

# From Dakotas To Mexico, These Muleshoe Dogs Chase The Mechanical Rabbit

**FLEET WEST TEXAS FEET** — Here are 16 feet which probably are the fastest in West Texas - or almost anywhere else. The feet belong to James Robinson's Grayhounds, and there are many

more where these registered Grayhounds came from - Robinson's kennel's, Robinson is shown here with his daughter, Vicki, and four veterans of the dog races. (Journal Photo)

From the Dakotas to Mexico folks who talk the dog-racing language know about James Robinson's fleet kennel of Grayhounds. They ought to know about Robinson's dogs; they have run on just about every race track in the country, and they have gathered a lot of prizes, too for Robinson, for his partner or for folk who have leased Robinson's Grayhounds. In any case, the Grayhound business is a big business for the lanky Robinson whose kennel, training runs and mechanical racetrack sprawl over a hill out near Clay's Corner. Grayhound racing is not new to Robinson; he admits that he made plenty of mistakes before he got the kinks ironed out of

his racing business. But he started 15 years ago, raising Grayhounds and training them for coyote chasing. In view of the royal blood which the Robinsons house carry in their veins, coyote chasing is somewhat beneath their dignity. Then one day somebody who knew Grayhounds came along, saw Robinson's Grayhounds and promptly offered \$500 for one of them. "Right then and there I decided I'd go in the Grayhound business," Robinson says. "But it wasn't long until I learned that I could make more by keeping the dogs and entering them in races in states that permit pari-mutuel betting. Now my dogs are running in the top

of the nation and in Mexico." Only Robinson himself doesn't race many of the hounds; he "leases" them to racing specialists and then he draws 35 percent of the take which the dogs win in the races. So the big job for Robinson is raising the dogs, training them and getting them ready for the elusive mechanical rabbit which is bobbing around the track at up to 38 miles per hour. "There's a lot to training a dog," Robinson admits, "but first you gotta have the best possible breeding stock. In fact, only registered Grayhounds can be entered in the commercial races. "And then there's a long period of training which starts with mild exercises and builds up to the mechanical rabbit and the big-time track. It's a long jump from the breeding pens to the Florida race tracks, for example. And there's a lot of hours of injury. "Take old Joe, for example; he's one of the fastest dogs in the country, but he bumped in to a fence on the track one day and injured a leg. It was months before we could put him back on the track." Actually, Robinson says, two kennel farms; he owns the one at Clay's Corner which is stocked with some 150 dogs, and he is a partner with Cecil Austin in Sarasota, Fla. Austin races

## Clouds Spew Good Showers On Area

Clouds that rattled in out of the southwest Thursday night dumped needed moisture on the Muleshoe area in quick showers that left from a half-inch to better than an inch and a half of water running down the cotton rows. On the "red" side of the moisture ledger, the rains in Muleshoe, already galloping off far ahead of the cutter. Officially, Muleshoe got .48 of an inch, according to Judge Klump's government gauge. But the bulk of the rain apparently fell outside the city limits. Lester Howard in the Needmore area said his measuring device recorded 1.65 inches, and in the opposite direction, up to three-quarters of an inch was recorded. West Camp, which gets rain almost every weekend, saw left high and dry Thursday night, West Camp Grocery reported, but to the west at Dora, N. M., "nice" showers fell and Clovis got rain. Oklahoma Lane community also received a half-inch. In the Pleasant Valley area, three-quarters of an inch was

Several Muleshoe teachers will attend a two-day reading workshop in Shirley Elementary school in Hereford Monday and Tuesday. The group will be headed by Elizabeth Watson, curriculum director for Muleshoe schools. The group will study "Phonetic Keys to Reading," and "Keys to Independence in Reading."

## Scout's Here Win Second Place In Swim Tourney

Muleshoe's two Boy Scout troops, 620 and 634, came off with lions' share of prizes in the recent George White district swim meet held here. Eleven individual and team ribbons were won by the Muleshoe lads. The meet here was conducted by the Muleshoe Jaycees.

