SINGLE COPY 10c

## 18-24 IN SNOW DROPPED ON WHEELER

HIGHWAY 152 one mile east of Mobeetie was blocked with an 8' drift deep. The top picture taken Tuesday shows the beginning of work to clear the road. The bottom picture shows the work completed with snow piled high on either side of the road. (photos by David Cross and Jane Thomas, respectively)

SNOW BEAR: Mrs. Marty Nichol, Mrs. Sylvia Corcoran show off their handi-work in front of the Nichol residence on Main Street in Wheeler.

POPULAR PASTIME: This week seemed to be building snowmen such as this one in front of the Loraine Wagner home on Main Street.

### Clara Maxwell Rites To Be Held

Mrs. Clara Maxwell, 79, of Rt. 1, Wheeler, died Sunday, February 21 after several weeks illness. She was born in Tennessee August 14, 1891.

Mrs. Maxwell had lived in Wheeler County since 1914. She was a member of the First Baptist Church in Wheeler.

Survivors include 2 daughters, Mrs. Elwood Shira of Wheeler and Mrs. T. J. Hyatt of Borger, 3 sons, Elmer Maxwell of Porum, Oklahoma, Olen L. of Phillips and Furman R. of Borger, 1 brother, H. H. Herd of Wheeler, 3 sisters, Mrs. H. O. Harget of Tahoka, Texas and Mrs. Lawrence Crowder and Miss Bessie Herd of Wheeler, 6 grandchildren and 2 great grandchildren. She was preceded in death by her husband in 1957.

Services will be Thursday, February 25 at 2:30 p.m. in the First Baptist Church in Wheeler. Rev. M. B. Smith of Pampa will officiate with Rev. Keith McCormick assisting.

Pall bearers will be J. D. Herd, C. B. Brotherton, Jr., L. E. Brain, Dorsey Hutchison, Bill Hampton and Hershel Anderson.

Burial will be in Wheeler Cemetery under the direction of Wright Funeral Home.

### Texas Public Schools Week

How many times have you heard, or how many times have you said, "When I was a kid"—or that other stock phrase of adulthood, "Boy, I wish I were your age again—no worries, no troubles"?

Forget them both. Things are different now, and no amount of effort can turn back the clock. We can only work to make tomorrow better. That's why your child's education is so important—to you, because you want the best for him; because his future depends on his education.

Part of the encouragement you can give him is to visit him in his classroom during this year's Texas Public Schools Week, March 1 through March 5.

Show your child you care, and let him know it is important.

Remember: teachers can teach. Only you can show your child that you're proud to be his parents—that you want the best education possible for him. Visit a public school during Texas Public Schools Week this year!

### Wheeler P-TA

The Wheeler P-TA will meet at 7:30 p.m. Monday. The program will be on Safety.

A film will be furnished by the Honda Company. Following the film, a Highway Patrolman will address the group and conduct a question and answer period.

Parents are urged to attend the meeting and become acquainted with their children's teachers.

Coffee and punch will be served following the program.

### CHAMBER TO MEET

The Chamber of Commerce Board of Directors will meet at Dyers Cafe Friday morning at 6:30. The group will discuss membership drive and projects for the coming year.

The meeting previously slated for Monday, February 22 was cancelled due to the snow.

Wheeler received 18-24" of snow which left drifts across highways, streets and roads. Wheeler was just one of many towns in the Texas Panhandle and Oklahoma which were paralyzed by the storm.

Monday morning found the school and many of the businesses closed with business people either snowed in at home or stranded away from home.

Ranchers in the area had trouble reaching their cattle. In most cases a tractor and trailer were used, however, it was necessary in some cases to carry feed by horseback to the cattle.

With a lot of digging and some thawing Monday and Tuesday, the town began to liven up. The town was alive with the sound of tractors and spinning wheels Monday and Tuesday.

