FEDERAL LAND BANK REDUCES INTEREST RATE

The Board of Directors of the Federal Land Bank of Houston has approved a reduction of 1/2 of 1% in the interest rate which the bank will charge on its new loans beginning January 1, 1961. In making the announcement, Hal Weatherford, President of the Bank, stated that the board also authorized a reduction of 1/2 of 1% beginning January 1 and until further notice on some \$24,000,000 of loans which bear an interest rate of 6%.

According to Weatherford, this is the third time the Houston Bank has been able to voluntarily reduce the interest on loans already on the books. The Federal Land Bank makes its loans through 73 Federal Land Bank Associations located throughout Texas. It has over 235 million dollars of loans in force and obtains funds to make loans through the sale of bonds to the investing public. This reduction in interest rate will mean substantial savings each year to many farm and ranch owners in Texas.

Land Bank loans in this area are made and serviced through the Federal Land Bank Association of Shamrock, which services Wheeler and Collingsworth Counties. According to its Manager, Rayburn L. Smith there are 401 loans in force for about \$1,800,000.00.

The officers and directors, other than the manager and Mrs. Rosalie Seeds, Office Assistant, are President, J. C. Emmert, Vice President, Robert Terry, Directors, Tom R. Cunningham, Woodrow Wood, C. F. Waters, H. J. Finsterwald.

Taft's Production Sale is Next Week

Robert Taft, Laverne, will hold his second production sale at Buffalo Thursday, January 12. Sale will begin at 12:30 o'clock. Taft's first sale was held November 24, 1959, at which time he sold his 1958 calves. His herd is still too large, so he is selling his entire 1959 calf crop in this sale. This is a large offering — 20 bulls and 65 bred heifers, all sired by his three herd bulls, direct from the Roy Turner ranch at Sulphur. They are all out of Hazlett bred cows. The heifers are all guaranteed in calf to a son and grandson of TR Royal Zato 27. They are due to start calving April 25.

Gene Watson of Hutchinson, Kan., will cry the sale which will be held in the heated Purebred Livestock Pavilion on the fairgrounds adjoining Buffalo on the west. Catalogs are being mailed this week by Taft from Laverne or by Harper County Agent Max Barth, Jr., Buffalo.

Allison F.F.A. Boys Have Planning Meet

The Allison FFA met in a regular meeting Monday, January 3 in the vocational Agriculture building. 14 members and two guests were present. The first item of business was plans for a party with the FFA. The plans were made for Monday, January 9 at 7 p.m. in the agriculture building. The members then made plans to have a project tour Monday morning, January 9 and visit all the student livestock projects. Hiram Eggert is in charge of the project tour. Some discussion was held on the chapter making a visit to the Fort Worth livestock show to be held at the end of the month. The meeting was opened and closed with the regular procedure.

ANOTHER DAUGHTER

Mr. and Mrs. Billy L. Clay of Shamrock are the parents of a baby daughter born Thursday, December 29th in the Shamrock General hospital at 2:10 A.M. She tipped the scales at 7 lbs. 4 ozs. and was named Christy Maureen. Grandparents are Mr. and Mrs. L. T. Crowder of Wheeler and Mr. and Mrs. Bryce Clay of Shamrock. The Clays have another daughter, Rita DeLois.

A NICE CATCH: W. G. Jones of Wheeler is pictured with a large bobcat which he helped shoot on the C. O. Killingsworth farm southeast of Wheeler. The cat weighed 40 pounds and as you can see, he was almost as long as Mr. Jones. Others on the hunt and helping shoot the cat were Charles Jones, Eddie and Jimmy Givens. The cat was killed last week.

Wheeler Schools Arling Cordell, Supt.

Since many cases of Diptheria have been reported in the Plainview area, parents are advised to check closely your children's immunization with your family physician. If you aren't sure, give them a booster shot. Our semester ends on Friday, January 13th, and a series of comprehensive tests will be given for the purpose of evaluating all our pupils' progress. When you receive your child's report card, scrutinize it carefully, being particularly attentive to their marks in the Language arts and Mathematics and the Sciences. Only those who are able to read, write, speak and listen intelligently will be able to get an education in this complex world of ours. Have you thought about the upcoming meeting of the legislature, Mrs. Tax-Payer? Which tax or taxes would you be willing to pay? A state income tax, increased taxes on our mineral resources, a general sales tax, a payroll tax? Or greatly increased taxes on luxuries such as alcoholic beverages? It is later than we think. We must have definite plans that we can uphold in order to guide our Legislators in passing the laws which we must obey. Have we talked with our able Mr. Grainger McIlhenny, Rep., and our veteran Senator Hazelwood? If not, we need to give them the benefit of our thinking on those very important matters.

