

Color, Thrills, Top Stars Seen In 'Forest Rangers'

Starred Fred MacMurray and Paulette Goddard in a romantic scene from "Forest Rangers," a new Technicolor drama in Technicolor which plays at the Ritz theatre today and Monday. Against a spectacular natural background, the story dramatizes the work of the forest fire fighters.

Telling its thrilling love story in fiery Technicolor, Paramount's powerful romance of America's far-flung timberlines, "The Forest Rangers," plays today and Monday at the Ritz theatre with Fred MacMurray, Paulette Goddard and Susan Hayward heading the star-studded cast. Others on the stellar list include Lynne Overman, Albert Dekker, Eugene Pallette, Regis Toomey and Rod Cameron. Directed by George Marshall from a story by Thelma Strabel, author of "Reap the Wild Wind," this latest drama of the great outdoors glorifies the men of the U. S. Forest Service, the intrepid Rangers who guard one of the nation's most vital natural resources, our forests. Plentifully supplied with comedy and scintillating adventure, "The Forest Rangers" is outstanding for its musical numbers, including the Hit Parade tune, "Jingle Jangle Jingle," by Frank Loesser and Joseph Lilley, and "Tall Grows the Timber," by Loesser and Frederick Hollander. "The Forest Rangers" is one of those rare films that just had to be made in Technicolor to bring out the colorful and eye-filling timberland scenes and the thrilling forest fire sequences, said to be the most exciting and spectacular fire scenes ever filmed. Technicolor cameramen, working with Rangers of the Forest Service, ranged over most of the Pacific slope to get actual fire shots. Made with the full cooperation of the Forest Service and with Guerdon Ellis, Supervisor of Tehoe National Forest, as technical advisor, "The Forest Rangers" tells the story of District Ranger Don Stuart, played by Fred MacMurray. Don meets a society beauty from the East and marries her, thus starting a sequence of laughs, thrills and romantic situations that keep the film moving swiftly right down to the last flicker. It's a big picture, in every department—stars, background, and story.

Green Valley—One of the outstanding productions of the last movie season is "How Green Was My Valley," which headlines the Sunday-Monday program at the State theatre. Above are scenes showing some of the principals in this moving picture story of transition in a Welsh home: Walter Pidgeon, Maureen O'Hara, Anna Lee, Donald Crisp and Roddy McDowall.

NEW YORK, Jan. 2 (AP)—Light investment demand today enabled the stock market to get a good start on 1943 with the list on balance touching best levels since mid-October of 1941. The Associated Press average of 80 stocks was up 1.1 of a point at 41.7 and showed a net gain of 2 on the week. It was a new top since Oct. 11, 1941. Transfers for the two hours amounted to 269,940 shares against 370,695 a week ago. It was the lowest turnover since Dec. 5. For 1942 the share volume hit bottom since 1914. The year's aggregate was 125,685,298 against 170,603,871 in 1941. The 80-stock composite, however, finished last year with a net advance of 4.5 points.

New Faces At Court House

Several new faces were in evidence at the courthouse Saturday morning as the newly sworn in county and district officers took over their posts. Walker Bailey, new county superintendent of schools, was on the job "ready to serve in any capacity" in which he is needed. District Clerk George Choate and his deputy, Mrs. Belle Black, were going over their new work together. Also new in the job, but not in the courthouse is George Thomas, county attorney. Other district and county officers are starting new terms but have held offices during the past terms. In a story in The Herald Friday, John Wolcott, county tax collector, was listed as beginning his fourth term. Wolcott is beginning his fifth term. The Herald is glad to make this correction.

Farm Plan Sheets Will Be Delayed

The 1943 farm plan sheets, which were to have been ready by January 12 will not be available before the 20th of the month, M. Weaver, AAA administrative officer, said Saturday. Weaver received word from the state office that there would be a delay in receiving the forms. The plan sheets are to be used to further the government's project of asking farmers to raise essential crops for war needs.

Italy, Texas, Has Record— No Traffic Deaths In 35 Years; No White-Person Killings In 64

ITALY, Texas, Jan. 2 (AP)—This little town doesn't brag about its name anymore but it starts the new year off proudly recalling it hasn't had a traffic death in 35 years and not a white-person murder in 64.

Italy offers even more fervent thanks that out of its 200-odd young men under arms all over the world, only one has been reported missing.

As far as Justice of the Peace Robert E. Sparkman knows, no serious injury has befallen any of the others.

Judge Sparkman hasn't heard of a record like that for any other town of comparable size—1,224—in the country. He assures everyone the fatality record isn't the result of no hazards. Italy has plenty of them—two trunk highways, two railroads and an electric rail line which runs smack down the full length of Main street.

Judge Sparkman, who, despite out justice, keeps the vital statistics records, writes for the papers, and philosophizes on the side, says:

"Students have traveled to this city to learn why these things (accidents and murders) have not occurred here. They found it true but the answer they could not solve.

"The reason may be that those who founded this community were families of good common sense, people who believed first in the church and second in schools as the best means of establishing and maintaining a peaceful society."

The record for non-fatal car accidents is perfect. The first car showed up on the streets of Italy more than 35 years ago. Before that, traffic was no problem, not even in Italy.

Curtin Calls For Larger Forces In The Pacific

MELBOURNE, Australia, Jan. 2 (AP)—Prime Minister John Curtin is making representations "to the proper quarters" to try to get the Allies to increase their anti-Japanese forces in the Pacific. J. J. Dedman, minister of war organization and industrial research, said today.

Two days ago Curtin warned that Japan was consolidating her gains and said "the policy of dealing with Hitler and the European phase of the war first is being overdone." He asked that the United States send more land, naval and air power to the Pacific theater.

Meanwhile the government is expected to launch prosecutions against the ringleaders of a work stoppage in Sydney where 35,000 men yesterday knocked off for a New Year's holiday despite a government ruling that Monday would be the official holiday.

No More Special Treasury Drives Until Next April

WASHINGTON, Jan. 2 (AP)—Treasury Secretary Morgenthau announced today that there would be no more special drives for funds to finance the war until early April because the treasury had borrowed an historic total of \$12,906,000,000 during December through its victory fund campaign.

The original December goal of \$9,000,000,000 was overreached by 43.3 per cent.

The actual total of money brought into the treasury last month was \$15,600,000,000, because of \$2,700,000,000 received in taxes and other collections.

"There is comfort for all of us in this grand response by the people to the war needs of the treasury," Morgenthau said.

40-9 Ratio Is Air Record In Tunisia

By WES GALLAGHER
AN ADVANCED AMERICAN FIGHTER BASE SOMEWHERE IN NORTH AFRICA, Jan. 2 (Delayed)—(AP)—Flying from a mountain-side and living on a diet of canned hash, young American pilots fresh from colleges, factories and country towns have proven what a great fighter plane the P-38 is by shooting down forty German planes with it for a loss of only nine.

The pilots, who less than six weeks ago were upset by the allegation on both sides of the Atlantic that American fighter planes were inferior to the models of other nations, declared the P-38 was master of the Luftwaffe's highly-rated Focke-Wulf 190's and Messerschmitt 109-G's.

This field is so situated on the side of a mountain that the constant rains of recent days have drained off and left the area clear. The flat plateaus are soggy with rain at this time of year.

The first six P-38s started operations here without ground crews, and even without tents for the flyers to live in.

Originally designed only as an interceptor type to protect cities from bombing raids, the P-38 has proven itself capable of every rough job assigned it.

Besides as a fighter, it is used in strafing ground troops and positions. Two squadrons here shot up 20 locomotives behind the German lines and ripped several motor convoys to pieces.

The P-38 has also been used in long-range escort for bombers and in the last two weeks, while escorting Boston A-20 Douglas light bombers, has not yet let a German plane through the fighter screen to reach the bombers.

"This record has been established against the best the Germans have to offer," said Major Stephen Avery, forty-eight-year-old veteran of the last war, who comes from Hollywood and is the intelligence officer of this outfit.

"Our planes are faster than anything the Germans have and can out-manuever them too, if necessary," Avery said as he told how one captured German pilot of a P-38, pursued seventy miles by a P-38, expressed amazement at the tenacity of the American fighters.

Avery asserted that the long range of the P-38s enables them to keep up the fight deep into enemy territory instead of confining themselves to the brief dog-fights which have been characteristic of the European theatre.

German Ship Is Scuttled

LONDON, Jan. 2 (AP)—A 10,000-ton German blockade runner was scuttled by her crew when she was overhauled in the Atlantic by British naval patrols and her personnel was taken prisoner, the admiralty announced today, but the sea lords kept silent on unsupported German claims of success in a running clash in far northern waters.

The Germans declared they torpedoed four steamers, damaged several cruisers and destroyers and sank a destroyer on the Russian convoy route north of Norway. Berlin admitted the loss of a destroyer.

The Germans said the action took place Thursday in foul weather which made observation difficult. They did not say whether the convoy was bound to or from the ice-free Arctic port of Murmansk.

On Thursday the admiralty announced that a German cruiser had been damaged heavily and forced to withdraw and that a Nazi destroyer was left sinking in a continuing battle.

No subsequent report has been made here, probably because of radio silence in the convoy. The admiralty announced earlier this week that convoys to north Russia were proceeding on a "time-table."

