THE COUNTY SEAT NEWSPAPER

WHEELER TO HAVE CIRCUS

Tom McLaughlin advance representative of the all new Tex Carson Wild Animal Circus was a caller in the Times office the past week and announced the coming of the first circus to Wheeler in 5 years, the date having been set for Saturday, September 22, with two performances scheduled at 2:30 and 8 p.m. on the new Rodeo grounds under auspices of the Wheeler County Riding and Roping Club.

This will be the first trip through this section of the state for the Carson show. Presenting a fast moving program of twenty feature circus acts, in addition to Ed Wiedamans famous performing baby elephants, who have appeared on more television programs than any other elephant act in the business; also Jumbo the 3rd, said to be the largest.

(Continued On Last Page)

SCOUT FINANCE DRIVE IS SET

The annual Boy Scout finance drive is scheduled to start October 9 with the Sustaining Membership campaign set for September 27 to October 2, according to Wheeler representatives who attended a recent Finance Roundtable.

Thurman Rives, Grainger McIlhany, George Taylor and George Gandy, represented the Wheeler Scouting units at the session.

Wheeler county is now a member of the Comanche District for operational purposes, along with Collingsworth, Hall and Donley counties. This is the district served by Scout Executive Bill Eller who recently moved his headquarters from Shamrock to Wellington to be nearer the geographical center of his district.

Details of the finance drive will be announced later.

SHAMROCK FAIR TO OPEN THURS.

Community products should be in place by 10 a.m., Thursday, officials of the State-Line Free Fair said on the eve of the opening of the Ninth Annual event at Shamrock, September 12 and continuing through September 15.

Other exhibits and entries which must be entered Thursday morning are: swine by 9 a.m. and arts and crafts by 12 noon. Swine will be judged at 10 a.m., arts and crafts at 1:30 p.m., and community products at 4:30 p.m.

There will be a terrapin derby in front of Community Building at 3 p.m., and there will be bingo, rides and other entertainment.

Scheduled for Friday is the dairy show, with cattle to be in place by 9 a.m., and judging to start at 10 a.m.

Beef cattle should be in position by 9 a.m., Saturday and remain until 4 p.m.

Booths and exhibits will be open to the public Thursday through Saturday.

Chamber Of Commerce To Meet Tues. Night

The regular monthly meeting of the Wheeler Chamber of Commerce will be held at Nora's Cafe on Tuesday night, September 18. Do not forget the date and make a special effort to attend. Sec'y. Dick Guynes urged this week in announcing the meeting.

Program Chairman Wayne Edwards said Rev. P. E. Yarborough would bring the program at this meeting. He always brings programs with meat in them so if you miss this meeting you will miss a good program, Wayne said.

Mr. and Mrs. Everett Goad and Nelda Kay of Pampa and Mr. and Mrs. Wendell Fuchs and Randy of Borger visited in Wheeler Saturday evening.

Wanda Sue Waters, who is a student at Draughts Business College in Amarillo, spent the week end home with her parents, Mr. and Mrs. Fred Waters.

Mr. and Mrs. Tom Osborn of Claude spent the week end with Carl Laffin. Mrs. Laffin and Mrs. Osborn are sisters.

Mrs. C. M. Hockett of Morgan City, La., is visiting her mother, brother, and sisters this week.

Wheeler County ASC Announces Mail Election

Members of the community election board of the Wheeler County ASC have selected 10 farmers from each of the five communities as candidates for community committeemen to 1957. Albert Marshall office manager of ASC, announced this week.

Ballots have been mailed all farmers and ranchers and must be returned to the county office by September 20 to be counted.

Five men will be elected as committeemen by each community and the person in each community who receives the highest number of votes will be declared chairman of his community committee and as such will serve as a delegate to the county convention to be held between September 20 and October 1 to elect the 3-member county committee.

In announcing the 10 men named as candidates in each community by the nominating committee, Marshall pointed out that the

MUSTANGS LOSE TO WILDCATS

The Wheeler Mustangs dropped their first game of the season to the Class A Canadian Wildcats. After taking the lead in the scoring during the first quarter the Mustangs trailed by 19-12 as the game closed.

Bill McCormick looked good at the tackle spot breaking through to nail the Wildcats in the second quarter after time. Jim Porter was the star of the game from the Wheeler standpoint. With the aid of the entire team he broke loose for at least one 66-yard jaunt to pay dirt.

Porter and Jaco moved like a streamlined train across the gridiron with Jaco bulging over from the 8-yard line to terminate another sustained drive and Wheeler's first TD.

