Popular Rancher Dies From Heart Attack

Hearts were saddened not only in Wheeler, but over the entire area, as word went out Friday of the death of R. William Brown. Richard William Brown was born February 21, 1908 at Gageby, Tex. Passed away with a heart attack near Wheeler, Tex., June 17, 1960, age 52 years 3 months and 26 days.

Funeral services were conducted Monday morning, June 20 at 10:00 o'clock a.m. in the Methodist Church of Wheeler. Former pastor Carlton Thomson assisted by the pastor, Rev. Robert Ely officiated.

Hundreds of persons gathered to pay tribute to their friend. Mr. Brown was a member of a pioneer ranch family, born in the same house where his father was born, actively associated with the cattle industry in North West Texas for many years. R. William has been a loved and respected rancher and always known for his honesty and concern for people. It has often been said "his word" was as good as a written contract.

Mr. Brown attended school at Canadian, Tex., and Oklahoma University where he was a member of Sigma Nu College fraternity.

June 20, 1930 R. William was married to Vida Savage at Amarillo, Tex.

Serving as pall bearers were: B. F. Meadows, Jr., Lee George, Harrison Hall, Robert Frye, Milton Finsterwald and Clark Mathers.

Named as honorary pall bearers were George B. Mathers, Bill Parks, Bill Finsterwald, Tom Puryear, Cecil Shields, Dick DeArment, Virgil Brook, Terrill Gunter, Ralph Collinson, Nelson Porter, Harry Wofford, James Verden, Gene Hall, Marion Beasley, Herbert Finsterwald, Harold Nash and Johnnie Young.

Survivors are the wife, Mrs. Vida Brown, Wheeler; one son, Richard Savage Brown of Oklahoma City; one daughter, Billie Vida Brown of Wheeler; mother, Lena Brown of Canadian, Tex.; one sister, Katherine Choate of Ft. Worth, Tex. His father preceded him in death.

Interment was in the Wheeler cemetery under the direction of Kirk Funeral Home.

Visitors Invited To Attend Open House

The Wheeler Lumber Company announced plans today for an "Open House" to be held Sunday at the new home of Mr. and Mrs. Bill Chapman. The "Open House" will be held from 2 until 5:00 P.M. Sunday, June 26. The home is located on Highway 152 just east of Chapman's Service Station.

Door prizes will be given and everyone is invited to attend.

Visitors will find a big spacious 1852 sq. ft. house, plus sealed in double garage with 696 sq. ft. of floor space. The aluminum windows, storm doors, face brick veneer, circle drive and snow white roof have just the right amount of color and elegance to make it the loveliest home in Wheeler.

The 15' by 26' living room has an entry way for the front door with a planter box divider. . . .

The extra large picture window is illuminated by recessed light fixtures mounted above the window.

The three roomy bedrooms have large closets and by pass doors and are beautifully decorated.

The very latest in bathroom fixtures has been used in the two full-size bathrooms. Both have dressing tables and colored fixtures.

To the women, the kitchen will be the most beautiful as well as serviceable part of the house. The kitchen and dining area is paneled with pre-finished birch and the kitchen cabinets are in birch. The floor is covered with Armstrong embossed linoleum. And the cooking unit is a Tappan "400" unit with a broiler oven and vent combination. The kitchen has a double sink and the cabinets are covered with formica.

The den is also paneled in pre-finished birch and the floor is covered with the Armstrong embossed linoleum.

The utility room contains the central heating unit, built-in sink and cabinet and is plumbed and wired for a washer and dryer.

The Wheeler Lumber furnished the material for construction of the home and Clarence Robinson, local contractor, built the house.

Visitors will be delighted when they see the ultra-modern kitchen, the spacious living area, the very comfortable looking den and the colorful bathrooms.

Visitors will also find that Wheeler has one of the most beautiful homes in the Panhandle . . .

LAST RITES ARE CONDUCTED FOR WALLACE

Funeral services were held for T. T. Wallace Sunday June 19, at 2:30 P.M. in the Nazarene Church in Wheeler with the Rev. Ray Aldridge assisted by Rev. Dan Hoover officiating.

Interment was in the Mobeetie Cemetery.

AUGUST COMPLETION DATE: T. A. Mussett, foreman of the Strain Brothers Construction Company crew working on the new bridge across the Red River, has changed the completion date from July 1st until August 1st. Mr. Mussett contributes the delay to bad weather.

CORRECTION

Last week we stated that the Dairy Cream would move to a new location. . . . We should have said that the present managers of the Dairy Cream plan to build a new building at a new location. And the present Dairy Cream will remain open under new management.

