## POPPY DAY TO BE SAT., MAY 25

Poppy Day in Wheeler and surrounding area has been proclaimed as Saturday, May 25, Mrs. Helen Sabbe, Auxiliary president, announced this week. The proclamation by the mayor of Wheeler appears elsewhere in this issue of The Times.

The Poppy was adopted by the American Legion as its Memorial Flower at the convention in Cleveland, in September 1920. The Legion Auxiliary adopted it the following year in Kansas City. From that time forward it has been the official memorial flower of both organizations.

At the time the Auxiliary adopted the poppy it pledged the Poppy Day contributions 100 per cent to welfare relief for servicemen and women and their families, thus fulfilling the true meaning of the poppy.

Memorial poppies are made of red crepe paper, by hand, by disabled veterans in hospitals and poppy workrooms. The workers re-

## RED CROSS EMERGENCY FUND DRIVE

George Gandy, chairman of the local Red Cross Chapter, this week asked the Times to solicit aid for the disaster victims in Texas. Most local chapters in the state are holding emergency fund drives for the relief of suffering and rehabilitation of victims of flood and tornadoes in Texas.

The need is urgent the chairman stated. A million dollars has been made available by the federal government but this will in no way take up the slack he said.

Contributions may be handed or mailed to Dick Guynes, George Gandy, P. E. Yarbrough, or Helen Franklin.

The appeal signed by the chairman and the financial drive chairman follows:

## Miss Jeanne King Retires After Over Half-Century As Classroom Teacher

Miss Jeanne King, teacher of English in Wheeler High School the past four years, submitted to the school officials and the Board of Education, at their April meeting a letter of resignation bringing to a close her 51 year tenure as a public school teacher. She expressed her appreciation of their full cooperation in every enterprise connected with her classroom and extra curricular activities.

Miss King feels the need of a change — some time for rest and creative interests.

To Miss King this period has offered opportunities, not only for teaching the fundamental of technical English and appreciation of literature, but also for inspiring students to achievements comparable to their abilities.

At this time, her classroom assignments include four years of English, one of speech, and supervision of the library. Her extra curricular activities include sponsorship of the Student Council that has charge of the weekly assembly programs, coaching the annual junior and senior plays, presenting the Christmas pageant, and training students for Inter-scholastic League contests.

Each year a dozen or more students from the English department have entered the district contest. Several have gone to the

## SCOUT CIRCUS DATE CHANGED

W. O. Prewitt, Circus Chairman of the Adobe Walls Council, has announced the date of August 2 for the Scout Circus. The affair, originally set for May 11 at Borgert, was cancelled because of weather conditions detrimental to the health and welfare of the boys.

The new date was set so that the affair could be held in conjunction with the Phillips Lions Club Fair at Phillips. All of the boys and adults who put so much effort in preparation are enthused about the possibility of more units being able to participate.

Tickets purchased for the May 11th date will be honored at the Circus August 2. Those desiring refunds on original tickets may obtain them by sending their tickets to the Council Headquarters, Box 718, Pampa. Plans are to award prizes on the original ticket sale based on unit reports. There is a possibility of a new sales contest with a new issuance of tickets.

Circus participants have been notified of the change to the Phillips High School Stadium and are in the midst of preparation to make it "bigger and better."

## STEWARDSHIP WEEK OBSERVED

Secretary of Agriculture Ezra Taft Benson today made the following statement in behalf of Soil Stewardship Week and Rural Life Sunday, both of which occur this month.

The Department of Agriculture is happy to join with the National Association of Soil Conservation Districts and national church organizations in the observance of National Soil Stewardship Week which they are sponsoring May 26 to June 2. During this week, or on Rural Life Sunday, May 26, local churches of various recognition of man's responsibility as a steward of our God-given heritage — the productive soil.