## Black Insurance Agency Here

Black Insurance Agency here now is listed as "membership counselor" for the Panhandle Plains American Automobile Association.

## Encephalomyelitis Looms, Jaycees Launch Clean-Up

With dreaded mosquito-caused encephalomyelitis looming—a good three weeks ahead of time—Muleshoe Jaycees have launched a clean-up campaign here aimed at getting rid of lush weeds. It was announced Friday. Heading the drive are Sylvester Tanguma and Larry Henry. Explained Tanguma: "We have had considerably more rain this summer than usual, Muleshoe. This means that mosquitoes are abundant and some of them may be the encephalomyelitis bearing variety. "There are tin cans in those tall weeds," he continued, "and tin cans make excellent breeding places for mosquitoes. Thus the reason for our campaign." Encephalomyelitis usually shows up first each year in horses, and Dr. Jerry Gleason said he already has treated three horses afflicted with the disease. Still another reason for the drive against weeds is the fire hazard phase. "Many of these tall weeds throughout Muleshoe are growing alongside frame structures, and after frost these weeds will offer a definite fire hazard. That's our second reason for the clean-up campaign." Persons who need help were asked to call Tanguma at 3-17-60 after 6 p.m.

## Father, Child Die

Two persons are dead as a result of a farm accident that occurred near Lazbuddie at noon Friday. Dead from the accident is 6-year-old Dewayne Carthel, victim of a power alfalfa shredder. His father, Edward M. Carthel, 36, was dead on arrival at Green Memorial Hospital a few minutes later, apparently the victim of shock. Officers who investigated the accident said the boy fell beneath a shredder attached to a tractor driven by his 23-year-old brother, Malcolm, and was killed instantly. The father who was at home 200 yards away, fainted when told of the accident and never regained consciousness. He was brought to the hospital by a neighbor and died just as the car reached the hospital. Funeral services will be held at 3 p.m. today at the Lazbuddie Methodist Church, conducted by the pastor, the Rev. Roy Havens, and the Rev. Don Davison, Hereford, former Lazbuddie pastor. Burial will be in Bailey County Memorial Park. Surviving Carthel is his widow, Helen Carthel (the former Helen Jennings) two sons, Malcolm Carthel and Eddie Carthel of the home; three daughters, Mrs. Leonard Duncan, Hale Center, and Mrs. Robert Joiner and Mrs. Joe E. Valdez, both of Albuquerque; three brothers, Lake and Velay Carthel, Amarillo, and John Ed Carthel, Kansas City, and 11 grandchildren. Carthel was born in Floyd County January 28, 1908, and had lived in the Lazbuddie area for three years, moving here from Albuquerque. Duane was born in Raton, N.M., Aug. 18, 1959. Mrs. Carthel is the daughter of Mr. and Mrs. O. M. Jennings Lazbuddie.

## United Fund Sets \$13,350 Budget

Muleshoe Area United Fund budget and admissions committee set \$13,350 as the 1965 budget at a lengthy session Thursday night. This is \$1350 higher than the 1964 budget, according to Robert Hooten, chairman of the committee. The \$13,350 budget will be submitted to the entire United Fund board at a meeting to be called soon by Marie White, president of the organization. Nine agencies are to receive funds from the United Fund, the B&A committee decided, for a total of \$11,775, the balance going for reserves and for campaign expenses. Biggest single agency increase was granted the Babe Ruth League — \$1500 for this year as compared with \$750 granted last year. The extra funds, it was explained, are needed for the rewiring of the lighting system at the park. By agencies, amounts granted were as follows: Salvation Army, \$1800 (an increase of \$300; Boy Scouts, \$2350 (an