Business people who made it to work Monday found 4-5 foot drifts in front of their stores. At many businesses only one person reported to work with the remainder marooned at home or out of town. It would be impossible to list all the people who were out of town for the weekend and found themselves unable to return.

Joe Rogers reports the snow will result in about an inch of moisture to the farmers and ranchers of the area.

The snow began falling Saturday night and continued through Sunday. The high winds reduced visibility in town to 20'.

By late Monday, it was possible to get to Wheeler on Highway 83 from the south.

Classes resumed at Wheeler Wednesday morning.

THIS Air Force Helicopter was captured on film at the Wheeler Airport where it had landed temporarily. The chopper was to be sent to Wheeler by Mr. Bill Caswell to help in the search for an employee of Frank Caswell who they thought was missing but called in from Pampa where he had been stranded. The sheriff in Gray County had also asked them to look for some hay that they could use to feed cattle in various areas where the cattle are stranded without enough hay. They were to go to Canadian from here to check on someone else who was missing. Governor Preston Smith reported that he had asked the Pentagon for additional military airplanes to help where needed.

### Hospital Notes

#### ADMISSIONS

- 10-20 Emma Scott
- 2-3 J. W. Hooker
- 2-9 Maida Allen
- 2-8 Jewel Leonard
- 2-9 Marl Rathjen
- 2-11 Martha Turner
- 2-14 Jack Johnson

- Baby Boy Singleton

- 2-23
- 2-24

The Louis Stas family returned home Tuesday from Oklahoma where they had been snow bound.

### Scabies Inspect'n Continues In Co.

The inspection for scabies is completed in the south half of the County (Precinct 3 & 4).

As soon as the snow melts the inspection will resume in Precinct 2. Up to now there have been no scabies found in the County. There were six samples sent in, but all were negative. The cold and snow will not hamper the scabies mite as they are cold-blooded.

A lot of people seem to be under the impression that they need to have the cattle penned for the inspection, however, Mr. David Mills, the inspector, stated that they only need to be around a feeding ground to be observed. If there are any further questions you have call the County Agriculture Agent at the Courthouse in Wheeler.

### THANK YOU

Many thanks to David Mills, USDA Cattle Inspector for helping us at the Wheeler Times to get around so that we could take pictures for this week's edition. Sorry about that snow that somehow got all over you and the inconvenience we put you to.

### FHA To Attend Area 1 Meeting

By: Vicki Gaines

Twelve members of the Wheeler Chapter of the Future Homemakers of America will leave early Friday afternoon with Mrs. Wiley and several other mothers to attend a two day meeting that is being held in Lubbock February 26 and 27.

There will be six girls representing us in the two choirs. Brenda Errington, Pat Jones and Cynthia Manning were selected by the members to sing with the Sharon Singers. The Sharon Singers are made up of junior and senior girls from all over our area.

Those representing the freshman and sophomore classes are Dana Luttrell, Gayle Helton and Cathy Streen. These three girls will be participating with the Ima Dee Singers.

We have two girls who will present their applications for their State Degree to a council for grading at the meeting. Luinda Verden and Vicki Gaines are applying for the highest award offered by the FHA.

Others members attending will be President Susan Ford, and a girl from each of the Homemakers classes with the most points.

This year, for the first time, Wheeler has a candidate running for area office. Luinda Verden is running for Area 1 Parliamentarian. The qualifications for this office are based on the individual. Each candidate is required to list the degrees they have received and to give a summary of the local activities in FHA School and the community that they have participated in. We feel that Luinda is well qualified and wish her the best of luck.

### WHEELER CO. Historical Society

The Wheeler County Historical Society Survey Committee will meet March 1 at 7:30 p.m. at the Commissioners Court room. The program will be on old guns. Speakers for the program will be Mr. Turnbow, Mr. Coates and Mr. Nicholson of Shamrock. The public is invited to attend.

