Lumbermen In Study Of Trade Code

All Local Dealers Represented At Meeting In Sweetwater

Every lumberman of this city was in attendance recently when lumbermen of the twenty-seventh district held a code hearing in Sweetwater.

Buck Richardson, manager of Rockwell Brothers company here, was named Howard county chairman during the meeting. W. A. Langley and Mr. Ferguson of Sweetwater were elected district secretary and chairman, respectively.

The lumbermen's code was thoroughly discussed. A minimum selling price was established in accordance with the general idea of the blanket retail code.

Mineral products, brick, tile, paints and hardware sold by lumber companies do not come under the provisions of the lumber code but are subject to the retail code.

Local lumbermen believed the code will eliminate unfair competition and will tend to stabilize lumber prices.

The code goes into effect in this district November 23.

When Congress gets back into its official seats in January a lot of Roman candles were due to pop around the head of Henry Morgenthau, Jr.

Members of both houses drifting back here from the farm sections ahead of the grand opening say the Farm Credit Administration hasn't done right by their constituents.

Senator Bennett Clark of Missouri pal of Huey Long—swears he is going to introduce a bill immediately it's possible for abolition of the Farm Credit Administration.

The ex-governor's office has figures aplenty to show he has cut miles of red tape and is dealing out loans on farm mortgages at better than a million dollars a day.

Gentlemen on Capitol Hill demand to know who's getting it. They swear it hasn't been going into their particular states. Clark says FCA has milked more money.

THE KIND OF SUCCESS MANY MEN MISS

What makes a man a success in life? Just what is the prize most worth getting and how do you go about winning it?

There are dozens of answers to those questions, some of them right, some of them wrong and some a little bit of each.

But once in a while you run into something that hints that the best answer may be simpler, and different, from anything you had supposed.

Suppose you listen for a minute to the story of a lad named Jack Cleuts.

Jack was an orphan. He was raised in the famous home at Mooreshart, Ill. He got into his teens, finished his high school course and set his heart on getting more education.

So presently he found himself a student at John Carroll University, in Cleveland.

It's not so easy to work your way through college in the midst of a depression, but Jack did it. He not only earned his way, but he managed to pay for a \$1,000 insurance policy to take care of three brothers and his kid sister, back in Mooreshart.

He played football, too—good football. He was halfback on the university team, for all that he was a pint-sized chap.

Well, Jack fell ill this fall and was taken to a hospital. Pretty soon he knew that he wasn't going to get well. He didn't have any relatives to sit by his bedside and comfort him, being an orphan. He just had his religious faith—and the knowledge that he still had a little job of work to do.

So, dying, Jack asked for pen and paper and wrote a note to three of his football buddies. He told them about his insurance policy, asked them to see that it got straightened out for the sake of his brothers and sisters, told where they could find the few odd dollars he had in his room. And, then, with pen straggling all over the paper, he concluded:

"I am gradually growing weaker. But I am happier than I ever have been. I am making wondrous prayers. It would be impossible for me to do any more. Tell all the fellows I said so long. I'll see you all in heaven."

Now, that's all there is to this story. But somehow, as you read it, you get the notion that this orphaned youngster, dying almost before his life had begun, had managed to score the kind of success that grows men very often miss.

Success hasn't got so much to do with fame, achievement, money and so on; it's something between a man and his own soul, the meeting of a test about which the outside world seldom knows.

This lad had met that test, and as he died he was able to write, "I am happier than I ever have been." Wouldn't you say that he had "succeeded" pretty completely?

A NATIONAL DANGER

Speaking on a National Education association program, Secretary of the Interior Harold Ickes declares that "our schools ought to be the last to feel the pinch of economy," and warns that while some economies in the school system are necessary, we already have gone a bit too far along that road.

His warning is justified by the facts, and it's one we all should listen to attentively.

