Boy Scouts Plan

For Trip To

National Jamboree

Aladdin and his magic lamp had

nothing on the Boy Scouts of

America. When the Fifth National

Jamboree gathers for a week of

festivity and friendship at Colorado

Springs July 22 to 28, a magic

city will arise on the site of 2-

000 acre Reverse J. Diamond

Ranch. Actually, not magic, but

more than a year of intelligent

planning and a lot of know-how

and cooperation is behind this gi-

gantic project.

The Adobe Walls Council will

have a Delegation of 160 scouts

and leaders to attend the national

Jamboree at Colorado Springs

this summer. The pre-jamboree

training camp for this entire group

is being held at the Lefors, Texas

Football Field on June 24, 25th,

26th. Purpose of this encampment

is to train the Scouts and leaders

in the skills required at the national

Jamboree. A complete camp

will be set up just as it will ap-

pear in Colorado Springs. Visitors

are welcome to come by the encamp-

ment.

The Adobe Walls contingent will

leave by bus for the Jamboree

site on July 20th at 6:00 A.

M. Pick ups will be made of

scouts in Borger, Spearman, Guy-

mon, and Boise City.

The brain has to stretch itself to

comprehend the magnitude of the

Jamboree in its scope, services, and

supplies. This city of thousands of

neat tents will be divided into the

equivalent of 39 villages, each with

its own health lodge, water sup-

ply, shower baths and commissary.

There are many towns without

the complete facilities the Jamboree

will offer—police and fire

departments, waterworks, hospital-

ities. Jamboree-town will have its

own bus lines, radio and television

facilities, a daily newspaper, post

office, telephone exchange, tele-

graph office, trading post, and ma-

gnificent arena theatre, that can

hold about 55,000 Jamboree partic-

ipants. It takes 630 men in gen-

eral headquarters to administer the

Jamboree, with more than 6,000

men mostly volunteers, supervising

the encampment.

More than 500 correspondents

will tell Jamboree story for major

newspapers. Three thousand

Scouts will cover for their home-

town papers. Sixty-eight special

trains will carry 35,000 scouts and

their leaders to the Jamboree.

Buses, planes, and cars will trans-

port the rest.

Imagine having this bunch for

dinner? Bids were secured over

180 items, contracts let in fantas-

## Pampa Gun Club

### To Have Shoot

The Pampa Gun Club has sched-

uled a merchandise shoot for Sun-

day, July 3 at their trap range lo-

cated behind the rodeo grounds in

Pampa.

All area men are invited to at-

tend and participate in the shoot

which begins at 1:30 p.m.

**COLLEGES RECEIVE \$7,000** — S. L. Nevins, center, Vice President of Olin Mathieson Chemical Corporation, hands a check for \$3,500 to Dr. Joseph R. Griggs, right, Executive Director of the Texas Foundation of Voluntarily Supported Colleges and Universities. At left is George Kelt, Southwestern Sales Manager for Olin Mathieson. This grant will be matched with an additional \$3,500 from the Rockefeller Brothers Fund and will be applied to higher education. Dr. Griggs represents 22 church related colleges and universities throughout Texas with more than 45,000 students enrolled. In its seventh year, the Foundation has distributed more than \$1,000,000 for advanced studies.

## More Mechanization

### Marks 1959-60 Cotton

### Harvest in Texas

College Station, June 30 — In-

creased mechanization marked the

1959-60 cotton harvest in Texas.

In keeping with the national

trend, machine stripping and pick-

ing accounted for 44 percent of the

Texas upland cotton harvest. A

year earlier, it was 35 percent.

Hand picking and snapping, with

56 per cent, still predominated,

however.

A survey by the Agriculture

Marketing Service, in cooperation

with ginners, congressmen and

warehousemen, shows that 42 per

cent of the state's 4,371,000 bales

ginned was hand snapped, and 14

percent hand picked, compared to

49 and 16 percent, respectively, in

1958-59. Machine picking gained

from 4 to 10 percent, and machine

stripping increased from 31 to 34

percent.

By comparison, the 1959-60 na-

tional average was 39 percent

hand picked, 18 percent hand

snapped, 21 percent machine pick-

ed (a new high); and 12 percent

machine stripped. A year earlier,

U. S. growers harvested 44 percent

by hand picking; 22 percent by

hand snapping; 21 percent, ma-

chine picking; and 13 percent by

machine strippers.

Oklahoma, Texas and New Mex-

ico, with 48, 34 and 5 percent re-

spectively, were the only states

that employed machine stripping

extensively. South Carolina led

with 92 percent hand-picked cot-

ton and California was first in

machine picking with 83 percent.

The AMS survey also reveals

that Texas growers paid an aver-

age of \$15.94 for ginning and wrap-

ping each 500-pound gross weight

bale. A year earlier it was \$15.43.

