SCOUT FUND DRIVE TO BE HELD HERE SOON

On October 25, the Boy Scouts will ask us to support them in the coming year. Wheeler will be generous, because the Community supports no organization that ranks higher in accomplishment. Beginning as a Cub Scout at eight or nine, the boy becomes a Boy Scout at eleven, and finally enters the Explorer program when he is 14. Those are the formative years, and a boy that enters wholeheartedly into Scouting benefits from his experience morally, mentally and physically. The Scout Oath and Scout Law state personal ideals which any parent would wish to be goals for their son. Beyond that, Scouting gives every boy a sense of accomplishment. As he advances through the various grades of Scouting, and wins merit badges, he meets standards of mental and physical fitness that are positive benefits to his development. The funds to be raised on October 25 will make it possible for every interested boy, regardless of race or creed, to enter Scouting. And there is no gaining saying the fact that a good Boy Scout makes a better man. Thus a donation to the Scouts becomes an investment in the future welfare of the community. As this year's Scout slogan puts it, today's Scouts will build "tomorrow's better Texas." On October 25 the Fund Campaign drive will be held in Wheeler, and the personnel of the solicitors is now being arranged. Each worker will have a certain number of places to call for the contributions and a report card will be held this year at which time each worker will account for his list of calls with the amounts received for the drive. Let's all be generous in our support of this, a most worthy cause.

This is National Newspaper Week: Times Editor Explains Term of 'Type Lice'

This week, October 1 through 8, has been set aside as National Newspaper Week. While its purpose is to focus your attention on an institution in whose operation you have a vastly greater hand than perhaps you've ever realized, the Times would like to explain about "type lice" or "typos". In the trade we call them "typos," for short. For example, when the little devil made one word out of two and said: "Mrs. Robison will direct the choir. Mrs. Brown will beat the piano." Another time a West Coast headline declared: "Strange Tail of Missing Pair Solved." And an ad, for which someone

NATIONAL FIRE PREVENTION WEEK, OCT. 9-15

This is National Fire Prevention Week, October 9-15. This week is held each year in commemoration of the great Chicago fire. Throughout the entire United States, all communities both large and small are commemorating the event in order to make the people more fire conscious. Wheeler is no exception, according to Fire Chief Carroll Pettit. During this week various firemen will call at the respective places of business and inspect or check their facilities for handling a small fire that might get started. A special fire drill will be held at the Wheeler school and a drill night will be held for firemen. The department have not obtained any posters or other material this year for distribution to the public but Chief Pettit requests each and everyone to make (Continued on last page)

SCOUTS TO HOLD CAMPOREE OCT. 21, AT KI-O-WAN

The Boy Scouts of troops in Santa Fe and Fort Elliott districts of the Adobe Walls Council will hold an advancement Camporee at Camp Ki-O-Wan starting at 8 p.m. on Friday, October 21 and running through 8:30 a.m. Sunday, October 23. Game Receipts Lower At Nicholson Field

A statement of receipts and expenditures on last Friday night's game, rendered this week by Mr. Brown, showed another decrease in the total gross from the game. Last Friday night the gate receipts amounted to \$382.04 as compared with \$407 two weeks ago and \$604 at the opening game of the season. The total gross was divided as follows: cost of officials including travel \$57.74; Net proceeds split with Silverton \$182.15 each school. (Continued on last page)

PIONEER OF COUNTY DIES

W. G. Mayfield, pioneer resident of Wheeler County and father of Mrs. I. E. Baker of Mobeetie and Sidney E. Mayfield of Gagesby, died at 9:25 o'clock Sunday morning in the Tinsley Convalescent Home south of Shamrock. Funeral services were conducted at 3:30 o'clock Monday afternoon in the First Methodist Church in Shamrock, of which he was a member. Officiating at the service was the pastor, Rev. Frank Beauchamp, assisted by Rev. Albert Cooper, pastor of the Mobeetie Methodist Church. Interment was in Shamrock Cemetery under the direction of Clay Funeral Home. Mr. Mayfield was born June 4, 1874, in Henderson County. He moved to Kemp in 1890, and on August 9, 1893, he was married to Miss Dolly Baker. The couple (Continued on last page)