J. Loyd Rice Is New Minister Of Church At Twitty

J. Loyd Rice, former minister of the Shamrock Church of Christ, and more recently of El Paso, assumed duties Sunday as minister of the Twitty Church of Christ. (Continued on Page 8, No. 7)

Area Residents Attend Convention

Mr. and Mrs. Harry Wofford, H. M. Wiley and J. S. Worley of Shamrock, delegates from Wheeler County were in attendance at the State Democratic Convention in Austin June 14th. They also attended the pre-convention dinner held at 7:00 p.m. June 13th honoring James Nance Garner, Sam Rayburn Price Daniel and Lyndon B. Johnson.

The Convention gave its endorsement to Lyndon B. Johnson, voting to send the delegation from Texas to the National Convention in Los Angeles instructed to work for the nomination of Lyndon B. Johnson. Mr. Johnson was designated as Chairman of the delegation.

The Convention, the most harmonious in many years was held in the commodious Municipal Auditorium.

PRODUCTION CREDIT OFFICIAL CITES NATION'S DAIRY INDUSTRY

Accomplishments of America's dairy industry were cited by a Canadian business executive this week in a salute to National Dairy Month, being observed throughout June.

Erbin L. Crowell, general manager of the Canadian Production Credit Association, paid tribute to the industry for its contributions to the nation's economy and health.

During 1959, cash income from milk products in Texas alone amounted to more than \$125,000,000. Crowell stated, "Only Cotton, cattle and grain sorghams outranked milk products in this category."

In addition, the dairy industry maintained a high level of quality in its products, a major factor in sustaining the excellent health enjoyed by the people of Texas and the nation," he declared.

FOREMAN'S SON INJURED IN BRIDGE FALL

James L. Mussett, 22-year-old son of T. A. Mussett, foreman of the construction job, was seriously injured last Thursday when he fell from atop the bridge and landed on his head and shoulder.

James has been attending the University of Dallas and was helping his father during the summer.

The fall occurred as James and another worker were carrying a concrete block across the bridge. James slipped and fell to the ground and the 200 lb. block of concrete buried into the sand just a few inches from his head.

James was rushed to the Wheeler Hospital where he was unconscious for two days and partially unconscious for three more days. His physician reported that he was suffering from a severe concussion. However, his physician reported Wednesday morning that James was improving very nicely.

Commissioners To Set Date For Election

Wheeler County commissioners will meet Monday in Wheeler and set the date for the much discussed election which when held will determine whether or not the offices of county tax assessor and sheriff are combined.

The law states that when the population of a county falls below 10,000 they must be combined unless the voters choose to do otherwise.

The election will probably be set for July 30 or August 6. In the event the voters decide to combine the offices, another election must be held before the first of the year to determine who will run the office.

The County Attorney is still in the process of checking on the clerk's office. At present most of the officials believe that the present district clerk will continue in the same capacity until her term expires in 1962. However, there is a very good chance that when the official population figures are released the population will be high enough to keep the district clerk. The unofficial returns show Wheeler County with a total population of 7,916. If the official returns show at least 8,000 people, the clerk will continue in the same capacity.

A check with neighboring counties show that the combination of the tax assessor and collector and sheriff under the direction of one man is very unsatisfactory.

One county with a population less than that of Wheeler County said it was almost impossible to operate the offices efficiently under one management.

Rev. Curtis To Preach Sunday

Rev. O. C. Curtis, of Amarillo, Tex., will preach this coming Sunday, June 26, at the First Baptist Church, Wheeler. Rev. Curtis is the District Supt. of Missions, of District Ten, comprising all Southern Baptist Churches in the Panhandle.

Rev. Curtis, pastored the First Baptist Church, Perryton, Tex., Central Baptist Church, Pampa, First Baptist Church, Seminole, Tex., and other Churches, before he became, District Supt. of Missions.

Cattlemen Hopeful Of Health Program

BEAUMONT, Tex., June 19 — Encouragement was voiced for the Texas and Southwestern Cattle Raisers Association's effort toward screwworm eradication at the group's quarterly director's meeting here Saturday.

Dolph Briscoe, Jr., Uvalde, Association president, announced favorable reports from the cattle industry's advocates in Congress concerning funds for the continuation of screwworms research. The Association has been advocating this work for the past two years, and Judge Joe G. Montague, Association attorney, has been in Washington during the past month

Wheeler School Gets Face Lifting

Progress seems to be the watchword in Wheeler these days. . . . The local school is undergoing a vast remodeling job. . . . They have completed construction of a new office for the superintendent, and they are building, enlarging and adding equipment to their science lab. A new floor is being put in the gym, a new sound system with 12 speakers and 4 mikes has been added to the gym and the locker room is being remodeled.

And as soon as possible school officials plan to add public rest rooms, a trophy area and concession stands onto the gym.

