Ain't It the Truth BY AB GUNTER

Don't Know how many of you folks have had the privilege of visitin in the A & K Weldin Establishment on the East edge of the Village but if you ain't been there you ought to visit. I got trapped in there that other day by A & K, Bill Hampton and boys, Dub Patterson and naturally me. We got to talking bout all the important things happening in the Federal Government an somebody mentioned that if you had one of them dandy Gas or Oil Wells you was taxed on the Potential of the well. Not being very smart I asked them what it meant and all of them explained that if The Potential Expert from Washington er Austin said it was a fourty barrell well you were taxed on that amount er if it was Gillion CFM gasser you were taxed on that amount. Now, accordin to them experts at the A & K place. I scratched my head and looked around and seen all them brawny men and wondered why their wives couldn't get the potential out of them such as mowing the lawn after hours or mending the hole in the screen door when they got home or a million other things that they could do if they would. I think that Potential is something you could do if you would do such as Mamas Tomato vines, them little rascals are supposed to produce three bushels of fine tomatoes, accordin to the description on the package the seeds come in. So far we got a couple of scrawny discolored ones that we got a bite or too off of. Potential, shucks we ought to be sellin Tomatoes in town from the

Potential. Am I making any sense, don't answer that question, to me I am. Lots of them birds come in to the area and know more bout our ability than we will ever know, they evaluate our land, tell us what to plant what we ought to eat and durn near every other thing we ought to do and lots of times we do just that. Don't always work thought does it? Maybe they don't live here long enough to really understand that the weather, the market or the Government has more control over our Potential than we do.

Mama said I ought to be Potential enough to get the weeds out of the garden, spray the Elm Beetles and build a shed to put the vehicles under for winter and help her with the Pea shelling and dish washin but I keep tellin her I jes fizzled out like some of AB

Nice to have Frank and Lisa Hickman and Julie Gilmer visit us Sunday afternoon.

There was a party at Evelyn Meek's home after church Wednesday night for her high school and older youth Sunday School Class. They ate chili dogs and played going graping and wink'em.

Ones there were: Keith Meek, Lisa Hickman, Julie and Tonya Gilmer, Kristi Dawn Hefley, Darren Hefley, Russell and Claude Laverty, Brady and Rodney Hudson, Sam Watson, and Leslie Meadows.

Gageby Church had such a nice picnic at the Charles Crownover home Sunday. Such a ncie creek and shady trees. A tank for the baptizing. We are proud to have these fine young people as new members in our church.

Ed and Neta Helton have been visiting relatives and sight-seeing in California. Bob and Navella Amburn have been doing their chores.

Thursday, Evelyn Meek and Jewell Holloman attended the funeral for Sally Lancaster, 99 years, great aunt of Evelyn's, grandmother of Gene Lancaster, who was our evangelist for revival.

Aaron and Claudetta Laverty and Claude and Caaron and Gerald Reames and Tucker visited the Bob Ratliff's Saturday and helped put up siding. Tina Reames and Evelyn Meek also visited.

family in the death of an uncle. David and Rita went to his funeral at Bowie Friday. Dallas and Lindsey spent several days visiting the Dan Fillingim's in Wheeler.

Alice Bell Helton stayed in town after church Sunday and visited the Dale Helton family and went to the church service at the Wheeler Care Center and visited residents.

Briscoe Little League finished their undefeated season playing nine Little League games against Wheeler, Miami and Kelton. Members of the team were David Gilmer, Danny Nelson, Dallas Fillingim, Tim Watson, Travis Goad, Colby Childress, Jeromy Childress, Joe Bob Kinnamon, Eddie Meek, Brent Baker, Jody Powledge, J. D. White, Mathew Taylor. They were coached by Cecil Reynolds and Larry Nelson. The team would like to thank each of your for your support during this season. A plaque was presented to the team by David and Rita Pearson, donated by Germania Insurance Company. The team was sponsored by Skeeter Pumping Service Leonard and Teresa Powledge.

Colby and Jeromy Childress have gone back to Green River, Wyoming after several weeks here with Wayne and Pat Childress and Amanda.

Briscoe School starts Tuesday, September 3, as do all public schools in Texas with a full day of school. We are proud of our line up of teachers and know with the support of the community, we will have a good year. Teachers are as follows: Harold Salmon, Superintendent has a master's degree from S. M. U. Dallas. He taught several years in the Dallas schools and is beginning his sixth year

Bob Downs, principal is beginning his eighth year at Briscoe.

Jack and Pat Morgan are starting their 7th year at Briscoe. Jack was from' Quail and Pat from Houston. They have B. S. degrees from West Texas State. Pat teaches agriculture, and remedial reading, Jack teaches agriculture, Texas History, and shop. Jack got his agriculture certification from Texas Tech.

Pat Graham came from Durham, Oklahoma and is beginning her 7th year at Briscoe where she teaches mostly business and helps with the yearbook and many other projects. Pat has a master's degree from Weather-

Bids Sought For Briscoe Post Office

The U.S. Postal Service is asking for construction bids to build and lease a new main post office building in Briscoe, Postmaster Lou Dean Douthit said here. Bids are to be submitted to: Pat H.

Field Real Estate and Buildings Office, U. S. Postal Service, P. O. Box 667180, Dallas, TX. 75266-7180.

Bids will be opened at 2:00 p.m., September 19, 1985 in Suite 400, Stemmons Center, 7800 N. Stemmons Freeway, in Dallas.

The proposed new building will have 1,034 sq. ft. of interior floor space and will be built with private funds and leased to the Postal Service for a basic period of 10 years with renewal options for 20 additional years.

The Postal Service has acquired an option to buy a site for the new post office which will be assigned to the successful bidder.

The site containing 17,291 sq. ft. of land is located on the northeast corner of the intersection of Elm Street and FM 1046.

in your paper, after all, I had my daughter take it to you 10 days ago. I even called her and asked her if she took the ad to the paper and she informed me that she had.

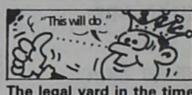

Wheeler Care Center on Saturday

Now my daughter is a very smart girl, she was even valedictorian of her senior class and she has always done exactly what she was told to do. Two weeks ago when she said she was going to the Dentist at Shamrock, I asked her to drop the ad at the paper as she would be going thru Wheeler anyway and she said she would. Of course, one time before she was married, I was cooking bacon and asked her to watch it while I ran to the store, after milk. She did exactly as I told her, she WATCHED it. The house was full of smoke and the bacon was black but she assured me that she never took her eyes off the bacon the whole time I was gone! (I forgot to tell her to take it up when it was done.) Anyway, she took the ad to the Shamrock paper because I didn't tell her which paper and she assumed I meant Shamrock.

Conservationists Attend Aug. Meeting

Wheeler County Soil and Water Conservation District Directors Clarence Zybach and Jim Batton attended the semi-annual meeting of the Panhandle Association SWCDs held in Dalhart August 21, 1985. Featured speakers included U.S. Representative Beau Boulter, Texas Representative Foster Whaley and Harvey Davis, Executive Director of the Texas State SWCD Board. Topics Musgrave, real estate representative, discussed were mainly legislation concerning soil and water conservation. "Wheeler County SWCD residents are indeed fortunate to have dedicated individals such as Clarence and Jim to represent their interests at meetings such as this" stated Lavon Williams, District Conservationist for the Wheeler office of the Soil Conservation Service who accompanied the pair to the meeting.