He plans to open the church with a Spirit Filled revival and welcomes any and all residents to hear the scriptural messages. It is Rev. Chandonnet hopes that all will mae good use of this church and its services. Services will begin January 22 at 7:30 P.M. Rev. Foster, wife of Pastor E. R. Foster of Amarillo will conduct the revival. Mrs. Foster will be remembered from the revival in Wheeler last year.

Wheeler Will Have Micro-Wave TV Soon

Mesa Micro Wave Company engineers were in Wheeler last week and made plans for the construction of the Micro-Wave Television system, which will furnish near-perfect television for Wheeler, Shamrock and Canadian Television Cable Viewers. Corky & Laura Guthrie announced today that most of the equipment necessary to change over the Wheeler Cable system has arrived. Construction of the main tower, which will be located 12 miles northeast of Pampa, on the Bowers Ranch, will begin next week. Wheeler cable subscribers should have micro wave television within the next 45 days.

Allison and Briscoe F.F.A.'s Exhibit Calves

The Allison and Briscoe Future Farmers weighed their commercial beef calves for the first ninety day period and prizes were given to the students with the fastest gaining calves. The FFA students have produced 3,594 pounds of beef in the first 90 day period. Roy Dukes of the Allison FFA had the two top calves for the first 90 day period and was given a new western hat by John Ball of the Canadian Production Credit Association as first prize. He also was given a shirt by Glen Markham of the Allison Gin as second prize. Third prize went to Bob Swift of the Briscoe FFA. The contest will end in 90 days with cash prizes to the top 7 boys with the highest gaining calves. Plans are being made to market the calves in Oklahoma City with a tour of commission companies and packing houses.

Named as honorary bearers were Jim Farris, Enoch Barker, E. D. Guynes, N. V. Arganbright, Murray Sanders and Thurman Rives.

Interment was in the Wheeler Cemetery under the direction of Kirk Funeral Home.

Jack Garrison Installed In Club's Top Position

Jack Garrison was installed as president of the Wheeler Kiwanis Club in a special installation service held Tuesday night in the Methodist Fellowship Hall.

Other officers installed were Gordon Stiles, vice president; Thurman Rives, secretary and Adrain Risner, treasurer; Directors, Lewis Lancaster, Cecil Denson, Harold Nash, Geo. Weems, Gordon Whitener, Arling Cordell and Dick DeArment. Lewis Lancaster, acted as master of ceremonies, while Frank Wofford led the group singing. Jack Garrison introduced the guests and Lt. Gov. Marion Bruce installed the officers.

Entertainment for the evening was furnished by Bob Patterson and Shorty Loter.

The following is the text of the speech made by Marion Bruce at the Kiwanis banquet. "In 1960 Kiwanis International theme was 'Freedom Is Up To You'. This year our theme will be 'So for this two-year period, each of us holds in our hand the bright coin of being an American, and notice that it has two sides, Freedom and Responsibility.'"

"Freedom is a hard-bought thing. Money won't buy it. Words in the Bill of Rights won't buy it. Unfortunately, a man can't secure freedom for all of his progeny—for his children, perhaps; maybe for his grandchildren; but some time along the way, his heirs must either work to hold their freedom, or buy it with blood shed and misery."

"Irresponsibility will lose us our freedom almost overnight."

"That is why we, members of Kiwanis International, must carefully consider this two-year program. Last year underlined the importance of the individual in our fight to gain or hold freedom. Freedom is up to YOU, not to someone down the street, or over in City Hall, or up in Washington. It is up to YOU. When you choose freedom, you can look around you and find others of your kind to help you fight for freedom."

This year we will study and act out, the responsibilities of citizenship. Have you ever considered that a slave does not need to be responsible? Obeying, yes; but not responsible. Only free men, capable of making decisions and acting upon such decisions, can be responsible."

"The rights of freedom cannot be used unless the responsibilities of freedom are accepted."

"Now what are some of these responsibilities? There are nine points spelled out in our 'Program of Service for 1961.'"

