

# HOW WOULD YOU RATE WHEELER?

**HOW TO RATE COMMUNITY**

**NOTE:**—The following guide is published in the hope of calling your attention to things in Wheeler you would like to have. The "Guide" is a booklet from the Amarillo office that can be applied to any size community with nearly the same accuracy. —ED.

1. Most high school graduates stay in town.
2. Getting a loan on a sound business venture is easy.
3. The local paper constantly pushes civic improvements.
4. There's a chamber of commerce with a live-wire board of directors.
5. Local speeders pay the same fines as out-of-towners.
6. There's a place to swim with in easy reach.
7. Young couples have little

8. The head of your government is a "get things done" man.
9. Town entrances are free from junk and shacks.
10. Teachers' salaries are better than the state average.
11. There's at least one doctor per 800 people in your county.
12. There's a library with a good collection of recent books.
13. Newcomers quickly feel they're part of the town.
14. Schools have plenty of room for students.
15. Fire insurance rates are low

16. Service, veterans' and women's clubs team up on projects.
17. There are active, well-organized Boy Scout troops.
18. A modern hospital is within your trading area.
19. All streets are paved and sidewalks are in good shape.
20. Well-stocked stores keep shoppers in the town.
21. There's a hotel or motel you'd enjoy if you were a visitor.
22. It's easy to find parking space in the business section.
23. At least one restaurant serves

24. The sewer extension program keeps pace with new housing.
25. It's easy to get volunteers for any worthwhile project.
26. Public toilets are provided for farm folk shopping in town.
27. Prompt, reasonably priced ambulance service is available.
28. Good zoning keeps factories away from residential areas.
29. There's an annual Clean-up, Paint-up, Fix-up Week.
30. Streets throughout the community are well lighted.
31. More than half the people

32. Shade trees line nearly all the streets.
33. There's an ample supply of good drinking water.
34. There's a recreation center where young people dance.
35. The business section has a modern, prosperous look.
36. There's as much interest in local as national elections.
37. The tax is attractive to new industry.
38. There's community council to guide town progress.

39. There's an active P-T.A.  
40. Fireman must take regular training courses.

If you answered yes to 30 or more of the 40 questions you think Wheeler is an excellent town in which to live and rear a family. If you did not answer yes to 30 or more of the questions let's get our shoulders to the wheel and start a campaign that will make that a minimum answer for anyone. Pick up your part of the load. Others will help.

## RODEO GROUP LISTS PARADE INFORMATION

The Wheeler Riding Club, sponsoring organization of the 4-day rodeo to be held here Friday through Monday, August 30 to September 2, this week listed prizes for the entrants in the gigantic street parade scheduled for 5 p.m. Friday, August 30.

Lindsey McCasland and Howard Caswell are parade marshals. They stated that prizes for first and second place prize would be given, totaling \$25, \$15 for first place and \$10 for second. This is divided between the Chamber of Commerce and the Riding Club. This prize money is for entries other than riding clubs. These entries may be decorated floats, machinery, cars, trucks, tractors, or any thing you wish to enter in the parade.

In the riding club division about 11 different clubs will compete for \$50 in prize money, \$30 for first place and \$20 for second. Approximately 250 horsemen are expected from the various riding clubs that have been contacted.

The trophy won at Pampa's Top O' Texas Rodeo by the Wheeler Riding Club is on display in a window of The Times office. Drop by and look it over. It is really nice.

Frank Caswell, president of the club, stated this week that Charlie Plummer had the stock for the Wheeler rodeo on pasture and that they would be in top condition for the show.

Bleacher type seats for about 400 people have been set up at the arena. Another 200 can be seated on a bench that extends around

## Revival Meeting in Progress Here

The Revival Meeting at the Landmark Missionary Baptist Church which started last Sunday is attracting good attendance.

Elder Earl F. Jones of Mountbarn, Ark., is bringing good, inspirational gospel messages.

The public is cordially invited to come out and hear him. Services start with a prayer and praise service at 7:30 p.m. with preaching at 8 o'clock, a spokesman said this week.

## EX-STUDENTS REUNION HUGE SUCCESS SAT.

The Ex-Students and Teachers reunion held here last Saturday was a huge success, according to reports coming from all over town. More than 400 Exes registered for the affair and officers stated that some were here that did not get registered. Reports of the interesting program exhibits, Commemorative Programs, and on the gathering in general have all been very complimentary to the staff of the association that worked so hard in preparing and planning the program.

