Judge Goodrich opened the jury week of the District court in Wheeler County Monday, December 1. Pat Childress and James Franklin Hare were arraigned before the district judge and their trial, before a special venire, was set for January 19.

Hare is charged with the rape of his 12-year-old daughter and Childress is charged with the rape of his 11-year-old step-daughter. Both are being held in county jail pending their trial.

One civil case was on the docket for Monday. The Riggs McQuire Real Estate of Amarillo vs Hilda Toler of Shamrock, in a suit for real estate commissions, over the sale of the Village Motel in Shamrock. The jury ruled in favor of the defendant, Hilda Toler.

The only other case on the docket was a civil suit filed against the Texas Employment Insurance Association by Tommy Roy, which was settled out of court.

Public Service To Display Electric Projects For 4-H

The Southwestern Public Service Company, in cooperation with the County Extension Agents and 4-H Club Members will climax an "electric project" Saturday, with a 4-H display in the Southwestern Public Service Company's office in Wheeler.

Each 4-H member will exhibit two electric projects that they have made, such as: lamps, extension cords, trouble lights, heat lamps, etc.

Judging will start at 10:30 Saturday morning. Ribbons will be awarded following the judging. The projects will remain on display at the Public Service office until the following Saturday.

COUNTY COURT

Three DWI cases will be tried before Judge George Hefley in county court during the quarterly session beginning December 9.

TV TRANSLATOR FUND REARING \$22,000 MARX

Approximately 44 per cent of the money has been raised for the installation of a television translator system in Wheeler County, according to Glynn Bell, fund campaign chairman.

"We have in the neighborhood of \$22,000 and \$50,000 is needed to assure the project," he declared.

Shamrock Area

Lyman Benson, chairman of the Shamrock drive, indicated that the drive had slowed down in Shamrock, because of the Christmas season. "I feel confident we will get the money, even if it takes six months," he said. Workers in the Shamrock area have turned in \$10,000 so far, and Benson feels certain that another 6 or 7 hundred has been collected and will be turned in soon.

Mobeetie Area

A report from the Mobeetie area showed that workers had raised \$7,740.00 with more coming in every day. J. T. Johnson is chairman of the Mobeetie drive.

Wheeler Area

A check with the Wheeler Campaign Chairman showed that workers had turned in \$3,520, making a total, for the county, of \$21,960.00, provided, as much as \$700 has been collected and not turned in at Shamrock.

This total does not include the \$2,000 pledged by the Amarillo Television stations. Nor does it include an estimated \$2,000 pledged by Shamrock tourist courts.

The system, designed to serve all of Wheeler County and parts of Hemphill, Beckham and Collingsworth Counties with television reception, is being sponsored by the Wheeler County Farm Bureau. It would consist of two 150-foot towers, one to be constructed in the northwest corner of the county and the other southwest of Wheeler.

O. E. Setliff, who is in charge of the program, guarantees Grade A reception throughout Wheeler County.

Each resident desiring to use the system, is being asked to pay a fee of \$60, which will be used to help finance construction of the system. A charge of \$1 per month, payable annually, will be made as a maintenance charge.

Television sets must be equipped with a corner reflector type antenna and a UHF converter. Both can be purchased through local dealers for \$35, not including installation, according to Glynn Bell.

Persons who have not signed for the service are invited to contact any farm bureau member.

A farm bureau meeting has been called for Thursday night at Nora's Cafe in Wheeler. Everyone is invited to attend.

Contract Let For Construction Of Pool

LOCAL FIRM TO BUILD BATH HOUSES

The contract was let Monday night, for construction of the Wheeler Swimming Pool, to the James E. Walker construction company of Lubbock. They bid the pool in at \$18,340.00. A subsequent contract was let to the Wheeler Lumber Company to construct the bath houses at a cost of \$7,991.00. Both firms will furnish bonds against any defective material or workmanship.