Charges for bagging and ties, alone

averaged \$4.34 a bale, 8 cents

more than in 1958-59. The national

## ATTEND CAMP

Those attending the Nazarene

Encampment at Camp Arrowhead

at Glen Rose, Texas, were: Roy

Don Hoover and Peggy Funk from

Shamrock, Frances Cole and Men-

dall Hunter of Wheeler, Their

Councilor was Bro. Dan Hoover,

pastor of the Nazarene Church.

They left Shamrock at 7:30 o-

clock Monday morning, June 6 and

returned Friday night at midnight.

They all reported a very nice

trip and are looking forward to

camp next year.

## County Election Set

County Judge George Hefley announced today that the

Commissioners Court met Monday and set Saturday, August

5th as the date for the election which will decide whether or

not the offices of Sheriff and Tax Assessor-Collector are com-

bined.

Voters will cast their ballots in the usual voting places

between the hours of 8:00 A.M. and 7:00 P.M.

Unless the voters decide to do otherwise, the offices will

automatically be combined.

## Mustang Band To

### Perform in Dallas

September 2nd is the day the

Mustang Band will be on the field

at the Cotton Bowl in Dallas.

Playing football that evening for

the newly formed American Foot-

ball League will be Dallas and

Houston. Playing for Houston that

evening will be the controversial

figure of professional contract,

Billy Cannon. The local band plans

to spend Thursday evening in Dal-

las and will rehearse Friday after-

noon at the Bowl and be at the

game that evening. Saturday morn-

ing a tour of educational value is

planned in and near Dallas. The

State Fair won't be opened at that

time, but some of the exhibits will

be available for viewing.

## Calcote Qualifies

### As Carbine Expert

MANNHEIM, Germany (AHTN

C)—Army Specialist Four Thur-

### Sanders Participates In Training Exercise

3D INF. DIV., Germany (AHTNC)—Army PFC Glen D. Sanders, son of Mr. and Mrs. M. M. Sanders, Wheeler, Tex., participated with other personnel from the 3rd Infantry Division in a large-scale training exercise in Germany June 15-22.

The exercise, conducted under realistic combat conditions, was designed to evaluate the combat effectiveness of the unit, a major element of the NATO shield of defense in Europe.

Sanders, a rifleman in Company A of the division's 15th infantry, entered the Army in February, 1959, completed basic training at Fort Benning, Ga., and arrived overseas last September.

The 24-year-old soldier is a 1954 graduate of Wheeler High School and was employed by Givens Electric, Wellington, before entering the Army.

### CARD OF THANKS

Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow upon the loss of our loved one, Mr. Jules H. Romines. For the beautiful service, floral offering, and other kindnesses, we are deeply grateful. We also wish to express our deep appreciation to Bro. Uzelle, Bro. Lamb and Bro. A. G. Roberts and the Mt. View Quilting Club and friends for the nice dinner they prepared.

AUSTIN, Tex.—Amid the scorching, summer weather, Texans are putting new emphasis on getting a statewide water plan.

Though Texas is supposed to be mid-way in a seven year wet cycle now, unexpected rains down South Central Texas in late spring and early summer. As one source put it, "the water is not coming, crops were stunted and pasturage began to burn."

Tough conditions were better elsewhere, the difficulties of the farmers in the area around the Capital City don't emphasize to Gov. Price Daniels plea for a "crash program to develop a water plan. If Texans don't do it, said the governor, the federal government will take over."

Target is to have a complete master plan for development of Texas' water ready by May 1, 1961, to help meet this deadline, the governor asked representatives of the river authorities and districts to file updated master plans to their areas with the Water Board by Nov. 1. He also asked the river authorities to lend engineers and technical personnel to help prepare this state plan.

Meanwhile, farmers watching their corn burn up in the fields, look for comfort they could find in the often-repeated statement that "Texas has plenty of water; it's just a matter of distribution."

**STEEP GRADES AHEAD**—Looking ahead 10 years at estimated costs of state government, the governor's Finance Advisory Commission got a dizzy view of spiraling expenses.

Sub-committees of the commission will study the problem of future costs and how to meet them through the summer and make reports to the entire commission Sept. 10. Commission's report and recommendations to the governor are due Oct. 10.

Estimates of their future needs made by major state agencies for the Commission indicated a need for spending \$29,000,000 more each year to meet growth needs.

Governor Daniel told the commission he hoped they could find ways to scale down the new money needs and find sources that would grow as population and demands for services increase.

**FINANCE STUDY GROUPS**—Making up the Finance Commission sub-committee which will work through the summer to find answers to Texas' worrisome money problems are a group of citizens with more than average experience in public affairs and finances.

The panels and their chairmen, as named by Commission Chairman John Redditt are: Sources of Additional Revenue: Dr. George C. Hester of Georgetown, Financing Law Enforcement, Welfare, Hospitals and The Industrial Commission: E. B. Germany of Dallas, State's Fiscal System and Deficit Problems: Ben H. Wooten of Dallas, Public Schools: Thomas B. Ramsey of Tyler, Higher Education: Dr. Frank Conally of Waco, Highways: Herbert C. Petry Jr. of Carrizo Springs.