Canadian got going late in the second quarter and Garner Schoenhalz scooted over to close an 80-yard drive. Just before reaching the endzone, however, he fumbled the ball. It rolled free and Ronnie Webb fell on it in the end zone for the counter.

In the second half the Wildcats seemed to have it about as they wished on the field. They pushed the Mustangs around and held them scoreless while at the same time running up two TD's. The first after a 70 yard drive by fullback Johnny Grist and Dennis.

(Continued on last page)

CALL MEETING ON SOIL BANK

Two public meetings will be held in Wheeler county next week for the purpose of discussing the Soil Bank program. Albert Marshall, ASC office manager, announced Tuesday.

First of the meetings will be held at Clark Auditorium in Shamrock at 8 p.m., Monday, September 17, and the second one will be held in the district courtroom at Wheeler at 8 p.m., Tuesday September 18.

ASC Manager Marshall will be in charge of the meetings and will try to answer all questions.

Discussion of conservation reserve (permanent grass) will be included.

Rainbow Assembly Instituted Here

The Wheeler Masonic Lodge and the Wheeler Order of Eastern Star sponsored the institution of the Wheeler Assembly of the Order of Rainbow for Girls. The assembly was instituted last Saturday night after a delicious salad supper served at the Masonic Hall at 5:30 p.m.

After the supper the order was instituted by Mrs. Marie Whitfield, Supreme Inspector of the Texas Assembly of the Order of Rainbow for Girls of Dallas. Serving as her instituting officers were: Marshal, Marijo Williams, Grand Worthy Advisor of Texas Assembly of the Order of Rainbow Girls, Irving; Chaplain, Peggy Greer; Dumas, Grand Representative from the Oklahoma Grand Assembly to the Texas Grand Assembly of the Order of Rainbow for Girls; Recorder, Joanna Davison, Dumas; Musician, Aubrey, Ochs, Dumas.

The officers were installed by Installing Officer, Mrs. Ruby Mir-

BULLETIN

The following telegram was received by the Times Office at press time:

Drought disaster programs today extended to December 31, 1956.

Signed
Walter Rogers
Washington, D. C.

KEEP RECORDS FOR INCOME TAX DEDUCTION

If you expect to claim itemized deductions for contributions, taxes, interest, medical expense, etc. on your 1956 income tax return, then you had better keep a daily record of the exact amount paid, according to W. C. Bowen, Administrative Officer of the Internal Revenue Service in Pampa, Texas.

"The reason for this is clear," Mr. Bowen said, "since the taxpayer must be able to substantiate in full each deduction claimed if his return is selected for audit."

"The record need not be complicated," Mr. Bowen explained. "A simple pocket diary or check calendar pad is sufficient to list deductible expenses. This record, supported by receipts, is worth many times the cost of keeping it. Ordinary records should not be destroyed for at least three years after you file your return, since all income tax returns are subject to examination," Mr. Bowen cautioned.

BRISCOE HIGH ENROLLMENT UP

Briscoe High School had a gain of four students this year while total school enrollment showed a drop of 8 from last year, according to Supt. Dalton Vaughan who has started his fourth year at Briscoe.

High school enrollment this year is 49 compared with 45 last year while grade school enrollment is 31 this year compared with 93 last year, making the total starting enrollment 130 this year compared with 138 for the previous year.

Supt. Vaughan announced the following new teachers at Briscoe: Mrs. Vera Moore of Sayre who has had several years experience has 7th and 8th; W. F. Howard who has taught at Quail for six years, has commercial subjects; Everett Dollar who taught three years at Carey, Tex., will coach and teach history; Jimmie Haston of Plainview, graduate of Texas Tech, will teach vocational ag; Mrs. Dave Kiker who formerly taught at Briscoe and Allison but who has not taught for several years, will have homemaking; George Weems who has taught at Briscoe and Allison will teach English; Mrs. Joe Rogers will be school nurse.

Teachers who have returned from last year are: Supt. Vaughan; Mrs. Vaughan who has started her second year, will teach 5th and 6th; Mrs. L. B. Hill has begun her third year and will have 1st and 2nd; Mrs. C. C. Crowder has begun her third year and will have 3rd and 4th grades; and Stanley Mohr will have school band for the second year.

Dane Page of Hedley is the new custodian, and Mrs. Dane Page and Mrs. B. F. Meadows are new cooks in the cafeteria.

Services Pending For R. G. Guest

R. G. Guest, brother of Mrs. Nora Watson, passed away at Fort Supply, Okla., Tuesday night. Virgil Jamison and C. B. Kirk went to Fort Supply Wednesday to return the body to Wheeler. Funeral services are pending with Kirk Funeral Home making the arrangements.