A democracy such as our's must stand or fall, in the long run, by its system of education. The intelligence of the nation, as Mr. Ickes remarks, is nothing but the sum of the intelligences of all its citizens.

If the school system which trains those intelligences suffers a collapse, the ability of the nation to govern itself properly inevitably

P.-T. A. First To Prepare For School

Electrical Cooking School Opens Tuesday At Settles Hotel

The Junior High Parent-Teacher Association is the first organization to register for the attendance prize at the Herald Free Electrical Cooking School which will commence next Tuesday in the ballroom of the Settles Hotel at 2 o'clock.

As has been the case in past years, organizations that register may solicit as many votes as they wish from women in town regardless of their membership. Some of the most exciting contest races during the Herald cooking schools have been staged by wide-awake P.-T.A.'s. All women's organizations are eligible. The prize for the one having the largest registered attendance is ten dollars; the depression has not lowered the prize.

Mrs. Ethel J. Warren will be the lecturer. She will demonstrate on Tuesday, Wednesday and Thursday afternoon new recipes and electrical devices for the kitchen. She will answer questions, suggest menu combinations, and aid women in one of their most important every-day problems in a variety of ways.

The Settles Hotel ballroom will seat a comfortably-sized audience for this school, but the past has shown that it is none too large. Women are therefore requested to make arrangements early to attend and to be on hand promptly. The ballroom has been fitted usually before 2 o'clock in past years.

Recipes used by Mrs. Warren will be published in the Herald from day to day.

East Ward P.-T. A. Hears Children's Book Week Talk

Members Plan Christmas Sociable For Next Month's Meeting—Mrs. James Wilcox's Pupils Give Room Program Of Afternoon

The East Ward Parent-Teachers' Association met Thursday afternoon at the school building for a very interesting program on Children's Book Week. Mrs. James Wilcox's pupils gave the room program.

Mrs. Frost talked on the picture, "The Blue Boy," presented to the school by the Arno Art Club. She told who the artist was and of the criticism this picture brought him.

Mrs. Deter's violin pupils gave two numbers with Mrs. W. K. Edwards at the piano.

"Books and the Child World" was the main lecture of the afternoon. Miss Haley talked on books and their value. She said in part that books were the foundation of the child's knowledge of the world outside his immediate surroundings.

Life is the result of what has happened in the past; the only way to gain a knowledge of this past is through the written word. If books are left out of a child's life its limit is the home. Some of the benefits derived from books are the pleasure they give the child, the awakening of the imagination, the forming of ideas, building character and enlarging experience. They are a magic door into a magic world. Children should be encouraged to love the written word.

Mrs. Wilcox's room first sang a song, "Who's Afraid of the Big Bad Wolf?" then gave a one-act play, "Wolf, Wolf." The piece was the castle of Tralaloo and the characters: Everett Copelin, King; Julia Bell McBride, queen; Marguerite Adkins, the princess; Roy Jacks, the magician; Frank Ray Barton, the prince; LaVaughn Malone, Rupert Pearce, Billy Ray Samples, Billy Kent, Raymond Ely and Raymond Andrews, the six brothers.

During the business meeting the treasurer reported a net profit of \$22 from the Halloween Carnival.

The Pre-School Study Club sent a representative to explain the club work. They announced their next meeting for next Tuesday at the East Ward School. The subject will be "Self-Reliance."

Mrs. Albert M. Fisher and Mrs. Charles Koberg were visitors from the P. T. A. Club. Mrs. Wilcox's room won the contest prize for the month.

Miss Haley and Miss Gordon's rooms had the lowest number of mothers present for the first part of the year, and therefore announced that they would entertain the other rooms with a Christmas social. It was voted to move up the meeting date of the next meeting to the second Thursday of December, December 14th, and hold the regular December meeting and social together.

But now the question arises—where is the father about whom Annie has written to Louise?