## Cotton Output Lower In 1964, But Quality Up

Bailey county farmers produced less cotton in 1964, but the quality was considerably higher. This was revealed this past week by Plains Cotton Growers, Inc. in a 23-county summary issued Friday. For the entire high plains area, production ran to 1,913,100 bales — smaller than in 1963, but quality gains over the previous years were shown "in virtually all categories," said PCG. In grade, the crop was 57.3 percent white as compared with 37.5 percent in 1963 with a corresponding drop in the percentage of light spotted and spotted cotton. The final check-up of the 1964 crop showed that this county turned out 83,733 as compared with whopping 111,956 the previous year and 1962's record output of 113,299 bales. In 1964 the county produced 102,691 bales, in 1960 the yield was 89,893 and in 1959 the county produced 96,744 bales. Yield per acre was down (See COTTON Page 6)

# GOD'S WILL

The greatest commandment is that we should love our God. This is a free choice that man has, but it is God's desire that all would seek Him. He is our heavenly Father, and desires only the best for us.

ATTEND CHURCH SUNDAY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

 Another indication of the quality features of the 1964 crop was shown in these PCG figures: Staple average for the

**George Deplores Lack Of Respect For Law, Justice**

"A society without justice and respect for law and order is a society without principle." These were the words of State Representative Jesse T. George made during a speech to the Methodist Men's Club of the First Methodist Church, Muleshoe, Thursday, when the group met for its 6:30 morning meeting.  
 Lawmaker George emphasized the need for all mankind to face the challenge of restoring a respect for justice and existing law and order. "If there are laws with which we do not agree, we can change them through the legal process."  
 George continued, "Our challenge is twofold. We must preserve the dignity of man through respect for law and or-

es provided in our democratic form of government. To adhere only to those laws with which we like, and to ignore those with which we disagree, can lead only to anarchy," George emphasized. He continued, "The rioting, looting, burning, and killing, which we have witnessed in Los Angeles, California, cannot be condoned by men of justice. Action, such as this, regardless of its causes, has shaken the very bedrock of our governmental structure."  
 "We think, we talk, but what are we going to do to eradicate these evils of hatred, ignorance, mob-action, and disrespect for law and order?" George questioned. "I simply cannot understand how this can happen in our Country, land of the Free, home of the Brave, but it has. Until we realize that a challenge is before us, men will continue to show violence. Our laws are for all men, and all men must abide by them. To let those guilty of these actions go unpunished only deteriorates our existing form of government."  
 Micronaire average also was better in 1964 than in 1963, 3.7 which is 65.4 percent above the tenderable limit of 3.3.

**New 'Efficiency' Plan Launched At Post Office**

Postmaster Spencer Beavers announced today that all Muleshoe Post Office employees will be asked to take part in the new Postal Efficiency Plan announced July 22, by Postmaster General John A. Gronouski.  
 "The Postal Efficiency Plan includes comprehensive programs for improving postal service and reducing costs," Beavers said.  
 "It is our way of helping President Johnson fulfill his pledge to provide effective and economical government services."  
 In Washington, Postmaster General John A. Gronouski termed the plan's twin objectives of economy and service betterment, "a matter of high-priority" and called for a "total involvement" of all employees through the Post Office, and we must eradicate the causes which spur violence."

office suggestion program. Semi-annual reports will be made to the President, Gronouski said, and realized savings will be reverted to the Treasury or applied to improve postal service.  
 A local committee will be organized to fulfill the two purposes of the plan: 1. Reduce costs and 2. Improve services. Ideas generated by individual employees will be taken up by the committee. Accepted ideas will be passed on to Washington for possible application in a national level. The Postmaster General will personally oversee the programs.  
 Postmaster Beavers will be chairman of the local committee PEP. "I am a great believer in economy and have always tried to practice economy wherever possible," said Beavers.  
 Identical bright road signs that suggest cartoons sprout beside streets and highways from Norway to Cambodia. Some 35 nations have adopted a system of standard symbols worked out by the U.N. Conference on Road and Motor Transport in 1949.

### School Schedule For Lazbuddie Is Announced

By Mrs. C. A. Watson  
LAZBUDDIE — Schedule for the 1965-66 school year has been announced by Sam P. Barnes, superintendent of schools.

