"Wheeler; town of friendship and pride."

Stock Show, Barbecue, Sale

By Louis C. Stas

The community suffered a loss Saturday with the death of Jim Wright. Jim was very active in the community, having served on several boards and served as the January 27 and 28. Master of Ceremonies for many community events over the years.

- cwe -Our sympathy to the family. - cwe -

The event for this week is the Junior Livestock Show scheduled for Friday and Saturday, followed by the Barbecue and Sale.

- cwe -Take some time to attend the show and watch these youngsters show the results of several months of hard work.

- cwe -It is time once again for nominations for Outstanding Man, Woman and Employee to be recognized at the annual Chamber of Commerce Banquet.

- cwe -The Chamber always seeks your nomination for this recognition because the most deserving people are sometimes in the 'background' and working without recognition. So, lets have your input. You need to get word to the Chamber very soon.

- cwe -The banquet has been set for Saturday, February 25, 2012. - cwe

February is birthday month for family. Birthday greetings are extended to Cathi Gillette on Wednesday, February 1.

- cwe -The weekend was spent in OKC with Seth and Jennifer. Joining us for the evening meal Saturday was The Fishers, The Musaes, Glen Meriwether and Suzv Musae.

— cwe — Cards were played Monday evening with Mike and Barbara winning the first two games. Patsy and I avoided a skunk by winning the second game. - cwe -

STORM REPORT

As Reported by . . Stormie Meriwether, Second Grade Student

Dear Friends, Everything is Class we are doing songs from song. That is a fun class!Karate gible is very hard and I love it! We do exercises at a bar like in ballet. We learn to do kicks. I haven't kicked anyone yet.My book, War Horse is so exciting. I want to read all the chapters, but my mom says only one a night.My dad helped me learn about simple machines for my science project. He is a good teacher. The knife is an upside down lever. That's a little strange.We had snow! It was beautiful! I played outside and my fingers almost froze off! It was great! Now the snow is gone and everything is muddy. On Monday we didn't go to school. It is Chinese New Year. It is the Year of the Dragon. That is a good year! We learn Chinese in my school. "Ni hau" My dad is almost ready for his Stem Cell. I hope he will be brave. That's it.

She was taken tunity to see this effort come to fruition appeared two years ago when the PRPC applied for; then received a grant from the Federal **Emergency Management Agency** (FEMA) to cover 75% of the cost of building and implementing a regional notification system. The Amarillo Area Foundation generously provided \$100,000 to support a large portion of the non-FEMA funded system costs, with the PRPC providing another \$24,000 in support. Together, these grant funds and contributions have now made it affordable for every jurisdiction in the region to maintain notification capabili-

The system has been in the design-build stage for the past year and will be officially unveiled beginning January 16. A regionwide media campaign will begin on that date to encourage residents throughout the Panhandle to "Resolve to Be Ready' by registering their contact information into the new regional system. Why is this important? The more contact points that residents enter into the system, the more likely they are to receive a notice when time is of the essence. And, it's important to note that any information entered into the system belongs to the individual that provided that information. Nobody else can see it or use it for any other purpose other than for notifications. They system simply knows to send a call or text message to the cell phone, email address or home phone number entered by a reg-

istering resident. With the reliance on cell phones growing, it's more important than ever that critical information be conveyed in a mobile environment. Panhandle residents are active and they're not always around a radio, TV or warning siren when emergency notices are issued. However, if that same notice can also go out to a cell phone, this will increase the odds that the message will reach its intended audience no matter where

the audience happens to be. The regional "Resolve to Be Ready' campaign is being carried out in conjunction with FEMA's national Resolve to be Ready campaign. Throughout the 6week regional campaign, KAMR will be airing segments, hosted by only this new regional system but also provide residents with helpful information they can use to better protect themselves, their families and their communities.

As a first step toward personal preparedness, residents should "Resolve to Be Ready' by logging onto www.R2BeReady.com to register their contact informa-

tion, along with the contact infor-

Stewardship Sign-Up Date Extended

USDA Natural Resources Conservation Service (NRCS) has extended the cut-off date for the current Conservation Stewardship Program (CSP) ranking period to January 27, 2012.

Producers who maintain a high level of conservation on their land and agree to adopt higher levels of stewardship are eligible for CSP

"We want to make sure that people who want to be considered for CSP during this first ranking period have the time they need to complete their applications," said NRCS State Conservationist Salvador Salinas.

"CSP is a very popular program and I encourage interested producers to apply at their local NRCS office as soon as they can.'

