COMMUNITY IMPROVEMENT IS TOPIC

A JOB WELL DONE: The retiring president, Garland Abernethy, (left) receives a plaque from James Verden at the Chamber of Commerce Banquet Tuesday evening. Garland has done an outstanding job this past year in serving as the Chamber president.

A large crowd was in attendance at the annual Chamber of Commerce Installation Banquet held Tuesday evening in the school cafeteria. Speaker for the evening was Reagan Brown of the Agriculture Economics and Sociology Department at Texas A & M.

Jim Wright served as Master of Ceremonies for the evening. Guests at the Chamber banquet were introduced by James Verden, who presented the special awards.

Installed into office for the coming year were N. D. Ware Jr., president; Cecil Pierce, vice-president; and Lynda Wallace, secretary. Newly installed directors are John C. Vise and Stanley Jagers. Kenneth Carter, Garland Abernethy and John Manning are carry-over directors.

In addressing the people, Brown showed slides of some projects undertaken by small towns to improve their appearance and liveability. Brown informed the people there were four regional Chamber organizations where they might obtain help, but urged the com-

munity to do everything locally before calling for outside help.

Small towns should not quibble over their differences. Brown urged small town to work together for the betterment of the area. Watch out for the big towns—Dallas, Ft. Worth, etc.—they are the ones which will claim 600 little towns in Texas which are now dying.

Improve the appearance of the Town. Paint where necessary and tear down or do away with eyesores. Trashy areas and dilapidated buildings do not look inviting to someone hunting a place to settle.

Brown feels the near future will bring a move by the federal government to move the people out of the metropolitan areas and into the small communities such as Wheeler. If that time comes, lets make sure Wheeler is here to receive its share of citizens.

Garland Abernethy retired his post as president after serving one year. W. D. Mitchell's term as director also expired along with that of John C. Vise, who will serve a second term.

Dinner music for the evening was furnished by Cynthia Manning.

The cafeteria was decorated by Mrs. Laura Guthrie and Mrs. Mary Finsterwald.

Guests were at the banquet from a wide area of the country. Recognized were Vernon Lummus, North Hollywood, Calif., Bill Nix and Charles Wright of Canadian; Mr. and Mrs. C. B. Henderson, Bobby Calcutt and W. W. Wheeler of Kelton and Harry Frye, John Hinciar, Glenn Clifton, Jerry Barton, Seibert Worley, Mr. and Mrs. Carl Williams, A. C. Brown and Johnny Carman of Shamrock.

Mrs. Eula Bradstreet went to Shamrock Monday afternoon to see her sister, Mrs. Willie B. Tate, who fell and broke her pelvis and is in the hospital there doing as well as can be.

Inez Erwin and Georgia of Amarillo spent the week end in Wheeler visiting friends. They were supper guests of the Louis Stas's and spent the night with Ella Mae Evans and children. Inez has a job with Amarillo Savings Association. Georgia attends school at Lee Biveus and likes it fine.

PLAQUE PRESENTED: James Verden presents Joe Weatherly (right) with a plaque in recognition for his work in organizing and building the Beef Cattle Company Feed Yards located 3.5 miles west of Wheeler. It has been the policy of the Chamber in the past to recognize an outstanding farmer in the area; however the committee chose to honor Weatherly because of the economical affect the feedlot will have on the agricultural economy of the county. The plaque reads "... For Outstanding Contribution to Agriculture."

The plaque was presented Tuesday evening at the Chamber of Commerce Installation banquet.

JUNIOR HIGH TOURNAMENT SET

Wheeler Junior High School sponsor a basketball tournament this Friday and Saturday, January 23 and 24. The tournament will begin at 7 P. M.

Teams from Briscoe, Miami, Allison, McLean and Wheeler teams entered in the tournament. The finals will be held Saturday afternoon. The first teams to play will be Wheeler and Briscoe girls.

The girls consolation game will be at 4:15. Kelton and Allison boys will play at 5:30. McLean boys versus Wheeler boys.

The girls consolation game will be at 1:30 Saturday followed by the boys consolation game at 3:00. Finals will be at 5:00.

Admission for the games will be 50¢ for adults and 25¢ for students.

INSTALLING NEW OFFICERS AND DIRECTORS: Jim Wright, master of ceremonies for Tuesday's Chamber Banquet installed the 1970 officers. Standing (left to right) are: N. D. Ware, Jr., president, Cecil Pierce, vice president, and John C. Vise and Stanley Jagers, directors. Completing their terms on the board of directors will be Garland Abernethy, John Manning and Kenneth Carter.

