To Conduct Baptist Revival

Young Evangelist Tells Inspiring Story

A young and unique gospel team will be preaching at 7:30 each night next week at Wheeler Baptist Church for revival services August 7 through 14.

Freddie Gage, evangelist, and Jimmy Snelen, song leader, working together as a team in the interests of the Lord, present a united effort stemming from two entirely different beginnings.

While one grew to manhood knowing only the inner satisfaction of serving the church, the other made an abrupt turn from a road of self-destruction to become a powerful instrument of God in an amazingly short time.

Both young men, still in their 20s are climbing fast to the top

of their chosen field of endeavor and have been drawing large crowds wherever they had appeared.

The young evangelist has a story that a soul bring hope to any par-

who had come to know him by his first name for his constant brush-

with the law.

An Oklahoma judge has lauded his work, as sincere and superior, and says, "He understands the temptations and difficulties confronting youth of this generation. His success in leading young people is phenomenal."

Gage and his team have found strong supporters in young people. Efforts of the crusades have led over 300 young people to full-time Christian service, and five young men are now full-time Southern Baptist ministers after listening

Wheeler To Have Micro-Wave TV

Next 2 to 3 months will have Micro-Wave TV on channels 4, 7, and 10. As most of you know, nearly perfect television is available.

Plans to install the system as a joint venture between Wheeler and Pampa. The total cost has been estimated at \$100,000.

the signal and funnel it to their customers in Wheeler.

The phenomenal thing about Micro Wave is that it definitely does not lose any of its strength in transmission. The Micro Wave system is used by all the major broadcasting systems and by the American Telegraph and Telephone company.

In other areas where the Micro Wave has been tried it has worked to perfection. And engineers from the Mesa company feel that Wheeler will be no exception.

In talking with Mrs. Guthrie, she was careful to point out that no additional charge will be made for the Micro Wave Television and it will not be necessary for any changes to be made in your TV set.

Mrs. Guthrie explains the change as just another means of trying to "please our customers."

Nifty Needlers

Handy with needle and thread are these five winners of District 4-H Dress Revue held Thursday in Amarillo. Competing against seamstresses from throughout the Panhandle were Shelia Donelson, left, of Stafford, Violet Fillingim of Wheeler, Virginia Friemel of Canyon, Rita Witkowski of Happy and Linda Holt of Spearman. They will represent District I in state contests. The girls competed against entries from 11 Panhandle counties.

Funeral Services To Be Held Friday For Elmer Luttrell

Elmer E. Luttrell was born October 15, 1899 at Madill, Okla., and passed away at Williston, N. Dakota, July 30, 1960. Age 60 years, 9 months and 15 days.

Funeral services will be held in the Methodist Church in Wheeler, Texas, Friday, August 5, 1960 at 2:30 o'clock with the pastor Rev. Robert Ely, assisted by the Rev. O. C. Evans of Shamrock.

Mr. Luttrell moved to Mobeetie at the age of five. He attended West Texas State Normal College at Canyon, Texas. He enlisted in World War I October 19, 1918 at Canyon, Texas and was discharged December 29, 1918. He was married July 6, 1919 to Lelan Fee in Pampa, Texas. He entered the postal service in Pampa in 1925.

They made their home there until 1947 when they moved to Williston, North Dakota. Mr. Luttrell was a rural mail carrier but for the past 2 years had operated Luttrells North Star Station.

Local Girls To Appear On Television

Tune your TV to channel 4 at 12:30 Thursday and watch the Ruth Britt show. Two local Wheeler girls will be modeling on the show.

Bobbie Adams and Kitty Hibler have been selected by Mickie McDonald of the American Charm School to model for the show.

City Equalization Board To Meet

The City of Wheeler Equalization Board will meet within the next few days according to Mayor Thomas Daughtry. The purpose of the meeting will be to set new valuations on city property.

Mayor Daughtry was happy to announce that he did not think a raise in city taxes would be necessary. The present tax rate is \$1.30 per hundred dollar valuation.

For those who may not be familiar with the taxation of city property the following example might be helpful.

If the Equalization Board values your property at \$10,000 (they always try to value the property as close to the actual value as possible). You will be safe to assume that your taxes will be figured at approximately 1/3 of that figure. In other words you will be charged a \$1.30 per hundred. On \$3,333 your taxes would be approximately \$43.32.

OKLAHOMA

Mr. and Mrs. Frank Wofford and family left Wednesday for a short visit in Oklahoma.

NEW SUPERINTENDENT: Fred Blackburn has assumed his duties as superintendent of Briscoe Schools for the coming year. Mr. Blackburn has 31 years experience in Oklahoma. He has a B. A. from Southwestern State College at Weatherford, Oklahoma and a M. A. from Oklahoma University, Norman, Oklahoma.

BETTER TV

Television Technicians from Hollywood were in Wheeler Tuesday to "Sweep the TV Lines" and make adjustments on the community TV system.

Briscoe Ex-Students Schedule Meeting

The Briscoe Ex-Students have announced the date for their annual meeting. Registration will begin at 1:00 P.M. Saturday, August 20. The program and business meeting will be at 4:00 P.M. and the Meal will be served at 6:30 P.M.

The Briscoe Exes are urging that everyone planning to attend make their reservations early so enough food can be prepared.

