### GOODRICH SEEKS RE-ELECTION TO DISTRICT POST

Lewis M. Goodrich, of Shamrock, who filed for re-election January 1 makes the following statement:

"The condition of the court dockets is the best evidence I have to offer in my race for re-election as your District Judge," said Lewis M. Goodrich of Shamrock as he opened his campaign in the Thirty-first Judicial District which embraces Gray, Roberts, Hemphill, Lipscomb and Wheeler Counties.

"I realize the average voter is not familiar with the duties and responsibilities of the District Judge's office, and I would like to suggest that the minutes of the respective court clerks offices would supply this information," said Judge Goodrich.

"It is important in passing on the qualifications of a District Judge, for instance to find if he has kept his dockets current, and also what his record is on reversals from the higher courts. I respectfully submit my record in that regard: the dockets are in good condition and the appellate courts have reversed a very small percentage of our cases tried."

"I have devoted my time and very best efforts in performing the duties of District Judge, and feel the experience gained during these years has qualified me to serve you better in the future. I feel my years of experience have matured, enlightened and mellowed my senses and temperament to the point I am better qualified to follow the law and see that justice and right are done."

Judge Goodrich is 60 years old and has spent 52 of these years in this Panhandle District. He hopes he may continue to serve his neighbors and friends in this district until he has reached the retirement age of 65, as set by the Statutes.

Judge and Mrs. Goodrich (who was the former Lora Griffin, of Tulsa, Texas) have lived at Shamrock since their marriage in 1923, with exception of the World War II period, when Mrs. Goodrich was in charge of the Ration Board at Tulsa, and Judge Goodrich was on active duty in the U. S. Navy. They have one daughter, Mrs. B. K. (Mayon) Neel, whose husband is County Attorney of Menard County, Texas. They have two grandsons, Ben Neel, age 11 and Gregory Neel, age 9.

Judge and Mrs. Goodrich have been active in church and local affairs over the years. Mrs. Goodrich having been active in Sunday School and Parent-Teachers work. Judge Goodrich served 6 years as District Attorney of this District from 1933 through 1938, when it was composed of only four counties. He had practiced law for 19 years before the assumption of duties of District Judge. He is a veteran of both world wars, having volunteered in early part of 1942 and served 39½ months in the Pacific Area during World War II as an enlisted man.

### Weems Files For County School Post

Geo. A. Weems authorized the Times to announce his candidacy for County Superintendent of Public Schools of Wheeler County.

In a statement made to the Times Mr. Weems said, "I take this pleasure of announcing to the voters of Wheeler County my candidacy for the office of County Superintendent of Public Schools."

"I have been a resident of Wheeler County for 28 years. More than twenty years of the time I have been a teacher in the schools of the county."

"I feel that I am adequately prepared for the position, and if elected your County Superintendent, I promise to serve you in the very best way I can."

"Your vote and influence will be greatly appreciated."

### PETTIT IS CANDIDATE FOR COMMISSIONER

In announcing as a candidate for commissioner of Precinct 1, I regret very much that Mr. Frank Lee didn't get to complete the term he was elected for.

A little more than two years remain of his term. I would be most happy to serve as commissioner for that time.

I think of a commissioner's duties not as a precinct but as an entire county affair.

I have lived in Wheeler county since 1917 and feel that I am qualified for the office.

I will appreciate your vote, your influence and your help and I will act, if and when elected, as I have always acted in the past.

### O. W. Pendleton Candidate For County Commissioner, Pct. 2

O. W. Pendleton authorized The Times to announce his candidacy for re-election to the office of County Commissioner of Precinct No. 2 of Wheeler county.

Speaking of his candidacy Mr. Pendleton said "I wish to thank the people of Precinct No. 2 and Wheeler county for their loyal support the past three years. I have tried to serve to the best of my ability the interests of all the people and have learned many things of value during my term of office. Should you support my candidacy and cast your vote for me in the July democratic primary I pledge my sincerest efforts to continue to discharge the duties of County Commissioner of Precinct 2 to the best of my ability."

Mr. Pendleton is well and favorably known throughout the county having lived in this area since 1916. In addition to his term as County Commissioner he has served eleven years on the Wheeler Independent School District and Sandy Basin School Boards.