Mr. and Mrs. Harry Wofford and Mr. and Mrs. Harold Sivage, County and District Clerks, respectively, attended the County and Districts Clerk convention, Thursday, Friday and Saturday in Sherman at the Grayson Hotel. There were about 150 clerks in attendance. Mrs. Harold Sivage was elected to serve on the nominating committee, composed of Albert W. Griffin, of Muleshoe, S. P. Starrett, of Crosbyton, Jim D. Browder of Coldsprings and Mrs. Harold Sivage, Mr. and Mrs. Sivage and Mrs. Wofford returned home on Sunday, and Mr. Wofford went on to Fort Worth to attend the State Democratic Convention.

MUSTANGS PLAY MCLEAN TIGERS FRIDAY NIGHT

Coach J. D. Atwell said this week that the Wheeler Mustangs were invading the McLean Tiger stronghold stinging from the defeat handed them by the Canadian Wildcats.

"The tigers, class A team, defeated the Shamrock Irishmen last Friday night by a score of 25 to 6. They seem to be pretty salty," Coach Atwell said.

The Mustangs sustained no injuries in last weeks game and are all ready to go the coach stated. "The starting lineup will be about the same as last week," he said. List minute changes may be made or the toss might change the starters.

So far as can be learned the Tigers are uninjured and will be out to ride the Mustangs again this year. Let's go to McLean and help the Mustangs skin the Tigers. Game time will be at 8 p.m. at McLean.

POSE GRABS 3 ESCAPEES

Three escapees from the Sheppard Air Force Base stockade were apprehended southwest of Lela Saturday by the Wheeler County Sheriff Posse and the McLean Riding Club.

Logan Clay saw the fugitives in a shelter belt and upon investigation was told that they were tired and wanted to sleep. He told them to go ahead and rest. Then becoming suspicious called the officers. Deputy Luke Henley radioed Sheriff Bus Dorman and Deputy John Topper who converged on the scene as the trio broke and ran.

After following the three Air Force men afoot they decided it was a useless task and Dorman called out the posse. He also radioed Deputy Sheriff Jimmy Shelton of McLean for help and he rounded up members of the McLean Riding club who aided in the search.

The three men were lodged in the Wheeler County jail to await SFAB authorities. The search lasted about an hour before the men were found hiding in a shinnery patch about 2 1/2 miles southwest of Lela.

ARGANBRIGHT HAS RESIGNED

Narville Arganbright who has been employed by Wheeler County Produce Association almost since its organization and who has headed the co-operative since August, 1940, announced this week he was resigning to enter the poultry business for himself.

He said he plans to operate a chicken farm and will continue to reside in Wheeler.

Thurston Young who has resided in the Wheeler vicinity since 1936 and has been associated with various local businesses since 1947, will succeed Arganbright as manager.

Arganbright went to work for the association as a clerk in August 1939; just four months after the cooperative was organized. He was made manager in August, 1940, and has continued in that capacity for 16 years.

"I feel the association has been very successful and I give full credit for that to the patrons," he said. "I only hope the same consideration and cooperation that has been mine will be extended to Thurston."

General policies of the association will remain the same.

Wheeler people who attended the Johnson reunion Sunday in Amarillo included Edna Wright, the Hiram Whiteners, the Arthur Whiteners, Mrs. Buddy Vanpool and children, and Nancy Whitener.

Those enjoying a get-together in the A. C. Mitchell home recently included Mrs. Charley Carter and Mrs. Icy Littrell of Wheeler; Mr. and Mrs. Earl Mitchell of Shamrock; Mr. and Mrs. Percy Rowe of Pampa, Mr. and Mrs. Burl Chesher and children and Mrs. Donald Dickerson and children of Amarillo.

Pete Burton and A. O. Vanpool were in New Orleans this week previewing the '57 Fords.

JACK DABERRY KILLED SUNDAY 5 OTHERS HURT

Funeral services were held at the Kelton Baptist Church Tuesday afternoon for Jack Danner Daberry, 17-year-old son of Mr. and Mrs. John S. Daberry of Kelton, who was killed in an accident near Twitty Sunday afternoon in which five other teenagers were injured, some of them critically.

Rev. A. G. Roberts, Kelton Baptist pastor, officiated at the rites, assisted by Rev. William Lewis, pastor of the Adrian Baptist Church. Burial was in the Shamrock Cemetery with Clay Funeral Home in charge.