Briscoe School To Open Soon

Fred Blackburn, superintendent of schools at Briscoe, announced today that school will open at Briscoe on August 29, and the lunchroom will begin serving lunches on August 30.

Mr. Blackburn also stated that repairs to the building are being completed as soon as possible. The floors are being resealed and refinished. Walls are being repaired and redecorated in pastel shades of green, blue, pink and beige.

ARKANSAS

P. C. Mason of Little Rock, Ark., is visiting with his brother in Wheeler this week.

Editorial

Vote "FOR"

Voting will be light Saturday, almost as light as in the recent wheat referendum. However, the voters, regardless of the number, will determine in no uncertain terms the fate of the county for years to come. The ballot gives the voters two choices. If you vote "For," that means you want the offices of Tax Assessor-Collector and County Sheriff to remain as they have been in the past. It means that Thurman Rives will keep his job and Bus Dorman will also remain on duty.

It also means that Wheeler County can continue to progress; it means that our county can continue to enjoy the exceptionally low loss from crime. Some would be surprised to learn that Wheeler County has one of the lowest losses from burglary of any county in the entire state. And as we all know, death and recklessness on our county roads and highways is a thing of the past.

When you vote "For," you are voting for accurate, honest, efficient tax collections. You can be confident that your money is being handled efficiently.

There is little over a half million dollars a year that goes through the office of the Tax Assessor-Collector and part of that is your money, it is used here in your own county. You will need someone to look after that investment.

If we were to combine the offices, I wonder what would be the outcome. Our neighboring Collingsworth county tried it in 1950. It didn't work, they immediately changed back to the old system. Childress County and Hall County came up a little shy on population so they voted on the same proposed change. Both counties voted almost unanimously to keep the offices separated.

Just remember, when you go to the polls Saturday, Vote for continued progress. Circle "For," and scratch out the "Against".

Local Church Of Christ Has Scheduled A Revival August 14

The Church of Christ which meets at 6th and Main Streets in Wheeler, has scheduled a meeting to begin August 14th. Evangelist Don Willingham of Borger, Texas, is to do the preaching. Evening services are to be at 8:00 p.m.

Don Willingham is a well known preacher and has a regular television program upon which he appears. Many in this area have seen and heard him on the television program.

The public is invited to attend these services and ask questions regarding anything that is taught. You also have the privilege of calling and having either the local preacher or the visiting preacher or both visit and study with you. Phone 3401 for an appointment with either or both of these preachers. We will give only a Bible answer to questions or study a Bible subject with you.

VACATION

Bill Brickey is vacationing around Wheeler this week.

Beene Announces County Meeting

D. O. Beene, Republican County Chairman, announced that a meeting will be held in the Community building in the City of Shamrock, Texas, on Friday, August 5th, 1960, 7:30 p.m.

This meeting is being called for organization purposes and all voters of that area that are interested in electing the Nixon Lodge Ticket are urged to attend. This meeting will be under the direction of Miss Virginia Anderson of Shamrock, who has been appointed vice chairman of the Republican Party in Wheeler County.

Mr. Beene also announced that another meeting will be held in

the District court room in the court house in Wheeler, Texas, on Friday, August 12th, 1960, 7:30 P.M. All voters of Wheeler County and surrounding areas who are inclined to support the Nixon Lodge ticket in this campaign are invited to attend. These will be a number of good speakers present who will discuss the issues of the campaign, among whom will be John G. Tower, of Wichita Falls, Tex., Republican candidate for United States Senator from Texas. He will be accompanied by his wife, and it is hoped that a large number of voters of this area will come out and meet these people.

HI THERE

By Lavell Stephens

I need help, which is every day. I suppose I've written too much and said very little, but to quote from a bit I read in my morning paper, I'll pass on to you and say no more.

"Many great things have been written and said—and by nature of time most of those who said them or wrote them are dead."

One of these was Jesus, who said before he died, "Love one another"—I have nothing significant to add.

"The trials that make us Fume and fret
The burdens that make us Groan and sweat—
Are things that haven't Happened yet."

"When you have a fight with your conscience and get licked, you win."

MAKE THE WORLD Make The World A Little Better Make the world a little better! As you journey day by day Share some blessing with another Lift some stone from out of the way. Speak a word of consolation To some mirthless misanthrope— Heal some hurt or soothe some sorrow—

If you have not gold—give hope! Make the world a little better! As you mingle in the throng Spare a tear for him that sorrows—
Cheer the weary with a song, When you overtake a pilgrim, Fainting on the sterile slope Wake his failing courage, somehow—
If you have not gold—give hope! Make the world a little better! As you briefly hide therein; Break some captive's fetter, Lift some sinking heart from sin.

All of human resolution Men require if they would cope With life's grief and disillusion— If you have not gold—give hope!

"Blessed is the man who is too busy in the daytime and too sleepy to worry at night."

HIGH LIGHTS AND SIDE LIGHTS FROM YOUR STATE CAPITOL

AUSTIN—About a dozen state agencies thus far have presented their budget requests for the 1961-62 biennium.

As yet, note has failed to ask for more money than it's presently getting.

Many agencies cite Texas' growing population as justification for expansion. They say, in effect, that they are in the same position as the housewife who has to put another potato in the pot to set another place at the table.

Others seek to woo state funds with a "bread cast upon the waters" approach. They contend that money spent on developing the state's resources will come back multiplied in the form of increased state revenue.

