

Stassen Words Pose Problem For Senators

WASHINGTON, Oct. 9. (AP) — Harold E. Stassen's sworn assertion that Ambassador Phillip C. Jessup gave "false" testimony under oath posed a new problem today for Senators considering Jessup's nomination as a United Nations delegate.

A Senate Foreign Relations Subcommittee arranged a closed meeting to discuss that situation as well as earlier testimony by Jessup that Stassen previously had made erroneous sworn statements regarding him.

In advance of today's session Senator H. Alexander Smith (R-N.J.), a member of the subcommittee told a reporter he might propose that Jessup be recalled to the witness stand.

Angry Tories Slam Attlee's Foreign Policy

By DON SCHWIND

LONDON, Oct. 9. (AP) — Prime Minister Clement Attlee pushed his reelection in East Anglia today as angry Tories pointed to Egypt and slammed at his foreign policies.

Egypt's move to denounce the 1936 Anglo-Egyptian pact and make portly King Farouk master of the Sudan, coming soon after Persia's ouster of British oil men, was profoundly affecting the character of the election campaign.

It focused voter attention even more on Laborite foreign policies rather than their six-year stewardship in domestic affairs.

Conservative Leader Winston Churchill shooed the Egyptian turn of affairs immediately into a political speech over the radio.

"Another blow has fallen upon us even more grave and injurious than that which afflicted us at Abadan," he said in his broadcast Monday night.

Abadan is the site of the huge refinery of the Anglo-Iranian Oil Company. Under Iranian pressure, the company was forced to walk off and leave it.

Heckling and shouts of "Abadan, Abadan" traced Attlee's progress through the Eastern Counties Monday.

It is an area where Attlee's Labor Party took a severe beating in the 1950 election, losing 15 seats to Conservatives.

Attlee was parrying "Abadan" shouts before the electors heard the Egyptians were tearing up in the 1936 mutual defense pact and so endangering British control of the strategic Suez Canal lifeline.

The prime minister moves tonight from the rolling farmlands of Eastern England into industrial Leicestershire, center of the shoe manufacturing business.

Churchill was sticking around his own electoral district in the north-eastern suburbs of London.

The Tory leader had the aid of Conservative papers which lashed unmercifully at the Attlee government's handling of Mid-Eastern affairs.

Britain Intends To Keep Rights, LONDON, Oct. 9. (AP) — Britain warned Egypt today she intends to keep her "full rights" under the two countries' 20-year defense pact. Cairo moved Monday to avoid that treaty.

Foreign Secretary Herbert Morrison said in a statement that Britain would not recognize the legality of Egypt's one-sided action in moving to reject the treaty.

The statement said Britain takes "the strongest exception" to the Egyptian action.

Condition Of Three Injured Women Is Reported The Same

Condition of three Big Spring women, injured in a car mishap at the junction of two lateral highways 10 miles north of Stanton Sunday, continued the same Tuesday.

Mrs. Wyatt Eason, most seriously injured, was about holding her own at the Martin County Memorial hospital. Her condition was still regarded as extremely serious.

Mrs. George Hall and Miss Theo Sullivan, who escaped with painful though not serious hurts, were making satisfactory progress.

THE WEATHER

Big Spring and vicinity: Fair, little warmer this afternoon, tonight 6's to 10's. High today 84, low tonight 54, high tomorrow 86.

Royal Couple In Canada

Princess Elizabeth of England and the Duke of Edinburgh were welcomed to Canada by The Right Honorable L. S. St-Laurent, prime minister, when they landed in Montreal. At left is the Viscount Alexander, Governor of Canada. (AP Wirephoto).

Bells Welcome Royal Couple

By MAX HARRELSON

QUEBEC, Oct. 9. (AP) — Church bells of Quebec's hundred steeples chimed a joyous welcome today to Princess Elizabeth and the Duke of Edinburgh when they arrived on their first Canadian tour.

A royal 21-gun salute was fired to mark the arrival of the royal couple. The salute signalled the official beginning of the month-long coast-to-coast tour and visit in Washington.

Elizabeth and her handsome husband were to greet welcoming throngs. They leave by train for Ottawa at 10:30 p.m.

Beside the St. Lawrence River, under bleak, gray skies, a relative handful of Quebec's people gathered to watch a scene of military pomp and regal splendor.

Scarlet-jacketed Royal Canadian Mounted Police and soldiers stood at attention as the princess' train chugged through the quiet country.

GENERAL CANVASS OPENS

Chest Total Hits \$27,987.80 Figure

New reports Monday pushed the Community Chest campaign total forward to \$27,987.80.

Initial reports were received from the general canvass divisions, but special gifts workers, who are nearing completion of their part of the drive, accounted for most of the new pledges and contributions.

A total of \$2,930 in new special gifts was reported. That increased the total for that division to \$26,987, or a little over \$3,000 short of the objective.

The business and industry employes division accounted for \$750, while the Big Spring residential canvass posted reports totalling \$250.30.

Campaign leaders said they understood that several other workers in the general canvass group had completed some of their contact work, but failed to submit reports at the initial meeting.

All are being urged to submit reports by Wednesday morning, even if they still have considerable amounts of contact work outstanding. The team captains, in turn, will make reports at another meeting set for Wednesday noon in the Settles hotel.

The top business and industry report Monday came from the automobile group, which is headed by Ray Clark. Leading in residential canvass reports were teams headed by Mrs. Clyde Thomas Jr. and Mrs. James G. Tucker.

Chest Example

Wm. C. Foster, right, superintendent of the Western division for the Texas & Pacific Railway company, presents a check for \$1,000 to Doug Orme, chairman of the Community Chest industrial division. The company delivered its check at the opening of the industrial division drive, hoping to set a good example for its employees as well as other members of the industrial family.

Hand-To-Hand Fighting Rages Along Front As Reds Ready A Message

Latest Word From Commies Is Due Tonight

No Indication If Enemy Will Agree To Ridgway Plan

By DON RUTH

TOKYO, Wednesday, Oct. 10. (AP) — The Communists will send a new message to the Allies today, rising hopeful speculation that the cease-fire negotiations may resume soon.

The nature of the Red message was not indicated. A report from the advance camp at Munsan told of a general belief the Reds would agree to a preliminary meeting of liaison officers.

Should the meeting come off, it was considered likely that the liaison officers would reach some sort of an agreement so that the truce talks — broken off by the Reds Aug. 23 — could resume.

They asked Allied liaison officers tonight to pick up the message at Panmunjom, proposed new locale for the talks, at 8 a. m. Wednesday (5 p. m. CST, Tuesday).

That is only two hours before the time suggested by Gen. Ridgway for a meeting of liaison officers in the Panmunjom area to lay detailed plans for renewing cease-fire negotiations.

The Reds gave no indication what the message would contain. They sent word of the message to Munsan, advance headquarters of the U.N. command armistice delegation, where reports circulated that there may be changes in the five-man Allied truce team.

There had been no indication top Red commanders had drafted their reply to Ridgway's message broadcast Monday night. In it he agreed to renew truce talks in the vicinity of Panmunjom, but declined to enlarge the neutral zone as the Communists wanted.

Ridgway also suggested the preparatory Wednesday session of liaison officers.

They met briefly in Panmunjom Tuesday when Allied officers delivered Ridgway's message accepting the vicinity of that Red check point as a site for resuming negotiations.

Vice Adm. C. Turner Joy, head of the U.N. delegation, was reported preparing to leave Tokyo shortly for his advance headquarters in Korea to be ready to reopen negotiations.

Braceros May Be Transferred By Wednesday

Transfer of 500 Mexican Nationals from South Texas to Howard county cotton fields, delayed since Saturday by a complaint filed with the Department of Labor in Washington, may be completed Wednesday, local Farm Bureau officials reported this morning.

Labor Department attorneys in Dallas this morning were checking the complaint against the Valley Products Cooperative, Harlingen, organization from which the Farm Bureau hopes to secure the braceros. They were said to be studying the charter and by-laws of the VPC to determine if it is a profit-making organization, as the complaint charged.

Howard County Farm Bureau officers were confident the matter will be cleared up today, permitting transfer of the workers by Wednesday.

Source of the complaint against the VPC was not officially reported, though it was presumed to have originated in this area.

Farm Bureau President Ralph Proctor discussed the problem with Congressman George Mahon by telephone Monday afternoon. He was advised that immediate action was being taken to determine the validity of the complaint.

Tax Collector Note

RICHMOND, Ind., Oct. 9. (AP) — Claude Kitterman, 81, farmer living in Cambridge City, died of a heart attack while paying his county taxes.

PREMIER MOSSADEGH

Seek To Resume Iran Oil Talks

By FRANCIS W. CARPENTER

UNITED NATIONS, N. Y., Oct. 9. (AP) — Delegates from the United States and other U.N. members worked behind the scenes today in a concerted effort to start Britain and Iran talking together once more about their oil dispute.

They sought to avert an open fight before the Security Council over Iran's nationalization of the vast British-owned oil industry in Southern Iran. The Council is scheduled to hear the aged, ailing Iranian premier, Mohammed Mossadeq, open his country's case on Thursday.

A key figure in the conversations seeking further negotiations was Ernest A. Gross, deputy U. S. representative on the Security Council. He was reported to have talked already with Mossadeq and with Sir Gladwyn Jebb, British delegate to the U. N.

Mossadeq was installed in a suite of rooms on the 16th floor of the New York Hospital, the same hospital in which his ruler, Shah Mohammed Reza Pahlavi, underwent an examination during his visit to the United States in 1946.

In the hours since Mossadeq arrived Monday by plane from Iran, in what his aides called an exhausted condition, these developments have occurred:

1. Nassrollah Entezam, Iranian Ambassador to the United States and president of the General Assembly, denied flatly Iran may accept Soviet aid in the dispute.

2. Jebb and others worked on a resolution said to state once more that Britain attaches present their case to the national Court of Justice and the Security Council to call upon Iran to follow a court recommendation for the oil operations to continue in Iran pending a settlement by the two parties.

3. It was understood the United States was not favorable to any resolution that would make it appear to have thrown its weight toward either party. The United States reportedly wants to take a middle course in the dispute, and to get the two parties together for talks.

Air Force and Corps of Engineers representatives will meet with Big Spring city officials next Tuesday to conclude arrangements for the lease of Municipal airport for use as an Air Force base.

Col. Ernest F. Wackwitz Jr., base commander, contacted City Manager Herbert W. Whitney to make preliminary arrangements for the conference, the Air Force reported today. City commissioners probably will set the time for the meeting at their regular session this afternoon.

The Directorate of Installations, headquarters USAF, Washington, will send officials to Big Spring for the meeting, as will headquarters of the Air Training Command, Scott Air Force Base, Ill.

Pace Says Korea Shows Unification Program Working

GALVESTON, Oct. 9. (AP) — Secretary of the Army Pace, said today that the fighting in Korea has shown that unification in the field is working.

"The Army has learned many things 'very important' for national security, Pace said. Part of the lesson is tactical and is exemplified in improvements in war weapons.

"But beyond such tactical experiences, we have learned that unification in the field is working — we have learned that the leadership of our Army is superb," he said.