The wreck in which young Daberry was killed occurred two miles west of Twitty on a farm-to-market road at 3:55 p.m. Sunday when Daberry lost control of his 1955 Chevrolet pickup. All six were riding in the cab of the pickup when it overturned.

Injured in the crash were: George Gene Harris, 15, son of Mr. and Mrs. Fred Harris of Kelton; Mickey, 15 and Jackie Reeves, 14, daughters of Mr. and Mrs. Amos Reeves of Twitty; Wayne Sanders of Texola, and Donna Gayle Marshall, who lives with her grandparents, Mr. and Mrs. L. R. Allen of Shamrock.

The condition of some of the injured was considered critical.

Jack Danner Daberry was a year born December 2, 1938, and senior in Kelton high school. He had lived in Wheeler county all of his life. He was a member of the Kelton Baptist church.

Survivors are his parents, a sister, Norma Jean, 14, and a grandfather, F. D. Brown of Borger.

WE ARE IN THE DANGER ZONE

Because we do not live in one of the nation's recognized "critical target areas" many local residents have assumed that we do not have a pressing need for a strong civil defense organization.

Actually this is a misconception, shared by many other localities and rural communities — a misconception which the Federal Civil Defense Administration hopes will be cleared away with the national observance of Civil Defense Week, September 9-16.

Proof that no locality in the United States is outside a potential danger zone came with the evaluation of the U. S. hydrogen bomb test explosion at Bikini, in March, 1954. That test showed that an area extending 220 miles downwind and varying in width up to 40 miles was contaminated by radioactive fallout in dangerous concentrations. There was sufficient radioactivity in a downwind belt 140 miles in length and varying in width up to 20 miles to have threatened seriously the lives of nearly all persons in the area who did not take protective measures.

Civil defense officials see the probability that an actual enemy nuclear attack could leave hundreds of thousands of square miles contaminated.

Thus, all of us are in the danger zone—whether we live in a city, a small town, or on a farm. If an enemy should attack our military bases and our big industrial centers, radioactive fallout could endanger every family in this community.

Thus, it is clear that we need civil defense just as badly as our city cousins. Only through civil defense, can we obtain information and instruction as to how to face the threat of nuclear warfare, and how to insure the survival of our families.

If attack comes, we'll need civil defense's warning system, civil defense instructions and information, and civil defense help in a dozen other ways.

Will our civil defense be strong enough, well-enough trained, and well-equipped to prevent widespread disaster in our community? The answer is squarely up to us. Civil defense can only be as strong as we, as individuals, are ready to make it.

If we stand back, waiting for others to do the job, we cannot have a civil defense as efficient as it should be.

The Wheeler Co. Riding Club was well represented on a cross country ride Tuesday evening. They left about 6:30 and returned to town about 8:30, a spokesman said.

MRS. ADAMS IS LIBRARY HEAD

Mrs. Carroll Adams was elected president of the Friends of Texas Library at a meeting of the Wheeler group held in Methodist Fellowship Hall recently.

Mrs. H. M. Wiley was elected vice president and Mrs. Hugh Grider secretary-treasurer.

Following a discussion of plans for financing the library, it was decided to ask the president of each of the 11 sponsoring organizations to appoint a representative to a finance planning board. It was explained an important function of Friends of Texas Library groups is to provide finances for operating and expanding library facilities.

Noting the library has enjoyed splendid support and cooperation from sponsoring organizations in the past, officers expressed hope

the support would be forthcoming for another year. A letter will be sent each sponsoring organization setting out progress and usage of the library.

Officers also call on the public to support the local library by using it. There are at present 300 book cards in circulation and those in charge would be happy to issue that many more. There is a fine selection of fiction, non-fiction and reference books for adults and children.

"Take advantage of the opportunity for pleasure and knowledge that your local library offers you," said a spokesman for the local group.

'GUYS AND DOLLS' AT TEXAS SUN.

Samuel Goldwyn's multi-million dollar film version of the smash Broadway musical, "Guys and Dolls," opens Sunday at the Texas Theatre as the cinematic event of the year.

Filmed in Cinemascope and color, the picture stars Marlon Brando, Jean Simmons, Frank Sinatra and Vivian Blaine, with a large group of supporting players headed by Robert Keith, Stubby Kaye, B. S. Pully and Johnny Silver, plus the famed Goldwyn Girls.

"Guys and Dolls" was written for the screen and directed by four-time Academy Award-winner Joseph L. Mankiewicz. Its plot is based up on a story by Damon Runyon, with a liberal sprinkling of the hard-boiled, soft-hearted characters that made up Runyon's fabulous universe.