MUSTANGS TO TANGLE WITH PRICE COLLEGE

The Wheeler Mustangs will invade Price College gridiron on Friday night of this week. The game is a non-conference tilt to be played at the college gridiron in Amarillo. Game time will be 8:00 o'clock. The Price College team has won two and lost one this season. They lost to the Amarillo Yanigans 27-18 and defeated Estelina 32-0 and Whitedeer by a score of 7-0. They are a team of "Big Boys," coach J. D. Atwell said in talking about them. The Mustangs were defeated by Canadian in the season opener and have won both of their conference games, defeating Quitaque 38-0 and Silverton, 31-7. Coach Atwell stated that in his opinion this should be a game about par with the one at Erick a couple of weeks ago. The Mustangs are expected to all be in shape by Friday, Francis Pride who injured his ankle in last week's game was expected to report for practice not later than Thursday of this week.

Saturday's Flower Show Will Be Colorful Event

Everything is in readiness for the Fourth Annual Flower to be held in Wheeler Saturday under the sponsorship of the North Wheeler County Garden Club. The colorful show will be held in the old Pennington building on the south side of the square, and all amateur growers are invited to enter exhibits. Flowers are to be in place not later than 11:00 a.m., stated Mrs. Cora Hyatt. The public is invited to attend the magnificent display. Classes in the show will be the same as last year. A complete list may be found in last week's issue of The Times. Judging scale for specimen will be as follows: color—20; form—15; size according to variety—15; substances and texture—15; stem and foliage—20; condition—15; total 100. Judging scale for arrangements: color combination—25; relations to container—10; proportion and balance—25; distinction and originality—20; suitability of combination—10; condition—10; total 100. The Wheeler senior class will sell refreshments at the show.

WHEELER WINS OVER OWLS HERE BY 31-7 SCORE

The Wheeler Mustangs picked the Silverton Owls here Friday night by a score of 31-7. Nicholson field was well filled with spectators considering the distance the Owls were from home. The action was fast and clean in most cases. The Mustangs were a little over anxious and drew the most penalties in the game. The Mustangs scored in each quarter of the game with two scores in the third stanza. The Owls scored in the last period after a fumble by Larry Hunter gave them possession of the ball on the Mustang 10-yard line. In the first quarter Jim Porter went off tackle for 16 yards and a first down. Then two or three plays later he again went off tackle for 12 yards for another first down in the Owls 1-yard line. The next play he went over for the score. In the second quarter Jim Porter again went off tackle for 6 yards from the Owls 40-yard line. Roger Topper picked up 5 for first down. Roger Topper 18 and another play later he went for 2 and the second quarter was over. In the third quarter Roger Topper lost 2 from the Owl 46 which was nullified by an off side penalty on the Owls. Jim Porter picked up 18 and the 23 for a first and ten. Jo Jo Jaco picked up 3. Topper made 11 but was called back because of an illegal formation. On the next play another illegal formation penalty was assessed the Mustangs. Crossland then passed to Francis Pride who went the distance. Total pass and run about 30 yards. Extra point try not good. Score, Wheeler 18, Silverton 0. Dennie Bowerman kicked off to the Owls, taken on their ten and returned 23 yards by Bill Stephens who fumbled. Doyce Watson recovering for the Mustangs. Then things began happening so fast (Continued on last page)

CHANGES ARE ANNOUNCED AT LIBRARY

A change of policy in book loans and a change in hours were announced this week for the Wheeler Library. Books may now be kept for a period of two weeks. Formerly books were loaned for only seven days. New hours for the library are from 1 p.m. to 6 p.m. on Mondays, Wednesdays and Saturdays. The library will be closed on Saturday morning. Officers of the library believe more people will be served by opening on three afternoons each week. Library cards are still available at the library. When a person pays 10 cents for a borrower's card, he is entitled to check out as many as three books per card for per period as long as he is a resident of Wheeler County.