Most all emphasize the difficulties of luring and holding highly trained personnel at present state salaries. Some say, too, that they've been working with a too-short stick for years and need some "keep up with the times" improvements.

Budget proposals are presently being studied by the Legislative Budget Board and the Governor's budget staff. Each will make recommendations, and the final decision will be made next year by the Legislature.

With a money-short, tax-fighting session ahead, it won't be easy for anyone.

These budget requests have been added to those already under study.

STATE PARKS—An investment in state parks is an investment in the Texas tourist industry and a potentially rich source of additional funds for the state treasury.

This is the theme of the State Parks Board in asking a \$2,000,000 appropriation for the next two years. This is almost double the present spending level.

Of this million-dollar-a-year appropriation, the Board proposes to use \$700,000 a year for improvements, \$300,000 a year for administration.

Texas, says parks director Bill Collins, spends less on its state parks than Rhode Island. He cited figures showing that Texas would get \$81,000,000 a year more in tax revenue if each out-of-state visitor stayed in the state one more day.

GENERAL LAND OFFICE—A bigger budget is asked by the General Land Office and Veterans Land Board to assume the state's realizing full value from the resources of state-owned lands.

A two-year budget of \$3,012,339 is asked.

Land office noted the state now has clear title to 8,000 square miles of tidelands. It wants to employ three oil scouts and a geological director to explore the development of the tidelands' mineral resources. Altogether, 29 new land office employees are being asked.

Land Office claims that for every dollar it has spent in the past 22 years, \$90.18 has been returned to the state treasury in revenue.

AGRICULTURE—Complexities of increasing scientific farming put greater demands on the State Department of Agriculture, says John C. White.

His "sink or swim" budget request is for \$3,061,421 for the coming two-year period. This compares with a \$1,930,966 appropriation for the present period.

White said the "chemical revolution" in agriculture today puts heavy responsibilities on his department. He also asked for more equipment and more salaries for personnel to check weights and measures.

HIGHWAYS—State Highway Department is asking for a two-year allocation of \$698,600,000.

Of this, \$348,300,000 would be for the 1961-62 period; \$350,300,000 for the 1962-63 period. This compares with \$337,000,000 spent by the Highway Department in 1959.

Most of the highway revenue comes from special earmarked sources, such as the gasoline tax, license fees, etc. Department is asking \$600,000 from the general revenue fund to be used for tourist advertising.

GAME AND FISH—Game and Fish Commission is asking for what it calls a "status quo" budget, except for salary raises for some of its top technical personnel.

Commission is asking for \$12,034,945 for the coming two-year period compared to \$11,593,651 for the present biennium.

Executive director Howard Dodgen declared the commission's top echelon employees are "grossly underpaid" for highly trained persons, some with master's degrees.

STATE COLLEGES

—Three colleges, East Texas State, Stephen F. Austin State and Sam Houston State Teachers Colleges, have told the Commission on Higher Education they need more money.

Expected enrollment increases, need for higher faculty salaries and need to lower the student-teacher ratio were cited as reasons for the requests.

East Texas is asking \$2,440,555 for the first year, \$2,547,125 for the second year of the 1961-63 period. This compares with a present annual budget of \$1,676,424.

Stephen F. Austin asks \$2,953,719 for the first year, \$2,048,603 for the second, compared to the present \$1,244,370 a year.

Sam Houston wants \$2,970,261 for the first year, \$2,992,190 for the second. Present annual spending is \$2,040,677.

These requests, along with all those from state-supported colleges and universities, will be studied and screened by the Higher Education Commission before a recommendation is presented to legislative budget officials.

WHERE TO GET IT—With new spending requests piling up, the search for new money-making plans is ranging far and wide.

Four broad-based tax plans are being considered by tax hunting sub-committee of the Governor's State Finance Advisory Commission.

They are: (1) a payroll tax, paid half by employers, half by employees; (2) a utilities customers tax adding a percentage to all utility bills; (3) a business activities tax which would consolidate some of the features of payroll, gross receipts and corporate income taxes and (4) a transfer which would be similar to a sales tax.

Other ideas suggested to the panel include higher taxes on liquor and beer sales tax on soft drinks and restaurant meals and a tax on sporting events.

Martha Helton of Briscoe spent Sunday with Paula Sue Helton.

Mr. and Mrs. Bobby Underwood and children of Texas City, Mrs. Olla Underwood of Wheeler visited with Mr. and Mrs. H. H. Herd.

Mr. and Mrs. Amos May left this week for their vacation.

Mr. and Mrs. R. T. Watts visited in Wellington Sunday with Mr. Watts' cousins, Mr. and Mrs. Albert Watts.

Mr. and Mrs. Fred Waters and Wanda Sue spent the weekend with Cecil Waters and family of Canyon.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 6 proposing an Amendment to Section 11, Article XVI of the Constitution of the State of Texas, so as to give the Legislature authority to classify loans and regulate lenders, define interest, fix maximum rates of interest, and provide for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation setting maximum rate of interest; providing that the rate of interest shall not exceed six per cent (6%) per annum in contracts where no interest rate is agreed upon, providing for the right of appeal and trial de novo in the event any regulatory agency cannot or refuses to grant any permit; providing for the necessary election and the form of the ballot; and providing for the necessary prepublication and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 11, Article XVI of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 11. The Legislature shall have authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."

