Junior Class Presents Annual Play Thursday

The Junior Class of Wheeler High School will present its annual class play, "The Bus Stop Here", at 7:30 tonight in the gymnasium. The 3-act comedy-drama takes place in the combination hotel lobby-bus station operated by Mrs. Baker, Fran Borden, Mrs. Baker is assisted by Jenny, a waitress, played by Ruby Barton, and Jerry, a boy of fourteen who has lived with Mrs. Baker since his parents died, played by Bill Green. Many interesting characters arrive at the bus station on the Greyhound buses driven by Ted and Harold, played by Jerry Hefle and Bobby Treadwell.

Ann Chapman, are forced to wait at the hotel until their car can be repaired. Frances Cole depicts an understanding old lady who has seen her better days of fame and fortune, but she is able to understand the problems of Trudi Lynn, Karen Henderson, who is running away from her lover, Larry Levitt, Kenneth McCasland, college student, and his mother, Mary Ann Bradstreet, add tender humor to the story as a sentimental mother smooths out a father-son argument. It goes without saying that all the problems are solved and the passengers are all on their way to their destinations as the curtain closes on an evening of good entertainment.

"MADE IN AMERICA"

The electrical workers union is apparently the first group in this country to recognize the seriousness of the present craze for buying foreign made products. The electrical workers have decided that after a certain date, they will no longer assemble foreign-made component parts into televisions, radios, stereophonic sound equipment, or any of the hundreds of appliances, gadgets, office machines, etc. which are marketed with American brand names, and the electrical workers union label placed on the article.

When only a few American manufacturers were using foreign-made parts to make a fatter profit or to enable them to undersell an honest product made to high standards by well-paid American workers, there was no particular reason to protest; someone is always doing things others consider unethical. But we believe that it is a short-sighted policy. Now that everything from automobiles to printing ink, sewing machines, and beer and whiskey is coming from foreign countries, it is time to realize that we either sell more of our own manufactures abroad, or curtail the amount we bring in. Other countries use import licensing, currency controls, and other methods to balance their gold payments. From about 1880 until recently the United States was the most efficient manufacturing country. This distinction has been whittled away by lower output per worker here, and improved techniques and machinery now in use in countries which until recently clung to obsolete methods and equipment.

With millions of American workers jobless, and small businessmen finding it difficult to make ends meet, and the government facing heavy withdrawals of our gold reserve, methods for reversing this trend will have to be found quickly.

JUDGING CONTEST

The Briscoe F.F.A. chapter will be represented in the Top O' Texas District Judging Contest Tuesday the seventh at Pampa by three outstanding judges, Ray Hendrick, Bob Powell, and David Hefley. They will also attend the banquet that night.

DEADLINE NEAR FOR FILING IN CITY ELECTION

Mayor Thomas Daughtry announced today that deadline for filing for a position on the city council is Saturday, March 4. This year voters must elect two city councilmen.

Wayne Edwards and Jake Holcomb, present city councilmen, do not intend to file for re-election. Robert Denson and Bill Chapman have filed for their positions on the council.

The election will be held April 4th, with absentee balloting to begin 20 days before the election.

Hold over members of the council include Mayor Thomas Daughtry and councilmen James Verden, Doris Hutchison and W. D. Mitchell.

McLean Annual Rodeo Scheduled For May 31

McLean (Special) — May 31 has been selected as the starting date for McLean's annual 67-day Rodeo and Horse Show.

John C. Hayes, McLean mayor and president of the 66 Roundup and Rodeo Association, announced that the affair, which each year attracts hundreds of persons from throughout the Panhandle, will run through June 3.

Rodeo events are scheduled daily, with the horse show to close the celebration.

Additional construction work will begin soon at the rodeo grounds northwest of the city on SH 273. The new arena and stock pens were erected last year.

Hayes said plans call for the construction of bleachers on the east side of the arena similar to those now located on the west side. Two toilets and a concession stand are to be built.