Nor were further details given about the blockade runner. Even its name was kept secret.

Navy Ships More 17-Year-Old Boys

The U. S. Navy recruiting sub-station here has shipped four more 17-year-olds for enlistment, Fred Blaucom, in charge, reported Saturday.

The station is anxious to enlist others of this age and others qualified who are over 28 years of age, he said. Regulations have not been received as yet for enlistment, through selective service, of those between 18 and 28.

Accepted here were these young men, all from Snyder: William Rayford McDowell, son of Mr. and Mrs. W. E. McDowell; Snyder; Billy Ray Hart, son of Mrs. L. C. McCormick, Odessa; Forrest Rilton Corbell, son of Mr. and Mrs. E. W. Corbell, Snyder, for V-6, apprentice seaman; and Richard Harvey Taylor, son of Mr. and Mrs. S. A. Taylor, Snyder, for regular navy.

December Bond Sales A Record

Howard county, finished out 1942 with a record month of war bond purchases, a check of the various issuing agencies showed Saturday. Although the figure likely is incomplete, because of payroll deductions by companies headquartered out of the county, an agree-

gate of \$166,845 was shown. This was better than \$60,000 over the December quota of \$97,000. More than \$91,000 of the month's sales was accounted for in the December 7 Pearl Harbor Day observance, but purchases were steady all through the holidays.

Nor has there been a letup with the start of the new year. Bond Chairman Ira Thurman reported Saturday that sales for this month already had reached a total of more than \$43,000. Although the

January allotment has not been received, Thurman was confident that Howard county again would exceed it.

Labor Frowns On Job-Freezing

Bible Series To Be Given By Harvey

J. D. Harvey, minister of the Church of Christ at 14th and Main, will begin a series of special sermons on the Bible at 7:30 p. m. today. Among the subjects, carrying out the theme of "Know Your Bible," are: "Why Study the Bible," "How to Study the Bible," "Is the Bible So?" "The Mysteries of the Bible," "The Origin of the Bible," "Who Wrote the Bible," "Is the Bible Enough," and "Can We See the Bible Alike?"

At the First Christian church, the Rev. J. E. McCoy, pastor, will speak on the subject, "On the Record: No Prayer," at the 10:50 a. m. worship hour. The choir and women's chorus will sing the anthem, "Behold Thy King Cometh." Music in the evening worship will feature the anthem, "Shepherd's Vigil," with E. B. Bethell as soloist. The Rev. McCoy will speak on "What I Would Do, If I Could."

The First Presbyterian church will observe Holy Communion at the morning services today when the pastor, the Rev. O. L. Savage speaks on "Come to the Communion Service."

Lorena Brooks, student at T. S. C. W. Denton, will present special music for the morning.

"Open the Window Eastward" is the sermon topic for evening services, at which time De Alva McAllister will sing a solo.

The Rev. Dick O'Brien, pastor of the First Baptist church, will speak on "Power of Christian Fellowship" at the morning service, basing his talk on the second chapter of Acts. The Lord's Supper will be observed.

The evening service which will be broadcast over KBBT at 8 o'clock is titled, "A Backward and Forward Look."

In regular monthly session. The "to Face" as special musical offering at the morning services at the E. Fourth Baptist church when the pastor, the Rev. R. Elmer Dunham speaks on "Facing the Lord in 1943."

The Rev. Dunham will preach at 10 o'clock morning service at the Elbow school.

The men's brotherhood of the church will meet Monday evening in regular monthly session. The Rev. O. D. Carpenter, pastor of the West Side Baptist church will speak.

The Rev. R. E. Bowden, pastor of the Main Street Church of God, will preach on "The Christian at

District Will Name A New Legislator Next Saturday

The naming of a new legislative representative is less than a week away for voters of the 91st district, and there are only two days remaining for absentee balloting. Four candidates in the race had a general lack of interest to overcome, as evidenced from the fact that only two absentee ballots had been cast through Saturday in Howard county. The election is Saturday, January 9.

Making the race for the post being vacated by Dorsey Harde-man of San Angelo are Burke Summers of Big Spring, and B. A. Carter, Cecil H. Barnes and Mrs. Ginevra Carson of San Angelo. All the Angoleans have made campaign trips to Big Spring, while Summers had made a swing through the south part of the district, which includes Glasscock, Sterling, Tom Green, Irion, Reagan and Howard counties.

Barnes Saturday had a new and highly valued supporter, although the newcomer is below voting age. A third child was born to Mrs. Barnes at San Angelo.

Barnes is 42, has practiced law for ten years and has two children. At San Angelo he serves as an air raid warden, is a member of the Methodist church, serves as its Sunday school superintendent and on its official board. He is a member of the Tom Green county school board and secretary of that

organization.

His Best, at the 11 o'clock sermon Sunday morning.

Young people's service at 7:15 will be conducted by Mrs. Altie Dunbar. The pastor will give an evangelistic message at the Sunday night service at 7:45 o'clock.

"God" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, January 3.

The Golden Text is: "Unto the King eternal, immortal, invisible, the only wise God, be honour and glory for ever and ever" (1 Timothy 1:17).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "In God is my salvation and my glory; the rock of my strength, and my refuge, is in God. . . . God hath spoken once; twice have I heard this; that power belongeth unto God" (Psalms 62:7, 11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the scriptures," by Mary Baker Eddy: "It is our ignorance of God, the divine principle, which produces apparent discord, and the right understanding of Him restores harmony (page 390).

county's Bar association. The fact that there are three San Angelo residents in the race and one from Big Spring has prompted some discussion of "sectional" issues, and Barnes issued a statement saying that place of residence should have no bearing on the race but that merit alone should decide the issue.

His statement said in part: "No candidate has a right to any advantage other than his personal merit, his integrity and ability and experience. Each candidate should be studied everywhere in the district and discovered merit should be regarded in any of the four. Residence of itself is not a qualification. This is not a race to elect San Angelo or Big Spring, but to choose a candidate who will represent all of the Coshamas and Elbows of the district as vigorously as the cities.

"In Austin it will not be residence that will count the telling blows for the district. It will be ability to do the work. Study the character, ability, experience, and background of EACH of the four candidates and vote for one who nearest meets your requirements. Vote as an INDIVIDUAL, not as the herd. If this is done, we candidates cannot be aggrieved, for it is you, the public, who must decide on the best qualified. This is democracy."

Dallas Board To Stay On Until New Men Are Named

FORT WORTH, Jan. 2 (AP)—Three members of the executive panel of the Dallas county war price and rationing board who have submitted their resignations, have agreed to serve until their successors can be oriented in the work.

Mark McGee announced today after conferring with the three members, C. R. McHenry, chairman, and O. Sam Cummings and W. L. Smith, co-members of the executive panel, came to Fort Worth this afternoon at McGee's invitation to discuss their action.

As the conference ended McGee told them: "I know as well as any one the faithful service you have performed for a year as members of the Dallas county board, but I just want you to understand that your resignations have not yet been accepted and I hope when the time comes to appoint your successors that you can be persuaded to stay on the board and forget about these resignations. I know your business needs you, but we need you and men like you in this work also."

Legislative Goals For '43 Are Outlined

WASHINGTON, Jan. 2 (AP)—The American Federation of Labor announced today its legislative goals for 1943 with a confident expression that the new congress would reject demands for "compulsory or punitive" labor enactments.

"Frankly," said President William Green in a statement, "I anticipate that legislation of this kind will be introduced during this session of congress. I need not warn the members of congress that such proposals are dangerous and harmful and unnecessary. Their good judgment will repudiate the unwisdom of forcing men and women to do that which they are willing to do of their own free will."

Green classified as undesirable bills which would prematurely permit national job-freezing or would repeal the wage and hour law and said anti-strike legislation would be "foolhardy."

The federation, Green said, would support further rationing and price controls, taxes levied in accordance with ability to pay, broadening of the social security program, continuance of the War Labor Board as the controlling agency in wage stabilization, repeal of the poll tax, wartime pay adjustments for all civil employes, and a post-war reconstruction program.

The program did not include any reference to the national labor relations act, the administration of which some AFL leaders have severely criticized. Green said the program was the expression of 6,000,000 American workers and their families and had one basic purpose—"that everything possible must be done to promote the nation's war effort."

"In 1943 labor will undertake the job of doubling the record-breaking production totals of 1942."

Here are some of the points the program set forth:

MANPOWER MOBILIZATION—Proposals are being advanced for enactment of national service legislation involving nationwide, compulsory job-freezing. Such complete mobilization of industrial manpower and womanpower may ultimately be necessary to win the war. Therefore, we will cooperate fully in the realization of this objective when we become convinced that such drastic action is necessary. But we are not yet so convinced. We still do not know with any degree of accuracy what our manpower needs will be or whether our manpower resources will fall short. We urge an immediate survey to determine these facts. We further recommended registration of women to learn the availability of womanpower for service in war industries.

LABOR STANDARDS—The 40-hour week law requiring overtime after that period does not limit working time per man or per factory in war industry. "Repeal or modifications would be equivalent to a pay cut" and "would cause unrest and turmoil and embarrass the war production effort."

