Texas 4-H'ers Eligible For Educational Award

Texas 4-H Club members will be eligible for two scholarship awards this fall provided by the Chicago, Rock Island and Pacific Railroad. The 1956 winners will be judged on the basis of all-around 4-H Club project achievement, and will each receive a \$100 college scholarship.

Texas is one of 11 states sharing in the \$1,500 special scholarship program provided by the railroad for 4-H'ers through the National Committee on Boys and Girls Club Work.

Selection of winners will be made by the State Extension Service.

FLOWER SHOW BIG SUCCESS

The Annual Flower Show staged by the North Wheeler County Garden Club was a huge success. Mrs. Cora Hyatt, president said this week. Mrs. J. W. Gooch, M. V. Cobb, and Dave Skidmore served as the judges for the show. Mrs. George Taylor was head of the Show Committee of the local club. Mrs. Taylor brought in some new angles this year which helped the show immeasurably.

The North Wheeler County Garden Club held the annual Flower Show at the school cafeteria Saturday, October 6th.

Most of the members and the visitors were surprised to see such a good show in spite of the adverse weather for the past few months.

Dahlias, Hybrid Tea roses and small mums were shown in various sizes and colors; the dried arrangements were varied and unique as well as beautiful.

Mrs. H. M. Wiley received the sweepstake ribbon on her arrangements in four different classes for each of which she received the blue ribbon.

The following received three blue ribbons each for their entries: some in the horticultural display, some in dried arrangements and one in the seasonal display. Mrs. Cora Hyatt, Mrs. Jesse Peyer, Mrs. George Taylor, Mrs. Marion (Spud) Moore and Rev. and Mrs. P. E. Yarborough.

Mrs. Charles Hubbard, Mrs. Jewel Moore and Mrs. Frank Walker were given two blue ribbons each for their entries. Mrs. Jim Montgomery, one for a very (Continued on last page)

HOMEMAKER OF TOMORROW TO BE SELECTED

The 1957 All-American Homemaker of Tomorrow, to be announced at a banquet at the Waldorf-Astoria Hotel in New York City, May 2, will again receive a \$5,000 scholarship to the college of her choice. She will be selected from among 48 state winners and the representative from the District of Columbia.

This year for the first time, girls who rank second, third and fourth in the national finals, which climax an educational tour of state winners to Washington, D. C. Colonial Williamsburg, Va., and New York City, will receive \$4,000, \$3,000 and \$2,000 scholarships respectively. All other state winners will be awarded \$1,500 scholarships and all state runners-up will receive \$500 scholarships.

The program is open to graduates. (Continued on last page)

ALLISON FAIR PRIZE WINNERS ARE ANNOUNCED

The Albert Hartleys won four blue ribbons in the Allison Annual Fair which attracted a good turnout of spectators as top notch exhibits were featured in most departments of the neighborhood show on September 22.

Mr. Hartley was awarded first places for soybeans, grain, and fruits and vegetables, while Mrs. Hartley led the class in the canned goods division.

Among other winners were: Wally Donahall, who took the championship ribbon for poultry, and egg exhibits; Mrs. Bob Vincent for flowers; Mrs. W. W. Johnson in the Art division; John Brown for crafts; Zack Miller for cotton stalks and Rex Miller for cotton boll; and Ruth Fillingim for baked goods.

John Abbott, Briscoe FFA boy, won the "best showmanship" award in the livestock show, where competition was rugged.

FFA and 4-H Club boys and one girl... showed some top-notch classes of fat calves in a competition that had the judges, Rex Kennedy of Canadian, Josh Hopkins of Perryton, and John Dwyer of Groom going through lengthy consultations.

Marvella Forrest, only girl with an entry in the calf show, took first place honors in the heavy-weight division and the Grand Championship of the show with an 1135-pound Hereford calf which she is grooming for the State Fair in Dallas.