NOW GO ON WITH THE STORY

An anxious fifteen minutes was spent in real concentration in which even Happy and Shakespeare were considered for the father role. Suddenly, the Dude's eyes brightened. "I got it! I got just the one! Judge Henry O. Blake!"

"Who's he?" inquired Missouri.

"For a proposition like this, we gotta have a guy that talks classy, don't we? Well, Judge Blake's the classiest talker in town. Shakespeare!"

Shakespeare hopped up alertly and soon was on his way to the pool parlor in which Judge Blake was wont to spend his hours. As usual, the Judge was playing billiards. The Judge was about fifty years old, in personality and in well-fitting, modish clothes—grayed at the edges—but smart-looking, nevertheless. Ruddy face and bald, with but a few straggly patches of white at the temples, he might have been mistaken for a banker in any other surroundings.

Shakespeare barged in. "Hey, Judge! If it isn't my old friend, the Bard of Avon!"

"The Dude wants to see you right away!"

"It can't be done, my friend. At the moment, I'm engaged in a very profitable enterprise. Which was on for Judge Blake always played nickers for high stakes—and never lost. No one could remember when Judge Blake had been beaten in billiards. He made a good living at it. "But you don't think I should take no for an answer and you know as well as me that Duke often have had luck."

"Yes, I've had occasion to notice that."

"Preposterous! Most preposterous!" The Judge exploded. "Of all people—Apple Annie! The Dude had acquainted the Judge with the plan, but when he mentioned that the Judge was to be Apple Annie's husband, Blake almost collapsed. "Now, listen, Dude—this is asking too much. Much too much. A mere apple vendor! Practically a mendicant! After all, I have my self-respect."

He stopped as a voice said, "Good evening."

"There she is now," said the Dude. "The who is it?" Blake looked surprised.

"Apple Annie!"

Annie walked over to the group. Blake was over-awed by the impressive-looking grand dame before him.

"The Judge," said the Dude, "just said how glad he was to be your ever-loving husband."

Annie was charming as she said, "Thank you, I'm deeply flattered."

Blake took her hand. "The pleasure, I assure you, my dear lady, is all mine."

Two days later the Judge and Happy sat in Duke's apartment, with the Judge holding the floor.

"You had no right," said Duke, "to build up Annie's hopes, Duke. When the plan fails, it's going to break her heart."

"Who says it's gonna fail?" snapped the Dude.

"My dear Duke, do you realize the number of reporters who cover incoming ships?"

"Well—"

"They'll want to know all about the Count. Why he came to America. Who his friends are. That business and Apple Annie. The papers'll be full of it."

Happy advised, "Yes. A guy like Winchfield would see right away for an installment four."

story like this, I told you you couldn't get away with it."

Duke swung angrily on Happy. "Why didn't you think of that before?"

"Why didn't I think of it?"

The Dude walked up and down nervously. "This is a fine time to be telling me Whadda we gonna do?"

"Don't ask me. It's your party. You started it."

"Well," said the Dude, "I'm leaving it to you. You better see that those reporters stay away from here."

"What do you expect me to do?"

"Kick them around. If you can't do it," the Dude turned to the Judge. "When's the boat coming in about an hour?"

"The Dude reached for his hat. "I think I better go down and see that nothing goes wrong on the pier."

A half hour later, Duke and the Judge stood in a group on the pier. Annie was in the foreground, craning her neck in an effort to see her daughter. A crowd that lined the pier. Two detectives, unobtrusively, stood nearby conversing.

"Something's going on around here," said one of the detectives.

"Yeah, Dave the Dude's all around here for his health."

"Hey, look!"

Other detectives' arms were raised, and their eyes were fixed on the mob.

Happy and Missouri looked at all to one side, and in a half-circle about a pair of swarty individuals. Duke had that nonchalant, furrowed brow as common to gangsters and a faint attack. It was apparent a full hour around Annie. Duke and the Judge to avert any intrusion.