Mayor Thomas Daughtry and city councilmen James Verden, Wayne Edwards, Jake Holcomb, W. D. Mitchell and Dorsie Hutchison voted to split the project between the Lubbock firm and the Wheeler Lumber after they learned that almost \$5,000 could be saved by splitting the project.

The total construction cost of the project will be \$26,331, plus a \$1,500 engineering fee. The \$26,331 figure is \$20,253.16 below the highest bid received by the council. The high bid was made by the J. W. Marsh Construction Company of Amarillo.

Construction will probably begin sometime in February of 1959. The pool will definitely be ready for the '59 swimming season Daughtry said.

Specifications for the project call for a 75 by 50 ft. pool that ranges from 3 to 10 feet deep. The pool will be equipped with a filtering plant.

The bath house will be standard size required for the type pool planned for Wheeler. The pool will be located on the vacant lot just north of the Kiwanis softball field.

\$7,768.00 of the money needed for the project was raised in a recent Swimming Pool Fund Drive, headed by Dr. H. E. Nicholson.

R. J. Holt, Wheeler banker, has agreed to finance the remainder of the money needed for the project.

The reception was held during the company's 1959 World Premiere of new farm and industrial equipment at the famous Emerald Beach Hotel. More than 5,000 Case dealers from all over the world are arriving in chartered 4-engine DC-7's and Constellations over the next two months to take part in the Premiere. Their trip to Nassau constitutes the largest civilian airlift in history, involving more than 15,000,000 passenger miles. In addition to the business meetings, dealers and their wives enjoy deep sea fishing, swimming, skin-diving, native entertainment, sightseeing and basking on the tropical beaches.

Four youths were arrested last Wednesday night by County Sheriff Bus Dorman in connection with the burglary of both the high school and junior high school in Shamrock last Tuesday night.

The boys, Truman Gilmore, 18, of Shamrock; Gerald Brittan, 19, of Sentinel; Marshall Blackburn, 16, of Sentinel; and Lewis Blackburn, 14, also of Sentinel admitted breaking into the school building.

Sheriff Dorman said all of the boys had been convicted of previous offenses. Gilmore has done time in the Gainesville Reformatory; Brittan is serving a 5-year suspended sentence for robbing a hardware; and both of the Blackburn brothers had been convicted of the burglary of the Wheeler Drive-in several years ago.

Gilmore and Brittan are being held in county jail awaiting action of the grand jury. Both of the Blackburn brothers were returned to Sentinel.

PHILOSOPHER DOESN'T LIKE TAX RATE

(Editor's Note: The Sweetwater Creek Philosopher on his shinnery farm on Sweetwater Creek endorses a new taxing theory, with considerable reservations, his letter this week reveals.)

Dear Editor:
The trouble with a good idea out of Washington is that it never does get enough attention to detail to make it fit into my farm out here on Sweetwater Creek.

For example, the other day an economic expert in Washington said what this country needs is a sliding tax rate to vary automatically with the ups and downs of the economy. When times are good, raise the tax rate a little, when they get bad, lower it, automatically, without waiting for Congress to argue over it a year or two. By the time Congress got through debating, we could be out through recession and into another one.

Now this is a fine idea, it suits me exactly, but here's the trouble: who's going to decide when times are good and bad?

The way it'd work is, a bunch of experts would figure out what

the economic index is and set the tax rate from that, but the economic index is sort of like a public opinion poll - nobody has ever consulted me on one of those things.

The way I see it, it's impossible to fix one economic index for everybody and say, well the country is 3 per cent better off this

something wrong with the other end of my index and when the national trend goes up, mine frequently stays where it was, or drops.

Consequently, what the country needs is a personalized economic index, with the tax rate tied on to that.

If the tax rate is going to be based on your financial shape, I don't want any bunch of bureaucrats in Washington sitting down to figure up what shape I'm in. If there's anybody who ought to know what shape I'm in, it's me.