COUNTY 4-H & FFA PIG SHOW SET FOR FEB. 13

Show Reminder- We need to remind 4-H and FFA members that we need your entry in for the Wheeler County Pig Show February 13. There will be a \$1.00 entry fee which will go into the prize money in addition to the Chamber of Commerce awards.

We're seeing an increase in hog projects. It's interesting to note that a recent economic study at A & M University revealed that an investment of \$100 by a hogman would produce nearly \$15,000 with a producer having 72 sows marketing 1300 hogs in the same time a cattleman in order to make \$10,000 is an investment of \$165, 300 mother cows and a calf crop weighing 500 or better. Both projects need the same labor

hours. This economic predicament is symptomatic of why we're seeing a reduction in cow-calf projects on our farms and an increase in hog set-ups.

ATTENTION HEARING CHECK FOR STUDENTS

Attention parents! Thursday, January 22, and Thursday, January 29, the Thursday Review Club will be checking eyes and ears in the Wheeler School.

This is a free service made possible with the help of professional nurses.

Word will be sent to the parents in a letter from the school at a later date if your child should need to see a doctor.

NANCY MOORE IS NAMED TO COMMITTEE FOR BENEFIT COMMITTEE

The Amarillo Alumnae of Zeta Tau Alpha Sorority will sponsor a bridge benefit and fashion showing Jan. 29 at the Villa Inn in Amarillo with Mrs. Preston Smith, wife of the Texas Governor, serving as honorary chairman.

Miss Nancy Moore of Wheeler, member of Delta Eta Chapter of Zeta Tau Alpha at West Texas State University, has been named to the hostess committee.

The annual affair will benefit the Children's Cerebral Palsy Center which is currently providing physical therapy and special education for 87 children from 22

Panhandle cities.

This spring construction will begin in Amarillo Medical Center on an expanded unit to be known as the Children's Rehabilitation Center. This unit will provide therapy for all Panhandle children with handicaps regardless of diagnosis.

The benefit will open with a 12:30 P. M. reception honoring Mrs. Smith to be followed at 1 P. M. with the presentation of internationally known designer Helen Rose and her collection of fashions for spring.

An afternoon of bridge will begin at 2 P. M. and close at 4 P. M. with the awarding of prizes for high, second high and low scores. Drawing for the door prize will precede the fashion show.

Tickets are \$2.50 and may be ordered from Mrs. Clyde Walter 4812 Andrews, Amarillo 79106. Reservations for bridge tables should be included.

Mr. Jim Helton, of Briscoe took his mother, Mrs. C. H. Helton to Amarillo Tuesday for a check up with her doctor.

Mrs. C. M. Hampton and Mrs. Dorsie Hutchison spent the day Monday with their sister and husband Mr. and Mrs. Aubry Greenhouse at Mobeetie.

Mr. and Mrs. Jim Helton and Mr. and Mrs. Oral Helton of Briscoe visited one day last week with Mrs. C. H. Helton and Mrs. Oma Dyer. Mr. and Mrs. Dick Pendleton and children of Wellington visited Sunday afternoon with his parents, Mr. and Mrs. O. W. Pendleton and her parents, Mr. and Mrs. Jess Moore.

IN VIETNAM

TAY NINH, VIETNAM (AHTNC) Dec. 15: Specialist Four Roy D. Blevins, 23, son of Mr. and Mrs. Cecil L. Blevins, Wheeler, Tex., received the Army Commendation Medal while serving with the 25th Infantry Division near Tay Ninh, Vietnam.

Spec. 4 Blevins earned the award for meritorious service as a radio telephone operator in Headquarters Company, 4th Battalion of the division's 23rd Infantry. He also holds the Bronze Star for heroism and the Combat Infantryman Badge.

The award was presented Nov. 25.

MOTHERS TO MARCH FOR DIMITES MONDAY, JAN. 26

While the world continues to travel at our walks on the moon, a dedicated group of mothers in Wheeler will have their feet on the ground Monday, January 6 for the Annual March of Dimes Mothers against birth defects. In an American tradition, they will take place this year in the able direction of Fike Morgan. Her appointment was announced today by Wafford, 1970 March of Dimes Campaign Chairman. Her first official act, Mrs.