Truitt Johnson is chairman of the building committee. Harris Hess is in charge of the trail ride committee. Last year a group of local area residents rode horses to Amarillo to publicize the Rodeo and Horse Show.

Research On Flame Cultivation Revealing

Flame Cultivation to control weeds in cotton was first used at the High Plains Research Foundation in 1959, and the results were so encouraging that a research project on flame cultivation was established in 1960. The main objective of this research program was to determine the effects of flame weeding on the cotton while killing weeds.

The research program included tests with the different tractor speeds, pressure settings, cross and parallel flaming, pre-emergence flaming, size of cotton at first flaming, use of both the standard and "midjet" burners. The results of the flaming program are being released this week by Dr. T. C. Longnecker, Director of the Foundation.

Pre-emergence flaming was done just as the cotton plants were beginning to break through the ground. Careless weeds and crab grass were killed 100% by the pre-emergence flaming. No difference in the weed kill was detected between the cross and the parallel burner position. Purple nightshade, which made up about 50% of the weed population, was not killed by the flame. Hoing time was cut in half to about one hour per acre with pre-emergence flaming. Two to three percent of the cotton seedlings had emerged and almost all were killed. Lint cotton yield varied from 667 to 799 pounds per acre, with different flaming methods, as compared to 679 pounds per acre from the unflamed plots. The Average yield of all the flamed plots was 707 pounds per acre. This indicates there was no decrease in cotton yields through the use of flame cultivation.

Where the "Midjet" burner was used early beginning when the cotton was 4 inches high and the standard burner later, the cotton yielded 102 pounds more than the unflamed plot. It is believed that this early flaming helped kill thrips and fleahoppers.

Son Of McLean City Manager Attacked By Dogs

McLean (Spl) — A seven-year-old McLean boy is in St. Anthony Hospital in Amarillo after being attacked by two dogs the first of the week.

The youth is James Edward McCartney, son of City Manager and Mrs. B. J. McCartney of McLean.

Young McCartney was attacked in the afternoon while playing on the Bill Reeves farm six miles northeast of McLean. The youth was bitten on the face and head by the dogs. Reeves said they had been family pets since they were pups. He could give no reason why the dogs attacked the boy.

"We have three children ourselves," Reeves said. According to hospital officials the McCartney boy's ear was chewed off and the side of his face was severely lacerated.

The father of the youth is McLean City Manager. The family has lived in McLean since April of last year.

The dogs were immediately killed and their heads sent to Austin for rabies tests.

The Reverend James Roswell, pastor of Trinity Methodist Church in Plainview will be the preacher.

There will be services both morning and evening—a breakfast service for the men at seven o'clock and a service at nine o'clock for the ladies. The evening services will begin at seven o'clock.

The Reverend Jack Riley, pastor of St. Paul Methodist Church in Pampa will lead the singing each evening and we look forward to great song services each night.

Everyone is cordially invited to attend these services.

District Court Meets In Wheeler

The 21st Judicial District Court convened Monday morning. On the docket there were seven cases called, but only two were to be tried. The case of J. D. Jenkins vs. Texas Employers Insurance Company came to trial Monday. The jury was empaneled and the trial began. At seven Tuesday the jury was deadlocked and Judge Goodrich called them for ten o'clock Wednesday morning. At noon Wednesday the jury had reached a verdict, with total disability-permanent. Mr. Tom Webb of Abilene represented the plaintiff, Mr. J. D. Jenkins, and Mr. R. A. (Bob) Wilson was the lawyer for Texas Employers, he is from Amarillo.

On Monday a divorce was held between Maudine Hobbs and Raymond Hobbs, also a child custody case of Magie Payne vs. Melvin Simpson.

Wednesday afternoon the non jury case of O. B. Harveyn, Jr. vs. Ben Skidmore, June Harveyn Skidmore and Guy Hardin was heard before the honorable Lewis M. Goodrich.

The case called for trial Thursday will be that of A. M. Arrington of Miami, vs. Phillips Petroleum Company.