Like the stage play, which ran on Broadway four days over three years, the picture's story boils down to two romances, one between the high-rolling gambler, Sky Masterson (Marlon Brando) and Sarah Brown (Jean Simmons), the young lady in charge of the Broadway branch of the Save-a-Soul mission; and the other between Nathan Detroit (Frank Sinatra), proprietor of the oldest established floating crap game, & the brassy blonde, Miss Adelaide (Vivian Blaine) who heads the floor show in a joint called the Hot Box.

Nathan, who needs \$1,000 to rent a suitable site for his floating crap game (so called because it moves from place to place so the police can't stop it), makes a bet for that amount with Sky, who

BENEFITS OF GOOD BREAKFASTS

gambles on his ability to persuade the mission girl to accompany him to Havana. He succeeds, but, yielding to a soft impulse brought on by love, gallantly denies that he did. This gesture puts him in a new light with Sarah, and every-

thing works out satisfactorily, with both couples being married at high noon in Times Square.

The songs in "Guys and Dolls" were written by Frank Loesser, the composer of the original show, and the big news, of course, is that

audiences will hear Marlon Brando's singing voice for the first time. He has a solo in the dramatic "Luck Be a Lady," and in addition does three duets with Jean Simmons, "If I Were a Bell," "A Woman in Love" and "I'll Know."

Sinatra also has a role, "Adelaide," and also sings "Sue Me" with Vivian Blaine, and "The Oldest Established" and "Guys and Dolls" with Stubby Kaye, Johnny

Silver and a chorus.

Vivian Blaine, who starred in the original Broadway production, brings her rousing voice to such songs as "Take Back Your Mink," "Adelaide's Lament" and "Pet Me, Poppa," a new number especially written for the picture. Other musical numbers include the "Crap Game Dance," "Fugue for Tin Horns," "Follow the Fold" and "Sit Down, You're Rockin' the

Boat." Michael Kidd, who designed the original musical production, designed the production design for the picture. The production designer is Michael Sharaff.

Altogether, the picture "Guys and Dolls" came to \$10 million dollars, and the screen rights, being distributed by

Notice To Farmers--Ranchers

We are in position to accept your ASC purchase orders for Grain Feeds. We can take your order for any type or form of feeds prescribed by ASC. Come in and let us figure with you on your needs. We will make every possible effort to take care of you. Our prices will be in line with local prices.

Cliff Weatherly-Feeds

South Side Square Wheeler, Texas

WHEELER CO. PRODUCE ASSN. CHECKERBOARD NEWS
By Thurston Young

DROUGHT EMERGENCY MIXED FEEDS

Yes, Farmers and Ranchers, we have these drought emergency feeds on hand and they are mixed feeds that have the approval of the Government.

Our 75 per cent grain cube and 60 per cent grain cube are both fortified with vitamin A. Yes! Vitamin A is sure one thing you should feed this year for that mother cow can't have much vitamin A in her as dry as the pastures have been this summer and she sure needs vitamin A for reproduction.

Our Dairy drought feed is a 75 per cent grain mix having 16 per cent protein which will do you a fine job of producing milk.

Before you buy your drought feed come in and look our feed over. We are sure you will like the feed and the price is right.

important. So, be sure your pigs get the "Fast-Start" Twins... Baby Pig Chow and Pig Startena by Purina. Ask for details about these fine products and how they'll help cut production costs.

KILLS LICE FAST

Lice and mites can cost you money just as surely as CRD, Coccidiosis and other diseases. But it costs only pennies to paint roost with Purina Poultry Insecticide to control lice, red mites, flies, fowl ticks, mosquitoes, bedbugs, fleas and chiggers. Get it today!

BABY PIGS NEED HELP AT FARROWING TIME

An hour or two spent with the sow when she farrows can mean important extra dollars to you at market time, especially at a time when the hog prices are not all we'd like them to be.

Here are some money-making tips:

- (1) We assure both the sow and her quarters were thoroughly disinfected well before farrowing began. Purina Disinfectant makes an excellent solution.
- (2) Take each pig away as it comes and put it into a box or basket warmed a little with a heat lamp or other means.
- (3) Clip pigs, needle teeth. Use a pair of electrical wire clippers. Apply iodine to area to disinfect.
- (4) Be sure to paint navel stub with iodine to prevent germs from entering pig's body through opening.
- (5) After the litter is born and the sow settled, give the pigs to her to nurse.
- (6) If the weather is cold, hang a heat lamp over the pen. Use wire... don't hang by cord.
- (7) Creep feed Purina Baby Pig Chow by the time pigs are 7 days old, even sooner if sow is a poor milk. You need only one 50-lb. bag per litter.