Those from Wheeler enjoying a swim in the Shamrock pool Sunday were: Dot and Linda Hall, Bill and Tillie Green, Jim Jolly, Loretta Clay, Donna Sue Ford, Sandra Jones, Connie and Butch Farmer, Bobby and Terry Vanpool, Paul Hardin, Patsy Burgess, Dennis Wilford, Nancy Brown, Heene Moore, Charles and Dean Newberry.

Mr. and Mrs. J. W. Hooker had as guests this week, Mrs. Mattie Kissinger from Vancouver, Washington, also her son Dale McCoy of Vancouver.

### Joe Taylor Is Candidate For County Judge

J. C. (Joe) Taylor, 33-year-old Shamrock resident, threw his hat into the political ring this year when he announced his candidacy for the office of County Judge of Wheeler County.

Mr. Taylor, who has been physically handicapped since the age of 12 years, was severely burned in a kerosene explosion at that time and in 1938 had his right leg amputated. He only has limited use of his right arm as a result of the accident.

He attended grade school at Wheeler for three years. Because of the explosions and resulting injuries, Mr. Taylor's school work was postponed for four years. He graduated from Briscoe high school in 1940. He attended West Texas State College, Canyon from 1940 to 1945 where he majored in the study of government and minor in business administration. While attending school he also worked in a cleaning establishment to pay his expenses. He lacks one semester hour having his degree.

He later farmed in the Wheeler community until moving to Shamrock 2½ years ago where he has operated a filling station and has been employed as a car salesman.

Mr. Taylor is the son of Mrs. Verna Taylor, 715 So. Main, Shamrock with whom he lives, and the late W. H. (Bill) Taylor. Mr. Bill Taylor was democratic precinct judge at Briscoe for more than 20 years. When he died in 1954 the family moved to Shamrock.

"My greatest desire is to serve the people of Wheeler county as judge," Mr. Taylor said. "I seek the office not merely because I need employment, but because I feel fully qualified to handle all the duties connected with it. I have always been interested in county government and in business. That is why I chose those two subjects in college."

"I believe in an economical operation of government affairs, and if the good people of Wheeler county see fit to elect me as county judge, I will do my best to serve them in a way that they will get the most out of their tax dollar."

Mrs. Neva L. Myers returned from a visit with Mr. and Mrs. M. F. Sprowls, of Farwell, Texas.

Mr. and Mrs. Wilbur N. Killebrew of Canadian, Texas and Mrs. Maud Wayland of Sand Spring, Okla. visited with Mrs. Grayce K. Davidson Friday of last week. Mrs. Wayland will be back for a more extended visit after a few days with her niece, Mrs. Killebrew.

Ray Siegmund of Ft. Stockton was in Wheeler Wednesday, transacting business.

Percy Farmer went to Pampa Wednesday morning.

Bill Blakley

### THE STORY OF BILL BLAKLEY

The story of Bill Blakley is the story of Texas! . . . He was born 59 years ago while his parents were crossing the plains of Missouri on their way to homestead a quarter-section of land in Oklahoma territory.

During his boyhood in the Arapaho country he "worked out" and by the time he was fourteen he was earning a cowhand's wages.

This rugged existence instilled in young Bill a determination to education himself - to have a career. On graduating from high school he enlisted in the Army in World War I. After the war he came to Texas and began earnestly to learn from "the books" - and the knowledge he acquired enabled him to become a certified public accountant and a lawyer - self-taught and self-made.

Bill Blakley's success in many fields - accounting, law, farming, ranching and business - never caused him to forget his humble beginning or lose his love for the saddle. The great out-of-doors still beckons him and the spring and fall roundup at his "rocker b" ranch west of San Angelo nearly always finds him putting in a full day's work with his cowhands.

Bill Blakley has never sought to attract public attention or acclaim. He has always worked quietly and unassumingly in behalf of worthwhile projects whose

purpose is to improve the mental, spiritual and physical health of humanity. These have included organizations dedicated to medical, agricultural and education research.

He is married to his high school sweetheart, whom he refers to as "My Bill".

Bill Blakley has been a Democrat all his life. Last year, when his vote was the difference between Democratic and Republican control of the U. S. Senate, he upheld the Democratic leadership and prevented a Republican majority from taking over.

In public speeches in various sections of Texas - before entering the Senate race - Blakley declared his in a strong constitutional government, founded upon state sovereignty and separation of powers in the national government.

He believes that a return to our traditional concepts of government is essential if individual freedoms are to be maintained, preserved, and passed on.