The next term of court will be on April 3. A new term of court will be the fourth Monday in April.

Firs' Aid Course To Be Offered

A Red Cross First Aid Course will be offered in Wheeler March 6th, 7th and 10th, Monday, Tuesday and Friday at 7:00 P.M. each evening in the American Legion Building.

The course will be offered under the direction of the Wheeler Fire Department with representatives of the Amarillo Fire Department on hand to instruct the group. Three one hour courses will be offered free of charge, and a First Aid certificate will be issued at the end of the course.

Everyone is invited, and those with children are especially urged to attend.

Construction On Interstate 40 To Begin In 5 Years

AUSTIN, Tex., Feb. 23 — The Texas Highway Commission today approved County routing for the future development of Interstate Highway 40 around the adjacent to the City of Shamrock.

A public hearing on the route was held in Shamrock on February 3, 1961. The proposed route location bypasses the city on the north, and objections were raised to the construction of the bypass route within the immediate future due to the anticipated adverse effects the bypass might have on the local economy.

In subsequent action, on February 20, representatives of Wheeler County, the City of Shamrock, and the Shamrock Chamber of Commerce appeared before the State Highway Engineer and agreed to the proposed route location—with the understanding that actual construction on any part of the bypass location will not be undertaken for a period of five years. Today's Commission action agrees to this request.

Local PTA To Observe Texas Education Week

The local Parents Teachers Association in cooperation with the Wheeler Schools to observe Texas Public Schools week March 6-10. The regular PTA meeting will be Monday, March 6, at 7:30 p.m. The meeting will convene in the Grade School Auditorium.

Sam Begert, principal of Horace Mann school in Pampa, will be guest speaker. His topic for discussion will be "Education for Democracy."

A special guest will be Mrs. James E. Lewis of Pampa. Mrs. Lewis is PTA District 19 president and state chairman of civil defense for Texas Congress of Parents and Teachers. She will bring information to us concerning "Education Alert."

The school rooms will be open for inspection and the children's meeting work on display following the evening. Parents, teachers and school patron is invited. Remember PTA Monday night, March 6 at 7:30.

Wheeler School To Have Men House Next Week

ing Cordell, Supt. Governor, The Honorable Cordell, has issued a proclamation for observing Texas Public Schools Week. He has...

Public Schools Week in March 6 - March 10, 1961. To acquaint all our people with the programs and accomplishments of our public education...

Public Schools Week in Texas. Our forefathers in their recognition of the importance of education in the functioning of a democracy, and the public school system available to all of Texas declared, in the State Constitution, "a general diffusion of knowledge being essential to the preservation of the people, and the duty of the Legislature of the State to establish suitable provision for the support and maintenance of a permanent system of public schools." The 1854 School Law provided for the first public school system in Texas. As our laws were amended to make sure that every child of a school age should have an opportunity for public education, the importance of education is not a debatable issue. Our job is to see that every child of this generation has the opportunity for education. By visiting the...

schools and familiarizing our selves with the problems of teachers and students, we become more competent to safeguard and advance the institution that...

Highlight of Wheeler School's observance of the Week will be a program on Monday evening at 7:30 P.M. in the Grade School Auditorium. Mr. Sam Begert, principal of Horace Mann School in Pampa, and former student of Wheeler School will speak on "Education in a Democracy." Mrs. James E. Lewis, District P.T.A. President will speak on "Education Alert", a subject promoted by the Texas Congress of Parents and Teachers, after the program there will be an open house when guests can learn more about our school by getting acquainted with the faculty and by visiting the various classrooms. The program is sponsored jointly by the Wheeler P.T.A. and Wheeler Masons who are represented by a committee composed of Bill Owen, Archie Hibler and Arling Cordell.

All of us should be thinking about our schools and how we can help them to do a better job of educating our children. There is a chance to help. Are we ready to take a stand on new taxes on State and Local levels in order to finance our schools? It seems to me that we must make a choice to either pay for our schools that way or to accept Federal aid. Which do you want?

