. Care center is kept clean and tidy and patients are helped with baths or where needed. Many patients have private rooms (one to a room). I can go to my room and shut my door and enjoy the quiet or visit. Some watch TV or play games or have visits from family and friends. Nice to have Bob and Evangeline Wills take me to lunch at "The Spot" and have a good visit. Thank You!

So nice to have Stacy McCasland and boys, Tayt, Zach and Zay come sing for us. Hope you'll come back soon to Wheeler Care Center.

Good group out to Wheeler Care Center Tuesday night to sing and make pretty music and included Gene Keelin, Jay Godwin, Robert Jones and Winnie Gilmer and "Crickett" and several care center people. Very enjoyable. They plan to be back to care center in two weeks to play guitars and sing at care center, Sept. 27, at 6:30 p.m. Visitors always welcome and several there Tuesday.

Ray and Mae Brazeal have enjoyed having their daughter,

Shirley Horton, visit them and help out. Martha Meek and Joyce Perkins visited them and played games with Mae and Shirley one day for a fun time.

Sorry to hear that Ruth Wiley, 93, passed away. Funeral was Friday, September 16, 2011, at Wheeler Methodist Church with burial in Wheeler Cemetery. Nice to have Ruth as my Home Economics teacher when I was 16. Lovely lady and always full of pep. She taught several years at Briscoe, was married to Max Wiley and lived in Wheeler.

Nice to have some sweet ladies from the Assembly of God church at Shamrock come Thursday morning to Wheeler Care Center to sing for us with piano and guitar. Great job! They plan to come back in 2 weeks on Sept. 29 at 10:00 o'clock. Visitors welcome!

Congratulations to Wesley and Katie Hathaway of Canadian in the birth of their new baby boy who was born September 10, 2011, at BSA in Amarillo and named Logan Blake Hathaway. Proud grandparents include Marion and Ethel Grimes and Paul and Clarice Hathaway. Logan weighed 8 pounds, 12 ounces. Proud aunt, Savannah Shipp; Elizabeth Shipp is proud grandmother. God bless you all.

Dr. Galutia usually comes and visits his patients on Friday afternoon at the care center. Most doing well at Wheeler Care Center. Thanks, Dr. Galutia.

Coming to Wheeler Care Center Sunday to sing were Dan McElroy, Charlie McDermott and Paul Hathaway. Doris Finsterwald played the piano. Marion Grimes played his guitar. Others from Mobeetie Baptist were Ethel Grimes, Elizabeth Shipp, Arica Lancaster and Laura Vandever. Good service. Don had a short sermon. Several care center people and others there.

Pray for Mae Brazeal and Ann Killingsworth who have had some health problems. Sweet ladies. Nice to eat with Sue Chandler and Bob and Evangeline Wills and others.

Sincere sympathy to family and friends of T. G. Reames, 78. Graveside services Sept. 16, at Wheeler Cemetery. T. G. died Sunday, Sept. 11, in Amarillo.

So sorry to hear that Royce Zybach was seriously hurt in a roping accident and has been in the hospital at Amarillo with broken bones and bleeding. Pray for Royce. He is expected to recover. We sure hope so! ("God be with you till we meet again.")

Are Varicose Veins More Than Just a Cosmetic Problem?

Eliminate Varicose Veins with minimally invasive in-office procedure...
Covered by most Medical Insurance

What are Varicose Veins?

Varicose veins are very common, generally appearing as twisting, bulging rope-like cords on the legs anywhere from the groin to the ankle. Factors leading to varicose veins include heredity, gender, pregnancy and age. Some factors may speed up the development of this disease and make the veins worse, including prolonged standing, obesity, hormone levels, and physical trauma.

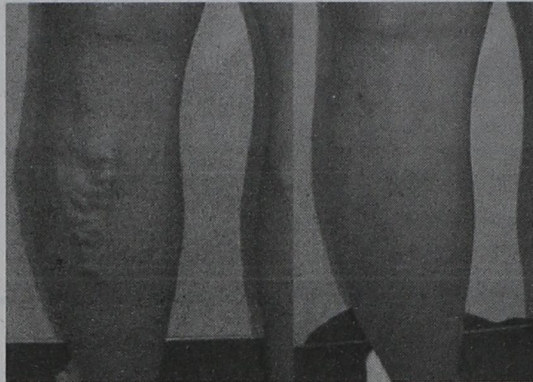

How do varicose Veins occur?

Varicose veins occur when the valves in superficial leg veins malfunction. When this occurs, the valve may be unable to close, allowing blood that should be moving towards the heart to flow backward (called venous reflux).

Blood collects in the leg veins causing them to enlarge and become varicose veins.

What are the symptoms?

In addition to the visual appearance, patients may experience one or more of the following leg symptoms:
Pain, Aching, Heaviness, Tiredness, Skin discoloration, Swelling, Burning or tingling sensations.

Before

After

Will they get worse?