CSP is offered in all 50 states, tribal lands and the Pacific and Caribbean areas through continuous signups.

Administered by NRCS, CSP provides many conservation benefits including improved water and soil quality, enhanced wildlife habitat and conservation activities that address the effects of climate

"There are currently a lot of **Annual Banquet February 25**

strong conservation efforts in the state and this program lets us recognize those producers and reward them for doing a good job," said Salinas. Notice of Availability of Electronic Communications

Wheeler — Under a new law, chief appraisers of county appraisal districts, appraisal districts, and appraisal review boards may communicate electronically through email or other methods with property owners or their designated representatives. Written agreements are required for notices and other documents to be delivered electronically in place of mailing.

How does it work? Certain guidelines must be followed for this local option communication:

> Written agreements with the county appraisal district must be entered first, ensuring what electronic means of delivery are acceptable. If you are interested in receiving communications in electronic format, you should contact your local appraisal district.

> Public notice regarding the availability of agreement forms authorizing electronic communications may be published in a newspaper of general circulation in the district on or before Feb. 1 each year, or agreement forms may be delivered on or before Feb. 1 each year to property owners shown on the certified appraisal roll for the preceding tax year.

> The chief appraiser may determine the medium, format, content and method to be used for electronic communications other than notices required by Section 25.19 of the Tax Code, which are prescribed by Comptroller rule.

A decision by the chief appraiser not to enter into agreements may not be the subject of an appraisal review board protest, a lawsuit or a complaint to the Texas Department of Licensing and Regulation.

By this we know that we love the children of God, shine down upon you and his when we lvoe God, and keep his blessings flow thru you and the commandments. For this is the peace and love of God be with love of God, that we keep his commandments: and his commandments are not grievous. For whatsoever is born of God overcometh the wold and this is the victory that overcometh the world, even our faith. Who is he that overcometh

the world, but he that believeth that Jesus is the Son of God? This is he that came by water and blood, even Jesus Christ; not by water only, but by water and blood. And it is the Spirit that beareth witness, because the Spirit is truth. For there are three that bear record in heaven, the Father, the Word and the Holy Ghost: and these three are one. And there are three that bear witness in earth, the Spirit, and the water, and the blood: and these

three agree in one. I John 5:1-8 This is the day which the Lord hath made; we will rejoice and be glad in it. Save now I beseech thee, O Lord: O Lord, I beseech thee, send now prosperity. Blessed be he that cometh in the name of the Lord; we have blessed you out of the house of the Lord. God is the Lord, which hath shewed us light: bind the sacrifice with cords, even unto the horns of the altar. Thou art my God, and I will praise thee: thou art my God, I will exalt thee. O give thanks unto the Lord; for he is good: for his mercy endureth for ever. Psalm 18:24-29

The weather in Allison, Texas on this Tuesday morning is beautiful. The sun shines and then it goes behind a cloud. But as of yet, it isn't windy and its mild outside. Really nice. There is predicted that Allison will receive rain this evening into Wednesday. That will be wonderful. Praise be to Jesus!!. Talking about the weather tho, Sunday was a terrible terrible windy day. This reporter was worried about their roof and trees and other things that could have been flying around. It was awful for sure. We were happy about the moisture we received tho, atho I think it began as mud balls. For the dust did blow for awhile before the rain came. Just thankful we didn't get any bad damage done to our house or trees. Thank the Lord for his protection and goodness to us. Praise the Lord!!

Seems like this year is really rolling along pretty fast. Before long Spring will be here and this reporter asked, where is winter?? Oh I know that we could still receive some winter but hasn't been a bad one yet as far as snow and ice. Thank goodness for the lack of ice. Besides the wind it has been a mild winter so far.

Please remember Vance Boydston in your prayers. He was to have surgery on this Tuesday but didn't have enough blood to be able to have it and also a bigger concern arose. He now has a mass on his spine that is affecting his bone marrow. His body is unable to make blood so he has to keep getting blood transfusions. And if this mass on his spine isn't taken care of soon, he could become paralayzed from

Another good thing can result from not getting in too much of a hurry. That is, sometimes while you're still "job planning," the need for the job, just simply goes away. In that case, you'll be really glad you never got around to starting! I've had several projects to turn out exactly like that. Just look at all the labor and mistakes avoided, with just a good dose of "procrastination." I'm sure there are a few "newly married" guys around here and need to take this to heart, or at least, think about it; could save them a lot of work and money. It'll also, give them more time to spend with their new wives. Turns out to be a good deal, all the way 'round.