In a recent study, researchers found that Americans spent ten and one-half billion for our public schools, nine billion for our public...

We also spent four and one-half billion for cigarettes and only three billion for our colleges and universities. We spent 269 million for chewing gum alone. The question of whether we can afford good schools for our children is not a pertinent one in view of the above. Of course we can and I think that we will pay for good schools.

GRADE SCHOOL

Thomas Helton, Principal The school system would like to express their appreciation for the 50 American — the public school. Some jobs well done and for some gifts presented as an aid to the school. The Grade Faculty will be benefitted very much by the new drapes in the auditorium for the use of our visual aids.

We would like to thank the following organizations for their work and gifts: The Progressive Study Club, Home Economics Department and Agriculture Department cut out and made the drapes for the auditorium. The Agriculture Department, put metal eyes in the drapes and hung them.

The '54 Study Club has purchased safety bars to go across the front doors of the Grade School for the protection of the children. The club has also purchased and installed an out-side light for the back door of the cafeteria.

To all those organizations, who have helped out so generously, we only hope you may have the opportunity of enjoying these new facilities with us, and we thank you very much.

MEMORIAL TO DAUGHTER—Mr. and Mrs. Carroll Pettit of Pampa, are shown from left with the Rev. M. B. Smith, pastor of Highland Baptist Church, during the dedication service that was held last Sunday morning for the pulpit furniture the Pettits presented to the church as a memorial to their daughter, Adelia Roe Pettit, who was killed in a car-train wreck at Skellytown crossing, Jan. 8, 1960.

Lamb Participates in Exercise Winter Shield

FULDA, Germany (AHTNC) — Army Pvt. Donald R. Lamb, 24, son of Mr. and Mrs. Claud C. Lamb, Mobeetie, Texas, recently participated with other personnel on the 14th Armored Cavalry Regiment in Exercise Winter Shield II at the Grafenwohr-Hohherfels training area in Germany.

A jeep driver in Troop B of the regiment's first Reconnaissance Squadron in Fulda, Lamb entered the Army in May, 1960 and received basic training at Fort Hood, Tex. He arrived overseas in October, 1960.

Lamb is a 1954 graduate of Weinert High School and a 1959 graduate of Sul Ross State College. He was employed as a teacher by Weinert (Tex.) Junior High School before entering the Army.

HIGH LIGHTS AND SIDE LIGHTS FROM YOUR STATE CAPITOL

Austin, Tex.—Both pro- and anti-sales taxers declare they're in a better position now that Gov. Price Daniel has dropped his support of the payroll tax plan.

Pro-sales taxers say this will leave the Legislature practically no choice but to pass a general sales tax. But opponents say it clears the way to getting down to "numerous other plans."

In his message dropping the payroll tax, the governor also said that he felt neither a sales nor an income tax had a chance of passage. He recommended instead the State Finance Advisory Commission's second choice plan, extension of excise taxes.

Under this plan, new items to be taxed would include restaurant meals, gas and electric household appliances, jewelry and watches, soft drinks, building materials, business machines, home and office furnishings and boat and automobile parts.

Taxes on these items would be increased: motor vehicles, gasoline, air conditioners (including central systems), cosmetics, beer, liquor, wine, and boats and motors.

Elective Insurance Board — A proposal to grant the people the right to elect the members of the Insurance Board has been introduced by Rep. David Read of Big Springs.

The appointive Board has been under severe criticism for several years, especially since it suddenly increased insurance rates on motorists, based on traffic violations. Bill is patterned after the law requiring the election of the Railroad Commissioners. It is the sponsor's belief that the public would be given more consideration if the insurance posts were elective positions.

Auto Insurance Plan III — Texas' merit rating plan for auto insurance came in for heavy criticism as the Senate Insurance Committee considered a measure calling for extensive changes.

Sen. Grady Hazelwood of Amarillo declared that, at present, it's not how you drive, but whether you get caught, that determines your insurance premiums.