"Section 2. The Governor shall issue the necessary proclamation for the said election and have the same published as required by the Constitution and laws of this State."

Progress is being made on all projects for the improvement of Wheeler schools. These projects were planned and approved after long and careful study by the Board of Education composed of Archie Hibler, president; Harrison Hall, vice president; Harold Kenady, secretary-treasurer; and members, Lewis Lancaster, Lindsey McCasland, Clyde Johnson, and Roy Ford. These men deserve the gratitude of us all for their unselfish services to our school and community. The gym concession area is off to a good start; the gym floor installed; gym dressing rooms renovated; sound system for gym installed; west side grandstand mowed; contract let for home grandstand and to be completed by September 1; new administrative offices built; new laboratory renovated and equipment still arriving daily; new shipments of library books here; all new textbooks are here; new refrigerated fountain provided by P.T.A. funds ready to be installed; the cafeteria renovated; all interiors of all building being refinished.

Faculty for 1960-61 will be Arling Cordell, superintendent; B. Barham, high school principal; Thomas Helton, elementary principal.

Teachers are: Lewis Boynton, Dorothy Boynton, Mrs. Harvey Davis, Dennis Wilks, Carroll Killingsworth, Mrs. Gordon Whitener, Richard Gilman, Mrs. Harold Nash, Mrs. Bud Vinpook, Mrs. Frank Weiss, Mrs. Dee Liston, Mrs. Fred Wood, Mrs. Ebb Farmer, Mrs. George Wiens, Mrs. Earl Barnes, Secretary, Burley Mann, Ray Bai-

ley, custodians; Mrs. Gladys Oglesby, Mrs. Helene Martin, and Mrs. Roy Bailey are cafeteria workers. Bus drivers will be announced later. Mrs. Joe Rogers is the Health Nurse.

First Day of School including enrollment will be Monday, Aug. 29. Labor Day, Sept. 5, will be a school holiday. First football game will be at Canadian on Sept. 2.

Coaches Boynton and Gaires are attending the coaching clinic at Dallas this week. Mrs. Gordon Whitener is attending the home making Conference, and Dennis Wilks is attending the Voc-ag Conference in Corpus Christi.

One new bus, replacing the 1963 Chevrolet, is being readied for delivery before school begins.

Board of Equalization for 1960-61 will meet Thursday night at 8:00 p.m. August 4 at the courthouse. It is contemplated that after the fine work done by the Citizens Tax Committee last year, no major revisions need be made this year. 33.17% of actual value will continue to be used in figuring assessments; tax rates of \$1.35 per hundred dollars of valuation will continue; and new real estate (housing and improvements) will be added to the tax rolls.

We wish to thank the Wheeler Riding Club and all the many other men who helped move the grandstands.

The Board of Education will meet for its regular monthly meeting on Thursday, August 11 at 8 p.m. In addition to the regular business, the 1960-61 proposed budget will be considered for approval. The public is invited to

Paying The Price

By Walter Rogers, M.C.
18th District of Texas

The national figures for the 1960 census will tell a story that most of us have known for some time. In what may well be the greatest and most significant American migration in recent history, millions of people are forsaking the farm and crossroads to stream toward the great urban centers of our nation. And at least by the time children of these restless, mobile Americans reach high school, a map of the United States will be covered with huge markings to denote the most complex and awesome cities the world has ever known. Many of these city dwellers will work and play in "town" which range across hundreds of miles without interruption.

The trend has been obvious in many ways. The most casual glance at wedding announcements in Panhandle newspapers will reveal that many young couples choose to abandon their home town in favor of large cities. An hour in the bus and railroad stations of a large metropolis will uncover a portion of the millions who set out for the big city each year with their hopes—and after their every possession—carried with them. Just a short ride along the outskirts of even a moderately large community will uncover row upon row of mass produced, FHA financed homes—the hallmark of sprawling suburbs.

These are the hard facts of an important feature in American life since World War II. In some ways, the massive "urge to move" is perhaps inspiring insofar as it demonstrates that we have not lost the pioneering spirit which made America great. Our people still have the courage to venture into new environment and test new ways. Many of them, I am sure, are hopeful of benefiting their countrymen as well as themselves. We are not, as our enemies would have us believe, such an entirely contented and declining nation at all.

Nevertheless the uncomfortable feeling remains that much of this surging movement toward our urban complexes is inspired by rather grandiose propaganda. To say that our smaller communities offer no opportunities is, in most cases, sheer fiction. To complain that the more rural areas of our country are "dull" displays an unhealthy modern nervousness, an unhealthy grasping for "something to do" and a strange inability to find it. And to paint universally rosy pictures of life in the metropolis is particularly deceptive for the individual tragedies that can sometimes occur are as old as O. Henry's writings.

Old men whistling in front of the country store are as much a part of America as the high pressure brokers on Wall Street. We should be as proud of the kindly old general practitioner as we are of the most eminent heart specialist. And the man who rides a tall, bumpy tractor has fully as much stake in the American experiment as does the man who rides from directors meeting to directors meeting in a low, smooth limousine.

We have, I think, committed a fundamental error in emphasizing a certain brand of success all out of proportion to its true worth. We have too often dwelt upon the slick, super-sophisticated, the "gee-whiz" type of endeavor. We have sometimes been willing to exchange quick, easy fame and success for slow, difficult, but profound satisfaction. This attitude has not been without effect.