229 DAIRYMEN EARNS \$3.32 EXTRA PROFIT PER COW

Last fall's 30-day Bulky-Las tests resulted in \$3.32 EXTRA profit over feed cost per cow for 229 dairymen in all sections of the country.

Quite convincing proof, we say, of the fact that Purina Bulky-Las does help produce cow condition resulting in extra milk production.

Whether you top feed or mix with grain, Bulky-Las is a good investment because it brings good returns in cow condition and extra milk. Check with us for the names of local Bulky-Las feeders. Check their records. Then order some and see for yourself what Bulky-Las can do on your farm.

Relationship Of Pig Weaning Weight to Market Weight

Weaning weight	Market weight
25-30 lb.	188.4 lb.
30-40 lb.	203.6 lb.
40-50 lb.	219.5 lb.

These figures are the result of years of careful study at the Purina Research Farm. They show convincingly that early gains are the cheapest gains yet the most

24 inches from the base of the plant. This requires some effort but there is nothing more rewarding than a good fall crop of red vine-ripened tomatoes or crisp, sweet green peppers.

Cabbage, broccoli and cauliflower should be planted into the garden as transplants. A starter solution made by mixing one cup commercial such as 5-10-5 to 5 gallons of water may be applied at the rate of 1 pint per plant at time of transplanting.

INSPECTION PERIOD SET

The Texas Public Safety Commission has set September 15, 1956 to April 15, 1957, as the period during which automobiles and other motor vehicles must be inspected under provisions of the State's Motor Vehicle Inspection law.

Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, said in announcing the Commission's action that motorists should avail themselves of the opportunity to have their autos inspected as soon after September 15 as possible in order to avoid the inconvenience and delay which is usually associated with the end of the seven-month period by the "log jam" of car owners who wait until just before the deadline to have their vehicles safety checked.

George W. Busby, Chief of the DPS Motor Vehicle Inspection Division, stated that the more than 4,200 licensed inspection stations in the State would have sufficient supplies of stickers on hand by the starting date and would be equipped to check vehicles without delay.

"BARGAIN PRICES TO ALL"

- Will reduce surpluses by reduced production
- Will increase farm income
- Will protect land for future use

The National Soil Bank program will help reduce price-depressing surpluses of wheat, corn, cotton, peanuts, rice and tobacco without placing all of the burden on the farmer, the U. S. Department of Agriculture says in announcing the 1957 Soil Bank program. Surpluses of these six "basic" crops have continued to pile up despite production controls and intensive marketing programs here and abroad. The 1957 Acreage Reserve encourages farmers to cut production below their acreage allotments and earn bases, with payments for acreage reduction to help maintain or improve net farm income. Under the Conservation Reserve, farmers receive payments for land taken out of production and reserved for future use. Participation in the Soil Bank will not affect future establishment of State, county, or farm allotments. The Soil Bank supplements other farm programs. The County Agricultural Stabilization and Conservation Committee will assist farmers in planning their participation in the Soil Bank.

Wheeler County Soil Conservation District News

Some district cooperators who are confident that it is going to rain are dry seeding winter cover crops. E. A. Williams of Allison reports that he has already seeded rye on all his cropland. Rye will come nearer to holding than any other cover when moisture is short.

Earl Williams is working on some level borders for irrigation his place north of Mobeetie. He has found that it takes a lot of work to make a field water easily.

Soil Conservation Service personnel assisting the district ran some more terraces for J. L. Hefley on his place near Briscoe.

The district Supervisors made plans for election of a member of their board on October 2. Dusan Pakan is the member whose term expires this fall. He represents the southwest part of the district. Legal notices have been posted calling the election for 2:00 P. M. on the first Tuesday in October. The election will be held at the Pakan Community Building.

From the interest being shown, there will be a lot of land in the Soil Bank next year. All details are not available but the program is beginning to shape up.

NEWS County Home Demonstration Agent Texas A. & M. College Extension Service

Fall garden time is here, and it is time to start preparing for that home garden. Since the drought cut down considerably on the production of the spring home gardens, the fall garden will be high on the list of many of our families.

Fresh vegetables can be mighty tasty and nutritious this fall. You can have fresh vegetables and also

save some dollars by investing a few cents in seed and fertilizer, and applying a little knowhow and work.

