

Here & There

By Laura Guthrie

This year of 1976 we are all thinking "Bicentennial." Even in the printers black ink one may imagine they see red, white and blue. Just by chance the other day I brought out a book from the local Library entitled

"Dawns Early Light," by Elswyth Thane, which turned out to be a fascinating little novel, but at heart it offers us a chance to see the preliminaries to the Declaration of Independence. It lets us feel the heartbeat of the early Americans; their anguish, doubts and trials. It lets us see General George

Washington and Greene and others as they struggled to put the enemy, finally causing the downfall of Cornwallis. And let me emphasize, this is not dry history. It is a charming, fast moving story of individuals caught up in the dread war for Independence. It is nice to hear that a citizen of yesterday

may come back to live among us. Mr. and Mrs. Gordon Reynolds (Lillian Wood) are visiting here with relatives. Lillian is the sister of Ora B. Siles. They are members of the family of Judge C. A. Wood an old timer. The Reynolds have been living in Kentucky, but are contemplating on moving to Wheeler. We'd love having them here.

Mrs. Jim Risner has just returned from a long visit with her son, Dr. Scott Risner and family who live at Longview. Hettie flew into Amarillo

and was met there by Dorothy Risner, hence on to Wheeler by car. Suzanne Brock, a teacher in our school, was delighted to have her parents from Albuquerque visit with her over the weekend. Mrs. Dalton, of Sweetwater, Texas is visiting with her sister, Mrs. Cecil Martin. By coincidence she sat near Lillian (Wood) Reynolds in Sunday School. They were near neighbors when they both lived in Wheeler.

Harold and Sandra Green of Canadian, attended church Sunday night with his mother, Anna Green. They stayed for a late supper with Anna Frank and Esther Caswell and Frank's sisters, Jewel Chapman of Pampa and Nita Young of Sayre, Okla., attended the funeral of their uncle, Lee Craddock, at Hollis, last week. Esther has been making frequent trips to visit with a brother, Rex Young, who is confined to a hospital in Dallas.

Geneva and Clarence Wilson, of Wichita Falls, visited with her sister, Mary Finsterwald, Saturday night and Sunday. Guests of the Senior Citizens on Monday night were, Mr. and Mrs. John A. Smith, Ed Haynes and Velma Lee Luttrell of Shamrock.

Mr. and Mrs. Billy Stewart and Billy, Jr. spent the day in Altus last Sunday. They met her sister and a niece from Oklahoma City there. After a down-to-own lunch they just drove and visited, having a very pleasant day.

Mr. John Dudley has had a company tour of duty in Colorado. Mrs. Dudley joined him there and spent about three weeks. They are both here at home now.

Rodeo Club

The Wheeler Rodeo Club will meet Friday at 7:00 a.m., March 19 at Sparlin's Cafe.

The purpose of the meeting is to discuss the Rodeo and Easter Egg Hunt. All members are urged to be present.

SHUT OFF

The James No. 1 Well located 1/2 mile south of Kelton was capped at 9:30 Thursday morning. The well blew out Monday, March 15 and remained out of control until Thursday.

As a result of the incident, Kelton School cancelled classes Monday at 3:00 until Friday. Red Adair's crew was given credit for shutting down the well.

30th Annual St. Patrick's Day Celebration At Shamrock Sat.

SHAMROCK—Irishmen from all over the Southwest and the rest of the nation are planning to attend the 30th annual St. Patrick's Day Celebration in this Irish City. The theme for this year's festivities is "Stars, Stripes, and Shamrocks Forever."

The Festival is scheduled for Saturday, March 20, this year and will be preceded Friday by the traditional Pre-St. Patrick's Day banquet, featuring the Honorable Dolph Briscoe, Governor of Texas.

In addition to Governor Briscoe's speech, entertainment at the banquet will be furnished by the Pampa High School Woodwind Ensemble, an award-winning unit which has performed throughout the area. Banquet tickets, priced at \$6.00 each, may be reserved by calling the Shamrock Chamber of Commerce.

One of the highlights of the annual St. Patrick's festivities here, the gigantic St. Patrick's Parade, will begin at 11 a. m. Saturday morning at the south end of the business district and will move north down Main Street. Highlighting the parade will be dozens of elaborately decorated floats and several bands, drill teams and other marching units.

For the kids of all ages, an All Day Carnival will run Saturday to accommodate the enthusiastic, fun-loving crowd which annually packs the Irish City on its big day.