IF

IF you have enough life insurance your family may be able to pay off the bills if something happens to you. Maybe they will have enough to live on—for a while. But if yours is like most families it will take additional cash to pay off the mortgage on your home.

IF you want to be sure that you leave your family a home instead of a mortgage, get the details about Modern Woodmen's Mortgage Retirement Plan. It's a mighty comfortable feeling to know that you have a plan that will pay off the entire mortgage at one time.

Crowder Is Aboard Aircraft Carrier

WESTERN PACIFIC (PHTC)—Navy Chief Warrant Officer Jesse B. Crowder, Jr., son of Mr. and Mrs. Jesse B. Crowder Sr. of Wheeler, Tex., and husband of the former Miss Charlotta K. Rockwell of Santa Ana, Calif., is serving aboard the attack aircraft carrier USS Bon Homme Richard operating with the U. S. Seventh Fleet in the Western Pacific.

On April 25, the "Bonnie Dick" and her crew completed a two-day visit to Singapore. Prior to that, they completed a five-day good-will visit to Bombay, India.

Both visits were occasions for "open house" aboard the carrier.

Research in cotton irrigation and fertilizer levels is underway for the third year at the High Plains Research Foundation at Highway 14. The number of irrigation methods under study have been increased from six to nine for 1960.

These methods include application of water compared to dryland cotton with water applied by the following methods: (1) preplant only; (2) preplant plus first bloom and mid-bloom; (3) preplant plus first square and peak bloom; (4) preplant plus first bloom and peak bloom; (5) preplant plus first bloom, mid-bloom and August 20; (7) preplant, first square, first bloom, and peak bloom; (8) preplant plus whenever soil moisture content drops to 50% as determined by moisture blocks; and (9) preplant plus first square, first bloom, peak bloom, and August 20. All irrigation methods are being metered and moisture blocks will determine soil moisture during the growing season.

The September watering test has been discontinued since this late irrigation has been found to reduce both quality and yield of cotton.

Fertilizer applications have been made and will be made in the following proportions: 43-80-0, 80-80-0, and 120-80-0. These will be compared with results from no fertilizer applied.

Greg. Lankart 75, and Blightmaster cotton varieties will be used in this test.

The most profitable irrigation application in 1958 was preplant, mid-bloom, and August 20; and in

1959, the preplant and peak bloom application.

Conducting this test are Shelby Newman of the Texas Agricultural Experiment Station No. 8, Lubbock, and James Valliant, assistant water engineer of the Foundation.

LETTER TO THE EDITOR

WHEELER COUNTY SOIL CONSERVATION NEWS

A complete conservation plan on a farm or ranch serves the same purpose to the operator that a blue print serves to a contractor. It will save more time each year than it takes to prepare it. It will also help get the Conservation jobs done in order of their importance.

The Wheeler Soil Conservation District has facilities available to help farmers and ranchers make such plans. Aerial photographs, soil surveys, range surveys and the necessary engineering surveys are furnished to district cooperators to help them plan the needed land use changes and treatment on their land. The farmer must make the decisions. The district can only furnish the information and advise.

These services are made available to the district by the Soil Conservation Service as part of their contribution to district operation. The supervisors use these services in any manner that will benefit the district most.

A conservation plan will present a picture of all that needs to be done on an operating unit. It will prevent spending money on unnecessary items as well as point out urgent needs. Get the most out of your conservation dollars. See our district supervisor or Soil Conservation representative in your district.

Mr. and Mrs. Roy Hudson

PATRICIA ANN BLACK AND ROY HUDSON EXCHANGE VOWS

Miss Patricia Ann Black, daughter of Mr. and Mrs. S. B. Black and Roy Sheari Hudson, son of Mr. and Mrs. D. L. Hudson, were married on June 1 in a double ring ceremony read by the Rev. E. M. Burden in the Church of Christ in Wheeler.

Blue and white majestic daises adorned the altar and floor baskets of jade palms and white wedding tapers in floor candelabra.

Wedding music was provided by Mrs. Joe Mitchell who sang "Whither Thou Goest."

Mrs. Larry Jones, sister of the bride served as matron of honor. Bridesmaid was Miss Sharon Hudson, sister of the groom. They each carried a colonial bouquet of white pom-pom mums.

Leroy Hudson served as best man. Ushers were Gerold Waters and Larry Leviett.

Flower girls were little Debra

Lyn and Brenda Kay Jones. The ring bearer was John Hughes Meadows.

Given in marriage by her father, the bride wore a wedding gown of antique satin, jacket and train of chambray lace, pearl and rinstone tucks holding veil of illusion. She carried a white Bible topped with white orchids, showered with white satin streamers.

A reception following the ceremony was given in the home of the bride's parents. The bride's table was laid in a white Cutwork table cloth over blue with a centerpiece of blue and white majestic daises.