Under a revised plan sponsored by Senator Hazelwood, insurance premiums would be raised only for more serious traffic violations. No penalty points would be assigned for anything that happened before January 1, 1960.

In taking apart the present plan, Senator Hazelwood said it is inequitable because among other reasons, (1) it doesn't apply to commercial vehicles such as trucks, taxis, etc. and (2) traffic tickets aren't passed out as readily in small towns as large ones.

No one appeared to disagree with his view.

Water Bill Passed — A bill to raise the amount of state water Development Board can lend for local water projects gained final passage from both Houses.

It will become law with the governor's signature. Governor Daniel favors the bill, called it "a great step forward." Bill will allow the board to lend up to \$15,000,000 for any one water project.

Another water measure under consideration would allow the state to buy conservation storage space in Texas reservoirs, saving and selling water that would otherwise run off. It is in the form of a constitutional amendment and is sponsored by Sen. George Parkhouse of Dallas.

Supporters hope to gain legislative approval in time to have it put on the ballot at the same time as the run-off in the special senatorial race.

Women Lose Round — Women's rights advocates lost by one vote an effort to get their proposed constitutional amendment sent immediately to the Senate floor.

Instead, the amendment, designed to wipe out with one stroke all difference in legal treatment of men and women was sent to subcommittee.

A large delegation of women came to plead for the measure. Objectors said a law-by-law approach should be taken to avoid legal chaos.

School Day Increase — House passed to the Senate a bill which would increase the time during which a child may be legally compelled to attend school.

Present requirement is to attend school from 7 to 16 years of age for 120 days each year. House bill will change the age limit from 16 years of age and the school year to 180 days.

At the request of Rep. Jack Woods of Waco, the House removed a provision that would have required 17-year-olds to stay in school.

Job Classification Approved — A bill to assure "like pay for like work" among state employees has moved to within one step of final House passage.

Sponsored by Rep. John A. Huebner, Sr. of Bay City, the bill enacts a job classification system and raises the salaries of workers receiving less than the standard salary for those in their category. No salary cuts would be made.

Estimated cost of the required raises under the measure is \$450,000 a year.

Property Owners Upheld — Two cases involving disputes between property owners and oil and gas drillers were ruled on by the State Supreme Court.

In a Lubbock County case, the high court ruled that a drilling firm was responsible for damages caused by salt water pollution of

an irrigation well—even though the property owners had given permission for salt water disposal on the land.

In another case, the court ruled that drillers using the sandstrapping process to open subsurface cracks to release gas were trespassing on the rights of neighboring lease holders.

Short Snorts — Rep. Robert Hughes of Dallas is sponsor of a bill to strengthen laws against cruelty to animals. House gave final approval to a bill to require run-offs in special elections to fill congressional vacancies. Present law applies only to U.S. senatorial races.

LOCAL MAN HAS COPY OF MOBEETIE PAPER PUBLISHED THIRTY-TWO YEARS AGO

Different men have different hobbies and Jim Risner, custodian of the court house here, has his— that of collecting and preserving old newspapers. Risner's latest acquisition is a copy of the Texas Panhandle, a little four-page paper published at Mobeetie. Its date is May 6, 1905 and the issue is no. 46 of Vol. 1, the paper's first year. It was further designated as "official organ of Wheeler County, published every Saturday at Mobeetie, Texas." J. E. Nunn was editor and publisher and F. Stine was associate editor.

Personnel of the newspaper and advertising columns proves interesting.

That Mobeetie had visions of a railroad is found in a front page story containing a letter from R. E. Davis, promoter of the Dixie Air Line, a proposed "through line" from Galveston to Denver, Colo. The road had apparently been surveyed through Greer County, Okla., to Erick, H. G. Hendricks and W. R. Ewing were among the speakers at a mass meeting to discuss means of securing the road. A committee consisting of Messrs. Long, McDonald, Stine, Huseby and Hearn was appointed to handle the matter.