We are now beginning to pay the price and the amazing rush of so many of our people to urban areas is perhaps not the only toll. The source of many of our worries, such as conformity or trend toward bureaucracy, can also be traced to a shift in values. We would do well to remember that American strength lies to a great extent in its diversity and depth.

Your hunting and fishing licenses expires on August 31.

Together they will cost you \$5.30 — \$2.15 for the fishing license and \$3.15 for your hunting permit.

Combined, they cost you no more than the price of four or five lures, or a few boxes of shells. A mighty good investment, I'd say!

Ever stay to think what these licenses mean to you—in pleasure, relaxation, fellowship?

It is truly great pleasure to hunt and fish. Furthermore, these outdoor activities provide the greatest source of mental and physical relaxation ever conceived. And speaking of fellowship — man, if you want to make friends — hundreds of them — just grab a gun or some fishing gear and head for the woods and lakes. You'll meet more people of all walks of life in the shortest time ever — even before you wet a hook or fire a shell.

And once you rub elbows with them, you'll come to know them more intimately than by any other manner of introduction.

Greatest advantage of the great outdoors is the fact that rich and poor look and act alike. There's no "high-toning" when you're roughing it. There's no playing favorites. The millionaire is likely to be the poorest dressed of the lot. Fact of the matter is it's about the only way he can get out of the "dudey-dude" and become a down-to-earth fellow, just like the chap across the tracks.

But this five bucks or more which you pay for those licenses, does something else too. It pays the salaries of trained specialists in wildlife management. It hires biologists, wardens, and other expert personnel for the Game and Fish Commission.

These men do marvelous jobs. They are the ones who are largely responsible for the fish and game being with us today — in greater abundance — for all to enjoy. They set up the controls that prolong the life and increase the species of the various types of fish and wildlife.

Furthermore, they do their best to see to it that these controls are adhered to. This for your own hunting and fishing pleasure tomorrow and the tomorrow to come.

VOTERS — ATTENTION

In this issue of the News, there appears the full text of two of the Constitutional Amendments to be voted on at the upcoming General Election (Nov. 8). So that you may be fully informed, we urge you read each proposed measure in its entirety, and study all of them carefully before you go the polls to cast your vote.

A brief digest of the four proposed constitutional amendments follows:

Number One On the Ballot (HJR 39) — Authorizes the Legislature to create hospital districts co-extensive with Lamar County, Hidalgo County, and County Commissioners Precinct No. 4 of Comanche County, and sets forth certain powers, duties and limitations.

Number Two on the Ballot (SJR 6) — Increases the maximum permissible interest rate on bonds hereafter issued by the Veterans' Land Board to three and one half per cent.

Number Three On The Ballot (HJR 3) — This bill is what is known as the 'Annual Salary Bill' for legislators. It provides for an annual salary of not to exceed \$4,800 for each legislator, and a per diem allowance for members of the Legislature. Also it limits the regular session to 140 days.

Number Four On The Ballot (HJR 6) — Authorizes the Legislature to classify loans and lenders, license and regulate lenders, define interest, fix maximum rates of interest, and provide for a maximum rate of interest for ten per cent annum in the absence of legislation setting maximum rates of interest; provides that the rate of interest shall not exceed six per cent annum in contracts where no interest rate is agreed upon; provides for the right of appeal and trial de novo in the event of cancellation of or refusal to grant any permit.

MOST FREQUENTLY taught of all non-military defense is Radiological Monitoring for instructors. It is designed technically-qualified adults how to instruct others in the measure radioactive fallout which would be spread by a nuclear attack. The training course is stressed because most other fields, the radiological expert has few uses in ordinary civilian life who could be called upon in an emergency. Classes are taught at the Western Instructor Training Center at Alameda, Calif.; the Eastern Instructor Training Center at Brooklyn, N. Y., and the Chemical-Biological Defense School at Battle Creek, Mich.

LIVING FACILITIES available to students at the Office of Civil and Defense Mobilization are comparable to schools and convenient to classroom areas. Shows on camera and a typical student room for the OCBDM Staff College. Rooms are \$1.50 a night. Students attending OCBDM free courses under State sponsorship are eligible for partial reimbursement for travel and living expenses. For information write to the above schools or to the Western Instructor Training Center at Alameda, Calif., or the Eastern Instructor Training Center at Brooklyn, N. Y., respectively.

ONE VOTING BOX CHANGE

The Voters of Wheeler County place with the Wheeler County Voters' Box, will be asked to go to the polls Saturday between the hours of 8:00 and 7:00 and determine whether or not we can continue to keep the offices of Tax Assessor and Collector and Sheriff on a separate basis.

All of the voters in the county will vote in their usual voting place.

SPECIALIZED COURSES in health related to non-military defense are frequently scheduled by the Office of Civil and Defense Mobilization's Staff College in cooperation with private or public institutions. This photo shows the use of monitors to train students in a health mobilization course on casualty care conducted in cooperation with the U.S. Public Health Service, using the U.S. Army's Battle Creek, Mich., facilities. Among other groups, the course has been conducted at emergency, education, and industrialists. (Photo courtesy Battle Creek Hospital.)

