RATTLERS TAKE MUSTANGS 12-0

The Stinnett Rattlers again proved to be too tough for the Mustangs. They controlled the situation only after injuries forced the Mustang quarterback, Harold Crossland to leave the game late in the third period. The first half was close. The entire game was a battle from start to finish. This is the first defeat for the Mustangs since they last met the Rattlers in 1956.

The Mustangs threatened in the second stanza when they drove to the Rattler 12. However, two incomplete passes and a penalty forced the ball to change hands and stopped the threat. At the half the Rattlers were on the Mustang three but were unable to score before time ran out.

Every Texas County Represented In Big Farm Show At State Fair

By ROY RODDY

State Fair Agriculture Writer

Folks nostalgic for the country fairs of yesteryear with their mass displays of cotton, grain, vegetables, fruits and other farm produce will find much to cheer reminiscence at the State Fair of Texas Show alone. So the Fair has settled for mass displays of the major crops of the state's twelve Agricultural Extension Service Districts, those departments under which the county farm and home demonstration agents serve. In this way, every Texas county will be represented.

That's a pretty large order, even for an exposition as big as the State Fair. To fill it properly, the State Fair would have to give all its 187 acres to the Agriculture Show alone. So the Fair has settled for mass displays of the major crops of the state's twelve Agricultural Extension Service Districts, those departments under which the county farm and home demonstration agents serve. In this way, every Texas county will be represented.

And the cotton, grain, vegetables and fruit will be there in abundance, just as if the Fair had tilted Nature's cornucopia and let the green and golden harvests pour into the exhibits. The exhibits will reveal the amazing bounty of Texas' good earth.

Shown from the Panhandle will be wheat, grain sorghums, sugar beets, alfalfa, Irish potatoes, fruits and vegetables; the South Plains, cotton, sorghums, alfalfa and corn; the Plains, cotton, beef cattle, and grain sorghums; the North Texas, dairy products, swine, cotton, small grain, sorghums, corn and beans.

Major crops of Northeast on display will be livestock and vegetables; of the Big Bend, sheep and wool, mohair, alfalfa, vegetable long staple cotton; of the El Paso, goats and mohair, beef cattle, grain sorghums, grains and poultry; and Heart of Texas, cotton, peanuts, corn, grain sorghums, tables, peaches and pecans.

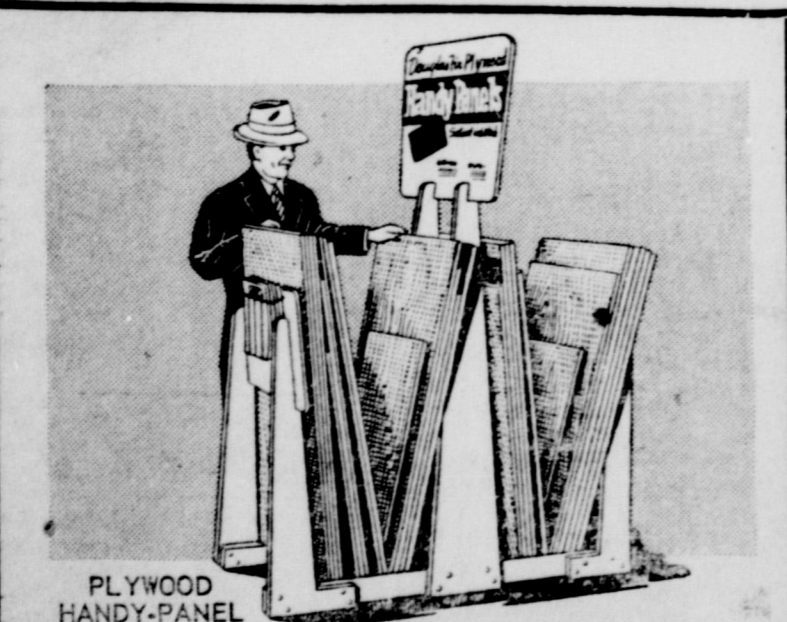

Other districts will include Piney Woods with its forest products, broilers, beef and dairy cattle, vegetables and swine; Texas with its flax, broom, poultry and beef cattle; the Coast with its rice, cattle, and vegetables; and the Grande Plains with their fruit, vegetables, grain and cotton.

Mr. and Mrs. Frank McMillen of Amarillo spent Sunday with the McIlhaney's.

Mr. and Mrs. Lee T. Boyd is here visiting in the Lee home.

LOST BOY

Dry those tears, Sonny. The Law has brought you home.

But when you're grown up, don't get lost then—for the Law won't be able to bring you home!

Sure, grown-ups often get lost. They choose the wrong road, they take the wrong turn, they depend on the wrong ideas, they seek the wrong aims. And some of them get lost again and again.

Why can't the Law bring them home, too? Well, when a grown-up gets lost he generally does a lot of harm to himself and others. And then it's the job of the Law to protect people from the harm he is doing.

But, Sonny, when you grow up you're not going to get lost. We have thousands of churches for youngsters like you—and for your parents, too. Churches teach us to find ourselves before we have a chance to get lost.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his children and nation. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

south of Ernest Lee Hardware immediately following the parade. Arrangements have been made by Jack Garrison, C. J. Meek, and Bryan Swain. Prizes will be awarded in divisions and also the best dressed, best trained, and most unusual pets.

The Kids Day celebration is an annual affair sponsored nationally by Kiwanis Clubs. In Wheeler the interest has grown each year and a bigger and better Kids Day is expected this year. An added attraction to the affair this year is the Terrapin Derby, which will be staged after the parade in the intersection by the Bank. All kids, regardless of age, are invited to get a terrapin and enter the race. Three prizes will be awarded in this event.