New teachers in the system include Gene Riddle, head coach, social studies and driver education graduate of East Texas University and has taught for four years. He was

head coach at Gunter and assistant football coach at Lorton last year.

Another new teacher is Larry Kent, high school boys' basketball coach and assistant football coach. Kent, who is a graduate of East Texas State University, also will teach Spanish. Mrs. Kent will teach junior high social studies, and also is a graduate of East Texas State University.

Bruce Rhodes, another new teacher in the Lazbuddie system, will be junior high coach, and an assistant football coach. He is a graduate of Eastern New Mexico University and has had three years' experience —

two years in Clovis and one year as cooperative librarian for Farwell and Bovina schools. Mrs. Sam Barnes will be in charge of fourth grade and is a graduate of Texas Women's University. She has taught for the last four years in the Dumas system.

Roy Paul Thurmond will teach high school mathematics and physics. He is a 1965 University of Texas graduate. Mrs. Gene Riddle has been employed as librarian for the entire Lazbuddie system.

Returning teachers are Harley E. Ethridge, high school principal; Fred Wilbanks, elementary principal; Pearl Holt,

E. C. Ketchen, Everett Maxwell, Helen Ellis, Earl Ellis, Edwina Bridges, Howard Bridges, Virgil Wilbanks, Ruth Williams, Scotty Wadham and Ruth Wilson.

Administration staff meeting has been set for Wednesday, Aug. 25 at 9 a.m. A general faculty meeting is slated for 9 a.m. Thursday, Aug. 26, and Thursday afternoon will be devoted to preparing for pupil registration. Monday, Aug. 30, school officially opens and classes will start.

Students are to register Friday, Aug. 27, starting at 8:30 a.m. Buses will run at the regular time Friday morning and

will return the pupils to their homes after they have completed registration.

A 3-months' old daughter of Mr. and Mrs. Jack Hamm, Springlake, was found dead in her bed last Friday morning while the family was visiting friends and relatives in Mt. Judia, Ark. The child, Sherrel Arnette, was buried at Mt. Judia.

Hamm taught mathematics in the Lazbuddie school last year and is now with the Springlake system.

High School Principal Harley Ethridge returned the first of the week from Mt. Judia after attending the services for the

infant.

Trever Ford, son of Mr. and Mrs. E. T. Ford, underwent major surgery in Clovis Memorial Hospital recently. He is expected to be dismissed this weekend. The Fords recently moved from the Lazbuddie community to a new home near Muleshoe. Trever and his sister, Christie, have been pupils in the Lazbuddie school all their school life. He will be a freshman in the Muleshoe schools, and Christie is in the sixth grade. Trever was valedictorian of the eighth grade.

Mrs. Annie Vaughn, Lubbock, received word recently that her son, Cecil Vaughn, 32, had been killed in an automobile accident. He lived at Bells Garden, Calif. near Los Angeles and is a brother of Mrs. Nola Treidler and T. D. Vaughn and Myrtle Steinbock, Lazbuddie.

Mr. and Mrs. Leon Lewis and children visited recently in east Texas and also went to "Six Flags Over Texas."

H. I. Bass, Lubbock, has been visiting for several days his daughter, Mrs. C. A. Watson, Lazbuddie, and with his son, Harvey Bass in Muleshoe. He is 92.

Lazbuddie football boys started practice Monday morning with sessions set for twice daily Monday through Friday this week. Twenty-two boys reported so far.

Elaine Embry, 1964 graduate of Lazbuddie, has accepted a position with Reba's Beauty Shop in Muleshoe. She recently was graduated from a beauty school in Lubbock.

Wedding vows will be exchanged Aug. 28 between Gayla Seaton, daughter of Mr. and Mrs. R. B. Seaton, Lazbuddie, and Donald Robert, son of Mr. and Mrs. O. R. Roberts, Lubbock. The wedding will be in the Muleshoe Assembly of God Church at 8 p.m.