TEACHERS MET TUESDAY NIGHT

The Wheeler County Teachers Association met Tuesday, October 2nd at 7:30 in the Shamrock School Cafeteria.

Excellent dinner was served. After dinner the group was entertained by a quartet composed of, Bill Day, Mack Yarber, John Colors and Willard Edgett.

President, Lucile Zigler then called the house to order, and the minutes of the previous meeting were read and approved.

The group then moved to Clark Auditorium, where Mr. Lloyd, the speaker of the evening, discussed Amendment 4, and the Teacher Retirement System in general. He also gave a lot of useful information on conducting the 4th Admenment campaign.

Everyone reported a pleasant and profitable evening. No other business coming before the body, the meeting adjourned to meet again at the call of the President.

New Owners Of P&G Laundry, Here

Mr. and Mrs. C. L. Parsley of Pampa are the new owners of the P&G Laundry here. They moved here from Pampa this past week and have assumed management of the Helpy-Selfy Laundry.

They are the parents of Jimmy Parsley who operates a wrecking yard on West Highway 152 in Wheeler.

"This is our first venture in the laundry business and we are very anxious to serve you in the best possible manner. Come in and get acquainted and give us an opportunity to serve you." Mr. and Mrs. Parsley invited.

Mrs. L. D. Beasley is critically ill in St. Anthony's Hospital in Amarillo.

UNDETERMINED SORGHUM ALUM GETS APPROVAL SOIL PROGRAM

"Undetermined origin", they say. It's a common phrase in news reports of a fire. In the charred and gutted shell of what used to be someone's home, it's sometimes difficult to figure out immediately where the first wisp of smoke curled up—where the first tiny flame flicked out.

But given a little time, trained and experienced men can usually reconstruct the situation. A late 1955-people-shaking, a cigarette that fell unattended among the sofa cushions and smoldered there. An open fire left burning—sparks that jumped out on the rug or a piece of furniture, overloaded electrical wiring that burst into flame.

Whatever happened, it's past remedying. It matters only as a guide to the future. But to a fire victim, what matters most is the present.

Everything is gone: family heirlooms—cherished mementos—clothing, jewelry, furnishings, valuable papers—all the things that went to make up one family's daily life.

This is fire prevention week. You will be hearing a great deal about fires and how to prevent them. Act on what you hear. It's easy to think about the future now—but it's hard after a fire!

VETERANS LAND BOARD PROGRAM

Senate Joint Resolution No. 2, if adopted, would amend Section 49-b, article III, of the Constitution of Texas to increase the amount of bonds which may be issued under the Veterans' Land Program, and change the composition of the Veterans' Land Board. It would become effective on and after January 1, 1957.

The Veterans' Land Program was first adopted in 1946 through a constitutional amendment authorizing the issuance of \$250,000,000 in State bonds for purchase of land which might be resold to veterans of World War II. In 1951 this constitutional provision was amended to increase the amount of bonds which could be issued to \$1,000,000,000, and to make assistance also to Texas veterans who had served in the armed forces of the United States subsequent to 1945.

All of these bonds have been issued, the last \$10,000,000 being sold in the fiscal year 1955. Senate Joint Resolution No. 2 would make the maximum amount of bonds which could be issued \$200,000,000, thus providing for the issuance of an additional \$100,000,000 over the amount which has already been sold. In addition, it would allow the portion of the Veterans' Land Fund not immediately committed for the purchase of land to be invested in short term United States Bonds or obligations and the interest accruing thereon would become a part of the Veterans' Land Fund.

Here are a few figures partially showing the results of the Veterans' Land Program thus far. Of the hundred million dollars allocated to the program \$109,802,764 have been spent to purchase 16,460 tracts of land for veterans. This represents 1,619,535 acres. There is an outstanding principal balance on these tracts of \$88,000,000.

Of the nearly 17,000 tracts of land purchased only 143 have been forfeited. Of this number 47 tracts have been re-sold and 11 re-instated. On the tracts re-sold the program has received a profit of \$28,777 in the reselling of the tracts.