Mr. Burgess reports that all committees have done an excellent job with the arrangements this year and many interesting entries are being prepared. Come to Wheeler Saturday morning, September 28 and enjoy the fun of Kids Day with us. Frank Wolford, president of the Wheeler Kiwanis Club, invites.

tual ceremony will be held on the morning of the 3rd, and a noon luncheon will be served those in attendance. The festivities will close at around 1:30 p.m. so that those who must go on to Minot can get on the road. Sounds like the boys in S. Dakota have made plans to have a real impressive opening of the new stretch of road.

Lyle Swigert, Secretary of the Minot Chamber of Commerce reports to us that things are shaping up very nicely for a good convention there on the 4th and 5th. He tells us that the Clarence Parker Hotel in Minot will be the Convention Hotel; all business meetings will be held in the Gold Room; that we must individually make our own hotel reservations; that registration of the delegates will be made on the morning of the 4th; that the convention will come to order after lunch on Friday and the first business session will close Friday afternoon at about 5:00 p.m.

A social hour and banquet will be next with Gov. John E. Davis of N. Dakota and Mr. A. W. Wentz, the new Highway Commissioner, in attendance. The next business session will start on Saturday morning with the meeting to be over at noon or thereabouts. All delegates will be released then to start the trip home on Saturday afternoon.

amounted to \$37, making a total of \$87.00 less expense of meals, lodging, paper, etc. of \$38, leaving a profit of \$49.00 to add to their fund, which is used to purchase needed equipment for 4-H projects.

Bob Martin, 4-H member of the County Wide Club and 4-H Council Co-chairman, was crowned King wheat producer of the state of Texas 4-H members by Gov. Price Daniel. Bob received a watch and fifty dollars in cash as award for the champion wheat sample entered in the 4-H division of the show. P. A. Martin, Bob's father, received the Grand Champion Wheat King Award, which makes two years in a row he has received this award and as far as the Tri-State records show he is the only person to do this. Mr. Martin received a big trophy and \$50 cash award as well as being crowned King Wheat Producer for the state of Texas for 1957. Mr. Martin said he hoped to repeat this honor again next year.

Mr. Martin and Bob's wheat, both dry land crops, were of the Comanche variety, which is a very good bread baking variety. The wheat is judged on appearance, which is based on plump grains, uniform kernels, cleanness, color and free from other seed, and is also tested on its milling ability and baking ability. The county 4-H durum boar and the top place will be exhibited in the Tri-State Fair 4-H Swine Show and placed as follows: Bob Martin, owner of the 4-H boar placed fifth and Larry Don Henry of Twitty placed eighth with his gilt.

Wheeler Quarterback Club

At the regular meeting of the Wheeler Quarterback club last Monday evening Coach Louis Boynton discussed the game with the Rattlers. Many questions were asked the coach who was able to answer each in turn. A film of the Sugar Bowl game last January 1, Tennessee vs. Baylor, was shown.

Cecil Denson of Clay Food offered to buy the electric score board formerly used by McLean. It was agreed and the Quarterback Club agreed to move it to Wheeler and set it up. The new score board should be in operation by the start of the conference season here next Friday night, October 4. Coach Boynton also pointed out that a school could be placed on the suspended list and refused recognition in conference play because the fans mistreated the officials.

The Quitaque Panthers will tangle with the Mustangs here on Friday night, October 4, to open the conference season. The Panthers have a good team and may spring some surprises, although their record is not too impressive.

The Mustangs who have been on the injured list are expected to be ready for play by the time the conference season opens, a spokesman for the team said this week.

INSPECTION LAW CHANGED

Richard Brock, Motor Vehicle Inspection Patrolman, stated in his visit to The Times Office this week, that the vehicle inspection law had been changed. A full seven and one-half months has been allowed for the securing of the 1958 stickers. These inspection stickers will be valid until April of 1959, Mr. Brock said.

It is imperative that motorists respond more quickly this year to the appeal for the inspections as the station making the inspection must pull one wheel at least and inspect the brake drum and lining as well as checking lights, horn, wipers, etc. If the brake linings or brake drums are worn too badly they must be replaced or repaired before an inspection sticker can be placed upon the vehicle, Mr. Brock added.

The additional work necessary in issuing a sticker requires that motorists co-operate by coming in early for their inspections. Stickers for 1957 must be on all vehicles by April 15, 1958, Patrolman Brock said.

Those attending Eastern Star 'Friendship Night' in Borger last Tuesday evening were Mrs. Sam Thomas, Mobeetie; Mr. and Mrs. Al Thomas, Myrtle Lane, Mrs. Buster Black, Mrs. Bowen, Mrs. Chester Lewis, Mrs. Willie Mae Wegner and Mrs. C. B. Kirk.

FISHING LAW NOW REVISED

A new Sports Fishing Law which increases license fees, became effective September 1. The additional will enable the Game Commission to increase program by about 25 percent will generally benefit the interested in better fishing.

The new law states that it shall be unlawful person to fish in any of this state without first a fishing license, according to Cooper, wildlife conservationist.

The exceptions to this Cooper, are persons under over 65 years of age; or member of such person's immediate family when fishing property he owns or occupies; and persons with trotline, throw line, ordinary pole or line having or other winding device fishing in the county of license. No other fishing shall be required of a person who holds a commercial license in this state, adds the law.

The new law differs from old one in ways besides points out Cooper. Besides law, the new one is amended with the type of license used. Another difference is the license fee is \$5 for Texans and out-of-state anglers. The new law which requires water anglers to be licensed, charges a lower fee to out-of-state anglers. The law also provides for reciprocal licensing with some of our neighboring states, concludes Cooper.