Pace addressed the combined Galveston service clubs.

Mossadeq 'Very Ill'

NEW YORK, Oct. 9. (AP) — Iran's Premier Mohammed Mossadeq is "a very ill man," a New York Hospital spokesman said today. The hospital spokesman said today visitors would be permitted today.

Yank Cavalrymen Blast Out Gains

EIGHTH ARMY, Korea, Oct. 9. (AP) — Chinese Reds, shifted to crucial fronts, fought fierce hand-to-hand battles today with attacking American troops on Western and Eastern Fronts.

First Division Cavalrymen hacked out gains of more than a mile near Yonchon on the Western Front.

Chinese, thrown into action on the Eastern Front for the first time in five months, checked Second Division attacks on peaks near bloody Heartbreak Ridge.

The Chinese shifted East to halt the Allies who have gained up to 15 miles there since the Reds broke off cease-fire talks Aug. 23.

Reds promised to deliver a new message Wednesday on resuming armistice talks.

Since they broke off negotiations the Reds have suffered nearly 80,000 casualties by U. S. Army estimates.

Pilots reported they killed or wounded more than 400 Reds Monday — the heaviest toll in months.

The Navy announced Red mines and shore guns damaged two American warships. Twenty-seven Americans were killed or wounded.

Officers described new Chinese troops as mostly "reluctant draftees" rather than professional soldiers.

An Army communique reported attacking Allied forces in the Eastern ridges were held to gains of a few hundred yards — or none at all.

Elsewhere along the front no significant action was reported in an early afternoon communique issued by the U. S. Eighth Army.

The Navy announced in Tokyo the U. S. destroyer Ernest G. Small hit a Communist mine Sunday night off the east coast of Korea.

The explosion killed eight American sailors and injured 12, the Navy said. In Washington, the Navy had reported nine dead, 12 injured.

The destroyer ran into the mine while dueling Communist shore batteries at Hungnam, 130 miles north of the 38th parallel.

Another American vessel, the minesweeper Firecrest, was hit by Red shore guns at Hungnam Friday, the Navy said, but no one was injured.

The Small and the Firecrest were with the Battleship New Jersey and other U. S. warships which opened an attack on Hungnam Thursday — the first bombardment of that port since American doughboys and Marines pulled out of the area last December.

The Navy said the Firecrest was repaired on the spot. The destroyer headed for Japan to have "moderate damage" to her forward section repaired. She had a small hole below the waterline.

Allied troops in the West fought off a series of Chinese probing attacks made under

the U. S. First Cavalry Division attacked after daylight Tuesday north-northwest of Yonchon. The foot troops drove 2,000 yards forward in the morning. The communique said they were heavily engaged by entrenched Chinese at noon.

This battle, scene of a heavy artillery duel Monday, was about 20 miles northeast of Panmunjom, proposed locale for renewing armistice talks.

The communique reported two

Lopat and Berra. Jansen, Kennedy (4), Spencer (6), Corwin (7), Konikewsky (9) and Westrum. NEW YORK, Oct. 9. (AP) — The New York Yankees broke out of a prolonged hitting slump today as they slammed the National League champion Giants, 13-1, in the fifth game of the 1951 World Series.

Pretty Pipe Puffers

These three women entered a pipe smoking contest in Chicago. Pat Tobin (right) of Detroit kept her pipe going 40 minutes and 19 seconds. The poorest mark among the 25 contestants was set by Mary Garner (left) of Chicago, whose pipe went out in eight minutes. In center is Mrs. John Newman of Montreal, Canada. The winner of the contest was Paul Spagnola of Flint, Mich., who kept his briar puffing for 88 minutes and two seconds. The event was held during a convention of the International Association of Pipe Smokers Clubs. (AP Wirephoto).

Lawmakers Will Be Lucky If They Can Quit By November 1

By JOE MALL
WASHINGTON, Oct. 9. (AP)—Lawmakers took a look at the tally sheet on appropriations bills today and decided Congress would be lucky to get out of town by Nov. 1. Six of the 13 major bills carrying funds to run the government still must be acted on. At least one of these, carrying money for military and economic aid to foreign countries, promises to stir up controversy. Senate Democratic Leader McFarland of Arizona has fixed Oct. 20 as his latest adjournment target. But other Senators said privately today they did not think that was realistic. House Speaker Rayburn (D-Texas) said Monday

"maybe" Congress can wind up its work this month. This is the situation on the remaining six big money measures for the current year:
1. \$56,937,908,030 Armed Services Bill. A compromise version has passed the House and may be sent to President Truman by the Senate today.
2. Rivers and Harbors and Flood Control Projects Bill. In Senate-House conference. The House voted \$214 million and the Senate \$638 million.
3. State, Justice and Commerce Departments Bill. In conference. The House voted \$1,945,940,000 and the Senate \$1,945,452,000.
4. \$1,744,000,000 Supplemental Bill

carrying funds for defense and economic controls agencies. The Senate passed it by voice vote Monday night. The House voted \$1,596,000,000. Goes to conference.
5. \$4,440,559,420 Supplemental Bill carrying funds for construction of military bases in this country and overseas and for the Atomic Energy Commission. It was recommended Monday by the House Appropriations Committee, and debate will start in the House Wednesday. The Senate will act later.
6. Foreign Aid Bill, not yet out of House committee. The House hopes to take it up next week. The Senate Appropriations Committee expects to take at least a week to consider this bill. The Senate Monday completed Congressional action on a \$7,483,400,000 authorization measure, sending it to the White House.

Tierney In Hospital After An Incident

LOS ANGELES, Oct. 9. (AP)—Lawrence Tierney, movie "tough guy" who has been arrested 12 times in the last seven years, is undergoing psychiatric treatment. He was strapped in a restraining harness and taken to neurological hospital Monday morning after a disturbance at St. Monica's Catholic church in suburban Santa Monica.

Advertising Okayed For Savings Bonds

WASHINGTON, Oct. 9. (AP)—A bill passed by the Senate Monday would allow the government to spend \$500,000 to advertise sale of federal savings bonds. The provision is in a \$1,751,197,000 House-passed bill providing extra funds for defense and other federal agencies during the current fiscal year. The bill now goes to Senate-House conference for elimination of differences. Advertising was authorized in newspapers and magazines and on radio and television.

HEARINGS RESUME

More Irregularities May Be Revealed In Tax Unit Probe

By B. L. LIVINGSTONE
WASHINGTON, Oct. 9. (AP)—Investigation of alleged irregularities in the nation's tax collection service promised today to spread to new quarters. As a House Ways and Means Subcommittee resumed public hearings on the sideline activities of James P. Finnegan, resigned St. Louis Collector of Internal Revenue. Committee Counsel Adrian W. Dewind told newsmen: "There are other collectors' offices under investigation now. The results of those investigations are not complete yet, but it is entirely possible they will be brought into public hearing." He said the Detroit

Internal Revenue office is "definitely" one of the offices under investigation. Dewind's statement came as the committee scheduled testimony from Francis P. Smith, Internal Revenue Collector in Philadelphia; and recalled Hugh Finnegan, brother of James, for further questioning concerning his associations with indicted Boston Collector Denis W. Delaney. Also, Dewind spoke following a Senate speech Monday by Senator Williams (R-Del) saying the government has failed to press income tax claims of \$675,344 against a

Kansas City businessman. Williams' statements on the Kansas City tax case were denied by the businessman's attorney. Williams named the businessman as Ardele H. Myers, and said \$171,726 of the government's claim had been left idle so long it was no longer taxable, due to the statute of limitations. "Particularly suspicious," Williams said, was the identity of the lawyer who opposed the claims against Myers. Williams named the lawyer as Dan M. Nee, and said he was the former Internal Revenue

Collector under whom the claims against Myers were filed. In a statement at Kansas City Monday night to newsmen, Nee said Myers' tax affairs had never been in his hands, and that he knew nothing of them until two years after he resigned, when, he said, he became Myers' tax attorney.

PRINCESS ELIZABETH AND DUKE OF EDINBURGH

IN PRINCESS' PRESENCE

Here's A Lesson On How To Act

LONDON, Oct. 9, (AP) — How does one behave in the presence of a princess? What does one say to the prospective consort of a queen?

These are questions many Canadians, and not a few Americans, are asking as Princess Elizabeth and her husband, the Duke of Edinburgh, land for Canada and the United States, on a state visit.

There are no hard and fast rules, but advice in the more sensible sectors of court circles is: "Be yourself."

Should the ladies curtsy to the

royal pair? Canadians on formal occasions curtsy to their governor-general, Viscount Alexander of Tunis, and he is only the shadow of the sovereign. So there are sure to be curtsies in Canada to the young lady who almost certainly will one day be that sovereign.

In the United States the descendants of revolutionists will have to decide for themselves. Some guidance, for what it's worth, may be drawn from the fact that on state occasions at any of the royal homes here it is regarded as elemental courtesy to curtsy. At the British Embassy in Washington the princess will be — in a nominal, extra-territorial way, at least — at home. It's her father's embassy. So a curtsy there is defensible.

But on the street — if by the most unusual chance you should meet her there — skip it. She will smile and bow and the Duke probably will wave cheerfully. You can do the same.

Begging Babies Put Cassino In The News Again

By FRANK BRUTTO

ROME, Oct. 9, (AP) — Cassino, a symbol of modern war's destruction, is in the news again. This time, for its "begging babies," some of whom were picked up by police in Northern Turin. They had been held in camp by four Fagin-like masters.

Each dawn, the band of 18 children was sent to work. Each child carried food in a bag. They returned at night. Those who did not have at least 1,000 lire (less than \$2) were beaten and sent hungry to bed.

The news shocked Italians who for years have been used to the sight of tiny tots, old men and women extending a grimy hand.

Some newspapers, among them Milan's weekly "Epoca," called for enforcement of the nation's law which punishes exploiters of children in this manner with up to 15 years jail.

Investigation revealed the Cassino band was only part of a nationwide network of misery in which even unfortunate or brutal parents were involved. Some children, police learned, had been rented by their parents for 1,500 lire monthly.

In Turin, police grabbed two masters of the little band of semi-slaves after one child's scarred arms and legs had attracted attention.

The children were instructed to call their masters "Uncle" or "Papa" to avoid police suspicion. If a child did especially well, he or she was sometimes given a movie ticket.

Similar bands have been working in Italy's major cities — among them Rome, Milan, Venice, Genoa, Naples and Palermo.

One inhabitant of Cassino, which seven years ago was smashed by Allied shelling and bombing that killed 3,000 of its men, women and children, paid his respects to the organizers.

Now, what to talk about? No politics, please. The royal family knows all there is to know about British politics, but traditionally and constitutionally is above it and doesn't talk about it. Especially now, with an election campaign going on.

Talk about babies. They've got two. Talk about music, dogs, horses, gardens. Don't be dry, both of them like a joke. To the duke, talk about ships, he's a sailor man. Talk about polo, that's his dish. Talk about motors, he likes speed. He'll chatter about baseball, perhaps, but even better would be cricket and football, the soccer and rugby type.