President Virgil Jamison said that he especially wished to thank the Wheeler School Officials, Board president, Superintendent, teachers, and custodians for the splendid co-operation extended the association in all phases of the reunion. He expressed the appreciation of officers and committee heads for the fine work and co-operation of the citizens of Wheeler in the manner they assisted with the affair.

Jack Garrison, who thought up the Commemorative Programs, was the subject of many complimentary remarks, because of the novel idea. Many thought it the nicest part of any affair. Some stated they had never dreamed so many fine people had attended

## "DINO" FINAL PRODUCTION OF PLAYHOUSE

The Community Players of the Summer Playhouse will bring to life one of the most outstanding new plays of the year Tuesday, August 27, when they present "Dino", a three act play by Reginald Rose. "Dino" is a play dealing honestly and fearlessly with the rehabilitation of a juvenile delinquent. It shows what can be done about one of America's most serious problems of today when a group of people work together for the benefit of our youth.

Dino, Mike Vaughan, wasn't one of the ordinary toughs who lived in the neighborhood around the James Street Settlement House. At the age of seventeen, he had just finished a four-year sentence at Reform School for being involved in a serious crime at the age of twelve. His inadequate parents, Sharon Green Immel and Carroll Killingsworth, were totally un-equipped to deal with this young and vicious tiger. They were seen

## Cotton Insect Warning Issued By County Agent

Cotton insects could build up rapidly in Wheeler County if cloudy weather prevails, County Agent Bryan Swaim said this week.

The Twitty area probably has more insects than any other vicinity in the county. They consist mostly of web worms, leaf worms, flea hoppers and boll worms, he declared.

Farmers in that area should be on the lookout for insect damage in their fields, Swaim said.

Control may be had by spraying in 1 1/2 to 2 quarts of 2-1 mixture

per acre, and a dust may be used of 5-10-40 at the rate of 10 to 15 pounds per acre, the county agent declared.

He continued:

"Dust seems to be very bad to get at this time so most control practices will be through the spray method."

"If flea hoppers are all that are causing damage, control may be had by using 1 quart of the above spray."

"The Allison-Briscoe area seems to have a build-up of leaf worms as a lot of eggs were present for the first of this week. They should be hatching off about the latter part of this week and could be in damaging numbers in that area. Fields should be checked closely the latter part of this week."

"Flea hoppers are generally found throughout the county and in some fields will run as high as 130 per cent infestation and spraying should start when a 15 per cent infestation exists. However, flea hopper damage is limited to very small squares and if the cotton is loaded with all it can carry or has enough squares to yield the desired crop, then spray"

## EQUALIZATION BOARD THROUGH IN SCHOOL DIST.

The Wheeler School Equalization Board, appointed by the board of the Wheeler Independent School District, has completed its work in the equalization of taxable values for the district. In some cases they lowered the rendered value in others they raised it. Each piece of property in the school district was given individual consideration. "They have done an excellent job in this attempt at equalization," a spokesman for the board said this week.

The Equalization Board set up what they thought was the actual value of a piece of property. Not necessarily what it could be bought or sold for. In many cases not as high as it had actually sold in recent months. Then a flat 25% figure was used to arrive at the actual value for tax purposes. Shamrock uses 75% of actual value as their tax basis.

City property value is as a whole the same as for the city

## FLOWER SHOW BE PART OF WHEELER FAIR

Flower show held annually in city will be staged this year in connection with the first Wheeler Fair on Saturday, August 31.

Entries are to be in place not later than 10 a.m. on August 31. The show will be judged at 12 o'clock.

Entries are asked by Mrs. Dyer, chairman of the show committee, to bring in correctly named, of all annuals and perennials; arrangements of both dried and dried composition flowers; also fresh and dried and tinted compositions.

Fresh arrangements, severals may be entered according to Mrs. George Taylor.

Arrangement of foliage with flowers as focal point.

Arrangement with sacred arrangement of roses.

Arrangement in unusual container plants.

## CUB SCOUTS TO HOLD PICNIC

The Cub Scouts of Wheeler will enjoy their annual picnic next Tuesday night at the City Park. All boys who are Cub Scouts or of Cub age (8 to 11 years) are urged with their parents to meet at the Methodist Church. They will then go to the park for the picnic. Cubmaster Jim Montgomery said this week.