Western entertainment, beginning at 1:00 p. m. Saturday, will unfold at the Sheriff's Posse Rodeo Arena, as many of the area's best steer ropers demonstrate their talent. An old fiddlers contest will be held at Clark Auditorium beginning at 2:30 p. m. Saturday, featur-

ing fiddlers from several states. Entertainment of various flavors will be presented throughout the day Saturday from the downtown sound stage, the hub of all the festivities.

Attractive colleens from area schools will ride floats in the street parade and compete for the title of Miss Irish Rose. The winner and runners up will be crowned in an impressive coronation at the National Guard Armory during the afternoon and awarded college scholarships.

Other Saturday afternoon activities include an auction of Shamrock coins, the presentation of awards to winning drill teams, floats, and riding clubs, and donegal beard judging.

The Irish Festival will end Saturday night with two dances. The Texas Swingsters will furnish music for the regular St. Patrick's Day Dance at the Armory. A dance at the junior high school gymnasium, designed for the teenagers, will feature C. C. Crow, Amarillo radio personality.

The Shamrock St. Patrick's Celebration, dating back to 1838, is one of the biggest and most exciting festivals held in the Southwest. Each year thousands of visitors crowd the city on the big day and enjoy the many, varied forms of activities.

Although St. Patrick's Day comes each year on March 17, the celebration in Shamrock is observed on a weekend date so that more people can attend and participate in all the activities.

Consider the great number of poisonous substances which are on hand in most homes: washing soda, drain cleaners, chlorine bleach, polishes, ammonia, lye, insecticides, rat poison, paints and turpentine, sprays, disinfectants. Parents must be careful to keep poisonous substances out of children's reach in a locked cabinet. They should be promptly destroyed rather than stored when the need for each has passed.

Ray Hudson Family

Card Of Thanks
We wish to take this means of expressing our thanks to our many friends and relatives who in anyway acted in love and sympathy at the loss of our beloved mother, grandmother, and sister.

We are indebted to the ministers of the town, especially to Marvin Roark and Ernest McGoughey for their words of comfort and to the Wright Funeral Home for their services. A special thanks to Dr. Barbour, Dr. Mendiola, and the staff of Parkview Hospital.

As an unknown author writes "When good friends walk beside us on the trails that we must keep, our burdens seem less heavy and the hills are not so steep. The weary miles pass swiftly, taken in a joyous stride. And all the world seems brighter when friends walk by our side."

God Bless You

Cowbelles Corner

"Almost Everything Begins on a Farm" is the theme Top O' Texas CowBelles will proclaim as they join other agriculture groups across the nation in celebrating American Agriculture Day, March 22.

The Top O' Texas CowBelles are affiliated with the Industry Information Council of the American National Cattlemen's Association and with the American National CowBelles women's auxiliary of ANCA.

According to Nancy Kotara, reporter, the purpose of American Agriculture Day is "to increase Americans' awareness of agriculture and agriculture-related products necessary to their way of life."

"With increased concern about the cost of food products and food surplus and shortages, I think it's time we set aside a day to take a closer look at American agriculture's productivity record and how it affects food prices," Mrs. Kotara said.

"Most certainly, food prices have risen in the last few years, but so have prices of almost everything else. American agriculture has more than doubled its productivity in the last 20 years, making it possible for us to spend less of our total income on food. For example, Americans will spend only about 8 percent of their disposable income on food in 1976, compared with 3 percent in 1950."

Mrs. Kotara noted that agriculture is America's largest industry, with assets totaling nearly \$600 billion, equal to approximately three-fifths of the capital assets of all U.S. corporations.

The beef cattle industry is the largest segment of agriculture, with cash sales totaling one-fourth of all farm marketing receipts.

Top O' Texas CowBelles emphasized that agriculture is vitally important to the American job market. Every job on the farm generates three in related supply and processing businesses. One out of every five jobs in private enterprise is in agriculture and agribusiness.

Industry information council chairmen and CowBelles in more than 26 states will be telling the beef industry story to the public during American Agriculture Day. Plans in various states include receptions for legislators, proclamations by governors and mayors, speeches to community groups, slide presentations, supermarket displays and media interviews.

Wheeler local plans include radio spots, newspaper coverage of agriculture, both on nutrition of beef and recipes for beef dishes at Top O' Texas Stock Show, Billboards, recognizing ag day in town, plus Beef information Booth at Shamrock celebration.