ANTI-STRIKE LEGISLATION—"The occasional local strikes that did occur were promptly halted by the intervention of responsible labor leaders and the rule of the WFLB that it would not consider complaints until the men returned to work. Every American worker knows now that he injures his own interests as well as the war production effort by striking even under extreme provocation. In view of the record of the past year and the splendid cooperative spirit manifested by the overwhelming majority of America's workers it would be foolhardy for congress to upset the apparent now by enacting compulsory anti-strike legislation."

Sinkwich And Wife Both Get Offers To Make Movies

HOLLYWOOD, Jan. 2 (AP)—This entertainment business must be contagious, where the Sinkwiches are concerned.

Adeline, that's Mrs. Sinkwich, blossomed forth the other day with an offer to dance in a movie musical. She turned it down, she said, because she wants to stay with Frankie until he goes into the marines in March.

But today came an offer for Frankie—an offer that President Harry Cohn of Columbia studio said already had been accepted by the smiling All-American with the ailing ankles, who scored the only touchdown yesterday in Georgia's 9-0 Rose Bowl triumph over UCLA.

Sometimes between now and the date Frankie dons a uniform, he's scheduled to make the film Cohn said. Although all the arrangements haven't been made, it probably will be patterned after the kind of grid story that Tommy Harmon of Michigan made for the same studio last year.

Frankie himself wasn't available for comment. He flew to San Diego today to visit Camp Pendleton, the big marine base.

Mrs. Sinkwich, an attractive brunette, has danced professionally and made a test earlier this week at Universal studio with her blonde sister, Dot, also a dancer.

Co-Captains Named For Frog Squad

FORT WORTH, Jan. 2 (AP)—Tackle Clyde Flowers of Perryton has been elected captain of the 1943 Texas Christian university football team and Bob McCollum, fullback from Waco, co-captain.

Twenty-six varsity letters were awarded. They included: Trotter Adams, Panhandle; Bruce Alford, Waco; Dean Bagley, San Saba; Dee and Don Esell, Wink; Beecher Montgomery, Odessa; Emery Nix, Corpus Christi; Derrill Palmer, Albany; Clifton Patton, Big Spring; Joe Rogers, New London; Drummond Slover, Lufkin.

Wooden whaleboats are used in the U.S. Navy.

Cecil H. BARNES

Candidate For REPRESENTATIVE

Personal: Cecil H. Barnes is 42 years of age with wife and three children. He has accepted and discharged civic responsibility. He is an air raid warden, a member of the Tom Green County School Board, Secretary-Treasurer of the Tom Green County Bar Association, Sunday School Superintendent, Civic club member. These facts are not stated as qualifications for representative but as evidence of

Qualifications:

Before practicing law Cecil H. Barnes taught government and kindred subjects. He has long been a student of government and law.

- CECIL H. BARNES**
- Has a clean record for ten years of law practice.
 - Is well versed in parliamentary procedure.
 - Has had over fifteen years of public speaking experience, and thoroughly prepared for legislative debate
 - Has sound and conservative business judgment, based on his own experience in ranching and real estate. Cecil H. Barnes is a successful business man in his own right.
 - Will be able to give all the time required to represent the District.
 - Will not have to depend on the comparatively small and uncertain pay of a legislator for his living, and can afford to lose the job and go back home rather than play politics. The place is not a job but a challenge to serve.

The work of a Representative is highly specialized and requires qualifications based on background and experience. The weight of influence in the Legislature is exerted by a minority well equipped to cope with the science of law making and government. There are scores there who only vote, but are without the background and experience to "get in the fight." This is absolute truth. For over fifteen years Cecil H. Barnes has engaged in activity that directly and peculiarly qualifies him as a lawmaker. In Austin that will count for the whole District. Think of the District first. Elect Cecil H. Barnes.

What You Buy With WAR BONDS

The hand grenade is one of the most effective weapons used by our Army and Marine Corps. The "pine-apple," as it is called, was used extensively during World War I and we must have them available in huge quantities. A delayed action fuse sets off the grenade a few seconds after the firing pin is pulled and the handle released.

The hand grenade costs about \$1.50 . . . so even your purchase of War Stamps in the smaller denominations will buy them for the Army and Marines. But your investment of at LEAST TEN PERCENT of your income every payday is necessary to adequately finance the war effort. Buy War Bonds from your bank, postoffice, radio stations, and at some retail stores.

New Officials In Mitchell

COLORADO CITY, Jan. 2—An almost complete turnover was made in the Mitchell county official family here Friday when officials elected by the county last November took office. The oldest official in point of years served, "Big Dick" Gregory who did not seek reelection, is being succeeded by Sheriff Nick Narrell, deputy for the past six years, and first deputy under Gregory for the past two years.

Basil Hudson, who has served four years as first deputy in the tax assessor-collector's office, will take over the office of county clerk, Hudson succeeds James Herrington, clerk for the last eight years. The new county clerk has named Mrs. Rachael Wood Garner as his first deputy, Wanda Smith as assistant.

A former county judge, A. F. King, is again in office. King replaces Jude W. W. Porter who has held the office for two years. Succeeding E. N. Carter, Joe Ernest took the oath of office as county attorney.

H. A. Pond assumed the duties of district clerk replacing J. H. Ballard who plans to move to Newcome, Texas.

Bruce Hart will enter his third term as tax assessor-collector and has named as his assistants, Gilbert Leach, first deputy, Tom Glover, clerk. Also entered third terms are Mrs. Esther Grubbs, county treasurer, and Roy Davis, county superintendent.

Three new commissioners took office. They are Lawrence Chandler, who defeated Jack Smith; Ross Hargrove who replaces J. S. Boyd in precinct 3; Moody Richardson, precinct 4, succeeding S. O. Given.

Year's Report Made By County Agent County Boosted Farm Production In 1942 Where It Really Counted

Responding to appeals for increased production, Howard county farmers achieved a remarkable record during 1942—the first year at war—the annual report of

County Agent O. P. Griffin shows. Where increases really counted, the county made its best record. Griffin estimated that swine production jumped by 50 per cent, finished hives by 40 per cent, egg production by 30 per cent and that poultry flocks increased 50 per cent over 1941.

Beef cattle work established a trend toward production of more finished beef. Twenty-two 4-H club boys sold 23 calves for \$3,750, and eight adult feeders marketed 200 hives weighing 173,780 pounds at a profit of around \$5,500. In

two dipping demonstrations, 358 head were treated. Other ranchers assisted in controlling lice by spraying. Nearly all farmers used sodan pasture and a short feeding period for producing beef, and feeding increased 75 per cent for the two year period, said Griffin. Farmers began to overcome the nema worm problem by rotating pen locations and by adoption of furnishing range for hogs; they also swung to use of protein supplement in hog rations, all with remarkably good results during the year.

crop and late summer rains brought on suckers which prevented combining. Much of the crop is still in the field. Late hogari made wonderfully well and there was a noticeable trend to plant more to this crop, which accounts for one-fourth of the county's grain. In place of sweet cans as a forage, barley continued to displace winter pastures and cover. Wheat was still produced commercially on some farms.

Two-Variety Cotton
Two locally developed varieties became the county's cotton for 1942—for indeed producers made Howard a "two variety county." Western Prolific accounted for 57 per cent of the acreage and 21 per cent went to native Mebane. Staple and grade were above West Texas average and compared favorably with the state. Spinning test was being run on the native Mebane and the other local variety had a 40 rating.

Peanut production—as a war crop—proved disappointing, and Griffin was afraid lest it prove disastrous from wind erosion because many did not strip plant or follow on land planted after heavy stubble or stalk. The war board and Soil Conservation Service recommended it be ruled out as a crop, the same land being used to produce feeds for finishing animals. More oil could be produced this way and still have the meat as the gain, they said.

Experiments with alternate double rows of cotton and peas were proving very satisfactory. Cotton

yields were about the same as if planted solidly, and besides nitrogen content of the soil was increasing and pea production was in the velvet.

Terraces
Plans were set for 424 miles of terraces during the year and 372 were actually built. Some 640 acres of pasture land "was furrowed. Despite withdrawal of county machinery for terrace building, the acquisition of 13 whirlwind-type machines enabled the program to go on at a steady clip. Three contractors added machines to aid in the program.

Currently there are applications on file from 97 farmers affecting 22,500 acres of crop land and 120,120 acres of pasture. Preliminary surveys have been made on all but a few isolated farms. Intense rains broke terraces in one point and caused 20 per cent damage, but then highways also went out under the same outpouring which amounted to 9.6 inches in a day in one locality.

The total contour farmed land in the county will now be more than 100,000 acres out of a total cropland area of 183,000 acres, Griffin reported.

In both his report and that of Pontilla Johnson, county home demonstration agent, an account of the Victory Council, successor to the land use planning committee, the selection of community leaders and 128 neighborhood leaders was given in detail. How these, together with 4-H club girls and boys, aided in campaigns such as scrap collection, disseminating information on the share-the-meat program, and in cooperating in a rat killing campaign was set out in the report.

DENVER, Colo.—Red Cross Camp and Hospital Service answered the request to "do something" about mice that were overrunning a newly-constructed army field building by donating two cats for the duration.