There are four dens of Cubs operating in Wheeler. Mrs. Jack Garrison and Mrs. Dick DeArment are serving as Den Mothers for the younger group. Another Den Mother for this age group is needed. Mrs. Lowell Farmer is Den Mother of the Webelos. The Webelos Den is composed of boys doing their last six-months in cubbing. After completion of this Den a boy will graduate into the Scout Troop as a Tenderfoot. Frank Walker, Jr. is serving this group as Den Chief. Mrs. Hugh Grider serves the pack as Den Mother Co-Ordinator.

The meeting Tuesday night will

## TEXT BOOK LISTS HERE

Adoption for high school and grade school textbooks will be made for supplementary readers, arithmetic, Spanish, Dictionaries and bookkeeping by the State Textbook Committee during the period of October 3-5, according to an announcement received from the Texas Education Agency by A. E. Brown, superintendent of the Wheeler Schools.

The state textbook law provides that the Committee shall hear appeals or evidence from any interested persons or groups. The period from September 1 and October 15 has been set aside for such hearings, the announcement stated.

Mr. Brown pointed out that the list of proposed books may be seen in his office, and invites anyone who is interested to come in and inspect the list.

## QUARTERBACK CLUB FORMED

Announcement was made this week that a Quarterback Club had been tentatively formed in Wheeler. A meeting of all persons interested has been called for Monday night, September 2, at which time the final plans and rules will be completed and adopted.

A godly number of interested persons have already paid their dues and the operation of the club is assured, a spokesman for the group said.

The club will meet each Monday night in the school cafeteria to discuss the game just played and learn of the game that will be played that week. A membership fee of two (\$2) will be charged each member for the season. The first regular meeting is scheduled for Monday night, September 9 at 7:30 p.m. in the cafeteria. A film of football interest is available for use at both that and the following meeting two films.

The purpose of the Quarterback Club is to create fan interest, better sportsmanship, and a closer relationship between the fans and the coaching system. The main objection to Quarterback Clubs in the past has been that they tried to run the team through pressure and forgot their main objective... that of an organized set of boosters for the football team and

## KELTON SCHOOL ENROLLS THUR. AUGUST 29, 1957

The Kelton School will begin to get under way Thursday morning, August 29, when all high school pupils are asked to come by the school to register.

School will officially begin Monday, September 2, with a general assembly in the auditorium at 9:30. The buses will run their regular routes on that day and the Lunch Room will operate for the students. The teachers will meet in a teachers session on Friday morning at 9:30.

"Everything is being made ready at school with some improvements being made, and we are anticipating a good and successful school year," Supt. Joe Bailey stated.

The faculty is complete with the following teachers: Mrs. Myra Finch, first and second; Mrs. Modelle Henderson, third and fourth; Mrs. Joe Bailey, fifth and sixth; Mrs. Jewel Reed, Math; Mrs. Roberta Adams, Science, P. E. and Social Studies; Mrs. Buster Walker, English; Mrs. Nathan Lummus, Home Economics; Mrs. Bill Wheeler, Commercial; Bill Wheeler, Coach and Science; Joe W. Bailey, Superintendent.

Roy Hunt will again serve as custodian and Bus Foreman. Other Bus drivers will be Albert Johnson, Bro. A. N. Motes, and Bill Wheeler.

The luncheon will again be capably tended by Mrs. Tressie Blocker Supervisor, and Mrs. Roy Hunt.

## Of Wheeler Student Succumbs

Grace Hummell, 53, of Wheeler, Montant, former resident of the Kelton Community, died last week.

She was a sister of Mrs. Marvin Hink of Wheeler and Mrs. B. Tate of Shamrock.

Funeral services and interment in Glendives.

Surviving are: her husband, Hummell, two sons, Harold and Glenn Whitener, one daughter, Mrs. Anna Jo Garrett; three sisters, the two of Wheeler County and Mrs. Arnold of Tuscon, Ariz.

## PAMPA LODGE TO HAVE PROGRAM

Pampa Lodge No. 966 A. F. & A. M. will have a program at the lodge hall, according to an announcement received this week from O. D. Handley, WM.

The gathering will begin at 6:00 p.m., Monday, August 26, 1957, with a feed. All Master Masons of the 98th Masonic District are invited to attend.

The program will include the food, a three act Masonic Play, "Greater Love Hath No Man," and a short talk on the building of the tabernacle.

Keep the time and place in mind as past experience has proven these gatherings to be well worth the time and effort necessary to attend.

## Wheeler County Man Named On State Board

Ernest Henderson of Twitty has been elected by Amarillo, Lubbock, Plainview, Memphis and Canadian Valley Production Credit Associations to serve as a member of the district advisory of Production Credit Associations of Texas.

