

# THE WHEELER TIMES

VOLUME 45 NUMBER 30

THURSDAY, JULY 3, 1968

SINGLE COPY 10¢

Approximately 540 farm ponds have been constructed in the Wheeler County Soil and Water Conservation District in accordance with specifications of the Soil Conservation Service for the primary purpose of providing water for livestock and to obtain better distribution of native and pasture grasses. Many of these farm ponds maintain a year round supply of water. These ponds have a very valuable secondary use for fishing and swimming. Some are suited for boating. If you have a permanent supply of water and the surface area is 1/4 acre or larger and has an eight feet depth over at least 25% of the pond area, you can get fish to stock your pond free of charge. Fish normally available are channel catfish, bass, crappie and bluegill. For further information, contact employees of the Soil Conservation Service in Wheeler, Texas.

## AUSTIN—As I See It

By Representative Malouf Abraham

This week has been more routine type of week in House while we have been watching and waiting in the Senate. Every day the changes. Last week looked like we would probably be done by the end of the week, and by about the middle of this week it looked like we would be having our Special Session, but there is a chance that will be done when you get this.

The Senate pretty well unglued for a couple of days arguing over the tax bill. The House sent over a bill and the Senate is now in a ranting and raving and vote switching. There are only thirty-one members, but one once of the consider votes, eleven of which changed their votes tonight. I am sure you will see some of it in the papers.

The Senate is arguing on the Mini-Bottle bill today. We have both the appropriations bill and the tax bill in conference committee. There are five members from each chamber and they sit around and try to work out the differences, but then both the House and the Senate vote to approve the compromise bill and that is where the fight gets hung up.

We have about ten new members for the Special Session and it makes up feel an old hand when one of them comes around to ask your opinion or for information. In spite of not being very happy with the way things are run down here, I think that we will turn out a pretty productive session. I feel like more of the members are beginning to see that there are ways to improve our State government. If the elections this year turn out like I think they will, I believe that next session will begin to show some legislation and on some improvement in State government.

## 15 MILES OF PIPELINE PLANNED NEAR WHEELER

Natural Gas Pipeline Co. of America, an affiliate of Peoples Gas, Chicago, announced it has contracted with Union Oil Company of California for an estimated 132 billion cubic feet of natural gas reserves in the Buffalo Wallow Field, Hemphill County, Texas. Availability from the committed reserves is approximately 18 million cubic feet of gas per day.

George P. Garver, NGPL president, said, "The Hemphill County reserves dedicated to Natural under its contract with Union constitute a valuable addition to Natural's gas supply." "These reserves," he added, "now in the initial stages of development, are already of substantial magnitude, and will undoubtedly increase significantly as further drilling is carried out."

NGPL filed an application on June 19 with the Federal Power Commission to allow construction of 15 miles of 12" pipeline from a point on the Company's Oklahoma Extension line three miles northwest of Wheeler City in Wheeler County, Texas, to the Buffalo Wallow Field.

Cost of the pipeline and appurtenant facilities necessary to deliver the gas to NGPL will be \$673,000, and the project would take about four months to complete.

At the same time, NGPL proposed to construct a \$1,200,000 gas treating plant in the area to remove non-hydrocarbon components from the Hemphill County gas.

The FPC application acknowledged that Hemphill County is presently undergoing extensive exploratory activity and NGPL will pursue its efforts to acquire additional large volume gas reserves in the area. The pipeline proposed by NGPL in the June 19 application would have sufficient capacity to allow for additional acquisitions as well as expected growth in the committed reserves.

## PICTURES TO BE TAKEN JULY 17

It is an undisputed fact that the responsibilities of tomorrow's world our nation and community will rest upon the shoulders of the children of today. Since this is true, the publisher of this newspaper would like to give you a good look at these future "World Builders."

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures they must all be of uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work will be here Wednesday, July 17th. Pictures will be taken at Nora's Cafe from 9:30 A. M. to 1:30 P. M.

No Charge to Parents

There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of this feature. Neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain a limited number by arrangement with the studio representative when they select the pose they wanted printed in the paper. It is entirely up to them.

The More Pictures The Better

This paper simply wants pictures of all the youngsters and the more, the better. So the mothers and fathers of the community in which this paper circulates should remember the date, Wednesday, July 17th and bring their children to the photographer.

You will be mighty glad afterwards, if you did and very sorry if you do not permit your children to participate in this event. The kiddies will have fun and both mother and dad and the youngsters too will be very proud to see their pictures in print later.

FIELD BORDER STRIP

Now is the time to start thinking of providing winter food and cover for game birds. A strip of Brown top miller, Prose miller, or Red Top cane (avoid using any allotted crop such as milo) around the edge of a field provides excellent food. It would be ideal to have these strips next to a shelterbelt or some similar protective cover. These plantings should be drilled and ought to be 16 to 20 feet wide. Seed the millet at the rate of ten pounds per acre at a one to two inch depth. The cane should be seeded at a rate of about 12 pounds per acre at 1 to 2 1/2 inch depth. Fertilizer should be added at the rate of 30 pounds of actual nitrogen and 40 pounds of actual phosphorous (30-40-0) per acre.

## Rites Read For Mrs. Jewel Barker

Mrs. Jewel Madlin Barker, 71, a longtime resident of Canadian, died Thursday in Edward Abraham Memorial Home after a lengthy illness.

Funeral services were Saturday in the First Presbyterian Church with the Rev. A.R. Vaughn from Tatum, N.M. officiating, assisted by the Rev. Bill Tims, pastor of the Assembly of God Church in Canadian.