These are: 1. Live by the Golden Rule and demonstrate support of religious and spiritual values.

2. Encourage youth by precept and example, to become responsible leaders and citizens.

3. Support our Key Clubs and Circle K Clubs through constant adult association counsel and guidance.

4. Help youth in physical, mental and moral development, and in the choice of vocation, to grow to maturity and excellence.

5. Foster more effective farm-city relations and promote sound conservation programs.

6. Use the "CQ" program to increase participation in responsible self-government; promote international good will as exemplified by Canada-United States relations; and advance peace through the rule of law in world affairs.

7. Build strong clubs through positive, effective and continuing programs of education and the fostering of good fellowship in every Kiwanis experience.

8. Increase Kiwanis service by expanding our membership through personal sponsorship, the building of new clubs and diversified programs and music.

9. Maintain a high quality of service by continuous evaluation of club accomplishments."

"Perhaps you say that these are principles by which you already are living, or that some are so general that you do not know where to start."

"Generalities are accomplished by the particular actions of clubs and individuals. In America we have a happy faculty, for building associations and acting through those associations. As early as 1832, when this nation was less than 50 years old, a young Frenchman who visited here said we formed societies to give entertainments, to found colleges, to build hotels, to construct churches, to set up libraries, to send missionaries to foreign lands, to found hospitals. In fact, he said that whenever Americans wanted to accomplish any great work, they always formed an association . . . that where in his home country of France you would find the Government taking the lead, or in England, you would find a man of great rank at the head of a pro-

ject. In the United States you would be sure to find an association taking the lead."

"Therefore, if you want to know what you can do in 1961, lets look back at 1959, and see what Kiwanians have done—and that is the sum of Kiwanis International."

In the summary of major 1959 activities, I added up the sums of money that Kiwanians raised and spent . . . The total was an amazing \$30 million dollars. Twenty-three million of this was raised for such local community organizations as Community Chests, or for national funds to help with research to stamp out heart, cancer and polio diseases. Another four-and-a-half million worth of government bonds was raised. More than one million dollars was raised on Kids Day, and Kiwanians distributed more than a million dollars through club scholarships and loans."

"Kiwanians provided 826,326 lunches and bottles of milk for needy children. They made it possible for another 475,362 boys and girls to have better eyesight, better hearing and medical attention. 12,462 orthopedic and CP cases were helped. They helped employ 4,160 handicapped persons."

"Kiwanis conducted 28,650 "go-to-church" campaigns and distributed 325,675 "Grace Before Meals" cards to hotels and restaurants. 30,110 Kiwanians taught Sunday School and other religious education classes. They provided religious education in day camps for 62,076 youth."

"They sponsored 2,987 Farm-City activities and carried out 9,163 farm projects—soil conservation, crop and the like. They involved 35,869 rural people in projects to build better relations between town and country people—aiding in what has come to be a real task in America—that of getting rural Americans back to thinking alike instead of always digging canyons between the various segments of Americans."

"Because Kiwanians fully recognize that neither freedom nor responsibility can be practiced by those who know nothing about either concept, Kiwanians are always eager to assist the nation's children and youth. They furnished vocational guidance to 627,688 youth, and vocational aids to another 148,739 boys and girls. They provide recreational projects to almost 5 1/2 million boys and girls. They aided 15,720 youth groups such as Scouts, Camp-Fire girls, Future Farmers of America and 4-H Clubs. They sponsored 12,288 athletic teams. Kiwanis gave out 125,687 scholarships, scholastic loans and awards."

"Perhaps you will think that some of the following activities seem unrelated — but add them together and you have responsible citizenship: 3,633 projects to aid the schools, including better teachers salaries—16,844 safety campaigns in cities and on the farm—4,503,078 trees planted—and a man who plants a tree is practicing a faith in the future as well as helping to beautify God's Earth on which he lives—and last but no means least, the 6,273 Kiwanis projects of international goodwill. If we are to have peace on this earth, it will come when goodwill exists between men of various nationalities, creeds and colors, and not when the armies enforce uneasy truces."

"But the theme was 'citizenship' and how do men become a part of the self-governing process that has made this a great and forceful nation? In fact, how can we have self-government unless men such as Kiwanis welcomes to membership, will undertake the work of self-government?"

"A new sense of responsibility to self-government must come about in this country. Otherwise we may lose—in less than 200 years—the brightest dream that mankind has ever known—the American form of federation between the governed and the government; between local communities, between States, and between the three arms of the Federal Government — legislative, executive and judicial."