Rental Blanks Go To Tenants

Approximately 700 copies of landlord's registration blanks were mailed Saturday from the Rent Control office to tenants in Howard county.

Registration blanks for all rental property is made in triplicate with one form going to the landlord, one to the tenant and one kept by the office.

Registration for rooming houses and hotels got underway January 1 and deadline date for all rental property owners to list their property at the office is January 15. Some 1700 rental property owners have already listed their rent units with the office, but few hotels and rooming house owners have yet turned in their forms at the office.

R. L. Cook, inspector in charge of registration, urged that the remaining property owners, renting rooms or owning hotels or rooming houses, register within the next week if possible.

Uncle Sam Starts Year In Debt Over 112 Billions

WASHINGTON, Jan. 2. (AP)—Uncle Sam was \$112,470,920,266.79 in debt at the end of 1942.

The treasury's daily statement disclosed this today, showing an increase of \$45,208,780,114.97 during the 12 months.

The year was a record breaker for the treasury in many ways. During 1942 it spent \$57,408,220,819.94 and collected \$16,402,564,319.26, and had in its till as a working balance on December 31, \$9,780,459,706.80—all record year-end figures.

Business Leaders To Be Instructed In Military Affairs

FORT LEAVENWORTH, Kas., Jan. 2 (AP)—A group of 86 selected business and professional leaders throughout the country have been invited by the war department to attend a 28-day course of instruction at the command and general staff school starting Jan. 4.

Major Gen. Karl Truesdell, commandant, said the purpose of the school, known as the army orientation course, was to familiarize the country's leading business and professional men with the war problems and their relation to civilian effort.

Instruction will include a summarization of the organization and operation of the services of supply and associated non-military agencies, particularly war production agencies. It also will emphasize organization and operation

of the army's combat forces. Those invited to attend include: Cal C. Chambers, president Texas Foundries Co. Inc., Lufkin, Tex. A. G. McAsa, district manager Texas Power & Light Co., Denison, Tex.

Poultry And Eggs
There has been an unprecedented increase in poultry and egg production in Howard county during the past year, said Griffin. Good prices for both eggs and fowls encouraged the production. Housing conditions have been poor, but good range made up in part. Raising of baby chicks snagged on an epidemic of brooder pneumonia, the first serious outbreak of the infection in years. The agent thought there might be a connection with the growth of molds during the preceding autumn rainy season.

Poultry feeding was much improved during the year, and practically all are now feeding mash. Many have learned to use commercial protein supplement with home grown grain to make a good mash. Biggest need for 1943, the agent felt, was more and better housing. The year was disappointing from a grain sorghum standpoint. Milo production shifted sharply to wheatland maize and a severe drought stopped growth of the first

Farm Production Program To Be Mapped On Jan. 12

Howard county war board members approved plans Saturday to join in a mobilization of leadership for a complete sign-up of farmers for 1943 production goals. The mobilization day was fixed as Jan. 12 when community and neighborhood leaders.

AAA county and community committeemen, clerks who will work in the sign-up program, and representatives of all participating agencies, as well as any others interested, will convene for an instructional party.

Following this, there will be a series of community meetings in which the farm plan sheets for 1943 will be explained in detail, together with appeals for increased production of food and feed materials. At these community meetings farmers will be asked to anticipate their labor needs for 1943 and be prepared to list them on their planning sheets.

No date has been fixed for the sign-up campaign, but possibly this will be either the last week in January or the first week in February. Meanwhile, it is the task of the war board to make sure that every farmer—without exception—is seen to an explanation of this year's program may be put before him.

Martin Co. Farmer Dies

Thomas I. Hardin, farmer of Martin county, succumbed at his home, five miles north of Lenorah, at 2:30 Friday afternoon. Sixty-three years of age, Mr. Hardin had been in declining health for some time, but seriously ill for only three days.

The funeral service is to be held at the Eberley chapel here at 2 o'clock this afternoon, with burial to be in the Odd Fellows cemetery beside the grave of his mother, Rev. O. D. Carpenter of the West Side Baptist church will officiate, and pallbearers will be M. C. Gibson, Frank Herrington, Jack Saunders, Edgar Standifer, M. L. Koonce and C. A. Koonce.

Mr. Hardin was born December 9, 1879, in Hamilton county. He had never married. Survivors are three sisters, Mrs. M. A. Tippie of Hobart, Okla., and Mrs. O. J. Connell of Wichita Falls; and one brother, J. D. Hardin of Merkel.

New Commander At Will Rogers Field

OKLAHOMA CITY, Jan. 2 (AP)—Col. Bernard S. Thompson became commander of Will Rogers Air Base here today, relieving Col. Earl H. DeFord, who is being assigned to foreign duty.

Col. Thompson has been in command of Hensley Field, Tex., since May, 1942.

Col. DeFord has been commander of Will Rogers since Oct. 16, 1941. Both officers are veterans of World War I.

What You Buy With WAR BONDS

The chemical warfare division of our armed forces will not be caught by our enemies in this branch of modern warfare. One development of chemical warfare is the flame thrower . . . blistering, devastating destruction.

We must be well supplied with flame throwers since the Nazis and other Axis enemies have used this type of attack against our allies. Your purchase of War Bonds can help buy the necessary supplies of chemicals used in fighting with fire. AT LEAST TEN PERCENT OF YOUR income should go into War Bonds every payday if we are to adequately finance this global war.

Here 'n There

Arthur Stallings is feeding out 80 head of steers at his place in the Lomax community and reports that they are in fine shape. He expects to have them finished for market the latter part of February or the forepart of March.

L. E. Barnes, purchasing agent for the bombing depot at the Big Spring Bombardier School, was erroneously listed with new officer arrivals last week. Mr. Barnes is a civilian stationed in his capacity at the post.

Capt. Bobby Mills, stationed at Camp Wolters, Mineral Wells, is being sent to New York for two months of special study. He is recovered from an emergency appendectomy to which he submitted little more than a month ago, his mother, Mrs. W. G. Mims, says.

Mr. and Mrs. John Dibrell and son returned Saturday from a holiday visit with Mrs. Dibrell's parents, Mr. and Mrs. J. E. Pounds, at Lufkin. Enroute home, they stopped in Dallas where Dibrell witnessed the Cotton Bowl game between Texas and Georgia Tech.

Persons having business with the county commissioners court were advised Saturday of a change in opening time. Instead of the 8 a. m. opening time formerly observed, the time is being shoved back an hour to 9 a. m. to avoid burning lights needlessly, said Pancho Nall, a member of the court. There were very few calls at 8 a. m.

About some of the men in the armed forces:

Tech. Opl. Louis G. Moore, son of William B. Moore, 504 Goliad, has been enrolled in a special course of instruction at the signal corps school at Camp Murphy, Florida. James D. Lee of Big Spring is listed as a recent arrival at the coast artillery replacement training center, Camp McQuaide, Calif. Pvt. Dennis L. Wall, 1011 Johnson, has been assigned to the medical replacement training center at Camp Robinson, Ark., for an eight-week training course. Jack R. Stiff of Big Spring is now with the army air forces training detachment, Chillicothe Business college, Chillicothe, Missouri.

A&M To Graduate 642 On January 22

COLLEGE STATION, Jan. 2 (AP)—A total of 642 men will form the class of 1943 which will graduate from Texas A. & M. College on Jan. 22 instead of June 1.

Practically the entire class will report to various branches of service training camps to complete work toward their commissions as second lieutenants.

Many Envoys Called Back To Berlin

NEW YORK, Jan. 2 (AP)—Adolf Hitler is carrying out sweeping changes in Germany's diplomatic representation abroad, the German radio announced today, and has called home his ambassadors and ministers to Spain, Japan and Sweden.

"Within the ambit of a general retirement of German diplomatic representatives, the fuehrer, acting upon the suggestion made by German Foreign Minister Joachim Von Ribbentrop, has recalled Eberhard Von Stroehrer, German ambassador to Madrid, Gen. Eugen Ott, German ambassador to Tokyo, and Prince Viktor Zu Wied, German minister to Stockholm, as of Jan. 1," the radio announcement said.

"They will be given new posts in the German foreign office," it added. The announcement said Hans Adolf Von Moltke would take over the ambassadorship at Madrid. Heinrich Georg Stahmer, one-time special envoy to Tokyo and now the German ambassador to Japan's puppet Chinese regime at Nanking, is being sent to Tokyo, it continued, and Dr. Hans Thomsen, former counselor to the German embassy at Washington, is to take over the German diplomatic representation at Stockholm.

Minister Erich Kordt, attached to the German embassy in Tokyo, will act as charge d'affaires at Nanking until a new ambassador can be appointed. Stahmer, who is reported to have played a behind-the-scenes role in the negotiation of the German-Italian-Japanese pact of alliance, is being sent to Japan apparently to strengthen the ties between Berlin and Tokyo at a time when those ties apparently are loosening.

Recent French dispatches from Turkey told of the departure from Berlin of the Japanese liaison commission which had been maintained to dovetail axis strategy and apparently to act as the Japanese high command's eyes and ears in Germany.

The dispatches said the commission was returning home by way of Russia, and observers suggested that in view of German reverses in Russia and North Africa that the Japanese were less eager to coordinate their strategy with that of the Axis than ever before.