The first thing to do is to start preparing the garden site. This includes clearing the weeds and trash, and spading or plowing the soil 4 to 5 inches deep. Try to get your garden in so that it will mature before frost. The vegetables which must be planted to mature before frost are Topcrop Bush Beans, or the Tendergreen, Early Profile Straightneck Squash, Tendergreen mustard, and Grand Rapids or Salad Bowl Leaf Lettuce. These will mature in from thirty to 55 days. The mustard and leaf lettuce are more cold tolerant than the others and can be planted within the next two weeks.

There are some other vegetables which will withstand light frost. They are Laxton's Progress or Little Marvel English Peas, Scarlet Globe Radishes, Shogoin or Purple Top Turnips, Glory of Enkhuisen or Early Round Dutch Cabbage, Detroit Dark Red Beets, Lucullus Swiss Chard, Red Core Chantenay Carrots. Those will withstand heavy frost are Bermuda or Sweet Spanish Onions, Bloomsdale Savoy Spinach, and Louisiana Sweet Col-lards.

Don't plow-up the tomato, pepper, or Okra plants that are left from the Spring garden. It is too late to replant any of these vegetables, so they should not be destroyed. The tomato plants should be pruned back leaving only the young, green sucker limbs that arise near the base of the plant. Usually it is sufficient to leave two or three of the most vigorous of these sprouts. The pepper and okra plants do not require pruning back. The ground around each plant should be hoed to remove weeds and grass and to break up any hard surface crusts. After the soil is worked up into a good friable condition, about a half teacup of a complete commercial fertilizer, such as 5-10-5, should be applied to each plant. This fertilizer should be worked into the soil in a wide bank around the plant. The soil should then be soaked to a depth of 12 inches to 18 inches. To get this depth of penetration the irrigation water must be applied at a slow rate. Each plant should be mulched with straw or grass clippings to a depth of 3 to 4 inches and extending out 18 to

S/SGT. And MRS. BILLY JONES

Miss Betty Gassert of Lebanon, Penn., became the bride of S/Sgt. Billy Jones in a ceremony read recently in the New Castle Air Base Chapel in Delaware by Chaplain Wilkens of Beaumont.

The bride is the daughter of Mrs. Cora Gassert and the groom's parents are Mr. and Mrs. W. G. Jones of Wheeler.

After a wedding trip to Canada, the New England States, and Atlantic City, the couple will make their home in New Castle, Del.

POINT OF NO RETURN!

More intently than ever the pilot now watches his dials, cocking a sensitive ear to the motors' rhythm. He has reached the point of no return. He dare not turn back.

Years of research by scores of scientists have perfected his plane. Hours upon hours have been spent in readying it for the journey. If something goes wrong now, the pilot will know instinctively what to do, because of his long years of training.

Like the pilot, you try to prepare for emergencies. You realize that without training beforehand, it is impossible to meet a crisis wisely and adequately.

The spiritual knowledge you'll need for these times can be found in the Church. Through its guidance you will learn to meet everyday problems with serenity, and emergencies with confidence.

Begin right now to strengthen your spiritual reserves of courage, faith, and hope. TODAY is your point of no return.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

HIWAY PATROL APPLICATION ACCEPTED NOW

Applications for appointment as Texas Highway Patrolmen will be accepted from the present time until October 15, according to an announcement by Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety.

Examinations for the men qualifying will be given state-wide during the latter part of October and those scoring the highest will enter the recruit training school next

January.

Garrison said that appointments will be made to fill the additional positions authorized by the last Texas Legislature and to fill existing vacancies caused by promotions and resignations.

Salary of patrolmen is \$315 monthly, plus longevity. They are also paid during training. Other benefits include annual leave and benefits of the State Retirement System and Federal Social Security.

General requirements for appointment to the State Highway Patrol include: 21 to 35 years of age, inclusive; minimum height of five feet, eight inches; weight in proportion to height; excellent physical condition; and high school education or equivalent.

In addition, applicants must be citizens of the United States and residents of Texas for at least a year immediately prior to filing of the application. They are also subject to a rigid character investigation.

Application blanks or further details may be obtained by writing to W. J. Elliott, Chief, Texas Highway Patrol, at Austin or by contacting the Captain in command of the nearest Patrol District.

Wheeler Key Club Holds First Meet

The first meeting of the Wheeler Key Club for the 1956-57 year held its first meeting at 2 o'clock p.m., Monday, September 10, 1956.

The regular meeting date was set for the first and third Monday of each month during fifth period. This motion was made by Garth Nash and seconded by Alvin Arganbright.