"In this admirable separation of powers, the American citizen could exist with freedom and security, said the Founding fathers. But remember that the Constitution of the United States does not provide for any kind of government but self-government—it does not provide for a king, an emperor or rule by a group of rich and powerful men. If the people will not govern themselves then a vacuum is created—and something must fill that vacuum. Of late years it has seemed to me—if I may be allowed a personal opinion—that vast faceless bureaucracy has filled the vacuum. Our friends and acquaintances who work in the bureaucracies are caught in the same sticky tape and buried under the same mountains of paper that the

LIBRARY NEWS

By Marie Fulks

The Wheeler Public Library wishes you a happy new year of good reading!
It is now time to pay 1961 dues, 10c.
Over the holidays the library had gifts of about 40 books. Mrs. Henry L. Lerner gave three good books for juniors, Mrs. B. I. Cogdill of Amarillo gave 23 for adults and Mr. George Warren gave a box of books for juniors and young people.
We now have some pretty chairs in the library. This was made possible by a large gift of money from Mrs. Tom Britt, and a lot of donated time from Mrs. Carol Adams and family.
We also think this is the proper time of year to express our deep appreciation for the cooperation of our fine Editor of the Wheeler Times.

Walker and White Exchange Vows

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITOL

Austin, Tex. — Forecasters are fond of saying, "That which is going to happen has already begun."

If so, the first year of the new decade, 1960, was strewn with weathervanes to point the course of Texas in the next nine years.

Among major Texas events in the opening year of the sixties were these:

1. PARTY PRIMARIES were held in May and June, two months earlier. New dates ended old traditions, like announcing with the dogwood, campaigning in the heat for the first time in years, challengers toppled two incumbents from statewide office, a fact that is bound to encourage future activity from young men "waiting in the wings."

2. DEMOCRATIC CONVENTIONS, though temptuous as always, were held in control by the joint leadership of Gov. Price Daniel and Sen. Lyndon B. Johnson. Johnson won near-unanimous backing for his presidential bid at the June state convention, an event which marked the end of the left-wing DOT. After the national convention, in July, dissension arose in the other wing. Many conservative Democrats bucked at supporting Standardbearer John Kennedy and the liberal national platform. Enough became "Texans for Nixon" to make Texas a "doubtful state." Sears and divisions of 1960 will inevitably be reopened when Texas Democrats get together again in '62 and '64.

3. 1960 CENSUS reports confirmed predictions that Texas will be a metropolitan state in the sixties. Overall, population grew from 7,711,194 in 1950 to 9,579,677. Sixty per cent of the increase was in the four largest cities. In addition, in every growth area, cities increased their populations at the expense of surrounding rural counties. This did not alter the state total, but changed the make-up of population now 70 percent urban, 30 percent rural. Result will be a strong push for more urban representation in the legislature, more state level sympathy for city problems.

4. STATE FINANCE PROBLEMS were out of the news, as both officials and private citizens circled the issue that will come to a boil in this year's legislative session.

5. AUTO INSURANCE RATES, under a new merit plan, have for good or ill stirred more commotion than a back-firing Model-T at a horse auction. Last Legislature instructed Board of Insurance to consider safety incentives and driving records in setting statewide rates. Results was a plan, begun last January 1, basing auto insurance rates on the driver's arrest record for past three years, including traffic tickets as well as accidents. Drivers whose rates jumped because of minor violations were irate. Those with spotless records got lower rates and were generally happier. A number of lawmakers have promised to look into the matter thoroughly this year.

6. GAS TAX SUIT, begun in early 1960, probably will be in the courts another year. In the past year, gas pipeline companies won rulings that the severance beneficiary tax is unconstitutional in district court and the court of Civil Appeals. In months ahead, the case will go to the Texas Supreme Court and U. S. Supreme Court. If the tax is upheld, futures efforts to raise the rate are certain. If, as in the case of the gathering tax in 1953, it is held unconstitutional by the U. S. Supreme Court, it is unlikely that even the most ardent gas tax advocates will try again to raise revenue by this route.

