SECOND CASH DRAWING IS SATURDAY

The second \$300 of the \$1,000 Christmas Drawing will be given away Saturday, December 19. The third and final drawing will be Thursday, December 24. \$400 will be given away Christmas Eve.

Saturday's and Thursday's drawings will be held on the west side of the Courthouse Square at 2:30 p.m.

Sixteen people will be handed cash Saturday. The \$300 cash will be divided into 2-\$50; 4-\$25; and 10-\$10.

Some lucky person will receive \$100 cash Thursday, just in time for Christmas. The \$100 will be added to \$300 which will be divided as it was for the previous drawings.

Wheeler merchants and businessmen donated the \$1,000 to show their appreciation of their customers.

Here's how it works - tickets were available and registration began Dec. 5 at each of the participating businesses listed in this story and elsewhere in the paper. Each time you enter a participating store, you are entitled to a ticket, ask for it - sign it - deposit tickets in containers which are conveniently located in each of the sponsoring firms. You will also receive one ticket per each dollar purchase up to a maximum of \$500.00.

When the day of the drawing arrives, all of the tickets will be placed in large containers and the winners drawn. The tickets will not be dumped each week; tickets will be added each week to the accumulated tickets.

You must be present to win. However, husbands and wives may claim each other's prizes.

Wheeler business people not participating in the drawing are not eligible to win.

If you do not personally know the men conducting the drawing, please furnish identification.

The following merchants are sponsoring the Christmas Drawings:

CHRISTMAS DECORATIONS ARE COMPLETED WITH TREE LIGHTING

The lights were placed on the tree on the Courthouse Square to complete the Christmas decorations for Wheeler. The tree was lighted Saturday with the help of the Wheeler Key Club and their sponsors.

A project was begun in October 29 to light Wheeler for Christmas. The funds were donated by Wheeler citizens and former citizens from as far away as California. A total of \$1413.09 was collected.

Red lights and Garland were purchased and placed on the Courthouse. The top of the Courthouse is outlined with lights at each corner and each side of the doors. 800 feet of lights were required for the Courthouse.

The Courthouse lights are visible for several miles in any direction from Wheeler. A fifteen foot blue spruce was planted at the northeast corner of the courthouse square. Using the old lights after removing the garland, the tree is trimmed with 100 assorted lights.

Three members of the Wheeler Key Club, Bill Tucker, Dale Stevens and Joey Stone helped with the lighting of the tree. Assisting in the work was Jim Wright, Kiwanis Representative.

The Chamber of Commerce committee for collecting the money and purchasing the lights and tree consisted of Harry Wofford, Jim Wright and Louis Stas.

The committee appreciates the efforts of Earl Bames, Red May, Cecil Snelgroves, the County of Wheeler and the City of Wheeler who helped with the decorations and the

planting of the tree. The committee also appreciates the donations made toward the purchasing of the decorations.

Wintering costs are nearly 10% higher based on the cost of gain, than any other phase of a beef cattle program. In nearly all instances, costs can be reduced to advantage by either adjusting the make-up of the ration or altering the level of feed intake. Finding a low-cost way of wintering cows in Wheeler County is an objective of a result demonstration south of Wheeler. Since other cost studies have shown that nearly 75% of maintaining cow herds is spent on winter feeding, the direction of our research was toward getting them through the winter yet in condition to wean normal calves in the spring. The study was designed to determine what costs would be involved in wintering pregnant cows on standing cured Ermo Weeping Love Grass supplemented with 37% protein blocks.

This past month in November, some of the cows gained nearly two pounds per day and the cost of the blocks consumed was only \$2. Clipping of the cured grass pasture which was fertilized in August with 100 pounds of ammonium nitrate showed a crude protein value of over 6%. This was an particularly high value because most native ranges will have values of only 3-4%. We haven't drawn conclusions yet but figure the higher value was a result of the summer fertilization. We will try to keep you informed as the study continues.

The Wheeler County 4H and FFA Pig Show will be on Saturday, March 6, 1971. There will be a \$1.00 entry fee and all entries will be due February 1st. Both Barrows and Gilts can be shown. For the first time, we will have a steer show. All 4H and FFA members going to

school in Wheeler County be eligible to show. A \$100 sent 72 4H and FFA pigs are on feed for the show sale and 15 calves are on feed for the steer show. The Wheeler Chamber of Commerce sponsors the show. This is the largest number of pigs that we have had. The support for the livestock show has been tremendous and look forward to this year's show.