Charlene Fuiks and Joan Chapman served. Mrs. Dick DeArment played piano selections during the receiving hours. Mrs. Larry Jones registered the guests.

The young couple is making their home 2411, 21st St. Lubbock, Tex.

Pantry-Shelf Dessert-Quick, Delicious

By Betty Barclay

TAKE a can of pears, dress them up with the ruby color of grenadine and the flavor of the finest syrup, then top them with the fluffiest and richest flavored low-calorie whipped topping. Here's a dessert that is glamorous, delicious, and always welcome on a busy home-maker's menu. The topping, Dream Whip, is as convenient as canned fruit for it stays on the pantry shelf before whipping... then any remaining topping can be stored in the refrigerator three or four days ready for another prepared-in-a-hurry dessert.

Grenadine Pears
8 to 10 pear halves (1 pound 14 oz. can), drained; 1 cup pear juice; 1/2 cup grenadine syrup; 1 envelope dessert topping mix; 1/2 cup milk; 1/2 teaspoon vanilla.

Place the pears in a shallow dish. Combine pear juice and grenadine syrup. Pour over the pears. Chill about 1 hour. Meanwhile, prepare dessert topping as directed on the package. When ready to serve, top each serving of pears with the topping. Makes 4 or 5 servings.

French ruins of Baalbek, northeast of Beirut, Lebanon, will once again be life in July and August. The 1960 Baalbek festival is under way. Year at this time the festival of Lebanon stage an immense festival at the site of ruins which are among the most popular tourist attractions in this Arab country. The 1960 festival will feature the Grey ballet, Shakespearean plays by the Brivie Company, a famous

French song and dance troupe, the Stuttgart Chamber Orchestra directed by Karl Munchinger, and classic skits and dances of Lebanese folklore. Originally known as "Heliopolis," Baalbek, the city of the sun, boasts such interesting antiquities as the temples of Jupiter, Bacchus and Venus. The architecture of these ancient ruins show an intricate fusion of the majesty of Pharaonic construction with the ornate carvings and decorations of Grecian sculpture.

Stuffed Egg Specialty
By Betty Barclay

A mealtime treat for the family at Easter or later is today's recipe featuring hard-cooked eggs. In this, cooked yolks are combined with a crab meat mixture, then seasoned with herbs and a splash of lemon juice from an envelope of salad dressing mix to make a distinctive filling for egg halves.

Monte Carlo Stuffed Eggs
6 hard-cooked eggs; 1/2 cup flaked crab meat; 1/2 cup finely chopped celery; 1 tablespoon chopped green pepper; 1 1/2 teaspoons classic salad dressing mix; 2 tablespoons mayonnaise or 3 tablespoons sour cream.

With wet knife, slice eggs in halves lengthwise; remove yolks and chop fine. Mix chopped yolks with crab meat, celery, and green pepper. Combine salad dressing mix with mayonnaise or sour cream and add to egg yolk mixture, mixing well. Fill into the egg white halves. Chill. Makes 6 servings.

ASC NEWS

Cotton Measuring to Start
Cotton farms will be visited sometime between now and July 1 to determine the acreage planted to cotton. It is important that at least 75% of the acreage be planted on each individual farm or the next year's allotment will be drastically reduced. Because of this, if any farmer planted his cotton and later lost it the acreage will still need to be measured. If you are in excess of your cotton allotment, a period of 15 days will be allowed for disposition of the excess. The fee for checking excess is \$4.00 per farm plus \$2.00 per plot over one. New regulations are in effect on the shape of excess plots destroyed.

"Adjustment credit can only be given for areas of regular shape with not more than four sides. One side or one end of the disposition area should be parallel with the rows or field boundary." Wheat Growers Vote July 21

On 1961 Program — The annual marketing quota referendum for wheat growers will be held July 21. They will take effect if approved by at least two-thirds of the growers voting in the referendum. The national average support price for 1961 wheat, representing 75% of parity, will be announced before the referendum.

If quotas take effect, a grower who complies with his allotment will be entitled to market his total 1961 wheat crop without penalty and eligible for full price support rate.

A grower who exceeds his allotment will be ineligible for price support and will also be subject to quota penalties if he harvests more than 15 acres of wheat.

At this date, Conservation Reserve contracts which expire in 1960 or later years are no longer eligible to be extended for an additional period of years. Previously, contracts entered into 5 years or less have been eligible for extension up to the maximum of 10 years on application filed with the ASC office at any time before the original expiration date. Under present legislation no new Conservation Reserve Contracts may be entered into. Present contracts will continue in accordance with contract terms, and we would like to call your attention again to the following facts:

1. No new cropland can be broken out;
2. Noxious weeds must be controlled;
3. An approved cover of vegetation must be established and maintained;
4. No grazing permitted at any time.