Mr. Henderson has served as a member of the board of directors of the Canadian Valley Production Credit Association for 12 years, being vice president of the board for nine years.

## Social Security Office Opens Here

County Judge Clarence Morris and Mr. John P. Sanderson, Manager of the Social Security Office at Amarillo, have made it possible for a Representative of the Social Security Administration to meet with the people of Wheeler and the surrounding area in Wheeler.

It was pointed out by Mr. Sanderson that a number of people from this area have been going to Shamrock and Pampa to obtain information about Social Security. It will be possible to receive all the services from the Representative who will come to Wheeler which could be obtained at the District Office in Amarillo.

Mr. Sanderson pointed out this service would be on trial basis but will continue as long as enough service could be rendered to justify it.

Curtis M. Watts, a Field Representative, is assigned this area and will be in the County Courtroom on Wednesday, August 28, at 1:00 p.m. A schedule of subsequent visits will be maintained in the Post Office and Court House in Wheeler. There will be no change in the service at Shamrock or Pampa.

## Fair At Allison Is Postponed Until 1958

Members of the Allison Fair Board met Monday night to discuss plans for this year's fair.

Because of the condition of the school house, which is being remodeled, it was decided by all present to postpone the fair until 1958.

All members agreed that a great effort should be put forth to promote a bigger and better fair next year.

Clyde Dukes is president of the Allison Fair Board. D. L. Malin is acting secretary.

**How Women Earn \$150,000,000 at Home**  
Paid in Savings from Home Canning

Here is how it works. Take peaches as an example. First find out how much it costs to put up one quart.

At 21¢ per quart, good freestone peaches are a bargain. Usually save at least 10¢ per quart compared to what you would pay for commercially canned (No. 2 1/2 tin is about 10% less than 10¢). Savings are still greater when you grow your own peaches, as shown by independent surveys. Fuel cost was developed by tests, while lid and sugar figures are based on current prices. U. S. Department of Agriculture shows the yield from a bushel of peaches to be 18 - 24 quarts. Similar calculations for other items, such as tomatoes and beans, show comparable savings; so that it is conservative to say that home canning saves 10¢ per jar. Studies made by a leading home organization show that well over 1,500,000,000 jars are canned each year. Here, then, is how women make big home earnings by home canning: 1,500,000,000 jars canned X 10¢ = \$150,000,000.

one to six days, chills, aches, and pains in the back and joints, sore throat and a cough.

In the Far East the attack rate has been extremely high — about one of every five persons being affected. The death rate so far has been comparatively low — two deaths per 1000 cases.

Cases experienced in Texas thus far have been relatively mild. But there is no assurance that the virus will not become increasingly virulent as it spreads from person to person.

Military experience indicates that the vaccine is 70 per cent effective. Therefore, thoughtful people will get themselves immunized as soon as possible after vaccine is available.

The State Department of Health will be unable to offer influenza vaccine for general distribution.

Physicians will be able to purchase the material directly from commercial drug outlets.

**CERTAIN WHEAT VARIETIES TO BE DISCOUNTED**

Because of their inferior milling or baking qualities, 31 wheat varieties have been listed by the U. S. Department of Agriculture as undesirable. They will be discounted 20 cents a bushel in price support rates on the 1958 wheat crop.

According to Extension Agronomist R. J. Hodges, several varieties of hard red winter wheats, the type most commonly grown in Texas, are on the list. They are Blue Jacket, Chiefkan, Early Blackhull, Kanking, Redchief and Red Jacket. Others listed are soft red winter, hard red spring, durum and white wheat varieties. Local county agents, adds Hodges, have a complete list of the undesirable varieties.

The designated varieties were found to be undesirable for commercial food use. The discount was adopted three years ago in the support operation to discourage the planting of undesirable wheat varieties and lessen the possibility of U. S. Wheat of inferior quality getting into domestic and export channels. Representatives of crop improvement associations have strongly urged the action to help improve the quality of the nation's wheat crop.

The price-support regulations for 1958 will provide for producer certification regarding the undesirable varieties. Because these varieties are difficult to determine from threshed samples of wheat, it will be the producer's responsibility,

based on his knowledge of varieties seeded and harvested, to identify the variety going under the price support program.

Hodges points out that some of the undesirable varieties might have protein content high enough for a premium but no protein premiums will apply in determining loan rates. The agronomist suggests a visit with the local county agent for information on the best variety for the area.

**PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.**

**HOUSE JOINT RESOLUTION NO. 27** proposing an amendment to Subsection (a) of Section 62, Article XVI of the Constitution of Texas, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State. **BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Subsection (a) of Section 62, Article XVI of the Constitution of the State of Texas be amended so as to read hereafter as follows:

"Section 62. (a) The Legislature shall have the authority to levy taxes to provide a State Retirement, Disability and Death Compensation Fund for the officers and employees of this State, and may make such reasonable inclusions, exclusions, or classifications of officers and employees of judicial districts of this State as it deems advisable. Persons participating in a retirement system created pursuant to Section 1-a of Article V of this Constitution shall not be eligible to participate in the Fund authorized in this Subsection except as provided by Section 63 of Article XVI of this Constitution. Provided, however, any officer or employee of a county as provided for in Article XVI, Section 62, Subsection (b) of this Constitution, shall not be eligible to participate in the Fund authorized in this Subsection, except as otherwise provided herein.

The amount contributed by the State to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the State.

"All funds provided from the compensation of such person or by the State of Texas for such Retirement, Disability and Death Compensation Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States; or in such other securities as are now or hereafter may be permitted by law as investments for the Permanent University Fund or for the Permanent School Fund of this State, under the same limitations and restrictions imposed by the Constitution for investment of those funds and subject to such regulations as the Legislature may provide. However, a sufficient amount of said Fund shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund.

"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such legislation shall not be invalid by reason of its anticipatory character."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on the first Tuesday after the first Monday in November, 1957, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment amending Subsection (a) of Section 62, Article XVI of the State Constitution, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."

"AGAINST Subsection (a) of Section 62, Article XVI of the State Constitution, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."

**Asian Influenza**

Epidemic of Asian Influenza is certainly lay siege to us fall and winter, according to the Texas State Health Department.

It is possible to make this preventable because the State Health Department laboratory has already identified the specific virus in throat specimens from several patients. More specimens are being secured and some of them will undoubtedly yield the virus.

Immunity against this type of influenza is being rushed into production and will probably be ready in quantity by mid-September. A goal of 60 million doses is to be reached by February.

At the national picture, it is feared that the disease has already made serious inroads. More than 1000 cases have been diagnosed in the various states. Seven persons have died of flu or its complications. Surgeon General Burney has publically announced the strong probability of a large scale outbreak within the next few months.

It appears to be a brand new virus of the family of influenza which perhaps closely related to the one which caused the world-wide epidemic at the close of World War I. It started first in Hong Kong in the early spring, and June had spread over the continent into India.

Asian influenza, this is a highly communicable strain. Symptoms include a sudden fever lasting from

**Social Security**

Persons who are under age 72 and receiving social security payments should notify the Amarillo Social Security Office immediately if they expect their earnings for 1957 to be more than \$1200. The law states that a person who has earnings, from wages or profits from a business, of more than \$1200 cannot receive social security payments for all months of the year: Each over \$80 over \$1200 in earnings causes the loss of one month of social security payments. John R. Sanderson, Manager of the Amarillo Office, states that many people have the wrong im-

pression that they can earn \$1200 before the loss of payments, regardless of how much their total earnings for the year might be. He points out that a person earning \$150 per month does not go over \$1200 until September but that the total earnings of such a person for the year, being \$1800, causes the loss of 8 months of social security payments. Thus if this person waits until he has actually earned over \$1200 before he notifies the Office that he is working and has his checks stopped, he will have been overpaid for 4 months.

This work provision, Sanderson adds, applies to all earnings from wages and business profits, regardless of whether the earnings are covered by the Social Security Act. The provision applies to anyone receiving social security payments while he is under age 72, including the worker himself, his

wife, widow, children, or dependent parents.

Senator Lyndon B. Johnson, summing up activities of the present session of Congress as it approached an end, said Sunday that all the bills passed during the session the most important to Texas were those that dealt with water.

"Water is the most important issue before the people of our State," Senator Johnson declared in his weekly radio report to Texans. "Every dam, every flood control project, every irrigation project is insurance for the future and an investment in the future."

The Senator gave examples to back up his contention that the most important single thing that can be done for Texas is to produce a workable plan for developing the State's water resources.

"The other day I received a memorandum informing me that Texas now has the world's largest synthetic rubber plant," he observed. "That plant is on the Texas Gulf Coast because of water."