7. RACE FOR SPEAKER of the House, as tight and uncertain as in 1959, brought renewed suggestions that "there ought to be a better way." Whether Rep. Wade Spilman of McAllen or Rep. James Turman of Gober wins in the secret ballot of House members on January 10, it will be several weeks before either can get committees organized and ready for business. To add to the confusion, prospective candidates for Speaker in 1963 already are jockeying for position. Some have suggested permit representatives to elect to and elect a presiding officer a month or so before the session's actual opening. Another proposal is to let the people decide by making the post an elective one the same as in the Senate. Advantage besides letting the voters have a choice is the fact that the decision would be reached in November and the House could go to work immediately on the opening day of the session. Also it would eliminate all of the bitterness that is created under the present system.

8. TOURIST AND NEW DUSTRY promotion got away in 1960, despite perky budgets. Highway Department brought out its first tourist brochure, a 32-page booklet in colors. This year it will ask Legislature for \$300,000 to advertisements in national publications. Texas Industrial Commission also produced a brochure says it cannot compete with states on a \$23,750 a year budget. It will ask the Legislature \$420,000 a year. Both the and industry seeking agencies tend that Texas cannot achieve growth potential in the sixties less it goes in with six figure gets comparable to those of peting states.

9. TEXAS TIDELANDS ownership, a paramount issue in the ties and fifties, finally was in Court, to the surprise of many. Ruled that Texas owns the merged lands 10 1/2 miles off the Gulf. If the land is oil as hoped and if there is a market for the oil, tidelands revenue augment the permanent fund in the years ahead.

10. SENATOR JOHNSON'S ELECTION as vice president opened the door for ore lively politics in 1961 to decide his Senate successor. Field is already crowded with the likelihood of a dozen candidates before deadline passes High Continued. Conceivably, someone who already holds an office could be elected setting off a chain reaction of ves up the political ladder.

of us are. I am not sure that good has come of the bureaucratic approach to self-government, which administrative law by legislatures."

I am proud to report that 28-Kiwanians are holding public in this nation—assisting in first level of self-government—to their neighbors. Another 56 serve on local boards, such as school boards, city commissions, boards for hospitals and other projects.

And in 1959—a year that was even a general election year in almost anyone can get excited about government—169,237 Kiwanians worked in citizenship activities, such as "Get-out-vote" campaigns and political education."

I could wish for these numbers to be doubled, tripled—or even multiplied by 10. I have been a member nearly 25 years in Kiwanis International, and I could ask no better government than which would be built by the men I have met in Kiwanis. Remembering the French's description of America, and Americans formed associations when they wanted to put a new idea or carry on a new program.

cannot, therefore, believe that years such as Kiwanis International has planned—with emphasis on 'Freedom Is Up To You' on the one side of the coin, and 'Responsible Citizenship' on the other—well, this coin will buy all that our forefathers planned in the magnificent Declaration of Independence and Bill of Rights.

That we learn—and do—in Kiwanis will eventually be reflected in this nation—and some time after in this world of ours."

Wednesday Study Club Has Regular Meeting

The Wednesday Study Club had their Christmas meeting in the home of Mrs. Cora Hyatt.