Best thing to remember is that they're young parents coming on a visit to be friendly.

Reprieve Try Fails; Killer Dies In Chair

HUNTSVILLE, Oct. 9. (AP)—Killer Albert Edwards, 39, former Houston taxi driver who three times beat scheduled electrocution dates, died in the chair today at 12:44 a.m.

Two last-minute attempts to get him a reprieve failed.

Even then Edwards' electrocution was later than usual. Ordinarily electrocutions take place a few minutes after midnight. Edwards' arrangements were delayed about half an hour by the legal maneuvering.

After he was strapped in the chair, Edwards made a 14-minute farewell speech. He rambled from one subject to another.

"All human beings are stupid. They do not know what they are doing," he said once.

His one reference to his conviction came at the end.

"What I have done," he said, "has been done by others."

The last hope ended at 11:11 p.m. when Federal Judge James V. Alfred in Houston refused to approve a writ of habeas corpus. Two such writs previously in state courts delayed the sentence.

The State Court of Criminal Appeals refused to order a sanity hearing.

At Austin and Houston hearings, attorneys argued that Edwards had become insane since his conviction for the murder of Paul Walker in Houston on May 26, 1949.

Edwards was tried and sentenced to death for the fatal shooting of Walker. Walker and Edwards' wife, Betty Lou, were slain as they sat in Walker's car.

Oil Production Soars Again In The Past Week

TULSA, Oct. 9. (AP)—United States crude oil production soared again during the week ended Oct. 6 to a new daily average record of 6,261,000 barrels, reported today.

This was an increase of 32,010 barrels over the previous week. Top-producing Texas furnished most of the net gain with a 31,600-barrel boost to 2,850,200.

The second-largest oil supplier, California, had a 3,500 increase to 986,200. Kansas added 2,450 to 332,600. Mississippi climbed 1,585 to 100,335, and Oklahoma increased 1,550 barrels to 506,500.

Other gainers were Indiana, up 1,400 to 32,300; Montana, up 500 to 25,000; the Eastern Fields, 400 to 38,500; Colorado and Kentucky, each 200 barrels to 78,300 and 32,200, respectively; Utah, 100 to 2,900; Arkansas 50 to 77,300, and Nebraska, 50 to 7,400.

Louisiana topped the five losing states with a loss of 6,425 barrels to 619,325.

Michigan fell 3,800 to 37,100. Wyoming dropped 1,900 to 187,300. New Mexico lost 800 to 144,775 and Florida declined 150 to 1,550. Alabama's production was unchanged at 3,050 barrels.

Funds Sought For O'Daniel Campaign For The Presidency

ARLINGTON, Oct. 9. (AP)—Garfield Crawford, who has been associated with former Senator W. Lee O'Daniel since 1938, said today he is seeking money to finance a campaign for President by O'Daniel.

Crawford has sent out some 8,000 form letters to 36 states.

"Thousands upon thousands of good patriotic people from over the nation are pledging their vote and their unflinching support to him if he will run for President, and lend his best efforts to cleaning up the present mess in Washington," Crawford said.

Crawford asked pledges for monthly payments until the election next year.

He said the letters were being sent to people who have written O'Daniel and asked him to run for President.

Presidential Citation

Lucian Thomas, 33, (above) Lubbock jeweler and civic leader, received a citation from President Truman for "outstanding service... in promoting equal opportunity in employment for the physically handicapped." Thomas has been in a wheel chair for 12 years since an automobile accident. After opening his own business, he trained 12 men and women in watch repair work. Four have since established shops of their own. Thomas is serving his second year on the Lubbock city commission. (AP Photo).

Denies She Rewed Wealthy Oil Heir

HOUSTON, Oct. 9. (AP)—Mrs. Gloria King, at least once divorced from Texas playboy Sheppard King III, arrived home from Europe denying that she had remarried, the wealthy oil heir.

A Dallas district judge said Monday he married King and a woman who said she was "Gloria King" last June.

"I deny the marriage," Gloria told reporters when she got off the plane here Monday night. She was accompanied by Patricia King, 18-year-old sister of Sheppard. The two flew from Rome to New York Monday and then caught a plane to Houston after a shopping tour. Sheppard, who said in Paris recently that he would wed Samia Gamal, Egyptian belly dancer, remained abroad. He and the two women had been on an extended European tour.

District Judge Robert Hall said

Rules Amended

AUSTIN, Oct. 9. (AP)—The Railroad Commission has amended field rules for the Phoenix Lake field, Orange county, to base the daily well allowable, 50 per cent on acreage and 50 per cent on the number of producing wells in the marginal line.

Planned Hike In Refining Is Said Not Enough

BEAUMONT, Oct. 9. (AP)—Secretary of the Interior Chapman warned today that increasing U. S. oil refinery facilities to handle a million barrels more daily may not be enough.

Chapman spoke at the dedication of the Anthony F. Lucas Engineering Building at Lamar Tech. Chapman is administrator of the Petroleum Administration for Defense (PAD).

He said PAD's three big aims are the increase of production and transportation of oil and the expansion of refineries.

He said the initial goal of the refinery expansion program "—and it was a minimum goal" was to raise the rated capacity of United States refineries from about seven-million barrels a day to eight million.

"It now appears that this may not be enough," he said, even though it calls for the highest rate of refinery expansion in the industry's history.

Chapman gave a recent step-up in military requirements and the shutdown of the Abadan refinery in Iran as events making expansion necessary.

"It is becoming more and more apparent that the million-barrel expansion we have been planning will not give us enough spare capacity to be sure that we could meet all future demands."

"The refining industry recognizes this fact. It is willing to speed up the expansion program. But materials shortages — structural steel, sheet, pipe and equipment of various kinds — are already holding back new construction. The allotments so far available to the industry will make it difficult to meet even the minimum goal."

The Lamar Tech building is named for Capt. Anthony F. Lucas who brought in Spindletop No. 1, the discovery well of the vast Spindletop field.

The state motto of Virginia is "Sic Semper Tyrannis" — "Thus Always to Tyrants." The state emblem shows an armed figure standing over the fallen body of a tyrant.

AT OIL CONVENTION

State, U. S. Aides May Clash Today

BEAUMONT, Oct. 9. (AP)—A clash between state and federal officials over Texas oil production levels may take place at the Mid-Continent Oil & Gas Association Convention today.

A regular statewide Railroad Commission hearing on oil allowances was scheduled as a part of the annual meeting.

Bruce K. Brown, Deputy Petroleum Administrator for Defense, said Monday he hoped the state's record output of crude and refinery products could be continued at the present rate.

The two senior members of the state oil regulator body — Olin Culbertson and Ernest O. Thompson — declared present production levels are damaging Texas oil wells and reserves.

Brown, who will attend the hearing along with other PAD officials, said continued production would avert what he saw as a threatened shortage in the first quarter of 1952. Texas oil production levels have been increased substantially the past two months. Oil men said the hike was needed to take the place of Iranian production, which went mostly to Western Europe.

Brown and other PAD officials appeared before the Railroad Com-

mission in support of the initial production hikes.

Army Secretary Frank Pace told the oil men Monday night that the Army's push for mass production has not put a freeze on new ideas for improved weapons and equipment.

He emphasized that the Army is not lagging in the atomic and guided missile development field.

"The Army is in no danger of becoming outmoded because of failure to keep up with the times in the field of atomic weapons, guided missiles and other advanced weapons," Pace said.

Pace said he drew that conclusion after recently visiting a number of proving grounds "where the latest weapons are tested." He did not name the experimental bases.

"While we have hastened to put weapons into mass production," Pace said in discussing the Army's expansion since the start of the Korean War, "we have been careful not to put a freeze on new ideas for improved weapons and equipment."

Robert F. Windfohr, 57, independent oil producer of Fort Worth, was elected president to succeed R. B. Anderson of Vernon.

Yom Kippur Begins

NEW YORK, Oct. 9. (AP)—Yom Kippur, one of the holiest of the Jewish holidays, begins today at sundown with prayer and fasting. The observance, known as the day of atonement, ends at sunset Wednesday.

Spillway Outlets

Workers are busy installing big conduits which will serve as outlets for surplus water behind the Colorado River Municipal Water district dam in southwest Scurry county. These concrete pipes, approximately 10 feet in diameter, will be re-enforced before being covered over by the dam. On the end in the foreground they will bloom into an upright "morning glory" which will automatically let off water above the 225-foot elevation. The twin pipes will discharge the water into the river channel in the background. About 50 per cent of the dirt work on the dam has been completed, which means two million cubic yards of material have been moved. (Culver Photo).

Sawyer Defends Truman Over His Recent Order On Security

PHILADELPHIA, Oct. 9. — Secretary of Commerce Sawyer today defended President Truman's recent order on security information and said some protests against it are "emotional outbursts about censorship."

Sawyer said the United States is waging "a hot war and a very real war" and too much military information is getting out. "Our object," he said, "should be not only the utmost freedom consistent with safety but the utmost safety consistent with freedom."

The President's order, issued Oct. 25, extended to civilian agencies the same policies on release of security information that have

been in effect in the Defense and State Departments.

Officials of all agencies of the government were given power to decide whether information should be withheld from the public on the ground its release would endanger the national security. No other standards for deciding what information should be withheld were laid down.

Republican lawmakers have assailed the order as a method of suppressing legitimate news, which the White House denies. Legislation to nullify it has been offered.

The Associated Press Managing Editors Association, representing newspapers across the nation, unanimously passed a resolution terming the order "a dangerous instrument of news suppression."

Sawyer gave new expression to the administration view in an address prepared for a luncheon of the Poor Richard Club, which chose him to receive a citizenship award. The club is an organization of business and professional men originally founded by Benjamin Franklin.

Sawyer mentioned and minimized two objections raised by some editors to the order:

1—There is, of course, a problem in dealing with the timid or selfish bureaucrat who will hide himself behind the words 'confidential' or 'secret' and be much too cautious in revealing information."

2—"The greater menace of the official who, by reason of his very fear of criticism by the press if he does not give out everything he knows, errs on the side of telling too much."

3—"The secretary said 'obviously I am not talking about an official who doesn't want information given out that would be embarrassing to his agency.' He added, 'We executive officials should be freely investigated, talked about, commented on and should be reminded constantly to keep the public fully informed about how our government is run up to the point where it involves the nation's security and up to that point there should be no censorship.'

"Beyond that point the situation changes."

Steers Resume Heavy Drills

Though they're not booked to play this week, the Big Spring high school Steers went right back to their football chores Monday afternoon.

The Longhorns, still winless after four starts, went through a play rehearsal shortly after reporting for workouts, then scrimmaged the B team before Coach Carl Coleman sent them home.

The Big Springers have a lot to do before they are pronounced ready for Haskell. The Indians come here for a game Friday night, Oct. 19.

Not only will be the Steers be seeking to end their losing streak which now extends through ten games over a period of two seasons, they will be striving to avenge an upset loss at the hands of Haskell, as well.

Bright spots in the workouts Monday were Dick Prahm's ball juggling and the ball handling of Bobby Hayworth. Prahm gave evidence that he was approaching his 1950 form when he steam rolled his way past the line time and time again. Hayworth keeps improving both as the "man under" in the T and as a carrier.