We know that each contract signer wants to be eligible for his payment when it becomes available later this year. Observe these rules and there will be no question when payment time arrives.

Gonna Compliment Roe Green again on his "big clock". Sure comes in handy, Roe.

Marcella Patterson is Bride Of Hogan

Miss Marcella Patterson daughter of Mr. and Mrs. J. R. Patterson of Mobeetie became the bride of LaWayne Hogan, son of Mr. and Mrs. W. C. Hogan of Mobeetie in a double ring ceremony performed June 16 in the First Baptist Church, Mobeetie.

The Reverend Charles Uzzle officiated. Mrs. Madge Horton, sisters of the bride played traditional wedding music and accompanied Mrs. Nellie Ingham of Stratford who sang "I Love You Truly" and "Bless This House."

Baskets of gladiolus decorated the altar area.

Miss Betty Sue Newman was maid of honor. She wore a ballerina length dress of pink tulle. Geoffrey Caldwell was best man and Jay Godwin and Gayland Hogan, brother of the groom, served as ushers.

The bride wore a ballerina

length white lace over taffeta dress. Her finger tip veil was attached to a small crown trimmed with seed pearls and she carried a bouquet of pink and white carnations.

Mrs. Patterson, Mother of the bride, wore a turquoise shantung dress with white accessories and a white carnation corsage. Mrs. Hogan, Mother of the bridegroom wore a blue print chiffon dress with white accessories and a white carnation corsage.

Following the ceremony, a reception was held in the Fellowship Hall of the Baptist Church. The bride's table was laid with white lace cloth over pink and centered with an arrangement of pink roses flanked by pink candles. Presiding at the table were Mrs. Lavada Helton, sister of the groom and Miss Arica Corcoran, Miss Jeanette Morgan registered guests.

For traveling the bride wore a yellow linen suit with white accessories.

Both the bride and bridegroom are graduates of Mobeetie High School. Mr. Hogan is presently employed with Monarch Lumber Company in Pampa and they will reside at 1806 Coffee in Pampa.

FATAL ACCIDENTS **DATE FATALITIES** **DATE DEATHLESS DAYS**

THE DEADLY TRUTH—About traffic safety in Texas in 1959 was that only one day in the whole year was free of traffic deaths. In 1958, there were five "Deathless Days" in Texas, four in 1957, five in 1956, three in 1955. If more Texans will drive in such a way that their cars are never involved in a crash which takes a human life, then Texas can record more "Deathless Days." Will YOU drive so that the Fourth of July holiday will add a "Deathless Day" to the Texas traffic calendar? (Official 1959 Texas Traffic Death Calendar Compiled by Statistical Services, Texas Department of Public Safety and Reproduced by the Governor's Highway Safety Commission, Austin, Texas.)

HIGH LIGHTS AND SIDE LIGHTS FROM YOUR STATE CAPITOL

AUSTIN, Tex. — Texas Democrats are starting a fresh page in their history. The era when the party could be split on the basis of who voted for Eisenhower in 1952 is ended.

Only thing which could revive that long cherished bone of contention would be for the Party to nominate a ticket so distasteful to Texans that the state would again go Republican.

A state convention Democrats of widely varying views united behind the Lyndon Johnson banner to bury the extreme loyalists of the DOTC in the most overwhelming lopsided vote in party history.

Even seasoned political reporters were caught off balance by the 2,251 - to - 40 vote by which the DOTC proposal was defeated. They used such unaccustomed adjectives as "astounding" to describe the victory.

State Executive Committee proposed a loyalty pledge binding on state party officials, delegates to Los Angeles and presidential electors.

Dot insisted that in addition, a loyalty pledge should be circulated among the county delegations and that no one should be allowed to stay in the state convention hall unless he signed it.

DOT did everything possible to fan the issue. Blurred, hastily printed flyers headed "Who Says Party Loyalty Is a False Issue?" were scattered outside the convention hall. Flyers showed a picture of Gov. Price Daniel introducing Eisenhower at a 1952 campaign rally and reproduced a copy of the ballot by which a majority of Texans split their tickets in '52 and '56 by voting Democratic on the state level and Republican on the national level.

Alex Dickey of Denton, one of the DOT spokesmen given equal time to debate the issue before the delegates, proclaimed heatedly that "party loyalty is the issue before this convention."

But his weapon had lost its edge after the vote. Governor Daniel declared that any group that tries to send a rival delegation to Los Angeles on the basis of 40 votes out of 2,292 "must be out of their minds."

Even drooping DOTers agreed. Dickey refused to bolt, told sympathizers waiting outside they had been beaten fairly.

Reporters, who had tried to beat deadlines by writing "hold for release" stories describing the expected "rump" convention, hastily filed mandatory kill orders.