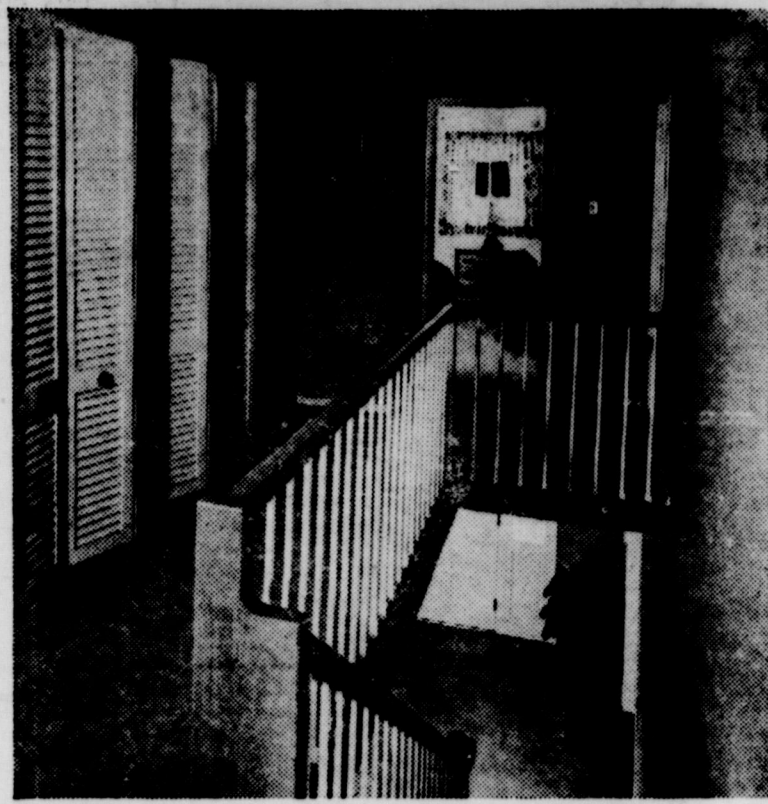

The home was lavishly decorated outdoors and in with Christmas symbols. Outside were Santa with his reindeers and sleigh and a group of lively carolers. The door and windows were wreathed in Christmas greens.

Indoors we were welcomed by a beautiful tree that reached to the ceiling, twinkling with lights, balls and bows.

The mantle was beautiful with an arrangement of greens and candles. A log fire burned in the fireplace. All of which set the tone for the impressive Christmas program to celebrate the birthday of A. King. Which started with a medley of carols played by Mrs. Madge Porter. The Poem "Christmas Everywhere," by Phillippe Brooks was read by Mrs. Tom Dearen.

"The Birthday of a King" was given by Mrs. R. H. Forrester. The group sang, "Hark The Herald Angels Sing." The program was concluded by prayer by then the mood of reverence changed to joy and fun as the gifts from the tree were distributed.

A festive plate befitting the season was served to the following members: Mesdames: D. O. Beene T. M. Britt, Tom Dearen, Fred Farmer, R. H. Forrester, Lee Guthrie, L. C. Laffin, M. McIlhany, C. J. Meek, Shelby Pettit, George Porter, Madge Porter, Nelson Porter, T. G. Puryear, George Taylor, C. J. VanZandt, Max Wiley, W. L. Williams, Frank Wofford, Harry Wofford, Nick Ware and the guests, Mrs. Frank Walker and Mrs. Ray Miller and the hostess.

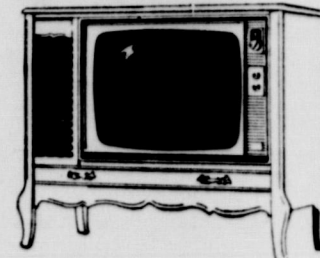

More Colonial-style homes are being built today than our Early American forefathers ever dreamed of. The photo above shows one reason why Colonial design is so popular: it takes full advantage of the natural beauty of wood. Functional as well as decorative, the louver doors, panel doors, and staircase are units of ponderosa pine available from building material dealers.

Top Builders Cut Costs, Retain High Quality

Many of the nation's leading builders prefer to roof their homes with asphalt shingles because they are low in applied cost. Skilled roofers can apply a durable, attractive roof of asphalt shingles quickly, resulting in lower labor costs. The builder can pass this on to the buyer as a cash savings, or use it to add such things as an electric appliance or two or some other "extra."

Good Insulation Costs 2% of Home's Price

Good insulation in a home today costs about 2 per cent of the total price of the house. In a \$15,000 house, this is around \$300. Studies show that proper mineral wool, installed correctly in walls and ceilings, will pay off this \$300 investment in fuel savings alone within two or three years.

Monday evening callers were Omega Johnson, Betty Sue Newman, Janet Morgan, all visited with Lee's Hardware & Furniture.

Happy New Year

to all our friends in the Wheeler trade territory.

1961 has all the earmarks of being another great year for all of you.

1960 was probably the best year most of you can remember. We spent nearly a Half Million Dollars of the oil companies' money for leases last year in this area. This didn't hurt anybody's pocketbook and we hope we can do as well this year.

If your land isn't leased or you have some minerals you want to sell, please keep in touch with us—there's nothing we like better than putting the O.U. Companies money in your pocket. Of course, it puts a little in our pocket as well.

February 3, 1944 OFFICERS SEIZE STILL ON SHAMROCK FARM

Held in Amarillo were two men arrested by officers at Shamrock in connection with the discovery of a smadd still on a farm 3 miles northwest of Shamrock.

Raiding officers found a still and a small quantity of mash.

The two men arrested were taken into custody by D. W. Lowe of Amarillo, liquor control board agent. One of the men was 37 years old, the other 30. The still was located on the farm of the older man, according to Liquor Control agent Bill Money of Pampa. Officers first went to the farm where they found the wife and five children of the older man but both men were away from the place at the time. Officers arrested the pair in Shamrock.