Mr. and Mrs. Wayne Palmer, Beth and Tommy of Level-land, parents of Patricia Palmer, County Home Demonstration Agent and Mrs. W. B. Dowell, her grandmother, spent the weekend with her. They had planned to return Sunday but did not get to leave until Tuesday.

Mr. and Mrs. Warren Pickens of Canadian who were on their way home Lubbock, spent Monday night in the home of Mr. and Mrs. Cleve McMillion and children.

STREETS IN THE RESIDENTIAL SECTION: This picture taken of the 500 block of Commanche was very typical of most of the streets in Wheeler. The picture was taken Tuesday afternoon after traffic had picked up. (Photo by Karene Walker)

A PATH: The 100 Block of East Texas was covered with a 4-5 foot drift of snow. A path was cut on each side of the street with snow piled in the middle. This was the way it looked Tuesday afternoon. (Photo by Karene Walker)

### Rites Slated For Sides Infant

Martha LaJune Sides, 7 weeks, 2 days old died Wednesday, February 26, 1971 in the Gageby Church with Rev. Cole of Canadian officiating.

She was born January 4, 1971 at Muleshoe, Texas.

Survivors are her parents, Mr. and Mrs. Malcolm (Mac) Sides and one brother, James Edgar of the home; grand- parents, Mr. and Mrs. J. P. Meek of Briscoe and Mr. and Mrs. E. J. Boyce of Maple, Texas; great grandparent

Mr. and Mrs. E. E. Meek, Mr. C. B. Boyce of Booneville, Arkansas, Mrs. Grace Sides of Whiteface, Mrs. George Fine of Maple and Mrs. Lillian Fort of Maple, Texas.

Services will be held Friday, February 26, 1971 in the Gageby Church with Rev. Cole of Canadian officiating.

Burial will be in Gageby Cemetery under the direction of Wright Funeral Home.

AN example of what the people of Wheeler woke up to on Monday, this snowdrift is in front of the trailer home owned by Mr. and Mrs. Delbert Thomas and is located at the Beef Cattle Company Feedlot.

Mr. and Mrs. Jimmy Ather-ton and daughters of Pampa came Saturday afternoon to spend the weekend with her parents, Mr. and Mrs. C. A. Holdeman and his mother, Mr. and Mrs. Albert Chapman. They are remaining in town until the roads are again passable.

Mr. and Mrs. Richard Hef-fey went to Gruver Saturday to check their cattle and

visit friends, Mr. and Mrs. Ed Rafferty and at this time they are still stranded in Gruver.

Minister and Mrs. Marlon McWilliams and sons and Cleve McMillion left the first of last Sunday for Snyder, Texas. The men returned home Monday. Mrs. McWilliams and boys remained for a longer visit with her parents.

# Dougherty-Mathis Vows

For the double-ring wedding ceremony of Dougherty and D

MRS. DEWAYNE K. MATHIS

Mathis, the Pampa Church

with greenery, holding blue candles. Jack Pope of Harvester, Mary Ellen Church of Christ officiated for the evening ceremony February 6, 1971. The songs were sung by Mr. and Mrs. Bush Jordan, Mr. and Mrs. Joe D. Martin, and Mr. and Mrs. Ted Colby Jr. They sang "The Wedding March", Mr. Bush Jordan sang "The Lord's Prayer", Mrs. Diana Huff, Sister of the groom, sang "More". The bride was given in marriage by her father with the "her mother and I vow". The bride wore white satin floor length gown and train. The top was trimmed in white lace and pearls. The skirt and train was trimmed in lace. She wore a two tiered

veil with a bow matching d carried a bouquet of carnations on a ribbon which was covered in lace. The bride carried out the red rose tradition to her mother and the mother of the groom. The tradition of something old, new, borrowed, and blue was carried out. Matron of honor Cindy Giesler and bridesmaid Kay Hagar of Pampa, wore street length dresses of royal blue velvet and carried a long stemmed red rose with streamers. Terry Jennings assisted the groom as best man. Terry Dougherty, brother of the bride, was groomsman. Roger Mathis, brother of the groom, was ring-bearer. Cousin of the bride, Melissa Dougherty, was flower girl. She also wore a royal blue velvet dress. She wore a