A vote for Blakley is a vote for freedom of individual initiative; freedom to work, to think, to pursue happiness - under a government in which a majority of the people must always determine the destiny of this Nation.

None of them ran for re-election after being exposed. They were also dropped from the insurance companies pay-roll. Were they being paid as lawyers or as State Senators? Ask Mr. Blakley.

Mr. Nokes who is running against Lt. Governor Ramsey, on a six station TV broadcast said fourteen of our senators were paid \$94,000.00 before the insurance racket was broken up.

None of the big Dallas lawyers have gone to jail, they are setting back and letting the little boys take the rap. The dimes paid into the Yarborough fund by laborers are chicken feed, compared to the millions being spent by the Dallas GANG.

# SPORTS

By Carroll Killingsworth

The White Sox, struggling to gain top spot in the Pee Wee League, downed the Sheriffs 12-7 with Wiley making three runs for the Sox. Trimble started and was the winner, Vanpool took the loss. However, the Thunderbirds, not willing to give any ground to the threatening Sox, squeezed by the Sox 13-10 to maintain a one game lead. The two teams will meet one more time and the Sox must win to cinch a tie with the 'Birds. Goad crossed the plate three times for the winners, while Wiley, Goad and Ross tallied twice each for the Sox.

The amazing Monroe Page, continuing his bid for Most Valuable Player award, gave up singles to Sims and S. Waters and went on to defeat the Giants 17-10. Page also collected two singles and a double in four trips to the plate and raised his league leading batting average to .697. J. Hefley had a home run and double in three times at bat for the Marshalls. The Giants, threatening with seven big runs in the fourth, were shut out cold in the fifth as Page rose to the occasion and struck out the first three batters to face him.

In the second game, the Giants had a 12-7 lead over the Marshalls going into the fourth inning, but the never-say-die Marshalls rallied for five hits and nine runs in the fourth and went on to win 15-14 in what one observer said was "The best ball game I ever saw". McCasland connected for a single and double in the big inning with Barber, Gaines, and Page getting the other singles. The Giants opened by pushing across twelve big men in the first inning on seven walks and two doubles by Watson, two singles by Waters and a single by Shaw. The Marshalls couldn't get going until the fourth, and then brought home enough to win. The Marshalls need one more victory to cinch a tie for the pennant and two more victories or two Giant losses or combination of two wins and two losses would give the pennant to the hard fighting Marshalls.

On the brighter side for the Giants, S. Waters allowed a double and a single to Jolly and struck out ten to gain a 11-7 decision over the Rangers. Watson had a

double and two singles while Ruff hit a double and single to be the big men at the plate for the Giants. M. Hunter had a double and scored to retain his lead in scoring the most runs with 25.

## Harry Wofford Seeks Re-election To Office Of County Clerk

Harry Wofford has authorized The Times to announce his candidacy for re-election to the office of County Clerk of Wheeler county.

In declaring himself a candidate for this office, Mr. Wofford said, "It is my desire to continue to serve you as your County Clerk. Through the years we have endeavored to give you the type of service to which you are entitled. The records have been kept neat and orderly as is possible for us to do.

"We have micro-filmed the records and stored a negative in a conditioned vault in Hudson, New York, as a precaution against destruction of the Court House and records by fire or the elements.

"If my service in your behalf meets with your approval, I will appreciate your voting for me, and assure you that if I am returned to the office of County Clerk, that I will continue to lend my every effort to render the best service possible.

## Insects Reported In County Cotton

County Agent Bryan Swain says cotton insects have and are causing limited damage over the county and that all farmers should make checks every three to five days for insects in their cotton.

Swain said most of the present damage is being caused by fleahoppers, grasshoppers and boll worms, and in checking for these the farmer should notice the terminal growth.

The Texas Guide for controlling cotton insects are available in the county agents office.

# Wheeler County May Decide District Judge's Race . . .

Friends of District Judge Lewis Goodrich believe he will be re-elected IF WHEELER COUNTY VOTERS GIVE HIM THE MAJORITY TO WHICH HE IS ENTITLED.

There are five counties in the 31st District, and Gray County (home county of Judge Goodrich's opponent) has almost as many votes as the four other counties combined. It is the custom of many voters to favor a candidate from their home county in a district race, regardless of his qualifications. And thus many Gray County voters will doubtlessly vote for Judge Goodrich's opponent ALTHOUGH A MAJORITY OF GRAY COUNTY LAWYERS AND OTHERS FAMILIAR WITH COURT PROCEDURE ARE PUBLICLY SUPPORTING JUDGE GOODRICH.