Raymond Gilstrap and J. C. Armistead missed Monday's drill. Gilstrap is an end, Armistead a back.

The club has numerous scrimmages in store for it before it tapers off next week.

Scouts Schedule Fellowship Day At Trail Ranch

The Scout family will be guests Saturday at the fourth Annual Fellowship barbecue at the Buffalo Trail Scout Ranch near Balmorhea.

Some 300 visitors are expected to be present to take part in demonstrations showing the activities carried on by the Scouts during the summer and winter camping seasons.

Following the barbecue at 6 p. m. a fellowship program will be presented, featuring a mountain-side tableaux which depicts the history of the Davis Mountain area in which the 5,000-acre Scout ranch is located.

Entitled "Mountain Men," the spectacle will trace the succession of periods from the time of the basket makers on to the present Scouting program at the ranch. It will be planned and directed by S. G. Painter, Odessa, Scout field executive.

The annual fellowship event is designed to acquaint all Scouters with the facilities and program available to all Boy Scouts and Explorers of the Buffalo Trail council.

When you serve raw cabbage often in everyday meals, you are helping your family to vitamin C—the vitamin found in citrus fruit and that we need to eat daily since our bodies do not store it.

Commie Setback Doesn't Prevent A Counterattack

By JOHN RANDOLPH

EIGHTH ARMY, Korea, Oct. 9. —Only the future will tell whether the Communists gained by breaking off the Korean peace talks Aug. 23.

They already have paid a high price—

1— Nearly 80,000 Chinese and North Korean soldiers killed, wounded or captured, says the Eighth Army. (Allied losses for the period have not been disclosed.)

2— Up to 250 square miles of North Korea, representing Allied gains of nearly 15 miles in the East and four miles in the West.

3— Several — Perhaps eight to ten — Communist divisions have been cut to pieces and knocked out of the war for months. Vast amounts of war materiel have been destroyed. The Fifth Air Force has ranged daily over North Korea, smashing at the Communist rail and road net, wrecking trains and truck convoys.

The battles of the last 48 days were not decisive. The Eighth Army commander, Gen. James A. Van Fleet, and his most optimistic staff officers would not claim that.

The Red setback does not mean that the Communists cannot launch another major offensive — although it certainly reduces the chances of one starting, or of getting very far.

It does mean that the Communists have a lot less than they had on Aug. 23 — perhaps enough less to bring them back to the armistice table.

The last 48 days have cost the Allies something, too.

American soldiers have been killed and wounded — and so have South Koreans, British, French, Turks, Greeks, Dutch, and men from other United Nations.

The figures still are a military secret.

When you buy ice cream empty it out of its cardboard package and into an ice cube tray if you want it to stay hard; cardboard acts as an insulator, while the metal ice cube tray conducts cold quickly.

He insisted, however, there is "the greater menace of the official who, by reason of his very fear of criticism by the press if he does not give out everything he knows, errs on the side of telling too much."

Phone Rate Hike Is Sought By C-City

COLORADO CITY, Oct. 9.—The city council of Colorado City heard requests for an increase in telephone rates last night.

C. W. Blakney of Abilene and Marshall Kemp of Sweetwater, area heads for the Bell system, cited losses in operations of \$33,000 during the past year in Colorado City.

"Since 1948, there has been a tremendous demand for telephone service here," said Kemp, "and the telephone company has spent \$435,000 to meet this demand. Today there are 2,270 telephones in service in Colorado City as compared with 989 in 1946."

When councilmen queried the telephone officials as to the reason for poor telephone service in Colorado City, Duncan Davidson, traffic representative from Abilene stated that the turnover in operators is terrific in Colorado City—with old man Cupid claiming operators almost as fast as the telephone company can train them to operate the switchboard.

"Only 60 per cent of the operators have more than six months' service," Davidson said. "The

average is higher in other towns in the area."

There are 23 operators in the Colorado City office.

According to Kemp, the last local increase was in 1948. Rates were set at \$2.25 for a two party line and \$5.50 for a business phone. These rates would be raised to \$3.75 and \$9.00 respectively, a 11 rates are plus tax.

The council asked company representatives to prepare further figures and to give the council time to study the request.

SAN SABA, Oct. 9. — John Jones, San Saba County rancher, accidentally shot himself to death Monday. He picked up a rifle to investigate a noise at his sheep pens. His body was found at the back door by his wife.

Meeting To Form A New Cub Scout Pack

Parents interested in the formation of a new Cub pack are urged to attend a meeting this evening at the First Christian church, 10th and Gollad.

The time is 7:30 o'clock and the place will be the church basement. Two or three den mothers have been secured and Jimmy Hale, field scout executive, said that time was ripe for actual organization. The Cub program is for boys eight, nine and 10.

Odds Change Again

NEW YORK, Oct. 9. —The fluctuating odds on the world series have changed again. Sources in Reno, say the Yankees are now favored. You can bet ten bucks on the Giants and get back \$16, if the Giants win.

You Get So Much More When You Buy a Nash!

1. Nash Ambassador

For those who never buy less than the finest, Nash presents the distinguished Ambassador—most modern of America's fine cars—with its Jetfire engine that challenges all others on performance. Try it with Hydra-Matic Drive or Automatic Overdrive.

Airline Reclining Seat that everyone calls the greatest comfort feature ever. Adjustable to five positions.

World's Only Weather Eye Conditioned Air System keeps the air ever-fresh. Automatic heating and ventilation.

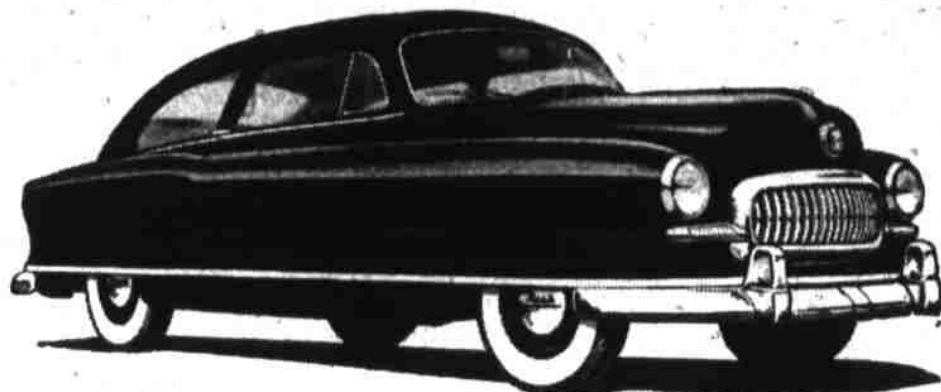

Rattleproof Airflyte Construction—body and massive frame welded into a double-rigid unit that stays new years longer.

Jetfire Engine that powers the Ambassador is setting the pace everywhere—in stock car races and economy runs.

New Mileage Record for the Mobilgas Economy Run was set by the Rambler Convertible Sedan with overdrive—31.05 miles to the gallon.

2. Nash Statesman

Get the biggest car value in America today—the popular Nash Statesman—roomiest, largest car at anywhere near its modest price—the only car in its class with coil springs on all four wheels. Hydra-Matic Drive optional.

3. Nash Rambler COUNTRY CLUB

So smart and swanky, it's hard to believe this luxury "hardtop" sedan is priced so low. Yet you get \$300 worth of custom accessories at no extra cost. See the Rambler Convertible, Station Wagon and Suburban models, too.

Don't Let Bills Pile Up On You!

"Tomorrow is the 10th of the Month"

For your own peace of mind . . . for your own personal welfare . . . for your own financial stability, pay your bills promptly. When they are taken care of as they come due, there is no accumulation to cause worry later.

If you purchase on open account, you have agreed to pay your bills by the 10th of the month. If you are paying on a budget plan, you have a stipulated date for that payment.

Meet these obligations. Build a reputation and record of promptness. It's to your own advantage to do so.

Nash Motors, Division Nash-Erster Corp., Detroit, Mich.

The birth of a child in a stable dates every watch and clock in the world. Every historical event. Some would like a Saviour born on a throne in a palace, but God wanted our love, not our fear. He wanted to show what a son of his could do as a workman and a peasant. "Art thou he that should come, or do we look for another?" — Matt. 11:3.

Administrative Reforms, Saving Threatened By Passing Of Buck

What has happened to the governmental reforms advocated in the Hoover Report? Well, a great many of them have been enacted into law—enough to account for an annual saving of \$2 billion dollars—but enough of them have been beaten down or allowed to wither on the vine to prevent the maximum saving of \$5.7 billion that full enactment would insure.

Broader Latitude Would Be Given In Investment Of University Fund

The caption of the constitutional amendment relating to investment of University of Texas funds, based on House Joint Resolution No. 37, reads as follows: "Providing for the investment of the permanent University Fund in securities other than bonds issued or guaranteed by governmental units and agencies."

Merry-Go-Round—Drew Pearson

Predict Ike Will Fly To Chicago Similar To FDR Jaunt In 1932

WASHINGTON — George Allen, the former White House jester, is now about the closest man to General Eisenhower. It was Allen who acted as liaison between Truman and Eisenhower to make sure the Ike didn't get into the race as a Democrat in 1948.

tion and the administration can blame the Congress. The Democrats can blame the Republicans and the Republicans can blame the Democrats. There will be just enough merit in all these allegations to provide a partial alibi for everyone.

DESIGNING WOMAN

Wood Grain Paint Now Available For Furniture

By ELIZABETH HILLIER
Perhaps because removal of the old finish is too much of a chore—or just because you'd like to try something new—old furniture might be refinished in a wood

grain effect with paint. New paints are paired for the purpose, a ground coat and a graining color, in blond or gray lined oak shades. The furniture need only be washed instead of soaked with paint remover and scraped. After a smoothing of the surface with sandpaper, the ground color brushes on. After the ground color is dry the graining compound is brushed over it. Then is the time to work out the special effect, while the graining color is still wet and can be partly wiped off. Long strokes with a small piece of cheesecloth rolled up into a ball the size of a walnut remove enough of the top color to let the ground color show through in a shading that is much like wood-grain. Other effects can be pleasing and less realistic. One young couple cut down an old library table for a coffee table and finished it this way but changed the graining with a rubbing with old turkish towels. Another experimenter shaded carving with the grain color applied lightly with cotton.

Simple And Sturdy Furniture Highlights Contemporary Styles

By VIVIAN BROWN
AP Newsfeatures Writer
Contemporary furniture is even more simple and uncluttered than ever. But best of all it is sturdy. Wrought iron is used to support chairs, chaise lounges and coffee tables and not only look solid but offers the resistance necessary in the lived-in home, especially where there are children. One new line shown recently combined furniture and accessories of primrose, walnut, true-wood and wrought iron. Every piece is damage proof from heat, water, alcohol, grit and daily scuffing due to the wood's special finish of Formica. In some instances natural light and medium dark woods are contrasted. Furniture is light and compact and is scaled on popular low lines.