BOOK DRIVE IS SLATED BY LIBRARY

The Wheeler Library, in recognition of Library Month in Wheeler, will stage a book drive aimed at reaching all residents of this city and those of surrounding communities. On Thursday, October 13, between 4 p.m. and 6 p.m., the Cub Scouts, accompanied by parents, will cover every street in town to pick up donations of books. Persons who plan to be away at that time are asked to please have their books placed on their front porch so they can be picked up. Officers of the library would like to have books of fiction, non-fiction, children's books and reference material. Persons living in surrounding communities can leave their books on any day in a box placed on the library porch. Attention of the public is called to the library posters in store windows for library news and accomplishments.

Dr. H. E. Nicholson To Show NATO Films

Dr. H. E. Nicholson will show films on the work of NATO at the Baptist Church next Monday night. The Baptist Church was chosen for the showing of these films because of the seating capacity and the sound effects of the auditorium. The public is invited to attend this showing regardless of faith.

SILVER S DAY ATTENDANCE IS STILL GROWING

We are going to brag again on the tremendous crowds that come to Wheeler on Silver Dollar Day. If any one is the least bit skeptical about the crowds, all they need to do is come and see for themselves and be convinced. It is indeed refreshing to see the continued interest of the good patrons in this trade territory and it is no idle talk when the merchants of Wheeler, again say thanks a million for your loyal patronage. Roy Bailey of Wheeler claimed the \$250.00 Jackpot. "By standers say that Roy had a little hissy and fell over in it, when his name was called". We probably would have had a big one, and still be wallowing around in it if our name had been called for \$250.00. J. W. Durham, claimed the \$25.00 award. Charlie Blevins took the second award for \$12.50. Other names called were: Glen H. Lester, Briscoe, I. M. Passons, J. T. Beesley, I. E. Bradford, Elmer Williams, Wheeler, Bryce Hester, Wayne Martin, A. N. Williams, E. L. Bumper, Mrs. B. F. Holmes. (Continued on last page)

DIGNITARY VISITS HERE

Judge Ralph Yarborough, who was in the gubernatorial run-off last year with Governor Allen Shivers, was a visitor in Wheeler last Friday. Judge Yarborough is now a practicing attorney in Austin. Of charming personality, the popular attorney and political figure went about town shaking hands with as many of his friends as time would allow. "This is the first time I have had an opportunity to visit the entire Penhandle of Texas since I worked in the oil fields up here one summer to help finance my law year in law school," Judge Yarborough said. "I want to see as many of my friends as I can and thank them for the support they gave me in the gubernatorial race last year," he declared. The judge visited in both Wheeler and Shamrock and was taken to Amarillo by County Attorney Guy Hardin. He expressed regret that his stay here was limited to a few minutes, declaring that he had hoped to visit with many more of his friends.

Supt. Brown Attends Improvement Meeting

Supt. A. E. Brown attended a meeting called by the Texas Education Agency at the McKinley school in Amarillo last Monday. The School Improvement Program for 1955-56 was discussed. The agency has been studying weakness of schools for the past two years and the program this year is to try to do something about these weaknesses, Mr. Brown stated. This program is on voluntary basis and is an improvement program directed at more efficient work of the superintendents and improvements of instruction and other school activities, the school leader said.

A PROFIT PLAN
for hog raisers**

We are proud to introduce Purina's new Profit Plan for hogs. It comes to you from Purina's Research Farm, where it has been proved with thousands of hogs.

It helps you meet today's need to produce pork at the lowest possible cost.

Here's Why: Purina Sow & Pig Chew and grain gives the sow everything she needs to grow and farrow big litters with lots of milk for all.

Purina Baby Pig Chew and Pig Starters, Purina's "Fast-Start" Twins, help you wean big pigs.

Purina Hog Chew and grain crowds 'em to market early when markets are usually best. Thousands of Purina Plan feeders report hogs weighing 200-225 lbs. at only 5-5½ months.