Von Moltke's record, too, would seem to indicate that he is being sent to Madrid at a time when Hitler is anxious either to tighten the slipping bonds with Generalissimo Francisco Franco or of increasing his pressure there.

General Franco has recently declared his neutrality in the war, even going to the extent, it is reported, of announcing to Allied and Axis representatives that if invaded Spain will join the opposite side.

Franco replaced his ardently pro-Axis brother-in-law, Ramon Berano Suer, as foreign minister a few months ago and has also changed his ambassador in Berlin.

The change of the diplomatic guard in Stockholm follows rumors that Germany was considering changes there with a view, perhaps, to increasing her pressure on Sweden.

At any given moment 800 British naval vessels are at sea.

Japanese Flier Joins Americans In New Guinea Refuge And Willingly Becomes Their Friendly Prisoner

PALESTINE, Jan. 2 (AP)—From far away jungles comes a war story woven around a strange fate that brought aerial enemies together afoot on the lonely eastern coast of New Guinea. Sergeant John Riley Henson, 22, bomber gunner home on a furlough, said, "we were flying over Lee on a bombing mission. Japanese anti-aircraft fire fouled our hydraulic system and a Jap Zero fighter shot out our left engine. The strain on the other engine soon burned it out so we released our bombs and prepared to set her down on the water, 10 miles from shore."

In the fight with the Jap Zero two members of the American crew were killed. The remaining five scrambled into rubber life rafts as the big ship hit the sea.

Eighteen hours later the Americans reached shore and wandered into a native trading post. After dispatching a native with a note by boat on a long and circuitous trip toward Port Moresby, the Americans settled down for three weeks with the natives, and it was during this time that a Japanese aviator, armed, wandered into the camp.

"The Jap bailed out of his own plane during a fight," said Henson. "We were startled when he walked into our camp but when he started speaking good English we learned he was a graduate of U. C. L. A. He offered us his gun and assured us he didn't want to fight Americans."

When the Americans finally boarded a trading boat and started back for Port Moresby they took the Japanese prisoner with them. The captain of the boat, said Henson, did not want to give the Americans a place to sleep nor did he want to give them much to eat.

"The Jap liked us so well that he held the gun on the captain and made him give us everything we wanted. Also he stood guard over us while he slept to make sure we were not bothered."

At Port Moresby the Jap was interned. Later he was sent to Australia.

The Jap was bitter against his government which, he told Henson, had called him home under the promise that he was to be given a high diplomatic position. Instead he was hustled into training as a combat pilot.

Funeral Held For Shooting Victim

Funeral for Odes Dale Bender, 13, victim of an accidental shooting while hunting Thursday, was held Saturday at 4 p. m. from the Nalley chapel.

The Rev. John A. English, pastor of the Wesley Methodist church, officiated and burial was in the city cemetery beside the grave of the lad's father, L. E. Bender, who succumbed in 1941.

Survivors include his mother, Mrs. L. E. Bender, and three brothers, J. E. Bender, Tulsa, Okla.; L. E. Bender of Hawaii; and Dee Bender, Big Spring. Pallbearers were G. H. and Jonnie Ray Broughton, Bob Adkins, Herman Bolton, Tim Knox, Pete Hudgins, Skeet Poresyth, and Guy Simmons.

SLIGHT DELAY

LUBBOCK, Jan. 2 (AP)—If you are one to complain about Christmas cards showing up late, consider the case of Mildred Hankins, civilian employe at the South Plains army flying school.

She has just received a letter mailed Nov. 24 in Amarillo, 120 miles away.

Trippi Steals Thunder At Rose Bowl

PASADENA, Calif., Jan. 2 (AP)—Trippi is tops! Coaches, players and 82,000 fans who saw Georgia beat UCLA in the Rose Bowl were in agreement today that the sophomore sensation, Charlie Trippi of Pittston, Pa., was the best ball carrier on the field; the best, in fact to play in Southern California all season.

The Bruins, linemen and backs alike, said Charlie's terrific drive, high knee action, pivoting and change of pace was the best they'd ever seen.

In deference to Frankie Sinkwich the Bruins admitted he must be the goods, as his three-year record shows, but with bad ankles his effectiveness was minimized to straight ahead plunges and passing. Trippi, on the other hand, passed accurately, kicked well, and gained 115 of Georgia's 212 yards on the ground.

Barney Ross Is Honored

SPOKANE, Wash., Jan. 2 (AP) Corporal Barney K. Ross, undefeated ring champion in two divisions who as a marine in the Solomon Islands was cited for inviting single-handed battle with a number of Japanese, today was named to receive the Athletic Round Table's fourth annual sports award.

GET YOUR OFFICIAL TIRE INSPECTION HERE

Our business is tires. We have the equipment and the trained tire service men to do the thorough tire inspection the government expects of us. We also offer you the same tire maintenance service that has helped so many truck fleets increase their mileage. Let us do the worrying about your tires. We can answer all your questions, save you a lot of trouble and the rubber in your tires, too. You get personal attention here.

THOROUGH TIRE INSPECTION

The key to the Government Tire Retention Plan is the thoroughness of the inspection. The recapping of tires with hidden defects like tread separation is a waste of good rubber. Our tire inspectors insure their jobs.

EXPERT TIRE SERVICE

Don't scrap any tire or tube, no matter what you may think of its value. It will surprise you to peek inside our vulcanizing department and see what miracles we can perform in tire and tube re-capping—at low cost!

QUALITY RECAPPING

Recapping is an art requiring a tremendous amount of training, experience and skill. For every worn tire is different—each requires different treatment. Our recaps are tailor-made to fit the tire—the latest equipment.

TIRES FOR SALE

Yes, you can get rubber enough to keep your car going for essential driving. What kind of tire? Drive in today and we'll tell you and give you a handy chart with all the rules printed on it.

RECAPPED TIRES—We have a limited stock of popular recapped and retreaded tires with good pre-war carcasses.

USED TIRES—No popular sizes but a limited assortment that might fit your car if it is over 5 years old.

PRE-WAR TIRES—A fairly good stock of U. S. Royal Master, U. S. Royal De Lane, and "U. S." Tires.

TAKE-OFFS—A limited assortment of tires taken off and traded in on U. S. Royal Master and U. S. Royal De Lane. Driven less than 1,000 miles.

HERE IS THE NEW "U.S." WAR-QUALITY TIRE

It is made in the same mold that produced the world-famous U. S. Royal. The cord body is built to the highest standards possible, using the best quality cotton cord so that it can be recapped. The recapped rubber used is the best that our government can make available. It will give satisfactory service—providing you stay under 35 m.p.h. and obey the rules of the road.

Parley Tuesday To Decide Baseball's Program For 1943

NEW YORK, Jan. 2 (AP)—Baseball is getting ready for a sort of New Year's Eve Day of its own next Tuesday, when the major leagues will hold a special joint meeting with Commissioner Kenevas Mountain Landis at Chicago to size up the outlook for 1943.

Until then there is not much use for any baseball executive to turn a leaf on the calendar, because no one knows right now when or where the clubs can train in the spring, or when the season will open, or how many games will be scheduled, or when the season will end.

The answers to all of these questions must come out of the emergency session next week after Landis has reported to the club owners on the result of his mission to Washington.

No inkling of the decisions reached by Landis and Defense Transportation Director Joseph B. Eastman in their conference at the capital had leaked out other than Eastman's assertion that the commissioner made certain proposals and they were approved.

It was Landis' suggestion that clubs train closer home which brought announcement in recent days of the Boston Red Sox' intention to train indoors at Tufts College, Medford, Mass., and the switch of the two Chicago clubs' training bases from California to French Lick Springs, Ind.

Some of the other clubs have relinquished their Florida sites but for the most part the various clubs have been waiting for clarification of the rules under which they will operate. Two or three have said they saw no necessity for shifting until they received an order.

This may come Tuesday and will meet with no objections from any club owners, but another issue—the question of shortening, or delaying the opening, of the schedule—has produced sharply divergent views which can only be settled by a vote.

The apple crop of Canada this year may reach a maximum of 12,000,000 bushels compared with 10,500,000 bushels in 1941, according to the department of commerce.

League Play Will Start This Week

By HAROLD V. RATLIFF Associated Press Sports Writer
It has been nine years since Texas Christian's Horned Frogs held a place alongside the best of Southwest conference basketball.

There were several seasons when the Frogs were elated to win one conference game and two or three on the side.

But that's all over. There was a definite reawakening last year and for a time T. C. U. made quite a race of it. They couldn't stand the street drive, however, and Arkansas and Rice finished in a tie for the title.

Now we find the Frogs top in the ratings to win the championship. They deserve such a ranking. They won the Oklahoma City all-college tournament, beating Arkansas, the other conference favorite, in the finals.

In all Texas Christian has taken eleven decisions out of thirteen games, scoring 523 points or an average of 40 points per game.

Arkansas still looks like the team to beat, however, the Porkers were pretty tired from a strenuous road trip when they played at Oklahoma City. They had been wandering all over the Southwest and Midwest.

Rice, Southern Methodist and Texas also are quite potent and it looks like a grand scramble right down to the wire.

The conference championship race opens Wednesday night with Baylor meeting Texas Christian at Fort Worth and Rice tackling Texas at Austin.