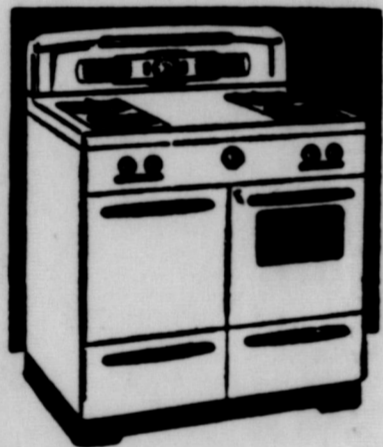

"Texas is the world's largest producer of cotton, beef cattle, and other farm products. But Texas cannot hold those records unless we learn to control our water supply."

"Our cities are booming. They grow larger every day as people from other states are attracted by the opportunities we have to offer. But those cities will shrink to villages if we cannot find adequate supplies of water."

Thirty-one wheat varieties have been listed by the USDA as undesirable and will be discounted 20 cents a bushel in price support rates on the 1958 crop. County agents have a list of these varieties.

## LEGAL NOTICE

THE STATE OF TEXAS

**TO: Leroy Sherwood,** if living, but if dead, his heirs and legal representatives if any, and Sam W. Sherwood, if living, but if dead, his heirs and legal representatives, if any, and all persons claiming any title or interest in the land hereinafter described under deed heretofore given to J. A. Sherwood, deceased, as grantee Defendants, Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 16th day of September 1957, at or before ten o'clock A.M. before the Honorable District Court of Wheeler County, Texas, at the Court House of said County in Wheeler, Texas.

Said Plaintiff's Petition was filed in said court, on the 5th day of July A. D. 1957, in this cause, numbered 4702 on the docket of said court, and styled, Jas. R. Reneau, Et Al Plaintiffs, vs. Leroy Sherwood, Et Al Defendants.

The names of the parties to the cause are as follows: Jas. R. Reneau, J. D. Akin, O. C. Evans and O. H. Hamer are Plaintiffs and Leroy Sherwood, if living, but if dead, his heirs and legal representatives, if any, and Sam W. Sherwood, if living, but if dead, his heirs and legal representatives, if any, and all persons claiming any title or interest in the land hereinafter described under deed heretofore given to J. A. Sherwood, deceased, as grantee, are Defendants.

A brief statement of the nature of this suit is as follows, to wit: Suit in Trespass to Try Title wherein plaintiffs allege they are the owners in fee simple of All of the East 1/2 of the Northwest 1/4 and the Southwest 1/4 of the Northwest 1/4 of Section 23, Block 13, H & G N Ry. Co. Surveys, Wheeler County, Texas, containing 120 acres, and that on the 15th day of June, 1957 the defendants who are those persons first named in this writ and to whom it is directed unlawfully entered upon and dispossessed these plaintiffs of such premises and withheld from them the possession thereof. Plaintiffs also claim title under deeds conveying the above described land, which deeds have been at all times duly recorded in the Deed Records of Wheeler County, Texas and have had peaceable and adverse possession under such deeds for more than twenty-five years prior to the filing of this action. Plaintiffs pray that defendants be cited to appear, and that plaintiffs have judgement for title and possession of the above described land as is more fully

shown by Plaintiff's Petition or file in this suit. If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Wheeler, Texas, this 22th day of July A. D. 1957 (SEAL) ATTEST: RENA SIVAGE, Clerk, District Court, Wheeler County, Texas. 34-4c

Architect's Drawing: New Home Office, Kiwanis International, Chicago, Illinois

## KIWANIS TO BUILD NEW HOME OFFICE

Construction of a permanent home office building in Chicago at a cost of nearly a million dollars will begin late this winter, the president of Kiwanis International, Mr. H. Park Arnold, Glendale, Calif., announced recently in Chicago during the organization's late-summer Board meeting.

The new building, which will be headquarters for the international service group, will occupy property at the corner of Rush and Erie Street on Chicago's near north side. The site is one block west of the city's famed "Magnificent Mile," and about five blocks north of the Chicago River. The building will contain approximately 35,000 square feet of floor space in a ground level, a first level, and a second level.

The building will be of modern, light construction air conditioned throughout. Its exterior will be composed of dark opalescent imported granite & textured, light Georgia marble, with enameled marble with enameled extruded aluminum plasters & plate glass windows. A ground level, landscaped court & parking area will share the rear portion of the property. Provision will be made to enlarge the building by constructing a multistory shaft of office space above this court as the need arises.

