Thanks A Million!

I ran the following statement in last weeks paper. But I have had several tell me they didn't see it as it didn't show up very well and had no heading. So here it is again. I am also adding the picture.

I want to take this opportunity to thank each and everyone of you who voted for me in the Democratic Primary May 2; I sincerely appreciate it. There will be a run-off between myself and one of the other candidates June 6, 1970. I am asking each of you to please stay with me and if you will, use your influence to get me as many votes as possible, and get the voters to go to the polls in the run-off June 6. The vote was pretty light in the primary. Let us try to get more people out to vote in the run-off.

I will not have time to cover the county as well as before, so if I do not call on you before the run-off, please don't think I am ungrateful or taking you for granted, because I deeply and sincerely appreciate what you have done for me, and I am not forgetting it. I am going to fight all the way to the wire and do my best to win.

I am qualified for the office of County Judge and am confident I can handle it or

WARE CHEVROLET

Junior class recently viewed a brand new invention, the time span computerteleviewer. With this machine we were able to focus the picture to any desired person at any time in the future. The time we chose was ten years from tonight. The people we chose to view were the Senior class of 1970. We feel sure you will all wish to share in the information we derived from this great invention. As we adjusted the numerous dials, and fed today's information into the com-

astonishment the following seniors and found that: Janice Ware is a lady veterinarian. She is unmarried and lavishes all her love on her clientele. After failing to have a meaningful relationship with Randy Kenney, Joel McCarty or Donald Rives, she decided that dogs were not only man's best friend,

puter, we viewed with

but also woman's. Our selector next showed woclass members together. Gail Ledbetter had just given Sally Richerson her 1 1th promise ring. We wonder what Big Dad keeps promising Sally. When we dialed in on Sally, all we could hear her saying was

"Promises, Promises!" The next name fed into the computer was that of Gary Davis. Dr. Davis is now teaching civics in Wheeler High school In spite of his admirable scholastic preparation, the civics class is just as confused as ever.

A telephone switchboard was the scene of our next viewing. It seems Yvonne Morris is now an area Supervisor for Southwestern Bell Telephone. She loves her job, for now she can conveniently call all the boys whe wants to for free.

Carl Arganbright next appeared on the screen. Carl is now a successful author. His latest best seller published originally in "True Confession" is entitled "What Really Happened on WHS Judging Team Trips!

Our screen now focused on a luxurious penthouse

apartment. It showed that Nancy Watts is now making it big in Show Biz. Her latest triumph came when she became an overnight sucess as the summer replacement for Goldie Hawn on Laugh In.

Dixie DeArment was easily located. Dixie owns a really "Chick" Hair Salon in Dallas. She commutes between Dallas and Wheeler so she'll be home to date her boyfriend when he's available.

Dennis Moore has just been hired as night watchman for the city of Wheeler. The City Council's comments were: "might as well hire him—he's on the streets all night anyway.

A hospital room next appeared on the screen. Robbie Jack son has just had surgery on her hand. Two large callouses were suc; cessfully removed from her thumb and forefinger. She acquired these turning pages for her fiance' while he played the piano. Both Robbie's fingers and the piano playing are progress-

ing nicely.
We found that Steve Simmons is happily married to his high school sweetheart. Giving his marriage his very best effort as usual, Steve is the proud papa of 9 girls and 1 boy.

A television studio was the next locale. Debbie Lamb was on stage appearing on the Dating Game. She said in her interview that she was tired of being the only winner of the Betty Crocker award who was still cooking for herself.

Our viewer next showed dark vertical stripes. Further adjustment showed that the machine was not out of focus. Instead we were looking through prison bars to see that Buddy Wood is presently serving a five year sentence at Leavenworth. His crime: Robbing the cradle.

We were surprised to see next a large town rodeo arena. Judy Mason was making an intermission of a local rodeo. The only mi shap occurred when her fiance's horse, which Judy was holding, bolted, leaving her, we feared, waiting at the halter.

Our televiewer showed that Keith Wood is now nanaging a chorous line in Vegas. As usual, he's still having trouble getting all his girls lined up.

The next adjustment we made showed that Randy Kenney is now pressing grapes for wine-making in Italy. He was heard to remark that while he wasn't too crazy about tromping around on grapes all day, at least he didn't have to wear socks.

After some difficulty in making the adjustments, we saw that Mike Hefley is now a well-known news caster for KGNC-TV. Mike

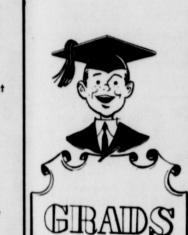

Keep up the good work.