Come see us. Let us tell you more about Purina's easy-to-follow Profit Plan for raising hogs. Make it soon!

Moore-Williams Vows Read In Candlelight Home Ceremony

Miss Bonnie Moore, daughter of Mr. and Mrs. Jess Moore, became the bride of W. L. Williams, Jr., son of Mr. and Mrs. W. L. Williams, Sr., all of Wheeler, in a double-ring service read, by Rev. M. B. Smith in the home of the bride's parents.

The candle light service was read Saturday, October 1, at 4 p.m.

Given in marriage by her father, the bride was attired in a white satin ballerina length dress fashioned with a full nylon net skirt with applied satin flowers. The bodice formed a pointed waist line in front and the nylon net yoke was trimmed with white satin applied flowers. She carried a colonial bouquet centered with a white orchid.

Mrs. Dick Pendleton attended her sister as matron of honor. Mrs. Pendleton wore a blue crepe dress trimmed with nylon net and rhinestones. She carried a bouquet of pink rose buds.

Dick Pendleton served as best man.

Eileen Moore, sister of the bride, lighted the candles.

Mrs. Moore, mother of the bride, wore a two piece mauve dress and a white carnation corsage.

Mrs. Williams, mother of the bridegroom, was attired in a gray dress accented by a pink necktie scarf and a pink carnation corsage.

Mrs. Harold Loyd Lee played the traditional wedding march and soft music during the reception which followed the ceremony.

Mrs. A. E. Brown served the wedding cake and Mrs. Marion Moore poured the punch.

The newly weds left immediately after the reception for Borger where he is employed at Phillips. They are at home at 119 E. Adams.

C of C Notes

By DICK GUYNES, Sec.

Every member of the C of C, and any guests that may be invited by any member, should attend the monthly meeting and luncheon of the Chamber of Commerce at Nora's Cafe, Tuesday night October 11th.

The program will be in charge of the personell of the Conservation Service, and it will be a good one, you can see concrete evidence of the results of conservation practices, which is of vital interest. Everyone whether a clerk, office worker, farmer, rancher or business man.

Farming, and Ranching and related interests, are the backbone, the very essentials of our economy and it behooves everyone to support the program to the fullest of their ability.

Won't you come out, and encourage the men who are doing so much to improve, our way of life.

The Methodist Home Choir of Waco, Texas, returned to the airwaves at 8:15 a.m. Sunday, October 2, and will be a weekly feature until Christmas. This year's series, "Bless This House," will mark the advent of an entirely new programming technique for the choir. The boy and girl vocalists will sing old time favorites, folk songs and hit tunes, as well as their customary hymns and religious songs. By adapting this newer, wider approach in the selection of songs, the choir plans to bring more all around musical entertainment and enjoyment to their listeners. For the first time this year the choir will be producing their weekly presentation from their new radio studio on the campus. The choir, currently under the direction of Henry McDowell, has been broadcasting for seven seasons. Their new 15-minute series will be heard each Sunday morning at 8:15, beginning October 2 and continuing until Christmas, over many of your favorite radio stations.

KIWANIS NOTES
 By Dr. C. C. Merritt

Everything was alright Monday at luncheon. George was alright. Thurman was alright. Albert was alright. And so was Frank and Tom. And Percy. And all the rest of them were alright — all but me. I was sore — no program. I think, under the circumstances, the gravy was alright. But really it was a top-notch lunch. Thanks to you ladies for what I think was one of the finest.

From where I sit... by Joe Marsh
 Shades of Tom Sawyer!

Hack Willis had just stopped the tractor so he could cool off at the pump, when a young insurance salesman came up the drive. Hack was tired of plowing, and needed insurance on his new hummer. But he also needed to get that winter rye in fast. The salesman, an eager kid, noticed hesitation. "I come from a farm," he said. "Why don't you look at these booklets—get all the dope—and I'll take that plow a couple of rounds for you."