The new building is designed to provide facilities for the administration of approximately 7000 Kiwanis clubs, the organization's 1956 goal. (Nineteen hundred and sixty-five will be the 50th anniversary of Kiwanis International.) Currently, there are 4400 Kiwanis clubs and approximately 251,000 Kiwanis members in the United States, Canada, Alaska and the Hawaiian Islands.

The site for the Kiwanis home office was purchased last year when it became evident that the continued enlargement of the service organization and the necessity for an ever-increasing staff was causing Kiwanis to outgrow its present quarters at 520 North Michigan Avenue. Headquarters personnel number 125.

Architects for the Kiwanis home office building are Mielke and Smith, of Chicago. Consultant is Mr. Leon Chatelain, Washington, D. C. architect, who is President of the American Institute of Architecture.

"Construction of this new building is Kiwanis' declaration of faith in the future of Chicago, of the U. S. and Canada, and the people who have built this organization into a 251,000 man force for good," Arnold said.

Kiwanis, now in its 43rd year, was founded in Detroit, Michigan. The organization has maintained its general offices in Chicago for 38 years.

The new home office building will also serve as headquarters for

Key Club International, a Kiwanis-sponsored high school boys' service organization numbering 37,000 youngsters in 1700 U.S. and Canadian high schools, and Circle K International, a college level men's service organization with more than 3500 members in 165 college clubs.

## C of C Notes

By DICK GUYNES, Sec.

A good meeting of the C of C at Nora's Cafe Tuesday eve August 20.

Harry Wofford brought an address in which he emphasized the importance of complete cooperation of all the citizens of a community in any worthwhile project that benefits the entire citizenship.

He paid tribute to the individuals who are giving their time and money in working for a successful Wheeler Free Fair.

Bro. Merritt contrasted the difference in appearances and businesses in Wheeler from the time he located here in 1935 and the present time. It was a revelation to most of those present when he gave facts and figures on the progress that had taken place in that interim of time.

All the business done pertained to the Fair and the cleanup afterwards, the cleanup will take place Monday, September 2nd all who can or will should be on hand to help Monday being a holiday there should be plenty of help, as we want the gymnasium and grounds to be ready for the school to open and generous thanks to the school board for consent to use the school property for the use of the Fair.

### SOIL TEST AIDS SOIL BUILDING

Crops trying to grow on mineral deficient soils are like people on a strict diet — they get hungry.

Now, it may be practical for an overweight person to go on a diet to reduce, but no one wants to reduce crop production. Yet, that is exactly what happens to crops that grow on soil that is lacking in minerals, warns W. F. Bennett, extension agricultural chemist.

But the crops are not the only things that suffer from this condition, says the chemist. These sick crops cause mineral hunger in livestock. This produces poor livestock, giving poor gains and poor stock products — it even tends to promote livestock disease.

Mineral hungry crops and livestock produce food that may cause a deficiency in our own body, says Bennett.

The average man has about three pounds of calcium (limestone) in his body. Children need lime for strong bones and good teeth. These strength-providing minerals are important to the human body.

So, the chemist advises fertilizing for more and better crops that will produce more and better livestock, liming, in some areas, is especially needed now to offset the leaching that resulted from the hard rains of April and May. A soil test should be made to determine the exact needs.

Soil that is well supplied with minerals — especially calcium and phosphorus — is essential for maximum productivity of top quality crops, concludes Bennett.

rate. However the school district is using the 25% figure instead of the 32% figure used by the city in determining the amount of the rendition.

Last year the school district had a total valuation of approximately \$1,831,000. The new valuation will be approximately \$400,000 higher or about two and a quarter million dollars. Last year's tax rate was \$1.35. The rate for this year has not yet been set.

A spokesman for the board stated that the need of more tax money was not caused by the teacher salary increase or the transportation of pupils as these two items are at State Schedule in the district. The increase is needed for building repair, maintenance of physical school plant, improvements to buildings and library and laboratory facilities of the school. By next year complete chemistry, physics, and biology laboratories must be part of the school's physical plant. At the present there are only basic parts of the labs available.

Hearing on the proposed budget for the Wheeler district will be at the regular board meeting on Thursday, September 5.

### VHMCP FINDS LOAN MONEY

Home seekers and builders in small communities around the nation have found mortgage loans accessible by using the facilities offered by the Voluntary Home Mortgage Credit Program. By using the VHMCP, more than 30,000 families throughout the nation who otherwise might not have been able to secure financing, have been successful in obtaining loans from private lenders. Established by Congress in 1954, VHMCP's job is to put prospective home buyers and builders in remote areas and small communities in touch with lenders who have funds available for Government-insured loans.