May 18, 1944 TWENTY SENIORS GRADUATE FROM WHEELER HIGH

Twenty seniors, eleven boys and nine girls will receive diplomas from Wheeler High School this year.

Graduates include: Carroll Pettitt, Bobby Ashley, Naomi Merritt, Neva Jane Weatherly, La Rue Cole, Carroll Pendleton, Louise Tillman, Gene Hall, Gwynn Edward Crossland, Louis Martin, Dorothy Pond, Ma'le Lamb, Donald Hunt, Charles Ray Riley, Sidney Lamb, Harvey Wright, Joe Weatherly, Marie Warren, Lloyd Johnson and R. J. Holt.

Louise Tillman, valedictorian, and Gene Hall, salutatorian, were elected as honor representatives by the class out of a group of the five highest ranking students. Other high ranking honor students were Carroll Pettitt, Neva Jane Weatherly, and Naomi Merritt.

May 1944 MRS. BILL PERRIN ENTERTAINS GROUP

Mrs. Bill Perrin entertained her Sunday School Class with a party. Lawn games were played and a sock lunch was enjoyed by Sue Cortland and Keith Savage, Patricia Hubbard, Lillian Denham, Diane Greenhouse, Duane Bradford, Tommy J. Mobley, Bill Robertson, Nathan Barr, Horace Ragan, Doyle Waters, Jo Ann and Georgia Gaye Porter, Yvona Sue Carter, Margaret Ann Holt, Patsy Williams, Patsy Noah, Nadine Barton, Lois Barr, Francis Porter, Wanda Manney, Jerry Barton and Mrs. Gerald Mobley, who assisted with the games.

LAND BANK REDUCES INTEREST RATE

The Board of Directors of the Federal Land Bank of Houston has approved a reduction of 1/2 of 1% in the interest rate which the bank will charge on its new loans beginning January 1, 1961. In making the announcement, Hal Weatherford, President of the Bank, stated that the board also authorized a reduction of 1/2 of 1% beginning January 1 and until further notice on some \$24,000,000 of loans which bear an interest rate of 6%.

According to Weatherford, this is the third time the Houston Bank has been able to voluntarily reduce the interest on loans already on the books. The Federal Land Bank makes its loans through 73 Federal Land Bank Associations located throughout Texas. It has over 235 million dollars of loans in force and obtains funds to make loans through the sale of bonds to the investing public. This reduction in interest rate will mean substantial savings each year to many farm and ranch owners in Texas.

Land Bank Loans in this area are made and serviced through the Federal Land Bank Association of Shamrock, which services Wheeler and Collingsworth Counties. According to its Manager, Rayburn L. Smith there are 402 loans in force for about \$1,800,000.00

The officers and directors, other than the manager and Mrs. Rosalie Seeds, Office Assistant, are President J. C. Emmert, Vice President Robert Terry, Directors, Tom R. Cunningham, Woodrow Wood, C. F. Waters, H. J. Finsterwald.

Tempest puts safety-minded performance in a gas-saving 4!

(Range of horsepower choices from 110 to 155)

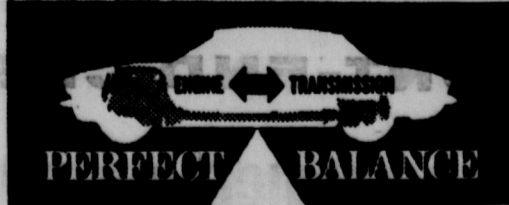

Take a Tempest out on the highway and put it through its paces. This car is a whiz at moving into fast-stepping company on an expressway. Takes you from a standing start to a safe operating speed in seconds . . . gets you up a steep hill in high gear.

Run the Tempest over the roughest road you can find. It rides like the big ones because it's balanced! The engine's up front—the transmission's in the rear. And it's got independent suspension at all four wheels. Tires dig in firm on curves and turns. Full 15-inch wheels make car look big. Tires last. Brakes run cooler.

Before it hit the market, Tempest had 3,000,000 miles of testing by engineers, pro drivers and a team of teenagers. Its reliability checked out 100%. Owners have rolled up millions more. The only kick is the one it puts back in driving. Try it!