Such observance is especially heartening. Our future food supply depends on the intelligence with which we use our productive resources — such as soil and water. Not only food but many raw (Continued on last page)

## Brother Of Local Resident Dies

## NOTICE

Wheeler County 4-H calves and Wheeler FFA calves that are in the feed lots will be brought to Wheeler Friday, May 24, for a training session. J. G. Watson and Bryan Swaim announced this week. This session is planned as a training session for the boys. The public is invited to come out and see the fine group of animals being reared for show next year, the instructor stated.

## 4-H Boys and Dads Wanted At Grounds

County Agent Bryan Swaim this week asked that all 4-H Club boys and their fathers meet at the Wheeler Roping Club grounds at 9 o'clock Wednesday morning, May 29, to help finish preparing the area for the Junior Rodeo to be held there soon.

"Bring your hammers and saws. All help will be appreciated," the 4-H Club Coach said in making the announcement.

## APPRECIATION EXPRESSED FOR WATCH SERVICE

With severe weather conditions and destructive storms in neighborhood communities and surrounding areas, the local population is very conscious of the many hours spent by the Sheriff's Department and the local unit of the Ground Observation Corps. At least two people were in the Times office this week and several mentioned their appreciation to the editor on the streets.

One local citizen was impressed to the point he wrote the following tribute to the group and handed it to the editor. The article follows:

For their hearty response to the challenge of the emergency during the storm last Wednesday evening and night, the Wheeler community owes a debt of gratitude to the Sheriff's Department personnel, to the members of the Ground Observation Corps, and to the Wheeler Fire Department.

Besides being out in the storm, away from their families, most of these men were up all night in order to give advance warning if a real threat developed from the clouds and wind.

We are deeply grateful, fellows, for this devotion beyond the call of duty.

## NO ALL-CLEAR TO BE SOUNDED

After the storm alert last Wednesday night the fact came to light that it was necessary to emphasize that NO ALL-CLEAR signal would be given in case of storm alerts. However if a sufficient time has elapsed after the sounding of the alarm and another tornado threat, the second alarm or third alarm will be sounded.

Last Wednesday night two entirely different funnel clouds were sighted in the immediate Wheeler area. When the first alarm was given the power had not failed. The power went off then came back on and the watchers were afraid that many people had decided that the danger was over. The second threat appeared imminent so the alarm was again sounded to warn the people to either return to, or stay in their caves.

During the storm alerts last week the watchers served over 200 man hours for the protection of our community. The sheriff's department along with a few of the GOC personnel worked over 14 hours or around the clock during the alert.

## Vacation Bible School Has Good Attendance

Seventy-seven boys and girls between the ages of four and twelve are enrolled in the Methodist Vacation Bible School. At mid-week, Mrs. Max Wiley, director, reports that much enthusiasm and interest has been indicated by good daily attendance. Seventeen adult leaders are working in the school.

A regular class will be conducted on Saturday. The ten session school will be concluded with a sharing session on Sunday evening, May 26th. The Sunday evening program will begin at 7:30 with a thirty minute open house to be followed by a sharing program in each department. A worship service lead by the Junior group will complete the program.

Mr. and Mrs. Owen Jones and Sandra visited in Amarillo with Mr. and Mrs. Buck Jones the first part of the week.

## WINDS, RAIN, HIGH WATER IN COUNTY AREA

Varying amounts of rain fell Wednesday night and Thursday morning in the North Wheeler County area during the severe weather conditions experienced during that 24-hour period. Approximately 62 inches of moisture were received at Shamrock, more than three inches around Mobeetie.

A tornado struck Old Mobeetie at about 8:30 p.m. Wednesday night and took the porch and roof from two front rooms of the Jess Patterson place. The Pattersons and a friend of the Pattersons daughter, took refuge in a storm cellar. The storm blew the door off the cellar and bricks from the porch pillars landed in the cellar with them. No one was injured.

At least three other places were damaged in Old Mobeetie area. The D. C. Pruett place, about 1½ miles northeast of the Patterson home, was damaged by the storm. A barn was damaged at the Otis Vernon place about one-half mile southeast of the Pruett place.

Henry Snelgroves reported that the storm stacked trees upon his house with at least part of one coming into the room where he and his wife were. Others were uprooted and thrown against the house. Several outbuildings were demolished.