COMING EVENTS

TUESDAY

WMS Circles Consider Importance Of Preparation

Members of the East Fourth Baptist WMS carried out the Royal Service theme, "Preparation For The Purpose Of God" with individual discussions by members of the Mary-Martha circle Monday afternoon.
They were Mrs. D. G. Swilling, "Nationals Needed"; Mrs. Elgin Jones, "Carefully Called And Chosen"; Mrs. D. W. Yates, "Europe And Nigeria"; Mrs. Monroe Gafford, "South America"; and Mrs. A. J. Allen, "Future Of The Orient." Mrs. Bob Wren and Mrs. O. B. Warren led in prayer.
A parable of the sower was discussed by Mrs. Ann Dennis and Billy D. Rudd gave the solo, "Scattering Precious Seed."
Mrs. O. B. Warren was in charge during the business portion and announced that an all day meeting and covered dish luncheon would take place Oct. 29. At this time duties of the WMS officers would be studied and these would then be installed.
The Lucy Belle circle members served refreshments to 36 who attended.

Bridge Party Is Held At Parish House

COLORADO CITY, Oct. 9.—(Sp1)—Mrs. James Pritchett and Mrs. Ken Jennings were hostesses for a morning coffee and bridge party last week at the All Saints Episcopal parish house.
Autumn colors and greenery were used in the decorations. The table was laid with a cutwork cloth centered with a lazy susan, piled with fruit. Fall leaves encircled the lazy susan. On each side, hurricane globes filled with fruit were used. Mrs. H. P. Hallett of Dallas, mother of Mrs. Jennings, poured from the silver service.
The organ was decorated with pyracantha in a brass container, which was flanked with red candles in brass candelabra.
Tallies were hand-painted with a fruit design.
Mrs. Curtis Latimer won high score, Mrs. J. B. Yoder second. Low score was turned in by Mrs. Dwayne Feaster. Traveling prize was won by Mrs. George Moncrief.

New Book On Parliamentary Procedure For Clubwomen

By DOROTHY ROE
AP Women's Editor
There are 5.5 million women's clubs in the United States. This is the figure estimated by the General Federation of Women's Clubs as the number of member clubs and affiliated organizations.
This means 5.5 million women's club presidents.
At least half of these do not know the basic parliamentary rules for conducting a meeting, says Alice F. Sturgis, author of the recently published "Sturgis Standard Code of Parliamentary Procedure."
Mrs. Sturgis, a recognized parliamentarian, has been studying the procedure of a group of national organizations. One of the first things that struck her was the astronomical number of groups in every community of the U.S.A.
The next was the need for a knowledge of recognized rules of procedure.
As a daughter, wife and mother of lawyers, Mrs. Sturgis has been steeped in legal atmosphere since childhood, and frequently is called from her home in Piedmont, Calif., to act as an advisor on parliamentary procedure at varied conventions.
She feels strongly that anyone who accepts the presidency or chairmanship of an organized group should at least know what he — or she — is talking about.

Casual Coat Dress

The classic coat dress done differently—it has big round-the-hip-line pockets, asymmetrical button closing. For casual, plaid, plain or checked wool, for crisp fallie too.

Pythian Sisters Install Officers
Four new officers were installed by the Pythian Sisters of Sterling Temple No. 43 at a meeting Monday evening at 7:30. Installing officer, Maxine Chrane, officiated.
They were Mae Carter, excellent junior; Pat Bucher, manager; Loraine Gustine, protector, and Gladys Choate, guard.
Most excellent chief, Evelyn Johnson, presided and hostesses were Rilla Medlin and Mae Carter. Refreshments were served to the 13 members attending.

Eye-Glass Cases

The decorated eye-glass cases cost a pretty penny in the better optician shops and in the good department stores—from five to ten dollars apiece! The ones illustrated can be made for a few pennies each! Top one is of felt decorated with contrasting color felt flowers, second down in illustration is of silver thread crocheted in a lovely shell pattern; third is of colorful suede trimmed with gold crochet edging; fourth, the "fold-over" case is in wine-colored chenille trimmed with gold crochet thread. Pattern gives exact size, complete cutting, crocheting, trimming instructions. Grand Xmas gifts!
Send 25 cents for the felt, chenille, Suede, Silver Crochet EYE-GLASS CASES (Pattern No. 418) YOUR NAME, ADDRESS, PATERN NUMBER to CAROL CURTIS
Big Spring Herald
Box 229, Madison Square Station
New York 10, N.Y.
Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

To Marry

Mr. and Mrs. M. H. Carr of Sherwood are announcing the engagement of their daughter, Frances Eugenia, to Pvt. Newell W. Tate, son of Mr. and Mrs. A. H. Tate of Knott. The bride-to-be is presently a teacher in the Knott elementary school. Pvt. Tate, who is completing his training in the U. S. Army at San Antonio, is to report for overseas duty Nov. 3. They will marry Oct. 14 in the Knott Church of Christ.

Presbyterian Women Have Survey Study

Mrs. Lucian Jones gave the article, "Church Extension," from the magazine, "Presbyterian Survey," when the Kings Daughters circle of First Presbyterian church met Monday at the home of Mrs. Elvia McCrary.
Mrs. D. W. Conway gave the devotional from the Sixth Commandment. Refreshments were served to seven who attended.

MENU FOR TOMORROW

GOOD BREAKFAST
Orange Juice
Scrambled Eggs
Raisin Banana Muffins*
Beverage
(*Recipe for Starred Dish Follows)
RAISIN BANANA MUFFINS
Ingredients: 1 cup sifted all-purpose flour, 1-3 cup granulated sugar, 4 teaspoons baking powder, 1/4 teaspoon salt, 1 cup seedless raisins, 1 egg, 1-3 cup milk, 1 cup bran cereal, 2-3 cup mashed banana, 2 tablespoons melted shortening.
Method: Sift together flour, sugar, baking powder, and salt. Rinse raisins and drain. Beat egg lightly, add milk and bran and let stand 5 minutes. Stir in banana, shortening, and raisins. Add dry ingredients and stir only to moisten. Fill 12 to 15 greased muffin pans 2-3 full. Bake in hot (400F.) oven 20 to 25 minutes.

'Road To Bithyma' Is Hyperion Study

Dr. Frank W. Slaughter's book, "The Road To Bithyma" was reviewed Saturday afternoon by Mrs. B. L. LeVeque for the 1950 Hyperion group.
Members of the club met for an initial fall session and luncheon in the home of Mrs. M. H. Bennett. Mrs. H. C. Stipp and Mrs. T. E. Helton assisted the hostess. Some 14 members attended.

Acts Is Featured At CWF Meeting

A study of Acts 17 highlighted the Ruth Circle meeting in the First Christian church parlor Monday evening. Mrs. Cliff Wiley was in charge.
Hostesses for the occasion were Mrs. Robert Weaver and Mrs. A. A. Marchant.
It was announced that Mrs. A. A. Marchant would serve as refreshment committee chairman during the coming District Four convention in the church Oct. 17. She would be assisted by others in her circle.
Plans were completed for a rummage sale and north side Saturday afternoon to raise money for the circle budget.

Will Meet Tonight

The Beta Omicron chapter of Beta Sigma Phi is to meet in the Scout Hut Tuesday evening at 8 o'clock for a regular session.

Spoudazio For Host

Mrs. George Vineyard, 1402 1/2 Main, will be host when the Spoudazio For meets at 7:30 p.m. Tuesday, Oct. 9.

COWPER HOSPITAL CLINIC
Admissions—Mrs. A. M. Sessions, City.
Dismissals—Charley Haynes, City; Juanita Rodriguez, City.

'Book Of Acts', Missions Are Examined By Methodists

Mrs. L. B. Andrews gave the devotional on "Strength For These Days" at the meeting of Mary Zinn circle of First Methodist Monday afternoon at the home of Mrs. John Chaney.
Mrs. H. M. Rowe led the study from the book of Acts, Chapters 8-11. Others taking parts on the program were Mrs. Frank Powell, Mrs. S. P. Jones and Mrs. Chaney.
The circle will meet next Monday with Mrs. Jones and each member is asked to bring used clothing to pack a duffle bag for Korea.
Refreshments were served to 13 members.

WMS Circles Consider Importance Of Preparation

Mrs. Frank Nelson presided at Monday afternoon's meeting of the Hildred Baptist WMS at the home of Mrs. J. W. Arnett.
The meeting opened with the singing of the WMS hymn, and prayers were given by Mrs. Virgil Jones and Mrs. Arnett. Yearbooks were studied, and each officer and chairman discussed the duties of her office.
The next meeting will be a Royal Service program Oct. 22 at the church. Seven members attended.

Bridge Party Is Held At Parish House

The Lucille Reagan circle presented a program of mission study when First Baptist WMS members gathered at the church Monday.
Mrs. J. C. Pickle, the newly installed president, introduced Mrs. W. B. Younger who opened a program on "Preparation For The Purpose Of God."
Participating in discussions were Mrs. C. O. Hill who talked from the parable of the sower in the Bible; Mrs. E. A. Turner, "The National Need Of Christian Leaders"; Mrs. B. T. Faulkner, "Carefully Called And Chosen"; Mrs. P. D. QBrien, who read letters from students in European Baptist schools; Mrs. Lonnie Coker, "Young People's Work In South America" and Mrs. W. B. Younger, "The Future Of The Orient."
Attending were 27 members.

New Book On Parliamentary Procedure For Clubwomen

The survey article on religious education was given by Mrs. G. A. Barnett when the Ella Barrett circle of First Presbyterian met Monday afternoon with Mrs. R. Gage Lloyd.
Mrs. A. B. Brown led the prayer and Bible study on the Sixth Commandment. Mrs. Sam Baker, president, conducted the business session.
Present were 10 members and two guests, Dr. Lloyd and Earl Cato.

Wonderful how VICKS VAPORUB IN STEAM works when coughing colds strike
Special medicated steam brings DEEP-ACTION RELIEF from coughs and stuffiness
Now those raspy, croupy coughs of children's colds can be relieved almost instantly with this home-grown treatment... two heaping spoonfuls of Vicks VapoRub in a vaporizer or bowl of boiling water as directed in package.
It's easy, too... Your little one just breathes in the soothing steam. Every breath carries VapoRub's relief-bringing medications deep into troubled throat and large bronchial tubes. There this wonderful treatment medicates and soothes dry, irritated membranes, eases away coughing, helps restore normal breathing. Real comfort comes fast! For coughing spells, upper bronchial congestion and that choked-up feeling caused by colds, there's nothing like using Vicks VapoRub in steam.
And always rub it on for continued relief
To insure continued action, always rub VapoRub on throat, chest and back. Works for hours—even while your child sleeps—to relieve distress. It's the best-known home remedy you can use when any child strikes cold or grown-up... VICKS VAPORUB

Banner Has Variety Of Health Foods

Some of the nation's best "health foods," produced right at home in Howard county, are yours when you use Banner Dairy products.

Your grocer stocks the complete array of Banner milk products—butter, cottage cheese, whipping cream, pasteurized and homogenized milk, and ice cream. Freshness is assured as Banner's processing plant is located in Big Spring and handles milk produced in this area.