Friday night Southern Methodist and Arkansas open an important series at Dallas. These games will have a strong bearing on the team to beat, however, the Porkers' championship.

Saturday night Texas Christian meets Texas A. and M. at College Station while Baylor plays Texas at Waco.

Here is the complete conference schedule:

Jan. 6—Texas Christian vs. Baylor at Fort Worth, Texas vs. Rice at Austin.

Jan. 8—Southern Methodist vs. Arkansas at Dallas.

Jan. 9—Texas A. and M. vs. Texas Christian at College Station, Southern Methodist vs. Arkansas at Dallas, Baylor vs. Texas at Waco.

Jan. 11—Rice vs. Texas Christian at Houston.

Jan. 13—Baylor vs. Texas A. and M. at Waco, Texas vs. Southern Methodist at Austin.

Jan. 15—Arkansas vs. Rice, at Fayetteville.

Jan. 16—Texas A. and M. vs. Texas at College Station, Arkansas vs. Rice at Fayetteville, Texas Christian vs. Southern Methodist at Fort Worth.

Jan. 19—Southern Methodist vs. Baylor at Dallas, Texas vs. Texas Christian at Austin.

Jan. 20—Rice vs. Texas A. and M. at Houston.

Jan. 23—Southern Methodist vs. Texas Christian at Dallas, Baylor vs. Rice at Waco.

Jan. 27—Texas A. and M. vs. Baylor at College Station.

Feb. 5—Arkansas vs. Baylor at Fayetteville.

Feb. 6—Texas Christian vs. Texas A. and M. at Fort Worth, Arkansas vs. Baylor at Fayetteville.

Feb. 15—Texas A. and M. vs. Southern Methodist at College Station.

Feb. 18—Rice vs. Baylor at Houston.

Feb. 19—Arkansas vs. Texas A. and M. at Fayetteville.

Feb. 20—Southern Methodist vs. Rice at Dallas, Texas Christian vs. Texas at Fort Worth, Arkansas vs. Texas A. and M. at Fayetteville.

Feb. 22—Texas Christian vs. Rice at Fort Worth, Southern Methodist vs. Texas at Dallas.

Feb. 25—Baylor vs. Southern Methodist at Waco.

Feb. 26—Texas Christian vs. Arkansas at Fort Worth.

Feb. 27—Texas vs. Baylor at Austin, Texas A. and M. vs. Rice at College Station, Texas Christian vs. Arkansas at Fort Worth.

March 3—Texas vs. Texas A. and M. Austin.

WOMEN AT WORK

WASHINGTON, Jan. 2 (AP)—The Office of War Information said today that employment of women in British war production and essential civilian services was growing to the point where women workers would soon equal the number of men.

Service Team Takes Home Trophy

EL PASO, Jan. 2 (AP)—Bearing the big Sun Bowl trophy which is theirs for a year, the second air force bombers wound up the festive and celebratory tonight and made ready to return home to Fort George Wright, Wash.

More than 16,000 persons paid admission yesterday to see them come from behind in the final quarter to take the measure, 13-7, of Hardin-Simmons University, Border conference champions, in the eighth annual Sun Bowl game.

No one was more pleased with the spectacular victory than the bomber coach, Captain W. B. (Red) Reese, who guided his aggregation of former college and professional stars through an undefeated season.

"My boys played their best game of the year," he observed. "That boy, Rudy Mobley, is dangerous, and Camp Wilson, the Cowboy's fullback, is undoubtedly the best first-year man I've seen all season."

Clark Jarnigan, the Cowboy coach, had no alibis, but his boys watched another crack at the air men.

"Over anxiousness hurt us several times, but otherwise the team played great football," Jarnigan said. "Wilson played the best defensive game of his career."

Fem Bowlers Pass Around High Honors

Final averages on the women's bowling league, completed a few weeks ago, were released Saturday and showed Zou Parks with high game for the A bowlers and Marjorie Ramsey with high for B bowlers.

Club Cafe was confirmed as league winner, Rainbow Inn as runner-up, C. R. Anthony as third place team, J. & L. and Walker Pharmacy tied for fourth and Youth Beauty in fifth place. Top series of the season was rolled by C. R. Anthony team members and stood at 2,159.

Record for A bowlers showed, beside Zou Parks' high game, Minnie Howze top with a 555 series and Olive Cauble with best average at 151.

Those for the B, other than Marjorie Ramsey's game ceiling, Nell Rhea McCrory high series with 484 and Wanda Griffith high average with 143.

An All-Star women's team will meet the 81st School Squadron from the Big Spring Bomber School Tuesday at 8 p. m. in a special match. This is a return engagement, the women having plastered the soldiers in three straight games in their first encounter.

They sent Birdie to Detroit—his old stamping ground—and it proved a wise move. Those who were anxious to join up went to Tebbetts; Birdie went to those whom he felt had something the armed force could use.

The story is that one night

C-Book Holders Checked On At Cotton Bowl

FORT WORTH, Jan. 2 (AP)—Investigators from the state OPA headquarters in Fort Worth were checking today to determine the names and residence addresses of "C" mileage ration book holders whose cars were found parked Friday on the State Fair of Texas grounds in Dallas, during the Cotton Bowl football game.

Texas OPA Director Mark McGee said he directed Allen Bell, OPA investigative chief in the state, to make the survey, to determine how many attendants at the football game were abusing their "C" book preferred mileage privilege.

"In justice to ordinary citizens, who were granted only 'A' books and who are not complaining at this war-time curtailment of their driving," McGee explained. "We intend to see that 'C' book holders get the proper use of the gasoline which they represented in their applications they needed for public or private business that is essential to the war effort and to the public health and safety."

He said Bell's report to him this morning showed that 583 automobiles bearing "C" stickers on their windshields were found parked on the fair grounds during the football game, and 495 other cars parked there bore no stickers at all.

In Dallas, OPA authorities said that most of the cars involved were registered in counties other than Dallas county.

36,620 Saw The Cotton Bowl Tilt

DALLAS, Jan. 2 (AP)—Cotton Bowl officials checked up today and found that 36,620 persons saw Texas defeat Georgia Tech, 16-7, in the seventh annual New Year's classic.

That was more than 11,000 above the number expected to attend the game and was about 5,000 more than witnessed the Texas A. and M.-Alabama tilt last year.

Steers Return To Action This Week After Holiday

Ball Players In The Air Force A Credit To Birdie Tebbetts

AP Features
WACO.—Appropriately enough they're called "Birdie's Boys"—this gang of guys who gave up brief baseball careers to fight for greater glory.

They are the light in the life of Sergeant George E. Tebbetts, Birdie Tebbetts, you know, is the same Birdie Tebbetts who earned diamond fame with the Detroit Tigers.

The group is made up of Tebbetts' kind, ball players who came to where Birdie began his military life toward the closing days of the 1942 season.

BIRDIE TEBBETTS Catches Recruits Now

Birdie dropped in to pay a social call on a young lady he knew casually and before the evening was over had talked four of her brothers into enlisting.

When they called Birdie back to Waco he immediately took stock of his boys who had landed there and found he hadn't done badly so far as baseball talent was concerned. Naturally, talk immediately arose concerning a team when spring rolls around. And if this talent remains together, the Waco Army Flying School will take a back seat to no one in service diamond circles.

The only hitch is that Birdie may not be around to enjoy the fruits of his labor. Right now he's at the Army Air Force Officer Candidate School in Miami Beach earning his lieutenant's bars through a course in physical training. Sure, he wants to come back but it's not certain that he will.

If and when he returns, he'll have reason to be pleased with his early efforts, because almost without exception his boys are doing excellent jobs of fitting themselves into the army scheme and carrying out the duties to which they have been assigned.

Most of them are taking part in the post's giant physical training program and handling several hour-long classes a day also is serving to keep them in the peak condition they usually lose over the long winter months.

'Lily Bowl' Game Today In Bermuda

HAMILTON, Bermuda, Jan. 2 (AP)—Hey, fans, there is another bowl game to come.

It's the "Lily Bowl" and will be played here tomorrow between U. S. Army and Navy teams.

It will be the first game of American football played in this island colony.

Will Tangle With Quint From 814th

Big Spring high school's promising cagers will have an opportunity this week to see if a 10-day lay-off has hurt them.

The Steers are ticketed to tangle Wednesday evening with the 814th school squadron from the Big Spring Bomber School, and experience with the squadrons and the officers team from the field to date has proven them pretty tough nuts to crack.

Coach John Dibrell returned Saturday and announced a "long and hard workout Monday," and added cryptically, "another one Tuesday."

However, his charges are expected to be in reasonably good condition, for most of them have been working during the holiday season. Several worked on special postal trucks during the seasonal rush and did more running than they did on the hardwoods.

Woody Baker's leg may have come around to where he will be ready for use. He has had the member inactivated for several weeks to give a lump a chance to dissolve. His presence will greatly strengthen the reserve of the Steers, and with a little practice Baker may be knocking for a regular berth.

Starters against the 814th probably will be Red Cagle and John Ulrey at forwards, Peppy Blount at center, and Ernest Bostick and Dewey Stevenson at guards. Reserve include Billy Wims, Bobby Barron, Barkley Woods and Hugh Cochran.