wristlet corsage of White Carnations and carried a basket of rose petals. Candlelighters were Lesia Wats in of Pampa and Nelson Parker uncle of the bride, of Briscoe, Texas. The bride's mother wore a blue two piece creap suit with black accessories and a white caranation corsage. The groom's mother wore a navy blue net dress with black accessories and a white caranation corsage. Chris Beck and Ben Cooper of Pampa seated wedding guests. For the wedding reception in the church annex, the table was arranged with a blue and white flower arrangement, blue candles in milk glass candle holders. The three tiered cake was topped by the miniature bride and groom. Mrs. C.V. McQueen

assisted Mrs. Troves Gilbert of Pampa, at the punch service and Mrs. Bill Parker served cake. Mrs. Parker is an aunt of the bride Jerry Mathis, sister of the groom, registered guests. For their wedding trip to Oklahoma City, the bride traveled in a royal blue velvet dress and coat. The bride is a mid-term graduate of Pampa High School. The bridegroom is employed at Western Electric of Oklahoma City. They will make their home at 2200 1/2 N.W. 18th. in Oklahoma City. The bride is the daughter of Mr. and Mrs. Gene Dougherty of 721 Sloan of Pampa. The bridegroom is the son of Mrs. Jerry Mathis, 1101 E. Foster, of Pampa. Grand parents are Mr. and Mrs. Calie Parker, Briscoe, Texas and Mr. and Mrs. Whitefield in Malassia.

# Mobeetie Tops Square Shooters

The Mobeetie TOPS Square Shooters met February 15 in the Lions Hut. Mrs. Dorothy Mixon, leader, called the meeting to order. Mrs. Doris Walker led the Collect and Mrs. Roselee Keelin led the pledge. Mrs. Margaret Trout and Mrs. Lois Hudson brought a Valentine program. Hostesses were Mrs. Lottie Eva Denson and Mrs. Willene Waters. Those present were Mrs. Dorothy Mixon, Mrs. Dorothy Walker, Mrs. Margaret Trout, Mrs. Margaret Knight, Mrs. Willene Waters, Mrs. Lois Hudson, Mrs. Valma D'Spain, Mrs. Roselee Keelin and Miss Ruby Knight. Hostesses for February 22 will be Mrs. Margaret Trout and Mrs. Lois Hudson.

WHEELER, TEXAS

# PAT'S PARAGRAPHS

By: Pat Palmer, HDA  
Are you ever confused when you go to the store to buy home cleaning products? No wonder buying them is more confusing than ever before! Labels and ads are filled with glowing claims and complex chemical terms. All these different ingredients in cleaning products confused me, so I decided to do a little study on them. This week I'll share part of what I learned with you, and in the coming weeks I'll continue with more. The common ingredients are alkalis, acids, detergents, abrasives, bleaches, sanitizers, and spirit solvents.

so they will darken aluminum surfaces.  
**HOW DO ALKALIS COMPARE IN STRENGTH?**  
Very mild—baking soda Moderate—amonia, Borax, TSP  
Very strong—lye, washing soda  
**IN WHICH CLEANING PRODUCTS ARE ALKALIS GENERALLY FOUND?**  
All purpose cleaners such as Spic and Span, Ajax, "409", oven cleaners, window cleaners, drain cleaners, scouring powders.  
Here is another low calorie recipe:  
**APPLESAUCE COOKIES** (41 calories per cookie)

1 1/2 c. sifted flour  
2 tsp. cinnamon  
1/4 tsp. soda  
1/4 tsp. salt  
1/4 tsp. nutmeg  
1/4 tsp. cloves  
1/4 tsp. allspice  
1/4 c. butter or margarine  
1 1/3 c. raisins  
1/2 c. artificially sweetened applesauce  
1/4 c. buttermilk  
1 egg, slightly beaten  
1 1/2 tsp. liquid Sweet-10  
Sift flour with cinnamon, soda salt and spices into mixing bowl. Cut in butter until particles are fine. Stir in raisins. Combine remaining ingredients; blend well. Add dry ingredients all at once; mix well. Drop by rounded teaspoonfuls onto ungreased cookie sheets. Bake at 375 degrees for 12 to 15 minutes. Yield: 30 cookies.