At the present time the Veterans' Land Board is composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. Senate Joint Resolution No. 2 would change the personnel of this board to be composed of the Commissioner of the General Land Office and two citizens of the State who would be appointed by the Governor with the advice and consent of the Senate. One of the appointed members would be required to be well versed in veteran's affairs and the other appointed member well versed in finances. The Governor would initially appoint one of the members for a two year term and the other for a four year term and thereafter he would biennially appoint one such member for a term of four years. The two appointed members would be paid such compensation as might be fixed by the Legislature, & would be required to (Continued on last page)

Fire Prevention Week Observed

Fire Prevention Week, which has national observance, is being observed this week. The Wheeler Volunteer Fire Dept. caused posters to be placed in windows calling attention to the week several days ago. They have distributed approximately 200 posters to be colored to the first, second, and third grades of Wheeler, Briscoe and Kelton schools. They are offering awards of \$3, \$2, \$1, to each of the grades in competition in the coloring contest. The 3rd grade of the three schools will compete against each other, etc.

The FFA boys are hanging tags this week calling attention to fire hazards as they see them and requesting the property owners or renter to have them corrected before a fire is started.

Special "Fire Drills" are being held in the schools. One was held Monday in which the Wheeler Fire department appeared at the school sounding the siren on the truck to set off the fire alarm.

The drill was a success in that in less than two minutes all students were evacuated from the building and were clear of any fire fighting operations that might have been necessary had it been the real thing.

In the grade school the pupils and teachers closed all the windows and doors to the class rooms before or upon leaving the room. The last person out the door at the Northwest corner forgot to close it. That was the only thing the firemen found at the grade school.

The high school did nearly as well however they failed to find a few of the windows that were open. Both buildings were left in excellent condition to prevent the spread of fire and reduce loss from (Continued on last page)

MUSTANGS TAKE ON OWLS FRI.

The Wheeler Mustangs will travel to Silvertown to tangle with the Owls on Friday night of this week. The Owls have won four out of five starts this season, losing only to Happy by a score of 34-0. They defeated Dimmit 25 to 24; Rolls 13 to 12; Kress 19 to 12; and Lakeview 34 to 6.

Coach J. D. Atwell said this week: The Mustangs were all in condition for play and that none were out because of injuries. The Silvertown team has 10 seniors and 1 junior on the starting lineup. This means an experienced team and they are salty." Coach Atwell stated.

The Mustangs have an impressive record also. After losing the season opener to Canadian Wildcats 19-12 they bounced back to defeat the McLagan Tigers 32-7; Erick, Okla., Bears 46-0; and Quitaque 25-7. The Mustangs will play their second conference game this week.

Let's all back the Mustangs and help them cage the Owls this week.

FORMER PASTOR OF TWO LOCAL CHURCHES DIES

A pioneer Baptist preacher, who held pastorates in West Texas and New Mexico shortly after the turn of the century, died on Wednesday last week in Houston.

He was Rev. J. H. Clouse, 87, former pastor at Wheeler and Mobeetie.

Before coming to the Panhandle, Rev. Clouse served in pulpits at Longview, Wills Point, Graham and Jacksboro. He served pastorates in West Texas and New Mexico, being pastor of the Pierce Street Baptist Church in Amarillo during the influenza epidemic of 1917.

Rev. Clouse was born April 1, 1869, a native of Tennessee, and was married to Miss Dora Dalton in Marshall, N. C., in 1887.

They came to Texas in 1890, when Rev. Clouse entered Baylor University to prepare for the ministry. His first pastorate after leaving Baylor was at Longview.

He is survived by his wife, Mrs. Dora Clouse of Houston; four sons, J. B. Clouse, Amarillo; J. F. Clouse, Azle; R. B. Clouse and Joe Clouse, both of Houston; and three daughters, Mrs. H. A. Neal, Mrs. T. J. Tilson and Mrs. Thomas H. Spruce, all of Houston.