Peterman Vows Exchanged In Colorado Springs, Colorado

Mrs. Eddee Forsyth of Colorado Ave., Colorado Springs, became the bride of Ray Peterman son of Mrs. Leo Peterman of July 18, 8 p.m. Vows were exchanged in the Pleasant Church with Rev.

Forsyth, pastor of the church performing the single ring ceremony. The bride chose for her wedding a Waltz length white chiffon dress set with seed pearls and satin bows. She wore a shoulder length veil and carried a bouquet of white carnations. The altar in the church was decorated with white gladiolus and the wedding music was played by Mrs. A. Walker of Colorado Springs. Mr. Riegley sang, "I Love You Truly" and "Because."

Mayor Proclaims Social Security Day

The American social security system, which promotes the well-being of individuals and families, has served the Nation for 25 years. First becoming law on August 14, 1935, the Social Security Act now provides income and services to individuals and families. It helps to keep families together and to free our people from fear and want.

Many in this community have been helped and are being helped by one or more of the programs established by the Social Security Act. These include Federal old-age, survivors and disability insurance; unemployment insurance; public assistance for the needy, the old, the blind, the disabled and children without parental support; and maternal-and-child health, crippled-children, and child-welfare services.

Now, therefore, in the 25th year that our national social security has been in existence, I, Thos. Daughtry, Mayor of Wheeler, in recognition of the service of social security to the country and to this community, proclaim the week of August 14 through August 20 as SOCIAL SECURITY WEEK IN WHEELER, and I further proclaim August 14 as SOCIAL SECURITY DAY IN WHEELER.

HOME OWNERS QUESTION BOX

Q—Can you explain the "R-factor" in home insulation?

A—"R" in this case, stands for "installed resistance" to the flow of heat. Thus, an R plus a number—such as R-19 on a batt or blanket of mineral wool—tells how much heat this batt or blanket is designed to stop when it is in place in the house. A house to be air conditioned or electrically heated, for example, needs R-19 insulation in the ceiling, R-11 in walls, and R-13 in floors to be effective. The higher the R-number, the more effective the insulation.

Q—The old house we purchased recently needs a new roof badly. What kind of roofing would you suggest that will be consistent with Colonial architecture?

A—Why not use asphalt shingles? Many old Colonial inns and historic buildings have been reroofed with asphalt shingles, as have hundreds of early American-style houses. Asphalt shingles come in muted colors and rich textures that are in keeping with the dignity of Colonial architecture. They are long lasting, and can be applied by any reliable roofing contractor.

Steven D. Copple

Arizona Boy Ncmed President Of Key Club

Steven D. Copple, 17, a Senior at Yuma Union High School, Yuma, Arizona, was named President of Key Club International at the Organization's 17th annual convention in Boston. It was announced today by Lewis Lancaster, president of the local Kiwanis Club.

Steven's election came, on July 5th as the high points of this youth convention which saw more than 2200 young men from the United States and Canada in session at the Stater and Bradford Hotels.

High Key Club International is a High School boy's service organization sponsored by Kiwanis International. It functions in the high school in the same manner that Kiwanis functions in the adult community. The young men at the Boston convention represented some 50,000 Key Club members in 2000 high schools.

Pensioner's Lament

How do you know that my youth is all spent?
Well, my get up and go has got up and went!

But in spite of it all, I am able to grin
When I think of where my get up has been.

Old age is golden, so I've heard said,
But sometimes I wonder, as I get into bed

With my ears in a drawer, my teeth in a cup
My eyes on the table until I wake up.

As sleep dims my eyes, I say to myself
Is there anything else I should lay on the shelf?

And I am happy to say, as I close my door,
My friends are the same, perhaps a bit more.

When I was young, my slippers were red,
I could kick up my heels right over my head;

When I grew older, my slippers were blue;
But still I could dance the blessed night through.

Now I am old and my slippers are black,
I walk to the store and puff my way back.

The reason I know my youth is all spent;
My get up and go has got up and went.

But I really don't mind, when I think with a grin
Of all the grand places my get up has been;

Since I have retired from life's competition
I must admit I've little ambition;

I get up each morning, dust off my wits,
Pick up the paper and read the obits,

If my name is missing, I know I'm not dead
So I eat a good breakfast and go back to bed.

THE Question Box

(Beginning with this issue of the Times a new feature will be added and it will run each week until the General Election in November. Some political question will be asked and answered each week. The questions, nor answers are not necessarily the views of the Times editor. However, they are compiled by an independent source.)

Question: Why should I be forced to pay a poll-tax in order that I may have the right to vote in our state?

Answer:
The writer of this advice, is assuming that you ask this question in all candor and such will be the answer in all candor, whether it meets with your approval or not.

There must be some method of determining who is entitled to vote, in an election. Some states have a registration law. That is at some time prior to an election the prospective voter shall appear before some official and register as a voter for the elections that are to be held in such voter's area. The time required, prior to the election, for such registration varies.

You can answer your own question by reflection on the difference in registration and paying a poll tax. In the paying of a poll tax, you simply appear sometime before January 31st of the year

in which you intend to exercise your privilege of citizenship and paying \$1.75 for a piece of paper that affirms the fact that you were old enough to vote on the 1st day of January of the preceding year and that you are a voting citizen of the particular State, County and voting precinct for the elections held during the current year. One dollar of this \$1.75 goes to school funds of the state of Texas. The other 75 cents goes to the general fund of the state. You are exempt from this payment prior to age 21 and after age 60.