UNITY IN DIVERSITY — Events at the State Democratic convention, though it was frequently referred to as the most united, most harmonious in history, demonstrated clearly that it is, as it always has been, only as united as strong personal leadership can keep it.

By its very make-up the Texas Democratic Party is like six tom-cats in a tow sack. Gulf between the very conservative delegation sent to Austin by Harris County and a very liberal delegation from Bexar County is greater than the gulf between Republican and Democrat in many parts of the country.

Convention keynote, Rep. Jim Wright of Fort Worth, took note of this. "Out of our disorganization, our diversity . . . and even our disagreements," said Wright, "comes our strength. We are the party of no one because we are the party of everyone."

Test of this came after Senator Johnson made his triumphant entry to the accompaniment of marching place-carriers, music and cheers. When the tumult ended and Johnson began to speak, the Harris County delegation, which had voted not to support Johnson, booed at the end of each statement. It was an awkward moment.

Senator Johnson, who was discussing his experiences in the U.S. Senate in working with men of such contrary views as Senator Byrd of Virginia and Senator Morse of Oregon, departed from the text of his speech.

Despite their differences, said Johnson, these senators "always behave in a courteous and gentlemanly manner."

Harris County was heard from no more, and Texas Democrats proceeded with, for Texas, first class harmony.

EXIT MRS. RANDOLPH — Mrs. H. H. Weinert of Seguin will return next month to the post as national Democratic committeewoman from Texas.

Mrs. Weinert was national committeewoman for eight years and was replaced by Mrs. R. D. Randolph of Houston in 1956.

Mrs. Weinert will be officially elected at the national convention beginning July 11 in Los Angeles. But for all practical purposes, Mrs. Randolph already is deposited.

By resolution, the state convention took away from her all authority and privilege she might have between now and retiring. It was retaliation for the war which Mrs. Randolph, as head of the DOT, has waged on Senator Johnson, Governor Daniel, National Committeeman Bryon Skelton and almost all other party officials for four years.

As national committeewoman, Mrs. Randolph is entitled to be a delegate to the national convention and cast one-half delegate vote. Convention declared she must be bound by the unit rule and vote with the rest of the delegation. In short, "all the way with LBJ."

Also, the convention asked that she have no control over credentials and tickets to the national convention.

GOP PLANS LAID — Texas Republican leaders are saying, in effect, that they won't fight among themselves but will save their strength to fight Democrats in the general

election next fall. Texas' GOP traditionally has been very harmonious, except in 1952 when newsmen supporting Eisenhower wrestled control from the Old Guard.

Texas' delegation to the GOP Chicago convention are pledged to support Vice President Nixon for president, Sen. Barry Goldwater of Arizona for vice president. Early talk of supporting Senator Goldwater or New York Gov. Nelson Rockefeller for president ended short of a floor battle.

Most Republican energy at their state convention was used to try to lure Independent and Conservative Democrats to their fold by criticizing Democrats as the party of "give-away programs" and federal intervention.

MOVING UP — Preliminary 1960 census figures show Texas, with a population of 9,493,885, ranking sixth among the 50 states—behind New York, California, Illinois, Pennsylvania and Ohio.

Houston apparently will be moved up from 14th largest to sixth largest city in the nation, following New York, Chicago, Philadelphia, Los Angeles and Detroit.

ENLARGED RESERVOIR PLANNED — Governor Daniel and the State Water Board have approved plans to enlarge a reservoir on the Trinity River near Wallisville to four feet, instead of two feet, above water level.

Trinity reservoirs were granted last spring after one of the longest, most heated hearings ever held before the Water Board.

Noticed where Uncle Sam is tellin' the Russians to go jump on the lake. Good for Ole Unk. Seems like them jokers have been tryin' to run our business for some time jus cause we befriended them a few billion bucks. We sent trucks, guns, food and a hundred other things over there not long ago to sort of get them on their feet and durned if they ain't tryin' to get on our back now. That's just like folks you loan something to though. Now you take my Grandpa's whiskey still. One time he loaned it to some friend of his and the feller kept it so long he thought he owned it. He even got to chargin' Grandpa for whiskey and this friend of Grandpa's made a fortune out of my kinfolks own equipment. Years went by and when the still would need a new pot or new copper line, this feller would come to Grandpa's house and fuss till pore ole Grandpa would go get whatever was needed. Kept Grandpa so broke he got to where he couldn't afford to buy his own lick. One day, though, the tabs turned and Grandpa got his still back. Seems as if some snooper got wind of the still runnin and reported it to the Revenue Officers. When they came out on the raid the feller told the dam-George pore ole Grandpa had no control of the feller's tanks we loaned him.