## Goodrich's Home County Must Back Him Strong

Wheeler County friends of Judge Goodrich point with pride to his outstanding court record, citing the fact he has had the smallest number of reversals from higher courts of Texas. He has a judicial mind, clothed with temperance and mercy. His ability has never been questioned. He will continue to make a splendid servant of the people - - humble, honest fair and appreciative. HE CAN BE RE-ELECTED IF WHEELER COUNTY PILES UP A BIG MAJORITY.

Tell your neighbors and friends to re-elect this deserving public official. HELP GET OUT THE VOTES FOR JUDGE GOODRICH SATURDAY.

Palmer Sivage, popular Wheeler County resident, announced his candidacy for re-election to the office of County Treasurer.

In making his announcement, Mr. Sivage made the following statement to the voters of the county:

"It has been a pleasure to serve you as County Treasurer in the past and I would like very much to be returned to the office so that I can continue as your public servant.

I want to express my sincere appreciation for your making it possible for me to obtain the office and for the co-operation and support given me since I was elected.

When I first submitted my candidacy for County Treasurer, I told the voters I was seeking their support on my qualifications and not because I am not able to get around as well as most people. That is the way I still feel about it.

"I have stayed on the job and served to the best of my ability in every way. I feel that I have filled the position to which I was elected in an efficient manner.

"My contact with the public has enabled me to make many new friends, and for this I am happy and grateful. I feel that the experience I have gained in the office, will make it possible to serve you even better in the future.

## Wheeler County Voters Have A Big Job Ahead

...IF YOU EXPECT

TO RE-ELECT ...

# Grainger McIlhenny State Representative Pampa Daily News Is Opposing Him

This California-owned newspaper which has such strange ideas about the Public School System of Texas, has called for the defeat of Grainger McIlhenny and the election of its candidate which The Pampa News say "wants to keep the individual free from the clutches of a power-hungry, despotic government."

Gray County has more potential votes than Wheeler and Collingsworth Counties combined. Johnny Campbell of Pampa who is running against Grainger McIlhenny is well liked in Gray County (in spite of The Pampa News effort to control his thinking) and will pick up some votes in Wheeler and Collingsworth Counties. Too few people know of the wonderful, outstanding record Grainger has made at Austin.

It is up to the friends and supporters of Grainger McIlhenny here in his home county, whether he is re-elected. If we will all work hard in these remaining few days, it is possible we can build up a big enough lead in his home county to elect him.

This is an appeal to every voter in Wheeler County. Are you going to let Gray County defeat us in every election that comes up? Are you going to let them beat Grainger McIlhenny just because they can't control his thinking? He has made a wonderful record and deserves to be re-elected. Please talk to your neighbors and friends and ask them to go to work also.

**... seeks promotion**

**BRUCE PARKER**

**BRUCE PARKER SEEKS DISTRICT JUDGE POST**

Bruce Parker filed for a place on the ballot in the July 26 Democratic Primary for Judge of the 31st Judicial District of Texas.

Parker, county judge for eight years, said he was seeking the promotion on a platform of integrity, qualification and experience.

Parker has held public posts for 12 years in Gray County. He was elected county attorney in 1944, served for four years and was elected county judge. He held that post four years, was out two years, and has been county judge again for the last four years.

Parker lives with his wife, Wilsie, and three daughters, Phyllis Ann, 16, Pamela, 8, and Debora Kay, 5, at 1202 E. Browning in Pampa.

Judge Parker came to Gray County in 1930, after graduating from the University of Texas Law School and has lived in Pampa since that time.

He has 16 years experience as a practicing attorney.

He says, "I have served for 12 years as county attorney and county judge and am now asking the voters of Gray County and the other counties (Roberts, Wheeler, Hemphill and Lipscomb) of the 31st Judicial District of Texas to promote me to district judge."

"I have tried to do a good job as a county official and have enjoyed especially working with the youth of this county. I expect to continue to work with youth as most of the criminal cases handled by the district court involve youths 17 to 21 years of age."

"I shall continue to work on every county enterprise which is for the benefit of children."