Young fellow laid off a pretty straight furrow, too. It was almost dark before Hack—sitting in the shade—was able to decide just what kind of policy to get. From where I sit, to be a good salesman—or a good citizen—it always helps to "put yourself in the other man's place." He may have a different sort of job with different problems... he may prefer to close a deal over, say, a friendly glass of beer while you might prefer something else. But both of you can co-operate if you make it a "policy" to try.

The Right Oil for Right Now is Right Here

Be Smarter-Wise! Change to **TROP-ARTIC** ALL-WEATHER MOTOR OIL

- ✓ EASIER STARTING
- ✓ UP TO 45% LESS OIL CONSUMPTION
- ✓ 40% LESS ENGINE WEAR
- ✓ LONGER GASOLINE MILEAGE

At this time of year your motor may be quite cold when you start it, but moments later burning gasoline creates high engine heat. It takes a special kind of motor oil to protect your engine at such opposite extremes.

TROP-ARTIC All-Weather Motor Oil gives this full range protection. It's a winter and summer oil in one. It resists thickening when it's cold... resists thinning when it's hot. It lets you start easily, always... and compared to older types of oils it can even double engine life!

PHILLIPS PETROLEUM COMPANY

IT'S GUARANTEED! Change to TROP-ARTIC All-Weather Motor Oil and use it for ten days or up to 1,000 miles. If you aren't completely satisfied that TROP-ARTIC lives up to all the claims made for it, go to any Phillips 66 Dealer and he will drain and refill your crankcase with any other available oil you prefer. That's how sure we are that you'll be delighted with the performance you get from TROP-ARTIC All-Weather Motor Oil. We guarantee it!

IT'S PERFORMANCE THAT COUNTS!

The Boy Scouts need your help. They want you to contribute in the Scout campaign for funds so that every boy, 8 to 18, can join the Scouts and participate fully in their activities.

You'll never invest a better dollar: your contribution to the Scouts today is an investment in tomorrow's better Texas. Give to the Scouts — as generously as you can.

Building tomorrow's better Texas

The Boy Scouts develop boys morally, mentally, and physically. Scouts learn the manly virtues: patriotism, respect for religion, truth, honor, courtesy, helpfulness.

Scouting cultivates the love of freedom, the spirit of enterprise, and the pride of individual accomplishment that America stands for.

Today's Scouts will surely build tomorrow's better Texas.

FARM PROGRAM
As most people familiar with

farm problems realize, the dilemma presently faced by the farmer is not a new experience. The tragedy lies in the fact that the basic problem has caused trouble in this country since the 17th century. The great difficulty has always found its source in the fact that the farmer's products have been forced to compete on

the world market while the products which he needs to operate his farm were purchased by him from a protected, domestic market. In other words, he has been placed in a position of having to "sell low and buy high". This is the exact reverse of the age old success theory to "buy low and sell high."

There has always been a great deal of talk about getting this situation straightened out. But, like Mark Twain's remark about the weather, everyone talked about it but no one did anything. That is, until the present farm programs were brought into play during the depression years of the 1930's. It was through these programs that the income of the American farmer was brought up to where it approached a fair share of the national income. However, the continual sniping at these programs has finally resulted in a situation where the farmer again finds himself sliding backwards, in so far as his income is concerned. History has shown us that every time the farm income was allowed to drop and continued on a downward trend, it resulted in an over-all economic depression. The present decline in the present farm income must be stopped. If we have another depression in this country, it will be a man-made depression, because we have the know-how to avoid it. To allow it to happen would be inexcusable.

To those who continually preach against the farm program, and who seem to get great pleasure out of calling them farm subsidies, let me say this. The farmers build countries. They do not bankrupt them. Any statement to the effect that the farm programs of this nation are bankrupting the nation, just do not coincide with the facts. The truth is that the losses in some portions of the farm program, which were being tested on a trial and error method, do not amount to a thimbleful when compared with the vast subsidies that have gone to industry in this country for years before the farmer was thought of, nor to the vast sums of money that have been sent overseas as gifts and grants to many who had sought to destroy our government and our nation.