In spite of the tight money market, the new 5 1/4% interest rate on FHA loans is sufficiently attractive to enable VHMCP to obtain private financing to meet the needs of all qualified borrowers.

VHMCP's services are available to all persons in small communities and to members of minority groups anywhere. All applicants for obtaining home loans with VHMCP's assistance must certify that they have been denied loans by two local or reasonably accessible lending institutions.

Anyone wishing descriptive information and application forms may secure both by writing C. J. Hermann, Executive Secretary, Region XIII, Voluntary Home Mortgage Credit Program, 114 Commerce Street, Dallas 2, Texas.

The exhibits, supplied mostly by local people were a center of attraction during the open house at the school building. The afternoon program at the Legion Hut was highly recommended and enjoyed by those attending.

The evening business session was well attended and new officers were elected for the coming year. Carroll Adams was selected to serve as the new president. Jack Garrison was named vice president. Helen Franklin will serve as secretary, and Ida Mae Goad as treasurer.

It was voted at this meeting to hold the reunion on alternate year, that is the next one will be held here in 1959.

The planning committee for the 1957 reunion, comprised of: Nelson Porter, Harry J. Garrison Jr., Alvern Hampton Hutchison, Curtis Ashley Moore, Ida Mae Martin Goad, Mary Noah Wofford, Maurine Herd, Supt. A. E. Brown, and Virgil Jamison; are to be compensated for the excellent program prepared. The entire assemblage moved along as per schedule throughout the day even through the wonderful house parties held in various homes throughout Wheeler on Saturday evening. Many of these running into the wee small hours of the morning, thus signifying their enjoyment.

Plans call for a weekly meeting with Coach Boynton covering the game played the Friday night preceding and a short report on the upcoming game. The session will then go into a question and answer period with members asking the coach questions about games played & coming up. Light refreshments are planned for each regular meeting.

Anyone desiring membership is requested to contact David M. Britt. All pastors will be given honorary membership in the club. The organizational meeting to be held on Monday night, September 2, will follow the first week's workout with the boys. Coach Boynton will be present to give a preview of the coming season, discuss rules and violation changes and give an insight to the style of play to be expected this year. Anyone interested that has not yet paid their dues and officially become a member of the club is invited to attend this meeting of members and get in the boat.

### "Dino" Final —

(Continued from page one)

rely relieved that Dino had spent four years away from them—even though in a Reform School. Now their son is home.

Dino's thirteen-year-old brother, Bill Green, already had found his ambition: to be a miniature Dino. He belonged to a gang of teenagers who idolized his older brother, and offered the perfect temptation to continue the pattern already begun. Fortunately there were people like the parole officer, Bruce Taylor, the psychotherapist, W. A. Tasker, the director of the Settlement House, Shirley Miller, and a sixteen year old girl, Tillee Green, who wanted to help Dino readjust to life.

Other teenagers of the neighborhood are Nancy Brown, Sonora Jones, Georgia Pond, Dorothy Hall, Buck Holcomb, Kay Parsley and Garth Nash.

Mike Vaughan, in giving an outstanding portrayal of "Dino," is certain to capture the sympathy, love and admiration of the audience. Bill Green, who did a remarkable job of entertaining in "Wilbur Takes His Medicine" and "Tartaric Acid," is back in a role everyone will love and enjoy. Although Dino is hard and bitter toward the world, it is easy to see the affection he shares with his younger brother.

Here is a story that will be long remembered, one that is full of humor and bitterness which is overcome by love and understanding. Plan now to attend "Dino" on Tuesday, August 27 at 8:15 in the school gymnasium.

## WHEELER MEN PLAN TO ATTEND CONFERENCE

Two Wheeler men, P. L. Farmer and Harry Wofford are among 500 Texas Baptist men planning to attend the first National Conference of Southern Baptist Men in Oklahoma City, September 18-20, registration officials said in Dallas.

The conference is expected to attract 8,000 men from 42 states. Theme for the three-day session will be "Free Men Through the Ages," emphasizing personal liberty and freedom of religion.

A colorful dramatization depicting great moments of dedication in the lives of martyrs and heroes of faith will open the meeting. It will reflect the place of Baptists in the struggle for religious liberty.

Other features of the conference will include vocational seminars, addresses by outstanding laymen and special exhibits.

Awards of merit will be presented to six men who have rendered distinguished service to the denomination.

Conference meeting will be held in Oklahoma City's Municipal Auditorium, three neighboring churches, the Baptist Building and the YMCA.