Parker received wide recognition for his precedent-shattering curfew on the youths of Gray county last year. His move was discussed pro and con by some of the country's largest newspapers. He has since been called on to discuss juvenile problems before many organizations ranging from clubs, P. T. A. groups and churches to state-wide conventions.

Parker said, "I am supporting no particular candidate, and do not intend to, to fill the post I am vacating."

"If elected to the District Judge office," he stated, "I expect to maintain my office in the district judge's office in the Gray County Courthouse, where I shall be available at all times I am not holding court in the other counties of the 31st judicial district."

Parker holds three college degrees and has worked on his PhD. He holds a Bachelor of Arts Degree from West Texas State College, Canyon, a Master of Arts Degree from the University of Texas, Austin, and a Law Degree from the University of Texas Law School, also at Austin.

Parker grew up on a ranch in Lipscomb County and attended a country school. He also went to school in Higgins.

Judge Parker was admitted to the bar of the state of Texas in 1930. He is a member of the State Bar, Texas Bar and Gray County Bar Association.

Parker said, "I invite the voters of Gray, Lipscomb, Hemphill, Roberts and Wheeler Counties to check my record as judge of Gray County and on the basis of this record I ask them to promote me to the office of District Judge of the 31st Judicial District Court, which is made up of these counties."

"My record will reveal that I believe in the strict enforcement of

Ernest Henderson, candidate for Commissioner of Precinct 4, this week issued the following statement to voters pertaining to his candidacy: "I am 43 years of age and have lived in Wheeler county since 1918. We make our home on our farm seven miles northeast of Twitty.

"Era Jo and I have two children. James will be a senior student at Texas Tech in electrical engineering and Lee who finished Shamrock high school last spring will be a student at Southwestern University this fall. She will study music and religious education.

"I served 13 years on the school board, 14 years on the Canadian Production Credit Board of Directors. I also served on the Gin and Hospital Board of Directors.

"I have had experience in bridge work and in the maintenance of roads, and since I live in the country I am naturally interested in the roads of the precinct and county. I feel my experience on various boards in the fields of finance and civic affairs should prove helpful in carrying on the business of the precinct. If elected I pledge myself to handle the affairs of this precinct on a strict business basis and to maintain the roads in the best possible way at a minimum expense.

"I want to thank the people of this precinct for the friendly manner in which they have accepted me in this campaign in both their homes and places of business. I would also like to thank my opponents, Dean McMurry and Loran See, for a fair and friendly race.

"I would appreciate the opportunity of serving the people of Precinct 4 as their county commissioner."

rich, not very interested in politics as a rule. But John Q. Poll-Tax-Fayer is the most important man in Texas this week. With a few strokes of his pencil Saturday, he'll decide who'll be who in Texas for the next two years or more.

When John Q. glances down the ballot, he may see a number of names he's never heard of. He'll guess, scratch his head, wonder which names "sounds best," finally shrug, make a mark and go on.

Such a possibility gives office-seekers the cold shakes. For fear their names may yet be unknown to some, they'll try to be everywhere at once this week.

Nobody can positively predict what John will do. Past records show that some years he feels liberal; some years, conservative. And some years, both ways at the same time.

Jeff Turner was in the office Saturday and renewed his subscription to the Times. Sure seems like a swell fellow.

If hard work is the key to success, most people would rather pick the lock says Dudley Callan.

In looking through the old files we noticed that Charles Grimshaw vocational agriculture teacher at Wheeler high school, has lived in Wheeler a year this week. Reckon he's a full-blooded Texan by now. He was originally from New Mexico.

Man when in the wrong is inclined to lay the blame on someone else - like the small boy standing on the cat's tail, who explained to his mother, "I'm not pulling its tail, I'm only standing on it. He's the one who's doing the pulling."

Mr. and Mrs. Joe Rogers and family vacationed last week in Oklahoma City, visiting relatives and friends and Pauls Valley. They enjoyed a trip to Plyatt National Park and Hunter Falls.

**ALMOST COMPLETED:** Construction of the new building which will house the Ernest Lee Hardware is almost complete according to Lloyd Lee, owner of the firm. Lee started moving furniture into the new building Monday. However, it will take several weeks to complete the move he said.

**ERNEST LEE HARDWARE TO  
MOVE INTO NEW BUILDING**

Construction of the building is complete Lee said. "Nevertheless it will take us several weeks to complete the move, because of the tremendous inventory we have on hand."