Deliveries are made daily to keep dealers supplied with the fresh wholesome foods.

Joe F. Neece, manager of the local Banner plant, pointed out a few reasons why milk and other dairy products are considered as real health foods. In the first place, milk supplies all the elements found in the human body, with the exception of iron.

This includes the important vitamins A, B1, B2, C and D. Milk also contains protein, the most important being casein which is a constituent of cheese.

Food energy is provided in the lactose, or milk sugar, content; consequently, a glass of milk serves as a healthful "pick-up" when a person is fatigued out. Minerals in milk provide the material for building bones and teeth.

Proteins, of course, go into muscles and other body tissues, while the vitamin content of dairy products also provide for proper growth. Vitamin A is indispensable to good vision, while the B-vitamin complex stimulates the appetite, is essential to the proper health of nerve tracts, and prevents such diseases as scurvy, pellagra, and beri-beri.

For these reasons, milk should be consumed daily by infants, athletes, adults, and particularly growing youngsters, Neece pointed out. And if you don't like it in the liquid form, try one of the other dairy products, fresh from Banner, he invited.

Tucker & McKinley Grain Co. Expands

Two substantial additions have paced a series of improvements at the Tucker & McKinley Grain company, making it one of the best rounded feed- and grain operations in this region.

One portion has put approximately 1,000 square feet more of space into the feed department. Office for this section has been moved into the center of operations, making it unnecessary to go to the regular office which serves primarily for grain sales and weighing.

Another addition houses the feed mill and mixing equipment. While it is under the same roof with other functions, this is a separate operation and thus divorces the noise and dust. Yet it is so handy that a producer can unload his grain on one side and pick it up, properly blended to his specifications, along with his other feeds at the regular loading platform.

The line of Paymaster dairy and poultry feeds had been expanded greatly. In addition, large reserves of Ray C. Ayres 20 per cent range cubes and Minimax cubes have been laid in. Of course, the concern carries basic items such as bran, shorts, cake, milo, hulls.

As for hulls, Tucker & McKinley have managed to keep a good supply of this increasingly difficult item. To keep dairymen and others supplied, the firm has booked the roughage in from as far as Arkansas in carload lots.

Still another roughage specialty is hay. Tucker & McKinley keep three trucks on the road at all times hauling in supplies of alfalfa from the Pecos valley, Plainview and Hereford areas. In addition, choice prairie hay is booked in carload lots from the famous Flint Hills country of Oklahoma where the brightest and best is grown.

Growing in popularity is the line of feeds compounded by Tucker & McKinley according to rigid state formulas and marketed under the name of "Big Three."

Now Is Time To Ready Fall Flower Beds

It's the time of year when persons should be getting their flower beds ready for fall bedding plants, according to Miss Carrie Scholz, owner and operator of Caroline's Flower Shop, located at 1510 Gregg street in Big Spring.

Such plants as pansies, snapdragons and stocks and bulbs like tulips and King Alfred daffodils will shortly be made available at Caroline's Flower Shop.

Many individuals find Thanksgiving an appropriate time to send flowers to loved ones. Caroline's maintains a delivery service to any point within the city for those who want to take advantage of the occasion.

Flowers may also be telegraphed to persons living outside the city. Miss Scholz stated.

Such flowers as Love Apples and Autumn Leaves, appropriate for permanent bouquets, are in abundance at Caroline's Flower Shop.

During the football season, the Mum becomes a very important item in a woman's wearing apparel. Caroline's Shop maintains a varied and complete line of such corsages.

Flowers for all occasions, including weddings, house parties and funerals, are available at Caroline's Flower Shop.

Business telephone number of the concern is 103.

Howard Test To Sample Shows, Glasscock Well Will Deepen

Some indications of oil and gas were logged in an extreme north-west Howard wildcat Tuesday.

At the same time, York & Harper filed application to carry their temporarily abandoned No. 2-9 Eula Woody in northwest Glasscock to 12,800.

Slight shows of gas were logged on a drillstem test in the lower Permian Borden wildcat in the lower Permian. A Sterling county wildcat northwest of Sterling City has found the Ellenburger barren.

Borden
Dana, Shay & Barker No. 1 McKnight, C NE NE 367-97, H&TC, drilled to 6,145. It is in northeast Borden and projected to 8,000.

Phillips No. 2-A Louis (Conrad), C NE NW 55-25, H&TC, was moving in rotary rig.
Phillips No. 1-A Clayton, C NE SE 8-32-4n, T&P, 3 1/4 miles north of the Good pool, was at 7,112 in lower Permian. It took a drillstem test from 6,845-6,944 with the tool open two hours. Recovery was 420 feet of drilling mud and 210 feet of slightly gas cut drilling mud.

Shell Oil No. 2 Addition will be Sharon Ridge-Canyon location 2,283 from the west and 1,345 from the south lines of section 144-25, H&TC, rotary to 6,800.

Dawson
Gulf No. 1-A Dean, C SW NW 29-1, Pottavant, was at 10,205 in lime and chert.

Gulf No. 1-Y Dean, C NE SW 35-32-6n, T&P, was coring at 10,720 in dolomite and chert.

Gulf No. 1 Vestal, C NE NW 11-34-7n, T&P, was at 8,825 in lime, drilling plug.

Moncrief No. 1 Cobden was bottomed at 6,068 repairing rig. It is located C SW SW 92-M, EL&RR. Tide Water No. 1 Stokes, C SE NE 3-C-39, PSL, drilled in lime, shale to 11,378, then drilled out retainer and cement from 11,749-779 to test pressure to see if the plug will hold.

Glasscock
Argo No. 1 Cook, C NW SW 17-34-4s, T&P, four miles southwest of Garden City, was at 6,800 with the core barrel stuck 40 feet off bottom.

Magnolia No. 1 Bryan, C SE NW 26-35-4s, T&P, was at 2,163 in lime. Murphy & Ashland No. 1 Couey, C SW SW 13-36-5s, T&P, waited on 7-in. casing to set at 10,073.

Phillips No. 1 Berry, C NW NW 35-36-2s, T&P, progressed to 8,844.
Phillips No. 2 McDowell, C NE NE 31-34-2s, T&P, was at 10,347.

Ohio No. 1 Moeller, C NE NE 16-37-5s, T&P, was at 4,790 in lime.
Rowan & Owings No. 3 Schwertner, C SW NW 15-37-5s, T&P, was 1,820 in salt.

York & Harper filed for permit to deepen its No. 2-9 Eula Woody, 680 from the south and west lines of the northeast quarter of section 8-36-26, T&P, in northwest Glasscock. This venture failed as a Spraberry test. It now is scheduled to go to 12,500 feet.

Rowan & Owings No. 4 Schwertner

Burglars, Thieves Are Still Active

Burglars and thieves are still making the rounds, according to reports reaching police Monday.

Gene's Service station, at 2411 Gregg, reported a break-in which occurred Sunday night. Burglars entered after breaking a panel out of a rear door and made off with approximately \$80.

Robert C. Hill, 1419 Sycamore, reported a set of fender skirts and front and rear bumper guards stolen from his 1950 Ford while it was parked at the Big Spring hospital over the weekend.

Bill McMullen, 404 NW 11th, said that approximately \$15 worth of lumber, including 2x6s and 2x4s, was stolen from him Monday. He said that neighbors saw three men load the lumber on a truck about 10 a.m.

Machine Tools Due To Go Under Price Control Saturday

LUBBOCK, Oct. 9.—A new ceiling price regulation covering all the sales of used machine tools and used machine tool extras goes into effect Saturday, the Lubbock district Office of Price Stabilization announced today.

Previous to the new regulation, CPR 80, used machine tools and extras were covered by the general ceiling price regulation.

Current production of new machine tools is at a level below that needed for defense production. This has resulted in considerable pressure on used machine tool selling prices, OPS officials pointed out.

The new regulation is intended to assure a continuance of the new prices of new and used machine tools and is expected to stabilize used machine tool prices generally.

The regulation also covers sales of tools and extras which have been rebuilt and reconditioned.

Fined \$50, Costs
A fine of \$50 and court costs was assessed against Pete Hancock in county court after he pleaded guilty to a charge of driving while intoxicated.

ner was skidding rig from the No. 2 Schwertner.

Sinclair No. 1 Calverley, C SW SE 31-36-4s, T&P, progressed to 4,812 in lime and shale.

Sinclair No. 1 Long, C SE SE 15-33-4s, T&P, was at 4,545 in lime and shale.

Phillips No. 5 Judkins, 1,980 from the south and 660 from the west lines of the lease in section 43-36-2s, T&P, flowed 24 hours through half inch chokes after hydraulic fracturing with 4,500 gallons. It made 402 barrels of 37 gravity oil, no water. Tubing pressure was 110 pounds, gas-oil ratio 669-1, top pay 6,525, total depth 7,145, and 7-in. string at 6,557.

Deep rock No. 1 McCrary, C NW NE 1-33-1n, T&P, six miles north of Big Spring, continued swabbing without results Tuesday. There had been no recovery from 10,000 gallons of acid injected over the weekend. Operator was to continue swabbing but if there are no shows, then it is expected that the lower zone of the Pennsylvania will be perforated. If production is not made in the lower zones, then operator may perforate above the present level of 9,045-51. If that fails, then operator may test some interesting shows in the Spraberry.

Christian, Welborn Saltmount, Oil and Peeler Bros. No. 1 William Bogle, a mile northwest of the projected discovery Smith No. 1 Boyd in northeast Howard, logged oil stains and odor of oil in samples from the San Andres from 2,450-85 and prepared to take a drillstem test.

Seaboard No. 1 J. O. Haney, C NW SW 39-32-3n, T&P, progressed to 7,701 in lime and shale.

Fleming Oil No. 19 Dodge, 990 from the south and east lines of the lease in section 15-30-1s, T&P, pumped 24 hours after a 916 quart test. It made no water and 183.63 barrels of 39 gravity oil. Gas-oil ratio was 477, top of pay 2,550, total depth 2,902, and the 7-in. oil string set at 2,520. It is in the late-East Howard pool.

Fleming Oil No. 6-A TXL, 900 from the north and 1,320 from the west lines of section 23-30-1s, T&P, became a Snyder pool producer. It pumped 24 hours following a 680-quot test, making 66 barrels of 30 gravity oil and no water. Gas-oil ratio was 288, top of pay 2,642, total depth 2,899, 7-in. oil string at 2,518.

Magnolia staked a Howard-Glasscock location with its No. 13 G. O. Chalk, 1,998 from the north and 960 from the west lines of the southwest quarter of section 114-29, W&NW, rotary to 1,700.

Martin
Argo No. 1 Brown, C NW NW 15-36-2n, T&P, drilled to 6,890 in lime and shale.

Gulf No. 3-B Glass, C SE SW 10-38-1n, T&P, was conditioning hole to total depth of 10,788.

Pan-American and Forest No. 2 Bredlove, C NW SW 258, CSL, drilled at 8,616 in lime and shale.

Tide Water No. 1 Dickenson, C NE NE 44-37-1n, T&P, drilled out retainer and cement from 11,749-779 and prepared to test pressure to see if the plug will hold.