This requirement of the law (in Texas) is not, primarily for the purpose of refusing the "big game" a vote, as is alleged by some fact, a form of registration. You had better be glad that there is some form of registration law, such as is made in some states, prior to and requisite for registration as a voter. And I think that no one will deny that \$1 of the payment goes for a good cause.

It is my understanding that the 1950 Democratic Platform advocates the elimination of the poll tax. You be your own judge of the equity of this. It must be by some form of registration that your voting rights are determined. Watch for this question and answer next week: "Should I vote a Democratic Ticket just because I live in the South or just because my father voted that ticket."

EDWARDS FAMILY HAS REUNION WITH CHILDREN IN WHEELER

Sunday, July 24th, Mr. J. R. Edwards, a youth of 86 years, pioneer resident of Wheeler and vicinity, enjoyed a reunion with his children, Mrs. Mattie Atherton and Gwyn Edwards of Wheeler, Letcher Edwards of Quannah, Roy Edwards of Medina, Mrs. Pearl Williams, El Centro, Calif., and Robert Edwards of Madras, Oregon; grandchildren and great-grandchildren at the American Legion Hut. The first such occasion in thirty-eight years.

Mr. Edwards came to Wheeler from North Carolina in the year 1907, having previously purchased and from W. H. Hampton and R. L. Crowder located 2 miles South of Wheeler without having checked the land he paid \$7.00 per acre. The value now could well be \$75.00 to \$100.00, and is presently owned by W. H. Barrington and Stella Williams. He brought his family by wagon and rail. He recalled there were only two houses between Shamrock and Wheeler at that time. While Mr. Edwards was rearing his family in Wheeler he was at various times engaged in carrying the mail via buggy from Shamrock, operating a livery stable, general mercantile store and dealing in real estate. Any old timer of twenty-five years or more will remember J. R. Edwards. Mr. Edwards had the unique experience of owning one of the first Model T Fords in Wheeler County.

The high-light of the reunion for the grandfather was when his grandson, Cecil Edwards of Fort Worth, who is studying to be a minister led the group in religious meditation and prayer. After a bountiful meal, the day was spent in visiting and taking pictures.

At the reunion in addition to his six children there were 10 of his 15 grandchildren and twenty-seven of his forty great-grandchildren and one great-great-grandchild present.

After spending several days in homes of Gwyn Edwards and Floyd Atherton, Mr. Edwards has returned to his home in Sparta, N. C.

Those of the family present at

the reunion were Mr. and Mrs. Wayne Edwards, Murty Lee and Mennie Wayne of Wheeler, Mr. and Mrs. Cecil Edwards, Randy and Shurman of Fort Worth, Mr. and Mrs. Ted Atwood, Phyllis, Teddy and Regina of Pampa, Mr. and Mrs. Darville Atherton, Arville Dean, Russell, Michiel and Lee of Wheeler, Mr. and Mrs. Hank Brown, Lisa and Becky of Amarillo, Mr. and Mrs. Kenneth Edwards, Edna, Torica and Gracie of Pampa; Mr. and Mrs. Darrell Atherton, Denny Atherton and Barbara and Miss Poole of Pasadena, Tex.; Mr. and Mrs. Jimmy Darrell Atherton of Wheeler, Mrs. Gwyn Edwards, Thomas and Glenn of Wheeler, Floyd Atherton and Billie Atherton of Wheeler, James Edwards of Quannah, Mr. and Mrs. Garland Edwards and Belinda of Borger, Mr. and Mrs. Lois Edwards, Norma Lee, Arnold Dee, Marvin, Charles and Glenda of Cone, Tex., Mrs. Letcher Edwards of Quannah, Mr. Linzie Williams of El Centro, Calif., and Mrs. Roy Edwards of Medina, Tex.

Guests other than the family were Mr. Scott Helton of Wheeler, Mr. Bony Cook of Booker, Miss Ruth Ann Lott of Wheeler, Mr. and Mrs. G. M. Reames of Canadian, Mr. and Mrs. Luther Coleman of LaFors, Mr. and Mrs. Fred Wood, James and Elizabeth of Wheeler, Mr. and Mrs. Tom Helton, Marsha Lynn, Billie Carol and Ronnie, Mr. and Mrs. L. S. Aderholt of Briscoe, Mr. Bo Childers of Wheeler, Jimmy Walker of Briscoe, Mr. Jim Helton of Briscoe and Mr. John Porter of Shamrock.

Mrs. E. M. Borden, Jr., returned home from Lubbock where she visited for a few days with her daughter and son-in-law, Mr. and Mrs. James Cox. Fran remained in Lubbock to attend a singing and music encampment at Lubbock Christian College. Mrs. J. C. McQueen accompanied Mrs. Borden and Fran to Lubbock where she visited with her son and family, Nell McQueen.

AIN'T IT THE TRUTH
— AN GUNTER

Looks like the ole saying, "Stop That Kickin' My Dog Around" is sort of revived. Them Bolsheviks have made threats on darn near everybody includin' Ike and seemed like they wuz gettin' away with it. But lately, I noticed in the newspaper where Uncle Sam says for them to either get up or shut up. Bless his ole crizzled heart, I wuz afraid Uncle Sam might be gettin' to old and dignified to get his dander up, out he did.