Ernest Gordon reported 3.3 inches of rain. Water cut across a field, down the bar ditch along Highway 152, crossed over for (Continued on last page)

## SOFTBALL PERSONNEL TO REGISTER

The interest in the Kiwanis sponsored softball program for the summer seems to be lagging, a spokesman for the club announced this week. Only two players had signed up the past week, he stated.

Persons of all ages who desire to play softball, manage a softball team or sponsor a team are requested to sign up with Bryan Swaim, or in the offices of Albert Marshall or Thurman Rives, in the court house.

Deadline for getting your name in the pot has been set as Saturday, May 25, the committee stated. Time is running out so if you are interested in seeing the program continue you must get in and sign up immediately.

Kiwanis would like to have teams in the adult bracket, both men & women; Teen-age bracket, both boys and girls; and in a younger group of both boys and girls. As you sign up be sure to designate which group you are to play with in order that you may be placed on a team.

Don't forget to register if you desire to play softball this summer.

## HIWAY MISHAPS TAKE 5 LIVES DURING APRIL

Five persons were killed, 57 injured and \$64,640 worth of property destroyed in traffic accidents investigated by Texas Highway Patrolmen in this district during April.

The accidents do not include those in cities or more than 2,500 population or those investigated by officers other than highway patrolmen.

In April of 1956, 11 persons were killed, 70 injured and property damage was estimated at \$59,930.

During the first four months of this year, 34 persons have been killed in traffic accidents in this district; 204 injured; and property damage totaled \$294,253. During first four months of last year, 27 were killed, 233 injured, and property damage totaled \$260,494.

Of the accidents in April of this year, 85 were on state and federal highways, 12 on farm-to-market roads, seven on county roads and eight in towns of less than 2,500 population.

Principal violations listed as causative factors were: speeding, driving while drinking, wrong side (Continued on inside)

were present.

**LETTER TO  
THE EDITOR**

Dear Ed:  
We owe a debt of gratitude to  
the volunteer firemen and others  
who have worked together to form  
a warning system for tornadoes.  
These men have unselfishly work-  
ed for your safety. They have  
given of their time, talent and  
even their money, in paying their  
own expenses in driving their cars  
looking for danger. Many times  
while we are asleep, they are giv-  
ing up their sleep and their warm  
bed to make our community a safer  
one.

The loss of life in the Dallas,  
Silverton, and Kansas City torna-  
does should make us all think  
deeply about what we have in this  
warning system and we should  
really appreciate these boys.

Let's tell them how much we do  
appreciate them. Let's also brag  
about them to others.

Let's have an ice cream supper  
or something of like nature in  
their honor. Let's talk about it  
and do something about it.  
E. M. B.

**BILL SNYDER  
RECOGNIZED**

awards were held on May 3rd at  
the Caprock Hotel.

Mr. Bill Snyder was installed  
as president of the Jaycee-Ettes  
and Jerry Hall as president of the  
men's organization, the state  
presidents of each organization  
were installing officers for the  
occasion.

Bill Snyder, an incoming direc-

tor of the Jaycees, received the  
annual Key award.

Mrs. Snyder is the former Geor-  
gie Gaye Porter of Wheeler and  
daughter of Mr. and Mrs. Geo.  
Porter.

House Speaker Waggoner Carr  
was featured speaker at the ban-  
quet following the installation  
ceremonies he pointed out that the  
present Legislature is making pro-  
gress toward regaining public con-  
fidence and reestablishing a satis-  
factory ethical standard for state  
government.

Mr. and Mrs. James M. Hort  
of A&M College will spend this  
week visiting their parents, Mr.  
and Mrs. Grady Harris and Mr.  
and Mrs. Jess Patterson.

America's service in the world wars; and,

WHEREAS, our men served gallantly in the war,  
some being called upon to sacrifice their lives in that  
service; and,

WHEREAS, the present national emergency re-  
quires the same type of unselfish patriotism displayed  
by men and symbolized by the memorial flower; and,  
WHEREAS, the women of the American Legion Aux-  
iliary will distribute veteran-made poppies through the  
city on May 25, 1957.