Midland
Stanolind No. 1-A Houston, C NW NW 2-36-2s, T&P, was pumping oil load, but there were no gauges.

A Tex Harvey completion was Seaboard No. 1 TXL, 660 from the north and east lines of the lease in section 450 block 37-3s, T&P, which flowed 24 hours through 24-64 choke naturally. It made 304.31 barrels of 39-gravity oil and no water. Tubing pressure was 150 pounds, gas-oil ratio 850-1; top pay 7,096, total depth 7,184; 5 1/2-in. liner hung inside 7 1/2 casing with packer 3,327.

Frank & George Frankel No. 12-A Floyd, et al, 662.3 from the north and 2,010 from the west lines of the lease in section 2-37-3s, T&P, flowed 24 hours through half-inch chokes after hydraulic fracturing with 6,000 gallons. It made 409.56 barrels of 37.2 gravity oil and a negligible amount of water. Tubing pressure was 175, gas-oil ratio 519. Top of pay was 7,094, total depth 7,317, and the 5 1/2-in. string at 7,064.

In the Driver Spraberry Magnolia Petroleum No. 4 Preston, 660 from the south and west lines of the lease, section 32-37-4s, T&P, flowed 24 hours through 24-64 choke after hydraulic fracturing with 6,000. It made no water and 438.8

Fractures Shoulder In 3-Car Collision

Salome J. Rangel, 507 N Bell street, sustained a shoulder fracture Tuesday at 8:20 a.m. today when his car was in collision with two other vehicles at 10th and Scurry, police reported.

Rangel was taken by police to Cowper hospital for treatment. His injury was said to be painful but not serious.

Little property damage resulted from the three-car mishap, police said. Drivers of the other cars involved were identified as Perry Miller Cummings, 202 W. 14th, and Edward Mahoney, 507 Douglas.

Fire Extinguished

Fire of undetermined origin was extinguished before it did any damage to a building at 109 NW 2nd street, Monday afternoon, firemen reported. Owner of the threatened structure is W. S. Birdwell.

barrels of oil. Tubing pressure was 300-325, gas-oil ratio 50-1; top pay 7,102, total depth 7,325; 7-in. string at 7,073.

Mitchell
Stanolind No. 1 Langley C SW NE 25-30-1n, T&P, waited on 5 1/2-in. string set at 4,600 before testing the Clear Fork from that point to plugged back depth of 4,680.

Sterling
Humble No. 1 G. H. McEntyre, C NE SE 11-23, H&TC, 12 miles northwest of Sterling City, took a drillstem test in the Ellenburger from 8,945-95 with the tool open 95 minutes. Recovery was 170 feet of drilling mud and 1,000 feet of salty sulphur water. Operator is taking velocity survey and is due to plug back and test some slight shows in the Mississippian.

Supplemental Bill Has Money For AFB Housing

WASHINGTON, Oct. 9. (AP)—Money to buy land on which to build housing near two Texas Air Force bases is contained in a supplemental appropriation bill expected to be taken up tomorrow by the House.

The two bases are Perrin in Grayson County and Reese at Lubbock.

Rep. Mahon (D-Tex.), a member of the appropriations committee which approved the bill Monday, said the money is contained in a lump sum item of \$14.8 million for acquisition of land at Naval Air Force centers throughout the country.

The construction is planned under the Wherry Housing Act program. Under it private investors build the housing through loan arrangements with the federal housing authority, to relieve crowded conditions at permanent military installations.

Hot Time Faces Tax Conferees

WASHINGTON, Oct. 9. (AP)—The biggest decisions and the hottest disputes in the 1951 tax bill conference House-Senate conferees today.

Rep. Doughton (D-NC), chairman of the conference, said he "hoped" the bill, to boost taxes somewhere between \$3.40 billion and \$7.2 billion could be cleaned up today.

ROYAL
Abraham, The princess is colonel-in-chief of the regiment.

4. A luncheon given by the lieutenant governor.

5. Inspection of Canada's 37th Brigade, soon to leave for Europe.

6. A demonstration by 30,000 school children at the municipal coliseum, a state banquet and an appearance at a concert by the Quebec Symphony Orchestra.

It was a sample of what the royal couple will face almost every day for the next month.

Elizabeth and Philip spent Monday night — their first on Canadian soil — aboard the special train bringing them from Montreal to Quebec. They arrived just before noon Monday at Montreal's Dorval Airport after a 3,400-mile flight from England.

After their welcome at Montreal by Prime Minister Louis St. Laurent and Viscount Alexander, the governor-general, the royal party boarded the 10-car luxury train for an afternoon and evening of rest and relaxation.

KOREA
Allied attacks Tuesday in the vicinity of Heartbreak Ridge, 20 miles north of the 38th Parallel. A Red battalion atop a ridge stopped one assault in its tracks in the morning. The other hacked out gains of 200 to 400 yards against North Koreans.

The U. S. 23rd Infantry Regiment of the Second Division withdrew Monday after battling to within 200 yards of the northernmost peak of Heartbreak Ridge — the only one the Reds still held.

The Second Division, supported by French troops, has been fighting for four weeks to clear off the Reds.

Communist forces were reported shifting artillery and troops from the West Central sector to the Western Front to keep a U. N. fall offensive from gaining its final objectives.

Red artillery fire in the Yoncheon sector has been stepped up to the Reds' heaviest rate of the war, matching U. N. concentrations of last winter.

Chinese artillery and mortars Monday laid down a 1,900-round barrage.

Allied guns answered them tenfold, firing 13,000 rounds in daylight hours alone.

Mossadegh Stops In Rome

Prime Minister Mohammed Mossadegh of Iran is helped down plane ramp after arriving in Rome, Oct. 7, on his way to New York to carry Iran's oil fight to the United Nations Security Council. Helping him are Dr. Mattin Dattari (left), one of three Persian oil board members traveling with the ailing premier, and an unidentified man (right). Behind Mossadegh is his son, Dr. Golam Mostaf Mossadegh, a physician, who said his father probably would stay in a private hospital while in New York except for appearances before the Council. The Iranian party is expected to arrive in New York Oct. 8. (AP Wirephoto via radio from Rome).

Texas, Oklahoma, Kansas Share Honors At Fair

DALLAS, Oct. 9. (AP)—Texas, Kansas and Oklahoma shared honors at the first judging of the State Fair of Texas Pan-American National Hereford Show.

In judging Monday, "CK Crusty 46," an 1,800-pound product of the CK Ranch, Brookville, Kan., took first place among two-year-old bulls.

"Tr Zato Heir 40," from former Oklahoma Gov. Roy Turner's Ranch at Sulphur, Okla., won first place in the senior yearling class.

Winner among junior yearlings was "EG Royal Mixer 111," representing the Hardy Grissom Ranch at Abilene.

Judging in the show will end tonight. Six top winners will be picked there.

First sheep and swine winners decided Monday included the champion ram award to Mrs. Ammie E. Wilson of Plano. Senior champion boar honors among Berkshire swine went to A. D. West of Brownfield. Senior champion boar among Poland-China hogs went to J. C. Stewart of Mesquite. Grand champion boar also went to Stewart.

In Hampshire sheep, Mrs. Wilson placed first in the yearling ram class and Harrison Davis of Dorchester first in the ram lamb class. Mrs. Wilson showed the champion ram.

In Poland China judging, Stewart walked off with most honors and John Adams of Tulsa placed first in senior sow and senior spring sow and showed the reserve grand champion sow.

Other results: National Hereford Show — Summer yearling bull: Dudley Brothers of Comanche, senior bull calf: Straus Medina Hereford Ranch, San Antonio; junior bull calf: J. S. Bridwell, Wichita Falls; two-year-old heifer: Foster Farms, Rexford, Kans.; senior yearling heifer: Turner Ranch, Sulphur, Okla.

Says Gabrielson Activities Normal

WASHINGTON, Oct. 9. (AP)—Administrator Stuart Symington said today the RFC's loan negotiations with Republican National Chairman Guy Gabrielson have been "a very normal thing."

Symington was asked whether the RFC gave the matter any more attention than usual because Gabrielson personally negotiated an

\$18.5 million loan for the Carthage-Hydrocol Corp. of Texas, which Gabrielson heads.

Symington replied: "What you're asking is whether the Reconstruction Finance Corporation is subject to outside influence. I can say it is not."

The administrator added he frequently deals with the President or general counsel of corporations seeking RFC loans. Gabrielson held those positions with Carthage-Hydrocol, a gas refining company.

Gabrielson's recent request for extension of the deadline for repayment have been under investigation by a Senate committee, some Republican congressmen have demanded that he resign.

Gabrielson has denied any suggestion of improper activity or political influence in his negotiations with the loan-making agency.

Mrs. Oddie Raney Rites Wednesday
Funeral for Mrs. Oddie Raney, 32, victim of a car wreck 10 miles north of Stanton on Sunday afternoon, has been set for 3 p.m. in the First Baptist church on Wednesday.

The remains will be in state at Nalley Funeral Home until shortly before time for the last rite. Dr. P. D. O'Brien, pastor, will officiate.

Efforts to contact a son, Pfc. Billy Frank Raney, who is stationed in Korea, had been unsuccessful to noon Tuesday. The Red Cross, however, was still trying to make contact.

Mrs. Raney, daughter of Mr. and Mrs. C. E. Courson, had resided here at 610 Eleventh place since 1937 when she moved from El Paso following her husband's death. She had been associated with the J. C. Penney company during the intervening years and was head of its women's wear department.

Palbearers will be Billy T. Smith, Lonnie Coker, Russ Jones, R. F. Davis, Clarence Dodd, Paul Sledge, J. A. Coffey and Orville Bryant.

Deacons of the First Baptist Church will be considered honorary palbearers.

Five County Men Off For Induction

Five Howard county men left this morning for Abilene and induction into the armed forces.

They made up the October quota for the local Selective Service board. On hand to see the group off were members of the Salute the Recruit organization who presented parting gifts on the part of homeowners.

Making up the quota were Harry Middleton, Harold Glenn Jones, Arless Davis, Richard Leon Leopard, and Binie Lee White.

By JOHN M. HENDRIX
The Bar JG was registered in Nolan County in 1880 by John T. George who later registered it in Dickens, King, Kent, and Stonewall Counties, after they were organized by Mr. George and others.

The brand is not now being run, but is owned by Mr. George's daughter, Mrs. W. A. Foley of Valentine, Texas. At the height of its importance there were about 3,000 cattle grazing on 30,000 acres, some of which may have been open range.

Officers Installed By Brotherhood

Officers of the First Baptist Brotherhood were installed Monday evening at the regular monthly meeting.

Special guests for the occasion were members of the East Fourth Baptist church brotherhood. The First Baptist men had promised to entertain them as a result of having less men at the district Brotherhood encampment.

Installed as president of the Brotherhood was Lonnie Coker, succeeding Otis Grafe, Sr. Others installed were Gene Combs, membership vice-president; O. L. Jameson, activities vice-president; G. G. Morehead, program vice-president; Orville Bryant, chorister; and J. P. Gordon, secretary-treasurer.