Morgan issued a call for volunteers. "We want to saturate neighborhoods with marchers," she said. "Our goal is to prevent birth defects, a cause which touches every family. What better insurance could there be than helping to support the steady expense of the March of Dimes Programs in research, education, patient care, and community services."

Since 1958, the Voluntary Health Organization has established a nation-wide network

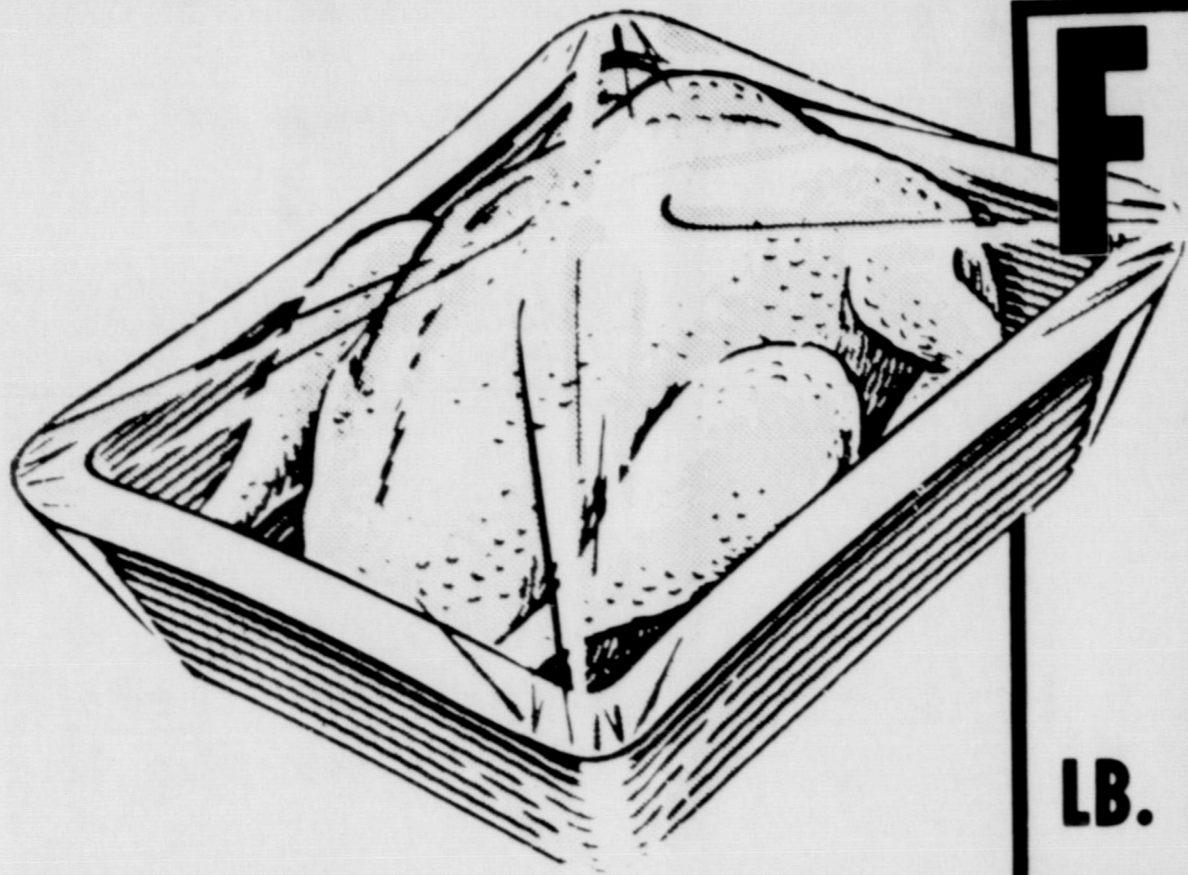

of 111 birth defect centers and has initiated year around pre-natal care and public health education projects as well as professional education programs.

The mothers will gather in the Commissioners Courtroom Monday evening and the march will begin at 5:15.

When the Mother's March volunteer rings your doorbell Monday, do more than answer it—give generously to the cause she is serving.

WINTER SCENERY: Wheeler spent the first part of last week "fogged in" and the first part of this week has been pretty much the same. The moisture is frozen on the trees and presents a pretty picture for anyone that can enjoy the beauty of the cold weather. This picture was taken at 510 Kiowa, the residence of Mr. and Mrs. E. D. "Dick" Guynes.