The advance of civilization has always required changes in laws and in programs under which people have lived. New problems are created by new discoveries and new advances in many fields. But it must be remembered that none of these problems, especially the farm problems, can be settled by destroying the American farmer, or whatever segment of our population might be affected by a particular problem.

Of course, there are many solutions offered to these problems, and they should all be carefully weighed because some suggestion in each of them might be an essential ingredient in the final successful recipe.

As of September 27, the public debt of this nation was \$277,425,541,342.05. I am of the opinion that this debt is too high. I felt that it was too high when it was approximately 275 billion dollars. I felt that it was too high when it was approximately 275 billions of

REDDY'S Farm Report
FROM THE AGRICULTURAL DEVELOPMENT DEPARTMENT
SOUTHWESTERN PUBLIC SERVICE COMPANY

It's Christmas in September as Mrs. Oscar Detten puts ginger bread men in her freezer to use for Christmas treats, while Marilyn Detten, age 9 and Billy Detten, age 11, prepare to eat some samples.

It's a smart woman who, early in the fall, if not before—prepares and freezes traditional foods, novel snacks and special treats that will help make her holiday season a more comfortable and leisurely time of year.

Realizing what a great time saver the freezer can be, Mrs. Oscar Detten, who lives on her farm seven miles northeast of Amarillo, prepares and freezes most of the food for her Thanksgiving and Christmas dinners in September. She already has her pies, breads, cakes, vegetables and turkey in her freezer awaiting the busy days ahead.

Dressing, or stuffing for poultry, should not be made until you are ready to roast the bird, however. Coffee cakes and cinnamon rolls from the freezer make for more festive breakfasts and most welcome Christmas gifts.

"You can hardly think of Christmas candies without including Christmas cookies in the same

thought—so," says Mrs. Detten, "while you're in the mood, freeze some of both. Save some of the gingerbread men and fancy cookies to decorate the Christmas tree. Make up some strings of cranberries for the same purpose and freeze them too."

A supply of hamburger patties and buns stored in the freezer will be another welcome answer to the cry of hungry holiday guests.

Mrs. Detten knows the importance of proper packaging of foods for her freezer. She carefully packages foods in moisture-vapor-proof material so that they will be just as good when she takes them out as they were the day she put them into her freezer.

If you'll try some of the ideas given here, you'll have an easier and more enjoyable holiday season.

"You can't really know the continuous satisfaction that a food freezer gives until you've owned one!" says Mrs. Detten.

dollars. I have consistently voted against increasing the authorization to go further into debt, because I have felt that there was not enough difference between the national income and the national debt. Under the free enterprise system of government, there will always be a public debt because we operate on a debtor creditor relationship in all of our activities and especially in the fields of government operation. And, as long as we have an expanding economy, we can expect a public debt to be related to the national income. However, I have always felt that the national debt should be far enough below the national income to avoid any chaotic conditions should the national income unexpectedly drop.

It was recently pointed out by one of the high officials of this country that Russia did not have any public debt. One of the metropolitan newspapers immediately replied in an editorial that the reason Russia did not have a debt was because everything in that country was owned by the state. Should there be a public debt it could be wiped out by an order of the ruling committee. It also pointed out that this same committee by the same type of order could also confiscate all savings accounts of individuals should any

exist. In other words, in Russia, everyone owes the government and the government owes no one. As gib as our national debt is, I prefer our system.

The safer car wins... and Chevrolet's the winning car

Every checkered flag signals a Chevrolet victory in official 1955 stock car competition—not only against its own field but against many American and foreign high-priced cars, too!

Let's translate these victories into your kind of driving. You've got to have faster acceleration to win on the tracks. And that means safer passing on the highways. You've got to have better springs and suspension. For you: safer and happier motoring. You've got to have big, fast-acting brakes and easy, accurate steering. More things that make your driving safer! Come in and drive a Chevrolet yourself.