PERSONAL
Mrs. Joe M. Faucett and son, Hartsel, returned Friday from Haskell where they visited with Mr. and Mrs. Cliff Berry and family.

Attention... CAR OWNERS YOU MUST HAVE YOUR TIRES INSPECTED before January 31 TO PROTECT YOUR RIGHT TO DRIVE

DON'T WAIT Avoid the Rush SEE US AT ONCE

Girl Scouts Zone City For Fat Drive To Begin Jan. 9th

Depots To Receive Collection

Leaders of the Girl Scout Association met this week mapping plans for the Scout's fat drive

which begins Saturday, January 9 in Big Spring. The town has been zoned, and the hundred girl scouts to take part in the collection will canvass the city for waste fat and meat drippings.

One pound of fat makes one-tenth pound of glycerine, officials pointed out, and even though housewives feel that their contribution is small, it is certainly worth while. Girls will call at homes, collecting drippings from household containers, putting collected fat into large cans, carried to depots stationed in town.

Depots listed, which will be headquarters during the drive are listed below:

Zone One
Mrs. Ennon Levalley is leader of zone one with headquarters at her home, 214 North West Johnson. Scouts assigned to zone one will meet at 10 o'clock at her home, before the collection start.

Zone Two
Mrs. Vic Blankenship is leader of zone two and scouts assigned to this zone will meet with Mrs. Audrey Johnson at 709 Douglas at 10 o'clock. Another depot is at the W. N. Edison home, 1104 Seurry.

Zone Three
Scouts of zone three will meet with Mrs. Cully at 210 E. 7th at 10 o'clock before beginning the collection time. Depots of zone three are at the J. T. Morgan home, 908 Goliad, the S. E. Smith home, 808 Johnson St.

Zone Four
Mrs. A. B. Partridge is leader of zone four with depots at Mrs. M. A. Cook's home, 1611 Main and Mrs. J. D. Parser, 1504 Runnels.

Zone Five
Mrs. B. J. McDaniel is leader of zone five with depots at her home, 1004 E. 15th St., at the Wayne Pearce home, 200 Lexington and at the Lee Harris residence, 1209 Sycamore. Mrs. Robnett will also have a depot at her home, 703 E. 13th.

Zone Six

Mother's Letter Responsible For Private's Surprise Party On 22 Birthday Anniversary

Birthday parties are swell . . . but when you're a long long way from home, and someone remembers it's your birthday, it's swell elegant! Just ask Pvt. Adolph Wright who walked in down at the U.S.O. Center Friday evening to find himself (just plain old Private Wright) the center of attraction and object of a slightly off key "Happy Birthday to You" sung by a bunch of iron lunged soldiers and smiling hostesses.

Several days ago, the soldier center received a letter from Adolph's mother who lives in Chicago, saying she would be the happiest woman in the world if they would take the money which she was enclosing, and buy her boy a nice cake with all the trimmings (including 22 candles) and give him a small party on his birthday. . . so, the hostesses, more than glad to oblige, set to work planning the party for Pvt. Wright.

When Maj. James F. Reed of the 81st Squadron sent Adolph to town on detail to the U.S.O. center, a bewildered guy walked in on his own party.

The refreshment table centered with the special cake was laid with a white linen cutwork cloth. Beside the honored guest's plate was his mother's letter.

Sweetpeas and small blue flowers decorated the table and refreshments were served to soldiers and girls present.

Traffic In Visitors Like 'Good Old Days' Before A Gas Cards

Seems rather like the good old days before "A" cards and slick tires, with all the holiday visitors coming and going. Students, home on two or three week vacations, are leaving this weekend for school, soldiers return to camp from holiday furloughs, and locals (lucky enough to take trips) are returning home content to hibernate for the duration.

The Rev. and Mrs. O. D. Carpenter visited Mrs. Carpenter's parents, the Rev. and Mrs. C. M. Morton, in Abledo.

Mr. and Mrs. Leonard Teleford spent the holidays with Mrs. Teleford's parents, Mr. and Mrs. William F. Pate.

James Watts of Oklahoma City, Okla., is here visiting his brother, Keith Watts.

Mary Alice Cain returned Friday to St. Louis, Mo., after spending the Christmas holidays with her parents, Mr. and Mrs. A. J. Cain. She is a student at the St. Louis Institute of Music and Washington University.

Capt. and Mrs. H. D. Mansur, Jr., of Salt Lake City, Utah, are weekend guests of Mr. and Mrs. H. D. Mansur, Sr. Monroe Mansur has returned to Dallas after spending the holidays with his parents, Mr. and Mrs. H. D. Mansur.

Marcella Ulrey left this weekend for Manhattan, Kan., where she is a student at Kansas State College. She has been spending the holidays with her parents, Mr. and Mrs. R. D. Ulrey.

Mrs. Ned Doyle has returned from Marshall where she accompanied her husband, who is receiving treatment at TAP hospital.

Mrs. V. D. McMurry of Colorado City is the house guest of her sister, Mrs. V. Van Gieson. Dr. Y. D. McMurry and family of Midland and V. J. McMurry and family of Camp Berkeley, Abilene, stopped over in Big Spring for a New Year's visit with Mrs. J. B. Young and Mrs. Van Gieson.

Frances McMurry, a freshman at Sul Ross College at Alpine, has returned to school after visiting with her parents, Mr. and Mrs. H. E. McMurry.

Jim Greenhaw, contable, left today for Fort Worth on business for three or four days.

Mr. and Mrs. Ralph Winterrowd and son, Michael, of Fort Worth were New Year's visitors in the B. E. Winterrowd home. They returned to Fort Worth Saturday.

Jay Johnson returned to Ashland, Ky. after spending the holidays with his wife. Johnson is employed at the Ashland Oil and Refinery Co. Mrs. Johnson will remain in Big Spring.

Mrs. Ruby Martin was back on the job Saturday at the driver's license bureau, following a week's illness from influenza.

The motto of the British Navy is, "Seek out, engage, and destroy the enemy."

Class Is Honored With Tea

A New Year's tea was held Friday afternoon from 2:30 o'clock to 5:30 o'clock in the home of Mrs. V. H. Flewellen for members of the First Methodist Philatelic class.

The tea table was lace-laid and centered with a frosted reflector with the words "1943, Happy New Year" spelled out in the snow.

Three red tapers burned on either side of the reflector. Presiding at the silver services at either end of the table throughout the day were Mrs. H. C. Smith, Mrs. K. H. McGibbon, Mrs. M. E. Olney, and Mrs. Jake Bishop.

Poinsettias and gladioli decorated the entertaining rooms.

Others in the house party were Mrs. Joe Birdwell, Mrs. W. S. Sutherland, Mrs. Pat Harrison, Mrs. J. J. Jones, Mrs. Albert Smith, Mrs. Garner McDams, Mrs. Bill Sheppard, Mrs. Vernon Mouton.

Approximately 75 guests attended.

Miss Elnora Dudney Weds Lieut. Bahn In The J. E. Hogan Home

In a ceremony read Saturday evening at the home of Mr. and Mrs. J. E. Hogan, Elnora Dudney became the bride of Lieut. Ray Bahn. The Rev. Dick O'Brien, pastor of the First Baptist Church, read the double ring ceremony before an improvised altar banked with fern.

The wedding party stood beneath an arch covered with miniature bouquets of yellow mums tied with yellow ribbon.

Cathedral tapers in white candelabras burned on either side of the altar during the ceremony.

The bride wore a gold worsted suit with brown accessories. Her corsage was of tallman roses. Elnora Hubbard, bridesmaid, wore a blue velvet dress with pink carnation corsage.

The bridegroom, formerly of Graham, was attended by Lieut. Fred Bowmar, of the Big Spring Bombardier School.

"Sweet Mystery of Life" and "I Love You Truly" were played during the ceremony.

The bride is the daughter of Mr. and Mrs. Earl E. Dudney of Magnolia, Ark., and was formerly employed at the Engineers Sub Depot of the Bombardier school.

The bridegroom is the son of Mr. and Mrs. A. S. Bahn of Graham. Before enlisting in the Army Air Corps, he attended Texas A. & M. College.

A reception was held in the Hogan home following ceremony and refreshments were served from a lace-laid table centered with a bowl of yellow mums on a reflector with yellow satin streamers.

The bride cut the first slice of cake from a three-tiered wedding cake topped with a miniature bride and groom. Mrs. Bahn, mother of the bridegroom, presided at the crystal punch bowl.

Mrs. J. E. Hogan, sister of the bride, wore a black ensemble with gold trim. Her corsage was of sunburst roses.

Attending the wedding and reception were Mr. and Mrs. Larsen Lloyd, Capt. and Mrs. Morrow, Dr. and Mrs. P. W. Malone, Dr. and Mrs. J. M. Woodall, Mr. and Mrs. Cecil Westerman, Sgt. and Mrs. L. L. Gregg, Lieut. Fred Fry, Miss Dick O'Brien, Wanda Nell, Jane Clayton, Mrs. Bahn, Peggy and Janet Hogan, Dr. and Mrs. Hogan.

The couple will be at home in Big Spring, where the bridegroom is stationed at the Big Spring Bombardier School.