Births

Mr. and Mrs. Albert Chapman are the parents of a boy born Monday, October 8. The little fellow weighed 5½ pounds.

Mmes. Glenn R. Walker, Fred Farmer, C. B. Kirk, and Neva Myers attended installation of officers of the Order of Rainbow for Girls in Shamrock Monday, last week.

Mr. and Mrs. Jesse Dyer journeyed to Austin Sunday for a County Superintendents meeting. They returned Monday night.

CIVIC MEETING ON OCTOBER 16 IS IMPORTANT

"The time has come for all the people in this community to re-dedicate themselves to work for a better economy and a better town to live in," commented a Wheeler Chamber of Commerce official in announcing the program for the regular monthly meeting of the civic organization to be held at Nora's Cafe Tuesday, October 16.

There will be important discussion, including a talk by Mrs. Henderson Coffman of Shamrock, former Wheeler resident, on the "Community Chest" plan which is being adopted by many towns and cities to take the place of the numerous separate campaigns made annually to raise funds for worthy causes.

Mrs. Coffman who recently attended a Community Chest clinic held by the West Texas Chamber of Commerce, will explain advantages of the once-a-year fund solicitation which eliminates hundreds of hours work by volunteer committee members and donors.

Young Bob Martin of Mobeetie will tell his 4-H Club work which is outstanding in the county and his father, Pryman, may be asked to explain how he won the title of "Wheat King" of the (Continued on last page)

MUSTANGS WIN OVER PANTHERS

The Wheeler Mustangs came out on the long end of a 25-7 score over the Quitaque Panthers in their conference game in a football game played at Quitaque last Friday Night. Big Jim Porter was out for a few minutes with an injury but the team carried on in admirable fashion. Wilford, Wofford, Hutchison and Hill all turned in stellar performances during the evening. Fumbles were the score and plagued both teams.

The first score of the Mustangs came about midway in the first quarter when Crossland carried for nearly 30 yards to the 1. A 5-yard penalty set the ball on the 6 and Jim Porter went off-tackle for the counter. Harold Reid failed on the attempted kick after TD.

The game was fast and hard fought throughout the entire four periods. Blocking was hard and the runners on both teams drove until they were entirely downed by their opponents. The Panthers had some trouble with their pitchouts and showed their metal when one was concluded. The Mustangs offense clicked like clockwork most of the time. Passing was not as sharp because of the pass defense of the Panther. Porter at one stage of the game started off-tackle then (Continued on last page)

HAMBURGER FRY AT LEGION HUT MONDAY NIGHT

Post Commander Eli Sabbe this week announced there would be a hamburger fry at the regular monthly meeting of West-Passons Post of the American Legion on Monday night, October 15. Mrs. Rodgers will fry the Hamburgers. Serving will begin at 7:30 p.m.

"All Legionnaires and their families along with anyone eligible to become a legion member of a service man and his family are urged to attend," Mr. Sabbe said.

"The '57 dues paying time has arrived and anyone wishing to do so may now pay their '57 dues and pickup their membership card," the Commander stated.

Bill Ridgway and the Panhandle Playboys will play for the regular Saturday night dance at the legion hut. Music will start at 9:00 o'clock Saturday, October 13, a spokesman for the Legion said this week. These dances are open to the public and all those who like to dance or enjoy hearing the music are invited to come out to the Wheeler Legion Hut for an evening of fun and entertainment.

Tour Postponed

The Oklahoma City Goodwill Tour to 21 communities in north and west Oklahoma and the Texas-Oklahoma Panhandles, scheduled for October 17-19, was postponed this week. The tour had planned to be in Wheeler, arriving at 8:45 a.m., Friday, October 19.

Jack LaMonte, Goodwill Tours chairman of the Oklahoma City Chamber of Commerce, stated that the trip would be made in the spring. A combination of circumstances involving conflicts in dates requires changing the time of the tour, he said.