**MORE FROM FUNDS?**—Facing a money-short future, State Senate Committee is studying the possibility of earning higher returns from the investments of State trust funds.

Sen. Hubert Hudson heads the panel which is studying admini-

stration and investment of four funds totaling \$1,200,000. They are the University Permanent Fund, the Permanent School Fund, the Teachers Retirement System Fund and the State Employees Retirement Fund.

Mortgage bankers suggested to the panel that the funds could earn a higher return without sacrifice of safety by investing in government-insured home mortgages. Some panel members observed that the funds now invested in federal bonds were not earning as much as was being lost through inflation.

For the past three years some of the University's Permanent Fund has been invested in corporate securities which has increased its earnings over what it had been from government bonds.

Senators also discussed the possibility of saving through a unified organization for administration and counseling on the four funds.

**GAS DECISION AWAITED**—State of Texas and the natural gas pipeline companies are waiting for a decision in the first round of a long series of court fights on the validity of the natural gas severance beneficiary tax.

A total of 198 lawsuits have been filed against the tax by pipeline companies. Their attorneys argue that it, like the old natural gas gathering tax that was knocked down by the courts, is unconstitutional because it constitutes a burden on interstate commerce.

Companies have paid the \$6,363,878 in severance taxes under protest. If the law is struck down in the courts, the money will be refunded to the companies.

Atty. Gen. Will Wilson, arguing for the state, declared the law is not unfair to interstate commerce because it treats gas sold outside of Texas and gas sold within the state exactly the same.

**WARNING FOR DRIVERS**—This year's Fourth of July falls on a Monday, making a longer holiday for fun—and accidents.

Department of Public Safety has predicted 27 traffic deaths in Texas between 11:15 p.m. July 2 and 11:59 p.m. July 4.

Col. Homer Garrison Jr., DPS director, said all available patrolmen, including those from licensing and weights and inspection would be on the road.

"Their purpose is to render a service to the traveling public," said Garrison. "They need the full cooperation of all motorists in driving safely and sanely at all times."

**SAUNDERS CASE ARGUED**—Court of Criminal Appeals is to rule next fall in a case hinging on whether a witness can be convicted of perjury in connection with testimony before a legislative committee.

Defendant in the case is J. Byron Saunders, former chairman of the State Board of Insurance, who was convicted and sentenced to two year imprisonment for lying about funds received from ICT Insurance Co. while he was in office. Saunders' attorney contended that perjury is possible only before a judicial body, not before a legislative body, not before a legislative committee.

Mrs. Hallie Romines is moving to Cactus, Tex., to make her home with her son and family.

Dear Customer:

Summertime driving is fun for the whole family! it's time for vacations and relaxation — for driving through the mountain and to the seashore — for family picnics and summer sports. These are the warm, full days of sunshine and enjoyment. Now is the time to travel highways, visit new places, and the many summertime things Americans love to do.

Unfortunately, a split second of driver carelessness or inattention at the wheel can mar these summertime pleasures. Inattention to the safe driving condition of the family car may also contribute to unnecessary delays or accidents.

May we suggest you discuss a few travel suggestions at your family dinner table tonight? Then, pass them along to your motoring friends.

**BE ALERT** — driving is a full time job.

**MAKE COURTESY YOUR CODE OF THE ROAD** — it takes only a moment.

**TAKE A BREAK** — pull off the road and relax — drive refreshed.

**ALLOW FOR EMERGENCIES** — adjust your driving to road, traffic and weather conditions.

**FOLLOW THE RULES OF THE ROAD** & signs, signals, and road markings are your guides to a safe trip.

**CHECK YOUR CAR** — be sure it is in top condition for summer driving.

Have a safe, pleasant summer season — and do come back!

Cordially yours,

### Morocco Trades On Progress

The Kingdom of Morocco has recently opened a trade center in New York City at 81 West 43rd Street, to provide American businessmen with reliable, up-to-date information about Moroccan export and import needs.

Under the direction of Mr. Michel Sippel the center will work in close contact with the Moroccan Ministry of Commerce to provide last minute trade data for the importers. The center will give further assistance to the prospective importers by keeping examples of Moroccan products and manufacture on hand.

Since Morocco is primarily an agricultural country, it is expected that the bulk of American imports will be of cereal and vegetable products. Moroccan handwork, however, is among the most delicate and

intricate to be found, and should also figure prominently in future exchanges between Morocco and the United States.

One exhibition at the trade center which should charm adult and child alike, displays a variety of Moroccan dolls dressed in costumes peculiar to the different regions of Morocco. This photograph shows a doll in the colorful garb traditional in Marakesh. This delicate craftsmanship for which Morocco has long been famed makes its handicrafts among the most artistic in the world.