NOW, THEREFORE, I do proclaim, Saturday, May  
25, to be Poppy Day in the Wheeler area, and urge all  
citizens to observe the day by wearing the Memorial  
Poppy of The American Legion and American Legion  
Auxiliary in honor of the men who died for America  
in the wars."

IN TESTIMONY WHEREOF I have hereunto sign-  
ed my name officially and caused the Seal of City to  
be affixed hereto at Wheeler, Texas, this 21 day of  
May, 1957.

## They're eager-beaver beauties... these Chevrolet wagons!

Talk about hard-working wagons! Chevrolet offers you the handsomest line-up of all. Whether you hanker for a wagon for do-it-yourself projects, to tote outdoor gear, or as an all-round family car—here are eager beavers to see.

There are two-door and four-door models, with six- or nine-passenger capacities. They convert in a flash to take up to half a ton of cargo. The tailgate opens first, so there are

lots of loads you can slip in without having to open the topgate.

Being Chevrolets, they have the performance, too; up to 245\* V8 horsepower, that's frisky, smooth and quiet. The one you choose will be a joy to handle with its steady way of going, its easier steering and alert response. See *your* wagon at your Chevrolet dealer's soon!

### YOUR NEIGHBOR AND MINE . . .

By MRS. LEVI REID

Sunday, May 12 was one of the most important days of the year, it was the day we honored our mother's, if they were still with us. The mothers who have gone to their reward were not forgotten. Many had a silent word of prayer and remembrance for their one best friend.

Mr. and Mrs. P. V. Rowe of Pampa, Mr. and Mrs. Burl Chesser and Jan were here last week end visiting in the home of Mrs. A. C. Mitchell.

To the many friends who have ask regarding the condition of Mrs. Clifford Farmer, will be glad to know she is feeling better at this time.

Visitors in the home of Mr. and Mrs. J. D. Rutherford last Thursday were: Mr. and Mrs. John Kemper of Tulsa, and Mrs. Mary Stepp of Amarillo.

Mrs. C. H. Clay visited over the week end with her daughter, Mrs. Madge Paige. Mrs. Paige is owner of the Theatre's in McLean.

Mr. and Mrs. J. D. Barber and children of Dumas spent a recent week end in the home of Mr. and Mrs. L. D. Beasley.

Jim Biggs of Waco was here last week visiting former neighbors and relatives, he moved his home here before moving to Waco he taught in the Kelton School, 12 years ago.

Our community extends their sympathy to Mrs. Author Maxwell and family in the sudden passing of their husband and father.

Guests in the home of Mrs. Lee Walker last week end were Mrs. Tommie Henderson and her daughter, Mrs. O. K. Olford of Borger.

Mrs. R. O. Johnson went to Hereford last Sunday for a visit in the home of her son Bill Johnson and family. She plans to return home Saturday.

Mr. and Mrs. Owen Jones spent last week end in Amarillo as guests of their son and family, Mr. and Mrs. Buck Jones.

Mr. and Mrs. Bill Caskey and children, Mr. and Mrs. Clifton Patterson were here over the week end where they were guests of their mother, Mrs. Fay Patterson and with other relatives and friends, they make their home in Borger where Clifton is employed with Phillips, Bill is working for South Western Public Service.

Mr. and Mrs. J. B. Oglesby enjoyed as their week end guests their daughter and family Mr. and Mrs. Dan Phillips from Amarillo. Mr. and Mrs. C. C. Baird have just returned from a visit with relatives in Lubbock.

There's good news for friends of Mrs. Bob Hutchison, she's home from the hospital. She has been very ill but is much better, we are pleased to report.

Mr. and Mrs. John Barr had her sister visiting over the week end, Mrs. Mary Green of Lubbock. Pat Revious of Pampa visited Sunday in the home of her parents, Mr. and Mrs. Aaron Williams.