The new building, located next-door to the present location of the Ernest Lee Hardware is 125 feet long with a 50 ft. glass front and 24 ft. of glass on the south side. The building is heated with Reznor forced air heaters and is cooled with 4 huge 5800 cfm evaporative air coolers.

The display room is 50 by 95' with the office located in the rear. The building is equipped with two rest rooms and has a new, decorative awning out in front.

The old side walk in front of the building has been replaced and steps added to make the sidewalk more accessible from the street.

Lee said the "old building" will be used as a display for new and used furniture.

Lee was careful to point out

that the new building will not change any of our customer policies. "We will be the same old store in a new location," he said.

Wheeler Church Of Christ

Wheeler First Baptist Church

Wheeler Nazarene Church

Mobeetie First Baptist Church

Rev. P. E. Yarborough, brings the message of the week in the twelfth of a series of commentaries by ministers of the area, and presented on this page through the cooperation of the firms and individuals listed below.

THE HOUSE OF GLADNESS

The Psalmist said, "I was glad when they said unto me, 'let us go unto the house of the Lord'".

Manifestly this is testimony. Here is a man who has known personally the benefits of attending divine services "in the house of the Lord". These benefits have been so good and impressive that he feels that he must tell other about them. That is what he is doing here.

To this testimony of the Psalmist there could today be added the testimony of multiplied thousands who like him, have experienced the vast benefits of going regularly to the house of the Lord for worship and meditation upon the mercies and blessings of the Lord. It is quite too late to challenge the fact that "The Lord is good. His mercies endureth forever". But there are many people who do not know it because they have never thought about it or put God to the test as the Psalmist had done. So his testimony becomes a challenge to put God to the test to find for oneself the amazing values of worship and devotion.

To be sure God is everywhere and can be found everywhere by those who seek Him truly and with the whole heart. But people who do not first find God in His house where "prayer and praise are wont to be heard" seldom find Him anywhere. And the greatest tragedy that anyone can ever know is not to know God as one's personal Saviour and Lord.

The easiest and best place to find God is where His people are at worship and are in communion with Him. And that is the place of which our Psalmist here speaks, "the house of the Lord". And to maintain regular and devoted attendance at the church of one's choice is to come increasingly to know the gladness of which the Psalmist speaks.

### PATROLMEN INVESTIGATE 215 ACCIDENTS

Highway Patrolmen investigated a total of 215 accidents during the first six months of 1958 in the Pampa substation area comprised of Donley, Gray, Hansford, Hemphill, Hutchinson, Lipscomb, Ochiltree, Roberts and Wheeler Counties, Sergeant E. G. Albers Jr., announced today.

Of the above total, 8 were fatal accidents, 64 personal injury accidents and 143 property damage.

Sergeant Albers reported a total property damage of \$173,166.00 with 109 persons injured and 12 killed. This is an increase of 28 accidents and increase of 3 deaths for the same period last year.

Albers said the Patrolmen in his area contacted 5,881 drivers during this period for the following violations: D. W. I. 33, Speeding 3,081, Improper Passing 234, Defective Equipment 1,349, Wrong Side of Road 159, Disregard Stop or Warning Sign 561, and all other violations 464.

"During the vacation months, thousands of motorists are on the highways, and too many of them are intent on cramming as much activity as they can into one brief vacation," Sergeant Albers said. "The result is often tragedy."

He cautioned vacations to be on their guard against speeders, drinking drivers and drivers who disregard traffic laws. Traffic accidents take no vacation, so to stay safe, step up your vigilance on the roads, and slow down and live.

Sergeant Albers also urged all motorists to check the expiration date on their driver's license to see that it has not expired. Patrolmen in this area are going to increase their activity in regard to drivers' license checks.

### Everyone Served By Department Of Agriculture

City people have a vital stake in affairs of the Texas Department of Agriculture just as much as farmers and ranchers, Commissioner John C. White said this week.

"Every housewife, businessman or worker is somehow served by nearly all the duties of my department. We keep every grocery store scale accurate, check proper measures on gasoline pumps, make certain that printed weights on all food stuffs are correct as well as maintain sound and economical policies that protect all phases of agriculture."

The 33-year-old White predicted a sweeping re-election victory in the July 26 primary based on his observations during a just-completed 1,600-mile tour of Central, North and West Texas.

"You can't argue with successful policies that have made Texas first in the South in modern farm services," White declared. "People assure me they want to keep an efficient administration in office."