Further away, huddled in a

of the negotiations, which have dragged out much longer than expected, but there was a general feeling in American circles that recognition would result in spite of the slow progress thus far.

It appeared the president, by his unscheduled night conference, was seeking to speed the negotiations in view of his contemplated departure Friday for a holiday in Warm Springs, Ga.

Soviet Recognition Negotiations Enter Into Second Week

WASHINGTON (UP)—Negotiations on terms of American recognition of the Soviet Union moved into their second week with Foreign Secretary Maxim Litvinoff scheduled to confer with acting Secretary of State Phillips.

The Soviet official was summoned unexpectedly from a dinner party by President Roosevelt to a four-hour conference at the White House Sunday night. The two were joined only by William C. Bullitt, American expert on the Soviet Union.

Nones would predict the outcome.

For three days the Count and his son were entertained solely with riding—motoring. They returned home from one of the drives during the afternoon of the third day since their landing to find the Dude—who was now known as David Manville, brother of the Judge, who was now Mr. Manville—with Happy McGurke. Happy had become the secretary for David Manville.

"I thought you'd like to invite Mr. McGurke to the reception," said the Judge to Duke.

"Sure," said the Dude abstractedly. "Sure. That's a good idea. He looked up suddenly. "What do you mean—reception?"

The Count smiled. "We're having a reception for the folks day after tomorrow. The night their boat returns to Spain."

The Dude's jaw set, but he managed to get out, "Well, well—but just just—"

The Judge's face brightened. "You're quite surprised aren't you, brother David?"

"Yeah."

"I knew you would be. Knowing me."

The Count chuckled. "I've never known a man to detect receptions as violently as the Judge."

"Who's coming, brother H?" asked the Dude bitingly.

out of some Missouri counties in examination fees than it has poured into them.

Clark denies he is forming any bloc to swat this farmer's agency out of existence but he insists all the senators and congressmen from his section of the country are right with him.

In light of this the younger Morgenthau has been lifted out of a tough spot.

The farm loan bank serving Missouri also handles Arkansas and Illinois. Senator Joe Robinson, the majority leader, is from Arkansas, and Speaker Rainey is from Illinois.

If these two are in Clark's corner (and he thinks they are) the matter can still be counted on for a lot of debate on the floors of both houses.

Trailing—

Rep. Dickstein of New York is all set to explode over the undercover Nazi movement in this country.

Those who have been working on the investigation say privately there won't be any major sensations forthcoming at this time.

For one thing Dickstein's powers are too limited. He's called an inquiry as chairman of the house immigration committee but the house unfortunately didn't vote one last spring.

Joining—

In 1931 and 1932, Japan was at China's throat. Practical annexation of Manchuria was the result.

Today state department students privately are becoming more and more convinced an alliance between Japan and North China is in the not-too-distant future.

Already the opening move has been accomplished through the resignations of Foreign Minister Lo Wen-Kan and Finance Minister T. V. Soong from the North China government. Both were unfriendly to the Japs. Their places have been so filled as to now make Nanking friendly.

Joining—

A Far Eastern union including Japan, North China and Manchukuo wouldn't make the Soviet Russians any too happy and Japan at the moment seems intent on just that thing. It is foreshadowed in the oft-quoted Tanaka Memorial.

Tokyo could win the North Chinese over in a minute by restoring the Emperor to his gold throne at Peking. If the Nanking Government would sign the dotted line of a treaty embodying political and economic unity the Japs would be sitting pretty with the restoration.

North China already has given Manchukuo de facto recognition by permitting revival of train, mail and customs services between the two.

The experts here explain it thus: The North Chinaman is a physical giant stepped in the lore of his ancestors and handy with the sword.

He has no use for his short-pudgy brother to the south whence come all of the Chinese anarchists, communists and gunmen.