Allison 4-H Club Elects Officers

The Allison 4-H club elected officers during their meeting of October 8. Officers elected were: President, Otis Preuit, Vice President, Larry Levitt; Secretary, Kelly Miller; Treasurer, Donnie Evans.

Reporter, Joe David Mallin; Watch Dog, Dale Preuit; Parliamentarian, Charles Hall; Song Leader, George Markham; Finance Committee, Kelly Miller, Chairman, Dale Preuit, and George Markham.

L. A. PRATER RITES HELD

Funeral services for Lawrence A. Prater, 46, were held at Washita on Wednesday afternoon at 2 o'clock. Rev. C. C. Merritt of Wheeler officiated. Interment was in the Miami Cemetery with Kirk Funeral Home in charge. Military services were conducted at the graveside, under the direction of West-Passons Post of the American Legion, Wheeler.

Pallbearers were: Bob Markham, Glenn Markham, Clay Adcock, Jr., Clarence Walser, J. Ballard, and Curtis Damron.

Mr. Prater was born May 2, 1910 and departed this life October 8, 1956, at the age of 46 years 4 months and 12 days. He was married to Ethel Hunnicutt at Wheeler in 1938. He served as a Carpenter's Mate in the Navy during World War II. He was a resident of Wheeler County all of his life, being a farmer at the time of his death.

Survivors include: the widow, Mrs. Ethel Prater of the home in the Washita Community, and two children, Darla Jean and Wyman, also of the home.

Also surviving are his mother, Mrs. Rhoda Prater of Pampa; four brothers, Ray of Briscoe; Charlan of Pampa; Horton of Perryton; and W. D. of Abilene; three sisters, Mrs. Margaret McCham, Amarillo; Mrs. Lillie McGarrugh, Perryton; and Mrs. Nela Scott, Perryton.

One brother preceded him in death.

Gravity Keeps Water Hot

When the legendary apple
plunked down onto the head of
Isaac Newton, the discoverer of
gravity couldn't have realized
the role this force someday
would play in keeping homes
supplied with a ready flow of
hot water.
Water-heating engineers at the
Coleman Company, Wichita,
Kans., give this explanation of
how gravity works in your hot
water heater:
Cold water enters from the
top of the tank, and is pulled
down a long pipe by gravity so
that it flows into the tank close
to the heating element at the
bottom.
As the water is heated, it be-
comes slightly lighter in weight
and rises to the top where it is
drawn off through another pipe
— **as you need it.** This pipe
branches out to hot-water faucets
in bathroom, kitchen and
laundry.
The tank itself consists of an
outer metal jacket surrounding
a layer of insulation. Inside the
insulation is a lining of gal-
vanized metal, rock, vitreous
enamel, or copper. The resist-
ance of the lining to rust and
corrosion plays a big part in
how long a water heater lasts.
Engineers of the Coleman
Company, Wichita, Kans., say
that in areas where water is
even mildly corrosive a combi-
nation of rock and vitreous en-
amel is highly recommended.
Even the finest galvanized lin-
ings rust away in these areas.

Cross-section view of a modern automatic water heater.

Vit-rock, a rock-like sub-
stance, is proving to be one of
the most satisfactory linings. It
is impervious to corrosive wa-
ter.
The rock is applied in a semi-
liquid state by centrifugal force.
It is poured into the tank, which
is then spun at 3,000 revolutions
per minute. This plasters the
rock evenly over the entire in-
ner surface, providing a water-
proof and rustproof lining. The
flue and heat exchanger are
coated with a glassy film of
vitreous enamel.

FIRE PREVENTION WEEK

October 7-13

HELP PREVENT FIRES

You can prevent most fires which are costly and disastrous. Correct Fire Hazards Today. Correct hazardous habits (smoking in bed, Carelessness, allowing rubbish to accumulate, etc.) and you will prevent many fires. Protect your insurance dollar by helping hold down fire losses. Not just this week but throughout the entire year. Prevent a fire every day!