Albert Gunter, a former resident of Wheeler, now living in Pampa, spent several hours Thursday visiting and looking after other items of business.

Winnie Reid returned home Monday, after having visited for several days with her parents, Mr. and Mrs. Otis Reid, Winnie is Service assistant and instructor for General South West Telephone Company in Lamesa.

Helen Beesley, wife of L. D. Beasley is one of the friendliest people of our community and also possess's the most pleasing personality. She is outstanding in any gathering and her ready smile is good to see. She is among the first to welcome any new comers in the neighborhood, she is a member of the Four Square Church and the mother of two sons, Walter Grestin of Boise, Idaho, Paul of Ft. Stockton. She is an excellent home maker, her yard is a solid mass of pretty grass and flowers, she likes to grow vegetables of many kinds and cans something of it all. She does beautiful hand work especially crochets and gives it away. There has been serious sickness in her family for quite some time, but she has never failed to keep cheerful and try to find the rainbow on her cloudy horizon. So our special wish for you, Mrs. Beasley is that life will be kind to you as you are to others' and we are happy to name you as "Housewife of the week."

The good rains the past week lent folks at home mostly and our news is scarce this time. We'll just say everybody is happy and more news next time.

Said suit is an action in trespass to try title as defined by the Statutes of the State of Texas and prescribed by the Rules of Civil Procedure of the State of Texas, alleging ownership in fee simple by plaintiffs Jay Gordon, James J. Gordon, Helen Gurley, Minnie Gill and Gordon Barnes of the title to the following described land and premises located in Wheeler County, Texas, to-wit: All of the Northwest Quarter (NW $\frac{1}{4}$ ) of Section No. Seventy (70), in Block No. Thirteen (13), H&GN RR Co. Survey, Certificate No. 2/295, Wheeler County, Texas, save and except an undivided one-fourth interest in and to all of the oil, gas and other minerals in and under and that may be produced from said land, as conveyed to Park T. Grimes by Frances R. Gordon in mineral deed dated May 12, 1924, recorded in Volume 80, Page 534, Deed Records, Wheeler County, Texas; plaintiffs' title also now being subject to outstanding oil and gas lease to E. K. Caperton, lessee; plaintiff alleging additionally that plaintiffs have title under the three year statute of limitations prescribed by Article 5507, the five year statute of limitations prescribed by Article 5509, and the ten year statute of limitations prescribed by Article 5510, all of the Revised Civil Statutes of Texas; that the defendants actually own no interest therein and any apparent interest should be removed as a cloud upon plaintiffs' title; and seeking recovery of the title to the land and premises above described, together with the removal of any apparent cloud upon the title of the plaintiffs, costs of suit and general relief.

If this citation be not served within ninety days after the date of its issuance, it shall be returned unserved.

## Electric Living

Modern electric cooking is the answer to quick preparation of snacks for TV time and other occasions.

"T-V meals are a Snap with an ELECTRIC RANGE!" says MRS. R. W. BOWMAN, JR. 1045 WEST DICKENS • SLATON, TEXAS

Mrs. Bowman uses the automatic timer on her range for every meal and this time-saving, work-saving feature is one of the many that you enjoy when you cook the modern way — the electric way.

Mrs. Bowman says, "We chose an electric range, not only because we wanted the convenience, cleanliness and speed, but we also wanted the style and design that only the electric range could offer." A visit to your Reddy Kilowatt dealer store will show that you are in complete agreement with Mrs. Bowman's words.

# Got a job for this giant killer?

Here's proof of the reserve strength in GMC's 370 that pays off in any operation.

DEEP in the pine woods, this 2 $\frac{1}{4}$ -ton GMC, with locally added trailing axle, wades into a pile of forest giants, using its power take-off to flip 1,000-pound logs onto its back. In ten minutes it has a staggering load—and practically no road to haul it over.

You may never need to subject your trucks to such grueling service, but experience like this is your assurance of stamina and reserve strength far beyond normal requirements.

And the GMC 370 can be yours for hundreds of dollars less than comparable competitive trucks. Just check with your GMC dealer.