Next Monday, each Sophomore, Junior, and Senior boy in Wheeler High School will be invited to attend the meeting to encourage membership in the Key Club. The meeting will be planned by Pete Hyatt and Garth Nash.

The club boys plan to drag the football field to get all the grass-burns off of it. A committee of Garth Nash, Wallace Johnson, Pete Hyatt, and Alvin Arganbright will discuss this at the next meeting.

The eight members present were Pete Hyatt, president; Wallace Johnson, vice-president; Bruce Taylor, secretary; Dale Bowerman; Garth Nash, Hershel Hutchison, Milton Courtright; and the Lieutenant-Governor of Division VI, Alvin Arganbright.

Alvin Arganbright moved that the meeting be adjourned. Motion carried.

KIWANIS NOTES

By DICK PENDLETON

Frank Walker was the only guest at the regular Monday meeting of the Wheeler Kiwanis group at Fellowship Hall this week.

At set Friday, September 21 as the date of the next Inter-club. It is to be with the Berger club and Wheeler is to take the program. Make plans now to make the trip to Berger.

David came up with a good film on the discovery of America. It was a different presentation of the old story and was thoroughly enjoyed by all.

Another issue of Kiwanis Kwips appeared this week. Nice job C. J. It is something we all need and appreciate.

Kids day, September 22 was discussed at the Director's meeting last week and Carrol Killingsworth has a full schedule set up. The Circus Parade will only live up the remainder of the day. Don't forget the Kids Day Parade and Pet Show on Saturday, September 22, starting at 9:30 a.m.

Miss Patsy Ann Ramsey of North Texas Nurses home in Amarillo spent last week end with her parents, Mr. and Mrs. Bob Ramsey.

If you need furniture, see us. We sell or trade. Parsley's Furniture, Dial 4321. 14-tfc

Perhaps one of the most widely-held misconceptions about the Gonzales Warm Springs Foundation is that it is a center for the treatment of polio only.

This is not the case. The treatment program is designed, in the language of the doctors, for long-term care of neuro-muscular diseases and musculo-skeletal disorders.

While polio patients have been in the majority for some time, many victims of muscular dystrophy, cerebral palsy, multiple sclerosis, and even arthritis, have been treated. Also, we have many patients whose handicaps stem from falls, auto accidents, diving into shallow pools, and the like.

There will be more on admission procedures later.

I see by the papers that they're going to start training Texas teachers by television. People holding bachelors degrees but lacking the required courses in education may watch a series of 16 TV broadcasts, take a few tests, do a little reading on the side, and qualify for a teaching certificate.

While I have some small misgivings about this arrangement, I shall not stand in the way of progress — if that's what it is — but shall adopt a wait and see attitude toward the whole thing. I'll admit there are a few obvious advantages.

Almost all long-suffering students have suppressed the desire in a class-room at one time and another to say "Oh why don't you dry up, you pompous pedagogue" or make other appropriate comments about the lecture and the lecturer. This TV teaching, you can see,

opens up a whole new avenue for the elimination of such repressions and frustrations.

On the other hand, I can see some of the lecturers succumbing to the temptation to ham it up in the hope that some talent scout might happen to be tuned in. Considering what teachers are paid, even on the college level, I can assure you that a lot of them are looking for a better shake.

This development will probably be the final blow to the old-time disciplinarians who feel that modern education already gives the student too much freedom of movement and expression. Imagine no classroom restraint on gun-chewing, smoking, shoe-shedding, belching, and even snoring a little in the middle of the lecture! What a switch.

I can just hear some female re-counting to her friends in the manner of Marilyn Monroe, "Do you know something? I attended class yesterday with absolutely nothing on but the teevee"

Education, where is thy sting?

Mr. and Mrs. Loyd Lewis and little daughters spent the week end visiting his parents Mr. and Mrs. Finis Lewis in Shawnee, Okla.

Mr. and Mrs. Amos May and Mrs. B. Mann attended the Elk City Rodeo Labor day evening.

Mustangs Lose —

(Continued from page one)

Hill. The final TD was set up by a fumble recovered by the Cats on the 30-yard stripe. Striking with rapidity Dell Krehbel capped the march by plugging across from the 1-yard line.

The Mustangs seemed to be plagued by fumbles and showed the strain from their excellent performance in the first half of the hard-fought game. The Mustang Coaches have been working the boys hard this week and they are in better condition as they go into the second game of the season at McLean Friday night.

Howards Roller Rink will not open until Saturday, September 29.

Mr. and Mrs. W. E. Bowen made a business trip to Amarillo to visit their daughter who is in the hospital there.