C of C Notes
By DICK GUYNES, Sec.

Tuesday evening the 10th, is the date for the monthly meeting of the Wheeler Chamber of Commerce, there will be a good program on tap.
We expect a good crowd out for this meeting. These people on the program deserve a good turnout to hear them. The Boys need our encouragement to make them want to go on to greater accomplishments in their work.
There will be some business in regard to some activities that have been discussed by, and with the Ladies Progressive Club, who by the way have some good ideas that could work to the best interests of the community.
Harry will be gone but Mr. Kirk will be master of ceremonies and we can have a good meeting just the same, so come out we need you.
Did you ever stop to think that the citizens of a community could do anything they undertake to do, so long as they work with, and for one another. The time has come for all the people in this community to re-dedicate themselves to work for a better place to live, & a greater economy, other cities, and towns do something about their general welfare, and we can do the same, it is just a matter of spending a little time in working for a better community, and of course that old bugaboo money, enters into the picture, but with no more than it costs, individual, or business, in this organization it is inconceivable that every business and individual in this community is not an active member, and booster for their Chamber of Commerce.
Every community is fortunate in having a few men who carry the burden of work, and finances, to try and build a progressive town in which all share, and share alike regardless of who

Wheeler County Soil Conservation District News

While most farmsteads have some shade trees around the house very few in the district have the entire farmstead area protected from the north and west winds. Tree row windbreaks are worth a lot to a farmstead. They provide protection for livestock, reduce blowing around the barnyard where no cover can be grown and provide nesting sites for song birds. The value of birds in insect control has been overlooked in modern farming.

A good windbreak should have one row taller trees such as Chinese elm. A row of shrubs or evergreens should be planted on each side of the trees. Eastern red cedar makes an ideal windbreak for livestock. It holds the lower limbs and is effective in winter when it is most needed.

It is often possible to build low ridges with a plow to divert runoff from farm buildings or from other land to tree rows. This little extra water will pay well in tree growth and will often get the trees through a drought that would otherwise thin them out.

Soil Conservation Service personnel assisting the district will be glad to help lay out water diverting structures and advise farmers on sources of young trees. Let's plant a windbreak this winter.

ed, in salads, casseroles, or sandwiches.

A high protein food, chicken also contains important minerals, and B vitamins needed for general good health and morale.

To store fresh poultry, wrap loosely and place in cold part of refrigerator. If bought packaged, remove cellophane or film wrap to allow free circulation. Use within 2 to 3 days.

Keep frozen poultry until ready to use. Thaw in the package. Use immediately.

Cook any kind of poultry at low temperature.

REFUND CHECKS AWAIT ADDRESS

The Internal Revenue Service is diligently looking for 3,000 North Texans who have tax refund checks awaiting them, according to Walter C. Bowen, Administrative Officer of the Pampa office. The Dallas office has an employee who spends full time finding taxpayers due a refund check. A very large part of the taxpayers due a refund check moved and failed to give Internal Revenue a forwarding address. In quite a few cases, the taxpayers plain forget to put their address on their tax return. Mr. Bowen stated the checks ranged in size from a few dollars to some amounting to several thousand dollars.

Mr. Bowen advised Wheeler area taxpayers who are due a refund check to send their correct name and address to Miss Bonnie Reed, Claims Examiner, District Director of Internal Revenue, 2101 Pacific Avenue, Dallas, Texas. Miss Reed is glad to hear from the taxpayers who have refund checks in her file as the taxpayers are glad to get the checks.

five years. Farmers have until November 15, to sign up for this program. Under the acreage reserve program (1 year) the farm would draw the rate of pay established for that farm.

The ACP farm approval is the same as for blue panic and other grasses, with the rate of pay not yet announced.