Gaston Target of Shamrock will preach at the church of Christ through the summer.

The Briscoe Home Demonstration Club met June 21 for their regular meeting. The president, Mrs. Jeff Puryear was in charge.

The program consisted of removing spots and stains, by Mrs. Dave Kiker. "Before using anything else, try the simplest remedy of all-cold water. It does not harm the fabric and will not set the stain," stated Mrs. Kiker. Care for bags and shoes was

given by Mrs. Clarence Zybach. She stated, "the lining of shoes should be fresher if the shoes are aired before being put away. The shoes should be polished before they are put away, if they need it, most shoe polish contains oil and this helps to preserve the leather."

Mrs. Porter Rogers told how to clean hats. "The knowledge of how to renovate millinery material is important, because if you know how to clean and renew material it may be used several seasons. To clean white and light colored felt hats: Saturate corn meal with gasoline and rub the mixture into the felt with a clean stiff brush. When gasoline has evaporated, brush out corn meal."

Mrs. Ernest Zybach was hostess and served punch and cookies to Mrs. Jeff Puryear, Mrs. Dave Kiker, Mrs. Clarence Zybach, Mrs. Henry Lee, Mrs. Bob Ramsey, Mrs. Claude Barker, Mrs. Doyle Standie, Helen and Mary Jane Puryear.

Mrs. Nellie Horton of Amarillo will visit her sister Mrs. Sallie Harris and Grady this week.

Walter, Edgar and Jimmy Flynn were Sunday visitors in the Kenneth Franklin home.

## AIN'T IT THE TRUTH

I reckon us dumb capitalists look at things wrong but I am glad we do. Last night I wuz sittin' out in the back yard soakin' in the beauty and the cool breeze and noticed there wuzn't a bird singin' or one bit of noise goin' on. Just the fancy colors of late evening showin' in. I wonder if the same kind of night wuz being enjoyed over there in the Land of the Salt Mines, name: Russia? Do you reckon them folks might be sort of like us, just plain folks do you reckon? The Good Lord made a bunch of blood thirsty monsters to try and destroy us Democrats and Republicans. I can not believe all them is gunnin' for us. Must be some that is sort of saying one of these days we might might be friends and get along without all of this hullabaloo.

One time, when I wuz a kid, I happened to be confronted with a problem that makes me think of this. Me and a bunch of other kids wuz layin' in a sand pile at night listening to different sounds. You could hear kids cravin' women, talkin' and men jabberin' some kind of talk we never heard before, and we wondered if them people out there wuz talkin' about what they wuz goin' to do to us when they got to where we wuz or, if they wanted to be friends and get away from the enemy that lay somewhere beyond. There wuzn't an officer to be found and I guess we just decided to do what we had learned in Sunday School and befriended those that needed to be befriended. We did and I shore am glad. We let about 3500 of them Phillipinos come through the line and get a little water and rest and became purty good friends of ours. If we had been like some of them high-up Boishevies we would probably have dug a mass grave for 3500 of the Good Lord's children. I believe that 99 percent of the folks we are dealing with are dandies and the oth's percent are durn fools. What do you think?

Mrs. J. S. Dearen of Quannah, Texas, and her son, Dell N. Dearen, his wife and two children of Texas City, spent the weekend with Mr. and Mrs. Tom Dearen and Mother, Mrs. Wren. They all motored to Canadian, while here to visit Mrs. Mattie Newton and Mrs. Jessie Dearens sister, Mr. and Mrs. Walter Welen and family.

She'll Never Neglect Him...

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## HI THERE

By Lavell Stephens

It has been some time now since I've given a report in and around my house.

A few weeks ago my mom was not feeling so sharp so I stayed home to do my bit of washing, cleaning, and cooking.

I've never liked helping or cooking in mom's kitchen because since she buys in large quantities she keeps the flour in a large bin—the sugar in the flour canister—salt in the sugar, soda in the salt etc. So it takes some time getting things organized in order "just to start" to prepare a meal. But never the less I made the attempt by going to the freezer—here I find all sorts of "goodies" and come through with chicken to fry. I get well on the way—and go for the potatoes—well, they aren't where they are supposed to be, so I look in the refrigerator in the hall closets, shower, under the kitchen sink, even stand in the middle of the floor, stop and look—and say to myself, "now where in the world would I be if I were a 'tator." But I didn't find 'tator one—so I open a package of frozen corn, and go on from there—finally the food is on the table, we sat down to eat, I looked at my

mother and say "Mom, where do you keep the potatoes." She looked at me as tho I'm half idiot and tells me—"why, the potatoes and onions are in a sack, hanging in the tree right outside the kitchen door." Now I ask you, why wouldn't anybody know to look in a tree for 'tators?

To give a full report on our "goings on" we have an ole sow that reminded me of some of our new fangled cars—you know, the kind that has had the rear-end lowered, so that if you run over a match you drag—that's what this ole sow look'd like—but in a day or so, I found out why, somewhere or other she found us 16 little pigs. After that I looked at the ole girl and say to myself "boy! am I ever glad us humans don't come through with so many—josh! what a mess of washing and bottle fixing that would be—and enough to drive a body out of his mind.