Other news items included: "Wheeler County was never in better condition this time of year for crop prospects. The outlook is very flattering; everything points to a bumper crop. Fire broke out on the east side of Main street in Miami last Tuesday night and burned everything from the railroad to the McCauley Livery Stable. Mrs. M. V. Sanders received a message from Sayre, Okla., stating that her mother was very ill and started immediately to see her.

"Willie Reed and Tom are going into the goober business and expect to be able to supply the county another year. T. A. Bailey is planting his corn this week as the moles got the first planting, while Mr. McBee is waging war in the ground squirrels, which are taking his corn. Henry Frye made a business trip to Mobeetie and Canadian last week, is found in Frye Notes. F. P. Reid finished sowing 40 acres of alfalfa this week, making 140 in all.

Advertising includes Coffee & Kelly, Attorneys, Miami; Miami and Mobeetie Stage, daily except Sunday; Fitch Hotel, Miami, meals 25c rooms 25c and 50c; H. G. Hendricks and W. R. Ewing, attorneys, Miami; J. J. Long, Mobeetie, general merchandise; Brown Hotel, Shamrock, A. W. Brown, prop.; City Barber Shop, Mobeetie, Candy and Hot Chili Stand, C. P. Pritchard, tonsorial artist; Citation by publication signed M. V. Sanders, Sheriff; Bank of Miami, Capital \$20,000; Dickerson Livery, Feed and Sale Stable, brand new rigs, and several other advertisements.

Mrs. Guthrie Is Host To '54 Study Club Meet

The '54 Study Club met in the home of Mrs. Lee Guthrie Feb. 23, 1961.

The meeting was opened by the president, Mrs. Cecil Denson. The program was on "Traditions of Today and Yesterday." "He who loves an old house will never love in vain." TWITTY NEWS

By J. Lloyd Rice

The Rices attended a play over at Kellon School House last Friday night. People from Shamrock, Twitty and from all over the country including the mayor of Wheeler and his lady. The actors did an excellent job, even to the hound dog that played his part well. The play was a comedy with the setting in Arkansas. Very entertaining. Even funny.
On our way home we saw a four room house being melted down by fire. No one lived in it, but it made us think what a blow it would be to a family to return home some time and find everything in ashes.
Mr. and Mrs. Ernest Lasater of down town Twitty were out of town Sunday sporting a bran new Rambler.
Mr. and Mrs. Jess Anderson and Mrs. Dave Whiteley of Erick, were visiting the Rice family Sunday afternoon. They are old friends of the Rices.
Miss Patricia Land of Shamrock spent Friday night and Saturday with Sherry Lynn Rice. They enjoyed horse back riding, but the Shetland did not seem to enjoy it much. Sometimes he unloads his rider without warning.
He even dumped the old man.
Mrs. Vera Baker's mother, Mrs. Holland of Shamrock is in the hospital suffering from a heart attack. She was showing signs of improvement Sunday night.
Mr. Roger O'Gorman is seriously ill in the Shamrock hospital.
The evening services at the Church of Christ in Twitty took on new life last Sunday evening. Preparing for a Revival this summer.
Pop Jolly got up Tues. morning with his feet swelled so badly he could not put his shoes on. He walked to his car in his sock feet and drove to Shamrock. The Dr. said his heart was causing the trouble and was putting him in the hospital for some tests.
Diann and Sharon Snyder are both in the hospital at Shamrock. They are not seriously ill, but needed treatment.
Wedding Vows Solmonized For Laycock and Marchant
Wedding Vows were solmonized recently for Miss Carolyn Beth Laycock, daughter of Mr. and Mrs. C. K. Laycock of Wheeler and Gary Don Marchant, son of Mr. and Mrs. W. E. Marchant of Dozier.
The single ring ceremony service was read by Rev. O. C. Evans retired Methodist minister of Shamrock. The couple was accompanied by Mr. and Mrs. D. L. Recor of Mobeetle.
The couple are at home at 1908 26 St. in Lubbock, where Don plans to attend College in the spring.