Notes MARY WHALEY

It was a lovely glow—Christmas and New Year's—parties to go, gifts to unwrap, Christmas trees to enjoy and all the trappings that go to make up the big holiday season.

In gala mood, there were stacks of Christmas cards to open, visitors from out-of-town to see, and much running about to be done. But come Saturday morning the mail brought about sobering-up blow.

Those letters with little windows in them arrived from every black house in town stating in bold black letters, "Please remit." What an awakening!

In true Christmas fashion, you bought and bought with cheerful disregard for price tags. Nothing but the best was the attitude with which you remembered all your chums and relatives.

It was swell while it lasted and only the itemized accounts on the white statements can convince you that you really and truly bought as much as the total shows.

It's a remarkable condition that Christmas brings on and it's a remarkable feeling that January 2nd brings on when the bills start rolling in.

The old bromide about Christmas coming but once a year is not only true but probably a good thing. If it came more than once most people would end up in debtor's prison or a reasonable facsimile.

Your Vote Next Saturday Is A Very Important One

On Saturday of this week, voters of Howard and neighboring counties are called upon to perform an important duty. It will be the naming, in a special election, of a 91st district representative to serve in the lower house of the Texas legislature for the two year term which Dorsey B. Hardean has resigned.

Because it is a special election, with no other offices or issues at stake, and because it comes when people are occupied with many other things, there is a danger that the voter turnout will be too light to be truly representative.

It is to be hoped that this danger will not materialize. The election of any public official is a task the people should not hold lightly, and the election of one to serve in the law-making branch of our state government is certainly im-

Hollywood Sights and Sounds--

He's Taking Roles That Make Him Warmly Hated

By ROBBIN COONS HOLLYWOOD—Alexander Granach is a barrel-chested little man with a broad head and bright eyes and militant moustachios. He is an actor, and you'll see him as various personages but now you see him chiefly as a wily Gestapo agent—the sort who hounds Michele Morgan in "Joan of Paris" or Anna Lee in "Unconquered."

The latter villainy is engaging his time at present, and he is well on the way to becoming a very cordially hated character. After seeing him as the silent Gestapo cop of "Joan of Paris," the polite family-man type of cop whose shoes creaked constantly, and then witnessing his bright-eyed skullduggery in "Unconquered," I expected to find Granach a gentleman of rollicking, elfin attributes—elfin in a huge way, of course. Instead he turns out to be an "artist," a man of ideas about the theater, with a quite serious approach to everything. This is disappointing.

Chapter 11 Borrowed Disguise Mary dallied with her dressing that evening and wasn't aware of the reason for it until she heard the front door bell ring. That must be Dan back from his afternoon of being a Girl Scout, Bond Drive sponsor! Her pulses picked up tempo. She dropped a comb, upset a bottle of cologne, snatched up her coat and bag and dashed to the head of the stairs. Then, carefully deliberate, she started down the stairs.

calls? "Just the Lieutenant Miss Mary." Linda who'd been cook and maid and general guardian of the family ever since Mary could remember, smiled now radiant as a girl with a new beau. "Now there's a lad you could love, Miss Mary. He's a fine boy and you should see what he ate for breakfast when he came in this morning. Eggs and—"

"Look here, Mary," her father said as he came back with a tall vase full of water. "What in sam hill became of my mackinaw? We're going out after bass tomorrow and I'm damned if I can find it. It'll be cold out there too—"

One Thing About New Congress: It'll Watch Money More Closely

By GEORGE STIMPSON Herald Washington Correspondent In a few days a new Congress will convene in Washington and many of us are wondering what part it will play in the world drama of 1943.

True, the 78th Congress, House and Senate, will contain more than a hundred new faces, which means not only that there will be more than a hundred new members of Congress but also that the same number of old members will no longer be in service on Capitol Hill.

But there are 531 seats in the House and Senate combined and a twenty per cent turnover is not enough to change the complexion of the two bodies materially, particularly when the same party remains in control of both.

Washington—Another Huddle For The Aid Of Small Business

By JACK STINNETT WASHINGTON—In mid-January, the Senate's Small Business committee is going to hold here a big powwow with 50 representatives of more than 300,000 small and medium business all over the land "to formulate a program."

There are several reasons why the changes will have little immediate effect upon the Congress. First, there were changes on both sides of the center aisle, some Democrats having been eliminated in the primaries. Second, the seniority rule prevails in both House and Senate and new members start at the foot of the class, which gives them little opportunity for leadership.

But regardless of what the President does the fight will develop sooner or later. The authority of the executive to negotiate trade-pacts, Secretary Cordell Hull's pet program to solve international problems, expires June 30. Proposals to renew this authority will bring to the fore the whole question of post-war relations.

The Thrill That Comes Once In A Lifetime

When they interviewed him for the Gestapoman in "Joan of Paris" he showed up looking the meek, family-man type he understood was wanted. "This man has a cruel, cunning streak in him," he was told—and immediately, before their eyes, Granach developed a bristling wit front which copped the role. He was perfect, without a line of dialogue, so they said he was great for "silent" roles. Now he is playing Gestapo with talk, to refute his critics.

Many principal export markets for Argentina grains have been closed by the war and stocks of wheat early this year totaled between 12 and 13 million bushels, the department of commerce says.

"Hello, puss." He dropped his doctor's bag into a corner, pulled off his topcoat. "Hm. Pretty posies, aren't they?" He sniffed at their fragrance. "Always did like red roses. Thought Lloyd always went in for something more rare."

Instantly a picture flashed onto the silver screen of her memory. A man in a long grey coat, a grey hat motionless in the shadow of the cliff, then moving slowly around a rock to keep out of sight of a girl in slacks and a red bandanna! That man had been Dan Sherman! She was certain of it. But why would he—how—

The senate committee's invitation indicates that this group, headed by Senator Murray (D-Mont.), has a worthy ambition. At one point, the invitation says: "Today, an ill-planned war program is not only cutting off the fat, but is also in some sectors, cutting in to the very bone of our civilian economy."

Some economists here think "the bone of civilian economy" (as well as the sinew of our middle classes) is small business and that unless something is done to save it from going down in the deluge of priorities, price controls, rationing, inventory controls and manpower shortages, our entire economic and even social system will undergo a change from which it will never recover.

Let it be said now that some economists, big business men and labor leaders think this would be a good thing. That and the inertia of the protectors of little business (with, perhaps, little business lack of organization) is what has brought its present plight—a plight serious enough to force a senate committee to see what can be done about it.

ANNIE ROONEY

Recently, I talked to a newspaperman who had just returned from the southwest and middle west. "Figuratively," he said, "I saw hundreds of closed doors of small businesses which had signs hung on them, 'Gone to War,' or maybe 'Gone with the War.' I'll bet nothing has ever happened like this in the country since the post-Civil War depressions when so many small merchants folded and left signs on their doors, 'Come to Texas!'"

One interesting slant of the situation came the other day from a government official who asked that his name not be used. "The little businessman," he said, "is not suffering nearly as much as is made out. Many have had the ingenuity or fortune to get in on war contracts. Others have gone into war industry, and are making more money as workers than they ever made running their own businesses."

PACIFIC PATROL BY ELEANOR ATTERBURY

Chapter 11 Borrowed Disguise Mary dallied with her dressing that evening and wasn't aware of the reason for it until she heard the front door bell ring. That must be Dan back from his afternoon of being a Girl Scout, Bond Drive sponsor! Her pulses picked up tempo. She dropped a comb, upset a bottle of cologne, snatched up her coat and bag and dashed to the head of the stairs. Then, carefully deliberate, she started down the stairs.

"Hello, puss." He dropped his doctor's bag into a corner, pulled off his topcoat. "Hm. Pretty posies, aren't they?" He sniffed at their fragrance. "Always did like red roses. Thought Lloyd always went in for something more rare."

parted the grimy old mackinaw as if it were priceless sable.

"I couldn't venture out without this old blanket."

"I wish you wouldn't venture out at all, Dad," Mary said suddenly, almost as amazed at her own words as her father was.

"Why not, for Pete's sake?"

"Well—it's dangerous. There's another storm due and besides—well, there's a war on," she argued, not really knowing why she felt so uneasy. "Strange things happen."

"Rot! I've been out in storms before. And nothing strange is going to happen to old Standing Bear and me unless it's catching a good mess of fish. That old Indian knows the bay like the inside of his own pocket." He patted her arm. "You run along to your party and don't worry about an old sea-going land lubber like me."

Reluctantly, Mary went to answer Porter's ring. Why should Dan have been shadowing Carmencita de la Vega? She tried to

the proposed legislation takes. Agriculture is restless. The farm-price question will come up again. Just before the 77th Congress adjourned, the House, without a dissenting vote, passed a bill providing for a farm-price-formula including the cost of labor. It got hung up in the Senate and did not get through before Congress adjourned. But this proposal, as well as others relating to agriculture, will be back on the agenda. Many members of Congress feel that all Triple-A benefits, soil conservation payments and other crop controls should be suspended for the duration of the war, permitting farmers to produce as much of whatever they can and desire. Naturally the administration will try to head off any such action on Capitol Hill, but the threat will be constantly there and will tend to force efforts at compromise.