How's your garden growing? Can't say to much for mine—but we do have about the best crop of goat heads in the country. Have been trying to figer' out some way to roast and salt and get a market for them like some feller did on those snails, canned grasshoppers, and chocolate covered worms. If any of you come through with a good idea for these goatheads, let us know and all of us can make big money.

Fear not that thy life shall come to an end, but rather fear that it shall never have a beginning.

When you get into a tight place and everything goes against you, till it seems as though you could not hold a minute longer, never give up then, for that is just the place and time that the tide will turn.

"Wildoats take something out of the soil of a man's life that no system of crop rotation can restore."

FORCE OF HABIT  
Business is dull; can't sell a thing; The dog won't play; the cat won't sing.

The radio stales; the wife has the flu;

Got a bill today saying, "The rent is due."

Tires are flat on the family bus. Got a thousand things to make me cuss.

Yet I met a friend on the street today.

Who had the ungodly nerve to say: "How are you, old top? You're looking fine.

Without even a worry to burden your mind."

I answered him back strange, but it's true:

"I'm fine, old fellow, how's things by you?"

This is the thought I wish to bring—

The force of Habit is a Powerful Thing!

## IT ONLY FEELS LIKE POWER STEERING

(Corvaire doesn't need it)

Corvaire's ingenious design simply places the engine in the rear. That means less weight on the front wheels and a lighter, happier feel in the curve of your hands. No power assist is needed in a car that's naturally nimble.

See what a fresh engineering approach can do? From handling and parking ease right on, there just isn't anything ordinary or

conventional about Corvaire. Look at its practically flat floor, four-wheel independent suspension, fold-down rear seat. Its air-cooled rear engine that never needs water or anti-freeze or radiator repairs... and leaves engine heat and noise back where you've been. All these special advantages are standard in every Corvaire. Just wait till you see how much

they add to your driving pleasure. But why wait?

## HIGH LIGHTS AND SIDE LIGHTS FROM YOUR STATE CAPITOL

AUSTIN, Tex. — When the various states go to battle to capture industries, other states go in with common-sized budgets. But not Texas.

Texas is, by comparison, fighting with a rubber band and spit balls. At least that's the view of the man who heads the Texas effort, Walter E. Dickerson.

Dickerson, an executive director of the Texas Industrial Commission, directs himself. He has no staff and no secretary. Legislature allotted him \$23,750 a year to do a job for which the neighboring "poor" state of Arkansas spends more than a half-million a year.

Dickerson used his slim funds for a brochure on Texas and, since out-of-state travel is impossible, long-distance telephoning. He's also seeking additional funds from Texas firms to carry on the work.

Next winter he'll be before the Legislature to ask for more money to give Texas an even break in the intensely competitive industry-seeking field.

Dickerson's pleas come against a background of warnings that Texas manufacturing has not been growing fast enough to offset the decline of oil and agriculture. Some areas, such as the Gulf Coast, are becoming highly industrialized, but Texas needs more industry all over, say the economists, if it is to avoid a stall.

More manufacture of products for the Texas consumer market is especially recommended. Dickerson has data showing that Texans send \$2,500,000,000 of their money out of state to buy manufactured products.

Dickerson also supports his urging for a beefed-up Industrial Commission with figures showing that raw industry is literally "money in the bank" for a town and state. For each industry with 100 employees — not a particularly big

one — bank deposits jump \$270,000 and retail sales 7360,000 per year.

### BUSINESS TOTALS TUMBLE

—Texas' most recent business activity reports are not entirely rosy, either.

Retail trade for May was down 2 per cent from April and 4 per cent from a year ago, according to the University Bureau of Business Research.

Building construction was also in a downward spiral, 3 per cent from April and 11 per cent from last year. Building decline between April and May was due to a sharp drop in home building. Non-residential construction was up 3 per cent.

Slow down in retail buying was unexpected, inasmuch as employment, income and savings are at an all-time high. An increase in home building is hoped for as a result of eased FHA down payments. More home buying, in turn, stimulates more retail buying, particularly furniture, appliances and hardware.

### PROUD PARENTS

Mr. and Mrs. Claude Stephens of Borger are the proud parents of a baby girl, born June 27. She weighed 6 lbs. and 13 oz. They named the little lady, Shalene Colene Stephens. Grandparents are Mr. and Mrs. A. M. Stephens of Stinnett and great grandmother is Mrs. Gracie Mizzy of Wheeler.

### CAR WRECK

It was learned early Tuesday morning that Mr. and Mrs. Roy Hathaway, their young daughter and Kathleen Greenhouse were involved in a car accident at St. Joe, Tex. No one was seriously injured in the wreck.