LEGAL NOTICE

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: Lee F. Miles, Defendant.
Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Wheeler County at the Court House thereof, in Wheeler, Texas, by filing a written answer at or before 10 o'clock A.M. on the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 28th day of December A.D. 1960, to Plaintiff's Petition filed in said court, on the 28th day of December A.D. 1960, in this cause; numbered 5011 on the docket of said court and styled Lavell J. Miles, Plaintiff, vs. Lee F. Miles, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: The nature of the plaintiff's suit is to dissolve the marriage relation now existing between plaintiff and defendant, and that plaintiff be divorced from the defendant, Lee F. Miles, on the grounds of cruel and harsh treatment of the defendant toward plaintiff, which renders their further living together as husband and wife, insupportable.

As is more fully shown by Plaintiff's Petition on file in this suit. If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing the writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Wheeler, Texas, this 28th day of December A.D. 1960.
(SEAL)

Attest: Rena Sivage, Clerk

LEGAL NOTICE

(To appear in four consecutive issues of the Wheeler Times: Jan. 5, 12, 19, and 26.)

Notice Of Hearing

To Appropriate Public Waters Of The State Of Texas
Notice is hereby given to whom concerned that Clifford Walsler, the postoffice address of whom is Mobeetie, Texas, on the 19th day of December, 1960, filed his application in the office of the Board of Water Engineers for the State of Texas, in which he applies for a permit to appropriate the unappropriated waters of the State of Texas, from Gageby Creek, a tributary of Washita River, it being a tributary of the Red River, in Wheeler County, Texas, a total of 180 acre feet of water annually, by impounding 350 acre feet in an on channel reservoir previously constructed by the Soil Conservation Service, for the irrigation of 90 acres of land in the Houston and Great Northern Ry. Co. Company survey, Section 81, Block M1, Wheeler County, Texas, all being more fully set out in said application.

The earthen dam is located at a point which bears South 3 degrees East 998' from the north-west corner of the Houston and Great Northern Ry. Co. Survey, Block M1, Section 81, on the north bank of Gageby Creek in Wheeler County, Texas, and is distant in a northwesterly direction from Briscoe, Texas, about 7 1/2 miles.

A hearing on the application of the said CLIFFORD WALSER will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on MONDAY, FEBRUARY 6, 1961, beginning at ten o'clock a.m., at which time and place all parties interested may appear and be heard. Those opposing the granting of said application should file written protests with the Board and the applicant at least five days prior to hearing date, giving their reasons therefor and such other information as is required by Board Rule 305.2. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board at Austin, Texas, this 19th day of December, 1960.

equipment has arrived and all of 17 CC permits have been issued. The new channel 8 station will be located exactly 3 miles East and 1/2 mile North of Elk City, which is about 45 miles East of Wheeler. It is said that reception in Wheeler should be perfect.

Deaton said that he wasn't at Mobeetie at this time because of a local (Clinton and Elk City) opposition to the station. However, it's the guess of this editor that the station will be ABC.

The tower is now 610 feet and is being higher each day. The station is being set up by engineer Ari Vent with technical assistance from RCA engineers.

Pete Burton, co-owner of the Vernon Motor Company in Wheeler, attended a sales meeting in Amarillo Tuesday afternoon. The meeting was held in Herring Hotel.

America's Largest Independent Telephone System

No make-shift planning here

Tomorrow's telephone progress is on our drawing boards today.

We're constantly studying, designing, planning for the months and years ahead.

This long look at the future shows many incredible changes in communications ahead of us.

And, you can count on one important fact.

General Telephone's developments, as they come, will not only meet today's needs, but will answer tomorrow's also.

.. LANDOWNERS!

Mrs. Minnie Clepper of Mobeetie spent Sunday in the home of Mrs. John McCarroll.

Jacquelyn Dodd, Sandra Meek and David Strawbridge all returned to Tech Tuesday.

Mrs. Florence Burgess spent Monday afternoon with Mrs. John McCarroll of Mobeetie.

Visitors in the home of Mr. and Mrs. Vernon Hooker and Sue this weekend were Mr. and Mrs. W. E. Moore, Norma and Steven, Mr. Don Moore and Inez Hooker of Grants, N.M., Mr. and Mrs. Bill Scott, Ginger, Brenda, Melissa and Russell and Joyce Hooker of Amarillo.

Practically every day someone is in our office looking for a farm, some grassland or a ranch. As usual this activity will continue around the first of the year.