Citing recent gains in agricultural work, White pointed out that the Texas Department of Agriculture services have been increased as much as 300% on many programs without making constant demands for new tax money.

Born and raised on North Texas tenant farms, John White was head of the Department of Agriculture at Midwestern University, Wichita Falls, prior to his election to office. He won re-election over two opponents in both the 1952 and 1956 campaigns and was unopposed in 1954.

Dwight Tipps of Briscoe is spending this week in the home of his grandparents, Mr. and Mrs. Roy Herd.

Good morning and how do you do, citizens and friends of precinct no. one in Wheeler County.

**BILL BLAKLEY**

Texans like a public official who is independent in his thinking and doesn't have to account for his actions to anyone except the voters themselves.

William A. Blakley is such a man. Of his race for U. S. Senate, the *Port Arthur News* says: "He entered this race by his own decision. He is beholden to nobody. He doesn't have to promise special interest groups anything and he wants to represent all of Texas, not any political splinter or fragment or faction above the rest."

A vote for Bill Blakley on July 28 is a vote for returning to Washington a man who will truly represent Texas.

**Hibler And Tacker Register For Annual Texas Music Camp**

Two students from Wheeler are among the more than 200 who already have registered for the sixth annual West Texas Music Camp, slated Aug. 4-15 at West Texas State College.

They are Kitty Hibler and W. A. Tacker Jr.

With more than 200 already signed for the camp, only about 60 places remain open, according to David L. Kaplan, camp director. Enrollment is limited to approximately 300 high school musicians from the Tri-State area.

Kaplan has announced that with the registration of several string students, an orchestra will be added to the camp's musical groups, which include three concert bands, a "reading" band, a choir, and twirling ensembles.

The addition of strings instruction this year marks the first time an orchestra has been formed for the camp. The strings students will be organized and directed by John Tesovnik of Bakersfield, California, where Tesovnik is an orchestra director for the public schools. Tesovnik has attended the camp previously for special courses.

Mrs. Charlotte Brantley, principal violinist for the Amarillo Symphony, will teach private lessons in strings. The orchestra and soloists will perform at the camp's solo and ensemble concert Aug. 13.

**KOTHMANN SAYS 'TAKE POLITICS OUT OF OFFICE'**

Glenn H. Kothmann, candidate for agriculture commissioner, believes that politics should play no part in operation of the agriculture commissioner's office. Accordingly, he has made this his campaign theme:

"Take politics out of the agriculture commissioner's office."

Kothmann, a 30-year-old livestock man and legislator from San Antonio, feels his wide background and experience in the livestock field and agriculture together with service on all the major agriculture committees of the Legislature qualify him for the post he seeks.

He has pledged himself to "serve all areas of the agriculture and livestock business in Texas, from the producer to the consumer."

He says also:

"I believe the office of agriculture commissioner ought to be people of Texas. To do this, generated for the benefit of all the people must be put ahead of partisan political considerations."

A native of San Antonio, Kothmann was educated in the San Antonio public schools. He graduated from Texas A&M in 1950 with a degree in agriculture.

He is in the livestock business with his family who have been a well know hill country livestock and ranch family for more than 100 years. The Kothmanns have operated from offices in the San Antonio union stockyards since 1893.

While at A&M Kothmann was on the livestock judging and meat judging teams, and a cadet lieutenant colonel in the corps.

After graduation he was commissioned a second lieutenant in the infantry. Later transferred to the cavalry where he commanded Hq. Co. of the famed 112th Armored Cavalry Regiment. At present he is a captain in the Adjutant General's staff in Austin.

Kothmann belongs to the Texas Cattle Raisers Assn., the Texas Sheep and Goat Raisers Assn., National Guard Assn., Texas A&M Former Students Assn., the San Antonio Junior Chamber of Commerce, the Chamber of Commerce, the American Legion and the Texas Farm Bureau.

Mr. and Mrs. Robert Thurman and son, Danny of Perryton and Mr. and Mrs. Claude Crouch had dinner Sunday in the home of Mr. and Mrs. C. H. McCartney, Kelton.

**JUDGE PARKER**

Deserves A Promotion Because Of His Good Record As COUNTY JUDGE

**BRUCE L. PARKER BELIEVES**

1. That a judge should so live that his conduct will cause others to honor and respect the law.
2. That misconduct on the part of a judge will cause the general public to disrespect the law.
3. That a judge should never conduct himself so as to cast dishonor on the high office he holds.
4. That no judge should use his high office for improper purposes or as a shield from his own misconduct.
5. That no judge should accept financial assistance during his campaign as this will cause him to be under obligation and he cannot be fair and impartial in his judgment.