If you have one of these symptoms and delay treatment, your symptoms may progress resulting in more serious complications including:

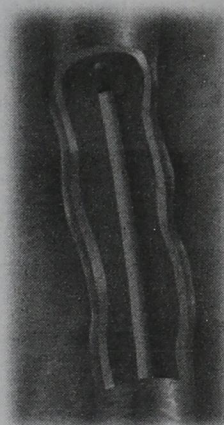

- Inflammation
- Blood clots
- Ankle sores or skin ulcers
- Bleeding

New treatment options:

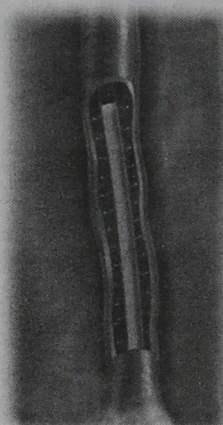

New and minimally invasive procedures could be done in our specialized vein clinic without making an incision. Within 30 minutes, patients will be able to return to normal activities.

These FDA approved procedures include Endovenous Laser Treatment (EVLT) and Radio Frequency Vein Ablation (VNUS).

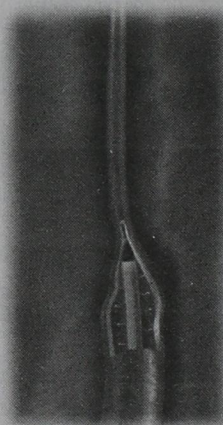

If medically necessary, they are covered by most medical insurances.

Catheter inserted into vein

Ablation started and vein collapses

Catheter withdrawn, closing the vein

Bless the Lord, O my soul, and forget not all his benefits: Who forgiveth all thine iniquities; who healeth all thy diseases: Who redeemeth thy life from destruction; who crowneth thee with lovingkindness and tender mercies; Who satisfieth thy mouth with good things; so that thy youth is renewed like the eagle's. The Lord executeth righteousness and judgement for all that are oppressed. The Lord is merciful and gracious, slow to anger, and plenteous in mercy. Psalm 103:1-8

The weather in Allison, Texas on this Tuesday morning is just beautiful!! There is a cold front here, the wind is blowing, but that is because the cold front is here. Praise be to Jesus!! Praise him for his goodness to us. Fall is just around the corner and this reporter is grateful for the cooler weather for sure. She can handle cold weather lots better than warm and hot weather.

50 YEARS AGO

... the editor remembers!

August 24, 1961
Fair To Be Held Friday and Saturday
 All plans are complete for the Fifth Annual Free Fair to be held in Wheeler this weekend, Friday and Saturday, August 25 and 26. Carnival rides have already been set up behind the Legion Building and have been in operation all week. The rides will open at 1:00 p.m. Friday and Saturday. The band boosters have set up a concession stand at the rides and they plan to operate all during the fair.

Cora Hyatt has been doing a tremendous job with the Flower Show each year and this will be no exception.

Over 400 Are Fed At Ex-Student Meeting
 Many old acquaintances were renewed and the good old days were frequently recalled as approximately 250 ex-students and ex-teachers registered for one of the largest reunions ever held in Wheeler.

After leisurely strolls around the campus and pleasant visits to the schoolrooms, which hold many

fond memories of yesteryear, the exes assembled in the gymnasium for a program arranged by Vondell Killingsworth with Veta Brown as Mistress of Ceremonies. Ab Gunter, retiring president of the Association introduced Bill Owen, who welcomed the group on behalf of the Chamber of Commerce and Arling Cordell, who brought a welcome from the school. Others appearing on the variety program were Jane Dee Wofford, Annette Hutchison, Richard Parks, Sylvia Lee, Mrs. Earl Brown, Mrs. Clarence Robison, Larry Garrison, Larry Hampton, Mr. and Mrs. O. K. Henson and Jim Johnson.

Kelton Church Adds Wing
 The First Baptist Church of Kelton has just completed their new addition to the church. The wing is estimated at a value of \$7,000.

In the new wing there are four additional classrooms, two restrooms, a kitchen and fellowship area.

A Chat with The Editor
 Quite a lot of discussion has been heard from our businessmen during the past few weeks in regard to lighting in our alleys behind business buildings. I understand the Public Service Com-

pany has some extra powerful night lights that are used for that purpose. A couple of lights, one at each end of the alley, could be used. Several have expressed the opinion that this would certainly help to eliminate the numerous break-ins we have been having during the past few weeks.

Don't mean to be an old grump, but fellows, please be careful on those motor scooters, make certain your lights, brakes and reflectors are OK.

Notice Mr. and Mrs. Byers are moving into their new home across the street from the post office.

Leon Moore, Robert Denson and some of you other guys had better start polishing up the old M-1. If this Berlin situation doesn't get any better, I think Uncle Kennedy is going to need a little help.

