Why Do Organizations in Cleveland -- Houston and Austin Try to Elect YOUR State Senator?

They ARE . . . and it's in the record!

From the Amarillo Globe-Times, April 30, 1970:

"In his campaign expense account, filed with the Secretary of State, including expenses through April 22, (Jack) Hazlewood lists campaign expenses totaling \$14,269.

"Also listed is \$300 from the Transportation Political Education League, Cleveland, \$500 from the South Texas C.W.A. (Communications Workers of America) Committee, Houston, and \$350 from John J. Watts of Odessa."

"Hazlewood lists campaign contributions totaling \$6,825. The largest contributions are Lawyers Involved for Texas, Austin, Texas., Max Garrett and Charles Mayes, co-chairmen, with a \$2,300 contribution on Feb. 2 and a \$2,700 contribution on Feb. 27.

That's why so many concerned people are supporting MAX SHERMAN for STATE SENATOR, rather than Sen. Grady Hazlewood's second cousin.

They want the PANHANDLE'S Senator to represent the PANHANDLE!

Attention Citizens Of Wheeler County

I have been asked by several citizens of Wheeler County, interested in good government, a legitimate question pertinent to the office of County Judge; which I am seeking in the run-off race this Sat., June 6. I was asked: how much time I expected to devote to the office if elected. As there may be more of you with this same question in mind, I am making public the answer I gave to them.

IF ELECTED I PLEDGE TO YOU: I will personally be in the office during regular office hours, and if I am on a job that requires extra hours, I will stay until the job is done. Any time I would be absent from the County Judge office, it would be on county business. The time used in taking care of my personal affairs will be my own hours.

Also, I would like to say, I SINCERELY AND SOLEMNLY PROMISE: IF ELECTED, I WILL GIVE FAIR AND EQUAL CONSIDERATION TO EVERY INDIVIDUAL CITIZEN AND EVERY SECTION OF WHEELER CO. IN MAKING MY DECISIONS. THE OFFICE OF COUNTY JUDGE IS FOR ALL THE CITIZENS OF WHEELER CO., AND THE AFFAIRS OF OFFICE SHOULD BE CONDUCTED WITH IMPARTIALITY.

I want to go on record, as being firmly opposed to consolidating the two hospital districts in the county. I do not believe either district should be forced to pay any of the obligations of the other, IN ANY MANNER, unless it be the will of the majority of the citizens of Wheeler County and evident by popular vote.

I AM QUALIFIED FOR THE OFFICE IN FORMAL EDUCATION, AND BY EXTENSIVE TRAINING AND PRACTICE IN BUSINESS, ECONOMICS, AND PUBLIC RELATIONS. I AM CONFIDENT I CAN DO THE JOB OR I WOULD NOT HAVE ANNOUNCED.

I have nothing disparaging to say against the incumbent. I am making the race solely on the issue that should be obvious to any observing citizen of Wheeler County.

THE RAY TROSPER FAMILY
RITA RENE RAY

THE POINTS FOR CONSIDERATION . . .

It is absurd that many murderers and other lawbreakers are constantly getting off on bond, receiving short prison terms, or getting suspended sentences and then are allowed to roam our streets again. I am against this, and I favor strengthening our court system and changing our laws, which presently allow this to occur.

I believe that the greatest threat to America is Communism. I recommend legislation to prevent Communists from working on our college campuses. I also believe that our public education system should keep a loyalty oath to prevent Communists and Socialists from teaching anti-American propaganda in our schools and universities.

I believe that children should be allowed to pray in public schools.

I am against going head-first into costly government programs which are initiated and then are either forgotten about or abandoned, wasting huge sums of our tax money. Thus, I would support legislation which would allow for maximum economy in state government and I would work to see that every citizen received a dollar's worth of benefit for every dollar which is spent.

I oppose bussing school students to foreign school districts. If a family lives in a location which is conveniently located to a school of their choice, I don't see why their children should be forced to attend a school on the other side of town, or on the other side of the county.

I am against gun control by the federal government.

I believe that responsible people can handle their own local affairs without interference from people in the federal government who do not really understand the problems in our rural towns and communities.

These ideas can and must be accomplished. With your help, I will do everything I can to see that these challenges are met and handled to the best of your wishes.

AS YOUR STATE SENATOR . . .

MAX SHERMAN

... will protect your local district schools!

From interview in THE MOORE COUNTY NEWS, Dumas, on Feb. 22, 1970:

"I attended a non-city school, and I see the financing threat that non-metropolitan schools in Texas faced a year ago as a major problem in the Panhandle district, and it is one on which I have strong convictions," he told a group here Friday in an outline of his campaign.

"It will come up again in the next legislature, and the district needs to be prepared. My position is that every school student in Texas, whether he

lives in a small community, or in Houston or Dallas, has the same right to equal education. The large population areas of Texas dominate the legislature today, but this does not mean that they can shortchange school students in the smaller counties.

"I have studied this school problem with concern, and I am prepared to advocate strongly the position of the non-city schools, who will need a concerned and vigorous advocate. Their cause is right, and I will uphold it vigilantly, to the fullest of my ability, if I become your state senator," Sherman added.

NEWS into FOCUS

By J. C. PHILLIPS

IS THIS WHAT WE WANT?

Proposals for "Sweeping innovations" in the structure of the United Nations including an "elaborate timetable for charter revisions" to the United Nations Charter were discussed by State Senatorial Candidate Max Sherman recently in a paper submitted to the American Bar Association. Proposed were the following specific changes in the United Nations:

1. Universal membership of every independent state including Red China.
2. Worldwide disarmament.
3. An international police force.
4. Abolition of the veto power of the Security Council.
5. Popular election of General Assembly representatives.
6. A United Nations nuclear authority.
7. An outer space agency.
8. Compulsory jurisdiction of all disputes vested in the International Court of Justice.
9. A world development program to foster economic and social advancement of nations in need of it.
10. Power to tax world citizens.
11. A charter provision that all powers not granted to the United Nations be reserved to the member nations.
12. A clause in the Charter recognizing that the authority of the United Nations would extend to all nations.

Though he characterized the list of innovations as desirable and praiseworthy, he questioned whether the political reality of immediate international politics would permit them to be adopted. If the political reality of the time precludes the adoption of these innovations, Sherman questioned whether the United Nations could bring "peace in our time".

The twenty-two page dissertation, generously interlaced with footnotes, develops Mr. Sherman's view of the United Nations in its role as a keeper of the peace.

"It is my position in this essay that the best hope for world peace is through an international common law developed within the present structure of the United Nations. The life-forces of peace exist within the Charter, and it is from these forces that the growth of peace must be nurtured." HE SAID.

Referring to publications of the NATIONAL COUNCIL OF CHURCHES, NELSON ROCKEFELLER, and Senator WILLIAM FULLER BRANTLEY, Sherman also discussed an alternative plan for a federal union for a "concert of free nations" which would be separate from the United Nations but co-existing with it.

If we, the voters of this nation, do not want to live under a world government, in which we would be out-voted twenty to one, WHEN are we going to quit electing to public office candidates who are dedicated to the establishment of a one-world government which would be a socialistic dictatorship OF THE "ELITE" — synonymous to a WORLD MONARCHY?

HAZLEWOOD'S VIEWS

JACK HAZLEWOOD IS

OPPOSED TO SHERMAN'S U.N. PROPOSALS*

*It is a distinct possibility for these matters to come before the Texas Senate. Various proposals for amendments to the United States Constitution having to do with the jurisdiction and power of the United Nations come before the Texas Senate for ratification. Therefore, it is IMPORTANT to know each candidate's views on the United Nations.