# Approaching Marriage . . .

First I began by studying these questions about alkalis. **WHAT ARE SOME COMMON NAMES OF ALKALIS?**  
Probably the best known alkalis for household cleaning are baking soda and ammonia. Other common alkalis are borax, trisodium phosphate (TSP), washing soda (sal soda), and lye. **WHY ARE ALKALIS IMPORTANT IN CLEANING PRODUCTS?**  
Alkalis are very effective in removing a heavy accumulation of dirt without rubbing. They work especially well to remove grease because they react with it to form an emulsion. An emulsion is a mixture in which oily or solid particles are held in suspension and will not separate from the rest of the liquid. The greasy particles thus held in suspension will not be deposited again on the surface you are cleaning. **WHAT HARD CAN ALKALIS DO?**  
Very strong alkalis are potentially dangerous to adults and children. When misused these substances can severely burn the eyes and skin and if swallowed cause internal injuries or death. The law requires that the dangers of a product and the precautions that should be used in using them appear on the label. So read the label and follow what it says. Because alkalis readily remove oily dirt, they also take oil from your hands as you work. For this reason, many people prefer to wear waterproof gloves while cleaning. Concentrated doses of these cleaners can loosen paint surfaces that you only aimed to clean. Al-

Preston Hollow Presbyterian Church of Dallas will be the setting for April 3 wedding of Miss Cathrine Rycroft Gordon of Dallas and John Michael Holt of Dallas. Announcement is made by the parents of the bride-elect Mr. and Mrs. H. R. Gordon of Dallas, Texas. The prospective bridegroom is the son of

Mrs. R. J. Holt, Jr. of Wheeler and the Late Mr. R. J. Holt, Jr. Miss Gordon is a junior student at Southern Methodist University and is a member of Kappa Kappa Gamma social sorority. Mr. Holt is a junior student at Southern Methodist University, where he is a member of Phi Delta Theta fraternity.

## FHA Chapter Active In Nat'l Program

By: Luinda Verden  
 Since its beginning in 1945, Future Homemakers of America has developed a National Program of Work as a means of guiding local chapters and states in their work. The overall objective of FHA is to help individuals improve personal, family and community living.

The National Program of Work for 1969-1973 has two major objectives supported by seven projects. Objective I is to strengthen bonds within the family and between the family and community. National Projects supporting this objective are: Our Future as Homemakers, Stable Home-Stable Life, Make Time Work for You, and Decisions That Count. Objective II is to help youth comprehend the problems of society and contribute to their solutions. To Dare Is To Care, Our World-A Growing Heritage, and Preparedness-The Key to Opportunity are the National Projects under Objective II.

The Wheeler Chapter of FHA is currently working under the National Program of Work. In addition to the national projects, the local chapter is working under some of their own projects. During the 1970-1971 year, the chapter has sponsored a Family Night for our parents, sent Christmas cards to the Wichita Falls State Hospital, sent packages to area soldiers in Vietnam, sponsored a work party to clean up around our town square, sponsored an anti-litter campaign at school, sold cookbooks, and held our annual FHA Banquet. Before the year is over, we will attend the Area Meeting in Lubbock, attend the State Meeting in Dallas, sponsor a Faculty Appreciation Day, conduct a high school assembly and encourage others to become members of FHA.