Burial was in Canadian Cemetery by Strickley Funeral Home.

Mrs. Barker, a native of Kemp, had lived in Canadian since 1924. She was a member of the Assembly of God Church.

Survivors include her husband, Ingle; a son, Jim McMenes of Santa Clara, Calif.; daughters, Mrs. Sara Ramp, Mrs. Pat Popham and Mrs. Nona Hutchinson, all of Canadian; Step-daughters: Mrs. Dorothy Shewmaker of Iran; Mrs. Pat Stalcup of Tucson, Ariz.; Mrs. Sandra Holt of Farmington, N.M.; and Mrs. Elaine Langley of Mobeetie; a sister, Mrs. Pearl Kelly of Dallas; nine grandchildren and two great-grandchildren.

## MISS FASHION — 1968

Miss Fashion 1968 contest will be held in with the County 4-H Dress Revue on Wednesday, July 17 at 3:00 p. m. in the Wheeler High School Auditorium.

The Miss Fashion 1968 is a new division that was added by the county dress revue committee this year. Any girl between the ages 9-19 years that is a resident of Wheeler County is eligible to enter. She does not have to be a 4-H member. The girl entering will model a dress that she chose herself (either bought or made) and accessorized with shoes, purse and etc. She will be judged on fashion, accessories, modeling, and overall good grooming appearance.

There will be two divisions Junior 9-13 and Senior 14-19 years. If you are interested, please fill in this form and mail to the Extension office by July 12.

**KEEP CLEAN, KEEP COOL**

By Brenda Hofmann, CHDA  
If you want to keep cool  
these July days, be sure to  
keep clean. It's a fact that  
a "tepid" bath is one of the  
best ways to lower your own  
individual temperature, no  
matter what the weather. Not  
a cold bath, mind you, be-  
cause a cold bath sends the  
blood skipping through the

body at a rapid rate. On the  
other hand, a tepid or barely  
warm bath soothes the cir-  
culation and promotes peace-  
ful content.  
Allow the extra few min-  
utes every day for a second  
shower, or preferably for a  
tub bath which is even more  
relaxing. Just fill the tub  
with water at body tempera-  
ture, swish up some soap-  
suds lather and climb in for  
as many minutes as you can  
spare. That extra bath is  
needed for daintiness in  
hot weather, as well as for  
cooling off. Try to start the  
day with a bath, then have  
the other one before you  
start fixing the evening meal.  
Chances are that you will  
turn out a far more appetiz-  
ing meal for the family if  
you yourself, feel refreshed  
and fragrant and cool.

I thought I would share  
with you this cute poem on  
soap. It might sometime come  
in handy as a good hint!  
I think we all should drink  
a toast  
To soap used daily coast  
to coast!  
Soap not only gets us  
clean, But helps us on the  
social scene.  
Bathing in those fragrant  
bubbles  
Helps relieve you of your  
troubles;  
And what would happen  
to our duds  
If there weren't any laun-  
dry suds?  
What about our household  
chores  
Like windows, woodwork,  
dishes, floors?  
Without the soap to clean  
all these,  
We'd all be down with  
some disease!  
I don't think there is any  
hope  
Of our replacing good old  
soap;  
Our friend we should  
appreciate  
By taking time to cele-  
brate.  
A day for soap apprecia-  
tion  
Should be declared th-  
roughout the nation!  
I life my glass in grate-  
ful praise  
Of soap-filled nights and  
soap-filled days.  
If not for this renowned  
creation,  
We would be a dirty na-  
tion;  
Something with which I  
cannot cope  
Is a person who does not  
use soap.

**Sewing Workshop**  
**Held in Shamrock**

Five outstanding garments  
were completed by the Sham-  
rock women attending the  
Sewing Workshop held by  
the County Extension Ser-  
vice at the Shamrock High  
School this past week. In-  
formation given in the work-  
shop was as follows: Color for  
the individual; Fashion for  
today; New sizing patterns,  
Preparation of material; Mat-  
ching Material; Seams and  
finishes; Regular and unique  
zippers; Setting in sleeves  
Collars and the new Hong  
Kong hem.  
Helping Brenda W. Hof-  
mann, CHDA with the work-  
shop were Mrs. Darrell Hale,  
Mrs. Knox Walraven, Mrs.  
Milton Finsterwald, Briscoe  
and Brenda McCasland, 4-Her  
from Wheeler. Those attend-  
ing were Mrs. John Miller,  
Mrs. Margaret Miller, Mrs.  
Wallace Field, Mrs. Jim  
Standridge and Mrs. John  
Christner.  
Linda Weems is staying  
with Mrs. Jerald Crump and  
Margaret at night while he  
is attending guard camp at  
Ft. Hood.

Sewing machines may  
soon be as obsolete as buggy  
whips, with adhesives start-  
ing to replace needle and  
thread. Recently shown was  
an experimental wardrobe  
with no stitching whatever.  
Instead, the seaming was  
done with new special Ther-  
mogrip adhesive-anetwork  
of filaments which melts un-  
der heat to bond two fabrics  
together. This is safely  
washable, wrinkle-resistant,  
colorfast and almost inde-  
structible. Now used in "stitch-  
ing" raincoats, it may  
show up in durable press gar-  
ments and in inner construc-  
tion details.

**CARD OF THANKS**  
I wish to thank the nurses  
and doctors for their wonder-  
ful care during my stay at  
Parkview Hospital. Also  
thanks to those who sent  
cards and flowers and for  
their visits.  
**Merl Lamb**