CATHOLIC INQUIRY CLASS

An instruction and inquiry class on the beliefs and practices of the Catholic Faith will be held at St. Patrick's Rectory, 504 South Main Street, Shamrock, Texas, Monday evenings at 7:30 p.m. beginning Monday, March 20th.
Catholics and non-catholics, as a rule get along well together. Our families live amicably next door to each other and often become lifetime friends. Our fought side by side on every battlefield. We were together in the same shops and factories and we played together.
But in religion — where this close association does exist — there is often a regrettable lack of understanding and a corresponding absence of goodwill. Many people have all sorts of false ideas about Catholics and the Catholic Church. They actually believe that Catholics pay to have their sins forgiven — that catholics worship statues — that many sordid things happen behind vent walls — that catholics do not believe in the or that Catholics practice superstition.
If you wish to know the truth about the Catholic Church, make arrangements to attend the course listed above or write for literature to "Home Study Center, Box 5644, Amarillo, Texas. The course is free and there will be no obligation.

HI THERE

by Lavell Stephens

Have you ever thought of the duty of a newspaper to a community? Would you want to live in a community that had no newspaper? Do you consider your newspaper a nuisance or a necessity? Have you ever considered where the money comes from that supports your newspaper?

And, then, if you think that your newspaper is an asset to your Community, do you consider it your duty to patronize those firms that make possible the existence of your newspaper?

Your newspaper is the "Show Window" of the Community, in fact it is the only newspaper in the world that cares a whoop about your community.

It publishes the general news of the town and rural neighborhoods nearby. It prints news of the school, the church, the city, County and other governmental agencies. It chronicles the births, the deaths and the weddings. It tells of the parties, the socials and the entertainments to be and already past. It informs you as to the comings and goings of your neighbors.

If a newspaper performs these services, there is no question of its reader interest.

And from this reader interest comes the subscription list which produces no small portion of the revenue necessary to give you the kind of newspaper you want to represent your community.

While subscription income means much to the publisher of a country newspaper, yet it is but a small part of the total needed to produce a newspaper.

Then what is the source of the larger part of a newspaper's revenue?

It must come from the business and professional interests who purchase advertising. Now if you appreciate the service this newspaper is rendering the community, and we believe that you do from the fact that so many of you are on the subscription list then it is only natural that you are going to read the advertisements in The Times and patronize the merchants who make possible its publication.

To those advertisers in The Times is due much of the credit for any service the paper is able to render to Wheeler, its people and organizations. Without this patronage, the town could not have a newspaper.

Therefore, show your appreciation by trading with the Times advertisers.

The Editor of the Times as you know is Don Earney. I have known Don this short year that I have visited with you through my "Hi There" — but I have come to know Don very well—and I would like to tell you that I consider him one of my very dearest friends.

The boys that work "in the back room"—are just that, "boys," but they have been a joy and a pleasure to work with. Louis and Vic work hard and sincere—now I ask you—the people of Wheeler to be understanding and help them to give you the kind of newspaper you want.

This is the last time I shall visit with you for a while.

And I wish I had the words to express how much I have enjoyed all of you—as I went about my work each day—some of you I argued, laughed and yes, cried with—now I wish to thank each of you for your thoughtfulness, joys and love.

When it comes to sheer intrigue, I say dandelions are the world's cleverest weeds.

First they hide beneath their yellow blooms, figuring I'll mistake them for flowers.

Then when I have spent most of the summer rooting them out, the last cunning survivors always enlist the help of my own youngsters to plant a bumper crop for next year.

But there are weeds more serious than dandelions —weeds which like the tares in Christ's parable are planted by an Enemy. These are my real concern when I think about my youngsters. I want no evil to choke or twist the character of my sons and daughters. Nor do I want them to spread the spores of evil that will undermine the character of others.

I believe that God meant me to seek truth and moral courage through the teaching, preaching and fellowship His Church provides. Every Sunday I share these blessings with my family.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