The Wheeler Chapter is under the leadership of President-Susan Ford, First Vice President-Cynthia Manning, Second Vice President-Vicki Gaines, Third Vice President-Jo Rita Rogers, Fourth Vice President-Carol Holt, Fifth Vice President-Machille Mitchell, Secretary-Treasurer-Luinda Verden, Historian-Carla Marshall, Parliamentarian-Gayle Helton.

## Tommie Forbes Reports for Duty

U. S. Air Force Sergeant Tommie L. Forbes, son of the Rev. and Mrs. Ray Forbes of Cotton Center, Texas, has arrived for duty at Shaw AFB, S. C.

Sergeant Forbes, an education and training specialist, is assigned to a unit of the Tactical Air Command. He previously served at McConnell AFB, Kansas.

The sergeant is a 1965 graduate of McAdoo (Texas) High School. His wife, Judy, is the daughter of Mr. and Mrs. J. E. Bailey of Rt. 1, Moberlie, Texas.

Mr. and Mrs. C. O. Killingsworth entertained a group of neighbors and friends Saturday night with music and singing. Those attending were Mr. and Mrs. Johnnie Reed, Mr. and Mrs. Claudy Brotherton, Mr. and Mrs. Carl Laffin, Mr. and Mrs. Jess Moore, Mr. and Mrs. Harold Hill, Gady Vise, Ola Underwood, Clara King and Burrell Hill all of Wheeler, Mr. and Mrs. Joe Flowers and son, David, and Mrs. Bertha Coffee of Sweetwater, Oklahoma, Mr. and Mrs. Floyd McIntush and Mr. J. B. Yates of Memphis.

## Life Saving Suggestions

Instant recognition of heart attack symptoms and immediate medical care can save tens of thousands of American lives each year. With this in mind, the American Heart Association-supported through your Heart Fund gifts-offers some advice that all of us should take to heart: Know the warning signs of heart attack and act immediately to obtain medical help when they occur.

The new concept is given validity by the greatest life-saving development to emerge from the 1960's namely, hospital coronary care service which reduces in-hospital deaths following heart attack by about 30%. With optimum utilization of this service it might be possible to save an additional 50,000 lives yearly. But the most skilled profes-

sional staff and the finest equipment are all but useless unless the patient acts quickly to obtain the service. Most of the reversible crises following heart attack occur during the first 72 hours. And the first four hours are the ones of the greatest peril.

In other words, minutes count. The decision to obtain medical assistance immediately can represent the difference between life and death. Such a decision should not be left to the heart attack victim alone, but rather is one for the wife, husband, relative or friend.

Heart attack symptoms vary, but these are the usual warning signs:  
 \*Prolonged oppressive pain or unusual discomfort in the center of chest, behind the breastbone.  
 \*Pain may radiate to the shoulder, arm, neck or jaw.  
 \*The pain or discomfort is often accompanied by sweating, nausea, vomiting and shortness of breath may also occur.  
 \*Sometimes these symptoms subside and then return.  
 If these symptoms occur, the person with suspected heart attack should avoid physical exertion as much as possible. Someone should phone your doctor immediately. If the physician can't be reached, the patient should be moved immediately-by the fastest method available-to the emergency room of a hospital.  
 Incidentally, the recommendations offered are wholly in line with the Heart Fund slogan: "Give -- so more will live."

## Joe Rogers To Head 1971 Easter Seal Appeal

Mr. Joe Rogers will head the 1971 Easter Seal Appeal in Wheeler County, it was announced by P. O. Settle, Jr., of Ft. Worth, President of the Easter Seal Society for Crippled Children and Adults of Texas. Residents of Wheeler County will receive the annual Easter Seal Appeal letters in the mail beginning March 1. The Easter Seal Appeal, conducted yearly to provide disabled persons and their families treatment and services, will continue through Easter Sunday, April 11.