Mr. Langford emphasized that the return of crop residues to the soil is a sound conservation practice in maintaining soil productivity. It will become more important as our underground water level declines, and we are more dependent upon rainfall for crop production. Soil with poor physical structure and low organic matter is much less effective in absorbing and holding rainfall than soil with adequate humus.

Mr. and Mrs. Alvise Bruce Denhan of San Diego, Calif., are the proud parents of a baby girl born June 27. They named the little lady Betty Arlene Denhan.

## Application Open For Briscoe Postmaster

An examination for Fourth-Class Postmaster for the post office at Briscoe, Tex. \$2539 a year, will be open for acceptance of applications until July 26, 1960, the Commission announced today.

Applicants must actually reside within the territory supplied by the above mentioned post office and they must have reached their 18th birthday on the closing date for acceptance of applications. There is no maximum age limit. However, persons who have the age of 70 may consider only for temporary renewable appointments of one year.

Complete information about the examination, requirements and instructions for filing applications may be obtained at the post office for which this examination is being announced. Application forms must be filed with U.S. Civil Service Commission, Washington 25, D.C. and must be received or postmarked not later than the closing date.

Son, Una and Paula Denhan and Mrs. Gracie Mize motored to Fort Worth, last Friday where they spent a few days in the home of Mrs. Denhan's sister, Mr. and Mrs. F. C. Rhoten and family.

**What's YOUR Kitchen's "Color Rating"?**

What's your kitchen's "color rating"? If it's high, chances are you have an attractive, pleasant kitchen that your whole family can enjoy.

Famous New York color-stylist Beatrice West, who advises Caloric Appliance Corporation on kitchen color planning, has prepared this checklist to help you rate your kitchen.

	YES	NO
Does your kitchen's color scheme blend with those of the rooms adjoining it?	<input type="checkbox"/>	<input type="checkbox"/>
Do appliances that are the same color match each other exactly?	<input type="checkbox"/>	<input type="checkbox"/>
Do colors of appliances, wallpaper, paint, countertops, floor covering, cabinets, and accents all blend into one attractive scheme?	<input type="checkbox"/>	<input type="checkbox"/>
Are the "permanent" features (appliances, floor coverings, and countertops) soft, neutral colors that offer many possible color combinations?	<input type="checkbox"/>	<input type="checkbox"/>
Are vivid, bright colors limited to wallpaper, paint, and accents that can be changed easily?	<input type="checkbox"/>	<input type="checkbox"/>
Are patterns limited to one (or at most two) areas?	<input type="checkbox"/>	<input type="checkbox"/>
Were cabinet colors or cabinet wood tones considered in your color scheme? They usually account for large surface areas in the kitchen.	<input type="checkbox"/>	<input type="checkbox"/>
Were colors planned to influence the apparent size of the kitchen? (For example, using light, cool colors to make the kitchen seem larger.)	<input type="checkbox"/>	<input type="checkbox"/>

**Here's YOUR Kitchen's Rating:**

Count your "yes" answers. If they total:

7-8 — You should be very proud of your beautifully "color-coordinated" kitchen.

6-6 — You have an attractive kitchen. A few color changes would probably make it perfect.

5-4 — Your kitchen is basically well-planned for color. Review your "no" answers for tips on improving it.

3-2 — Better color-styling will probably improve your kitchen. Your "no" answers will guide in starting.

**Long Live Strawberries!**

By Betty Barclay

THE noble strawberry, queen of the berry crop, reigns supreme when served in a home-made sweet spread. Bring it to the breakfast table in a Strawberry and Rhubarb Jam, easily made the short-bell way with today's recipe.

Rhubarb and Strawberry Jam  
Yield: about 9 medium glasses (4 1/2 lbs. Jam)

3 1/2 cups prepared fruit (about 1 lb. rhubarb and 1 qt. ripe strawberries); 6 1/2 cups (2 1/2 lbs.) sugar; 1/2 bottle Certo liquid fruit pectin.

First, prepare the fruit. Slice thin or chop (do not peel) about 1 pound red-stalked rhubarb. Add 1/4 cup water and simmer, covered, until rhubarb is soft—about 1 minute. Crush thoroughly about 1 quart fully ripe strawberries. Combine fruits and measure 3 1/2 cups into a very large saucepan.

Then make the Jam. Add sugar to fruit in saucepan and mix well. Place over high heat, bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat and at once stir in liquid fruit pectin. Skim off foam with metal spoon. Then stir and skim by turns for 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into glasses. Cover jam at once with 1/2 inch hot paraffin.

# IT'S ALL THE WAY WITH LBJ, AS DELEGATES HEAD FOR LOS ANGELES

## DEMOCRATS UNITE BEHIND JOHNSON, DANIEL, RAYBURN

Texas Democrats, strengthened with the greatest harmony in history, are heading for the National Democratic Convention to elect the next President of the United States.

They will support "all the way" the Lone Star State's native son and Majority Leader of the U. S. Senate, Lyndon B. Johnson, for the Presidential nomination.

