Brighten your home with a color phone

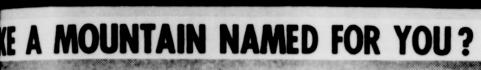

There's something so cheerful about a telephone in color, you'll wonder why you hadn't thought of it long before.

And with 10 easy-to-match colors to choose from, you can key your phone to the color scheme of any room . . . white or yellow for the kitchen, green for the den, beige for the bedroom ... or whatever the décor demands.

Best news of all ... these sparkling beauties cost only pennies a day to have in your home.

Phone us for full information today. Or visit our Business Office and see these gay-colored new extension phones in person.

Not one of these, certainly! They're here today, ne tomorrow. We'd gladly lend our names to a meless peak like Everest - not to a heap of shiftg sands rolling before the desert wind.

Of course, we have to identify ourselves with

any a transitory idea and institution. We are busy st of our days just trying to keep up with this er-changing world . . . But our deeper self gropes for the Eternal!

God understands this yearning. He breathed it A voice crying in the wilderness . . . across the ifting sands . . . of the TRUTH and LIFE that

re ETERNAL. And God answers it: In Christ! In Scripture! the voice of a neighbor inviting you and your amily to Church.

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilitation can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read

Welcome-

to the NEW Republican Party of Texas The Young Guard of Democracy

The NEW Republican Party of Texas believes in the principles of Thomas Jefferson, Andrew Jackson and Woodrow Wilson now abandoned by the leaders of the Democratic Party. The Democratic Party has buried those principles in its efforts to please the various and well organized pressure groups and others to whom those principles mean little or nothing.

We address this message to the rank and file of Texans who bear the brunt of all give-away programs through their tax load - the forgotten people of America and Texas, those who own a home, a business, a bond, a share of stock, a savings account, a pension an earned share in America's future and who would like to conserve what they own or hope to own.

In leaving the Democratic Party to vote the Texas way - as the majority of Texans voted in 1952 and again in 1956 - Democrats are not deserting the party of Jefferson, Jackson and Wilson. The principles on which the Democratic Party was founded are still on the label

but the Democratic donkey of old is see a horse of a different color.

The time has come for Texans to s the two parties as they are today as they were 50 years ago.

The Republican Party embodies to principles upon which this country built and on which Texans fought and won independence - self relia individual initiative, limitation of pa ernmental power, government which makes it possible for most citizens wa most for themselves - and then asset those who cannot provide the bass necessities for themselves.

Republican candidates need not aport ogize for their party's platform nor his its intent from Texans as Texas Demo cratic leaders have attempted.

We, the Republicans of Texas, your help will preserve the princip of sound, responsible and enduring go ernment in America and Texas. ask your help in electing Nixon Lodge and in establishing a long part due two party system of government

If you would like to belp, com plete and mail the attached coupon and we'll tell you how.

P.S. A small contribution toward good government would also be helpful. We need the money. The Kennedys are

These men along with Virgil Jamison, Clarence Robison, Dick DeArment and Roy Fird are responsible for the press box at the football field. They are all members of the local quarterback club which under the direction of president Harrison Hall has purchased new bleachers, lights and press box for the field. Their plans also call for a new chain-wire fence around the playing field and it was only last year that the same group purchased a new scoreboard for the field. In fact, the Quarterback Club is responsible for building Nicholson field into one of the top football playing fields in the Panhandle.