HI THERE

By Lavell Stephens

I have given much thought on this little bit I'd like to talk with you to-day. How many of you have stopped to think how many divorcees we have in our little world? I realize that I am no authority on this subject, that there are many divorcees that are necessary—many people live in the save houses for years that shouldn't have stayed, but what I am referring to is the many, many broken homes that should never have been.

What happens to these people, most all of them start with that "glow" and dreams that their life together will be for always — and that's as it should be. But I repeat to myself, what goes wrong? where do they fall each other? Do they fail to preserve the privacies of their own homes? Do they let their fathers, mothers, sisters or brothers share the joys and sorrows or the misunderstandings that belong to only the two of them?

Wonder why the two of them together can't build a quiet world, allowing no one "inside" of what really belongs to you and yours. Why the disagreement or the "wrong" that develops can't be talked out and worked out before they become too enormous to handle. Never, no never speak of it outside; but to each other confess and all will come out right. Wonder why they don't take the time to renew their vows—to me that would be such a big help—wouldn't it do good, don't you think that would help to grow together in a love that would be stronger and make them truly one. Do you think perhaps that too much is given to "I" and not enough to "WE"? Who is it we work harder on any job we under take and do such a lousy job on the most important job of our lives?

I'd like to say bye for now with a poem I'm sure you have read many times—please, but if you will be so kind, read it one more time and give it MUCH serious thought.

It takes a heap o' livin' in a house t' make it home.

A heap o' sun an' shadder an' ye sometimes have to roam.
Afore ye really 'preciate the thing ye lef behind.

An' hunger for 'em somehow, with 'em allus on yer mind.
It don't make any difference how rich ye get t' be.

How much yer chairs an' table cost, how great yer luxury;
It an't home t' ye, though it be the palace of a king.

Until somehow yer soul is sort o' wrapped round everything.
Home ain't a place that gold can buy or get up in a minute;

Afore it home there's got t' be a heap o' livin' in it;
Within the walls there's got t' be some babies born, and then Right here ye've got t' bring 'em up t' women good, an' men;

And gradierly, as time goes on, ye find ye wouldn't part with anything they used—they've grown into yer heart;
The old high chair, the playthings, too, the little shoes they wore. Ye hoard; and if ye could y'd keep the thumb-marks on the door.
Ye've got t' weep t' make it home, ye've got t' sit an' sigh.

An' wach beside a loved one's bed and know that Death is nigh;
An' in the stillness o' the night t' see Death's angel come,

An' close the eyes o' her that smiled, and leave her sweet voice dumb.
For these are scenes that grip the heart, an' when yer tears are dried,

Ye find the home is dearer than it was, an' sanctified;
An' tuggin' at ye always are the pleasant memories.

O' her that was an' is no more—Ye've got t' escape from these years, ye've got t' romp an' play,
An' learn t' love the things ye have by usin' 'em each day;

Even the roses round the porch must blossom year by year.
Afore they 'come a part o' ye, suggestin' someone dear.

Who used t' love em long ago, and trained 'em just t' run
The way they do, so's they would get the early mornin' sun;

Ye've got to love each brick and stone from celler up t' dome;
It takes a heap o' livin' in a house t' make it home.

FUNNIER SIDE

Patience is bitter, but its fruit is sweet.
Every man is a volume, if you know how to read him.
Nothing is easier than fault-finding; no talent, no brains, no character are required to set up in the grumbling business.

FRIENDSHIP OF MEN

Is there anything in this world as beautiful as good, strong friendship between two men?
They don't go round doing the monkeydoodle act;

They don't kiss each other every time they meet; in fact they never do kiss each other unless one is lying cold in death. But they are sure one knows the other always is going to stand by him, and they feel no matter what happens, each can rely on the other.

WOULDN'T IT

Wouldn't this old world be better if the folks we meet would say:

I know something good about you, And then treat us just that way! Wouldn't it be fine and dandy, If each handclasp warm and true.

Carried with it this assurance, I know something good about you!
Wouldn't things here be more pleasant

If the good that's in us all, Were the only thing about us.

That folks bothered to recall! Wouldn't life be lots more happy If we'd praise the good we see! For there's such a lot of goodness In the worst of you and me.

Wouldn't it be nice to practice This fine way of thinking, too; You know something good about me, I know something good about you!