An overwhelming vote of confidence in the Texas Democratic leadership was voiced by delegates to the State Convention in Austin on June 14. Senator Johnson, Governor Price Daniel and Speaker Sam Rayburn piled up a total of 2,255 votes in a test vote that drew only 37 dissidents.

Senator Johnson was elected Chairman of the Texas delegation, and Governor Daniel was named Vice Chairman.

Minority splinter groups who had boasted of taking a "rump" delegation to Los Angeles in opposition to Senator Johnson failed to attract an audience. Delegates refused to walk out, remaining loyal to the Party leadership and ousting of the opposition leader, Mrs. R. D. Randolph as National Committeewoman. She was replaced by Mrs. Hilda Weinert of Seguin, a loyal and devoted Democrat who formerly served 12 years in the post. Mrs. Weinert was honored this year as the most outstanding Democratic woman of

the year in Texas.

## CONVENTION POLICY LAID DOWN BY SDEC

The foundation for the harmonious session was laid a day earlier by the State Democratic Executive Committee and Governor Price Daniel. At its meeting on June 13, the SDEC called on the State Convention to adopt a program of support for the Party nominees — local, state and national. The convention carried out this and also adopted the State Committee's recommendation that Presidential Electors must vote for the nominees or resign their posts.

The loyal policy laid down exceeded the requirements set by the national Democratic Committee, which fails to require a pledge to support Party nominees. Texas Democrats, however, almost unanimously adopted the loyal resolution.

This tremendous Democratic victory was no accident. It just didn't happen. Several weeks in advance of the convention, preliminary meetings were held at the request of Governor Daniel who called in top leaders from over the State. As a result of these sessions, a common ground was found on which virtually all delegates could agree.

The achievement of the Party's most harmonious convention in history was due largely through the close liaison between Governor

Daniel, representing the State Democratic Committee, and John Connally, representing Senator Johnson.

Democrats formerly aligned with a splinter faction led by Mrs. Randolph of Houston refused to go along with a rump. She told the press afterwards, in abandoning her plans to take a separate anti-Johnson delegation to Los Angeles.

"My feeling is that you can't be a rump delegation to Los Angeles if you don't have anyone who rumped."

## LABOR LEADERS ABANDON "DOT" ON RUMP ISSUE

Citing the party loyalty victory at the State Democratic Convention, top officials or organized labor in Texas refused to join the minority "Democrats of Texas Clubs" splinter group in an anti-LBJ rump contest to Los Angeles.

Labor's position was voiced in its official publication which stated:

"... some of our friends were not primarily interested in getting the convention to adopt a party loyalty resolution but were using that issue to try to justify the sending of a contesting delegation to Los Angeles for the sole purpose of damaging Johnson's chances for the nomination."

The State's AFL-CIO leadership pointed out that Labor's policy is neither to help nor hinder a candidate for the presidential nomination.

## TEXANS WILL ATTEND CONVENTION DINNER

Plans have been made for the entire Texas delegation to attend the \$100-a-plate dinner on the eve of the National Democratic Con-

vention. The funds will apply on retirement of the remaining 1959 quota which Texas owes the Democratic National Committee.

Senator Johnson and other leading candidates will speak at the banquet, to be held Sunday night, July 10, at the Beverly-Hilton Hotel.

Texas will have the largest single delegation in attendance at the fund-raising dinner. More than 40 tables, each of which seats ten persons, have been reserved.

Texas admittedly outdone any other State. National Party Officials have advised that no more tables will be reserved for the Lone Star State.

Governor Daniel personally underwrote 30 of the tables some three weeks ago.

The convention opens the following day in the Los Angeles Memorial Sports Arena. The Texas delegation, which will have 61 votes, will be housed in the New Clark Hotel.

State Chairman J. E. Connally has announced that the State Committee would maintain an office to serve delegates in every way possible. The Committee's Director, Clyde Johnson, and two Staff Secretaries, Mrs. Curtis Smith and Mrs. Tom Ford, will maintain the office.

## CHANGE IN NATIONAL COMMITTEE EXPECTED

A proposal to add all State Chairmen to the membership of the Democratic National Committee is winning enthusiastic endorsement from Party leaders throughout the Nation.

Roger Kent of the California State Committee initiated the idea several months ago and has secured endorsements from many outstanding Governors, Senators, Congressmen and State Chairmen for presentation to the Convention's Platform and Resolutions Committee. No opposition to the proposal has been found.

Texas Chairman Connally is working in close co-operation with Kent and other Party Officials to obtain additional support.

A resolution endorsing a change in composition of the National Committee membership was adopted at the Texas State Convention. It was pointed out that the State Chairmen are a requisite part in carrying out the politics and programs of the Democratic Party on the state level, and that such a change would result in strengthening the Party.

Among those supporting the proposal is the Hon. Chester Bowles, Chairman of the Platform and Resolutions Committee.