Factors considered by the State ASC committee in approving sorghum alum were that it is easy to get up, it is drought resistant, it holds soil and keeps it from blowing or washing, it builds the soil with the enormous amount of organic matter it puts back, and it grows out fast.

Approval was given by the state committee the first time sorghum alum came before it for consideration.

same", Chief Holt said in reporting upon the drill.

The observation of Fire Prevention Week dates back to the great Chicago fire and the week always contains the days of that fire. The National Board of Fire Underwriters sponsors the week's activities in that they make posters and other materials available to interested fire departments and organizations during that week.

"The primary purpose of "Fire Prevention Week" is to make each of us more fire conscious, and enable to look deeper into the causes of fires," Fire Chief Holt said.

planning fruit and vegetable arrangement. The first two ladies named were given ribbons for rose entries. Mrs. Walker received her two blues on two very unusual and unique containers with an arrangement of suitable flowers.

Mrs. Whitener's 3rd. class Home-making girls won the Tri-Color "Best of the show," on the "Family Dinner for Six" table setting. For the center piece they used an arrangement of cypress knees and water lilies suggesting coolness. A simple textured cream colored linen cloth was used to harmonize with the brown-cream ware and heavy glass ware of Early American pattern.

vent high into the air and pitched the pigskin to Jaco about 40 feet away who was in the clear. 600 carried about 20 yards. A fumble on the next play cost that TD.

In the second stanza Crossland was again the star in that he set up the TD on the 1-yard line then carried for the TD. Point after try was not good. Score at the half: Mustangs 12, Panthers 0.

The third period went scoreless with both teams threatening to being stopped and forced to kick or losing the ball on downs. Penalties were high in this period.

Early in the fourth period a 15-yard Mustang penalty gave the ball to the Panthers on the 1-yard line. Foster, who had been hard to handle all evening carried for the TD. The Panthers ran the point after TD for their only counter.

Jaco came into the limelight and set up the next TD after three long runs through the line. He scored from the 6. Point after try was not good. Later in the same period with time getting short the Mustangs started another march with Jaco again scoring from the 8 on an end run. Porter went through the line for the extra point to make the final score: Mustangs 25, Panthers 7.

Next week the Mustangs' journey to Silverton for another conference game. Game time 8 p.m.

make bond in an amount prescribed by the Legislature.

The proposed amendment expressly states that the Commissioner of the General Land Office act as Chairman of the Board and shall be the administrator of the Veteran's Land Program under such terms and restrictions as may be provided by law.

Both the money from the sale of bonds and from repayment of State assistance except so much as may be necessary to pay the principal of and interest on bonds,

may be used for repaid land for further help after December 1, 1956.

received by the Veterans Board from the sale of interest of deferred payments so much as may be needed to pay the interest on bonds heretofore deposited to the credit of the Revenue Fund at a later than the maturity of last maturing bonds.

The additional bonds could be issued under the amendment without new program to run under 1, 1965. Moneys received from the sale of lands and deferred payments on chase with the proceeds additional bonds would be to the Veterans Land use in purchasing additional bonds to be sold to Texas veterans of such moneys as needed to pay interest on bonds would be set aside for that purpose. After December 1, 1965, all moneys received by the Veterans Land Board from sale and interest on payments such as might be necessary to be set aside for the additional bonds and interest on them. Any moneys not so needed deposited to the credit of the Revenue Fund at a later than the maturity of the last maturing bonds additional program provisions.

Those who favor doing amount of bonds which issued by the State of carry on its program of veterans to purchase land the program has benefited veterans, that repayment with interest will take care of the State's connection with the bond and that there may even a windfall to the State Revenue Fund. Those who are unwise to increase the bonds available argue scandals which have been in the last two years type of program is an invitation to graft and which cannot be, as a matter, completely controlled by the amendment confirms as of the Board, an increase authority of the Commissioner of the Land Office, the very which has been most deep in the scandals.