**VOTE**

Voting is about the only chance the average citizen has to express himself on the way our government is run.

That fellow who was not interested enough to vote should not complain about bad government.

Every citizen who does not value his right to vote should live for a while in a country which does not permit him to vote.

The desire to hold public office is not sufficient qualifications for any office.

He who serves best at home will be chosen to serve afar.

Remember, bad officials are elected by good citizens who do not vote.

**Geo. W. Hefley is Candidate For County Judge**

Geo. W. Hefley, successful farmer-stockman, is a candidate for County Judge in the Democratic Primary on July 26. He served as County Commissioner in Precinct 4 (Shamrock) several years ago and later as County Judge, retiring voluntarily. He entered the present race at the insistence of past supporters who felt there was need for an experienced business man and tried public official at the helm of the county government. The accomplishments of Judge Hefley's former administration were cited by friends as proof of his ability to operate the county efficiently and at minimum cost to taxpayers.

**R. W. Hamilton Closes Campaign With Statement**

The candidate who won endorsement by the lawyers of Texas for Place One on the Supreme Court finished his campaign this week with a simple statement to the people of Texas.

"The places on our highest court should be reserved for those who are best qualified by experience to serve," said Justice R. W. Hamilton in a statement from his Austin headquarters. "If, on that basis, my candidacy merits the support of a majority of the voters of Texas, I shall be pleased and grateful," he said.

Hamilton, who is Chief Justice of the Eighth Court of Civil Appeals, was named as the preferred candidate over two opponents, both from Houston, in a secret poll of lawyers conducted last month by the State Bar of Texas.

His 31 year experience includes private practice, and elected terms as County Attorney, District Judge, and his present position as Chief Justice to which he was elected without opposition.

Justice Hamilton's affiliations include membership in the Episcopal Church, American Legion, Elks, School Board, Boy Scouts of America, Executive Committee Judicial Section of State Bar, American Bar Association and American Judicature Society.

**Blakley Conducts  
Efficient Campaign**

William A. Blakley, Dallas rancher-lawyer-businessman who had never sought public office and was virtually unheard of in Texas politics a year ago, is now being credited with having conducted one of the most effective campaigns in Texas history in the race for U. S. Senator. So states James Blundell, Blakley's campaign manager.

Since announcing for Senator three months ago, an office in which he served with marked distinction in an interim appointment for four months in 1957, Blakley has traveled more than 12,000 miles and visited upwards of 200 towns and cities throughout the state. He has waged a campaign

of personal visiting and handshaking with tens of thousands of voters on courthouse squares, on the streets and in the stores.

A plain man, characterized "as Texas as a cowboy's saddle," Blakley has never outgrown the cowboy country background from which he launched his remarkable career. Born while his family was on the way to Oklahoma territory in a covered wagon, he was earning a cowhand's wages at 14.

He got hold of the books, taught himself accounting and became an accountant. He taught himself law and became a lawyer. Long years of hard work and sacrifice made him a successful businessman, rancher and lawyer, but he has never turned his back on his humble beginnings.

"I do not believe," he says, "that

**VanZandt Passes  
Half-Way Mark  
In Field Training**

FORT SILL, OKLA. — Cadet J. VanZandt, son of Curtis J. VanZandt, Wheeler, Texas, has now passed the half-way mark in his six weeks of intensive field training with the 1958 ROTC Camp at Fort Sill, Oklahoma, the U. S. Army Artillery and Missile Center.

The fourth week of training will be devoted to the "rounding out" of the Artillery officer. He will learn the finer points of artillery fire, and the allied subjects necessary for the maximum effective performance of an artillery unit; the use of survey instruments to accurately establish target locations; the employment of forward observers for fire on "hasty" targets; the employment of good communications, and the selection of positions for firing.

He will witness several demonstrations, presented by the Department of Materiel, US Army Artillery and Missile School, which demonstrates the characteristics and firing capabilities of all weapons employed in artillery units. Included in these weapons, will be the latest artillery weapons such as the Honest John Rocket and 280mm Cannon.

Training continues and the scope broadens, in the molding of a competent artillery officer, and leader in the United States Army.
