NOTICE OF HIGHWAY CONSTRUCTION

The Texas Highway Department is planning to proceed with the development of the proposed construction of F.M. Road 3182, from F.M. 1046, 4.2 Mi. NE of Mobeetie, South to State Highway 152,

in Wheeler County. Since the Administration of the Highway Department has approved the route and design proposed for development of this project, work will begin on the next phase of engineering necessary for the devel-

The proposed design will provide a two-land road, having a 20-foot surface with a 28-foot crown width, and a 26-foot roadway bridge on Sweetwater Creek. The right of way width will be a minimum of 100 feet; there will be no relocations on the

Maps, drawings showing geometric deisgn, and all other available data concerning the development of this project may be inspected at the office of O. V. Johnson, Supv. Resident Engineer, Wellington, Texas.

CARD OF THANKS Words cannot adequately express our gratitude to those who expressed their sympathy and helpfulness to us so be autifully at the time of our recent sorrow. May God bless you all.

Did you know that matching fabric to the pattern is the first step in creating a stylish; well-fitting garment.

If the silhouette stands away from the body in a bouffant or flared shape the fabric used must have enough body or stiffness to repeat this shape. But if the silhouette clings to the body, conforming to its natural shape, limp enough to fall against the

Between the tw. extremes, bouffant and clinging shapesthere is a straight tailored silhouette requiring a fabric with both flexibility and body. Such a fabric must hold the shape into which it has been

The design of the garment is created by the way it is cut and the type of fabric

Materials fall into four main

Stiff and wiry: taffeta, organdy, gabardine and some wash and wear materials are examples of this type fabric, which is best suited for bouffant or flared designs. Crisp and firm: linen,

chintz, muslin and gingham-These make good selections

for tailored garments.
Thick, bulky fabrics: velcloth, fleece and suede. These increase the apparent size of the wearer, and are normally used for straight-lined garments. Clinging, limp: chiffons, batiste, voile, some knitted materials, crepes. These hug the body and reveal the figure. They drape well in

soft folds.

Those of you interested in gardening shrubbery, or trees, may be interested in this. The Texas Forest Service has just published a 200 page hardcover book which features 16 famous trees of Texas. Each tree is reproduced in full color and is accompanied by a brief description of its notable features. Directions for locating the trees are also included. Famous Trees of Texas may be obtained for \$3.00 per copy. This price includes sales tax and mailing. All remittances should by check or money order payable to the Texas Forest Service. Addess requests to: Director, Texas Forest Service, College