If this new taxing theory is going to work, as far as I'm concerned, it'll have to be based on what took place on this farm in the past twelve months, not on what some electronic brain in Washington estimates. You get an economic expert punching the buttons on an electronic machine in Washington, and no telling what tax rate will come out. To tell you the truth, there never was a tax rate set by anybody else for me that I really liked.

Yours Faithfully,
J. A.

year than last, or is 4 per cent worse off.

Lots of times there is absolutely no connection between my financial situation and the national economic index. That is, when the index goes down, you can pretty well figure my situation has gone in that direction too, but there's

Odd how people living in towns and cities rush out to shoot the closed season birds and animals as soon as the season opens and thinks a farmer or rancher is an old demon if he doesn't open his gates and turn them loose to shoot anything in sight and tramp through his grass and crops. Wish they could get the sport out of shooting coyotes, skunks and crows. There is an open season all year on such animals as these.

If you don't mind being talked about, people will soon tire of talking about you.

Leatha Risner And Meredith Douthit Have Birthday Party

Leatha Kay Risner and Meredith Douthit were honored with a party recently on their third birthday in the home of Mr. and Mrs. Bob Douthit. Games were played, pictures were taken and the two young ladies opened their gifts.
Cake and hot chocolate was served to the following guests: Carla and Jana Marshall, Delores Patterson, Susan and Teresa Ford, Cindy Manning, Jorita Rogers, Russell Killingworth, Darla Rogers, Phil Risner, Donnie Manning, David Douthit and the honorees, Leatha and Meredith.
Robert Hutchison, Lucille Hutchison and Mr. and Mrs. Dorsie Hutchison went to Ida Bell, Oklahoma, Thursday to attend the funeral of George T. Arnett. They returned Friday.

Wonder what happened to the good ole Christmas spirit this year. Usually the street decorations are goin up and the stores have begun the decorations to get us in the mood for old St. Nick.
Reckon we need a snow storm or somethin to get the mood started! I hear folks say that they just aren't in the mood for Christmas and a dozen other reasons, wonder if we ain't forgettin what Christmas really is, it isn't the exchange of cards and gifts that really make it the most wonderful time of the year. All of us should sit down and decide what we really are doing, trying to go broke buying things it will take another year to pay for, or to be thankful we have the Good Lord and the things He has given all of us to appreciate such as our health, happiness and a free country to live in.

Mr. and Mrs. Gene Hall and family of Pampa and Mr. and Mrs. Harrison Hall and family of Wheeler, spent Thanksgiving with Mrs. Cora Hyatt.

Dallas Pediatric Hospital, the Houston Tuberculosis Hospital, and the El Paso Health Department.

Exact purpose of the study, according to Dr. Nicholson, is to find out whether serious complications can be prevented by giving a drug, isoniazid, to children when first infected with Tuberculosis.

The study was organized and coordinated by the U. S. Public Health Service. A medical research grant from the National Tuberculosis Association supplements federal funds.

Almost 3,000 children are now under observation. Some of the children are receiving isoniazid; some are receiving dummy pills.

Preliminary reports indicate that fewer complications are arising among the children receiving isoniazid.

"The study is one of two on tuberculosis in children being aided by Christmas Seal grants," Dr. Nicholson said. "Another clinical study concerns tuberculosis in adolescence."

Number One

No monkey ever deserted his wife. Starved her babies, and ruined her life.

And you've never known a mother monk to leave her babies with others to bunk, or pass them on from one to another 'til they scarcely know who is their mother.

And another thing! You'll never see a monkey build a fence 'round a coconut tree, and let the coconuts go to waste. Forbidding all other monkeys to have a taste.

Why, if I put a fence around this tree, Starvation would force you to steal from me.

Here's another thing a monk won't do.

Go out at night and get in a stew.

Or use a gun, or club, or knife, to take some other monkey's life.

Yes, Man descended. The ornery cuss; But brother, he didn't descend from us!