Texas members on this vital committee are SDEC Vice Chairman, Mrs. R. Max Brooks, and Congressman Paul Kilday.

## SPECIAL MEETING OF SDEC HELD JUNE 18

A special meeting of the State Democratic Committee was held on June 18 in Austin in compliance with the Election Code requiring a canvass of the run-off primary returns on that day.

The Committee had met during the Convention activities, but the subsequent session was necessary under the law. Many members were represented by proxy-holders residing in their districts but working in Austin, thus avoid-

ing the inconvenience of traveling long distances. The meeting lasted only about 15 minutes.

## COUNTY COMMITTEE MEMBERS ELECTED; MUST FILE LISTS

All County and Precinct chairmen, elected in the recent Democratic primaries, have now assumed their duties. Under the law, a list of these party officials must be filed with the County Clerk. The County Chairman also should file this list with the State Committee Office.

Those who have not done so are urged to send immediately the names and addresses of their precinct chairmen to the SDEC Office, 1010 Lavaca, Austin, so that our files can be kept up-to-date.

We welcome all the newly-elected Party Officers and look forward to serving you and co-operating with you on all Party affairs.

## RETURNS NOW FILED IN "PRECINCT BOOK"

Under a new provision of the Texas Election Code, the primary election returns are now recorded by the County Clerk in a special precinct book. The law requires "recording the state of the polls in each precinct in a book to be kept for that purpose."

This provision, in Article 13.24 of the Code, is being called to the attention of County Chairmen and County Clerks in case it was overlooked following the canvass of returns by the County Executive Committees.

## MRS. R. MAX BROOKS LAUDED FOR WORK ON CONVENTION HOUSING

Mrs. R. Max Brooks, Vice Chairman of the State Democratic Executive Committee, performed a truly outstanding job in handling housing assignments for the nearly 5,000 delegates and officials attending the State Convention in Austin.

As Chairman of the Housing Committee, Mrs. Brooks and her Staff tackled this tough and tedious task with amazing efficiency and success. Although less than 1,500 rooms were available, Mrs. Brooks rolled up her sleeves and went to work — day and night, hour after hour — and achieved what many considered the impossible.

We express our deepest gratitude and appreciation to Mrs. R. Max Brooks for the tremendous amount of work she is doing in behalf of the Democratic Party of Texas.

## Plans Complete For Local Rodeo-Barbecue

**Charlie Plummer Will Furnish Stock**

The Wheeler Riding Club's 5th Annual Rodeo will be held at their arena northeast of Wheeler starting Thursday, July 14 and continuing through Saturday night, July 16. All performances will be at 8:00 p.m.

A special feature of this year's rodeo will be a Riding Club sponsored barbecue. The barbecue will be held following the parade Thursday afternoon. Serving will begin at 6:00 p.m. Everyone at-

tending the first night performance of the rodeo will be served a barbecue lunch at no additional charge.

Seven events are scheduled for the show. Including: Bareback Bronc Riding, Saddle Bronc Riding, Calf Roping, Bull Dogging, Bull Riding, Ladies Barrell Race, and Double Mugging. All riding classes in the arena are invited to attend the contest for prizes.

All events will be based on a two go round average. Entry fees will be \$15 in each event. The big street parade will be held Thursday evening at 4:00 p.m. with riding clubs and individuals invited to participate. The Grand Entry will be at 8 p.m. the same evening.

A Kidpony show and contest will be held at the Rodeo Arena Saturday evening at 7:00. At that time and awards made. The show will terminate in time for the arena to be cleared for the 8 o'clock performance of the rodeo.

Clowns and music have been secured for entertainment during the show. A fast moving program with plenty of action is promised by the Riding Club.

Charlie Plummer of Elk City, Oklahoma will furnish the stock for the Rodeo.

Plan now to attend the Rodeo. Admission prices will be \$1.00 for adults and 50c for students. A concession stand will be located on the grounds for your convenience.

### Beware of 2-for-1 & "Free" Paint Deals

When you buy paint, be sure you select one that gives your home long-lasting protection and retains its color brilliance for years. If you buy an inferior paint, you will have to repaint years sooner than if you had bought a quality product, warns General Joseph F. Battley, president of National Paint, Varnish and Lacquer Association.

Since the cost of applying paint—either the painter's charge or the value of your own labor—runs several times the cost of the paint, what you "save" by using inferior paint is lost many times over because of the need to repaint so soon, General Battley explained.

Unfortunately, it is not possible to tell how a paint will perform by looking at it or even by reading the formula. How, then, does one select quality?

"It's actually easy," General Battley says. "The raw materials used to make quality paint are expensive. This means that good paint cannot be sold on the basis of two cans for one or be given away 'free.' It follows that a paint sold on two-for-one, extra-gallon-free and similar deals is undoubtedly inferior paint.

"Why pay for a mink and get two skunks?" General Battley asks.