I'm not much in favor of war; in fact, I'm a natural-born coward, but I believe we have let the commies go far enough. I, for one, am ready to take one of those so-called Teddy Roosevelt stands.

The library is being remodeled and moved into the lower part of the old jail.

City Council Changes Rates On Water, Sewer

The City Council met in a regular session Thursday, August 3, and discussed a survey, which disclosed irregularities in charges for water, sewer and sanitation for the city.

The following regulations were passed and put into effect as of August 1, 1961. The changes will appear on your next bill.

1. Charge \$2.50 per sewer rates on all services stations, hotels and cafes.

2. Charge \$3.50 sewer rates on all trailer parks, motels, laundries, Court House and hospital.

3. Charge every business in town \$1.50 sanitation fee.

4. Charge each business and or residence the minimum water, sewer and sanitation rate on each business and or residence when occupied, where they are on the same meter.

If you have a question, the council asks that you appear in person September 7 at 7:00 p.m. at the city office.

License Laws Are Explained

THE WHEELER TIMES
 PAGE 9 — Thursday, September 22, 2011
 "Wheeler; town of friendship and pride."

Several times in the last two years, applicants for marriage licenses have had to postpone weddings in some instances where invitations had been mailed out because they failed to make application for their marriage license in time to satisfy the law, Harry Wofford, County Clerk, said.

The law provides that if the male is 21 or above and the female is 18 or above, the marriage license may be issued immediately upon application to the County Clerk, provided each party can present documentary proof of age and has obtained a blood test from an approved state laboratory. The blood test is good for only 15 days may elaps from the date the blood is taken until the marriage is performed.

If one or both of the parties are under age when application is made, they must meet specifications above and, in addition, each minor must be accompanied by a parent or a legal guardian when application is made. The parent or guardian must appear before the County Clerk in person. After ap-

plication is made, there is what is known as a three-day waiting period for minors, but in complying with the waiting period the date application is made may not be counted and the date the license is issued cannot be counted, making a reality a FIVE-DAY WAITING PERIOD.

39 Men Reporting Each Day For Football Practice

Climaxing a week of drills, the 39-member strong '61 Mustangs were hosts to the Panhandle squad of 50 members on the home field in a scrimmage Tuesday night. Our boys began to really look like a football team as they showed spirit and desire. Coaches Boynton and Gaires were impressed with our defense on the line of scrimmage, but found the boys need a lot of work on defense.

Wheeler Nursing and Rehab Administration and Staff deserve a "Tip of the Hat". That place is and always has been clean and fresh since its opening. Keep up the good work!

We were in OKC this past weekend. Barbara and I took in the Oklahoma State Fair, while Jennifer and Seth were at "Disney on Ice". There is a lot to see and we were looking for a place to sit before they got out of the show. They met Regina and Cameron

Bryant there.

Once again, Thanks, Joannie Adams for the football pictures.

It is Birthday Time for two family members. Ronal Wayne Stas and Rhonda Meriwether will both be celebrating birthdays on Sunday, September 25. Ronal Wayne has entered the second half of his century; Rhonda is a ways over the half century mark. Happy Birthday to both!

Cards were played Monday evening. Barbara and Mike started off really well, but their luck ran out the second game. Dwight and I won two out of three.

This last week Cheryl Dupont and her granddaughters, Makenna and Madaline from Amarillo, Texas spent Friday and Saturday nights with Louise Boydston. They had to leave early on Sunday morning as Cheryl had to go to work at the VA Emergency Hospital in Amarillo, Texas.

Saturday, Louise Boydston and Cheryl Dupont and granddaughters visited Pearl Harrison at the Elk City Nursing Home in Elk City, Oklahoma. Also Cody Dupont and Kristina Gamble from Amarillo, Texas visited Louise and ate with them at her home. Cody and Kristina are planning a May 2012

Wedding in Amarillo, Texas.
Opal and Juanita Boydston visited Louise Boydston on Monday evening. Juanita surprised Louise with a pineapple cream pie. Juanita timed it just right. Louise had already ate and was ready for dessert and was going to eat some banana cake but Juanita changed her mind with the pie. Gary Boydston also came by and enjoyed the pie as well. Good ole visiting!!

Juanita also made a pineapple cream pie for Ty and Misty Pennell who helped Juanita very much in the Sunday School department. Thanks guys!!

Sunday after church, Opal and Juanita Boydston enjoyed a delicious meal with Louise Boydston and Bennie and Debbie Boydston. Louise prepared a

Opal and Juanita Boydston enjoyed a delicious meal at the Reydon Senior Citizen's building in Reydon, Oklahoma. Others there were: Lester and Clydene Hall, Virginia Puryear, Rita Grayson and Carol Archer and Leslie Archer. Good to see Jack and Freddie Lou Moon as well. Oh yes, Bob and Mary Cornell was there as well. If there was others, please forgive me. I know I shouldn't start naming names. I always get in trouble.

God bless and keep ya'll till next time!!