Mr. Rogers is one of 223 men and women throughout Texas who are serving in this capacity. The cost of the state-wide Easter Seal program is over one million dollars, financed mainly by the Easter Seal Appeal. Almost 90% of all funds raised by the Easter Seal Appeal remain in Texas to support the growing needs of the disabled in the state. Special emphasis is being given in the 1971 Easter Seal Appeal to the disabled citizen or his family in Wheeler County who may need assistance and not know where to obtain it. Any disabled person can contact Mr. Rogers at the First National Bank, Wheeler, Texas who will refer the request for services to the Easter Seal Society. A determination of the extent and type of assistance needed and the most efficient means of obtaining that assistance will be made. Arrangements for needed treatment or service will be made by the Easter Seal Society.

### PUBLIC NOTICE

#### Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT (SJR 15) Special Election May 18, 1971

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 24, of the Texas Constitution, be amended to read as follows:

"Section 24. (1) The State Ethics Commission is created as an agency of the State. The commission consists of nine members. Three members shall be appointed by the Chief Justice of the Supreme Court of Texas with the advice and consent of the Associate Justices serving on the Court, three members shall be appointed by the Presiding Judge of the Court of Criminal Appeals of Texas with the advice and consent of the other Judges serving on the Court, and three members shall be appointed by the Chairman of the State Judicial Qualifications Commission with the advice and consent of the other members of the commission, of each group of three appointees no more than two shall be attorneys engaged in the active practice of law. In addition thereto there shall be two ex officio members, one from the House of Representatives and one from the Senate to be elected on the first day of each Regular Session of the Legislature by a majority of the membership of each House for a term ending on the first day of the next Regular Session.

"(2) With the exception of the initial appointees each member shall hold office for a term of six (6) years and until his successor is appointed and has qualified. In making the initial appointments, each appointing officer shall designate one (1) appointee to serve a term of two (2) years, one (1) appointee to serve a term of four (4) years, and one (1) appointee to serve a term of six (6) years. Interim vacancies shall be filled in the same manner as vacancies due to expiration of a full term, but only for the unexpired portion of the term in question. The membership shall designate one of its members to serve as chairman for a period of two (2) years.

"(3) The members of the commission shall be reimbursed for actual and necessary expenses incurred in the performance of their duties.

"(4) The commission shall recommend the compensation, per diem, and mileage allowance of members of the Legislature, and may recommend the salary of the Speaker of the House of Representatives and the Lieutenant Governor

from a 10 county area including Hemphill, Wheeler, Roberts, Gray, Hutchinson, Carson and Potter, inspectors from the United States Department of Agriculture are trying to locate and eradicate the source of infestation.

This inspection will enable the lifting of the embargo on Texas cattle. David Mills, livestock inspector for the Animal Health Division of the U.S.D.A. has begun his inspection of cattle herds in Wheeler County. Mr. Mills can be reached through the County Agent's office at Wheeler. County Commissioners will be cooperating with Mr. Mills in locating the cattle herds. The inspections of herds will begin in Precinct 3, followed by Precinct 4 and then 1 and 2. Mr. Mills hopes to complete inspections by March 1.

Symptoms of the scab mite will be noticed when cattle scratch or bite themselves trying to get relief from the itching. This itching and scratching is accompanied by the appearance of scabs on the upper part of the neck, shoulders, rump and tailhead. These scabby areas are caused by small mites, too small to be seen by the naked eye.