It's to be remembered that when the Japanese invaded Manchuria it was necessary to import armies from South China to fight them. The northerners were content to let

Local Eleven To Enter Scrap Full Tilt For First Time This Year

Tomorrow afternoon at 3 o'clock Big Spring's black and gold grid warriors will enter their third conference game of the '33 season, intent on downing Coach "Slime" Hill's Upton county Badger eleven to win their first district game this year.

A strong running attack with plenty of passing is planned as the Steers will be in fine fettle for the contest. "We'll be at full strength for the first time this season," Bristow stated, "and should find little trouble in taking the game."

The locals, who have been on the defense most of the time this season, should present a powerful drive tomorrow as Ollie Cordill will be in shape to start the game. George Neel is another backfield ace to start the game and get a trial at totting the ball.

The Badgers inspired by the return of Bud Reed to their ranks, will wage a game determined battle with only a very slight chance of coming out on the long end of the score.

McCamey has four last year letter men to boost their team, but the remaining seven players on the starting line-up are in their first year of the game. Garth Poter, quarterback, is said to be a smart field general and plenty good at shifting through the line for short gains.

The game is to be called at Steer stadium at 3 o'clock sharp. Officials will be: Harry Taylor (T. C. U.) umpire; Jim Cantrill (T. C. U.) referee; Tonto Coleman (A. C. C.) head-linesman.

Probable starting line-ups:
Big Spring McCamey
Dean Trodgen
Left End Wilkerson
Fletcher Byrd
Left Tackle Vines
Right Tackle S. Flowers
Center Garrison
Right Guard Graves
Left Guard French
Right Guard Zeargosa
Right Tackle B. Flowers
Right End O. Green
Cordill Poter
Quarterback Cauble
Left Half Mills
Right Half Neel
Fullback Belcher

Methodists Gather To Welcome Their New Pastor And His Wife

An informal reception was given in honor of Rev. and Mrs. C. A. Bickley at the First Methodist church parlor Thursday evening. Rev. Bickley, assigned to the pastorate here during the conference at Clarendon by Bishop Boas, accompanied by Mrs. Bickley, arrived late Thursday afternoon. Rev. Bickley comes to First Methodist church from Lubbock, where he served as presiding elder four years. He succeeds Rev. J. Richard Spanna, who was transferred to the Louisiana conference.

The reception was an old-time, old-fashioned Methodist meeting, being attended by more than one hundred men and women representing the board of trustees, board of stewards, Sunday School officers and teachers, missionary society leaders, league officers, and members of the church.

S. E. Jones, chairman of the board, presided. The following program was carried out:
Hymn—No. 116, led by Mrs. V. H. Flewellen.
Prayer—Mrs. Fox Stripling.
Duet—Mr. and Mrs. H. G. Keaton, accompanied on the piano by Mrs. Charles Morris.
Welcome Address—G. A. Wood.

Introduction of officers of the church and Sunday school by department heads.
Introduction of missionary society officers and league officers.
Introduction of young peoples' department officers by Mrs. A. Schnitzer.
Rev. Bickley spoke briefly, telling how happy he and Mrs. Bickley were to be in Big Spring, and how anxious each was to do a service to the church here, and do their bit as citizens of the community.
He asked of the officers of the church and its various departments a continued unity in organization, so that the program of the church might continue.
Mrs. Bickley also spoke, expressing appreciation to those present for their wonderful hospitality, and declaring that she and her husband were grateful for these evidences. She expressed a keen desire to meet every member of the church personally, to better know them, and to be of service.
Short talks were made by several officers and teachers, as well as several members of the board of stewards.
The program came to an end

Says Cardui Seemed To Do Her Most Good "A few years ago, my health wasn't so good," writes Mrs. L. E. Erwin, of Lamar, Mo. "I was nervous and tired, and felt the need of a tonic. My mother advised me to take Cardui. After I had taken one bottle, I found I was getting results. I took about five bottles, and certainly was much better than I had been in some time, as my headaches had stopped. Cardui had done me more good than any medicine I had taken."