Illustrated: GMC 370 rated 19,500 GVW—22,000 with optional H.D. front axle, 206-hp V8 or 140-hp Six.

MUD-DEEP RUTS, soft ground, down and up ravines, it totes a Herculean payload day in and day out in the timberlands of North Carolina. Five trips a day, six days a week the year around—and it stays a stranger to the repair shop!

**PURE WATER** is distributed in a typical scene duplicated many times in the flood-ravaged areas of eastern Kentucky, Virginia and West Virginia. To meet the recent flood situation which had cut off 10,000 families from drinking water supplies, four dairy firms put their eight plants to work preparing 60,000 gallons of safe water in cardboard milk cartons and milk tank trucks. It was the first time the Federal Civil Defense Administration's plan for emergency water distribution had been put to practical use in a disaster.

## Miss Jeanne King

(Continued from page one)

tion, editor of the Poetry page of O.E.A. Journal, chairman of workshops, and member of legislative and public relations committees of OEA.

Other organizations for women teachers to which she belongs and has held officers are the American Association of University Women and Delta Kappa Gamma. She formerly belonged to the Nu Chapter of Oklahoma Delta Kappa Gamma. She now belongs to the Beta Delta Chapter of Texas Delta Kappa Gamma. In the past four years, she has recommended for membership in Delta Kappa Gamma and participated in the initiation of four Wheeler teachers—Mrs. May Hastings, Mrs. Para Render, Mrs. Pennie May Whitener, and Mrs. May Nash.

A member of the Methodist Church, Miss King has been teacher of the Cecelia Mann Sunday School Class of Wheeler and for the past two years has served as chairman of the evening circle of the Women's Society of Christian Service.

At a reception given in her honor by the WSCS of the Pawhuska Methodist Church, Miss King was presented the coveted Cross, symbol of life membership in the organization. She considers this the highest honor ever bestowed upon her.

A charter member of the Progressive Study Club of Wheeler, organized in the spring of 1954, Miss King has served as parliamentarian. She has been chairman of several programs and co-hostess, each year, of the Texas Day dinner. On October 25, 1956, the Club paid tribute to Miss King under the title, "A Worthy Woman." She was presented with gifts from the club.

Reared in the Chickasaw Nation of Old Indian Territory, where subscription schools of that period were inadequate, Miss King says she owes her opportunities for an education to the indomitable courage and sacrifice of her mother and steadfastness of her father.

Once the parents heard of the state college at Edmond, Okla., all six of the King children were bundled up, in turn, and sent to Edmond for their academic training. No one thought it possible to miss a day, one thought it possible to stop short of graduation. Miss King said her father took them in a one-horse buggy, trunk strapped on the back, from Old McGee, twenty miles east, to Pauls Valley, where they took the Santa Fe to Edmond. For years they passed through Norman, hardly realizing Oklahoma University was located there. Her parents knew only one School, Central State Teachers College.

Her father considered going to Central to see one of them graduate his inherent right. Her mother seldom went. All of their friends and classmates knew J. H. King having six children to graduate, he was a frequent visitor on the

campus. Two months before Miss King graduated the first of June, 1907, with a life certificate to teach, Supt. Rutherford of Altus came to Central to select his corps of teachers for the next school term. The critic teacher recommended her for one of his primary teachers.

Miss King has high regard for her superintendents and principals who helped to make teaching, from September 1906 to May 1957, a happy experience. All were cooperative, but a few need to be singled out for their integrity, understanding, and mahly qualities. Among these she listed Supt. Rutherford, who had faith in her as a beginning teacher. Others who greatly influenced her feeling of security in teaching include Supt. J. O. Hall, Supt. J. R. Chandler, Supt. Ross Kendall, Principal Raymond Carpenter, all of Pawhuska, and Supt. A. E. Brown and Principal B. Barham, both of Wheeler.

The greatest satisfaction that can come to a teacher, according to Miss King, is the achievements of her students. She moves in a "kind of reflected glory," knowing that among those who she has taught are doctors, lawyers, teachers, preachers, bankers, college professors. None, according to Miss King, are immensely wealthy, but many are well-to-do men and women who are filling the most reliable positions in their communities.