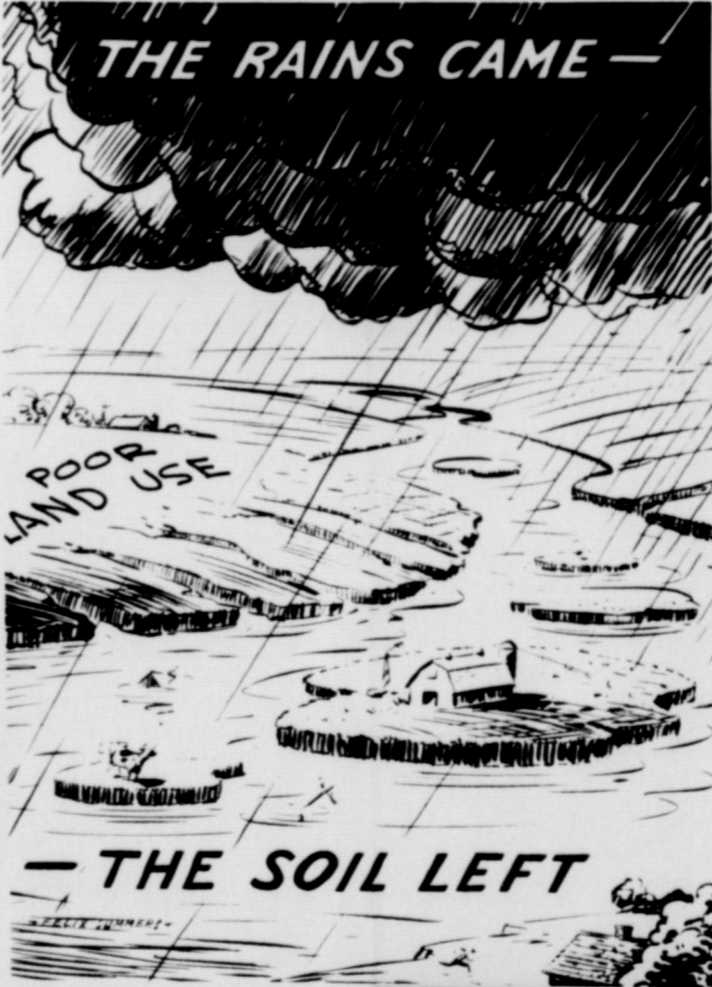

Efforts should be made to detect scabs in its early stages to prevent spread of disease and economic loss to herd owner. We hope that all cattle herd owners will cooperate with Mr. Mills on his inspection tours.

We noticed quite a number of cattle lice last week when we accompanied the livestock inspector who was looking for scabies mites. The inspector, Dave Mills is continuing his inspection tour and will be in the south part of the county this week.

There is no profit in feeding cattle lice. These parasites are among the most damaging to beef cattle. Infested cattle spend a lot of time rubbing against fences, posts and other ob-

A good job of managing crop residue is pictured above on the E. O. Kelly farm. By plowing to leave stalks or residue on the soil surface erosion due to water or wind is lessened. Other benefits are reduction in moisture loss, fewer trips over the field, retarding runoff, and maintaining a cooler soil temperature during the hot summer days. The latter is important to keep from killing soil bacteria which fix nitrogen and aid in the decay of organic material.

The Agriculture Research Service reports that under controlled conditions on a 40 acre tract heavy rains (2½ inches in one hour) followed the next day by short, high intensity rains could remove as much as 8,000 cubic yards of soil. This would cover the average city lot 14.3 feet deep in sediment. Sediment is the number one water pollutant. It comes from construction sites, bare city lots, unpaved roads and unprotected farm land. If you have a problem on your site, lot, road or farm, contact the Soil Conservation Service in Wheeler.

March 1 is the deadline for farmers to file their 1970 income tax return. This date was extended from February 15 to March 1 by the 1969 income tax law.

To qualify for reporting as a farmer, two-thirds of your gross farm income must be from the sale of agricultural products. If farm income is less than two-thirds of the gross income, a taxpayer may be required to declare estimated tax and make quarterly payments. Statutory penalties are assessed for failure to file required declarations of estimated tax.

Many taxpayers will not be required to file a return due to a new low income allowance. As an example, for 1970 returns, married persons filing joint return would be required to pay any tax if their incomes were less than \$2,300. However, farmers may be required to file an income tax return in order to report self employment tax if their net income exceeds \$400 for 1970.

Additional information regarding farm income tax reporting regulations can be found in the 1971 edition of the Farmer's Tax Guide which is available at our office or from the Internal Revenue Service.