Your Annual CHECK UP

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	I Corinthians	4	14-20
Monday	Romans	12	3-8
Tuesday	Luke	12	22-30
Wednesday	Psalm	77	11-13
Thursday	Ezekiel	2	11-15
Friday	Mark	4	14-25
Saturday	I Corinthians	16	13-14

It's a good idea to have a check up every so often. And the idea ought to be extended to our spiritual as well as our physical health. For instance, how much are we *thinking* about the truths our churches teach us? Do we understand God . . . His love for men . . . the sacrifice of Christ for our sins . . . the way of Christian living?
And how much are we *doing* for God and our own souls? Are we worshipping every Sunday . . . rearing our children in the Faith . . . serving the Church and fellowmen according to our talents and physical strength?
And how much are we *giving* for God to use? Do we promise Him a fair proportion of our income . . . do we set it aside regularly as a sum that belongs to God and to those who need our help . . . do we have the courage and faith to strengthen our Church by more generous support?

tion that "in past several years net farm income has shown a rapid decline from \$15 billion to \$11.5 billion, and farm indebtedness has increased from \$7 billion to \$11 billion, and farmers are not receiving their share of the national wealth."
The Commissioners also made it clear that in their opinion "present farm programs are obviously inadequate to meet farm needs."

ATTENTION HIGH SCHOOL GRADUATES: Boys and Girls, I noticed in a bulletin from the employment division of the Department of State, where they are needing young men and women for "Foreign Service" employment.
The jobs can be with anyone of 286 U.S. Embassies, Legations or Consulates located in 90 countries throughout the world. If you are interested write to the Employment Division, Department of State, Ansel N. Taylor, Washington 25, D. C.

With school out and the summer holidays here, the number of persons enjoying the great outdoors is increasing tremendously.

Weekend driving is especially hazardous. Add to the ever-present dangers of highway accidents a big holiday weekend, such as the upcoming Fourth of July vacation period, and you have an especially dangerous time for the motorist.

July Fourth, this year, falls on Monday.
That means Saturday, Sunday and Monday traffic will be heavy, very heavy. In fact, the greatest traffic load of the year—any year is the July 4th weekend. And this one this year has an extra day!

That means you've got to be careful!
You must observe the speed warnings as well as all other safety signs. These signs are placed on the highway for you... not to you.

However, there will be patrolmen on every highway and in the greatest numbers ever, come July 2-3-4.

So, be careful and play it safe. It's your life, as well as the lives of others, that's at stake. Your property and their property too. So don't let even one tiny black mark appear on your insurance record. That can prove costly too, you know.

Not more than two out of 10 outdoorsmen know that a motorist can be arrested if he drives more than 45 mph while pulling a boat. Did you know that?

Garrett told the cattlemen, and recent shipments of Florida cattle to and through Texas have been traced.

No cases of infestation have yet been reported in Texas. Dr. Garrett said, but every recipient of cattle from Florida is urged to call on the Animal Health Commission for an immediate inspection of such animals.

Association officials endorsed recommendation, pointing out that ticks or their larvae can be transmitted at any stop made by infested cattle moving through state. Cattlemen were urged to report discovery of ticks or larvae, since concealment could result only in spreading of the pests and the ultimate quarantine of large areas.

Beth Rathjen stayed with Mr. and Mrs. H. B. Krug Wednesday night until Friday this week. Mr. and Mrs. John Daberry visited with Norma Jean at Canyon Sunday. Norma Jean is attending West Texas College.

Spanish Rice Quick with a Mix

By Betty Barclay

COMPANY for dinner? You'll want to treat them to some new Minute Spanish Rice Mix. It's perfectly suited for an accompaniment to meat, fish or fowl. For something new, try it in this economical one dish meal called

"Quick Jambalaya."

Quick Jambalaya
4 slices bacon, diced; 1 cup diced cooked ham; 1 1/2 cups water; 2 cups (1-pound can) tomatoes; 1 box packaged Spanish rice mix; 1 pound fresh shrimp, shelled and deveined.

*Or use 1 7-ounce box shelled, deveined quick-frozen shrimp. Sauté bacon and ham. Add water and tomatoes and bring to a boil. Add packaged Spanish rice mix (right from the box), stirring to moisten all rice. Cover and simmer over low heat for 10 minutes. Remove cover and add the shrimp. Continue to simmer covered about 5 minutes longer or until shrimp are pink and tender. Garnish with parsley. Makes 4 to 5 servings.

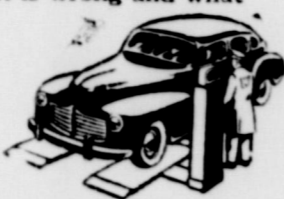

"SIDE DRAG" RUINS TIRES

Are you wasting your tires—driving them to pieces by gouging, pitting and scuffing due to improper wheel alignment? Ordinary car wear—sagging springs, worn bushings, bearings, pivots—throw car wheels out of line, drag the tires sideways along the road, literally burning away rubber on every wheel turn.

LET US CHECK YOUR WHEEL ALIGNMENT

We are specialists in wheel alignment checking and correcting service. Our modern, accurate Weaver Wheel Alignment outfit shows exactly what is wrong and what corrections are necessary. A few minor adjustments may be all that your car needs for "touch control" steering. Our inspection is without obligation—drive in today.