Approximately 70 men attended. F. D. Rogers, Big Spring association Brotherhood, president, called attention to the association meeting Monday 7:30 at the North Side Baptist church. A city-wide Brotherhood meeting was suggested for Nov. 6 when Dr. Bill Marshall, president of Wayland college, will speak.

Compensation Suit Continued In Abilene

Case of C. B. Gordon versus O. H. McAllister Trucking company, filed as a compensation suit in Federal district court, was continued in Abilene Monday on motion of plaintiff.

Gordon, through his attorney, John Watts of Odessa, had asked \$187,500. Watts filed the motion to amend the petition to bring in other defendants.

COMIC BOOKS WORTH JAIL?

SAN ANTONIO, Oct. 9. (AP)—Two men pulled a funny — \$3 of them, that is — and ended up in jail Monday.

The pair was booked for theft of 33 comic books from a news stand.

"THE BLINDFOLD TEST REALLY AMAZED ME"

—bumpy roads felt smooth as highways!

HOW THE DODGE ORIFLOW RIDE WORKS!

The new Oriflow Ride results from the introduction of a new type hydraulic resistor unit that is combined with synchronized spring suspension and balanced weight distribution. You get triple the cushioning power over roughest roads.

Daring Blindfold Test proves amazing smoothness of Dodge Oriflow Ride... Let us show you today

Come in... let the Dodge Blindfold Test open your eyes to a new kind of riding comfort. Prove for yourself that the new Dodge Oriflow Ride takes the bump out of bumps... makes roughest roads boulevard-smooth!

Blindfolded, you travel a stretch of rough, bumpy going. Yet with the new Dodge Oriflow Ride you float along without pitch or bounce. You can't believe the bumps are there until your blindfold is removed and you see the road you traveled!

Oriflow is just one of the many extra-value features Dodge offers. Let your Dodge dealer prove you could pay hundreds of dollars more and not get all Dodge gives you. Take a "Magic-Mile" ride. Come in today!

Specifications and equipment subject to change without notice.

The big dependable DODGE drive it 5 minutes and you'll drive it for years

BUZ SAYWER

THE GIRL SLIDES DEEPLY BETWEEN THE CHAIRS AND TABLES OF THE LOUNGE.

YOU SAY SHE'S BLIND? OH, W'ERE, IT IS HARD TO BELIEVE, IS IT NOT?

BUT SOME ONE HAS MOVED A COFFEE TABLE FROM ITS ACCUSTOMED PLACE.

MAY I HELP YOU? PLEASE - DON'T BOTHER, I'M ALWAYS FALLING OVER THINGS.

DICKIE DARE

A LIGHTHOUSE! AND THE WIND'S BEEN BREEZING UP... IT'LL DRIVE ME RIGHT AT IT!

IF ONLY I CA' KEEP THIS 'HOLLER-THAN-THOU' THING AFLOAT LONG ENOUGH TO MAKE IT!

YOU SAID YOU HAD A FLAT STRAW HAT ON, SIR! MAYBE YOU GOT THE IDEA TO BAIL OUT WITH IT!

I DID!

THAT'S THE LAST STRAW!

NANCY

WOW--WHAT A BEAUTY

YES, BUT HOW DO YOU THINK SHE'LL LOOK WHEN SHE GROWS UP?

WONDERFUL

THAT'S HER SISTER.

MEAD'S fine BREAD

LIL' ABNER

ONLY US HUNDRED PERCENT, RED-BLOODED AMERICAN REDSKINS GOT ENOUGH CONTROL TO DANCE 'THE BIG GRAPPLE'.

JUST BEING NEAR YOU MAKE MY HEART LEAD LIKE STARTLED FAWN-- BUT I NO CHANGE EXPRESSION, LET'S GO!!

FIRST WE DANCING BEAK-TO-BEAK-- SOMETIMES TOUCHING CHEEK 'D CHEEK--

THEN WE DO THE HIRSY-DOOLEE-- SHAKE YOUR FEET BUT NOT YOUR NOODLE--

BLONDIE

MAY I HAVE A QUARTER MOM FOR THE MOVIES?

I HAVEN'T GOT IT, BUT I'LL SEE IF I CAN GET IT FROM DADDY.

DAGWOOD, MAY I HAVE FIVE DOLLARS PLEASE?

OKAY HERE IT IS.

HERE'S YOUR SON.

WHY DID YOU ASK HIM FOR FIVE DOLLARS WHEN ALL I WANTED WAS A QUARTER?

IT WOULD BE A SHAME TO WAKE HIM OUT OF A NICE NAP JUST FOR A QUARTER.

Mead's Fine Buttermilk Bread

ANNIE ROONEY

OH, ANNIE-- THEY'RE PLAYING TOO ROUGH-- ZERO WILL HURT MY DARLING LITTLE PUPPY--!!

IT'S OKAY-- DOGS IS TERRIBLE SMART-- WHEN THEY PLAY-- THEIR HEADS IS FIGHTIN'-- BUT THEIR TAILS KEEP LAFFIN' AN' LAFFIN' ALL THE TIME--

I HOPE I CAN TEACH MY CUTE LITTLE PUPPY TO LOVE ME LIKE ZERO LOVES YOU--

HONEST, YOU DON'T HAFTA TEACH 'EM--

'CAUSE ALL DOGS IS BORN THAT WAY-- THEY KNOW HOW TO LOVE YOU, WHEN THEY'RE BORN-- JUST LIKE FISHES KNOW HOW TO SWIM AN' GRASS KNOWS HOW TO BE GREEN--

SNUFFY SMITH

WHAT ON AIRTH IS TH' TRIN STOPPIN' FER, ROLAND?

IT BEATS ME, BUSTER BOY.

I DON'T SEE NOTHIN' BUT ROCKS AN' WEEDS-- A FEW SCRAWNY PINE TREES-- TWO OR THREE DILAPIDATED OLD SHACKS AN'--

WAAL, BUST MY OVERHAULS! IT'S HOOTIN' HOLLER!!

PATSY

MR. CALLAHAN, I KNOW YOU AND PATSY MEAN WELL, BUT I'M REALLY HAPPY JUST TO LIVE IN THE PRESENT!

SURE-- BUT WE WANT TO SEE YOU WELL-ROUNDED WITH A PAST, PRESENT AND FUTURE!

SOUNDS INTERESTING, BUT YOU'LL HAVE TO LEAD THE WAY!

TONIGHT-- GIRL WRESTLER! Features THE CHAMP OF CHAMPION Mid Riffert!

SCORCHY SMITH

WE HAVE THE TELL-TALE CIGAR ASH INTACT...

...AND WHY ISN'T THE SECOND CLUE-- THIS BENZOL CAN-- COMPLETE?

WE HAVEN'T FOUND THE CAP FROM IT!

EUREKA! HERE 'TIS, SCORCHY! NOW MAM GETS ARRESTED?

AEC MEMBER WARNS

Russia Can Attack 30 Cities At Once

By WILLIAM F. ARBOGAST WASHINGTON, Oct. 9. (U.S.)—A member of the Congressional Atomic Energy Committee declared today Russia can launch "an atomic attack at 20 or 30 American cities."

produce" if funds are made available. "The time will come," Jackson said in a speech prepared for House delivery, "when we can make these weapons in dozens of varieties and in thousands and tens of thousands."

Rep. Jackson (D-Wash.), a member of the atomic energy group, said however the United States is now capable of producing tactical atomic weapons — that is, weapons for use on the battlefield — which could halt the Red Army "in its tracks."

Pleading for all-out production of atomic weapons, Jackson said there is "virtually no limit on the number of atomic weapons we can

Weather To Slow Good-Will Tour Of Rep. Mack

WASHINGTON, Oct. 9. (U.S.)—Because of reports of bad weather at Newfoundland, Rep. Peter F. Mack Jr., (D-Ill.) saw little prospect he would be able to take off on schedule today on a global goodwill tour.

Mack, 34-year-old Navy reserve pilot, borrowed a single-engine plane for the solo round the world flight. His purpose, he said, is to express to the peoples of the countries he will visit a desire for peace of the people of his congressional district.

The global flight actually started in Springfield, Ill., Sunday and is scheduled to wind up there Jan. 11. On the next leg from Washington Mack plans to fly non-stop to Argentina, Newfoundland, then to Portugal by way of the Azores.

Nine Sailors Killed In Mine Explosion

WASHINGTON, Oct. 9. (U.S.)—An American destroyer hit what was probably an enemy mine off Korea on Sunday and nine sailors were killed in the explosion, the Navy announced Monday night. Eighteen men were listed as injured in the accident, on which no other details were made public. The Navy said the destroyer, the Ernest G. Small, was able to make the port of Sasebo, Japan, under her own power.

Crowds Cheer Egypt Plans To Cancel British Treaty

CAIRO, Egypt, Oct. 9. (U.S.)—Crowds demonstrated in Cairo streets today celebrating Egypt's decision to cancel her mutual defense treaty with Britain. But Britain insisted that Egypt has no legal right to break off the pact which lets British troops and planes guard the Suez Canal from Egyptian bases.

Prime Minister Mustafa Nahas Pasha laid bills before a cheering parliament Monday to oust the British by breaking the 20-year agreement. It was signed in 1936 and still has five years to run. Nahas Pasha's bills also would cancel the 1899 treaty which established joint British and Egyptian rule over the Sudan, the wild Upper Nile territory adjoining Egypt on the South. Since World War II Egypt has wanted to take the Sudan under sole Egyptian rule.

Workers and students in the streets shouted "long live King Farouk of Egypt and Sudan." Police were alerted to prevent disorders.

(In London, the British Foreign Office said it would refuse to recognize the one-sided break in the treaty relationship. (The Foreign Office showed signs

of considerable shock at the abrupt action taken by the Egyptian prime minister. The British were shaping new proposals, springing from Atlantic Pact decisions to create a Middle East defense command under which a several-nation garrison might defend the Suez. (In Washington, the State Department declined comment. Its public caution, however, appeared to overlay considerable official concern about the state of Middle Eastern defenses.)

In the British-occupied area along the canal, a British army reported "all is quiet and work is going on as usual." He denied reports that British Army leaves had been cancelled. Army leaves had been cancelled. The British army hires an estimated 40,000 Egyptians.

Deadline For K-F Reservations Is Noon Wednesday

Noon Wednesday is the deadline for making reservations for Thursday evening's Knife and Fork club meeting. It was emphasized today by Tom Rosson, club secretary.

Knife and Fork members will be meeting for the first time since Spring, Thursday, when they gather at the Settles at 7:30 p.m. to hear a talk by Sydney R. Montague.

Montague, a former Royal Canadian Mounted policeman and adventurer in the Far North, will bring an action-packed talk on his colorful career and on interesting features of the far-off land he knows first-hand.

Marine Recruiting Booth To Be Set Up

A recruiting booth for U. S. Marines will be set up downtown this week.

T-Sgt. Wes Ward, from the recruiting station in San Angelo, arrived here Tuesday morning to set up the booth on Main street near Walgreen Drug. Sgt. Ward will be on duty here through Friday to interview young men interested in enlisting in the Marine Corps.