Across the Fence

by Max W. Hatter
January has proven to be a cold month. Wheat grazing has been short as a result. One man told us he would have to have a big calf crop so that he could pay his feed bill.
Most folks always hope and figure to produce a bigger percentage of superior calves than they usually come up with as the new year unfolds. A lot of 4-H and FFA members will be participating in livestock shows in the next few months. Noticed that Marion Bryant from Kelson and J. A. Brooks from Wheeler will be selling cattle at the 21st Annual Beckham County Hereford Breeders Association Sale on February 14 at the 4-H and FFA Show Barn at Sayre, Oklahoma. The annual Wheeler County Pig Show and Sale will be on March 7 and the Top O' Texas Show will follow that.
Paul Hathaway from Mobeetie tells me the 4-H and FFA boys over there will have a pig show in New Mobeetie prior to the County Show.
One of the most striking things about the livestock shows has been the effort that has been put forth by those professing to be expert judges. Not only are more records being used but they have even employed the computer and other sonic and electronic equipment to assist in attempting to locate the superior meat type cattle while fully clothed with hide and hair. This game doesn't give much of us a second chance once he has made a decision on a class of steers. All they have to do now is to defrock the steer, examine the carcass and then decide whether or not that judge will be invited back again or not. Some have shown remarkable ability and others have flunked the course.

We had an opportunity to observe the loss of 5 head of heifers near Wheeler a few days ago suffering from sweetclover hay poisoning. All 5 died and the rest of the heifers were sick. If you feed sweet-clover hay, let's be aware of its possible toxicity. The death rate is high, because in the majority of instances, the disease has progressed beyond the point where removal of sweet-clover will help when the first symptoms are noted.
Sweetclover poisoning is a hemorrhagic disease in which the animal bleeds to death internally or externally. In a typical case, not associated with surgery or wounds, the course is abrupt; death follows within one to a few days after appearance of symptoms.
The first symptoms on these heifers was the sudden appearance of a knot or swelling which may be located on any part of the body but commonly occurs on either side of the vertebral column or on the thighs. These heifers were hemorrhaging internally and bleeding from their udders and some had burst eyeballs. Contary to popular opinion, death occurs not from blood cells destruct on but results entirely from hemorrhage.
Vitamin K is usually prescribed; however, if dicoumarin, the ingredient of warfarin (rat bait) which causes rats to bleed internally, is present in the blood at the time of the injection, it will be to no avail.
We urge cattlemen to be cautious about feeding sweetclover hay. It could result in costly death losses.

Forget testing can take a lot of the guess out of the quality of the forage you are feeding.

The nutrient content of forage crops varies so widely that it is difficult to precisely calculate rations for best performance using average values for a given forage.
Recent analysis of some Bermudagrass hays show the crude protein content varied from 3.3 to 17.2 percent. Protein content of alfalfa varied from 8.7 to 23.2 percent. A wide variation was also noted in other quality factors.
Thus, it is easy to see that average values can not be used with confidence in most cases. Underfeeding will result in decreased productivity and overfeeding in wasted nutrients. In either case, profits will be lowered.
Forage sampling supplies and information on how to take a sample, including sampling instruments, are available from our office. Samples may be sent to the Forage Testing Laboratory at Texas A & M University.
Different type tests are available. Feeding recommendations are included when a complete analysis is requested. We would be glad to discuss forage testing and the fees involved with any interested livestock producer in the county.

CARD OF THANKS

We want to thank our friends and neighbors for all the lovely cards, flowers and gifts during our recent illnesses. Our thanks to Dr. Overton and nurses at the Highland General Hospital.

Who is this lady?

A. Little Orphan Annie.
B. The Jolly Green Giantess.
C. The Statue of Liberty.
D. Mae West.

If you picked anything other than C, well, you're in a whole lot of trouble.

Sure, you probably picked the Statue of Liberty. Everybody knows who she is and what she stands for.

Or do they? It's amazing how many of us take this proud lady of the New York Harbor for granted.

We should know that her proper name is "Liberty Enlightening the World." That she symbolizes the triumph of freedom over tyranny. That she is a declaration of our independence.

Of course, we need more than statues to remind us of our freedom. We need action, by each and every one of us.

And that's where U. S. Savings Bonds come in. They help preserve that thing called freedom.