No one realized when Supt. Rutherford selected Miss King for one of his primary teachers in 1906 that she would have a longer tenure in teaching than any other member of her class. "It has not seemed long," she declared, "for I did not realize I had grown up until I was ready to leave Pawhuska in May, 1951.

Miss King was singularly recognized at the annual banquet of the Wheeler Chamber of Commerce, January 29, 1957, when she was designated the "outstanding woman" of the community.

During her tenure at Pawhuska High School, Miss King was known as the teacher who encouraged students to go to college and prepared them for entrance examinations.

Her greatest service throughout World War II was to counsel with her boys who entered the service and to write to them while they were in active duty. Her only consolation when one fell in action was a realization that a fine youth had experienced more in a brief period than she and others could in a life time.

Very few have done as much for our school and our city as Miss King. She has been an inspiration, not only to her students, but to the whole community as well. Her untiring efforts, endless enthusiasm, and Christian ways will always be remembered.

Thursday night at Commencement Exercises, Supt. Brown on behalf of the Wheeler Kiwanis Club, presented Miss King a plaque for her over half century of teaching. On behalf of the High School, Progressive Study Club, Cecelia Mann Class and the Missionary Society of the First Methodist Church of Wheeler, Supt. Brown also presented her with two pieces of luggage.

Red Cross on flood and storm damage in the state of Texas since March 1st is in excess of \$65,000,000. The Red Cross and other organizations are completely unable to heed the direct needs for lack of funds. Most communities in the State have made emergency offerings in addition to their regular annual offerings to the Red Cross for this purpose. We urge every one to join in this great humanitarian project by handing or sending your contribution to either of the undersigned or to Mrs. Helen Franklin, who is Treasurer of the Local Red Cross Chapter. Make your check to The American Red Cross. We urge your immediate response to this great need.

the amount that can be borrowed from the state on these projects will make the remaining bonds more interesting to private concerns.

The other bill discussed pertains to the establishment of a fund to purchase conservation storage space in reservoirs constructed by the Federal government or other political subdivision for the purpose of flood control or municipal use.

This money will enable the dam

site used to be developed to its maximum benefit to the area and state at the time of its construction rather than being built to a lesser degree and then need additions.

about a quarter of a mile and cut out the abutment to the bridge over Sweetwater Creek. This crest arrived at the highway between 5 and 6 o'clock Thursday morning.

The head flooded the Geo. Hefley farm north of Wheeler and two spans of the bridge across Sweetwater were taken out by the heavy run-off. Some washing and water damage accrued on the Lyndon Sims place north of Wheeler and further down the creek. All bridges across the creek

from the one on Highway 152 east to the State line were taken out or rendered unserviceable.

A 10" downpour at Groom brought the North Fork of the Red to flood stage & stripped two bridges off McClellan Creek near Lefors as it rushed through Lake McClellan and into the Red River. The bridge north of McLean was taken out. The Old Magic City Bridge was also demolished.

The bridge on Highway 83 across the Red was watched all Wednesday night. Traffic over it was stopped for several hours but the bridge held and traffic resumed Thursday morning after the river had started to return to natural proportions.

The bridge on Highway 30, between Sweetwater and Erick, Okla., went out Thursday evening and took the lives of two of the children of the Sweetwater school superintendent. The family was on the bridge watching the high water when it went out. The bridge at Sayre, Okla., across the Red was closed because of water damage.

The State Highway department had rebuilt the abutment at the bridge on 152 west of Wheeler and had traffic started over it again by Friday afternoon. The paving that was damaged by water had not been repaired but the highway was partially open, nevertheless. The Texas Highway crews in Wheeler County worked around the clock Wednesday night and all day Thursday keeping the roads open as long as possible and setting up barricades when they became unusable.

I am urging employees of the Department to participate in soil stewardship observance as citizens in their communities or to help organized groups, when requested, in planning or conducting such events.