Mr. and Mrs. R. B. Seaton, Gayla and Marqueta, attended church services in the First Assembly of God Church in Lubbock recently.

The GAs of the First Baptist Church honored their fathers at a banquet at the church Tuesday night.

Willie Hamblin, minister of the Lazbuddie Church of Christ, is attending college in Pepperdine, Calif., this summer. Guest speaker at the church here Sunday night was Bobby Orr from Lubbock Christian College.

Mr. and Mrs. James Harvey and children were in Lubbock Sunday visiting her mother, Mrs. R. L. Curtin, Cynthia an Janie Harvey remained in Lubbock for a visit with their grandmother.

Birthday greetings this week go to Claid Blakern, Don Richards, Gary Foster, John Bean, Christie Ivy, Ruben Flores, Johnny Delgado, Trever Ford, Dean Kirby, Terry Holton, Clyde Redwine, Dorothea Morgan, Naomi Flores and David Castro.

This firm also does minor motor repairing, installs mufflers, and tail pipes, spark plugs, wheels, adjust brakes, installs batteries, tires and accessories. They also do washing, polishing, waxing and lubrication, as well as engine cleaning.

Mr. Mills has three courteous and efficient employees to help him operate the business and they are trained to be fast and thorough in their work.

Conoco products are sold all over the United States, Canada and Mexico and are popular with the motoring public. Their products are being constantly improved through a large research organization and the motorists can be assured he is getting the very best that can be produced by one of the largest oil companies in America.

Drive into this station soon and fill up with oil and gas. You will like the products and the service.

### Club Aids Girl At Girls Town

Progress Home Demonstration Club made a lot of stitches Thursday afternoon in a called meeting of the club for the purpose of sewing for their girl in girls town.

Anna Knight, 16-year-old girl from Girls Town is a freshman and has been sponsored by the Progress H. D. Club for the past 3 years.

Following the sewing the women took Anna shopping and bought her many other useful items which she will need for school.

Attending the sewing session at Mrs. Gordon Murrain's home were Myrtle Wells, Delores Gaddy, Letha Wheeler and Jill, Phebe Gray and Geraldine, Fern Davis, Veta Self and Ada Murrain.

Letha Wheeler went to Whiteface Wednesday to get Anna. She will return Friday.

One of the rooms at Meramec Caverns in Missouri can hold 2,500 persons.

Of Law and Love

Relatives in Your Home When Betty's aging mother-in-law moved into the household, no one said a word about money. For the next four years, Betty dutifully performed the various tasks this added to her chores—including some nursing care. After the older woman died, Betty, backed by her husband, put in a claim against the estate for services rendered.

But another son, fearing a cut in his share, raised an objection. "Mother never promised to pay for Betty's services," he argued in a court test. "Not in so many words," conceded Betty. "But a promise should be presumed because of all the extra work I did for her."

However, the court, finding no adequate evidence of a promise-to-pay, denied her claim. And that is the usual rule. The law will not presume, without good reason, that a relative who has joined the household intends to pay for his care.

Of course, special circumstances may convince the court in a particular case that payment was indeed intended. Suppose, for instance, that the services were especially onerous. Or that the relative was especially wealthy. Or that the relationship was a distant one. Or that the extra work prevented the claimant from earning money elsewhere. Such facts would argue that, even though nothing was said, payment—sooner or later—was taken for granted.

But by and large, the courts are wary of these claims. After all, in most cases, the issue arises only after the relative is dead—forever beyond questioning. The claimant might be trying to collect merely as an afterthought, with no prior understanding at all.

Besides the law is reluctant to find financial motives with in the family circle. In one

case, a man kept detailed records of his mother-in-law's periodic visits during the last few years of her life. When she died, he presented an itemized bill for his hospitality.

But the court dismissed his claim with this comment: "It would be a crime against nature and humanity to give to all the courtesses, favors, and visits that are exchanged between parents and children the mercenary quality of dollars and cents."
