WHEELER GETS 1.31 INCHES OF RAIN

Sunday night rains in this area made a long-delayed appearance. 1.31 inches fell during the night and early Monday morning.

The rain was welcomed by most farmers. However, the cotton, sorghum and grain farmers were a little "put out" by the delay in harvesting their crops. Rain gauge records kept at the First State Bank in Wheeler gives the following rainfall in Wheeler for the past nine months:

Jan. 70; Feb. 1.20; Mar. 4.10; Apr. 5.18; May 7.42; June 1.16; July 1.82; Aug. 3.04; Sept. 1.0; Oct. 6.131; Oct. 7.18.

A total of 26.65 inches rainfall was recorded for the past nine months.

WILLARD VISITS TIMES

Mr. J. E. Willard, farmer east of Wheeler, was a pleasant caller at the Times office when in town Tuesday. He said he just wanted to introduce himself and welcome the new editors. He said the recent rains were fine for the wheat farmers of the area and that so far those who are ready to harvest feed crops haven't been delayed too much. The cotton gathering will be a little slowed up but so far there hasn't been enough rain to damage the nearly ready crops. Mr. Willard said he was fortunate enough to have an early feed crop and that he was through harvesting, and that he had been over his 12 acres of cotton one time before the rain.

Members of the four Federated clubs of Wheeler were hosts to a dinner Wednesday evening, Oct. 3 at Nora's Cafe, honoring Mrs. A. J. House, Yoacum, Texas and Mrs. Robert Lindsay of Borger.

Mrs. House is State President of Federated Clubs and Mrs. Lindsay is president of the Seventh District of Federated Clubs.

Mrs. R. Wm. Brown opened the evening's program by reading messages from the Mayor of Wheeler, the Wheeler Chamber of Commerce and the President of Kiwanis Club welcoming Mrs. House and Mrs. Lindsay to Wheeler. The letters also told Mrs. House of their appreciation of the worthwhile work Wheeler Federated clubs have done for the betterment of the community.

Mrs. Brown then presented the greetings of all Wheeler clubs to the visiting State officers. She said, "We are indeed honored that you would include Wheeler on your long and busy schedule of visits, since we are so few in number. We only have a combined membership of 80."

Mrs. Harrison Hall sang "The Golden Key" and was accompanied at the piano by Mrs. Sylvia Lee. Mrs. Hall received a very cordial invitation from Mrs. House for her to attend the State Board and President's Rally to be held at Houston Nov 3 through 6 and sing for the group.

Mrs. Lee furnished soft music as a background to the gathering and getting-acquainted period preceding the dinner.

Mrs. Lindsay, who has visited in Wheeler several times in her official capacity as State officer, spoke to the group of the work of the various clubs within the Seventh District. She told the group that Mrs. House had served in Federation for 35 years having held many offices and used her countless talents always for the progress of Federated club work in her home state. Mrs. House has traveled the length and breadth of the United States and most European countries. She has visited almost the entire membership of Federated clubs in Texas since becoming State president. Mrs.

Lindsay accompanied her on all the visits she has made in the Seventh District.

Mrs. House is a most remarkable speaker. She didn't address the group, she spoke as one hard working member to another. She said that there are only two things required of Federated clubs. They are: First having a worthy purpose and using all available woman power to achieve a worthwhile goal and secondly, the prompt payment of dues. She went on to say that the aim of this administration is to attain abundant living through service.

The Oriental Scholarships made possible by gifts of money to the "Living Cossage" fund by various clubs is a subject dear to Mrs. House. She and her husband started the project in memory of their daughter. Three such scholarships were used last year and three more are being used this year by foreign students.

She told of the completion of the "Cows for Korea" project paid for by members' pennies. \$2800.00 worth of Hereford cows were shipped to Korea in July.

The president also explained two new departments of work in Federation. The study of other religions of the world and home development. She said, "Remember, we leave this world empty-handed but for the service we have rendered." She closed her remarks by quoting a lovely poem "Hold High the Federation Light."

Mrs. House is an accomplished musician, singer and composer. She has composed a song and music especially for the administration this year, "Hail Federation." The meeting closed with the group gathered around Mrs. House at the piano and all singing her song. The proceeds from sales all go into the scholarship fund.

Wheeler clubs presented Mrs. Lindsay with a gift and to Mrs. House they gave a large bouquet of gorgeous roses and \$13.76 for the "Living Cossage."

The banquet room and U-shaped table was beautifully decorated with fall foliage and roses of every shade from Wheeler flower gardens.

Rediscover America

COLUMBUS DAY • 1957

Yes, it's time to rediscover America — the land of freedom, opportunity and progress. Time, too, to discover that freedom, opportunity and progress have many enemies — right here in our own country. Enemies who say the government should be in business, should provide our medical care, should control the education of our children. Rediscover America — and the American Way of Life — before socialism traps you and your children.

Have Your Car Inspected NOW!
at any of these OFFICIAL STATE MOTOR VEHICLE INSPECTION STATIONS

Richard Brock, Motor Vehicle Patrolman says it is imperative that motorists respond more quickly this year to the appeal for the inspections as the station making the inspection must pull one wheel at least and inspect the brake drum and lining as well as checking lights, horn, wipers, etc. If the brake linings or brake drums are worn too badly they must be replaced or repaired before an inspection sticker can be placed upon the vehicle. The additional work necessary in issuing a sticker requires that motorists co-operate by coming in early for their inspections. Stickers will be valid until April of 1959.