Lots of folks think we should sit back and let John do all the barkin' and growlin' but durnd if I think so. We got a lot to be proud of and to fight for if necessary and durnd if I don't think we should let the world know we are available for a scrap. Now you might think I am talkin' through my hat, but I washed enough Army dishes to know the life of a buck private and some of the hardships he has to endure, such as havin' to get up 'fore breakfast and the like.

We believe a lot but let's not get to believe what we are believin' about is what we need. Lots of folk talk about how nice it would be to have free hospitals, free vacations and free everything. But deep down I am sure we appreciate the privilege of workin' for what we got and payin' for what we get.

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1960.

HOUSE JOINT RESOLUTION NO. 3 proposing an amendment to Section 24 of Article III of the Constitution of the State of Texas allowing an annual salary of not to exceed Four Thousand, Eight Hundred Dollars (\$4,800) per year and a per diem allowance of not to exceed Twelve Dollars (\$12) per day for the first one hundred and twenty (120) days only of each Regular Session and for thirty (30) days of each Special Session of the Legislature as the maximum compensation for Members of the Legislature; limiting the Regular Session to one hundred and forty (140) days; and prescribing the form of ballot and providing for the necessary proclamation of the Legislature.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 24 of Article III of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Section 24. Members of the Legislature shall receive from the Public Treasury an annual salary of not to exceed Four Thousand, Eight Hundred Dollars (\$4,800) per year and a per diem of not exceeding Twelve Dollars (\$12) per day for the first one hundred and twenty (120) days only of each Regular Session and for thirty (30) days of each Special Session of the Legislature. No Regular Session shall be of longer duration than one hundred and forty (140) days.

In addition to the per diem the Members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed Two Dollars and Fifty Cents (\$2.50) per day and most direct route of travel. Compensation to each member hereafter to be entitled to mileage of Section that may be added to the Regular or Called Session.

Section 2. The foregoing Constitution Amendment shall be submitted to the State at an election to be held on the sixth day of November, 1960, and election all ballots cast shall thereon the following:

"FOR the Constitutional Amendment allowing an annual salary of not to exceed Four Thousand, Eight Hundred Dollars (\$4,800) per year and a per diem allowance of not to exceed Twelve Dollars (\$12) per day for the first one hundred and twenty (120) days only of each Regular Session and for thirty (30) days of each Special Session of the Legislature as the maximum compensation for Members of the Legislature and limiting the Regular Session to one hundred and forty (140) days.

Section 3. The Governor shall issue the necessary proclamation for the election and this amendment be published in the manner and length of time as now provided in the Constitution and Laws of the State of Texas.

EVERYONE WELCOME

Building A New Life

Quite a thrill — building a new home! Day by day you watch it take shape. And somehow, you have the feeling that this new house will bring new life for you and your family.

But building a new life isn't as simple as building a new home. One just can't move out of the drab past into a sparkling future.

The life to which conscientious men and women aspire is built on foundations that cannot be laid in a week or two. Character, courage, consecration — these are concrete evidences of faithful years in the worship and service of God.

Today, where there are new houses there are new churches — and where there are old houses there are old churches. And through the portals of all the churches pass the millions of earnest families who are serious and happy about building a new life.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Please go to church regularly and read your Bible daily.

Mr. and Mrs. Earl Corse have a new daughter born Saturday. She weighed 8 lbs. and 10 ozs. The baby was named Dora Gayle. The Corse's have an older son, Eddie.

Lawrence Has Block Machine Ready For Full Time Production

Final adjustments were made last week on the block making machine at Lawrence Milling Company and production is underway. Mineral blocks have been rolling off the machine at a very fast pace.

Formulas have been worked out and are being approved by state officials and within a few weeks the machine will be in operation on a round-the-clock basis.

Advertising has been placed in 10 area newspapers and the orders have already started piling up. As you have probably noticed Lawrence is making a first class block and it sells for considerably less than the blocks made by competitive companies.

McLean Couple To Have Open House

Edgar Bailey of McLean plans to hold an open house of his new home Sunday, August 7 from 2 till 5 P.M. Everyone is welcome and door prizes will be presented.

Wheeler Lumber Company furnished the materials for the project and Clarence Robinson was the contractor.

The home is brick veneer with 1520 sq. ft. of living area with a single garage, built in cabinets, tile bath and kitchen and the interior is textured and painted.

Mr. and Mrs. Bailey welcome all visitors.

Interment with graveside Military rites will be in the Mobeetie Cemetery under the direction of Kirk Funeral Home.

Number Three

to his challenging messages. Jimmy Snellen, on the other hand, knew from the early age of nine, that he wished to devote his life and exceptional musical talent to religious work.

He came from a family who have always been active in the church, and his participation was a natural part of his life.

He joined Freddie Gage six years ago, and has been labeled "Freddie's right arm."

Both young men are married. The Snellens make their home in Dallas and have two daughters. The Gages live in Houston and are the parents of three sons.

Number Seven

was a member of the Mobeetie Baptist Church.

Mrs. Meek suffered a stroke Sunday evening after having attended a family reunion in the Park in Wheeler.

Funeral services were held in the First Baptist Church at Mobeetie July 28, 1960 at 3:00 p.m. with the pastor Rev. Charles Uzzy assisted by Rev. C. C. Lamb officiating.
